ITEM 4 - INFORMATION ON THE COMPANY

A. History and Development of the Company

The information (including tabular data) set forth under the headings “Additional Information—Corporate Information—History and Development of the Company” on page 200, “Directors’ Report—Our Resources, Skills and Capabilities—Supply and Manufacturing—Supply capability” on page 34, “Directors’ Report—Financial Review—Financial Position, Including Cash Flow and Liquidity—Property, plant and equipment”, “—Cash flow” and “—Investments, divestment and capital expenditure” on pages 81 to 83, “Directors’ Report—Financial Review—Acquisition of MedImmune”, on pages 83 and 84, “Financial Statements—Notes to the Financial Statements—Note 8—Property, Plant and Equipment” on pages 131 and 132 and “Financial Statements—Notes to the Financial Statements—Note 24—Acquisitions of Business Operations” on pages 145 to 148, in each case of the Company’s “Annual Report and Form 20-F Information 2007” included as exhibit 15.1 to this Form 20-F dated March 12, 2008 is incorporated by reference.

B. Business Overview

The information set forth under the heading “AstraZeneca and our Year in Brief” on page 1, the information (including graphs and tabular data) set forth under the headings “Directors’ Report” on pages 8 to 76, “Financial Statements—Notes to the Financial Statements—Note 6—Segment Information” on pages 128 to 129, “Financial Statements—Notes to the Financial Statements—Note 7—Product Sales Information” on page 130 and “Statements of competitive position” on the inside back cover, in each case of the Company’s “Annual Report and Form 20-F Information 2007” included as exhibit 15.1 to this Form 20-F dated March 12, 2008 is incorporated by reference.

On February 27, 2008, the Company announced that its HORIZON III Phase II/III head-to-head study of RECENTIN (cediranib, AZD2171) with chemotherapy versus bevacizumab (Avastin) with chemotherapy in patients with first line metastatic colorectal cancer (CRC) will be progressing directly into Phase III at 20mg. Patients will also continue to be recruited at 20mg into the first line CRC HORIZON II study of RECENTIN with chemotherapy versus chemotherapy alone.

The HORIZON Independent Data Monitoring Committee (IDMC) conducted a planned end of Phase II (EOP II) review of efficacy and tolerability data from HORIZON I, HORIZON II and HORIZON III. Data from HORIZON I, in second line colorectal cancer, would not by itself have contributed to a positive EOP II decision. However, when combined with a review of data from HORIZON II and III by the IDMC, the IDMC confirmed the HORIZON programme in 1st line CRC could continue and HORIZON II and III had met pre-defined EOP II criteria.

AstraZeneca also announced that the National Cancer Institute of Canada Clinical Trials Group (NCIC-CTG) has informed AstraZeneca that the BR24 Phase II/III study of RECENTIN at 30mg in first line non-small cell lung cancer (NSCLC) will not continue into Phase III following the planned end of Phase II efficacy and tolerability analysis by the study’s Data Safety Monitoring Committee. Although evidence of clinical activity was seen, there appeared to be an imbalance in toxicity and therefore the study was considered not to have met the pre-defined criteria for automatic continuation into Phase III.

AstraZeneca is working in close collaboration with the NCIC-CTG to understand the BR24 data further.

In addition to colorectal and non-small cell lung cancer, the RECENTIN development programme includes trials in recurrent glioblastoma and a number of signal search studies in other tumours.

C. Organizational Structure

ITEM 4A - UNRESOLVED STAFF COMMENTS

Not applicable.

ITEM 5 - OPERATING AND FINANCIAL REVIEW AND PROSPECTS

The information (including graphs and tabular data) set forth under the headings “Directors’ Report—Geographical Review—North America—US—Medicare Part D prescription drug benefit” on page 70, “Directors’ Report—Our Resources, Skills and Capabilities—Sales and Marketing—Price regulation” on pages 31 to 32, “Directors’ Report—Geographical Review” on pages 69 to 72, “Directors’ Report—Financial Review” on pages 77 to 96, “Directors’ Report—Our Resources, Skills and Capabilities—Research and Development” on pages 23 to 26, “Financial Statements—Notes to the Financial Statements—Note 15—Interest Bearing Loans and Borrowings” on page 135, “Financial Statements—Notes to the Financial Statements—Note 16—Financial Risk Management Objectives and Policies” on pages 136 to 137, “Financial Statements—Notes to the Financial Statements—Note 17—Financial Instruments” on pages 138 to 141, “Financial Statements—Notes to the Financial Statements—Note 21—Reserves—Nature and purpose of other reserves” on page 145 and “Financial Statements—Notes to the Financial Statements—Note 27—Commitments and Contingent Liabilities” on pages 158 to 174, in each case of the Company’s “Annual Report and Form 20-F Information 2007” included as exhibit 15.1 to this Form 20-F dated March 12, 2008 is incorporated by reference.

On February 28, 2008, the Company announced that, under the provisions of the agreements relating to the restructuring of the AstraZeneca and Merck & Co. joint venture in the United States, AstraZeneca has been informed that Merck has elected not to exercise the First Option related to the relinquishment of Merck’s rights over the products not covered by the Partial Retirement, other than Nexium and Prilosec. As a result of this decision, contingent payments will continue on the products Atacand, Lexxel, Plendil and Entocort until at least 2010, at which time AstraZeneca may exercise this option at the 2008 Appraised Value of approximately \$650 million. The Appraised Value also includes rights to certain products that are still in clinical development (AZD6140, AZD3355, AZD0328 and AZD2327). AstraZeneca made contingent payments in respect of the products included in the First Option of \$69 million in 2007.

Other aspects of the scheduled termination arrangements will proceed as follows:

- The Partial Retirement of Merck’s limited partnership interest, under which Merck’s rights in respect of certain products will end. The products covered by the Partial Retirement include Toprol-XL, Pulmicort, Rhinocort and Symbicort. AstraZeneca made contingent payments in respect of these products amounting to \$182 million in 2007. AstraZeneca will pay Merck approximately \$4.27 billion in respect of the Partial Retirement.
 - A true-up of the Advance Payment, which was triggered at the time of the merger between Astra and Zeneca, under which Merck relinquished all rights, including contingent payment on future sales, to potential Astra products with no existing or pending US patents at the time of the merger, amounting to a

payment by Merck to AstraZeneca of approximately \$0.24 billion, inclusive of interest.

- Settlement of the loan note receivable by AstraZeneca from Merck, in the amount of \$1.4 billion inclusive of accrued interest.

The combined effects of these three items will be a net cash outflow from AstraZeneca to Merck of approximately \$2.63 billion upon settlement during the first quarter 2008.

Further details on the accounting treatment of these events from the Company's perspective will be provided in conjunction with the Q1 2008 earnings announcement on April 24, 2008.

ITEM 6 - DIRECTORS, SENIOR MANAGEMENT AND EMPLOYEES

B. Significant Changes

Since the publication of the Company’s Annual Report and Form 20-F Information 2007, the Company has become aware of certain developments with respect to currently pending litigation involving the Company and/or its affiliates, as described in more detail below.

Average Wholesale Price Class Action Litigation

A verdict was reached in February, 2008 in the Montgomery County Circuit Court awarding \$40 million in compensatory damages and \$175 million in punitive damages for alleged false and misleading reporting of prices for drugs reimbursed by the Alabama State Medicaid Agency in the US.

5

The Company was among 73 pharmaceutical manufacturers named in a lawsuit filed in 2005 by the Alabama Attorney General, alleging that misleading and false reported prices had caused Alabama Medicaid to reimburse pharmacists too much money on prescriptions filed for Medicaid patients.

The Company considers the lawsuit to be legally and factually unfounded, and believes that serious errors occurred during the proceedings and that the verdict should not be upheld. The Company believes that it has fully complied with the law, government guidelines and contracts that govern Medicaid pricing.

The Company announced on February 22, 2008 that it intends to seek reconsideration or reversal of the verdict through appeal, in which it is confident that it will prevail and so no provision has been made for these awards.

The information set forth under the heading “Financial Statements—Notes to the Financial Statements—Commitments and Contingent Liabilities—Average Wholesale Price Class Action Litigation” at page 171 of the Company’s “Annual Report and Form 20-F Information 2007” included as exhibit 15.1 to this Form 20-F dated March 12, 2008 is incorporated by reference.

Patent Litigation (Seroquel)

On March 12, 2008, the Company announced that a trial date has been set for patent litigation in the US District Court for the District of New Jersey against Teva Pharmaceutical Industries Ltd. (‘Teva’) and Sandoz, Inc. (‘Sandoz’) alleging infringement of AstraZeneca’s patent as a result of Teva’s and Sandoz’s filings of Abbreviated New Drug Applications (‘ANDAs’). The ANDAs seek approval to market generic versions of Seroquel (quetiapine fumarate tablets) in the US before Seroquel’s patent expires in 2011. The US District Court for the District of New Jersey has set a date for trial beginning on 11 August 2008.

The information set forth under the heading “Financial Statements—Notes to the Financial Statements—Commitments and Contingent Liabilities—Seroquel (quetiapine fumarate)—Patent Litigation” at pages 168 and 169 of the Company’s “Annual Report and Form 20-F Information 2007” included as exhibit 15.1 to this Form 20-F dated March 12, 2008 is incorporated by reference.

Management's Annual Report on Internal Control over Financial Reporting

As required by US regulations, management is responsible for establishing and maintaining adequate internal control over financial reporting for the company, and is required to identify the framework used to evaluate the effectiveness of the Company's internal control over financial reporting and to assess the effectiveness of such internal control. In this regard, management has made the same assessment and reached the same conclusion as that set forth in the section entitled "Financial Statements—Director's Responsibilities for, and Report on, Internal Control over Financial Reporting" on page 116 of the Company's "Annual Report and Form 20-F Information 2007" included as exhibit 15.1 to this Form 20-F dated March 12, 2008, which is incorporated herein by reference.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Members

AstraZeneca PLC:

We have audited AstraZeneca PLC's ("AstraZeneca") internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). AstraZeneca's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, AstraZeneca maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of AstraZeneca as of December 31, 2007, 2006 and 2005, and the related consolidated income statements, consolidated statements of recognized income and expense, and consolidated cash flow statements for each of the years in the three-year period ended December 31, 2007, and our report dated January 31, 2008 expressed an unqualified opinion on those consolidated financial statements.
