[DRAFT 5/7/2008]

12b-25 Disclosure for 1Q2008

In our Annual Report on Form 10-K for the year ended December 31, 2007 (the 2007 Form 10-K), we reported a material weakness with respect to accounting for and disclosure of income taxes. Specifically, the Company did not maintain adequate processes and a sufficient number of technically qualified personnel to facilitate the timely resolution of issues associated with the Company's income tax closing process primarily relating to those issues attributable to our acquisition, together with our Canadian partner, of Telesat Canada and the related transfer of substantially all of the assets and related liabilities of our Loral Skynet Corporation subsidiary to Telesat Canada. As a result of the delay in completing our accounting for and disclosure of income taxes, we filed our 2007 Form 10-K on April 29, 2008.

We indicated in our Form 10-K for the year ended December 31, 2007 that we are evaluating several remedial steps to improve controls surrounding our income tax closing process, including enhancing the technical resources in the income tax accounting function and conducting an evaluation of organizational processes and structure to identify and implement the appropriate solutions regarding our income tax closing process including retaining additional external resources.

We have been unable to complete the preparation of the tax information necessary for our first quarter financial statements for the following reasons. First, although we have begun to implement remedial steps to improve controls surrounding our income tax closing process,

including retention of external resources, we have not completed this process and our tax resources continue to be insufficient. In addition, because of the late filing of our 2007 Form 10-K, the timing of our first quarter tax closing process was delayed. Given the materiality of this information to our required 10-Q disclosures taken as a whole, we are unable to complete our financial statements for the quarter ended March 31, 2008 by the required filing date of May 12, 2008.

(Telephone Number)

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

On October 31, 2007, we, together with our Canadian Partner, acquired Telesat Canada. In connection with that transaction, we transferred substantially all of the assets and related liabilities of our Loral Skynet subsidiary to Telesat Canada. As a result, our condensed consolidated statement of operations for the three months ended March 31, 2008 includes equity in net loss of affiliates of approximately \$59 million related to our investment in Telesat Canada and excludes the results of operations of Loral Skynet.
