One Corporate Center
Rye, New York 10580-1422

(Address of principal executive offices) (Zip code)
Bruce N. Alpert
Gabelli Funds, LLC
One Corporate Center
Rye, New York 10580-1422

(Name and address of agent for service)
registrant s telephone number, including area code: 1-800-422-3554
Date of fiscal year end: December 31
Date of reporting period: December 31, 2009

Form N-CSR is to be used by management investment companies to file reports with the Commission not later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under Rule 30e-1 under the Investment Company Act of 1940 (17 CFR 270.30e-1). The Commission may use the information provided on Form N-CSR in its regulatory, disclosure review, inspection, and policymaking roles. A registrant is required to disclose the information specified by Form N-CSR, and the Commission will make this information public. A registrant is not required to respond to the collection of information contained in Form N-CSR unless the Form displays a currently valid Office of Management and Budget (OMB) control number. Please direct comments concerning the accuracy of the information collection burden estimate and any suggestions for reducing the burden to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549. The OMB has reviewed this collection of information under the clearance requirements of 44 U.S.C. § 3507.

Item 1. Reports to Stockholders.

The Report to Shareholders is attached herewith.

The Gabelli Dividend & Income Trust Annual Report December 31, 2009

Mario J. Gabelli, CFA

Barbara G. Marcin, CFA

To Our Shareholders,

The Sarbanes-Oxley Act requires a fund s principal executive and financial officers to certify the entire contents of the semi-annual and annual shareholder reports in a filing with the Securities and Exchange Commission (SEC) on Form N-CSR. This certification would cover the portfolio manager s commentary and subjective opinions if they are attached to or a part of the financial statements. Many of these comments and opinions would be difficult or impossible to certify.

Because we do not want our portfolio managers to eliminate their opinions and/or restrict their commentary to historical facts, we have separated their commentary from the financial statements and investment portfolio and have sent it to you separately. Both the commentary and the financial statements, including the portfolio of investments, will be available on our website at www.gabelli.com.

Enclosed are the audited financial statements including the investment portfolio as of December 31, 2009.

Investment Performance

For the year ended December 31, 2009, The Gabelli Dividend & Income Trust s (the Fund) net asset value (NAV) total return was 33.3% and the total return for the Fund s publicly traded shares was 40.4%, compared with gains of 26.5% and 22.7% for the S&P 500 Index and the Dow Jones Industrial Average, respectively. On December 31, 2009, the Fund s NAV per share was \$15.58, while the price of the publicly traded shares closed at \$13.11 on the New York Stock Exchange (NYSE).

Sincerely yours,

Bruce N. Alpert

President

February 19, 2010

The Fund files a complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q, the last of which was filed for the quarter ended September 30, 2009. Shareholders may obtain this information at www.gabelli.com or by calling the Fund at 800-GABELLI (800-422-3554). The Fund s Form N-Q is available on the SEC s website at www.sec.gov and may also be reviewed and copied at the SEC s Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

Proxy Voting

The Fund files Form N-PX with its complete proxy voting record for the twelve months ended June 30th, no later than August 31st of each year. A description of the Fund s proxy voting policies, procedures, and how the Fund voted proxies relating to portfolio securities is available without charge, upon request, by (i) calling 800-GABELLI (800-422-3554); (ii) writing to The Gabelli Funds at One Corporate Center, Rye, NY 10580-1422; or (iii) visiting the SEC s website at www.sec.gov.

Based on net asset value per share, adjusted for reinvestment of distributions at prices determined under the Fund s dividend reinvestment plan.

Based on market value per share, adjusted for reinvestment of distributions at prices determined under the Fund s dividend reinvestment plan.

Effective in 2008, a change in accounting policy was adopted with regard to the calculation of the portfolio turnover rate to include cash proceeds due to mergers. Had this policy been adopted retroactively, the portfolio turnover rate for the years ended December 31, 2007, 2006, and 2005, would have been 58.0%, 30.8%, and 39.5%, respectively.

- (a) Calculated based upon average common shares outstanding on the record dates throughout the period.
- (b) The ratios do not include a reduction of expenses for custodian fee credits on cash balances maintained with the custodian. Including such custodian fee credits for the vear ended December 31, 2007, the ratios of operating expenses to average net assets attributable to common shares net of fee reduction would have been 1.37% and the ratios of operating expenses to average net assets including liquidation value of preferred shares net of fee reduction would have been 1.10%. For the years ended December 31, 2009, 2008, 2006, and 2005,

the effect of the

custodian fee credits was minimal.

- (c) Based on weekly prices.
- (d) Based on weekly auction prices. Since February 2008, the weekly auctions have failed. Holders that have submitted orders have not been able to sell any or all of their shares in the auctions.
- (e) Asset coverage is calculated by combining all series of preferred shares.
- (f) Amount represents less than \$0.005 per share.

See accompanying notes to financial statements.

11

THE GABELLI DIVIDEND & INCOME TRUST NOTES TO FINANCIAL STATEMENTS

1. Organization. The Gabelli Dividend & Income Trust (the Fund) is a non-diversified closed-end management investment company organized as a Delaware statutory trust on November 18, 2003 and registered under the Investment Company Act of 1940, as amended (the 1940 Act). Investment operations commenced on November 28, 2003.

The Fund s investment objective is to provide a high level of total return on its assets with an emphasis on dividends and income. The Fund will attempt to achieve its investment objective by investing, under normal market conditions, at least 80% of its assets in dividend paying securities (such as common and preferred stock) or other income producing securities (such as fixed income debt securities and securities that are convertible into equity securities).

2. Significant Accounting Policies. The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) has become the exclusive reference of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the SEC under authority of federal laws are also sources of authoritative GAAP for SEC registrants. The ASC has superseded all existing non-SEC accounting and reporting standards. The Funds financial statements are prepared in accordance with GAAP, which may require the use of management estimates and assumptions. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market sofficial closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Trustees (the Board) so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the Adviser).

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market but prior to the close of business on the day the securities are being valued. Debt instruments with remaining maturities of sixty days or less that are not credit impaired are valued at amortized cost, unless the Board determines such amount does not reflect the securities—fair value, in which case these securities will be fair valued as determined by the Board. Debt instruments having a maturity greater than sixty days for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value ADR securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The inputs and valuation techniques used to measure fair value of the Fund s investments are summarized into three levels as described in the hierarchy below:

Level 1 quoted prices in active markets for identical securities;

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and

Level 3 significant unobservable inputs (including the Funds determinations as to the fair value of investments).

12

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The summary of the Fund s investments and other financial instruments by inputs used to value the Fund s investments as of December 31, 2009 is as follows:

There were no Level 3 investments at December 31, 2009 or December 31, 2008.

Derivative Financial Instruments.

The Fund may engage in various portfolio investment strategies by investing in a number of derivative financial instruments for the purpose of hedging the value of the Fund s portfolio, increasing the income of the Fund, hedging or protecting its exposure to interest rate movements and movements in the securities markets, managing risks, or protecting the value of its portfolio against uncertainty in the level of future currency exchange rates. Investing in certain derivative financial instruments, including participation in the options, futures, or swap markets, entails certain execution, liquidity, hedging, tax, and securities, interest, credit, or currency market risks. Losses may arise if the Adviser s prediction of movements in the direction of the securities, foreign currency, and interest rate markets is inaccurate. Losses may also arise if the counterparty does not perform its duties under a contract, or that, in the event of default, the Fund may be delayed in or prevented from obtaining payments or other contractual remedies owed to it under derivative contracts. The creditworthiness of the counterparties is closely monitored in order to minimize these risks. Participation in derivative transactions involves investment risks, transaction costs, and potential losses to which the Fund would not be subject absent the use of these strategies. The consequences of these risks, transaction costs, and losses may have a negative impact on the Fund s ability to pay distributions.

Options. The Fund may purchase or write call or put options on securities or indices for the purpose of achieving additional return or of hedging the value of the Fund s portfolio. As a writer of put options, the Fund receives a premium at the outset and then bears the risk of unfavorable changes in the price of the financial instrument underlying the option. The Fund would incur a loss if the price of the underlying financial instrument decreases between the date the option is written and the date on which the option is terminated. The Fund would realize a gain, to the extent of the premium, if the price of the financial instrument increases between those dates. If a written call option is exercised, the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss. If a written put option is exercised, the premium reduces the cost basis of the security.

As a purchaser of put options, the Fund pays a premium for the right to sell to the seller of the put option the underlying security at a specified price. The seller of the put has the obligation to purchase the underlying security upon exercise at the exercise price. If the price of the underlying security declines, the Fund would realize a gain upon sale or exercise. If the price of the underlying security increases or stays the same, the Fund would realize a loss upon sale or at the expiration date, but only to the extent of the premium paid.

In the case of call options, these exercise prices are referred to as in-the-money, at-the-money, and out-of-the-money, respectively. The Fund may write (a) in-the-money call options when the Adviser expects that the price of the underlying security will remain stable

or decline during the option period, (b) covered at-the-money call options when the Adviser expects that the price of the underlying security will remain stable, decline, or advance moderately during the option period, and (c) out-of-the-money call options when the Adviser expects that the premiums received from writing the call option will be greater than the appreciation in the price of the underlying security above the exercise price. By writing a call option, the Fund limits its opportunity to profit from any increase in the market value of the underlying security above the exercise price of the option. Out-of-the-money, at-the-money, and in-the-money put options (the reverse of call options as to the relation of exercise price to market price) may be utilized in the same market environments that such call options are used in equivalent transactions. During the year ended December 31, 2009 the Fund had no investments in options.

Swap Agreements. The Fund may enter into equity, contract for difference, and interest rate swap or cap transactions for the purpose of increasing the income of the Fund or hedging or protecting its exposure to interest rate movements and movements in the securities markets. The use of swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. In an interest rate swap, the Fund would agree to pay periodically to the other party (which is known as the counterparty) a fixed rate payment in exchange for the counterparty agreeing to pay to the Fund periodically a variable rate payment that is intended to approximate the Fund s variable rate payment obligation on Series B Auction Market Cumulative Preferred Shares (Series B Shares). In an interest rate cap, the Fund would pay a premium to the counterparty and, to the extent that a specified variable rate index exceeds a predetermined fixed rate, would receive from that counterparty payments of the difference based on the notional amount of such cap. Swap and cap transactions introduce additional risk because the Fund would remain obligated to pay preferred share dividends when due in accordance with the Statement of Preferences even if the counterparty defaulted. In a swap, a set of future cash flows is exchanged between two counterparties. One of these cash flow streams will typically be based on a reference interest rate combined with the performance of a notional value of shares of a stock. The other will be based on the performance of the shares of a stock. Depending on the general state of short-term interest rates and the returns on the Fund s portfolio securities at the time a swap transaction reaches its scheduled termination date, there is a risk that the Fund will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction.

Unrealized gains related to swaps are reported as an asset and unrealized losses are reported as a liability in the Statement of Assets and Liabilities. The change in the value of swaps, including the accrual of periodic amounts of interest to be paid or received on swaps, is reported as unrealized gain or loss in the Statement of Operations. A realized gain or loss is recorded upon payment or receipt of a periodic payment or termination of swap agreements. The Fund has entered into an interest rate swap agreement with Citibank N.A. Under the agreement, the Fund receives a floating rate of interest and pays a respective fixed rate of interest on the nominal value of the swap. Details of the swap at December 31, 2009 are as follows:

Notional		Floating Rate*	Termination	Net Unrealized
Amount	Fixed Rate	(rate reset monthly)	Date	Depreciation
\$100,000,000	4.01000%	0.23531%	6/02/10	\$(1,866,144)

* Based on LIBOR (London Interbank Offered Rate).

Current notional amounts are an indicator of the average volume of the Fund s derivative activities during the period. The Fund has entered into an equity contract for difference swap agreement with The Goldman Sachs Group, Inc. Details of the swap at December 31, 2009 are as follows:

Notional	Equity Security	Interest Rate/	Termination	Net Unrealized
Amount	Received	Equity Security Paid	Date	Appreciation
		One Month LIBOR plus		
	Market Value	90 bps plus Market Value		
	Appreciation on:	Depreciation on:		
\$2,635,085 (204,800 Shares)	Cadbury plc	Cadbury plc	6/25/10	\$1,575

The Fund increased the volume of activity in equity contract for difference swap agreements during the year ended December 31, 2009 with an average notional amount of approximately \$1,981,349.

Futures Contracts. The Fund may engage in futures contracts for the purpose of certain hedging, yield enhancements, and risk management purposes. Upon entering into a futures contract, the Fund is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the initial margin. Subsequent payments (variation margin) are made or received by the Fund each day, depending on the daily fluctuations in the value of the contract, which are included in unrealized appreciation/depreciation on investments and futures contracts. The Fund recognizes a realized gain or loss when the contract is closed.

There are several risks in connection with the use of futures contracts as a hedging instrument. The change in value of futures contracts primarily corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. In addition, there is the risk that the Fund may not be able to enter into a closing transaction because of an illiquid secondary market. During the year ended December 31, 2009, the Fund had no investments in futures contracts.

Forward Foreign Exchange Contracts. The Fund may engage in forward foreign exchange contracts for the purpose of protecting the value of its portfolio against uncertainty in the level of future currency exchange rates or hedging a specific transaction with respect to either the currency in which the transaction is denominated or another currency as deemed appropriate by the Adviser. Forward foreign exchange contracts are valued at the forward rate and are marked-to-market daily. The change in market value is included in unrealized appreciation/depreciation on investments and foreign currency translations. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign exchange contracts does not eliminate fluctuations in the underlying prices of the Fund s portfolio securities, but it does establish a rate of exchange that can be achieved in the future. Although forward foreign exchange contracts limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. In addition, the Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts. During the year ended December 31, 2009, the Fund had no investments in forward foreign exchange contracts.

Fair Values of Derivative Instruments as of December 31, 2009:

The following table presents the value of derivatives held as of December 31, 2009, by their primary underlying risk exposure and respective location on the Statement of Assets and Liabilities:

Derivative Contracts	Statement of Assets and Liabilities Location	Fa	ir Value	
Assets: Equity Contracts	Assets, Unrealized appreciation on swap contracts	\$	1,575	
Liabilities: Interest Rate Contracts	Liabilities, Unrealized depreciation			

on swap contracts

Effect of Derivative Instruments on the Statement of Operations during the Year Ended December 31, 2009: The following table presents the effect of derivatives on the Statement of Operations during the year ended December 31, 2009, by primary risk exposure:

\$(1,866,144)

		Ap	e in Unrealized preciation or or
	Gain or (Loss) on ves Recognized in	Derivat	ives Recognized
Derivative Contracts	Income	i	n Income
Equity Contracts Interest Rate Contracts	\$ 957,775 (3,570,767)	\$	(68,942) 1,426,237
Total	\$ (2,612,992)	\$	1,357,295

The Fund s derivative contracts held at December 31, 2009 are not accounted for as hedging instruments under accounting principles generally accepted in the United States of America.

Repurchase Agreements. The Fund may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Board, with member banks of the Federal Reserve System, or with other

brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board. Under the terms of a typical repurchase agreement, the Fund takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Fund to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Fund sholding period. It is the policy of the Fund to always receive and maintain securities as collateral whose market value, including accrued interest, is at least equal to 102% of the dollar amount invested by the Fund in each agreement. The Fund will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited. At December 31, 2009, there were no open repurchase agreements.

Securities Sold Short. The Fund may enter into short sale transactions. Short selling involves selling securities that may or may not be owned and, at times, borrowing the same securities for delivery to the purchaser, with an obligation to replace such borrowed securities at a later date. The proceeds received from short sales are recorded as liabilities and the Fund records an unrealized gain

or loss to the extent of the difference between the proceeds received and the value of an open short position on the day of determination. The Fund records a realized gain or loss when the short position is closed out. By entering into a short sale, the Fund bears the market risk of an unfavorable change in the price of the security sold short. Dividends on short sales are recorded as an expense by the Fund on the ex-dividend date and interest expense is recorded on the accrual basis. The Fund did not hold any short positions as of December 31, 2009.

Foreign Currency Translations. The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at the current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/loss on investments.

Foreign Securities. The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. issuers.

Foreign Taxes. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Restricted and Illiquid Securities. The Fund is not subject to an independent limitation on the amount it may invest in securities for which the markets are illiquid. Illiquid securities include securities the disposition of which is subject to substantial legal or contractual restrictions. The sale of illiquid securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than does the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity.

Securities Transactions and Investment Income. Securities transactions are accounted for on the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on the accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date except for certain dividends which are recorded as soon as the Fund is informed of the dividend.

Custodian Fee Credits and Interest Expense. When cash balances are maintained in the custody account, the Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statement of Operations with the corresponding expense offset, if any, shown as custodian fee credits. When cash balances are overdrawn, the Fund is charged an overdraft fee of 2.00% above the federal funds rate on outstanding balances. This amount, if any, would be included in interest expense in the Statement of Operations.

Distributions to Shareholders. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income

tax regulations, which may differ from income and capital gains as determined under U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. Permanent differences were primarily due to recharacterization of distributions and reclassifications of swaps and gains on swaps. These reclassifications have no impact on the NAV of the Fund. For the year ended December 31, 2009, reclassifications were made to decrease accumulated net investment income by \$2,611,036 and to decrease accumulated net realized loss on investments, swap contracts, and foreign currency transactions by \$2,391,099, with an offsetting adjustment to paid-in capital.

Under the Fund s distribution policy, the Fund declares and pays monthly distributions from net investment income, capital gains, and paid-in capital. The actual source of the distribution is determined after the end of the year. Pursuant to this policy, distributions during the year may be made in excess of required distributions. To the extent such distributions are made from current earnings and profits, they are considered ordinary income or long-term capital gains. The Fund s current distribution policy may restrict the Fund s ability to pass through to shareholders all of its net realized long-term capital gains as a Capital Gain Dividend, subject to the maximum federal income tax rate of 15%, and may cause such gains to be treated as ordinary income subject to a maximum federal income tax rate of 35%. The Board will continue to monitor the Fund s distribution level, taking into consideration the Fund s net asset value and the financial market environment. The Fund s distribution policy is subject to modification by the Board at any time.

Distributions to shareholders of the Fund s 5.875% Series A Cumulative Preferred Shares, Series B Auction Market Cumulative Preferred Shares, Series C Auction Market Cumulative Preferred Shares, 6.000% Series D Cumulative Preferred Shares, and Series E Auction Rate Cumulative Preferred Shares (Cumulative Preferred Shares) are recorded on a daily basis and are determined as described in Note 5.

The tax character of distributions paid during the years ended December 31, 2009 and December 31, 2008 was as follows:

	Year	Ended	Year Ended		
	Decembe	r 31, 2009	December 31, 2008		
	Common	Preferred	Common	Preferred	
Distributions paid from:					
Ordinary income					
(inclusive of short-term capital gains)	\$ 17,201,564	\$ 13,549,022	\$ 23,970,465	\$ 22,608,188	
Net long-term capital gains			214,542	45,049	
Return of capital	65,457,086		83,014,490		
Total distributions paid	\$82,658,650	\$ 13,549,022	\$ 107,199,497	\$ 22,653,237	

Provision for Income Taxes. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

As of December 31, 2009, the components of accumulated earnings/losses on a tax basis were as follows:

Accumulated capital loss carryforwards Net unrealized depreciation on investments, swap contracts, and foreign currency translations	\$ (129,734,874) 61,445,915
Post-October capital loss deferral	(20,845,593)
Other temporary differences*	28,095
Total	\$ (89,106,457)

* Other temporary differences are primarily due to income from investments in hybrid securities, adjustments on preferred share class distribution payables, and swap accrual adjustments.

At December 31, 2009, the Fund had net capital loss carryforwards for federal income tax purposes of \$129,734,874, which are available to reduce future required distributions of net capital gains to shareholders. \$22,445,283 of the loss carryforward is available through 2016; and \$107,289,591 is available through 2017.

Under the current tax law, capital losses related to securities and foreign currency realized after October 31 and prior to the Fund s fiscal year end may be treated as occurring on the first day of the following year. For the year ended December 31, 2009, the Fund had deferred capital losses of \$20,845,593.

At December 31, 2009, the difference between book basis and tax basis unrealized appreciation/depreciation was primarily due to deferral of losses from wash sales for tax purposes and basis adjustments for investments in partnerships.

The following summarizes the tax cost of investments and the related unrealized appreciation/depreciation at December 31, 2009:

		Gross	Gross	
				Net
		Unrealized	Unrealized	Unrealized
	Cost	Appreciation	Depreciation	Appreciation
Investments	\$1,703,007,142	\$229,072,761	\$(165,763,658)	\$63,309,103

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund s tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed to not meet the more-likely-than-not threshold. For the year ended December 31, 2009, the Fund did not incur any interest or penalties. As of December 31, 2009, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund s net assets or results of operations. Tax years ended December 31, 2007 through December 31, 2009, remain subject to examination by the Internal Revenue Service and state taxing authorities. On an ongoing basis, the Adviser will monitor its tax positions to determine if adjustments to this conclusion are necessary.

17

3. Agreements and Transactions with Affiliates. The Fund has entered into an investment advisory agreement (the Advisory Agreement) with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Fund s average weekly net assets including the liquidation value of preferred shares. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund s portfolio and oversees the administration of all aspects of the Fund s business and affairs. The Adviser has agreed to reduce the management fee on the incremental assets attributable to the Preferred Shares if the total return of the NAV of the common shares of the Fund, including distributions and advisory fee subject to reduction, does not exceed the stated dividend rate or corresponding swap rate of each particular series of the Preferred Shares for the year.

The Fund s total return on the NAV of the common shares is monitored on a monthly basis to assess whether the total return on the NAV of the common shares exceeds the stated dividend rate or corresponding swap rate of each particular series of Preferred Shares for the period. For the year ended December 31, 2009, the Fund s total return on the NAV of the common shares exceeded the stated dividend rate or corresponding swap rate of the outstanding Preferred Shares. Thus, advisory fees were accrued on these assets.

During the year ended December 31, 2009, the Fund paid brokerage commissions on security trades of \$452,328 to Gabelli & Company, Inc. (Gabelli & Company), an affiliate of the Adviser.

The cost of calculating the Fund s NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. During the year ended December 31, 2009, the Fund paid or accrued \$45,000 to the Adviser in connection with the cost of computing the Fund s NAV.

As per the approval of the Board, the Fund compensates officers of the Fund, who are employed by the Fund and are not employed by the Adviser (although the officers may receive incentive based variable compensation from affiliates of the Adviser) and pays its allocated portion of the cost of the Fund s Chief Compliance Officer. For the year ended December 31, 2009 the Fund paid or accrued \$229,096 in payroll expenses in the Statement of Operations.

The Fund pays each Trustee who is not considered an affiliated person an annual retainer of \$12,000 plus \$1,500 for each Board meeting attended. Each Trustee is reimbursed by the Fund for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$1,000 per meeting attended. The Audit Committee Chairman receives an annual fee of \$3,000, the Proxy Voting Committee Chairman receives an annual fee of \$1,500, the Nominating Committee Chairman receives an annual fee of \$2,000, and the Lead Trustee receives an annual fee of \$1,000. A Trustee may receive a single meeting fee, allocated among the participating funds, for participation in certain meetings held on behalf of multiple funds. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

- **4.** Advisory Fee Reduction on Unsupervised Assets. This reduction in the advisory fee paid to the Adviser relates to certain portfolio holdings, i.e., unsupervised assets, of the Fund with respect to which the Adviser has transferred dispositive and voting control to the Fund s Proxy Voting Committee. During 2009, the Fund s Proxy Voting Committee exercised control and discretion over all rights to vote or consent with respect to such securities and the Adviser reduced its fee with respect to such securities by \$382.
- **5. Portfolio Securities.** Purchases and sales of securities for the year ended December 31, 2009, other than short-term securities and U.S Government obligations, aggregated \$192,598,795 and \$291,106,302, respectively. Purchases of U.S. Government obligations for the year ended December 31, 2009, other than short-term obligations, aggregated \$609,410.
- **6. Capital.** The Fund is authorized to issue an unlimited number of common shares of beneficial interest (par value \$0.001). The Board has authorized the repurchase and retirement of its shares on the open market when the shares are trading at a discount of 7.5% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the year ended December 31, 2009, the Fund repurchased and retired 60,000 shares of beneficial interest in the open market at a cost of \$635,911 and an average discount of approximately 16.16% from its NAV.

During the year ended December 31, 2008, the Fund repurchased and retired 300,433 common shares of beneficial interest in the open market at a cost of \$3,449,357 and an average discount of approximately 19.07% from its NAV. Transactions in shares of beneficial interest were as follows:

	Year	Ended	Year	· Ended
	December 31, 2009		December 31, 2008	
	Shares	Amount	Shares	Amount
Net decrease from repurchase of common				
shares	(60,000)	\$(635,911)	(300,433)	\$(3,449,357)

The Fund s Declaration of Trust, as amended, authorizes the issuance of an unlimited number of shares of \$0.001 par value Cumulative Preferred Shares. The Cumulative Preferred Shares is senior to the common shares and results in the financial leveraging

of the common shares. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Cumulative Preferred Shares are cumulative. The Fund is required by the 1940 Act and by the Statements of Preferences to meet certain asset coverage tests with respect to the Cumulative Preferred Shares. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the 5.875% Series A, Series B Auction Market, Series C Auction Market, 6.000% Series D, and Series E Auction Rate Cumulative Preferred Shares at redemption prices of \$25, \$25,000, \$25,000, \$25, and \$25,000, respectively, per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund s ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund s assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

The shelf registration authorizing the offering of preferred shares or notes was declared effective by the SEC on June 17, 2008.

On October 12, 2004, the Fund received net proceeds of \$77,280,971 (after underwriting discounts of \$2,520,000 and offering expenses of \$199,029) from the public offering of 3,200,000 shares of 5.875% Series A Cumulative Preferred Shares. Commencing October 12, 2009 and thereafter, the Fund, at its option, may redeem the 5.875% Series A Cumulative Preferred Shares in whole or in part at the redemption price at any time. The Board has authorized the repurchase of Series A Cumulative Preferred Shares in the open market at prices less than the \$25 liquidation value per share. During the year ended December 31, 2009 the Fund repurchased and retired 80,397 shares of 5.875% Series A Cumulative Preferred Shares in the open market at a cost of \$1,796,631 and an average discount of approximately 10.65% from its liquidation preference. At the time the Fund repurchased its Series A Cumulative Preferred Shares, the total return on the NAV of the Common Shares did not exceed the dividend rate of the Series A Cumulative Preferred Shares; therefore advisory fees were not paid on these shares, reducing the advisory fee by \$4,195. At December 31, 2009, 3,048,019 shares of 5.875% Series A Cumulative Preferred Shares were outstanding and accrued dividends amounted to \$49,742.

During the year ended December 31, 2008, the Fund repurchased and retired 71,584 Series A Cumulative Preferred Shares in the open market at a cost of \$1,386,077 and an average discount of approximately 30.39% from its liquidation preference.

On October 12, 2004, the Fund received net proceeds of \$217,488,958 (after underwriting discounts of \$2,200,000 and offering expenses of \$311,042) from the public offering of 4,000 shares of Series B Shares and 4,800 shares of Series C Auction Market Cumulative Preferred Shares (Series C Shares), respectively. The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. Since February 2008, the number of Series B and Series C Shares subject to bid orders by potential holders has been less than the number of Series B and Series C Shares subject to sell orders. Therefore, the weekly auctions have failed, and the dividend rate since then has been the maximum rate. Holders that have submitted sell orders have not been able to sell any or all of the Series B or Series C Shares for which they have submitted sell orders. The current maximum rate for both Series B and Series C Shares is 125 basis points greater than the seven day Telerate/British Bankers Association LIBOR rate on the day of such auction. The dividend rates of Series B Shares ranged from 1.461% to 1.696% during the year ended December 31, 2009. The dividend rates of Series C Shares ranged from 1.464% to 1.709% during the year ended December 31, 2009. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Series B and C Shares shareholders may also trade their shares in the secondary market. The Fund, at its option, may redeem the Series B and C Shares in whole or in part at the redemption price at any time. There were no redemptions of Series B and C Shares during the year ended December 31, 2009. At December 31, 2009, 3,600 and 4,320 shares of the Series B and C Shares were outstanding with an annualized dividend rate of 1.467% and 1.464% per share and accrued dividends amounted to \$7,335 and \$17,568, respectively.

During the year ended December 31, 2008, the Fund redeemed and retired 400 Series B Shares and 480 Series C Shares. Shareholders received the redemption price of \$25,000 per share, which was equal to the liquidation preference, together with any accumulated and unpaid dividends, for each share redeemed.

On November 3, 2005, the Fund received net proceeds of \$62,617,239 (after underwriting discounts of \$2,047,500 and offering expenses of \$335,261) from the public offering of 2,600,000 shares of 6.000% Series D Cumulative Preferred Shares. Commencing November 3, 2010 and thereafter, the Fund, at its option, may redeem the 6.000% Series D Cumulative Preferred Shares in whole or in part at the redemption price at any time. The Board has authorized the repurchase of Series D Cumulative Preferred Shares in the open market at prices less than the \$25 liquidation value per share. During the year ended December 31, 2009 the Fund repurchased and retired 34,238 shares of 6.000% Series D Cumulative Preferred Shares in the open market at a cost of \$753,411 and an average discount of approximately 12.02% from its liquidation preference. At the time the Fund repurchased its Series D Cumulative Preferred Shares, the total return on the NAV of the Common Shares did not exceed the dividend rate of the Series D Cumulative Preferred Shares; therefore advisory fees were not paid on these shares, reducing the advisory fee by \$1,546. At December 31, 2009, 2,542,296 shares of 6.000% Series D Cumulative Preferred Shares were outstanding and accrued dividends amounted to \$42,372.

During the year ended December 31, 2008, the Fund repurchased and retired 23,466 Series D Cumulative Preferred Shares in the open market at a cost of \$471,019 and an average discount of approximately 19.76% from its liquidation preference.

On November 3, 2005, the Fund received net proceeds of \$133,379,387 (after underwriting discounts of \$1,350,000 and offering expenses of \$270,613) from the public offering of 5,400 shares of Series E Auction Rate Cumulative Preferred Shares (Series E Shares). The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. Since February 2008 the number of Series E Shares subject to bid orders by potential holders has been less than the number of Series E Shares subject to sell orders. Therefore the weekly auctions have failed, and the dividend rate since then has been the maximum rate. Holders that have submitted sell orders have not been able to sell any or all of the Series E Shares for which they have submitted sell orders. The current maximum rate is 150 basis points greater than the seven day Telerate/British Bankers Association LIBOR rate on the day of such auction. The dividend rates of Series E Shares ranged from 1.714% to 1.951% during the year ended December 31, 2009. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Shareholders of the Series E Shares may also trade their shares in the secondary market. The Fund, at its option, may redeem the Series E Shares in whole or in part at the redemption price at any time. There were no redemptions of Series E Shares during the year ended December 31, 2009. At December 31, 2009, 4,860 Series E Shares were outstanding with an annualized dividend rate of 1.716% and accrued dividends amounted to \$5,791.

During the year ended December 31, 2008, the Fund redeemed and retired 540 Series E Shares. Shareholders received the redemption price of \$25,000 per share, which was equal to the liquidation preference together, with any accumulated and unpaid dividends, for each share redeemed.

The holders of Cumulative Preferred Shares generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Fund and will vote together with holders of common shares as a single class. The holders of Cumulative Preferred Shares voting together as a single class also have the right currently to elect two Trustees and under certain circumstances are entitled to elect a majority of the Board of Trustees. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the Preferred Shares, voting as a single class, will be required to approve any plan of reorganization adversely affecting the Preferred Shares, and the approval of two-thirds of each class, voting separately, of the Fund s outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding Preferred Shares and a majority (as defined in the 1940 Act) of the Fund s outstanding voting securities are required to approve certain other actions, including changes in the Fund s investment objectives or fundamental investment policies.

7. Transactions in Securities of Affiliated Issuers. The 1940 Act defines affiliated issuers as those in which the Fund s holdings of an issuer represent 5% or more of the outstanding voting securities of the issuer. A summary of the Fund s transactions in the securities of affiliated issuer during the year ended December 31, 2009 is set forth below:

							Percent
				Net Change			Owned
				in		Value at	of
						December	
	Beginning	Shares	Ending	Unrealized	Realized	31,	Shares
	Shares	Sold	Shares	Depreciation	Loss	2009	Outstanding
Trans-Lux Corp.	270,000	(70,000)	200,000	\$ (26,330)	\$(489,047)	\$142,000	9.90%

- **8. Indemnifications.** The Fund enters into contracts that contain a variety of indemnifications. The Fund s maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.
- **9. Other Matters.** On April 24, 2008, the Adviser entered into an administrative settlement with the SEC to resolve the SEC s inquiry regarding prior frequent trading activity in shares of the GAMCO Global Growth Fund (the Global Growth Fund) by one investor who was banned from the Global Growth Fund in August 2002. In the settlement, the SEC found that the Adviser had violated Section 206(2) of the Investment Advisers Act, Section 17(d) of the 1940

Act, and Rule 17d-1 thereunder, and had aided and abetted and caused violations of Section 12(d)(1)(B)(i) of the 1940 Act. Under the terms of the settlement, the Adviser, while neither admitting nor denying the SEC s findings and allegations, agreed, among other things, to pay the previously reserved total of \$16 million (including a \$5 million penalty), of which at least \$11 million will be distributed to shareholders of the Global Growth Fund in accordance with a plan developed by an independent distribution consultant and approved by the independent directors of the Global Growth Fund and the staff of the SEC, and to cease and desist from future violations of the above referenced federal securities laws. The settlement will not have a material adverse impact on the Adviser or its ability to fulfill its obligations under the Advisory Agreement. On the same day, the SEC filed a civil action against the Executive Vice President and Chief Operating Officer of the Adviser, alleging violations of certain federal securities laws arising from the same matter. The officer is also an officer of the Global Growth Fund and other funds in the Gabelli/GAMCO fund complex including the Fund. The officer denies the allegations and is continuing in his positions with the Adviser and the funds. The Adviser currently expects that any resolution of the action against the officer will not have a material adverse impact on the Fund or the Adviser or its ability to fulfill its obligations under the Advisory Agreement.

10. Subsequent Events. Management has evaluated the impact on the Fund of events occurring subsequent to December 31, 2009 through February 25, 2010, the date the financial statements were issued, and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

THE GABELLI DIVIDEND & INCOME TRUST REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees and Shareholders of

The Gabelli Dividend & Income Trust:

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The Gabelli Dividend & Income Trust (hereafter referred to as the Trust) at December 31, 2009, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Trust s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2009 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

PricewaterhouseCoopers LLP New York, New York February 25, 2010

Series B and C Auction Market Cumulative and Series E Auction Rate Cumulative Preferred Shares

The Series B Auction Market Cumulative Preferred Shares, Series C Auction Market Cumulative Preferred Shares, and Series E Auction Rate Cumulative Preferred Shares pay dividends weekly based on a rate set at auction, usually

held every seven days. There were no 2009 distributions derived from long-term capital gains for the Series B, Series C, or Series E Auction Rate Cumulative Preferred Shares.

A Form 1099-DIV has been mailed to all shareholders of record for the distributions mentioned above, setting forth specific amounts to be included in the 2009 tax returns. Ordinary income distributions include net investment income and realized net short-term capital gains. Ordinary income is reported in box 1a of Form 1099-DIV. Capital gain distributions are reported in box 2 of Form 1099-DIV.

THE GABELLI DIVIDEND & INCOME TRUST INCOME TAX INFORMATION (Continued) (Unaudited) December 31, 2009

Corporate Dividends Received Deduction, Qualified Dividend Income, and U.S. Government Securities Income

In 2009, the Fund paid to common, 5.875% Series A, and 6.00% Series D Cumulative Preferred shareholders ordinary income dividends of \$0.2046, \$1.46875, and \$1.50 per share, respectively. The Fund paid weekly distributions to Series B, C, and E preferred shareholders at varying rates throughout the year, including ordinary income dividends totaling \$388.12, \$388.02, and \$451.10 per share, respectively. For the year ended December 31, 2009, 100% of the ordinary dividend qualified for the dividends received deduction available to corporations, and 100% of the ordinary income distribution was qualified dividend income. The percentage of ordinary income dividends paid by the Fund during 2009 derived from U.S. Treasury securities was 0.08%. Such income is exempt from state and local tax in all states. However, many states, including New York and California, allow a tax exemption for a portion of the income earned only if a mutual fund has invested at least 50% of its assets at the end of each quarter of the Fund s fiscal year in U.S. Government securities. The Fund did not meet this strict requirement in 2009. The percentage of U.S. Treasury securities held as of December 31, 2009 was 6.19%.

THE GABELLI DIVIDEND & INCOME TRUST ANNUAL APPROVAL OF CONTINUANCE OF INVESTMENT ADVISORY AGREEMENT

During the six months ended December 31, 2009, the Board of Trustees of the Trust approved the continuation of the investment advisory agreement with the Adviser for the Trust on the basis of the recommendation by the trustees (the Independent Board Members) who are not interested persons of the Trust. The following paragraphs summarize the material information and factors considered by the Independent Board Members as well as their conclusions relative to such factors.

Nature, Extent, and Quality of Services. The Independent Board Members considered information regarding the portfolio managers, the depth of the analyst pool available to the Adviser and the portfolio managers, the scope of administrative, shareholder, and other services supervised or provided by the Adviser, and the absence of significant service problems reported to the Board. The Independent Board Members noted the experience, length of service, and reputation of the portfolio managers.

Investment Performance. The Independent Board Members reviewed the performance of the Fund over one, three, and five year periods against a peer group of equity closed-end funds prepared by Lipper. The Board Members noted the Fund s second quartile relative performance for the one, three, and five year periods. The Board Members also noted that the Fund has not achieved its initial goal of earning at least 9% per year.

Profitability. The Independent Board Members reviewed summary data regarding the profitability of the Fund to the Adviser.

Economies of Scale. The Independent Board Members noted that the Fund was a closed-end fund trading at a discount to net asset value and, accordingly, unlikely to achieve growth of the type that might lead to economies of scale that the shareholders would not participate in. The Independent Board Members noted that the investment management fee schedule for the Fund does not take into account any potential economies of scale that may develop. Service and Cost Comparisons. The Independent Board Members compared the expense ratios of the investment management fee, other expenses, and total expenses of the Fund with similar expense ratios of the Lipper peer group of equity closed-end value funds and noted that the Adviser s management fee includes substantially all administrative services of the Fund as well as investment advisory services. The Board noted that the Fund was larger than average within the peer group and that its expense ratios were slightly below average. The Board Members compared the fee with the fees charged by the Adviser for other funds and noted that neither the Adviser nor any of its affiliates managed any other accounts with a similar mandate.

Conclusions. The Independent Board Members concluded that the Fund enjoyed highly experienced portfolio management services, good ancillary services, and a reasonable performance record. The Independent Board Members also concluded that the Fund s expense ratios and the profitability to the Adviser of managing the Fund were reasonable, and that economies of scale were not a significant factor in their thinking. The Board Members did not view the potential profitability of ancillary services as material to their decision. On the basis of the foregoing and without assigning particular weight to any single conclusion, the Independent Board Members determined to recommend continuation of the Advisory Agreement to the full Board.

The Annual Meeting of The Gabelli Dividend & Income Trust s shareholders will be held on Monday, May 17, 2010 at the Greenwich Library in Greenwich, Connecticut.

The Net Asset Value per share appears in the Publicly Traded Funds column, under the heading General Equity Funds, in Monday s The Wall Street Journal. It is also listed in Barron s Mutual Funds/Closed End Funds section under the heading General Equity Funds.

The Net Asset Value per share may be obtained each day by calling (914) 921-5070 or visiting www.gabelli.com. For general information about the Gabelli Funds, call **800-GABELLI** (800-422-3554), fax us at 914-921-5118, visit Gabelli Funds Internet homepage at: **www.gabelli.com**, or e-mail us at: closedend@gabelli.com

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that the Fund may, from time to time, purchase its common shares in the open market when the Fund s shares are trading at a discount of 7.5% or more from the net asset value of the shares. The Fund may also, from time to time, purchase its preferred shares in the open market when the preferred shares are trading at a discount to the liquidation value.

Item 2. Code of Ethics.

- (a) The registrant, as of the end of the period covered by this report, has adopted a code of ethics that applies to the registrant s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party.
- (c) There have been no amendments, during the period covered by this report, to a provision of the code of ethics that applies to the registrant s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, and that relates to any element of the code of ethics description.
- (d) The registrant has not granted any waivers, including an implicit waiver, from a provision of the code of ethics that applies to the registrant s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, that relates to one or more of the items set forth in paragraph (b) of this item s instructions.

Item 3. Audit Committee Financial Expert.

As of the end of the period covered by the report, the registrant s Board of Trustees has determined that Salvatore J. Zizza is qualified to serve as an audit committee financial expert serving on its audit committee and that he is independent, as defined by Item 3 of Form N-CSR.

Item 4. Principal Accountant Fees and Services.

Audit Fees

(a) The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the registrant s annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years are \$62,700 for 2008 and \$52,600 for 2009.

Audit-Related Fees

(b) The aggregate fees billed in each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant s financial statements and are not reported under paragraph (a) of this Item are \$9,145

for 2008 and \$9,400 for 2009. Audit-related fees represent services provided in the preparation of Preferred Shares Reports.

Tax Fees

(c) The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning are \$5,000 for 2008 and \$5,000 for 2009. Tax fees represent tax compliance services provided in connection with the review of the Registrant s tax returns.

All Other Fees

- (d) The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant, other than the services reported in paragraphs (a) through (c) of this Item are \$0 for 2008 and \$0 for 2009.
- (e)(1) Disclose the audit committee s pre-approval policies and procedures described in paragraph (c)(7) of Rule 2-01 of Regulation S-X.

Pre-Approval Policies and Procedures. The Audit Committee (Committee) of the registrant is responsible for pre-approving (i) all audit and permissible non-audit services to be provided by the independent registered public accounting firm to the registrant and (ii) all permissible non-audit services to be provided by the independent registered public accounting firm to the Adviser, Gabelli Funds, LLC, and any affiliate of Gabelli Funds, LLC (Gabelli) that provides services to the registrant (a Covered Services Provider) if the independent registered public accounting firm s engagement related directly to the operations and financial reporting of the registrant. The Committee may delegate its responsibility to pre-approve any such audit and permissible non-audit services to the Chairperson of the Committee, and the Chairperson must report to the Committee, at its next regularly scheduled meeting after the Chairperson s pre-approval of such services, his or her decision(s). The Committee may also establish detailed pre-approval policies and procedures for pre-approval of such services in accordance with applicable laws, including the delegation of some or all of the Committee s pre-approval responsibilities to the other persons (other than Gabelli or the registrant s officers). Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the permissible non-audit services were not recognized by the registrant at the time of the engagement to be non-audit services; and (ii) such services are promptly brought to the attention of the Committee and approved by the Committee or Chairperson prior to the completion of the audit.

- (e)(2) The percentage of services described in each of paragraphs (b) through (d) of this Item that were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X are as follows:
 - (b) 100%
 - (c) 100%
 - (d) N/A
 - (f) The percentage of hours expended on the principal accountant s engagement to audit the registrant s financial statements for the most recent fiscal year that were attributed to work

performed by persons other than the principal accountant s full-time, permanent employees was zero percent (0%).

- (g) The aggregate non-audit fees billed by the registrant s accountant for services rendered to the registrant, and rendered to the registrant s investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant for each of the last two fiscal years of the registrant was \$0 for 2008 and \$0 for 2009.
- (h) The registrant s audit committee of the board of directors has considered whether the provision of non-audit services that were rendered to the registrant s investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant s independence.

Item 5. Audit Committee of Listed registrants.

The registrant has a separately designated audit committee consisting of the following members: Frank J. Fahrenkopf, Jr., Anthonie C. van Ekris and Salvatore J. Zizza.

Item 6. Investments.
