MARKET, RANKING AND OTHER INDUSTRY DATA

The data included in this prospectus supplement, the accompanying prospectus and the documents we incorporate herein or therein by reference regarding markets and ranking, including the size of certain markets and our position and the position of our competitors within these markets, are based on reports of government agencies or published industry sources and estimates based on our management's knowledge and experience in the markets in which we operate. These estimates have been based on information obtained from our trade and business organizations and other contacts in the markets in which we operate. We believe these estimates to be accurate as of the date of this prospectus supplement. However, this information may prove to be inaccurate because of the method by which we obtained some of the data for the estimates or because this information cannot always be verified with complete certainty due to the limits on the availability and reliability of raw data, the voluntary nature of the data gathering process and other limitations and uncertainties. As a result, you should be aware that market, ranking and other similar industry data included in this prospectus supplement, the accompanying prospectus and the documents we incorporate herein or therein by reference and estimates and beliefs based on that data, may not be reliable.

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights information contained elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. This summary does not contain all of the information you should consider before investing in our common stock. Before deciding whether to invest in our common stock, you should carefully read the entire prospectus supplement and the accompanying prospectus, including the section entitled Risk Factors, as well as the documents incorporated by reference and any free writing prospectus we have prepared.

Overview

We provide an integrated platform of proprietary technology, brokerage and investment advisory services to over 12,500 independent financial advisors and financial advisors at financial institutions (our advisors) across the country, enabling them to successfully service their retail investors with unbiased, conflict-free financial advice. In addition, we support over 4,000 financial advisors with customized clearing, advisory platforms and technology solutions. Our singular focus is to support our advisors with the front, middle and back-office support they need to serve the large and growing market for independent investment advice, particularly in the mass affluent market (which we define as investors with \$100,000-\$1,000,000 in investable assets). We believe we are the only company that offers advisors the unique combination of an integrated technology platform, comprehensive self-clearing services and full open architecture access to leading financial products, all delivered in an environment unencumbered by conflicts from product manufacturing, underwriting or market making.

For over 20 years we have served the independent advisor market. We currently support the largest independent advisor base and we believe we are the fourth largest overall advisor base in the United States as of December 31, 2010. Through our advisors, we are also one of the largest distributors of financial products in the United States. Our scale is a substantial competitive advantage and enables us to more effectively attract and retain advisors. Our unique model allows us to invest more resources in our advisors, increasing their revenues and creating a virtuous cycle of growth. We are headquartered in Boston and currently have over 2,600 employees across our locations in Boston, Charlotte and San Diego.

Conflicts of Interest

Certain of the underwriters or their affiliates hold equity interests in the company or are lenders or have committed to lend under our senior secured credit facilities, including Goldman, Sachs & Co., J.P. Morgan Securities LLC, Morgan Stanley & Co. Incorporated, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc. and UBS Securities LLC. Because certain affiliates of Goldman, Sachs & Co. are selling stockholders and will receive, in the aggregate, more than 5% of the net proceeds of the offering, Goldman, Sachs & Co. may be deemed to have a conflict of interest under the Rule 5121 of the Financial Industry Regulatory Authority, Inc. (FINRA). Accordingly, this offering will be made in compliance with the applicable provisions of Rules 5121. These rules generally require a qualified independent underwriter to participate in the preparation of the registration statement and the prospectus and exercise the usual standards of due diligence in respect to such documents. However, because a *bona fide* public market (as defined in Rule 5121) exists for the common stock, a qualified independent underwriter is not required to be appointed. See Underwriting Conflicts of Interest.

RISK FACTORS

In addition to the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, including the matters addressed in Forward-Looking Statements, you should carefully consider the risk factors set forth below before making an investment in our common stock. In addition, you should read and consider the risk factors associated with our business included in the documents incorporated by reference in this prospectus supplement, including our Annual Report on Form 10-K for the year ended December 31, 2010. See Where You Can Find More Information.

Risks Related to the Offering and Ownership of Our Common Stock

The Majority Holders will have the ability to control the outcome of matters submitted for stockholder approval and may have interests that differ from those of our other stockholders.

As of April 18, 2011, investment funds affiliated with TPG Capital, L.P. and Hellman & Friedman LLC (collectively, the Majority Holders) owned approximately 62.9% of our common stock, or 56.0% on a fully diluted basis. The Majority Holders have significant influence over corporate transactions. So long as investment funds associated with or designated by the Majority Holders continue to own a significant amount of the outstanding shares of our common stock, even if such amount is less than 50%, the Majority Holders will continue to be able to strongly influence or effectively control our decisions, regardless of whether or not other stockholders believe that the transaction is in their own best interests. Such concentration of voting power could also have the effect of delaying, deterring or preventing a change of control or other business combination that might otherwise be beneficial to our stockholders. If the Majority Holders enter into a change in control transaction, certain members of our executive team have the contractual ability to terminate their employment within the thirty day period immediately following the twelve month anniversary of a change in control and receive severance payments.

In addition, the Majority Holders and their affiliates are in the business of making investments in companies and may, from time to time in the future, acquire interests in businesses that directly or indirectly compete with certain portions of our business. To the extent the Majority Holders invest in such other businesses, the Majority Holders may have differing interests than our other stockholders. The Majority Holders may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us.

The price of our common stock may be volatile and fluctuate substantially, which could result in substantial losses for our investors.

The market price of our common stock is highly volatile and may fluctuate substantially due to the following factors (in addition to the other risk factors described elsewhere or incorporated by reference into this prospectus supplement):

- actual or anticipated fluctuations in our results of operations;
- variance in our financial performance from the expectations of equity research analysts;
- conditions and trends in the markets we serve;
- announcements of significant new services or products by us or our competitors;

additions or changes to key personnel;

the commencement or outcome of litigation;

changes in market valuation or earnings of our competitors;

the trading volume of our common stock;

future sale of our equity securities;

S-3

Table of Contents

changes in the estimation of the future size and growth rate of our markets;
legislation or regulatory policies, practices or actions and
general economic conditions.

In addition, the stock markets in general have experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the particular companies affected. These broad market and industry factors may materially harm the market price of our common stock irrespective of our operating performance. In addition, in the past, following periods of volatility in the overall market and the market price of a company's securities, securities class action litigation has often been instituted against the affected company. This type of litigation, if instituted against us, could result in substantial costs and a diversion of our management's attention and resources.

We are a holding company and rely on dividends, distributions and other payments, advances and transfers of funds from our subsidiaries to meet our debt service and other obligations.

We have no direct operations and derive all of our cash flow from our subsidiaries. Because we conduct our operations through our subsidiaries, we depend on those entities for dividends and other payments or distributions to meet any existing or future debt service and other obligations. The deterioration of the earnings from, or other available assets of, our subsidiaries for any reason could limit or impair their ability to pay dividends or other distributions to us. In addition, FINRA regulations restrict dividends in excess of 10% of a member firm's excess net capital without FINRA's prior approval. Compliance with this regulation may impede our ability to receive dividends from our subsidiary LPL Financial.

We currently do not intend to pay dividends on our common stock and, consequently, your only opportunity to achieve a return on your investment is if the price of our common stock appreciates.

We do not anticipate that we will pay any cash dividends on shares of our common stock for the foreseeable future. Furthermore, our senior secured credit agreement places substantial restrictions on our ability to pay cash dividends. Any determination to pay dividends in the future will be at the discretion of our board of directors and will depend on results of operations, financial condition, contractual restrictions, restrictions imposed by applicable law and other factors our board of directors deems relevant. Accordingly, realization of a gain on your investment will depend on the appreciation of the price of our common stock, which may never occur. Please see the section titled "Dividend Policy" for additional information.

Upon expiration of lock-up agreements between the underwriters and our officers, directors and certain holders of our common stock, a substantial number of shares of our common stock could be sold into the public market, which could depress our stock price.

Our officers, directors, the Majority Holders and the selling stockholders in this offering have entered into lock-up agreements with the underwriters that prohibit, subject to certain limited exceptions, the disposal or pledge of, or the hedging against, any of their common stock or securities convertible into or exchangeable for shares of common stock for a period of 90 days after the date of this prospectus supplement. Certain holders of our common stock, options and warrants who are not participating in this offering are subject to similar lock-up agreements entered into in connection with our initial public offering for a period through May 16, 2011, subject to extension in certain circumstances. However, upon the expiration of these lock-up agreements in May 2011 (as may be extended) or July 2011, as applicable, subject to any extension of those expiration dates, the market price of our common stock could decline as a

result of sales by our stockholders in the market or the perception that these sales could occur. These factors could also make it difficult for us to raise additional capital by selling stock.

S-4

Table of Contents

Anti-takeover provisions in our certificate of incorporation and bylaws could prevent or delay a change in control of our company.

Our certificate of incorporation and our bylaws contain certain provisions that may discourage, delay or prevent a change in our management or control over us that stockholders may consider favorable, including the following, some of which may only become effective when the Majority Holders collectively own less than 40% of our outstanding shares of common stock:

the division of our board of directors into three classes and the election of each class for three-year terms;

the sole ability of the board of directors to fill a vacancy created by the expansion of the board of directors;

advance notice requirements for stockholder proposals and director nominations;

limitations on the ability of stockholders to call special meetings and to take action by written consent;

when the Majority Holders collectively own 50% or less of our outstanding shares of common stock, the approval of holders of at least two-thirds of the shares entitled to vote generally on the making, alteration, amendment or repeal of our certificate of incorporation or bylaws, will be required to adopt, amend or repeal our bylaws, or amend or repeal certain provisions of our certificate of incorporation;

the required approval of holders of at least two-thirds of the shares entitled to vote at an election of the directors to remove directors and, following the classification of the board of directors, removal only for cause and

the ability of our board of directors to designate the terms of and issue new series of preferred stock, without stockholder approval, which could be used to institute a rights plan, or a poison pill, that would work to dilute the stock ownership or a potential hostile acquirer, likely preventing acquisitions that have not been approved by our board of directors.

The existence of the foregoing provisions and anti-takeover measures could limit the price that investors might be willing to pay in the future for shares of our common stock. They could also deter potential acquirers of our company, thereby reducing the likelihood that you could receive a premium for your common stock in the acquisition.

(1) Financial results as of and for the years ended December 31, 2010, 2009, 2008 and 2007 include several broker-dealer acquisitions that occurred in 2007. Consequently, the results of operations for 2006 may not be directly comparable to later periods.

- (2) Total debt consists of our senior secured credit facilities, senior unsecured subordinated notes, revolving line of credit facility and bank loans payable.
- (3) See Management's Discussion and Analysis of Financial Condition and Results of Operations – How We Evaluate Growth in our Annual Report on Form 10-K for the year ended December 31, 2010 and our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2011 for explanations of why we present Adjusted EBITDA, Adjusted Earnings and Adjusted Earnings per share and a description of the limitation of these non-GAAP measures, as well as reconciliations to net income and net income per share, as applicable.
- (4) Gross margin is calculated as net revenues less production expenses. Production expenses consist of the following expense categories from our consolidated statements of operations: (i) commissions and advisory fees and (ii) brokerage, clearing and exchange. All other expense categories, including depreciation and amortization, are considered general and administrative in nature. Because our gross margin amounts do not include any depreciation and amortization expense, our gross margin amounts may not be comparable to those of others in our industry. In 2010, upon closing our initial public offering in the fourth quarter, the restriction on approximately 7.4 million shares of common stock issued to our advisors under the Fifth Amended and Restated 2000 Stock Bonus Plan was released. Accordingly, we recorded a share-based compensation charge of \$222.0 million in the fourth quarter of 2010, representing the offering price of \$30.00 per share multiplied by 7.4 million shares. This charge has been classified as production expense in 2010. Gross margin as calculated for the year ended December 31, 2010 above does not include this charge for comparability purposes with previous years shown.
- (5) Number of advisors is defined as those investment professionals who are licensed to do business with our broker-dealer subsidiaries. In 2009, we attracted record levels of new advisors due to the dislocation in the marketplace that impacted many of our competitors. This record recruitment was offset by attrition related to the consolidation of the operations of Mutual Service Corporation, Associated Financial Group, Inc. Associated Securities Corp., Associated Planners Investment Advisory, Inc. and Waterstone Financial Group, Inc. Excluding this attrition, we added 750 net new advisors during 2009, representing 6.3% advisor growth.
- (6) Advisory and brokerage assets are comprised of assets that are custodied, networked and non-networked and reflect market movement in addition to new assets, inclusive of new business development and net of attrition.
- (7) Advisory assets under management, insured cash account balances and money market balances are components of advisory and brokerage assets.

DIVIDEND POLICY

We have not paid any dividends on our common stock during the past five fiscal years and we do not currently anticipate declaring or paying cash dividends on our common stock in the foreseeable future. We currently intend to retain all of our future earnings, if any, to finance operations and repay debt. Our senior secured credit facilities contain restrictions on our activities, including paying dividends on our capital stock. In addition, FINRA regulations restrict dividends in excess of 10% of a member firm's excess net capital without FINRA's prior approval, potentially impeding our ability to receive dividends from our subsidiary LPL Financial. Any future determination relating to our dividend policy will be made at the discretion of our board of directors and will depend on a number of factors, including future earnings, capital requirements, financial conditions, future prospects, contractual restrictions and covenants and other factors that our board of directors may deem relevant.

Table of Contents**PRINCIPAL AND SELLING STOCKHOLDERS**

The following table sets forth certain information with respect to the beneficial ownership of our common stock at April 18, 2011 for:

each person whom we know beneficially owns more than 5% of our common stock;

each of our directors;

each of our named executive officers;

all of our directors and executive officers as a group and

each other selling stockholder.

The number of shares beneficially owned by each stockholder is determined under rules issued by the SEC and includes voting or investment power with respect to securities. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power. Each of the stockholders listed has sole voting and investment power with respect to the shares beneficially owned by the stockholder unless noted otherwise, subject to community property laws where applicable. Many of the selling stockholders have affiliations with broker-dealers, including our subsidiary LPL Financial, but received the shares in the ordinary course of business and, at the time of receipt, had no agreements or understandings, directly or indirectly, with any person to distribute the shares.

The percentage of common stock beneficially owned by each person before the offering is based on 108,859,632 shares of common stock. Shares of common stock that may be acquired within 60 days following April 18, 2011 pursuant to the exercise of options or warrants are deemed to be outstanding for the purpose of computing the percentage ownership of such holder but are not deemed to be outstanding for computing the percentage ownership of any other person shown in the table. Beneficial ownership representing less than 1% is denoted with an asterisk.

Unless otherwise indicated, the address for each of the stockholders in the table below, excluding the Other Selling Stockholders, is c/o LPL Investment Holdings Inc., One Beacon Street, Boston, Massachusetts 02108.

**MATERIAL U.S. FEDERAL TAX CONSIDERATIONS FOR
NON-U.S. HOLDERS OF COMMON STOCK**

The following is a summary of certain material U.S. federal income and estate tax considerations relating to the purchase, ownership and disposition of our common stock by Non-U.S. Holders (defined below). This summary does not purport to be a complete analysis of all the potential tax considerations relevant to Non-U.S. Holders of our common stock. This summary is based upon the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), the Treasury regulations promulgated or proposed thereunder and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change at any time, possibly on a retroactive basis.

This summary assumes that shares of our common stock are held as capital assets within the meaning of Section 1221 of the Internal Revenue Code. This summary does not purport to deal with all aspects of U.S. federal income and estate taxation that might be relevant to particular Non-U.S. Holders in light of their particular investment circumstances or status, nor does it address specific tax considerations that may be relevant to particular persons (including, for example, financial institutions, broker-dealers, insurance companies, partnerships or other pass-through entities, certain U.S. expatriates, tax-exempt organizations, pension plans, controlled foreign corporations, passive foreign investment companies, corporations that accumulate earnings to avoid U.S. federal income tax, persons in special situations, such as those who have elected to mark securities to market or those who hold common stock as part of a straddle, hedge, conversion transaction, synthetic security or other integrated investment, persons that have a functional currency other than the U.S. dollar, or holders subject to the alternative minimum tax). In addition, this summary does not address certain estate and gift tax considerations or considerations under the tax laws of any state, local or non-U.S. jurisdiction.

For purposes of this summary, a Non-U.S. Holder means a beneficial owner of common stock that for U.S. federal income tax purposes is not:

an individual who is a citizen or resident of the United States;

a corporation or any other organization taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is included in gross income for U.S. federal income tax purposes regardless of its source or

a trust if (1) a U.S. court is able to exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all of the trust's substantial decisions or (2) the trust has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

If an entity that is classified as a partnership for United States federal income tax purposes holds our common stock, the tax treatment of its partners will generally depend upon the status of the partner and the activities of the partnership. Partnerships and other entities that are classified as partnerships for U.S. federal income tax purposes and persons holding our common stock through a partnership or other entity classified as a partnership for U.S. federal income tax purposes are urged to consult their own tax advisors.

There can be no assurance that the Internal Revenue Service (IRS) will not challenge one or more of the tax consequences described herein, and we have not obtained, nor do we intend to obtain, an opinion of counsel with respect to the U.S. federal income or estate tax consequences to a Non-U.S. Holder of the purchase, ownership or

disposition of our common stock.

S-19

Table of Contents

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO BE TAX ADVICE. NON-U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME AND ESTATE TAXATION, STATE, LOCAL AND NON-U.S. TAXATION AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF OUR COMMON STOCK, AS WELL AS THE APPLICATION OF STATE, LOCAL AND NON-U.S. INCOME AND OTHER TAX LAWS.

Distributions on Our Common Stock

As discussed under *Dividend Policy* above, we do not currently anticipate declaring or paying cash dividends on our common stock in the foreseeable future. In the event that we do make a distribution of cash or property with respect to our common stock, any such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds our current and accumulated earnings and profits, the excess will be treated as a tax-free return of the Non-U.S. Holder's investment, up to such holder's tax basis in the common stock. Any remaining excess will be treated as capital gain, subject to the tax treatment described below in *Gain on Sale, Exchange or Other Taxable Disposition of Our Common Stock*.

Dividends paid to a Non-U.S. Holder generally will be subject to a 30% U.S. federal withholding tax unless such Non-U.S. Holder provides us or our agent, as the case may be, with the appropriate IRS Form W-8, such as:

IRS Form W-8BEN (or successor form) claiming, under penalties of perjury, a reduction in withholding under an applicable income tax treaty, or

IRS Form W-8ECI (or successor form) stating that a dividend paid on common stock is not subject to withholding tax because it is effectively connected with a trade or business in the United States of the Non-U.S. Holder (in which case such dividend generally will be subject to regular graduated U.S. tax rates as described below).

The certification requirement described above also may require a Non-U.S. Holder that provides an IRS form or that claims treaty benefits to provide its U.S. taxpayer identification number.

Each Non-U.S. Holder is urged to consult its own tax advisor about the specific methods for satisfying these requirements. A claim for exemption will not be valid if the person receiving the applicable form has actual knowledge or reason to know that the statements on the form are false.

If dividends are effectively connected with a trade or business in the United States of the Non-U.S. Holder (and, if required by an applicable income tax treaty, attributable to a U.S. permanent establishment), the Non-U.S. Holder, although exempt from the withholding tax described above (provided that the certifications described above are satisfied), will be subject to U.S. federal income tax on such dividends on a net income basis in the same manner as if it were a resident of the United States. In addition, if such Non-U.S. Holder is a non-U.S. corporation and dividends are effectively connected with its trade or business in the United States (and, if required by an applicable income tax treaty, attributable to a U.S. permanent establishment), such Non-U.S. Holder may be subject to an additional branch profits tax equal to 30% (unless reduced by an applicable income treaty) in respect of such effectively-connected income.

If a Non-U.S. Holder is eligible for a reduced rate of U.S. federal withholding tax pursuant to an income tax treaty, such holder may obtain a refund or credit of any excess amount withheld by timely filing an appropriate claim for refund with the IRS.

Gain on Sale, Exchange or Other Taxable Disposition of Our Common Stock

Subject to the discussion below under the Section titled **Recently Enacted Legislation Affecting Taxation of Our Common Stock Held By or Through Foreign Entities**, in general, a Non-U.S. Holder

S-20

Table of Contents

will not be subject to U.S. federal income tax or withholding tax on gain realized upon such holder's sale, exchange or other taxable disposition of shares of our common stock unless (i) such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition, and certain other conditions are met, (ii) we are or have been a United States real property holding corporation, as defined in the Internal Revenue Code (a USRPHC), at any time within the shorter of the five-year period preceding the disposition and the Non-U.S. Holder's holding period with respect to the shares of our common stock, or (iii) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by such Non-U.S. Holder).

If the first exception applies, the Non-U.S. Holder generally will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which such Non-U.S. Holder's capital gains allocable to U.S. sources exceed capital losses allocable to U.S. sources during the taxable year of the disposition. If the third exception applies, the Non-U.S. Holder generally will be subject to U.S. federal income tax with respect to such gain in the same manner as if it were a resident of the United States, unless otherwise provided in an applicable income tax treaty, and a Non-U.S. Holder that is a corporation for U.S. federal income tax purposes may also be subject to a branch profits tax with respect to such gain at a rate of 30% (or at a reduced rate under an applicable income tax treaty).

Generally, a corporation is a USRPHC only if the fair market value of its U.S. real property interests (as defined in the Internal Revenue Code) equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests plus its other assets used or held for use in a trade or business. Although there can be no assurance, we believe that we are not, and do not anticipate becoming, a USRPHC. However, because the determination of whether we are a USRPHC depends on the fair market value of our U.S. real property relative to the fair market value of other business assets, there can be no assurance that we will not become a USRPHC in the future. Even if we become a USRPHC, a Non-U.S. Holder would not be subject to U.S. federal income tax on a sale, exchange or other taxable disposition of our common stock so long as our common stock continues to be regularly traded on an established securities market and such Non-U.S. Holder does not own and is not deemed to own (directly, indirectly or constructively) more than 5% of our common stock at any time during the shorter of the five year period ending on the date of disposition and the holder's holding period.

Recently Enacted Legislation Affecting Taxation of Our Common Stock Held By or Through Foreign Entities

Recently enacted legislation generally will impose a U.S. federal withholding tax of 30% on dividends and the gross proceeds of a disposition of our common stock paid after December 31, 2012 to a foreign financial institution (as specially defined under these rules), unless such institution enters into an agreement with the United States government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners). The legislation also will generally impose a U.S. federal withholding tax of 30% on dividends and the gross proceeds of a disposition of our common stock paid after December 31, 2012 to a non-financial foreign entity unless such entity provides the withholding agent with a certification identifying the direct and indirect U.S. owners of the entity. The scope of these requirements remains unclear and potentially subject to material changes resulting from any future guidance. Under certain circumstances, a Non-U.S. holder might be eligible for refunds or credits of such taxes. Prospective investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in our common stock. Non-U.S. holders are urged to consult their own advisors about the new requirements and the effect that such new requirements may have on them.

Table of Contents

Backup Withholding and Information Reporting

Subject to the discussion in the preceding paragraph, we must report annually to the IRS and to each Non-U.S. Holder the gross amount of the distributions on our common stock paid to such holder and the tax withheld, if any, with respect to such distributions. A Non-U.S. holder may have to comply with specific certification procedures to establish that the holder is not a U.S. person (as defined in the Internal Revenue Code) in order to avoid backup withholding at the applicable rate, currently 28% and scheduled to increase to 31% for taxable years 2013 and thereafter, with respect to dividends on our common stock. Dividends paid to Non-U.S. Holders subject to the U.S. withholding tax, as described above in *Distributions on Our Common Stock*, generally will be exempt from U.S. backup withholding.

Information reporting and backup withholding will generally apply to the proceeds of a disposition of our common stock by a Non-U.S. Holder effected by or through the U.S. office of any broker, U.S. or foreign, unless the holder certifies its status as a Non-U.S. Holder and satisfies certain other requirements, or otherwise establishes an exemption. Generally, information reporting and backup withholding will not apply to a payment of disposition proceeds to a Non-U.S. Holder where the transaction is effected outside the United States through a non-U.S. office of a broker. However, for information reporting purposes, dispositions effected through a non-U.S. office of a broker with substantial U.S. ownership or operations generally will be treated in a manner similar to dispositions effected through a U.S. office of a broker. Non-U.S. holders should consult their own tax advisors regarding the application of the information reporting and backup withholding rules to them.

Copies of information returns may be made available to the tax authorities of the country in which the Non-U.S. Holder resides or is incorporated under the provisions of a specific treaty or agreement.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a Non-U.S. Holder can be refunded or credited against the Non-U.S. Holder's U.S. federal income tax liability, if any, provided that an appropriate claim is timely filed with the IRS.

Federal Estate Tax

Common stock held by an individual Non-U.S. Holder at the time of death, and common stock held by entities the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes, will be included in such Non-U.S. Holder's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise. Generally, amounts included in the taxable estate of decedents before December 31, 2012 are subject to U.S. federal estate tax at a maximum rate of 35%. However, the maximum U.S. federal estate tax rate is scheduled to increase to 55% with respect to the taxable estate of decedents dying after December 31, 2012.

The company and its officers and directors, the Majority Holders and the selling stockholders, have agreed, subject to certain exceptions, not to dispose of or hedge any of their common stock or securities convertible into or exchangeable for shares of common stock during the period from April 25, 2011 continuing through the date 90 days after the date hereof. The restrictions described in the above paragraph do not apply to:

transfers of shares of common stock by any such person other than the company (i) as a *bona fide* gift or gifts, (ii) to immediate family members, trusts for the benefit of such person or its immediate family members, or limited partnerships the partners of which are such person and/or its immediate family members, (iii) by will or intestacy or (iv) to limited or general partners, members, stockholders or affiliates (as defined under Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act)) of such person or, in the case of a corporation, to its wholly-owned subsidiary; provided that in each case, the donee, distributee or transferee shall sign and deliver a lock-up agreement, such transfer or distribution shall be a

disposition for no value and no filing under Section 16(a) of the Exchange Act during the restricted period shall be required or shall be voluntarily made in connection therewith;

the exercise of options to purchase shares of common stock granted prior to April 25, 2011 under the company's stock incentive plan or stock purchase plan, or the disposition to the company of shares of restricted stock granted pursuant to the terms of such plan prior to April 25, 2011, provided that no filing under Section 16(a) of the Exchange Act during the restricted period shall be required or shall be voluntarily made in connection therewith;

the sale of shares of common stock to the underwriters in connection with this offering;

transfers of shares of common stock with the prior written consent of the representatives of the underwriters and

the issuance of shares of common stock by the company in connection with the acquisition by the company or one or more of the company's subsidiaries of assets or capital stock of another person or entity, whether through merger, asset acquisition, stock purchase or otherwise, provided that the aggregate number of shares issued in connection therewith does not exceed 5,442,982 shares of common stock and prior to such issuance the recipient of such shares shall sign and deliver to the company a lock-up agreement.

The company's common stock is currently listed on The NASDAQ Global Select Market under the symbol LPLA.

In connection with the offering, the underwriters may purchase and sell shares of common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. The underwriters must close out any short position by purchasing shares in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of common stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the company's stock, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the

common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these

S-24

activities are commenced, they may be discontinued at any time. These transactions may be effected on The NASDAQ Global Select Market, in the over-the-counter market or otherwise.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of shares to the public in that Relevant Member State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of shares to the public in that Relevant Member State at any time:

- (a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;
- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer or
- (d) in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of shares to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the shares in, from or otherwise involving the United Kingdom.

Accordingly, this prospectus supplement, the accompanying prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Notice to Residents of Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

particular, this document will not be filed with, and the offer of shares will not be supervised by, the Swiss Financial Market Supervisory Authority FINMA (FINMA), and the offer of shares has not been and will not be authorized under the Swiss Federal Act on Collective Investment Schemes (CISA). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of shares.

Conflicts of Interest

Certain of the underwriters or their affiliates hold equity interests in the company or are lenders or have committed to lend under our senior secured credit facilities, including Goldman, Sachs & Co., J.P. Morgan Securities LLC, Morgan Stanley & Co. Incorporated, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc. and UBS Securities LLC.

Because certain affiliates of Goldman, Sachs & Co. are selling stockholders and will receive, in the aggregate, more than 5% of the net proceeds of the offering, Goldman, Sachs & Co. may be deemed to have a conflict of interest under the Rule 5121 of FINRA. Accordingly, this offering will be made in compliance with the applicable provisions of Rules 5121. These rules generally require a qualified independent underwriter to participate in the preparation of the registration statement and the prospectus and exercise the usual standards of due diligence in respect to such documents. However, because a *bona fide* public market (as defined in Rule 5121) exists for the common stock, a qualified independent underwriter is not required to be appointed. To comply with Rule 5121, Goldman, Sachs & Co. will not sell to a discretionary account any security offered hereby, unless it received specific written approval of the transaction from the accountholder.

Solebury Capital LLC (Solebury), a FINRA member, is acting as our financial advisor in connection with the offering. We have agreed to pay Solebury a base fee of \$100,000 plus an incentive fee of \$50,000, to be paid purely at our discretion, for their services and to reimburse Solebury for certain expenses incurred in connection with the engagement of up to \$15,000 in the aggregate and not to exceed \$1,000 in each instance without our written consent. Solebury will not underwrite or purchase any of the offered securities or otherwise participate in any such undertaking.

The company estimates that its share of the total expenses of the offering, which do not include underwriting discounts and commissions, will be approximately \$1,000,000. The underwriters have agreed to reimburse us for certain expenses up to a maximum of \$150,000 in the aggregate in connection with the offering.

The company and the selling stockholders have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have from time to time performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. These services include depository relationships in connection with the company's cash sweep program. Lazard Frères & Co. LLC referred this transaction to Lazard Capital Markets LLC and will receive a referral fee from Lazard Capital Markets LLC in connection therewith.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and such investment and securities activities may involve securities and/or instruments of the company. The underwriters and

their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

ABOUT THIS PROSPECTUS

When we use the terms we, us, our, LPL or the company, we mean LPL Investment Holdings Inc., a Delaware corporation, and its consolidated subsidiaries, including LPL Financial LLC, taken as a whole, as well as the predecessor entity LPL Holdings, Inc., unless the context otherwise indicates.

This prospectus is a part of a registration statement that we filed with the Securities and Exchange Commission (SEC), as a well-known seasoned issuer as defined under Rule 405 under the Securities Act of 1933, as amended (the Securities Act), using a shelf registration process. Under this shelf registration process, we and the selling stockholders may from time to time sell common stock in one or more offerings. This prospectus provides you with a general description of our common stock. Each time we or the selling stockholders sell securities under this shelf registration, we will provide a prospectus supplement that will contain specific information about the terms of that offering, including information about the selling stockholders. The prospectus supplement may also add, update or change information contained in this prospectus. If the information in this prospectus is inconsistent with a prospectus supplement, you should rely on the prospectus supplement. You should read both this prospectus and any prospectus supplement, including all documents incorporated herein or therein by reference, together with additional information described under Where You Can Find More Information.

RISK FACTORS

Investing in our common stock involves a high degree of risk. See Item 1A Risk Factors in our most recent Annual Report on Form 10-K incorporated by reference in this prospectus and in any subsequent Quarterly Report on Form 10-Q and the Risk Factors section in the applicable prospectus supplement for a discussion of the factors you should carefully consider before deciding to purchase our common stock.

FORWARD-LOOKING STATEMENTS

This prospectus, the accompanying prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements (regarding future financial position, budgets, business strategy, projected costs, plans, objectives of management for future operations, and other similar matters) that involve risks and uncertainties. Forward-looking statements can be identified by words such as anticipates, expects, believes, plans, predicts and similar terms. Forward-looking statements are not guarantees of future performance and there are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements including, but not limited to, changes in general economic and financial market conditions, fluctuations in the value of assets under management, effects of competition in the financial services industry, changes in the number of our financial advisors and institutions and their ability to effectively market financial products and services, the effect of current, pending and future legislation and regulation and regulatory actions. In particular, you should consider the numerous risks described in our Annual Report on Form 10-K for the year ended December 31, 2010 and any subsequent Quarterly Reports on Form 10-Q, each incorporated by reference in this prospectus and in the Risk Factors section in the applicable prospectus supplement. See Where You Can Find More Information.

USE OF PROCEEDS

Except as otherwise provided in the applicable prospectus supplement, we intend to use the net proceeds we receive from our sale of the securities covered by this prospectus for general corporate purposes, which may include repayment of debt, working capital, capital expenditures and possible acquisitions. Additional information on the use of net proceeds we receive from the sale of securities covered by this prospectus may be set forth in the prospectus supplement relating to the specific offering.

We will not receive any proceeds in the event the securities are sold by a selling stockholder.

DESCRIPTION OF COMMON STOCK

References to the Company, us, we or our in this section mean LPL Investment Holdings, Inc. and do not include the subsidiaries of LPL Investment Holdings, Inc. Also, in this section, references to holders mean those who own common stock registered in their own names, on the books that we maintain for this purpose.

The following summary of the terms of our common stock does not purport to be complete. You should refer to our certificate of incorporation and bylaws, both of which are on file with the SEC as exhibits to previous filings. The summary below is also qualified by provisions of applicable law.

General

Under our certificate of incorporation, we have authority to issue up to 600,000,000 shares of common stock, par value \$0.001 per share. As of April 18, 2011, we had 108,859,632 shares of common stock outstanding, held by 1,172 record holders.

Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders and do not have cumulative voting rights. An election of directors by our stockholders shall be determined by a plurality of the votes cast by the stockholders entitled to vote on the election. Holders of common stock are entitled to receive proportionately any dividends as may be declared by our board of directors, subject to any preferential dividend rights of any series of preferred stock that is outstanding at the time of the dividend.

In the event of our liquidation or dissolution, the holders of common stock are entitled to receive proportionately our net assets available for distribution to stockholders after payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock.

All shares of common stock will, when issued, be duly authorized, fully paid and nonassessable. The rights, preferences and privileges of holders of common stock are subject to the rights of the holders of shares of any series of preferred stock that the company may designate and issue in the future.

Anti-takeover Effects of the Delaware General Corporation Law and Our Certificate of Incorporation and Bylaws

Our certificate of incorporation and our bylaws contain provisions that may delay, defer or discourage another party from acquiring control of us, some of which may only become effective when TPG Capital, L.P. and Hellman & Friedman LLC (collectively, the Majority Holders) collectively cease to beneficially own at least 40% or more of our outstanding shares of common stock (such time referred to in this section as the triggering event). We expect that

these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with the board of directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our stockholders. However, they may also discourage acquisitions that some stockholders may favor. This offering will not constitute a triggering event.

Table of Contents

Board of Directors

Our board of directors currently has nine members. Our certificate of incorporation provides that until the occurrence of the triggering event (as defined above), the number of directors shall not be increased without, in addition to any other vote otherwise required by law, the affirmative vote or written consent of at least 60% of the outstanding shares of common stock. In addition, our stockholders' agreement provides that the board of directors will not have more than nine members for so long as either Hellman & Friedman LLC and its affiliates or TPG Capital, L.P. and its affiliates are entitled to appoint two directors under the stockholders' agreement.

Potential Staggered Board

Our certificate of incorporation provides that at the first annual meeting after the triggering event, our board of directors shall be divided into three classes with staggered three-year terms. The classification of our board could make it more difficult for a third party to acquire, or discourage a third party from seeking to acquire, control of our company.

Action by Written Consent

The Delaware General Corporation Law (DGCL) provides that, unless otherwise stated in a corporation's certificate of incorporation, the stockholders may act by written consent without a meeting. Our certificate of incorporation provides that following the triggering event, any action required or permitted to be taken by our stockholders at an annual meeting or special meeting of the stockholders may only be taken at such annual or special meeting, and not by written consent without a meeting, if it is properly brought before such annual or special meeting.

Special Meeting of Stockholders and Advance Notice Requirements for Stockholder Proposals

Our certificate of incorporation and bylaws provide that, except as otherwise required by law, special meetings of the stockholders can only be called by (a) our chairman or vice chairman of the board, (b) our president, (c) a majority of the board of directors through a special resolution, or (d) prior to the triggering event, the holders of at least 40% of the outstanding shares of common stock.

In addition, following the occurrence of the triggering event described above, our bylaws will require advance notice procedures for stockholder proposals to be brought before an annual meeting of the stockholders, including the nomination of directors. Stockholders at an annual meeting may only consider the proposals specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors, or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered a timely written notice in proper form to our secretary, of the stockholder's intention to bring such business before the meeting.

These provisions could have the effect of delaying until the next stockholder meeting any stockholder actions that are favored by the holders of a majority of our outstanding voting securities.

Requirements for Removal and Interim Election of Directors

At such time as our board of directors has been divided into three classes, our certificate of incorporation provides that the directors may only be removed for cause and only by the affirmative vote of the holders of at least two-thirds of the voting power of our outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class. Our certificate of incorporation and bylaws provide that prior to the triggering event, directors may be removed, with or without cause, by the holders of a majority of the shares entitled to vote on the election of directors, voting together as a single class.

Vacancies and newly-created directorships may be filled only by a vote of a majority of the directors then in office, even though less than a quorum, and not by the stockholders, except that, prior to a triggering event, such vacancies may be filled by, in addition to any other vote otherwise required by law, the affirmative vote of holders of a majority of the outstanding shares of common stock. In addition, the certificate of incorporation provides that any vacancy created by the removal of a director by the stockholders shall only be filled by, in

Table of Contents

addition to any other vote otherwise required by law, the affirmative vote of a majority of the outstanding shares of common stock. Our bylaws allow the presiding officer at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed.

These provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company.

Amendment to Certificate of Incorporation and Bylaws

The DGCL provides generally that the affirmative vote of a majority of the outstanding stock entitled to vote on amendments to a corporation's certificate of incorporation or bylaws is required to approve such amendment, unless a corporation's certificate of incorporation or bylaws, as the case may be, requires a greater percentage. Following the first time when the Majority Holders collectively cease to own more than 50% of our outstanding shares of common stock, our bylaws may be amended or repealed by a majority vote of our board of directors or, in addition to any other vote otherwise required by law, the affirmative vote of at least two-thirds of the voting power of our outstanding shares of common stock. Additionally, following the first time when the Majority Holders collectively cease to own more than 50% of our outstanding shares of common stock, the affirmative vote of at least two-thirds of the voting power of the outstanding shares of capital stock entitled to vote on the adoption, alteration, amendment or repeal of our certificate of incorporation, voting as a single class is required to amend or repeal or to adopt any provision inconsistent with the Board of Directors, No Action by Written Consent, Special Meetings of Stockholders, Amendments to the Amended and Restated Certificate of Incorporation and Bylaws and Business Combinations provisions described in our certificate of incorporation. These provisions may have the effect of deferring, delaying or discouraging the removal of any anti-takeover defenses provided for in our certificate of incorporation and our bylaws.

Exclusive Jurisdiction of Certain Actions

Our certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in the name of the company, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware. Although we believe this provision benefits the company by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

Authorized but Unissued Shares

The authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of The NASDAQ Global Select Market. These additional shares may be used for a variety of corporate finance transactions, acquisitions and employee benefit plans. The existence of authorized but unissued common stock and preferred stock could make more difficult, or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger, or otherwise.

Business Combinations

We have elected to not be subject to Section 203 of the DGCL, which regulates business combinations with interested stockholders.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is BNY Mellon Shareowner Services.

Listing

Our common stock is listed on The NASDAQ Global Select Market under the symbol LPLA.

PLAN OF DISTRIBUTION

We and the selling stockholders may sell securities in any of the ways described below or in any combination:

- to or through underwriters or dealers;
- through one or more agents; or
- directly to purchasers or to a single purchaser.

The distribution of the securities by us or the selling stockholders may be effected from time to time in one or more transactions:

- at a fixed price, or prices, which may be changed from time to time;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Each prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement will describe the terms of the offering of the securities, including the following:

- the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them;
- the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to dealers.
- if the securities are sold by the selling stockholders, information about the selling stockholders, including the relationship between the selling stockholders and us.

Any offering price and any discounts or concessions allowed or reallocated or paid to dealers will be specified in the applicable prospectus supplement and may be changed from time to time.

Only the agents or underwriters named in each prospectus supplement are agents or underwriters in connection with the securities being offered thereby.

We and the selling stockholders may authorize underwriters, dealers or other persons acting as our agents to solicit offers by certain institutions to purchase securities from us or the selling stockholders pursuant to delayed delivery contracts providing for payment and delivery on the date stated in each applicable prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to such contracts shall not be less nor more than, the respective amounts stated in each applicable prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but

shall in all cases be subject to our approval. Delayed delivery contracts will be subject only to those conditions set forth in each applicable prospectus supplement, and each prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Agents, underwriters and other third parties described above may be entitled to indemnification by us and the selling stockholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution from us and the selling stockholders with respect to payments which the agents, underwriters or third parties may be required to make in respect thereof. Agents, underwriters and such other third parties may be customers of, engage in transactions with, or perform services for us or the selling stockholders in the ordinary course of business. We and the selling stockholders may also use underwriters or such other third parties with whom we or such selling stockholders have a material relationship. We and the selling stockholders will describe the nature of any such relationship in the applicable prospectus supplement.

Table of Contents

Certain underwriters may use this prospectus and any accompanying prospectus supplement for offers and sales related to market-making transactions in the securities. These underwriters may act as principal or agent in these transactions, and the sales will be made at prices related to prevailing market prices at the time of sale. Any underwriters involved in the sale of the securities may qualify as underwriters within the meaning of Section 2(a)(11) of the Securities Act. In addition, the underwriters' commissions, discounts or concessions may qualify as underwriters' compensation under the Securities Act and the rules of the Financial Industry Regulatory Authority.

Our common stock is listed on The NASDAQ Global Select Market. Underwriters may make a market in our common stock, but will not be obligated to do so and may discontinue any market making at any time without notice. We can make no assurance as to the development, maintenance or liquidity of any trading market for the securities.

Certain persons participating in an offering may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with rules and regulations under the Securities Exchange Act of 1934, as amended (the Exchange Act). Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.
