Form 10-Q
July 17, 2006

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549**

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended May 31, 2006

Commission file number: 0-32789

EMTEC, INC.

(Exact name of registrant as specified in its charter)

Delaware
(State of incorporation or organization)

87-0273300
(I.R.S. Employer Identification No.)

572 Whitehead Road, Bldg.#1
Trenton, New Jersey 08619
(Address of principal executive offices, including zip code)
(609) 528-8500
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15 (d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer (see definition of accelerated filer and large accelerated filer in Rule 12b-2 of the Exchange Act). (Check one)

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of July 14, 2006 there were outstanding 14,381,286 shares of the registrant's common stock.

EMTEC, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and note disclosures required by generally accepted accounting principles in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included in the accompanying condensed consolidated financial statements. Quarterly results are not necessarily indicative of results for the full year. For further information, refer to the annual financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended August 31, 2005.

2. General

Description of Business

On August 5, 2005, Emtec, Inc. (Old Emtec) completed a merger with Darr Westwood Technology Corporation (Darr) pursuant to which the two companies merged (the Merger) and now operate as a consolidated entity that has retained the name Emtec, Inc. (the Company or Emtec). Management concluded that the transaction resulted in a change in control of the Company and that the transaction should be accounted for as a reverse merger, whereby Darr was considered the accounting acquirer of Old Emtec for financial reporting purposes. In what was regarded as a recapitalization, the historical stockholders' equity of Darr, the accounting acquirer, prior to the Merger was retroactively restated for the equivalent number of shares received in the Merger after giving effect to any difference in the par value of Old Emtec's and Darr's stock with an offset to paid-in capital. Retained earnings of Darr were carried forward after the Merger. Operations prior to the Merger are those of Darr. Earnings per share for periods prior to the Merger were restated to reflect the equivalent number of shares received in the Merger.

The consolidated financial statements include the accounts and transactions of the combined company for the three and nine months ended May 31, 2006 and only of Darr for the three and nine months ended May 31, 2005.

The Company is an information technology company, providing consulting, services and products to commercial, federal, education, state and local verticals. The Company's areas of specific practices include communications, data management, enterprise computing, managed services, storage and data center planning and development. The Company's client base is comprised of departments of the United States Federal Government, U.S. state and local governments, schools and commercial businesses throughout the United States. The most significant portion of the Company's revenue is derived from activities as a reseller of Information Technology (IT) products, such as workstations, servers, microcomputers, and application software and networking and communications equipment.

The Company considers all of its operating activity to be generated from a single operating segment.

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period, including, but not limited to, receivable valuations, impairment of goodwill, and income taxes. Management's estimates are based on historical experience, facts and circumstances available at the time, and various other assumptions that are believed to be reasonable under the circumstances. The Company reviews these matters and reflects changes in estimates as appropriate. Actual results could differ from those estimates.

Goodwill

Goodwill represents costs in excess of fair values assigned to the underlying net assets of acquired companies. Effective January 1, 2002, the Company adopted SFAS No. 142, Goodwill and Other Intangible Assets and as a result, goodwill is not amortized but tested for impairment annually or more frequently if events or changes in circumstances indicate that the asset might be impaired. The Company set an annual impairment testing date of June 1. An impairment charge will be recognized only when the implied fair value of a reporting unit, including goodwill, is less than its carrying amount.

Changes in the carrying amounts of goodwill for the nine months ended May 31, 2006 are as follows:

Balance, beginning	\$ 8,974,610
Adjustment to previously recorded purchase price	39,445
	<hr/>
Balance, ending	\$ 9,014,055
	<hr/>

3. Earnings Per Share

Basic earnings (loss) per share amounts are computed by dividing net (loss) income available to common stockholders (the numerator) by the weighted average shares outstanding, reduced by treasury shares, (the denominator), during the period. Shares issued during the period are weighted for the portion of the period that they were outstanding.

Diluted earnings (loss) per share amounts are similar to the computation of basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if dilutive options and warrants had been exercised. The assumed conversion of options and warrants resulted in 4,885 and 5,059 additional shares for the three months and nine months ended May 31, 2006, respectively. Outstanding stock warrants to purchase 1,597,921 common shares, as of May 31, 2006, were not included in the computation of diluted earnings per share for the three months and nine months ended May 31, 2006 because the exercise price was greater than the average market price of the Company's common shares. There were no options or warrants outstanding during the three months and nine months ended May 31, 2005 and therefore no adjustment was made to dilutive earnings per shares during the period.

4. Stock Options and Warrants

The Company's 2006 Stock-Based Incentive Compensation Plan (the 2006 Plan) was approved by the stockholder on May 8, 2006. The 2006 Plan authorizes the granting of stock options to directors and eligible employees. The Company has reserved 1,400,000 shares of its common stock for issuance under the 2006 Plan

Edgar Filing: EMTEC INC/NJ - Form 10-Q

at prices not less than 100% of the fair value of the Company's common stock on the date of grant (110% in the case of shareholders owning more than 10% of the Company's common stock). Options under the 2006 Plan typically terminate after 10 years and vest over a four year period. No options were granted or exercised during the three months ended May 31, 2006.

The Company's 1996 Stock Option Plan (amended in 1999) (the "1996 Plan") authorizes the granting of stock options to directors and eligible employees. The Company has reserved 1,000,000 shares of its common stock for issuance under the 1996 Plan at prices not less than 100% of the fair value of the Company's common stock on the date of grant (110% in the case of shareholders owning more than 10% of the Company's common stock). Options under the 1996 Plan typically terminate after 5 years and vest over a four year period. Options were issued by Old Emtec prior to August 5, 2005 and no other options have been issued by the Company. No options were granted or exercised during the three months ended May 31, 2006. Options outstanding and exercisable at May 31, 2006 totaled 6,000 and their weighted average exercise price is \$0.29.

Effective September 1, 2005, the Company adopted Statement of Financial Accounting Standards No. 123(R) ("SFAS No. 123(R)"), Share-Based Payment, using the modified prospective transition method. Under the modified prospective transition method, the Company is required to recognize compensation cost for 1) all share-based payments granted prior to, but not yet vested as of, September 1, 2005 based on the grant date fair value estimated in accordance with the original provisions of Statement of Financial Accounting Standards 123; and 2) for all share-based payments granted on or after September 1, 2005 based on the grant date fair value estimated in accordance with SFAS 123(R). In accordance with the modified prospective method, the Company has not restated prior period results.

The Company did not grant any share-based compensation awards during the nine months ended May 31, 2006 and all outstanding stock options as of September 1, 2005 were fully vested, thus no compensation expense was recognized.

In connection with the Merger, stock warrants were issued to the former Darr shareholders that evidence the obligation of the Company to issue a variable number of shares, in the aggregate, equal to 10% of the total issued and outstanding shares of the Company's common stock, measured on a post exercise basis, at any date during the 5 year term of the warrants, which ends August 5, 2010. The aggregate exercise price of these warrants is fixed at \$3,695,752. The exercise price per warrant will vary based upon the number of shares issuable under the warrants. The number of shares issuable under the warrants totaled 1,597,921 shares with an exercise price of \$2.31 per share as of May 31, 2006. The outstanding stock warrants were anti-dilutive for the three and nine months ended May 31, 2006.

5. Line of Credit

On August 5, 2005, the Company entered into a credit facility under two agreements with GE Commercial Distribution Finance Corporation (the "Lender"). The credit facility finances purchases from specified vendors, as defined, and allows for borrowings based on a percentage of eligible accounts receivable, as defined. Borrowings under both agreements are limited to an aggregate borrowing of the lesser of \$35,000,000 or 85% of eligible accounts receivable, plus 100% of unsold inventory financed by the Lender, minus a \$3.15 million reserve. Borrowings under both agreements bear interest at the greater of the prime rate as published by JP Morgan Chase Bank or 4.0%. The underlying agreements allow for an increased borrowing base during periods of high seasonal activity. On November 22, 2005, the Lender increased the permitted aggregate borrowings under the Company's credit facility from \$35.0 million to \$48.0 million. This temporary increase was available to the Company through December 15, 2005.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

The credit facility is secured by substantially all of the Company's assets, and the underlying agreements contain certain restrictive covenants that limit dividends to stockholders and require the Company to meet defined financial covenants. In addition, the credit facility requires that the Company maintain a lock-box for all cash receipts related to trade accounts receivable, from which the financing company releases funds to the Company for operations pursuant to terms identified in the underlying agreements.

On February 13, 2006, the Company entered into an addendum to its credit facility with the Lender. This addendum amended the credit facility by increasing the reserve amount to \$5.0 million and the Company paid a waiver fee of \$50,000 for its non-compliance with certain financial covenants as of November 30, 2005.

On April 10, 2006, the Company entered into an addendum to its credit facility with the Lender. This addendum amended the Credit Facility by decreasing the reserve amount from \$5.0 million to \$3.01 million, increasing the time period for eligibility of all U.S. federal government accounts receivable from 90 to 120 days from the date of the invoice, and revised the financial covenants from the quarter ending February 28, 2006 through May 31, 2007. All other terms remain unchanged.

At May 31, 2006, the Company had a \$3.56 million outstanding balance under the accounts receivable credit facility, and a \$1.37 million (included in the Company's accounts payable) outstanding balance plus \$180,868 in open approvals under the floor plan credit facility with Lender. Net availability of \$10.64 million was available under the accounts receivable credit facility, and \$19.25 million was available under the floor plan credit facility as of May 31, 2006.

At May 31, 2006, the Company determined that it was in compliance with its financial covenants with the Lender.

6. Concentration of Credit Risk and Significant Clients

Financial instruments that potentially subject the Company to a concentration of credit risk consist principally of accounts receivable.

The Company's revenues, by client type, are comprised of the following:

	For the three months ended May 31,			
	2006		2005	
Departments of the United States Government	\$ 24,493,972	49.0%	\$ 21,598,052	72.3%
State and Local Governments	\$ 6,121,033	12.3%	\$ 4,793,953	16.0%
Commercial Companies	\$ 12,616,189	25.3%	\$ 1,830,378	6.1%
Education and other	\$ 6,731,415	13.4%	\$ 1,663,622	5.6%
Total Revenues	\$ 49,962,609	100.0%	\$ 29,886,005	100.0%

The Company's revenues, by client type, are comprised of the following:

	For the nine months ended May 31,			
	2006		2005	
Departments of the United States Government	\$ 95,548,084	54.2%	\$ 99,536,066	82.8%
State and Local Governments	\$ 22,091,909	12.5%	\$ 10,737,404	8.9%
Commercial Companies	\$ 39,177,781	22.2%	\$ 7,097,798	5.9%
Education and other	\$ 19,344,935	11.1%	\$ 2,864,823	2.4%
Total Revenues	\$ 176,162,708	100.0%	\$ 120,236,091	100.0%

Edgar Filing: EMTEC INC/NJ - Form 10-Q

The Company does not require collateral or other security to support credit sales but provides an allowance for doubtful accounts based on historical experience and specifically identified risks. Trade receivable are considered delinquent when payment is not received within standard terms of sale and are charged off against the allowance for doubtful accounts when management determines that recovery is unlikely and the Company ceases its collection efforts.

The Company provides an allowance for losses on trade receivables based on a review of the current status of existing receivables and management's evaluation of periodic aging of the accounts. The trade account receivables consist of the following:

	May 31,	August 31,
	2006	2006
Trade receivables	\$ 26,054,071	\$ 34,766,373
Allowance for doubtful accounts	(225,929)	(225,000)
Trade receivables, net	25,828,142	34,541,373

7. Inventories

Inventory is stated at the lower of average cost (specific identification) or market. Inventory is finished goods purchased for resale and consists of computer hardware, computer software, computer peripherals and related supplies. The Company provides an inventory reserve for products it determines are obsolete or where salability has deteriorated based on management's review of products and sales.

The components of inventory are as follows:

	May 31,	August 31,
	2006	2005
Hardware, software, accessories and parts	\$ 2,741,713	\$ 6,070,728
Less: inventory reserve	(142,436)	(300,138)
Net inventories	\$ 2,599,277	\$ 5,770,590

8. Customer Relationships

Customer relationships represent the value ascribed to customer relationships purchased during the Merger. Customer relationships acquired totaled \$8,661,712 and are presented on the balance sheet, net of accumulated amortization of \$503,497 and \$68,868, as of May 31, 2006 and August 31, 2005, respectively.

9. Accrued Liabilities

Accrued liabilities consisted of the following:

	<u>May 31, 2006</u>	<u>August 31, 2005</u>
Accrued payroll	\$ 891,415	\$ 1,042,864
Accrued commissions	\$ 687,692	\$ 511,858
Accrued state sales taxes	\$ 154,078	\$ 366,432
Accrued third party service fees	\$ 455,524	\$ 627,526
Other accrued expenses	\$ 1,637,779	\$ 1,642,048
	<u>\$ 3,826,488</u>	<u>\$ 4,190,728</u>

10. Related Party Transactions

The Company accrues a monthly management fee of approximately \$29,166 per the management services agreement between DARR Global Holdings, Inc. and Westwood Computer Corporation, dated April 16, 2004. DARR Global Holdings, Inc. is a management consulting company 100% owned by the Company's Chief Executive Officer. For each of the three months ended May 31, 2006 and 2005, respectively, the Company recorded \$87,500 for this management fee in the accompanying consolidated statements of operations. For each of the nine months ended May 31, 2006 and 2005, respectively, the Company recorded \$262,500 for this management fee in the accompanying consolidated statements of operations.

One of the Company's facilities is leased under a non-cancelable operating lease agreement with an entity that is owned by officers of the Company. Rent expense was \$135,000 for each of the nine months ended May 31, 2006 and 2005, respectively. The facilities consist of office and warehouse space totaling 43,000 square feet, located in Springfield, New Jersey. Management believes the lease payments are at or below market rate for similar facilities.

The Company is occupying approximately 21,000 square feet of office and warehouse space in a 70,000 square foot building. This space is leased from GS&T Properties, LLC, in which certain officers of the Company are passive investors, owning approximately 20% equity interest. The lease term is for 5 years with monthly base rent of \$12,500. During the three and nine months ended May 31, 2006, the Company recorded expense under this lease totaling \$44,322 and \$131,409, respectively. The lease commenced on November 30, 2004 with Old Emtec, and thus there was no related party expense during the nine months ended May 31, 2005.

11. Treasury Stock

Pursuant to the Merger, the Company initiated a self tender offer on September 7, 2005. When the self tender offer closed on October 4, 2005, 4,984,185 shares had been properly tendered and not withdrawn. Because the number of shares of common stock tendered exceeded the number of shares that the Company offered to purchase, 57.473 percent of the shares that were tendered were repurchased by the Company. The Company funded the payment for the 2,864,584 shares of common stock validly tendered and accepted under the self tender offer from borrowings of \$5.5 million under its revolving credit facility made prior to August 31, 2005. Treasury stock of \$5,596,047 was recorded during the quarter ended November 30, 2005 as follows:

Edgar Filing: EMTEC INC/NJ - Form 10-Q

Self tender offer *	\$ 5,500,000
Add: legal and transaction costs incurred	<u>96,047</u>
Treasury stock	<u>\$ 5,596,047</u>

* Purchased 2,864,584 shares @ \$1.92 per share

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with, and is qualified in its entirety by, the unaudited financial statements, including the notes thereto, appearing elsewhere in this Quarterly Report on Form 10-Q.

Cautionary Statement Regarding Forward-Looking Statements

You should carefully review the information contained in this Quarterly Report on Form 10-Q and in other reports or documents that we file from time to time with the Securities and Exchange Commission (the "SEC"). In addition to historical information, this Quarterly Report on Form 10-Q contains our beliefs of future events and of our future financial performance. In some cases, you can identify those so-called forward-looking statements by words such as may, will, should, expects, plans, anticipates, believes, estimates, predicts, or potential, and the negative of those words and other comparable words. You should be aware that those statements are only our predictions. Actual events or results may differ materially. We undertake no obligation to publicly release any revisions to forward-looking statements after the date of this report. In evaluating those statements, you should specifically consider various factors, including the risk factors discussed in our Annual Report on Form 10-K for the year ended August 31, 2005 and other reports or documents that we file from time to time with the SEC. All forward-looking statements attributable to us or a person acting on our behalf are expressly qualified in their entirety by this cautionary statement.

Assumptions relating to budgeting, marketing, and other management decisions are subjective in many respects and thus susceptible to interpretations and periodic revisions based on actual experience and business developments, the impact of which may cause us to alter our marketing, capital expenditure, or other budgets, which may in turn affect our business, financial position, results of operations, and cash flows.

Overview of Emtec

We are an information technology company, providing consulting, services and products to commercial, U.S. Federal Government, education, U.S. state and local clients. Our services and products address technology needs of our clients including communications, data management, enterprise computing, managed services, storage and data center planning and development. Our solutions are crafted to enable our clients to become more efficient and effective, thereby making them more profitable and giving them a competitive advantage. To date, the most significant portion of our revenues has been derived from our activities as a reseller of IT products, such as workstations, servers, microcomputers, application software and networking and communications equipment. However, we are actively endeavoring to increase the portion of our revenues that are derived from IT services.

Our primary business objective is to become a leading single-source provider of high quality and innovative IT consulting, services and products. With the Merger, we believe we have created a strong, stable platform for growth and management depth. Through our strategic partners, we have an expanded array of products and technology solutions to offer our clients.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

Our goal is to improve our profitability. In an effort to achieve the highest level of operational efficiencies within the organization, we have undertaken various cost containment initiatives including a review of personnel levels, the elimination of certain non-essential services and making several operational and management changes to our business. Many of the cost containment strategies have been implemented in the current quarter and will be implemented over the next several months. We continue to emphasize operating efficiencies through cost containment strategies, re-engineering efforts and improved service delivery techniques, particularly within the cost of services, selling, marketing and general and administrative expenses.

Merger with Darr

On August 5, 2005, we completed our merger under the Agreement and Plan of Merger dated as of July 14, 2005 (the *Merger Agreement*), by and among Emtec, Inc., a Delaware corporation (*Old Emtec*), Emtec Viasub LLC, a Delaware limited liability company and a wholly-owned subsidiary of Old Emtec (*MergerCo*), and Darr Westwood Technology Corporation, a Delaware corporation (*Darr*). Pursuant to the terms of the Merger Agreement, Darr merged with and into MergerCo (the *Merger*) and became a part of the consolidated entity that has retained the name Emtec, Inc. (the *Company*).

The Merger has been accounted for as a capital transaction followed by a recapitalization. Our management concluded that the transaction resulted in a change in control of the Company and that the Merger should be accounted for as a reverse acquisition. Accordingly, Darr is deemed to be the acquiring company for financial reporting purposes and its financial statements became our historical financial statements. In conjunction with the Merger, we changed our fiscal year end from March 31 to August 31.

Overview of Financial Statements Presented Herein

The consolidated financial statements include the accounts and transactions of the post-Merger combined company for the three and nine months ended May 31, 2006 and only of Darr for the three and nine months ended May 31, 2005.

Results of Operations

The following discussion and analysis provides information that management believes is relevant to an assessment and understanding of our Results of Operations for each of the three months ended May 31, 2006 and 2005.

EMTEC, INC.
CONSOLIDATED STATEMENTS OF OPERATIONS
Three months ended May 31,

	2006	% of Revenue	2005	% of Revenue	Change	% Change
Revenues	\$ 49,962,609	100%	\$ 29,886,005	100%	\$ 20,076,604	67.2%
Cost of revenues	44,264,956	88.6	26,816,502	89.7	17,448,454	65.1%
Gross profit	5,697,653	11.4%	3,069,503	10.3%	2,628,150	85.6%
Operating expenses:						
Selling, general, and administrative expenses	5,087,263	10.2	2,527,656	8.5	2,559,607	101.3%

Comparison of Three Months Ended May 31, 2006 and 2005Total Revenues

Total revenues increased by 67.2% or \$20.07 million to \$49.96 million for the three months ended May 31, 2006, compared to \$29.89 million for the three months ended May 31, 2005. Total revenue of \$49.96 million for the three months ended May 31, 2006 includes \$16.83 million of revenues attributed to Old Emtec as a result of the Merger in August 2005. Without this incremental revenue that resulted from the Merger, our total revenue would have increased by 10.9% or \$3.25 million to \$33.13 million for the three months ended May 31, 2006, compared to \$29.89 million for the three months ended May 31, 2005. This increase is primarily attributable to an overall increase in the

Edgar Filing: EMTEC INC/NJ - Form 10-Q

federal government and commercial business during this quarter which is partially offset by decrease in state and local government business.

A large portion of our revenue is drawn from various civilian and military U.S. governmental departments and agencies. These clients include the Department of Defense, Department of Justice, Department of Homeland Security, Department of Health and Human Services, Department of Agriculture, Department of Commerce and the GSA. During each of the three months ended May 31, 2006 and 2005, U.S. governmental department and agency related revenues represented approximately 49.0% and 72.3% of total revenues, respectively. The federal government business typically experiences increased activity during the months of August through November.

Revenues from various commercial, education, state and local clients have increased as a result of the Merger. Our revenues, by client types, are comprised of the following for the three months ended:

	For the three months ended May 31,		2006		2005	
Departments of the United States Government	\$ 24,493,972	49.0%	\$ 21,598,052	72.3%		
State and Local Governments	\$ 6,121,033	12.3%	\$ 4,793,953	16.0%		
Commercial Companies	\$ 12,616,189	25.3%	\$ 1,830,378	6.1%		
Education and other	\$ 6,731,415	13.4%	\$ 1,663,622	5.6%		
Total Revenues	\$ 49,962,609	100.0%	\$ 29,886,005	100.0%		

Gross Profit

Aggregate gross profit increased by 85.6% or \$2.63 million to \$5.70 million for the three months ended May 31, 2006 as compared to \$3.07 million for the three months ended May 31, 2005. This increase is primarily attributable to the Merger. Gross profit associated with the Merger equaled \$2.38 million for the three months ended May 31, 2006, which represented approximately 90.5% of our total increase in gross profit. Without this acquisition, our gross profit would have increased by 8.0% or \$246,484 for the three months ended May 31, 2006. This increase is primarily attributable to an increase in revenue as discussed in the revenue section.

Measured as a percentage of revenues, our gross profit margin increased to 11.4% of total revenues for the three months ended May 31, 2006 from 10.3% for the three months ended May 31, 2005. This increase is also mainly attributable to the Merger. Gross profit margin of the Old Emtec business was 14.1% of Old Emtec total revenues for the three months ended May 31, 2006. Excluding Old Emtec's results, our gross profit margin would have decreased to 10.0% of total revenues for the three months ended May 31, 2006 from 10.3% for the three months ended May 31, 2005. This decrease is mainly due to competitive pressure and aggressive pricing strategies which lowered our margin percentages.

Factors that may affect gross margins in the future include changes in product margins, rebates and other incentives offered by various manufacturers, changes in technical employee utilization rates, the mix of products and services sold, and the decision to aggressively price certain products and services.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased by 101.3% or \$2.56 million to \$5.09 million for the three months ended May 31, 2006, compared to \$2.53 million for the three months ended May 31, 2005. This increase is mainly due to the Merger. Selling, general and administrative expenses associated with Old Emtec approximated \$2.26 million for the three months ended May 31, 2006. Without this acquisition, our selling, general and administrative expenses would have increased by 11.7%, or \$294,714. This increase in selling, general and administrative expenses is mainly due to professional fees of approximately \$90,000 related to compliance costs associated with the Securities and Exchange Commission, higher commission and bonus payments and compensation expenses.

Factors that may in the future have a negative impact on our selling, general and administrative costs include costs associated with marketing and selling activities, compliance costs associated with Securities and Exchange Commission rules and increases in our insurance costs.

Management Fee-Related Party

There was no change in the management fee to a related party for the three months ended May 31, 2006 compared to the three months ended May 31, 2005. DARR Global Holdings, Inc. (DARR Global) is management services firm 100% owned by our Chief Executive Officer. DARR Global charges the Company a management fee of \$350,000 annually.

Rent Expense-Related Party

Rent Expense-related party increased by 98.5% or \$44,322 to \$89,322 for the three months ended May 31, 2006, compared to \$45,000 for the three months ended May 31, 2005. The increase in rent expense-related party is due to the Merger and the assumption of the lease from GS&T Properties, LLC, a company in which officers of our company are passive investors, owning approximately 20% equity interest. Under the term of the lease, we occupy approximately 21,000 square feet of office and warehouse space in a 70,000 square foot building in Suwannee, GA. The lease term is for 5 years with monthly base rent of \$12,500. During the period ended May 31, 2006, we recorded \$44,322 in expense under this lease.

We also occupy approximately 43,000 square feet of office and warehouse space in Springfield, New Jersey. This space is leased from Westwood Property Holdings, LLC, in which Keith Grabel, our director and an executive officer, Mary Margaret Grabel, spouse of our director and an executive officer, and David Micales, our Vice President of Operations, are members. The lease term is through April 2009 with monthly base rent of \$15,000. During the period ended May 31, 2006, we recorded \$45,000 in expense under this lease.

Depreciation and Amortization

Depreciation and Amortization expense increased by 692.4% or \$208,058 to \$238,105 for the three months ended May 31, 2006, compared to \$30,047 for the three months ended May 31, 2005. This increase is primarily attributable to the Merger. Old Emtec's post-Merger depreciation and amortization accounted approximately for \$181,909 of increase. Additionally, we made fixed asset acquisitions of \$563,421 during the nine months ended May 31, 2006, which increased our

Edgar Filing: EMTEC INC/NJ - Form 10-Q

depreciation expense. These capital assets acquisitions were primarily for the purchase of computer equipment for internal use, the purchase of software licenses to upgrade our accounting systems, and for furniture and fixtures.

Intangible assets at May 31, 2006 and August 31, 2005 consisted of the value ascribed to customer relationships of \$8,661,712 less accumulated amortization of \$503,497 and \$68,868, respectively. The assets ascribed to customer relationships are being amortized on a straight-line basis over 13 to 15 years. Amortization expense was \$145,089 and \$5,453 for each of the three months ended May 31, 2006 and 2005, respectively. Amortization expense of \$580,356 is expected to be recorded each year through August 31, 2016, \$573,085 for the year ended August 31, 2017, \$558,544 for each of the years ended August 31, 2018 and 2019, and \$518,755 for the year ended August 31, 2020.

Interest expense

Interest expense increased by 14.8% or \$40,619 to \$315,095 for the three months ended May 31, 2006, compared to \$274,476 for the three months ended May 31, 2005. This is mainly due to the addition of Emtec, an average higher balance on our line of credit and a higher interest rate due to an increasing prime rate.

Income Taxes

We recorded an income tax benefit of \$48,113 for the three months ended May 31, 2006 compared to an income tax expense of \$87,352 for the three months ended May 31, 2005. This is primarily due to the loss before income taxes for the current three month period compared to the income before income taxes for the three months ended May 31, 2005.

Comparison of Nine Months Ended May 31, 2006 and 2005

The following discussion and analysis provides information that management believes is relevant to an assessment and understanding of our Results of Operations for each of the nine months ended May 31, 2006 and 2005.

EMTEC, INC.
CONSOLIDATED STATEMENTS OF OPERATIONS
Nine months ended May 31,

	2006	% of Revenue	2005	% of Revenue	Change	% Change
Revenues	\$ 176,162,709	100.0%	\$ 120,236,091	100%	\$ 55,926,618	46.5%
Cost of revenues	157,121,024	89.2	110,036,651	91.5	47,084,373	42.8%
Gross profit	19,041,685	10.8%	10,199,440	8.5%	8,842,245	86.7%
Operating expenses:						
Selling, general, and administrative expenses	16,889,646	9.6	7,952,732	6.6	8,936,914	112.4%
Management fee related party	262,500	0.1	262,500	0.2		0.0%
Rent expense related party	266,409	0.2	135,000	0.1	131,409	97.3%
Depreciation and amortization	676,576	0.4	83,915	0.1	592,661	706.3%
Total operating expenses	18,095,131	10.3%	8,434,147	7.0%	9,660,984	114.5%
Operating income	946,554	0.5	1,765,293	1.5	(818,739)	(46.4)%
Other expense (income):						
Interest income other	(31,950)	(0.0)	(67,016)	(0.1)	35,066	(52.3)%
Interest expense	908,860	0.5	469,340	0.4	439,520	93.6%
Other expense (income)	(28,607)	(0.0)	(14,044)	(0.0)	(14,563)	103.7%
Income before income taxes	98,251	0.1	1,377,013	1.1	(1,278,762)	(92.9)%
Provision for income taxes	134,092	0.1	616,352	0.5	(482,260)	(78.2)%
Net (loss) income	\$ (35,841)	(0.0)%	\$ 760,661	0.6%	\$ (796,502)	(104.7)%

Total Revenues

Total revenues increased by 46.5% or \$55.93 million to \$176.16 million for the nine months ended May 31, 2006, compared to \$120.24 million for the nine months ended May 31, 2005. This increase is primarily attributable to the Merger. Total additional revenue attributed to this acquisition approximated \$57.79 million for the nine months ended May 31, 2006. Without this incremental revenue that resulted from the acquisition, our total revenue would have decreased by 1.5% or \$1.86 million for the nine months ended May 31, 2006. This decrease is mainly due to our sale to the United States Department of Agriculture (USDA) of approximately \$21.79 million during the three months ended May 31, 2005. Without this USDA sale, our total revenue for the nine months ended May 31, 2006 would have increased by \$19.9 million. This increase is primarily attributable to an overall increase in the federal government business.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

A large portion of our revenue is drawn from various civilian and military U.S. governmental departments and agencies. These clients include the Department of Defense, Department of Justice, Department of Homeland Security, Department of Health and Human Services, Department of Agriculture, Department of Commerce and the GSA. During the nine months ended May 31, 2006 and 2005, U.S. governmental department and agency related revenues represented approximately 54.2% and 82.8% of total revenues, respectively. The federal government business typically experiences increased activity during the months of August through November.

Revenues from various commercial, education, state and local clients have increased as a result of the Merger. Our revenues, by client types, are comprised of the following for the nine months ended:

	For the nine months ended May 31,			
	2006		2005	
Departments of the United States Government	\$ 95,548,084	54.2%	\$ 99,536,066	82.8%
State and Local Governments	\$ 22,091,909	12.5%	\$ 10,737,404	8.9%
Commercial Companies	\$ 39,177,781	22.2%	\$ 7,097,798	5.9%
Education and other	\$ 19,344,935	11.1%	\$ 2,864,823	2.4%
Total Revenues	\$ 176,162,708	100.0%	\$ 120,236,091	100.0%

Gross Profit

Aggregate gross profit increased by 86.7% or \$8.84 million to \$19.04 million for the nine months ended May 31, 2006 as compared to \$10.20 million for the nine months ended May 31, 2005. This increase is primarily attributable to Old Emtec's post-Merger gross profit of \$8.12 million for the nine months ended May 31, 2006, which represented approximately 91.9% of our total increase in gross profit. The remainder of the \$736,145 increase in our gross profit is attributable to favorable price drops and incentives offered by manufacturers. Overall gross profit for the nine months ended May 31, 2006 includes a reduction in gross profit of approximately \$338,000 due to inventory damage that occurred to a large shipment during the quarter ended February 28, 2006.

Measured as a percentage of revenues, our gross profit margin increased to 10.8% of total revenues for the nine months ended May 31, 2006 from 8.5% for the nine months ended May 31, 2005. This increase is also mainly attributable to the Merger. Gross profit margin of the Old Emtec business equaled to 14.0% of Old Emtec total revenues for the nine months ended May 31, 2006. Without this acquisition, our gross profit margin would have increased to 9.2% of total revenues for the nine months ended May 31, 2006 from 8.5% for the nine months ended May 31, 2005. This percentage increase is primarily attributable to greater selling efforts, favorable price drops and incentives offered by manufacturers. We cannot expect that price drops and incentives are going to repeat in the future.

Factors that may affect gross margins in the future include changes in product margins, rebates and other incentives offered by various manufacturers, changes in technical employee utilization rates, the mix of products and services sold, and the decision to aggressively price certain products and services.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased by 112.4% or \$8.94 million to \$16.89 million for the nine months ended May 31, 2006, compared to \$7.95 million for the nine months ended

Edgar Filing: EMTEC INC/NJ - Form 10-Q

May 31, 2005. This increase is mainly due to the Merger. Selling, general and administrative expenses associated with Old Emtec approximated \$7.15 million for the nine months ended May 31, 2006. Without this acquisition, our selling, general and administrative expenses would have increased by 22.5%, or \$1.78 million to \$9.74 million for the nine months ended May 31, 2006. This increase in selling, general and administrative expenses is mainly due to the following:

Professional fees increased approximately \$675,000 due to compliance costs associated with the Securities and Exchange Commission and in connection with the Merger; and

Compensation and benefits expense increased approximately \$900,000 due to a company wide increase in head count associated with our long-term investment in new employees as well as higher commission costs associated with higher gross profit.

We do not expect professional fees associated with the Merger to continue in future periods. In addition, to improve operational efficiencies within the organization, we have made several operational and management changes to our business. We expect to see the impact of these changes in future quarters and we will continue to emphasize operating efficiencies through cost containment strategies, re-engineering efforts and improved service delivery techniques, particularly within selling, marketing, general and administrative expenses.

Factors that may in the future have a negative impact on our selling, general and administrative costs include costs associated with marketing and selling activities, compliance costs associated with Securities and Exchange Commission rules and increases in our insurance costs.

Management Fee-Related Party

There was no change in the management fee to DARR Global for the nine months ended May 31, 2006 compared to the nine months ended May 31, 2005.

Rent Expense-Related Party

Rent Expense-related party increased by 97.3% or \$131,409 to \$266,409 for the nine months ended May 31, 2006, compared to \$135,000 for the nine months ended May 31, 2005. The increase in rent expense-related party is due to the Merger and the assumption of the lease from GS&T Properties, LLC, a company in which officers of our company are passive investors, owning approximately 20% equity interest. Under the term of the lease, we occupy approximately 21,000 square feet of office and warehouse space out of a total of approximately 70,000 square feet in Suwanee, GA. The lease term is for 5 years with monthly base rent of \$12,500. During the nine months ended May 31, 2006, we recorded \$131,409 in expense under this lease.

We also occupy approximately 43,000 square feet of office and warehouse space in Springfield, New Jersey. This space is leased from Westwood Property Holdings, LLC, in which Keith Grabel, our director and an executive officer, Mary Margaret Grabel, spouse of our director and an executive officer, and David Micales, our Vice President of Operations, are members. The lease term is through April 2009 with monthly base rent of \$15,000. During the nine months ended May 31, 2006, we recorded \$135,000 in expense under this lease.

Depreciation and Amortization

Depreciation and Amortization expense increased by 706.3% or \$592,661 to \$676,576 for the nine months ended May 31, 2006, compared to \$83,915 for the nine months ended May 31, 2005. This increase is primarily attributable to the Merger. Old Emtec's post-merger depreciation and amortization accounted approximately for \$521,009 of increase. Additionally, we made fixed asset acquisitions of \$563,421 during the nine months ended May 31, 2006, which increased our

Edgar Filing: EMTEC INC/NJ - Form 10-Q

depreciation expense. These capital assets acquisitions were primarily for the purchase of computer equipment for internal use, the purchase of software licenses to upgrade our accounting systems, and for furniture and fixtures.

Intangible assets at May 31, 2006 and August 31, 2005 consisted of the value ascribed to customer relationships of \$8,661,712 less accumulated amortization of \$503,497 and \$68,868, respectively. The assets ascribed to customer relationships are being amortized on a straight-line basis over 13 to 15 years. Amortization expense was \$434,630 and \$16,359 for each of the nine months ended May 31, 2006 and 2005, respectively.

Interest expense

Interest expense increased by 93.6% or \$439,520 to \$908,860 for the nine months ended May 31, 2006, compared to \$469,340 for the nine months ended May 31, 2005. This is mainly due to a higher balance on our line of credit and a higher interest rate due to an increasing prime rate, and higher days sales outstanding during the period.

Income Taxes

Income taxes decreased by 78.2% or \$482,260 to \$134,092 for the nine months ended May 31, 2006, compared to \$616,352 for the nine months ended May 31, 2005. Income tax expense of \$134,092 includes approximately \$73,000 in estimated income tax expense related to the IRS income tax audit for the prior years recorded during the three months ended February 28, 2006. Without this income tax expense related to the income tax audit, our income tax expense would have been approximately \$61,092. This decrease is primarily attributable to the 92.9% decrease in income before income taxes in the current nine month period compared to the same nine month period in the prior year.

Liquidity and Capital Resources

Cash and cash equivalents at May 31, 2006 of \$1.55 million represented an increase of \$526,652 from \$1.02 million at August 31, 2005. We are a net borrower; consequently, we believe our cash and cash equivalents balance must be viewed along with the available balance on our line of credit. Borrowings under our line of credit at May 31, 2006 represented a decrease of \$849,259 from \$4.41 million at August 31, 2005. This increase in cash position and decrease in line of credit balance is primarily attributable to improved days sales outstanding (DSO) and open terms offered to us by our suppliers. At May 31, 2006, our working capital was approximately \$844,640 less than it was at August 31, 2005.

Since our inception, we have funded our operations primarily from borrowings under our credit facility. On August 5, 2005, our subsidiaries, Emtec, Inc. (Emtec NJ) and Westwood Computer Corporation (Westwood) and together with the Emtec NJ, the Borrower , entered into a Business Financing Agreement with GE Commercial Distribution Finance Corporation (the Lender) pursuant to which the Lender has agreed to provide to Borrower an accounts receivable facility (the Credit Facility). The Credit Facility provides for aggregate borrowings of the lesser of \$35.0 million or 85% of eligible accounts receivable, plus 100% of unsold inventory financed by the Lender, minus \$3.15 million. The Credit Facility includes certain financial covenants that we must maintain on a quarterly basis, and we are also subject to certain mandatory prepayments upon the occurrence of certain events, subject to certain exceptions, set forth in the Business Financing Agreement.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

Borrowings under the Credit Facility bear interest at an annual rate equal to the greater of (i) the rate of interest which JP Morgan Chase Bank (or its successor) publicly announces from time to time as its prime rate or reference rate or (ii) four percent (4%).

To secure the payment of the obligations under the Credit Facility, the Borrower granted to Lender a security interest in all of Borrower's interests in certain of its assets, including inventory, equipment, fixtures, accounts, chattel paper, instruments, deposit accounts, documents, general intangibles, letter of credits rights, and all judgments, claims and insurance policies.

In connection with the Credit Facility, Emtec NJ and Westwood (together, the Dealer) entered into the Agreement for Wholesale Financing with the Lender on August 5, 2005 (the Wholesale Agreement). The Wholesale Agreement provides for an extension of credit by the Lender to the Dealer from time to time, subject to the maximum aggregate borrowings set forth in the Credit Facility, to purchase inventory from approved vendors and for other purposes. The financial terms of any advance by the Lender are not set forth in the Wholesale Agreement because such terms depend upon many variable factors, including availability of vendor discounts, payment terms or other incentives and purchase volume. The Wholesale Agreement contains certain customary representations and warranties and events of default, including the failure to pay interest, principal or fees, any material inaccuracy of any representation and warranty, bankruptcy and insolvency events.

In addition, the Lender and MRA Systems, Inc. (dba GE Access), one of our trade creditors, entered into an intercreditor agreement in which the Lender agreed to give GE Access a first lien position on all future unbilled service maintenance billings and which provide that, as regards to GE Access, all debt obligations to the Lender are accorded priority.

On February 13, 2006, we entered into an addendum to our Credit Facility and Wholesale Agreement with GE CDF (the Addendum). This Addendum amended the Credit Facility by increasing our reserve amount from \$3.15 million to \$5.0 million, and we paid a waiver fee of \$50,000 for our non-compliance with certain financial covenants as of three months ended November 30, 2005.

On April 10, 2006, we executed a second addendum to our Credit Agreement and Wholesale Agreement (the Second Addendum). The second addendum amended the Credit Facility by decreasing our reserve amount from \$5.0 million to \$3.01 million, increasing the time period for eligibility of all U.S. federal government accounts receivable from 90 to 120 days from the date of the invoice, and revised our financial covenants from the quarter ending February 28, 2006 through May 31, 2007. All other terms remain unchanged.

As of May 31, 2006, we had a \$3.56 million outstanding balance under the Credit Facility, a \$1.37 million outstanding balance, which is included in our accounts payable, plus \$180,868 in open approvals under the Wholesale Agreement with the Lender. Net availability of \$10.64 million was available under the Credit Facility, and \$19.25 million was available under the Wholesale Agreement.

As of May 31, 2006, we determined that we were in compliance with our financial covenants with the Lender.

As of May 31, 2006, we had outstanding balances under our open term credit facilities with our primary trade vendors, including aggregators and manufacturers, of \$27.50 million with outstanding principal of approximately \$16.15 million. Under these lines, we are obligated to pay each invoice within 30-45 days from the date of such invoice. These credit lines could be reduced or eliminated

Edgar Filing: EMTEC INC/NJ - Form 10-Q

without notice and this action could have material adverse affect our business, result of operations, and financial condition.

Capital expenditures of \$563,421 during the nine months ended May 31, 2006 were primarily for the purchase of computer equipment for internal use, purchase of software licenses to upgrade our accounting systems, and furniture and fixtures. We anticipate our capital expenditures for our fiscal year ending August 31, 2006 will be approximately \$650,000, of which approximately \$540,000 will be for the upgrade of our organizational computer system, including the implementation and data conversion costs, and the remaining \$110,000 will primarily be for the purchase of computer equipment for internal use.

We anticipate that our primary sources of liquidity in fiscal year 2006 will be cash generated from operations, trade vendor credit and cash available to us under our Credit Facility. Our future financial performance will depend on our ability to continue to reduce and manage operating expenses as well as our ability to grow revenues. Any loss of clients, whether due to price competition or technological advances, will have an adverse affect on our revenues. Our future financial performance could be negatively affected by unforeseen factors and unplanned expenses. See Forward Looking Statements and Business Risk Factors discussed in our Annual Report on Form 10-K for the year ended August 31, 2005.

Although we have no definite plans to undertake any future debt or equity financing, we will continue to pursue all potential funding alternatives. Among the possibilities for raising additional funds are issuances of debt or equity securities and other borrowings under secured or unsecured loan arrangements. There can be no assurances that additional funds will be available to us on acceptable terms or in a timely manner.

We have no arrangements or other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect liquidity or the availability of or requirements for capital resources.

We believe that funds generated from operations, trade vendor credit and bank borrowings should be sufficient to meet our current operating cash requirements through the next twelve months. However, there can be no assurance that all of the aforementioned sources of cash can be realized.

Critical Accounting Policies

Our financial statements are prepared in accordance with accounting principles that are generally accepted in the United States. The methods, estimates, and judgments we use in applying our most critical accounting policies have a significant impact on the results we report in our financial statements. The Securities and Exchange Commission has defined critical accounting policies as policies that involve critical accounting estimates that require (i) management to make assumptions that are highly uncertain at the time the estimate is made, and (ii) different estimates that could have been reasonably used for the current period, or changes in the estimates that are reasonably likely to occur from period to period, which would have a material impact on the presentation of our financial condition, changes in financial condition or in result of operations. Based on this definition, our most critical policies include: revenue recognition, allowance for doubtful accounts, inventory valuation reserve, the assessment of recoverability of long-lived assets, the assessment of recoverability of goodwill and intangible assets, rebates, and income taxes.

Revenue Recognition

Edgar Filing: EMTEC INC/NJ - Form 10-Q

We recognize revenue from the sales of products when risk of loss and title passes which is upon client acceptance.

Revenue from the sale of warranties and support service contracts is recognized on a straight-line basis over the term of the contract, in accordance with Financial Accounting Standards Board Technical Bulletin No. 90-1, *Accounting for Separately Priced Extended Warranty and Product Maintenance Contracts* (FTB 90-1).

We may also enter into sales arrangements with clients that contain multiple elements. We recognize revenue from sale arrangements that contain both products and manufacturer warranties in accordance with Emerging Issues Task Force (EITF) Issue No. 00-21, *Revenue Arrangements with Multiple Deliverables* , based on the relative fair value of the individual components. The relative fair value of individual components is based on historical sales of the components sold separately.

Product revenue represents sales of computer hardware and pre-packaged software. These arrangements often include software installations, configurations, and imaging, along with delivery and set-up of hardware. We follow the criteria contained in EITF 00-21 and Staff Accounting Bulletin (SAB) 104 in recognizing revenue associated with these transactions. We perform software installations, configurations and imaging services at our locations prior to the delivery of the product. Some client arrangements include set-up services performed at client locations where our personnel perform the routine tasks of removing the equipment from boxes, and setting up the equipment at client workstations by plugging in all necessary connections. This service is usually performed the same day as delivery. Revenue is recognized on the date of acceptance, except as follows:

§ In some instances, the set-up service is performed after date of delivery. We recognize revenue for the hardware component at date of delivery when the amount of revenue allocable to this component is not contingent upon the completion of set-up services and, therefore, our client has agreed that the transaction is complete as to the hardware component. In instances where our client does not accept delivery until set-up services are completed, we defer all revenue in the transaction until client acceptance occurs.

§ There are occasions when a client requests a transaction on a bill & hold basis. We follow the SAB 104 criteria and recognize revenue from these sales prior to date of physical delivery only when all the criteria of SAB 104 are met. We do not modify our normal billing and credit terms for these customers. The customer is invoiced at the date of revenue recognition when all of the criteria have been met.

We have experienced minimal customer returns. Since all eligible products must be returned to us within 30 days from the date of the invoice, we reduce the product revenue and cost of goods in each accounting period based on the actual returns that occurred in the next 30 days after the close of the accounting period.

Service and consulting revenue include time billings based upon billable hours charged to the clients, fixed price short-term projects, hardware maintenance contracts, and manufacturer support service contracts. These contracts generally are task specific and do not involve multiple deliverables. Revenues from time billings are recognized as services are delivered. Revenues from short-term fixed price projects are recognized using the proportionate performance method by determining the level of service performed based upon the amount of labor cost incurred on the project versus the total labor costs to perform the project because this is the most readily reliable measure of output. Revenues from hardware maintenance contracts are recognized ratably over the contract period.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

Revenues from manufacturer support service contracts where the manufacturer is responsible for fulfilling the service requirements of the client are recognized immediately on their contract sale date. Manufacturer support service contracts contain cancellation privileges that allow our clients to terminate a contract with 90 days written notice. In this event, the client is entitled to a pro-rated refund based on the remaining term of the contract, and we would owe the manufacturer a pro-rated refund of the cost of the contract. However, we have experienced no client cancellations of any significance during our most recent 3-year history and do not expect cancellations of any significance in the future.

Trade Receivables

We maintain an allowance for doubtful accounts for estimated losses resulting from the inability of our clients to make required payments. We base our estimates on the aging of our accounts receivable balances and our historical write-off experience, net of recoveries. If the financial condition of our clients were to deteriorate, additional allowances may be required. We believe the accounting estimate related to the allowance for doubtful accounts is a critical accounting estimate because changes in it can significantly affect net income.

Inventories

Inventory is stated at the lower of average cost (specific identification) or market. Inventory is entirely finished goods purchased for resale and consists of computer hardware, computer software, computer peripherals and related supplies. We provide an inventory reserve for products we determine are obsolete or where salability has deteriorated based on management's review of products and sales.

Goodwill and Intangible Assets

We have adopted Statement of Financial Accounting Standards No. 142 Goodwill and Other Intangible Assets (SFAS 142). As a result, amortization of goodwill was discontinued. Goodwill is the excess of the purchase price over the fair value of the net assets acquired in a business combination accounted for under the purchase method. We test goodwill and indefinite-lived assets for impairment at least annually in accordance with SFAS 142. Currently, we are in the process of finalizing our annual impairment test in accordance with SFAS 142 and will report its results on our 2006 annual report on Form 10K. Intangible assets that have finite useful lives are amortized over their useful lives.

Intangible assets at May 31, 2006 and August 31, 2005 consisted of the value ascribed to customer relationships. The assets ascribed to customer relationships are being amortized on a straight-line basis over 13 to 15 years. Intangible assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable in accordance with Statement of Financial Accounting Standards No. 144 Accounting for the Impairment or Disposal of Long-Lived Assets. Recoverability of long-lived assets is assessed by a comparison of the carrying amount to the estimated undiscounted future net cash flows expected to result from the use of the assets and their eventual disposition. If estimated undiscounted future net cash flows are less than the carrying amount, the asset is considered impaired and a loss would be recognized based on the amount by which the carrying value exceeds the fair value of the asset.

Rebates

Rebates are recorded in the accompanying consolidated statements of income as a reduction of the cost of revenues in accordance with Emerging Issues Task Force Abstract No. 02-16, *Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor* (EITF 02-16).

Income Taxes

Income taxes are accounted for under an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in our financial statements or tax returns. In estimating future tax consequences, we generally consider all expected future events other than the enactment of changes in tax laws or rates. A valuation allowance is recognized if, on weight of available evidence, it is more likely than not that some portion or all the deferred tax assets will not be realized.

Item 3. Quantitative and Qualitative Information About Market Risk

We do not engage in trading market risk sensitive instruments and do not purchase hedging instruments or other than trading instruments that are likely to expose us to market risk, whether interest rate, foreign currency exchange, commodity price or equity price risk. We have issued no debt instruments, entered into no forward or future contracts, purchased no options and entered into no swaps. Our primary market risk exposures are those of interest rate fluctuations. A change in interest rates would affect the rate at which we could borrow funds under our revolving credit facility. Our balance on the line of credit at May 31, 2006 was approximately \$3.56 million. Assuming no material increase or decrease in such balance, a one percent change in the interest rate would change our interest expense by approximately \$35,600 annually.

Item 4. Controls and Procedures

(a) Our management carried out an evaluation, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13(a)-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of May 31, 2006. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the rules and forms of the Securities and Exchange Commission. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving the stated goals under all potential future conditions, regardless of how remote.

(b) There has not been any change in our internal control over financial reporting in connection with the evaluation required by Rule 13a-15(d) under the Exchange Act that occurred during the quarter ended May 31, 2006 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1A. Risk Factors

There have been no material changes in our risk factors from those disclosed in our 2005 Annual Report on Form 10-K and updated in our Quarterly Report on Form 10-Q for the period ending November 30, 2005.

Item 4. Submission of Matters to a vote by Securities Holders

The Annual Meeting of Shareholders of the Company (the Meeting) was held on May 8, 2006. There were present at the Meeting in person or by proxy shareholders holding an aggregate of 13,906,427 shares of Common Stock of a total number of 14,381,286 shares of Common Stock outstanding and entitled to vote at the Meeting.

1. Election of Directors.

The following directors were elected as Class A directors.

<u>NOMINEE</u>	<u>FOR</u>	<u>AGAINST</u>	<u>ABSTENSIONS</u>
Dinesh R. Desai	13,862,200		44,227
Brina McAdams	13,862,200		44,227
Gregory P. Chandler	13,862,200		44,227

The following director was elected as a Class B director.

<u>NOMINEE</u>	<u>FOR</u>	<u>AGAINST</u>	<u>ABSTENSIONS</u>
Keith Gabel	13,881,200	24,800	427

2. The stockholders ratified the appointment of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2006 by the vote set forth below:

<u>FOR</u>	<u>AGAINST</u>	<u>ABSTENSIONS</u>
13,900,633	4,267	1,527

3. The stockholders approved the 2006 Stock-Based Incentive Compensation Plan by the vote set forth below:

<u>FOR</u>	<u>AGAINST</u>	<u>ABSTENSIONS</u>
13,900,633	4,267	1,527

Item 6. Exhibits

Exhibit 31.1 - Rule 13a-14(a)/15 d-14(a) Certification of Dinesh R. Desai, Principal Executive Officer, of Emtec, Inc. dated July 17, 2006.

Exhibit 31.2 - Rule 13a-14(a)/15 d-14(a) Certification of Stephen C. Donnelly, Principal Financial Officer, of Emtec, Inc. dated July 17, 2006.

Exhibit 32.1 - Section 1350 Certificate of Dinesh R. Desai, Principal Executive Officer, of Emtec, Inc. dated July 17, 2006.

Exhibit 32.2 - Section 1350 Certificate of Stephen C. Donnelly, Principal Financial Officer, of Emtec, Inc. dated July 17, 2006.

Edgar Filing: EMTEC INC/NJ - Form 10-Q

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned thereunto duly authorized.
