Important Notice to Fund Shareholders

OCTOBER 17, 2011

Although we recommend that you read the complete Joint Proxy Statement, for your convenience, we have provided a brief overview of the issues to be voted on.

Q. Why am I receiving this Joint Proxy Statement?

- A.** You are receiving this Joint Proxy Statement in connection with the annual shareholders meeting of the Nuveen closed-end funds listed at the top of the Notice of Annual Meeting of Shareholders (each a Fund and collectively, the Funds). The following proposals will be considered:
- (i) the election of board members for each Fund (the list of specific nominees is contained in the enclosed Joint Proxy Statement);
 - (ii) the elimination of the current fundamental investment policy and adoption of a new fundamental investment policy regarding the ability to make loans by each Affected Municipal Fund (as defined in the Joint Proxy Statement) in order to update and conform such Funds policies with other Nuveen closed-end municipal funds.
 - (iii) the elimination of certain fundamental investment policies and adoption of new fundamental investment policies for Nuveen California Investment Quality Municipal Fund, Inc. and Nuveen California Performance Plus Municipal Fund, Inc. in order to update and conform such Funds policies with other Nuveen closed-end municipal funds relating to municipal securities and below investment grade securities, derivatives and short sales and other investment companies.

Your Fund s Board of Trustees/Directors (Board), including your Board s independent members, unanimously recommends that you vote **FOR** each proposal.

Your vote is very important. We encourage you as a shareholder to participate in your Fund s governance by returning your vote as soon as possible. If enough shareholders don t cast their votes, your Fund may not be able to hold its meeting or the vote on each issue, and will be required to incur additional solicitation costs in order to obtain sufficient shareholder participation.

Proposals Regarding New Fundamental Investment Policies

Q. Why are the funds proposing a change to their fundamental investment policies?

- A.** The proposals are part of a multi-year effort to ensure that all of Nuveen s municipal bond closed-end funds have a uniform and up-to-date set of investment policies that reflect the evolution and changes in the municipal bond market that have emerged over the past 20 years. The proposed changes are part of a more comprehensive best practices initiative on behalf of the funds that began more than three years ago.

Nuveen s municipal bond closed-end funds have been brought to market at different intervals over the course of more than 20 years, and reflect various policies and investment capabilities prevalent at the time of their creation. The investment policies of older fund s generally do not reflect subsequent developments in the municipal market, including new types of securities and investment strategies. Consequently, many of Nuveen s more recently offered municipal bond closed-end funds feature investment capabilities not uniformly enjoyed

by older municipal bond closed-end funds. The

proposals set forth in the Proxy Statement are designed to provide those funds with the same portfolio management tools currently available to Nuveen's more recently offered funds.

Proposal Regarding Fundamental Policy Relating to Loans.

Q. What are the potential benefits of the new fundamental investment policy relating to loans for common shareholders of the Affected Municipal Funds?

A. The proposed new fundamental investment policy would permit each Fund to make loans to the extent permitted by the securities laws. Among other things, this change is intended to provide each Affected Municipal Fund the flexibility to make loans in circumstances where a municipal issuer is in distress, if Nuveen Fund Advisors, Inc. believes that doing so would both:

- (i) facilitate a timely workout of the issuer's situation in a manner which benefits that Fund; and
- (ii) be the best choice for reducing the likelihood or severity of loss on the Fund's investment.

Q. Was there a particular catalyst or portfolio concern prompting the loan policy proposal?

A. This proposal is part of a broader policy initiative undertaken by Nuveen for the past several years. There are currently no identified credit situations within the complex where the use of this greater loan flexibility is intended or targeted. As stated in the Joint Proxy Statement, this policy change proposal reflects the broader intent to provide Nuveen's municipal closed-end funds, including the Affected Municipal Funds, the same portfolio management flexibility already available to other funds with similar investment objectives within the Nuveen complex.

Q. Does the loan policy proposal reflect a growing concern on Nuveen's part over the state of municipal issuers?

A. Nuveen's portfolio management and research team is actively engaged in monitoring both macro issues impacting the municipal bond market as well as individual credit holdings held by the various Nuveen funds. The team regularly comments on the strength of the municipal bond market as well as provides in-depth research articles. Providing an Affected Municipal Fund with the option of making loans to help facilitate a timely workout of a distressed issuer's situation merely provides the Fund with an additional tool to help preserve shareholder value, and, importantly, should not be viewed as a commentary on the state of the municipal bond market.

Q. Have the Nuveen municipal closed-end funds participated in loans to municipal issuers in the past?

A. Though such a loan situation in the municipal market is rare, it represents a more common workout practice in the corporate bond market. The most recent situation where a Nuveen fund with the flexibility to do so made a loan to an issuer facing a credit workout situation occurred approximately eight years ago. Since that time, a limited number of funds having a policy permitting the making of loans have considered doing so in particular workout situations, but ultimately determined to take other actions in pursuit of maximizing shareholder value.

Q. Is this proposal in response to any past or current municipal credit litigation?

A. This proposal is not related to any past or pending litigation.

Q. If approved, do you know when/if you plan to employ this option?

A. As stated in the Proxy Statement, this policy is designed to provide each fund the flexibility to make loans in circumstances where a municipal issuer is in distress if the adviser believes that doing so would both:

facilitate a timely workout of the issuer's situation in a manner that benefits the fund; and,

is the best choice for reducing the likelihood or severity of loss on the fund's investment.

Again, there are currently no identified credit situations within the complex where this option is intended or targeted.

Q. Will this option impact how the underlying bonds should be valued?

A. The funds will value a loan based on several factors that draw upon policies and procedures adopted and approved by the funds' Board of Trustees/Directors that are able to value instruments issued in these types of situations. As with any investment, risks exist, and if the adviser is wrong, the valuation of a particular loan could be impacted and effect the value of the underlying bond held in the fund. However, we would not expect that any loans would constitute a meaningful portion of a fund's total assets.

Proposal Regarding Other Changes to Fundamental Policies.

Q. What are the potential benefits of the new investment policies to common shareholders of the Nuveen California Investment Quality Fund, Inc. and Nuveen California Performance Plus Fund, Inc.?

The potential benefits to common shareholders of Nuveen California Investment Quality Municipal Fund, Inc. and Nuveen California Performance Plus Municipal Fund, Inc. from changes to investment policies relating to investments in municipal securities, below investment grade securities, other investment companies and derivatives, short sales and commodities include:

- (i) enhanced ability of the Funds to generate attractive tax-free income while retaining their orientation on investment grade quality municipal securities;
- (ii) increased flexibility in diversifying portfolio risks and managing duration (the sensitivity of bond prices to interest rate changes) to pursue the preservation of and possible growth of capital, which, if successful, will help to sustain and build net asset value; and
- (iii) improved secondary market competitiveness that may lead to a higher relative market price and/or stronger premium/discount performance.

In addition, all funds registered under the Investment Company Act of 1940 are required to have a policy regarding investments in commodities. This category includes several types of investments, including certain types of derivative investments that have developed over time, and which a fund may potentially use as a means to enhance return, to hedge some of the risks of its investments in fixed income securities or as a substitute for a position in the underlying asset. The commodity and derivative policy changes stated in this Joint Proxy Statement seek to increase Nuveen Fund Advisors, Inc.'s flexibility to use derivatives in these ways in pursuit of fund investment objectives, which have not changed.

Conforming and updating these investment policies is intended to benefit common shareholders by increasing portfolio manager efficiency and flexibility to take advantage of a wide range of appropriate opportunities in the municipal bond markets in pursuit of the Fund's investment objectives.

Q. What are the potential benefits of the new investment policies for preferred shareholders of the Nuveen California Investment Quality Municipal Fund, Inc. and Nuveen California Performance Plus Municipal Fund, Inc.?

- A. The potential benefits to preferred shareholders are increased flexibility in diversifying portfolio risks and optimizing returns on current investments in order to pursue the preservation and possible growth of capital which, if successful, will help to sustain and build net asset value and therefore, asset coverage levels for preferred shares.

General

Q. What actions are required in order to implement the new investment policies?

- A. In order to implement the new investment policies and obtain the potential benefits described above, shareholders are being asked to approve the elimination of existing fundamental policies and the implementation of new replacement fundamental policies.

Q. What happens if shareholders do not approve the elimination of the fundamental investment policies and/or do not approve a new investment policy or policies?

- A. The Fund will not be able to implement a new investment policy or policies as discussed above. The Fund would likely incur further expenses to solicit additional shareholder participation, and may experience potential disruptions to its investment operations. Each Fund's Board urges you to vote without delay in order to avoid the potential for higher costs and/or disruptions to portfolio operations.

Q. Who do I call if I have questions?

- A. If you need any assistance, or have any questions regarding the proposals or how to vote your shares, please call Computershare Fund Services, your Fund's proxy solicitor, at (866) 963-5818 weekdays during its business hours of 9:00 a.m. to 11:00 p.m. and Saturdays from 12:00 p.m. to 6:00 p.m. Eastern time. Please have your proxy materials available when you call.

Q. How do I vote my shares?

- A. You can vote your shares by completing and signing the enclosed proxy card, and mailing it in the enclosed postage-paid envelope. Alternatively, you may vote by telephone by calling the toll-free number on the proxy card or by computer by going to the Internet address provided on the proxy card and following the instructions, using your proxy card as a guide.

Q. Will anyone contact me?

- A. You may receive a call from Computershare Fund Services, the proxy solicitor hired by your Fund, to verify that you received your proxy materials, to answer any questions you may have about the proposals and to encourage you to vote your proxy.

We recognize the inconvenience of the proxy solicitation process and would not impose on you if we did not believe that the matters being proposed were important and in the best interests of the Funds. Once your vote has been registered with the proxy solicitor, your name will be removed from the solicitor's follow-up contact list.

(1) Municipal Term Preferred Shares for Arizona Dividend Advantage, Arizona Dividend Advantage 2, Arizona Dividend Advantage 3, California Dividend Advantage 2, California Dividend Advantage 3, California Premium Income, Maryland Dividend Advantage, Maryland Dividend Advantage 2, Maryland Dividend Advantage 3, Maryland Premium Income, Massachusetts Dividend Advantage, Massachusetts Premium Income, Michigan Dividend Advantage, Missouri Premium Income, New Jersey Dividend Advantage, New Jersey Dividend Advantage 2, Ohio Dividend Advantage, Ohio Dividend Advantage 2, Ohio Dividend Advantage 3, Pennsylvania Dividend Advantage, Pennsylvania Dividend Advantage 2, Texas Quality Income, Virginia Dividend Advantage, Virginia Dividend Advantage 2 and Virginia Premium Income; Variable Rate Demand Preferred Shares for Arizona Premium Income, California Dividend Advantage, California Investment Quality, California Market Opportunity, California Performance Plus, California Select Quality, California Quality Income, Michigan Premium Income, Michigan Quality Income, New Jersey Investment Quality, New Jersey Premium Income, Ohio Quality Income, Pennsylvania Investment Quality, and Pennsylvania Premium Income 2 are referred to as Preferred Shares. California Value, California Value 2, New Jersey Value, Pennsylvania Value, Floating Rate Income, Floating Rate Income Opportunity, Senior Income and Tax-Advantaged Floating Rate do not have any Preferred Shares outstanding.

A quorum of shareholders is required to take action at each Annual Meeting. A majority of the shares entitled to vote at each Annual Meeting, represented in person or by proxy, will constitute a quorum of shareholders at that Annual Meeting, except that for the election of the two Board Member nominees to be elected by holders of Preferred Shares of each Fund (except California Value, California Value 2, New Jersey Value, Pennsylvania Value, Floating Rate Income, Floating Rate Income Opportunity, Senior Income and Tax-Advantaged Floating Rate), 33 1/3% of the Preferred Shares entitled to vote and represented in person or by proxy will constitute a quorum. Votes cast by proxy or in person at each Annual Meeting will be tabulated by the inspectors of election appointed for that Annual Meeting.

The inspectors of election will determine whether or not a quorum is present at the Annual Meeting. The inspectors of election will treat abstentions and broker non-votes (i.e., shares held by brokers or nominees, typically in street name, as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote and (ii) the broker or nominee does not have discretionary voting power on a particular matter) as present for purposes of determining a quorum.

6

For each Fund, the affirmative vote of a plurality of the shares present and entitled to vote at the Annual Meeting will be required to elect the Board Members of that Fund. For purposes of determining the approval of the proposal to elect nominees for each Fund, abstentions and broker non-votes will have no effect on the election of Board Members. For purposes of determining the approval of the elimination of the fundamental investment policies and the approval of the new fundamental investment policies for the Affected Municipal Funds (except for California Value), a change will only be consummated if approved by the affirmative vote of the holders of a majority of the outstanding shares of a Fund's Common Shares and Preferred Shares, voting together as a single class, and by the affirmative vote of a majority of the Fund's outstanding Preferred Shares, voting as a separate class. For purposes of determining the approval of the elimination of the fundamental investment policies and the approval of the new fundamental investment policies for California Value, a change will only be consummated if approved by the affirmative vote of the holders of a majority of the Fund's outstanding shares. For this purpose, a majority of the outstanding shares means, as defined in the Investment Company Act of 1940, as amended (the "1940 Act"), (a) 67% or more of the voting securities present at the Annual Meeting, if the holders of more than 50% of the outstanding voting securities are present or represented by proxy; or (b) more than 50% of the outstanding voting securities, whichever is less. For purposes of determining the approval of the elimination of the fundamental investment policies and the approval of the new fundamental investment policies, abstentions and broker non-votes will have the same effect as shares voted against the proposal.

Preferred Shares held in street name as to which voting instructions have not been received from the beneficial owners or persons entitled to vote as of one business day before the Annual Meeting, or, if adjourned, one business day before the day to which the Annual Meeting is adjourned, and that would otherwise be treated as broker non-votes may, pursuant to Rule 452 of the New York Stock Exchange, be voted by the broker on the proposal in the same proportion as the votes cast by all holders of Preferred Shares as a class who have voted on the proposal or in the same proportion as the votes cast by all holders of Preferred Shares of the Fund who have voted on that item. Rule 452 permits proportionate voting of Preferred Shares with respect to a particular item if, among other things, (i) a minimum of 30% of the Preferred Shares or shares of a series of Preferred Shares outstanding has been voted by the holders of such shares with respect to such item and (ii) less than 10% of the Preferred Shares or shares of a series of Preferred Shares outstanding has been voted by the holders of such shares against such item. For the purpose of meeting the 30% test, abstentions will be treated as shares voted and, for the purpose of meeting the 10% test, abstentions will not be treated as shares voted against the item.

Those persons who were shareholders of record at the close of business on September 19, 2011 will be entitled to one vote for each share held and a proportionate fractional vote for each fractional share held. As of September 19, 2011, the shares of the Funds were issued and outstanding as follows:
