Nutrisystem, Inc., et al.*, case number 1:19-cv-00063 is pending in the United States District Court for the District of Delaware, a complaint captioned *Vladimir Gusinsky Rev. Trust v. Nutrisystem, Inc., et al.*, case number 1:19-cv-00137 is pending in the United States District Court for the District of Delaware (collectively, the "Merger Litigation"). The Merger Litigation relates to the Agreement and Plan of Merger, dated as of December 9, 2018, among Tivity Health, Inc. ("Tivity Health"), Sweet Acquisition, Inc. and Nutrisystem and the Proxy Statement.

Nutrisystem believes that the claims asserted in the Merger Litigation are without merit and no supplemental disclosure is required under applicable law. However, in order to avoid the risk of adverse effect or delay in connection with the Merger Litigation and to minimize the costs, risks and uncertainties inherent in litigation, and without admitting any liability or wrongdoing, Nutrisystem has determined to voluntarily supplement the Proxy Statement as described in this Current Report on Form 8-K to address claims asserted in the Merger Litigation, and plaintiffs in the Merger Litigation have agreed to voluntarily dismiss their lawsuits in light of this supplemental disclosure. Nothing in this Current Report on Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosures set forth herein. To the contrary, Nutrisystem specifically denies all allegations in the Merger Litigation that any additional disclosure was or is required.

Supplemental Disclosures

The additional disclosures in this Current Report on Form 8-K supplement the disclosures contained in, and should be read in conjunction with, the Proxy Statement, which should be read in its entirety. To the extent that information in this Current Report on Form 8-K differs from or updates information contained in the Proxy Statement, the information in this Current Report on Form 8-K shall supersede or supplement the information in the Proxy Statement. Capitalized terms used, but not otherwise defined herein, shall have the meanings ascribed to such terms in the Proxy Statement. The additional disclosures in these supplemental disclosures are underlined for convenience.

The disclosure under the heading “Opinion of Nutrisystem’s Financial Advisor” is hereby supplemented by amending and restating the first sentence of the fourth full paragraph on page 82 of the Proxy Statement to read as follows:

For purposes of this analysis, Evercore calculated ranges of terminal values for Nutrisystem by applying a perpetuity growth rate, based on its professional judgment given the nature of Nutrisystem and its business and industry, and taking into account projections provided by Nutrisystem management, of 3.0% to 4.0%, to the unlevered, after-tax free cash flow, in each case in the terminal year.

The disclosure under the heading “Opinion of Nutrisystem’s Financial Advisor” is hereby supplemented by amending and restating the fifth full paragraph on page 82 of the Proxy Statement to read as follows:

The terminal values for Nutrisystem were then discounted to present value as of September 30, 2018 using a discount rate of 9.5% to 10.5%, based on an estimate of Nutrisystem’s weighted average cost of capital (derived by application of the capital asset pricing model and based on considerations Evercore deemed relevant in its professional judgment and experience), to derive respective ranges of implied enterprise values for Nutrisystem.

The disclosure under the heading “Opinion of Nutrisystem’s Financial Advisor” is hereby supplemented by amending and restating the sixth full paragraph on page 82 of the Proxy Statement to read as follows:

Ranges of implied equity values for Nutrisystem were then calculated by reducing the range of implied enterprise values by the amount of Nutrisystem’s net debt (calculated as debt less cash and cash equivalents) as of September 30, 2018, which was negative \$93 million (i.e., implied equity value increased as a result).

The disclosure under the heading “Opinion of Nutrisystem’s Financial Advisor” is hereby supplemented by amending and restating the third sentence of the second full paragraph on page 83 of the Proxy Statement to read as follows:

The discount rate was determined based on Evercore’s analysis of the cost of equity for Nutrisystem, derived by the application of the capital asset pricing model and based on considerations Evercore deemed relevant in its professional judgment and experience.

The disclosure under the heading “Nutrisystem Unaudited Prospective Financial Information” is hereby supplemented by amending and restating the table on page 87 of the Proxy Statement to read as follows:

(2) Nutrisystem’s Unlevered Free Cash Flow is calculated as Adjusted EBITDA less capital expenditures, less (or plus) any increase (or decrease) in working capital, less cash taxes and less non-cash employee compensation expense.

(3) 2018E includes Q4 Revenue estimate of \$132, Q4 Adjusted EBITDA estimate of \$30 and Q4 Unlevered Free Cash Flow estimate of \$2, each of which were prepared by Nutrisystem’s management and furnished to the Nutrisystem

NOTE ON FORWARD LOOKING STATEMENTS

This communication contains certain statements that are “forward-looking” statements within the meaning of the federal securities laws, including Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based upon current expectations and include all statements that are not historical statements of fact and those regarding the intent, belief or expectations, including, without limitation, statements that are accompanied by words such as “will,” “expect,” “outlook,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” “will,” “would,” “target,” or other similar words, phrases or expressions and variations and negatives of these words. These forward-looking statements include, but are not limited to, statements regarding the proposed merger (the “proposed transaction”), integration and transition plans, synergies, opportunities and anticipated future performance. Readers of this communication should understand that these statements are not guarantees of performance or results. Many risks and

uncertainties could affect actual results and cause them to vary materially from the expectations contained in the forward-looking statements.

These risks and uncertainties include, among other things: the timing and likelihood of, and any conditions or requirements imposed in connection with, obtaining required stockholder or regulatory approval of the proposed transaction; the possibility that the closing conditions to the proposed transaction may not be satisfied or waived; delay in closing the proposed transaction or the possibility of non-consummation of the proposed transaction; the risk that expected benefits, synergies and growth opportunities of the proposed transaction may not be achieved in a timely manner or at all, including that the proposed transaction may not be accretive within the expected timeframe or to the extent anticipated; the occurrence of any event that could give rise to termination of the merger agreement; the risk that stockholder litigation in connection with the proposed transaction may affect the timing or occurrence of the proposed transaction or result in significant costs of defense, indemnification and liability; the risk that Tivity Health and Nutrisystem will be unable to retain or hire key personnel; the ability to successfully integrate Nutrisystem's business with Tivity Health following the closing; the risk that the significant indebtedness incurred to fund the purchase price may limit Tivity Health's ability to adapt to changes in the economy or market conditions, expose the company to interest rate risk for the variable rate indebtedness and require a substantial portion of cash flows from operations to be dedicated to the payment of indebtedness; and the risk that disruption from the proposed transaction may adversely affect Tivity Health's and Nutrisystem's business and their respective relationships with customers, vendors or employees. For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, please refer to both Tivity Health's and Nutrisystem's filings with the SEC.
