(1)

This registration statement pertains to offers and sales of previously registered securities to be issued by the registrants related to market-making transactions by and through Morgan Keegan & Company, Inc., an affiliate of the registrants, or any other affiliates of the registrants. Because registration fees with respect to these registered securities were paid previously in connection with the registration of these registered securities, there is no registration fee payable with respect to this registration statement.

- (2) Pursuant to Rule 429 under the Securities Act of 1933, the prospectus contained herein relates to an aggregate of \$2,000,000,000 amount of securities, consisting of \$2,000,000,000 amount of yet unsold securities that were previously registered under the registrants' registration statement no. 333-124337 on Form S-3, which was declared effective on May 18, 2005, and for which a filing fee of \$235,400 has previously been paid.

Pursuant to Rule 429 under the Securities Act of 1933, this registration statement contains a combined prospectus that also relates to registration statement no. 333-124337 on Form S-3 previously filed by the registrant and declared effective on May 18, 2005.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

Subject to Completion, Dated July 22, 2005

ABOUT THIS PROSPECTUS

This document is called a prospectus and is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, using a shelf registration or continuous offering process. Under this shelf registration or continuous offering process, we may from time to time offer any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$2,000,000,000.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of the securities being offered. A prospectus supplement may include a discussion of any risk factors or other special considerations applicable to those securities or to us. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading **WHERE YOU CAN FIND MORE INFORMATION**.

The registration statement containing this prospectus, including exhibits to the registration statement, provides additional information about us and the securities offered under this prospectus. The registration statement can be read at the SEC web site or at the SEC public reference room mentioned under the heading **WHERE YOU CAN FIND MORE INFORMATION**.

When acquiring any securities discussed in this prospectus, you should rely only on the information we have provided in this prospectus and in the applicable prospectus supplement, including the information incorporated by reference. Neither we, nor any underwriters or agents, have authorized anyone to provide you with different information. We are not offering the securities in any state where the offer is prohibited. You should not assume that the information in this prospectus, any prospectus supplement, or any document incorporated by reference, is truthful or complete at any date other than the date of the particular document.

We may sell securities to underwriters who will sell the securities to the public on terms fixed at the time of sale. In addition, the securities may be sold by us directly or through dealers or agents designated from time to time. If we, directly or through agents, solicit offers to purchase the securities, we reserve the sole right to accept and, together with any agents, to reject, in whole or in part, any of those offers.

Any prospectus supplement will contain the names of the underwriters, dealers or agents, if any, together with the terms of offering, the compensation of those underwriters and the net proceeds to us. Any underwriters, dealers or agents participating in the offering may be deemed underwriters within the meaning of the Securities Act of 1933.

Unless otherwise mentioned or unless the context requires otherwise, all references in this prospectus to we, us, our, or similar references mean Regions Financial Corporation and its subsidiaries.

Unless otherwise stated, currency amounts in this prospectus and any prospectus supplement are stated in United States dollars (\$).

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document we file at the SEC's public reference room at 100 F Street, NE, Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Our SEC filings are also available to the public at the SEC's web site at <http://www.sec.gov>. The address of the SEC's web site is

provided for the information of prospective investors and not as an active link. You can also inspect reports, proxy statements and other information about us at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York.

The SEC allows us to incorporate by reference into this prospectus the information in documents we file with the SEC, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus and should be read with the same care. When we update the information contained in documents that have been incorporated by reference, by making future filings with the SEC, the information incorporated by reference in this prospectus is considered to be automatically updated and superseded. In other words, in all cases, if you are considering whether to rely on information contained in this prospectus or information incorporated by reference into this prospectus,

you should rely on the information contained in the document that was filed later. We incorporate by reference the documents listed below and any additional documents we file with the SEC in the future under Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934 until our offering is completed (other than information in such additional documents that are deemed, under SEC rules, not to have been filed):

Annual Report on Form 10-K for the year ended December 31, 2004;

Quarterly Report on Form 10-Q for the quarter ended March 31, 2005;

Current Reports on Form 8-K filed on May 17, 2005, May 25, 2005 and July 6, 2005; and

The description of our common stock set forth in our registration statement filed with the SEC pursuant to Section 12 of the Securities Exchange Act of 1934 and any amendment or report filed for the purpose of updating any such description.

You may request a copy of these filings, at no cost, by writing to or telephoning us at the following address:

Attention: Investor Relations
Regions Financial Corporation
417 North 20th Street, Birmingham, Alabama 35203
(205) 244-2823

We have not included or incorporated by reference in this prospectus any separate financial statements of Regions Financing Trust II, Regions Financing Trust III, or Regions Financing Trust IV, which we will refer to as the trusts. We do not believe that these financial statements would provide holders of preferred securities with any important information for the following reasons:

we will own all of the voting securities of the trusts;

the trusts do not and will not have any independent operations other than to issue securities and to purchase and hold our junior subordinated debentures; and

we are fully and unconditionally guaranteeing the obligations of the trusts as described in this prospectus. We do not expect that the trusts will be required to file any information with the SEC for as long as we continue to file our information with the SEC.

FORWARD-LOOKING STATEMENTS

This prospectus and accompanying prospectus supplement contain or incorporate by reference certain forward-looking statements. The Private Securities Litigation Reform Act of 1995 (the Act) provides a safe-harbor for forward-looking statements which are identified as such and are accompanied by the identification of important factors that could cause actual results to differ materially from the forward-looking statements. For these statements, we, together with our subsidiaries, unless the context implies otherwise, claim the protection afforded by the safe harbor in the Act. Forward-looking statements are not based on historical information, but rather are related to future operations, strategies, financial results or other developments. Forward-looking statements are based on management's expectations as well as certain assumptions and estimates made by, and information available to, management at the time the statements are made. Those statements are based on general assumptions and are subject to various risks, uncertainties, and other factors that may cause actual results to differ materially from the views, beliefs, and projections expressed in such statements. These risks, uncertainties and other factors include, but are not limited to those described below:

Regions' ability to expand into new markets and to maintain profit margins in the face of pricing pressures.

Regions' ability to keep pace with technological changes.

Regions' ability to develop competitive new products and services in a timely manner and the acceptance of such products and services by Regions' customers and potential customers.

Regions' ability to effectively manage interest rate risk, market risk, credit risk and operational risk.

Regions' ability to manage fluctuations in the value of assets and liabilities and off-balance sheet exposure so as to maintain sufficient capital and liquidity to support Regions' business.

The cost and other effects of material contingencies, including litigation contingencies.

Further easing of restrictions on participants in the financial services industry, such as banks, securities brokers and dealers, investment companies and finance companies, may increase competitive pressures.

Possible changes in interest rates may increase funding costs and reduce earning asset yields, thus reducing margins.

Possible changes in general economic and business conditions in the United States and the South in general and in the communities Regions serves in particular may lead to a deterioration in credit quality, thereby increasing provisioning costs, or a reduced demand for credit, thereby reducing earning assets.

The threat or occurrence of war or acts of terrorism and the existence or exacerbation of general geopolitical instability and uncertainty.

Possible changes in trade, monetary and fiscal policies, laws, and regulations, and other activities of governments, agencies, and similar organizations, including changes in accounting standards, may have an adverse effect on business.

Possible changes in consumer and business spending and saving habits could affect Regions' ability to increase assets and to attract deposits.

The words believe, expect, anticipate, project, and similar expressions signify forward looking statements. You should not place undue reliance on any forward-looking statement, which speaks only as of the date made. You should refer to our periodic and current reports filed with the SEC for specific risks which could cause actual results to be significantly different from those expressed or implied by those forward-looking statements. We assume no obligation to update any forward-looking statements that are made from time to time.

REGIONS FINANCIAL CORPORATION

Regions Financial Corporation (Regions, we, us, or our), is a financial holding company headquartered in Birmingham, Alabama which operates primarily within the southeastern United States. Regions' operations consist of banking, brokerage and investment services, mortgage banking, insurance brokerage, credit life insurance, commercial accounts receivable factoring and specialty financing. At March 31, 2005, Regions had total consolidated assets of approximately \$84.3 billion, total consolidated deposits of approximately \$59.6 billion, and total consolidated stockholders' equity of approximately \$10.6 billion.

Regions is a Delaware corporation, that on July 1, 2004, became the successor by merger to Union Planters Corporation and the former Regions Financial Corporation. Regions' principal executive offices are located at 417 North 20th Street, Birmingham, Alabama 35203, and its telephone number at such address is (205) 944-1300.

REGIONS TRUSTS

Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV are Delaware statutory trusts created by the certificates of trust that we filed with the Secretary of State of Delaware on January 26, 2001, as to Regions Financing Trust II, and November 20, 2001 as to Regions Financing Trust III and Regions Financing Trust IV. A statutory trust is a separate legal entity that can be formed for the purpose of holding property. For tax purposes, Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV are all grantor trusts. A grantor trust is a trust that does not pay federal income tax if it is formed solely to facilitate direct investment in the assets of the trust and the trustee cannot change the investment. We created each of Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV for the limited purpose of:

issuing preferred securities and common securities, which we collectively refer to as the trust securities and which represent individual beneficial interests in the assets of the trust;

investing the gross proceeds that each trust receives from its issuance of its preferred securities and common securities in an equal principal amount of junior subordinated debentures issued by us;

distributing the interest the trusts receive from us on our junior subordinated debentures that the trusts own to the holders of the preferred securities; and

carrying out any other activities that are necessary for or incidental to issuing the preferred securities and common securities and investing in our junior subordinated debentures.

The purchasers of the preferred securities that Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV may issue will own all of the trusts' preferred securities. We will own all of the common

securities. Each trust is subject to the terms of its declaration of trust that we have executed as the depositor of the trust and which has also been executed by trustees of the trust. At the time a trust issues any preferred securities, the applicable declaration of trust will be amended and restated to set the terms of the preferred securities, which we will refer to as the amended declaration. The common securities will represent an aggregate liquidation amount equal to at least 3% of each trust's total capitalization. The preferred securities will represent the remaining approximate 97% of each trust's total capitalization. The terms of the common securities will also be contained in the amended declaration and the common securities will rank equally, and payments will be made ratably, with the preferred securities.

- 3 -

However, if there are certain continuing payment events of default under the junior subordinated debentures, our rights as holder of the common securities to distributions, liquidation, redemption and other payments from the trust will be subordinated to the rights to those payments of the holders of the preferred securities. Each trust will use the proceeds of the sale of the preferred securities and the common securities to invest in junior subordinated debentures that we will issue to the trust. The preferred securities will be guaranteed by us in the manner described later in this prospectus.

The junior subordinated debentures and the interest we pay to Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV on the junior subordinated debentures will be the trusts' only assets and the interest we pay to Regions Financing Trust II, Regions Financing Trust III, and Regions Financing Trust IV on our junior subordinated debentures will be the only revenue of the trusts. Unless stated otherwise in the applicable prospectus supplement, the amended declarations will not permit the trusts to acquire any assets other than the junior subordinated debentures or to issue any securities other than the trust preferred securities and the common securities or to incur any other indebtedness.

Each trust has a term of approximately 45 years but may be dissolved earlier under the terms of its amended declaration. The trustees of each trust will conduct the business and affairs of the trust. As holder of the common securities, we are entitled to appoint, remove, replace or increase or reduce the number of trustees. The amended declarations will govern the duties of the trustees. Most of the trustees will be employees, officers or affiliates of ours and will be referred to as administrative trustees. One trustee of each trust, the property trustee, will be a financial institution that is not affiliated with us and that has a minimum of combined capital and surplus of at least \$50 million. The property trustee will act as indenture trustee for the purpose of compliance with the provisions of the Trust Indenture Act of 1939, or the Trust Indenture Act. Unless the property trustee has a principal place of business in the State of Delaware, and meets other legal requirements, we will appoint another trustee for each trust who meets these requirements to serve as the Delaware trustee. The trusts will be governed by the terms and provisions of their respective amended declaration entered into by and among us, as depositor, the Delaware trustee, the property trustee and the administrative trustees.

We or any subsequent holder of the common securities will pay all fees and expenses related to the trusts and the offering of the preferred securities and will pay all ongoing costs and expenses of the trusts.

The property trustee of each trust is Deutsche Bank Trust Company Americas, successor in interest to Bankers Trust Company Corporate Trust and Agency Service, 60 Wall Street, 27th Floor, New York, New York 10005-2858, Attention: Global Debt Services. The Delaware trustee is Deutsche Bank Trust Company Delaware and its address in the state of Delaware is 1011 Centre Road, Floor 02, Wilmington, Delaware 19805-1266, Attn: Elizabeth Ferry. The principal place of business of each trust is c/o Regions Financial Corporation, 417 North 20th Street, Birmingham, Alabama 35203. The telephone number for each trust at that address is (205) 944-1300.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement for any offering of securities, the net proceeds we receive from the sale of these securities will be used for general corporate purposes, which may include:

reducing or refinancing debt;

funding investments in, or extensions of credit to, our subsidiaries;

financing possible acquisitions;

working capital; and

redeeming outstanding securities.

Pending such use, we may temporarily invest net proceeds. We do not have any present plans, and are not engaged in any negotiations, for the use of any such proceeds, or the issuance of common stock, in any future acquisition. We will disclose any proposal to use the net proceeds from any offering of securities in connection with an acquisition in the prospectus supplement relating to such offering.

- 4 -

CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES

Our consolidated ratio of earnings to fixed charges including our consolidated subsidiaries is computed by dividing earnings by fixed charges. The following table sets forth our consolidated ratios of earnings to fixed charges for the periods shown:

| | For the Three Months Ended March 31, 2005 | For the Year Ended December 31, | | | | |
|--|--|--|-------------|-------------|-------------|-------|
| | 2004 | 2003 | 2002 | 2001 | 2000 | |
| Earnings to Fixed Charges: | | | | | | |
| Excluding interest expense on deposits | 3.93x | 4.20x | 3.77x | 3.17x | 2.42x | 2.55x |
| Including interest expense on deposits | 2.09x | 2.36x | 2.20x | 1.82x | 1.44x | 1.40x |

For purposes of computing the ratio of earnings to fixed charges, earnings as adjusted consists of income (loss) before income taxes plus fixed charges. Fixed charges, excluding interest on deposits, consists of interest and debt expense, amortization of deferred debt costs, and the estimated interest portion of rent expense.

DESCRIPTION OF DEBT SECURITIES**General**

Unless stated otherwise in the applicable prospectus supplement, the following summary outlines the material terms of the senior debt securities and the subordinated debt securities (including our junior subordinated debentures), which we collectively refer to as the debt securities, that we may offer from time to time. The specific terms of any debt securities we may offer and the extent, if any, to which these general terms and provisions may or may not apply to the debt securities will be described in the applicable prospectus supplement relating to the particular series of debt securities.

We will issue the senior debt securities under an indenture, which we will enter into with Deutsche Bank Trust Company Americas, as trustee. We will issue the subordinated debt securities under an indenture, which we have entered into with Deutsche Bank Trust Company Americas, as trustee. Any junior subordinated debentures we may issue will be sold exclusively to one or more of the trusts. The indentures are subject to and governed by the Trust Indenture Act, and we may supplement the indentures from time to time after we execute them. The following description of the debt securities may not be complete and is subject to and qualified in its entirety by reference to the form of either the senior or the subordinated indenture relating to the particular series of debt securities, each of which is an exhibit to the registration statement that contains this prospectus. Capitalized terms used but not defined in this description will have the meanings given to them in the indentures. Wherever we refer to particular sections or defined terms of the indentures, it is our intent that those sections or defined terms will be incorporated by reference in this prospectus.

The senior indenture will prohibit us from disposing of, or permitting the issuance of, capital stock of specified subsidiaries under certain circumstances. See Certain Covenants Relating to Senior Debt Securities. The subordinated debt securities will be subordinated and junior to all senior indebtedness (which is defined below in Subordination). The subordinated indenture will not prohibit us from disposing of the voting stock of any of our subsidiaries, including any voting stock of Regions Bank, our principal subsidiary bank.

Since we are a holding company, our rights and the rights of our creditors, including holders of our debt securities, to participate in the assets of any of our subsidiaries upon the liquidation or reorganization of any of our subsidiaries will be subject to prior claims of the creditors of any such subsidiary, including in the case of our subsidiary banks, their depositors, except to the extent that we are a creditor of such subsidiary with recognized claims against the subsidiary. Claims on our subsidiaries by creditors other than us may include claims with respect to long-term debt and substantial obligations with respect to deposit liabilities, federal funds purchased, securities sold under repurchase agreements and other short-term borrowings.

Terms

The debt securities will be our direct, unsecured obligations. The indebtedness represented by the senior debt securities will rank equally with all our other unsecured and unsubordinated debt, but will be subordinated to all of our existing and future secured indebtedness, if any, but only to the extent of the applicable collateral. The indebtedness represented by the subordinated debt

securities will rank junior in right of payment, under the terms contained in the subordinated indenture, and will be subject to our prior payment in full of our senior debt all as described under Subordination.

The indentures do not limit the aggregate principal amount of debt securities that we may issue; however, the amount of debt securities we offer will be limited to the amount described on the cover of this prospectus. We may issue the debt securities, in one or more series from time to time, as our board of directors may establish by resolution or as we may establish in one or more supplemental indentures. We may issue debt securities with terms different from those of debt securities we previously issued. We may issue debt securities of the same series at more than one time and, unless prohibited by the terms of the series, we may reopen a series for issuances of additional debt securities, without the consent of the holders of the outstanding debt securities of that series. The debt securities may be denominated and payable in foreign currencies or units based on or related to foreign currencies. Special United States federal income tax considerations applicable to any debt securities denominated in foreign currencies will be described in the applicable prospectus supplement.

Each indenture provides that there may be more than one trustee under the indenture, each with respect to one or more series of the debt securities. Any trustee under an indenture may resign or be removed with respect to one or more series of the debt securities, and a successor trustee may be appointed to act with respect to that series. Upon prior written notice, a trustee may be removed by act of the holders of a majority in principal amount of the outstanding debt securities of the series with respect to which the trustee acts as trustee. If two or more persons are acting as trustee with respect to different series of debt securities, each trustee will be a trustee of a trust under the applicable indenture unrelated to the trust administered by any other trustee. Except as otherwise stated in this prospectus, any action described in this prospectus to be taken by each trustee may only be taken by the trustee with respect to the one or more series of debt securities for which it is trustee under the applicable indenture.

You should refer to the applicable prospectus supplement relating to a particular series of debt securities for the specific terms of the debt securities, including, but not limited to:

the title of the debt securities of the series and whether the debt securities are senior debt securities or subordinated debt securities, and, in the case of subordinated debt securities, whether they are junior subordinated debentures;

the total principal amount of the debt securities of the series and any limit on the total principal amount;

the price (expressed as a percentage of the principal amount of the debt securities) at which we will issue the debt securities of the series;

the terms, if any, by which holders may convert or exchange the debt securities of the series into or for common stock or other of our securities or property;

if the debt securities of the series are convertible or exchangeable, any limitations on the ownership or transferability of the securities or property into which holders may convert or exchange the debt securities;

the date or dates, or the method for determining the date or dates, on which we will be obligated to pay the principal of the debt securities of the series and the amount of principal we will be obligated to pay;

the rate or rates, which may be fixed or variable, at which the debt securities of the series will bear interest, if any, or the method by which the rate or rates will be determined;

the date or dates, or the method for determining the date or dates, from which any interest will accrue on the debt securities of the series, the dates on which we will be obligated to pay any such interest, the regular record dates if any, for the interest payments, or the method by which the dates shall be determined, the persons to whom we will be obligated to pay interest, and the basis upon which interest shall be calculated if other than that of a 360-day year consisting of twelve 30-day months;

the place or places where the principal of, and any premium, Make-Whole Amount (as defined in the indentures), interest or Additional Amounts (as defined in the indentures) on, the debt securities of the series will be payable, where the holders of the debt securities may surrender debt securities for conversion, transfer or exchange, and where notices or demands to or upon us in respect of the debt securities and the indenture may be served;

if other than the trustee, the identity of each security registrar and/or paying agent for debt securities of the series;

the period or periods during which, the price or prices (including any premium or Make-Whole Amount) at which, the currency or currencies in which, and the other terms and conditions upon which, we may redeem the debt securities of the series, at our option, if we have such an option;

any obligation of ours to redeem, repay or purchase debt securities pursuant to any sinking fund or analogous provision or at the option of a holder of debt securities, and the terms and conditions upon which we will redeem, repay or purchase all or a portion of the debt securities of the series pursuant to that obligation;

the currency or currencies in which we will sell the debt securities and in which the debt securities of the series will be denominated and payable;

whether the amount of payment of principal of, and any premium, Make-Whole Amount, or interest on, the debt securities of the series may be determined with reference to an index, formula or other method and the manner in which the amounts will be determined;

whether the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, the debt securities of the series are to be payable, at our election or at the election of the holder of the debt securities, in a currency or currencies other than that in which the debt securities are denominated or stated to be payable, the period or periods during which, and the terms and conditions upon which, this election may be made, and the time and manner of, and identity of the exchange rate agent with responsibility for, determining the exchange rate between the currency or currencies in which the debt securities are denominated or stated to be payable and the currency or currencies in which the debt securities will be payable;

any provisions granting special rights to the holders of the debt securities of the series at the occurrence of certain events;

any additions to, modifications of or deletions from the terms of the debt securities with respect to the events of default or covenants contained in the applicable indenture;

whether the debt securities of the series will be issued in certificated or book-entry form and the related terms and conditions;

whether the debt securities of the series will be in registered or bearer form and the terms and conditions relating to the applicable form, and if in registered form, the denomination in which we will issue the debt securities if other than \$1,000 or a multiple of \$1,000 and, if in bearer form, the denominations in which we will issue the debt securities if other than \$5,000 or a multiple of \$5,000;

the applicability, if any, of the defeasance or covenant defeasance provisions described below under Discharge, Defeasance and Covenant Defeasance on any series of debt securities;

any applicable United States federal income tax consequences, including whether and under what circumstances we will pay any Additional Amounts as contemplated in the applicable indenture on the debt securities, to any holder who is not a United States person in respect of any tax, assessment or governmental charge withheld or deducted and, if we will pay Additional Amounts, whether we will have the option, and on what terms to redeem the debt securities instead of paying the Additional Amounts;

whether we may extend the interest payment periods and, if so, the terms of any extension;

if the principal amount payable on any maturity date will not be determinable on any one or more dates prior to the maturity date, the amount which will be deemed to be the principal amount as of any date for any purpose, including the principal amount which will be due and payable upon any maturity other than the maturity date, or the manner of determining that amount;

any other covenant or warranty included for the benefit of the debt securities of the series;

any proposed listing of the debt securities of the series on any securities exchange; and

any other terms of such debt securities not inconsistent with the provisions of the applicable indenture.

- 7 -

The debt securities of a series may provide for less than their entire principal amount to be payable if we accelerate the maturity of the debt securities as a result of the occurrence and continuation of an event of default. If this is the case, the debt securities would have what is referred to as original issue discount. Any special United States federal income tax, accounting and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

We may issue debt securities of a series from time to time, with the principal amount payable on any principal payment date, or the amount of interest payable on any interest payment date, to be determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of these debt securities may receive a principal amount on any principal payment date, or a payment of interest on any interest payment date, that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value on the applicable dates of the applicable currency, commodity, equity index or other factors.

Information as to the methods for determining the amount of principal or interest payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional tax considerations will be described in the applicable prospectus supplement.

The indentures do not contain any provisions that afford holders of the debt securities protection in the event we engage in a transaction in which we incur or acquire a large amount of additional debt.

Denominations, Interest, Registration and Transfer

Unless the applicable prospectus supplement states otherwise, debt securities we issue in registered form of any series will be issued in denominations of \$1,000 and multiples of \$1,000. Unless the applicable prospectus supplement states otherwise, debt securities we issue in bearer form will be issued in denominations of \$5,000 and multiples of \$5,000.

Unless the applicable prospectus supplement states otherwise, the principal of, and any premium, Make-Whole Amount, or interest on, any series of debt securities will be payable in the currency designated in the prospectus supplement at the corporate trust office of the trustee, initially located at Deutsche Bank Trust Company Americas, 60 Wall Street, 27th Floor, New York, New York 10005-2858, Attention: Global Debt Services. At our option, however, payment of interest may be made by check mailed to the address of the person entitled to the interest payment as it appears in the security register for the series or by wire transfer of funds to that person at an account maintained within the United States. We will have the right to require a holder of debt securities, in connection with any payment on such debt securities, to certify information to us or, in the absence of such certification, we will be entitled to rely on any legal presumption to enable us to determine our obligation, if any, to deduct or withhold taxes, assessments or governmental charges from such payment. We may at any time designate additional paying agents, remove any paying agents, or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for any series. All monies we pay to a paying agent for the payment of principal of, or any premium, Make-Whole Amount, interest or Additional Amounts on, any debt security which remains unclaimed at the end of two years after the principal, premium or interest has become due and payable will be repaid to us, subject to any applicable law. After this time, the holder of the debt security will be able to look only to us for payment.

Any interest we do not punctually pay on any interest payment date with respect to a debt security will be defaulted interest and will cease to be payable to the holder on the original regular record date and may either:

be paid to the holder at the close of business on a special record date for the payment of defaulted interest to be fixed by the applicable trustee; or

be paid at any time in any other lawful manner, all as more completely described in the applicable indenture.

If the defaulted interest is to be paid on a special record date, notice of the special record date will be mailed to each holder of such debt security not less than ten days before the special record date.

Subject to certain limitations imposed on debt securities issued in book-entry form, debt securities of any series will be exchangeable for other debt securities of the same series and with the same total principal amount and authorized denomination upon surrender of the debt securities at the corporate trust office of the applicable trustee. In addition, subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series may be surrendered for conversion, transfer or

exchange at the corporate trust office of the applicable trustee. Every debt security surrendered for conversion, transfer or exchange will be duly endorsed or accompanied by a written instrument of transfer. There will be no service charge on any transfer or exchange of debt securities, but we may require payment by holders to cover any tax or other governmental charge payable in connection with the transfer or exchange.

If the applicable prospectus supplement refers to us designating a transfer agent (in addition to the applicable trustee) for any series of debt securities, we may at any time remove the transfer agent or approve a change in the location at which the transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for any series of debt securities. We may at any time designate additional transfer agents with respect to any series of debt securities.

Neither we nor any trustee will be required to do any of the following:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before there is a selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing or publication of the relevant notice of redemption;

register the transfer of or exchange any debt security, or portion thereof, called for redemption, except the unredeemed portion of any debt security being only partially redeemed;

exchange any debt security in bearer form that is selected for redemption, except a debt security in bearer form may be exchanged for a debt security in registered form of that series and like denomination, provided that the debt security in registered form shall be simultaneously surrendered for redemption or exchange; or

issue, register the transfer of or exchange any debt security that has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security that is not to be repaid.

Global Securities

The debt securities in registered form of a series may be issued in the form of one or more fully registered global securities that will be deposited with a depository or with a nominee for a depository identified in the applicable prospectus supplement relating to the series and registered in the name of the depository or its nominee. In this case, one or more registered global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding registered debt securities of the series to be represented by the registered global securities or securities. Unless and until it is wholly exchanged for debt securities in definitive registered form, a registered global security may not be transferred except as a whole by the depository to its nominee or by a nominee to the depository or another nominee, or by the depository or its nominee to a successor of the depository or the successor depository's nominee.

The specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a registered global security will be described in the applicable prospectus supplement. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons that have accounts with, or are participants of, the depository for the registered global security or persons that may hold interests through participants. When we issue a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the debt securities represented by the registered global security owned by those participants. The accounts to be credited will be designated by any dealers, underwriters or agents participating in the distribution of the debt securities. Ownership of participants in a registered global security will be shown on, and the transfer of such ownership interests will be effected only through,

records maintained by the depository and ownership of persons who hold debt securities through participants will be reflected on the records of participants. Participants include securities brokers and dealers, banks and trust companies, clearing corporations and certain other organizations. Access to the depository's system is also available to others, such as banks, brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a participant, either directly or indirectly, which we refer to as indirect participants. Persons who are not participants or indirect participants may beneficially own registered global securities held by the depository only through participants or indirect participants. The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair a person's ability to own, transfer or pledge beneficial interests in a registered global security.

So long as the depositary, or its nominee, is the registered owner of the global security, the depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the registered global security for all purposes under the applicable indenture. Except as set forth below, owners of beneficial interests in a registered global security will not be entitled to have the debt securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the debt securities in definitive form, and will not be considered the owners or holders thereof under the applicable indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary and, if such person is not a participant, on the procedures of the participant and, if applicable, the indirect participant through which such person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action which a holder is entitled to give or take under the applicable indenture, the depositary would authorize the participants holding the relevant beneficial interests to give or take the action, and the participants and, if applicable, indirect participants would authorize beneficial owners owning through the participants and, if applicable, indirect participants to give or take such action or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, debt securities represented by a registered global security will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of us, the trustee or any other agent of ours or agent of the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that once the depositary receives any payment of principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, a registered global security, the depositary will immediately credit participants accounts with payments in amounts proportionate to their respective beneficial interests in the registered global security as shown on the records of the depositary. We also expect that payments by participants or, if applicable, indirect participants to owners of beneficial interests in the registered global security held through the participants or, if applicable, indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of the participants or indirect participants as the case may be.

Neither us, the trustee, any paying agent, nor the security registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the registered global security for such debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

If the depositary for debt securities notifies us that it is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, or the Exchange Act, we have agreed to appoint a successor depositary. If we do not appoint a successor depositary registered as a clearing agency under the Exchange Act within 90 days after we become aware of the unwillingness, inability or ineligibility, we will issue debt securities in definitive form in exchange for the registered global security. In addition, we may at any time and in our sole discretion determine not to have any of the debt securities of a series represented by one or more registered global securities and, in such event, will issue debt securities of such series in a definitive form in exchange for all of the registered global security or securities representing the debt securities. Any debt securities issued in definitive form in exchange for a registered global security will be registered in such name or names as the depositary shall instruct the trustee. It is expected that such instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security.

Debt securities in bearer form of a series may also be issued in the form of one or more global securities that will be deposited with a common depository for the Euroclear System and Clearstream Banking, société anonyme Luxembourg (formerly known as Cedelbank), or with a nominee for such depository identified in the applicable prospectus supplement. The specific terms and procedures, including the specific terms of the depository arrangement and any specific procedures for the issuance of debt securities in definitive form in exchange for a bearer form global security, with respect to any portion of a series of debt securities to be represented by a bearer form global security will be described in the applicable prospectus supplement.

Merger, Consolidation or Sale

We may consolidate with, or sell, lease or otherwise transfer all or substantially all of our assets to, or merge with or into, any other corporation or trust or entity provided that:

we are the survivor in the merger, or the survivor, if not us, is an entity organized under the laws of the United States or a state of the United States and expressly assumes by supplemental indenture the due and punctual payment of the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, all of the outstanding debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in each indenture;

immediately after giving effect to the transaction and treating any indebtedness that becomes an obligation of ours or one of our subsidiaries as a result of the transaction, as having been incurred by us or the subsidiary at the time of the transaction, there is no event of default under the indenture, and no event which, after notice or the lapse of time, or both, would become an event of default;

if, as a result of the transaction, our property or assets would be subject to an encumbrance that would not be permitted under the indenture, we shall take steps to secure the debt securities equally and ratably with all indebtedness secured in the transaction; and

certain other conditions that are described in the indentures are met.

Upon any such consolidation, merger, or sale, the successor corporation formed, or into which we are merged or to which we are sold, shall succeed to, and be substituted for, us under the indentures.

This covenant would not apply to any recapitalization transaction, change of control of us or a transaction in which we incur a large amount of additional debt unless the transactions or change of control included a merger or consolidation or transfer of substantially all of our assets. Except as may be described in the applicable prospectus supplement, there are no covenants or other provisions in the indentures providing for a put or increased interest or that would otherwise afford holders of debt securities additional protection in the event of a recapitalization transaction, a change of control of us or a transaction in which we incur or acquire a large amount of additional debt.

Certain Covenants

Existence. Except as permitted under Merger, Consolidation or Sale above we will do or cause to be done all things necessary to preserve and keep our legal existence, rights and franchises in full force and effect; provided, however, that we will not be required to preserve any right or franchise if we determine that the preservation of that right or franchise is no longer desirable in the conduct of our business and that its loss is not disadvantageous in any material respect to the holders of any debt securities.

Maintenance of Properties. We will cause all of our material properties used or useful in the conduct of our business or the business of any of our subsidiaries to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and we will cause to be made all necessary repairs, renewals, replacements, betterments and improvements for those properties, as we in our judgment believe is necessary so that we may carry on the business related to those properties properly and advantageously at all times; provided, however, that we will not be prevented from selling or otherwise disposing of our properties or the properties of our subsidiaries in the ordinary course of business.

Payment of Taxes and Other Claims. We will pay or discharge, or cause to be paid or discharged, before they become delinquent,

all taxes, assessments and governmental charges levied or imposed upon us or any subsidiary of ours or upon our income, profits or property or that of any subsidiary of ours, and

all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or any subsidiary of ours; provided, however, that we will not be required to pay or discharge or cause to be paid or discharged any tax, assessment, charge or claim the amount, applicability or validity of which is being contested in good faith by appropriate proceedings.

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Exchange Act, we will, within 15 days of each of the respective dates by which we are or would be required to file annual reports, quarterly reports and other documents with the SEC pursuant to such Sections 13 and 15(d):

file with the applicable trustee copies of the annual reports, quarterly reports and other documents that we are or would be required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act; and

promptly upon written request and payment of the reasonable cost of duplication and delivery, supply copies of those documents to any prospective holder.

Waiver of Certain Covenants. We may choose not to comply with any term, provision or condition of the foregoing covenants, or with certain other terms, provisions or conditions with respect to the debt securities of a series (except any such term, provision or condition which could not be amended without the consent of all holders of such series), if before or after the time for compliance with the covenant, term, provision or condition, the holders of at least a majority in principal amount of all outstanding debt securities of the series either waive compliance in that instance or generally waive compliance with that covenant or condition. Unless the holders expressly waive compliance with a covenant and the waiver has become effective, our obligations and the duties of the trustee in respect of the term, provision, or condition will remain in full force and effect.

Covenants Relating to Senior Debt Securities. Except as described otherwise in the applicable prospectus supplement for any series of debt securities, we will not be permitted, pursuant to the covenants in the senior indenture, directly or indirectly, to do any of the following:

sell, assign, pledge, transfer or otherwise dispose of or permit to be issued any shares of capital stock of a principal subsidiary bank or any securities convertible into or rights to subscribe to such capital stock, unless, after giving effect to that transaction and the shares to be issued upon conversion of such securities or exercise of such rights into that capital stock, we will own, directly or indirectly, at least 80% of the outstanding shares of capital stock of each class of that principal subsidiary bank; or

pay any dividend or make any other distribution in capital stock of a principal subsidiary bank, unless the principal subsidiary bank to which the transaction relates, after obtaining any necessary regulatory approvals, unconditionally guarantees payment of the principal and any premium and interest on the senior debt securities.

The term *principal subsidiary bank* means any subsidiary bank, the consolidated assets of which constitute 50% or more of our consolidated assets. As of the date of this prospectus, we have only one principal subsidiary bank which is Regions Bank. The senior indenture does not restrict the ability of a principal subsidiary bank to sell or dispose of assets.

The foregoing covenants in the senior indenture, however, do not prohibit any of the following:

any dispositions or dividends made by us or any principal subsidiary bank acting in a fiduciary capacity for any person or entity other than us or any principal subsidiary bank or to us or any of our wholly owned subsidiaries;

the merger or consolidation of a principal subsidiary bank with and into a principal subsidiary bank;

the sale, assignment, pledge, transfers or other dispositions of shares of voting stock of a principal subsidiary bank or principal subsidiary made by us or any subsidiary where:

the sale, assignment, pledge, transfer or other disposition is made, in the minimum amount required by law, to any person for the purpose of the qualification of such person to serve as a director,

the sale, assignment, pledge, transfer or other disposition is made in compliance with an order of a court or regulatory authority of competent jurisdiction or as a condition imposed by any such court or regulatory

authority to the acquisition by us or any subsidiary, directly or indirectly, of any other corporation or entity,

the sale, assignment, pledge, transfer or other disposition of voting stock or any other securities convertible into or rights to subscribe to voting stock of a principal subsidiary bank or principal subsidiary, so long as:

any such transaction is made for fair market value as determined by our board of directors or the board of directors of the principal subsidiary bank disposing of such voting stock or other securities or rights, and

after giving effect to such transaction and to any potential dilution, we and our directly or indirectly wholly owned subsidiaries will own, directly or indirectly, at least 80% of the voting stock of such principal subsidiary bank;

- 12 -

any of our principal subsidiary banks selling additional shares of voting stock to its stockholders at any price, so long as immediately after such sale, we own, directly or indirectly, at least as great a percentage of the voting stock of such subsidiary bank as we owned prior to such sale of additional shares; or

a pledge made or a lien created to secure loans or other extensions of credit by a principal subsidiary bank subject to Section 23A of the Federal Reserve Act.

Covenants Relating to Junior Subordinated Debentures. In any subordinated indenture that governs the terms of the junior subordinated debentures we issue to a trust, in connection with the issuance of trust securities, we will covenant that, so long as any preferred securities of the trust remain outstanding, if there has occurred any event that would constitute an event of default under the applicable trust guarantee or amended declaration or if we have extended the interest payment periods of the junior subordinated debentures, we will not do any of the following:

declare or pay any dividend on, make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of our capital stock, except for:

purchases or acquisitions of shares of common stock in connection with the satisfaction of our obligations under any employee benefit plans or the satisfaction of our obligations pursuant to any contract or security outstanding on the date of the event, which requires us to purchase shares of our common stock,

as a result of a reclassification of our capital stock or the exchange or conversion of one class or series of our capital stock for another class or series of our capital stock,

purchases of fractional interests in shares of our capital stock pursuant to the conversion or exchange provisions of the capital stock or the security being converted or exchanged,

declaration of a dividend in connection with any stockholders' rights plan, or issue rights, stock or other property under any stockholders' rights plan, or redeem or repurchase rights under any stockholders' rights plan, or

declaration of a dividend in the form of stock, warrants, option or other rights where the dividend stock or the stock issuable upon exercise of the warrants, options or other rights is the same stock as that on which the dividend is being paid or ranks equally with or junior to that stock; or

make any payment of interest, principal or premium on, or repay, repurchase or redeem, any debt securities we have issued which rank equally with or junior to the junior subordinated debentures held by the applicable trust.

Additional Covenants. Any additional covenants with respect to any series of debt securities will be described in the applicable prospectus supplement.

Events of Default, Notice and Waiver

Except as otherwise described in the applicable prospectus supplement, each of the following Events of Default set forth in the indentures will be applicable to each series of debt securities we may issue under those indentures:

- (1) we fail for 30 days to pay any installment of interest or any Additional Amounts payable on any debt security of that series;
- (2) we fail to pay the principal of, or any premium or Make-Whole Amount on, any debt security of that series when due, either at maturity, redemption or otherwise;

- (3) we fail to make any sinking fund payment when due as required for any debt security of that series;
- (4) we default in the performance or breach of any other covenant or agreement we made in the indenture that is applicable to the debt securities of that series, other than a covenant added to the indenture solely for the benefit of another series of debt securities, which has continued for 60 days after written notice as provided for in accordance with the applicable indenture by the applicable trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the affected series;

- 13 -

- (5) we default under a bond, debenture, note or other evidence of indebtedness for money borrowed by us that has a principal amount outstanding that is more than \$50,000,000 (other than non-recourse indebtedness) under the terms of the instrument under which the indebtedness is issued or secured, which default has caused the indebtedness to become due and payable earlier than it would otherwise have become due and payable, and the acceleration has not been rescinded or annulled, or the indebtedness is discharged, or there is deposited in trust enough money to discharge the indebtedness, within 30 days after written notice was provided to us in accordance with the indenture;
- (6) certain events of bankruptcy, insolvency or reorganization occur; and
- (7) any other event of default specified in the applicable prospectus supplement occurs.

Unless otherwise set forth in the applicable terms of a series of debt securities, if there is a continuing event of default under an indenture with respect to outstanding debt securities of a series, then the applicable trustee or the holders of not less than 25% of the total principal amount of the outstanding debt securities of that series, voting as a single class, may declare immediately due and payable the principal amount or other amount as may be specified in the terms of the debt securities of and any premium or Make-Whole Amount on, all of the debt securities of that series. However, at any time after a declaration of acceleration with respect to any or all debt securities of a series then outstanding has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable trustee, the holders of not less than a majority in principal amount of the outstanding debt securities of that series may cancel the acceleration if:

we deposit with the applicable trustee all required payments of the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, the applicable debt securities, plus certain fees, expenses, disbursements and advances of the applicable trustee; and

all events of default, other than the nonpayment of accelerated principal, premium, Make-Whole Amount or other amounts or interest, with respect to the applicable debt securities have been cured or waived as provided in the indenture.

Each indenture also provides that the holders of not less than a majority in principal amount of the applicable outstanding debt securities of any series may waive any past default with respect to those debt securities and its consequences, except a default consisting of:

our failure to pay the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, any debt security; or

a default relating to a covenant or provision contained in the applicable indenture that cannot be modified or amended without the consent of the holders of each outstanding debt security affected by the default.

The trustee is generally required to give notice to the holders of the debt securities of each affected series within 90 days of a default of which the trustee has actual knowledge under the applicable indenture unless the default has been cured or waived. The trustee may withhold a notice of default unless the default relates to:

our failure to pay the principal of, or any premium, Make-Whole Amount, interest or Additional Amounts on, a debt security of that series; or

any sinking fund installment for any debt security of that series, if the responsible officers of the trustee consider it to be in the interest of the holders.

Each indenture provides that no holder of debt securities of any series may institute a proceeding with respect to the indenture or for any remedy under the indenture, unless such holder has previously given notice to the applicable trustee of an event of default and the applicable trustee fails to act, for 60 days, after:

it has received a written request to institute proceedings in respect of an event of default from the holders of not less than 25% in principal amount of the outstanding debt securities of the series, as well as an offer of indemnity reasonably satisfactory to the trustee; and

- 14 -

no direction inconsistent with such written request has been given to the trustee during that 60-day period by the holders of a majority in principal amount of the outstanding debt securities of the series.

This provision will not prevent, however, any holder of debt securities from instituting suit for the enforcement of payment of the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, debt securities at their respective due dates.

Subject to provisions in each indenture relating to the trustee's duties in case of default, the trustee is not under an obligation to exercise any of its rights or powers under any indenture at the request or direction of any holders of any series of debt securities then outstanding, unless the holders have offered to the trustee security or indemnity satisfactory to it. Subject to these provisions for the indemnification of the trustee, the holders of not less than a majority in principal amount of the applicable outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee, or of exercising any trust or power conferred upon the trustee. However, the trustee may refuse to follow any direction which is in conflict with any law or the applicable indenture, which may involve the trustee in personal liability or which may be unduly prejudicial to the holders of debt securities of the applicable series not joining in the direction.

Within 120 days after the close of each fiscal year, we must deliver to each trustee a certificate, signed by one of several specified officers, stating such officer's knowledge of our compliance with all the conditions and covenants under the applicable indenture and, in the event of any noncompliance, specifying such noncompliance and the nature and status of the noncompliance.

Modification of the Indenture

Modification and amendment of an indenture may be made only with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities issued under the indenture which are affected by the modification or amendment. However, no modification or amendment may, without the consent of the holder of each debt security affected, do any of the following:

change the stated maturity of the principal of, or any premium, Make-Whole Amount, installment of principal of, interest or Additional Amounts payable on, any debt security;

reduce the principal amount of, or the rate or amount of interest on, any premium, Make-Whole Amount payable on redemption of or any Additional Amounts payable with respect to, any debt security;

reduce the amount of principal of an original issue discount security, indexed security or any Make-Whole Amount that would be due and payable upon declaration of acceleration of the maturity of an original issue discount security or indexed security, or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any debt security;

change the place of payment or the currency or currencies of payment of the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, any debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;

reduce the percentage of the holders of outstanding debt securities of any series necessary to modify or amend the applicable indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder, or to reduce the quorum or voting requirements contained in the applicable indenture;

make any change that adversely affects the right to convert or exchange any security or decrease the conversion or exchange rate or increase the conversion or exchange price of any security; or

modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of the debt security.

We and the relevant trustee may modify or amend an indenture, without the consent of any holder of debt securities, for any of the following purposes:

to evidence the succession of another person to us as obligor under the indenture;

- 15 -

to add to the covenants for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon us in the indenture;

to add events of default for the benefit of the holders of all or any series of debt securities;

to add or change any provisions of an indenture to facilitate the issuance of, or to liberalize certain terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that such action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect;

to add, change or eliminate any provisions of an indenture, provided that any such addition, change or elimination shall:

become effective only when there are no outstanding debt securities of any series created prior to the change or elimination which are entitled to the benefit of the applicable provision, or

not apply to any outstanding debt securities created prior to the change or elimination;

to secure the debt securities;

to establish the form or terms of debt securities of any series, including the provisions and procedures, if applicable, for the conversion of the debt securities into our common stock or other securities or property of ours;

to provide for the acceptance or appointment of a successor trustee or facilitate the administration of the trusts under an indenture by more than one trustee;

to cure any ambiguity, defect or inconsistency in an indenture;

to close an indenture with respect to the authentication and delivery of additional series of debt securities or to qualify, or maintain qualification of, an indenture under the Trust Indenture Act;

to supplement any of the provisions of an indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of the debt securities; or

to make any provisions with respect to the conversion or exchange rights of the holders of any debt securities, including providing for the conversion or exchange of any debt securities into any of our securities or property.

Subordination

Unless otherwise indicated in the applicable prospectus supplement for a particular series of subordinated debt securities, the following subordinated indenture provisions will apply to the subordinated debt securities.

The subordinated debt securities, including any junior subordinated debentures we issue any of the trusts, will be unsecured and subordinated in right of payment to all of our existing and future secured and senior debt. As a result, upon any distribution to our creditors in a liquidation, dissolution, bankruptcy, insolvency or reorganization, the payment of the principal of and interest on the subordinated debt securities will be subordinated to the extent provided in the subordinated indenture in right of payment to the prior payment in full of all our senior debt and our secured debt. Our obligation to make payments of the principal of and interest on the subordinated debt securities will not

otherwise be affected.

We may not make payments of principal or interest on the subordinated debt securities at any time we are in default on any payment with respect to our senior debt, or we have defaulted on any of our senior debt resulting in the acceleration of the maturity of the senior debt, or if there is a judicial proceeding pending with respect to our default on our senior debt and we have received notice of the default. We may resume payments on the subordinated debt securities when the default is cured or waived if the subordination provisions of the subordinated indenture will permit us to do so at that time. After we have paid all of our senior debt in full, holders of subordinated debt securities will still be subrogated to the rights of holders of our senior debt for the amount of distributions otherwise payable to holders of the subordinated debt securities until the subordinated debt securities are paid in full.

If payment or distribution on account of the subordinated debt securities of any character or security, whether in cash, securities or other property, is received by a holder of any subordinated debt securities, including any applicable trustee, in contravention of any of the terms of the applicable indenture and before all our senior debt has been paid in full, that payment or distribution or security will be received in trust for the benefit of, and must be paid over or delivered and transferred to, holders of our senior debt at the time outstanding in accordance with the priorities then existing among those holders for application to the payment of all senior debt remaining unpaid to the extent necessary to pay all senior debt in full.

Upon payment or distribution of assets to creditors upon insolvency, receivership, conservatorship, reorganization, readjustment of debt, marshalling of assets and liabilities or similar proceedings or any liquidation or winding up of or relating to our company as a whole, whether voluntary or involuntary, the holders of all senior debt securities will first be entitled to receive payment in full before holders of the outstanding subordinated debt securities will be entitled to receive any payment in respect of the principal of, or premium, if any, or interest on, the outstanding subordinated debt securities.

After we have paid in full all sums we owe on our senior debt, the holders of the subordinated debt securities, if so issued, together with the holders of our obligations ranking on a parity with the subordinated debt securities, will be entitled to be paid from our remaining assets the amounts at the time due and owing on the subordinated debt securities and the other obligations. After we have paid in full all sums we owe on the subordinated debt securities, the holders of the junior subordinated debentures, together with the holders of our obligations ranking on a parity with the junior subordinated debentures, will be entitled to be paid from our remaining assets the amounts at the time due and owing on the junior subordinated debentures and the other obligations. We will make payment on the junior subordinated debentures before we make any payment or other distribution, whether in cash, property or otherwise, on account of any capital stock or obligations ranking junior to our junior subordinated debentures.

By reason of this subordination, if we become insolvent, holders of senior debt, as well as certain of our general creditors, may receive more, and holders of subordinated debt securities (including junior subordinated debt securities) may receive less, than our other creditors, including holders of any of our senior debt securities. This subordination will not prevent the occurrence of any event of default on the subordinated debt securities.

Senior debt is defined in the subordinated indenture as the principal, premium, if any, unpaid interest (including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to us whether or not a claim for post-filing interest is allowed in such proceeding), fees, charges, expenses, reimbursement and indemnification obligations, and all other amounts payable under or in respect of the types of debt generally described below:

- (1) debt for money we have borrowed;
- (2) debt evidenced by a bond, note, debt security, or similar instrument (including purchase money obligations) whether or not given in connection with the acquisition of any business, property or assets, whether by purchase, merger, consolidation or otherwise, but not any account payable or other obligation created or assumed in the ordinary course of business in connection with the obtaining of materials or services;
- (3) debt which is a direct or indirect obligation which arises as a result of banker's acceptances or bank letters of credit issued to secure our obligations;
- (4) any debt of others described in the preceding clauses (1) through (3) which we have guaranteed or for which we are otherwise liable;

- (5) debt secured by any mortgage, pledge, lien, charge, encumbrance or any security interest existing on our property;
 - (6) our obligation as lessee under any lease of property which is reflected on our balance sheet as a capitalized lease;
 - (7) any deferral, amendment, renewal, extension, supplement or refunding of any liability of the kind described in any of the preceding clauses (1) through (6); and
 - (8) our obligations to make payments under the terms of financial instruments such as securities contracts and foreign currency exchange contracts, derivative instruments and other similar financial instruments;
- provided, however, that, in computing our debt, any particular debt will be excluded if:

upon or prior to the maturity thereof, we have deposited in trust with a depository, money (or evidence of indebtedness if permitted by the instrument creating such indebtedness) in the necessary amount to pay, redeem or satisfy that debt as it becomes due, and the amount so deposited will not be included in any computation of our assets; and

we have delivered an officers certificate to the trustee that certifies that we have deposited in trust with the depository the sufficient amount.

Senior debt will exclude the following:

any debt referred to in paragraphs (1) through (6) above as to which, in the instrument creating or evidencing the debt or under which the debt is outstanding, it is provided that the debt is not superior in right of payment to our subordinated debt securities, or ranks equal with the subordinated debt securities;

our subordinated debt securities;

any debt of ours which when incurred and without respect to any election under Section 1111(b) of the United States Bankruptcy Code of 1978, as amended, was without recourse to us;

any debt of ours for wages or bank deposits payable to our executive officers and directors;

debt to any employee of ours; and

all other indebtedness of ours sold to any of our subsidiaries, including any limited liability companies, partnerships or trust established or to be established by us, in each case where the subsidiary is similar in purpose to one of the trusts.

There is no limit on the amount of senior debt or other debt that we may incur in the subordinated indenture. At March 31, 2005, our senior debt aggregated approximately \$9.9 billion.

Discharge, Defeasance and Covenant Defeasance

Unless the terms of a series of debt securities provides otherwise, under each indenture, we may discharge certain obligations to holders of any series of debt securities that have not already been delivered to the applicable trustee for cancellation and that either have become due and payable or will become due and payable within one year (or are scheduled for redemption within one year). We can discharge these obligations by irrevocably depositing with the applicable trustee funds in such currency or currencies in which the debt securities are payable in an amount sufficient to pay the entire indebtedness on the debt securities including the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts payable on, the debt securities to the date of the deposit, if the debt securities have become due and payable or to the stated maturity or redemption date, as the case may be.

In addition, if the terms of the debt securities of a series permit us to do so, we may elect either of the following:

to be defeased and be discharged from any and all obligations with respect to the debt securities of that series; except our obligations to:

pay any Additional Amounts upon the occurrence of certain tax and other events,

register the transfer or exchange of the debt securities,

replace temporary or mutilated, destroyed, lost or stolen debt securities,

maintain an office or agency for the debt securities, and

to hold moneys for payment in trust; or

to be defeased and discharged from our obligations with respect to the debt securities of that series described under Certain Covenants or, if the terms of the debt securities of that series permit, our obligations with respect to any other covenant.

- 18 -

If we choose to defease and discharge our obligations under the covenants, any failure to comply with the obligations imposed on us by the covenants will not constitute a default or an event of default with respect to the debt securities of that series. However, to make either election we must irrevocably deposit with the applicable trustee, in trust, an amount, in the currency or currencies in which the debt securities are payable, or in government obligations, or both, that will provide sufficient funds to pay the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, the debt securities, and any mandatory sinking fund or analogous payments on the debt securities, on the relevant scheduled due dates or upon redemption.

We may defease and discharge our obligations as described in the preceding paragraphs only if, among other things:

we have delivered to the applicable trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance described in the previous paragraphs and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred. In the case of defeasance the opinion of counsel must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States federal income tax laws occurring after the date of the indenture;

any defeasance does not result in, or constitute, a breach or violation of an indenture or any other material agreement which we are a party to or obligated under; and

no event of default, or event that with notice will be an event of default, has occurred and is continuing with respect to any securities subject to a defeasance.

Unless otherwise provided in the applicable prospectus supplement, if, after we have deposited funds and/or government obligations to effect defeasance or covenant defeasance with respect to debt securities of any series:

the holder of a debt security of such series elects to receive payment in a currency in which the deposit was made in respect of the debt security; or

a conversion event (as defined below) occurs in respect of the currency in which the deposit was made, the indebtedness represented by the debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, the debt security, as they become due, out of the proceeds yielded by converting the amount so deposited in respect of the debt security into the currency in which the debt security becomes payable as a result of the election or such cessation of usage based on the applicable market exchange rate.

Unless otherwise defined in the applicable prospectus supplement, conversion event means the cessation of use of:

a currency, currency unit or composite currency issued by the government of one or more countries other than the United States both by the government of the country that issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community; or

any currency unit or composite currency for the purposes for which it was established.

Unless otherwise described in the applicable prospectus supplement, all payments of principal of, and any premium, Make-Whole Amount, interest or Additional Amounts on, any debt security that is payable in a foreign currency that ceases to be used by its government of issuance will be made in United States dollars.

In the event we effect covenant defeasance with respect to any series of debt securities and the debt securities are declared due and payable because of the occurrence of any event of default other than:

the event of default described in clause (4) of the first paragraph under Events of Default, Notice and Waiver, which would no longer be applicable to the debt securities of that series, or

the event of default described in clause (7) of the first paragraph under Events of Default, Notice and Waiver with respect to a covenant as to which there has been covenant defeasance,

- 19 -

then the amount on deposit with the trustee will still be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from the event of default. In this case, we would remain liable to make payment of such amounts due at the time of acceleration.

The applicable prospectus supplement may describe further provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to a particular series of debt securities.

Conversion and Exchange Rights

The terms on which debt securities of any series are convertible into or exchangeable for our common stock or other securities or property of ours will be set forth in the applicable prospectus supplement. These terms will include:

the conversion or exchange price, or manner for calculating a price;

the exchange or conversion period; and

whether the conversion or exchange is mandatory, at the option of the holder, or at our option.

The terms may also include calculations pursuant to which the number of shares of our common stock or other securities or property to be received by the holders of debt securities would be determined according to the market price of our common stock or other securities or property of ours as of a time stated in the prospectus supplement. The conversion exchange price of any debt securities of any series that is convertible into our common stock may be adjusted for any stock dividends, stock splits, reclassification, combinations or similar transactions, as described in the applicable prospectus supplement.

Redemption of Debt Securities

If so specified in the applicable prospectus supplement, debt securities of any series may be wholly or partially redeemed at our option, at any time. The debt securities may also be subject to optional or mandatory redemption on terms and conditions described in the applicable prospectus supplement. Unless stated otherwise in the applicable prospectus supplement, our junior subordinated debentures may be redeemed in accordance with the description set forth in Description of Trust Preferred Securities Redemption.

From and after the time that notice has been given as provided in the indenture, if funds for the redemption of any debt securities called for redemption have been made available on the redemption date, the debt securities will cease to bear interest on the date fixed for redemption specified in the notice, and the only right of the holders of the debt securities will be to receive payment of the redemption price.

Governing Law

The indentures are governed by, and will be construed in accordance with, the laws of the State of New York.

Concerning the Trustee

We maintain banking relationships with Deutsche Bank Trust Company Americas and its affiliates in the ordinary course of business. These banking relationships include Deutsche Bank Trust Company Americas serving as trustee under the indentures involving our existing debt securities, serving as trustee in connection with trust preferred securities that were issued by our financing trust, Regions Financing Trust I, and providing us with general banking services. Upon the occurrence of an event of default or an event which, after notice or lapse of time or both, would

become an event of default under a series of senior debt securities or subordinated debt securities, or upon the occurrence of a default under another indenture under which Deutsche Bank Trust Company Americas serves as trustee, the trustee may be deemed to have a conflicting interest with respect to the other debt securities as to which we are not in default for purposes of the Trust Indenture Act and, accordingly, may be required to resign as trustee under the applicable indenture. In that event, we would be required to appoint a successor trustee.

DESCRIPTION OF PREFERRED STOCK

The following outlines some of the provisions of the preferred stock that we may offer from time to time. The specific terms of a series of preferred stock will be described in the applicable prospectus supplement relating to that series of preferred stock. The following description of the preferred stock and any description of preferred stock in a prospectus supplement may not be complete and is subject to and qualified in its entirety by reference to the certificate of designations relating to the particular series of preferred stock, which we will file with the SEC at or prior to the time of sale of the preferred stock.

General

Under our amended and restated certificate of incorporation, our board of directors is authorized, without stockholder approval, to adopt resolutions providing for the issuance of up to 10,000,000 shares of preferred stock, par value \$1.00 per share, in one or more series.

For each series of preferred stock the board of directors may fix the voting powers, designations, preferences and rights, and qualifications, limitations or restrictions of the series. The board will fix these terms by resolution adopted before we issue any shares of the series of preferred stock.

In addition, as described under DESCRIPTION OF DEPOSITARY SHARES, we may, instead of offering full shares of any series of preferred stock, offer depositary shares evidenced by depositary receipts, each representing a fraction of a share of the particular series of preferred stock issued and deposited with a depositary. The fraction of a share of preferred stock which each depositary share represents will be set forth in the prospectus supplement relating to the depositary shares.

The prospectus supplement relating to the particular series of preferred stock will contain a description of the specific terms of that series as fixed by the board of directors, including, as applicable:

the offering price at which we will issue the preferred stock;

the title, designation of number of shares and stated value of the preferred stock;

the dividend rate or method of calculation, the payment dates for dividends and the place or places where the dividends will be paid, whether dividends will be cumulative or noncumulative, and, if cumulative, the dates from which dividends will begin to cumulate;

any conversion or exchange rights;

whether the preferred stock will be subject to redemption and the redemption price and other terms and conditions relative to the redemption rights;

any liquidation rights;

any sinking fund provisions;

any voting rights; and

any other rights, preferences, privileges, limitations and restrictions that are not inconsistent with the terms of our amended and restated certificate of incorporation.

When we issue and receive payment for shares of preferred stock, the shares will be fully paid and nonassessable, and for each share issued, a sum equal to the stated value will be credited to our preferred stock account. Unless otherwise specified in the prospectus supplement relating to a particular series of preferred stock, holders of preferred stock will not have any preemptive or subscription rights to acquire more of our stock, and each series of preferred stock will rank on a parity in all respects with each other series of preferred stock and prior to our common stock as to dividends and any distribution of our assets.

The rights of holders of the preferred stock offered may be adversely affected by the rights of holders of any shares of preferred stock that may be issued in the future. Our board of directors may cause shares of preferred stock to be issued in public or private

transactions for any proper corporate purposes and may include issuances to obtain additional financing in connection with acquisitions, and issuances to officers, directors and employees pursuant to benefit plans. Our board of directors ability to issue shares of preferred stock may discourage attempts by others to acquire control of us without negotiation with our board of directors, as it may make it difficult for a person to complete an acquisition of us without negotiating with our board.

Since we are a holding company, our rights and the rights of the holders of our securities, including the holders of our preferred stock, to participate in the distribution of assets of any of our subsidiaries upon such subsidiary's liquidation or recapitalization will be subject to the claims of such subsidiary's general creditors except to the extent we are a creditor with recognized claims against such subsidiary.

Redemption

If so specified in the applicable prospectus supplement, a series of preferred stock may be redeemable at any time, in whole or in part, at our option or the holder's, and may be mandatorily redeemed.

Any restriction on the repurchase or redemption by us of our preferred stock while we are in arrears in the payment of dividends will be described in the applicable prospectus supplement.

Any partial redemptions of preferred stock will be made in a way that our board of directors decides is equitable.

Unless we default in the payment of the redemption price, dividends will cease to accrue after the redemption date of shares of preferred stock called for redemption and all rights of holders of these shares will terminate except for the right to receive the redemption price.

Dividends

Holders of each series of preferred stock will be entitled to receive cash dividends when, as and if declared by our board of directors out of funds legally available for dividends. The rates and dates of payment of dividends will be set forth in the applicable prospectus supplement relating to each series of preferred stock. Dividends will be payable to holders of record of preferred stock as they appear on our books on the record dates fixed by the board of directors. Dividends on any series of preferred stock may be cumulative or noncumulative.

We may not declare, pay or set apart funds for payment of dividends on a particular series of preferred stock unless full dividends on any other series of preferred stock that ranks equally with or senior to the series of preferred stock have been paid or sufficient funds have been set apart for payment for either of the following:

all prior dividend periods of the other series of preferred stock that pay dividends on a cumulative basis; or

the immediately preceding dividend period of the other series of preferred stock that pay dividends on a noncumulative basis.

Partial dividends declared on shares of any series of preferred stock and other series of preferred stock ranking on an equal basis as to dividends will be declared pro rata. A pro rata declaration means that the ratio of dividends declared per share to accrued dividends per share will be the same for both series of preferred stock.

Liquidation Preference

In the event of our liquidation, dissolution or winding-up, holders of each series of our preferred stock will have the right to receive distributions upon liquidation in the amount described in the applicable prospectus supplement relating to each series of preferred stock, plus an amount equal to any accrued and unpaid dividends. These

distributions will be made before any distribution is made on the common stock or on any securities ranking junior to the preferred stock upon liquidation, dissolution or winding-up.

If the liquidation amounts payable relating to the preferred stock of any series and any other securities ranking on a parity regarding liquidation rights are not paid in full, the holders of the preferred stock of these series and other securities will have the right to a ratable portion of our available assets, up to the full liquidation preference. Holders of these series of preferred stock or other securities will not be entitled to any other amounts from us after they have received their full liquidation preference.

Voting Rights

The holders of shares of preferred stock will have no voting rights, except:

as otherwise stated in the applicable prospectus supplement;

as otherwise stated in the certificate of designations establishing the series; or

as required by applicable law.

Transfer Agent and Registrar

The transfer agent, registrar and dividend disbursement agent for the preferred stock will be stated in the applicable prospectus supplement. The registrar for shares of preferred stock will send notices to stockholders of any meetings at which holders of the preferred stock have the right to elect directors or to vote on any other matter.

DESCRIPTION OF DEPOSITARY SHARES

The following briefly summarizes the provisions of the depositary shares and depositary receipts that we may issue from time to time and which would be important to holders of depositary receipts, other than pricing and related terms which will be disclosed in the applicable prospectus supplement. The prospectus supplement will also state whether any of the generalized provisions summarized below do not apply to the depositary shares or depositary receipts being offered. The following description and any description in a prospectus supplement may not be complete and is subject to, and qualified in its entirety by reference to the terms and provisions of the deposit agreement which we will file with the SEC in connection with an issuance of depositary shares.

Description of Depositary Shares

We may offer depositary shares evidenced by depositary receipts. Each depositary receipt represents a fraction of a share of the particular series of preferred stock issued and deposited with a depositary. The fraction of a share of preferred stock which each depositary share represents will be set forth in the applicable prospectus supplement.

We will deposit the shares of any series of preferred stock represented by depositary shares according to the provisions of a deposit agreement to be entered into between us and a bank or trust company which we will select as our preferred stock depositary. The depositary must have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. We will name the depositary in the applicable prospectus supplement. Each owner of a depositary share will be entitled to all the rights and preferences of the underlying preferred stock in proportion to the applicable fraction of a share of preferred stock represented by the depositary share. These rights include dividend, voting, redemption, conversion and liquidation rights. The depositary will send the holders of depositary shares all reports and communications that we deliver to the depositary and which we are required to furnish to the holders of depositary shares.

Depositary Receipts

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to anyone who is buying the fractional shares of preferred stock in accordance with the terms of the applicable prospectus supplement.

While definitive engraved depositary receipts (certificates) are being prepared, we may instruct the depositary to issue temporary depositary receipts, which will entitle holders to all the rights of the definitive depositary receipts and

be substantially in the same form. The depositary will prepare definitive depositary receipts without unreasonable delay, and we will pay for the exchange of your temporary depositary receipts for definitive depositary receipts.

Withdrawal of Preferred Stock

A holder of depositary shares may receive the number of whole shares of the series of preferred stock and any money or other property represented by the holder's depositary receipts after surrendering the depositary receipts at the corporate trust office of the

depository. Partial shares of preferred stock will not be issued. If the surrendered depository shares exceed the number of depository shares that represent the number of whole shares of preferred stock the holder wishes to withdraw, then the depository will deliver to the holder at the same time a new depository receipt evidencing the excess number of depository shares. Once the holder has withdrawn the preferred stock, the holder will not be entitled to re-deposit that preferred stock under the deposit agreement or to receive depository shares in exchange for such preferred stock. We do not expect that there will be any public trading market for withdrawn shares of preferred stock.

Dividends and Other Distributions

The depository will pay to holders of depository shares the cash dividends or other cash distributions it receives on preferred stock, after deducting its fees and expenses. Each holder will receive these distributions in proportion to the number of depository shares owned by the holder. The depository will distribute only whole United States dollars and cents. The depository will add any fractional cents not distributed to the next sum received for distribution to record holders of depository shares.

In the event of a non-cash distribution, the depository will distribute property to the record holders of depository shares, unless the depository determines that it is not feasible to make such a distribution. If this occurs, the depository may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Redemption of Depository Shares

If the series of preferred stock represented by depository shares is subject to redemption, then we will give the necessary proceeds to the depository. The depository will then redeem the depository shares using the funds they received from us for the preferred stock. The depository will notify the record holders of the depository shares to be redeemed not less than 30 nor more than 60 days before the date fixed for redemption at the holders' addresses appearing in the depository's books. The redemption price per depository share will be equal to the redemption price payable per share for the applicable series of the preferred stock and any other amounts per share payable with respect to the preferred stock multiplied by the fraction of a share of preferred stock represented by one depository share. Whenever we redeem shares of preferred stock held by the depository, the depository will redeem the depository shares representing the shares of preferred stock on the same day. If fewer than all the depository shares of a series are to be redeemed, the depository shares will be selected by lot or ratably as we may decide.

After the date fixed for redemption, the depository shares called for redemption will no longer be considered outstanding. Therefore, all rights of holders of the depository shares will cease, except that the holders will still be entitled to receive any cash payable upon the redemption and any money or other property to which the holder was entitled at the time of redemption.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of preferred stock are entitled to vote, the depository will notify holders of depository shares of the upcoming vote and arrange to deliver our voting materials to the holders. The record date for determining holders of depository shares that are entitled to vote will be the same as the record date for the preferred stock. The materials the holders will receive will (1) describe the matters to be voted on and (2) explain how the holders, on a certain date, may instruct the depository to vote the shares of preferred stock underlying the depository shares. For instructions to be valid, the depository must receive them on or before the date specified. The depository will try, as far as practical, to vote the shares as instructed by the holder. We will do anything the depository asks us to do in order to enable it to vote as a holder has instructed. If any holder does not instruct the depository how to vote the holder's shares, the depository will abstain from voting those shares.

Conversion or Exchange

The depositary will convert or exchange all depositary shares on the same day that the preferred stock underlying the depositary shares is converted or exchanged. In order for the depositary to do so, we will need to deposit the other preferred stock, common stock or other securities into which the preferred stock is to be converted or for which it will be exchanged.

The exchange or conversion rate per depositary share will be equal to:

the exchange or conversion rate per share of preferred stock, multiplied by the fraction of a share of preferred stock represented by one depositary share;

- 24 -

plus all money and any other property represented by one depositary share; and

including all amounts per depositary share paid by us for dividends that have accrued on the preferred stock on the exchange or conversion date and that have not yet been paid.

The depositary shares, as such, cannot be converted or exchanged into other preferred stock, common stock, securities of another issuer or any other securities or property of us. Nevertheless, if so specified in the applicable prospectus supplement, a holder of depositary shares may be able to surrender the depositary receipts to the depositary with written instructions asking the depositary to instruct us to convert or exchange the preferred stock represented by the depositary shares into other shares of our preferred stock or common stock or to exchange the preferred stock for securities of another issuer. If the depositary shares carry this right, we would agree that, upon the payment of any applicable fees, we will cause the conversion or exchange of the preferred stock using the same procedures as we use for the delivery of preferred stock. If a holder is only converting part of the depositary shares represented by a depositary receipt, new depositary receipts will be issued for any depositary shares that are not converted or exchanged.

Amendment and Termination of the Deposit Agreement

We may agree with the depositary to amend the deposit agreement and the form of depositary receipt without consent of the holders at any time. However, if the amendment adds or increases fees or charges or prejudices an important right of holders, it will only become effective with the approval of holders of at least a majority of the affected depositary shares then outstanding. If an amendment becomes effective, holders are deemed to agree to the amendment and to be bound by the amended deposit agreement if they continue to hold their depositary receipts.

The deposit agreement automatically terminates if:

all outstanding depositary shares have been redeemed;

each share of preferred stock has been converted into or exchanged for common stock; or

a final distribution in respect of the preferred stock has been made to the holders of depositary receipts in connection with our liquidation, dissolution or winding-up.

We may also terminate the deposit agreement at any time we wish. If we do so, the depositary will give notice of termination to the holders not less than 30 days before the termination date. Once depositary receipts are surrendered to the depositary, it will send to each holder the number of whole or fractional shares of the series of preferred stock underlying that holder's depositary receipts.

Charges of Depositary and Expenses

We will pay all transfer and other taxes and governmental charges in connection with the existence of the depositary arrangements. We will pay charges of the depositary for the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay other transfer and other taxes and governmental charges and the charges that are expressly provided in the deposit agreement to be for the holders account.

Limitations on Our Obligations and Liability to Holders of Depositary Receipts

The deposit agreement will limit our obligations and the obligations of the depositary. It will also limit our liability and the liability of the depositary as follows:

we and the depository will only be obligated to take the actions specifically set forth in the deposit agreement in good faith;

we and the depository will not be liable if either of us is prevented or delayed by law or circumstances beyond our control from performing our obligations under the deposit agreement;

we and the depository will not be liable if either of us exercises discretion permitted under the deposit agreement;

- 25 -

we and the depositary will have no obligation to become involved in any legal or other proceeding related to the depositary receipts or the deposit agreement on your behalf or on behalf of any other party, unless you provide us with satisfactory indemnity; and

we and the depositary will be permitted to rely upon any written advice of counsel or accountants and on any documents we believe in good faith to be genuine and to have been signed or presented by the proper party. In the deposit agreement, we will agree to indemnify the depositary under certain circumstances.

Resignation and Removal of Depositary

The depositary may resign at any time by notifying us of its election to do so. In addition, we may remove the depositary at any time. The resignation or removal will take effect when we appoint a successor depositary and it accepts the appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal and the new depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

DESCRIPTION OF COMMON STOCK

The following briefly summarizes the provisions of our amended and restated certificate of incorporation and by-laws that would be important to holders of our common stock. The following description may not be complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of our amended and restated certificate of incorporation and bylaws which are exhibits to the registration statement which contains this prospectus.

General

Under our amended and restated certificate of incorporation, we are authorized to issue a total of 1,500,000,000 shares of common stock having a par value of \$0.01 per share. As of March 31, 2005, 463,228,863 shares of common stock were outstanding. All outstanding shares of common stock are fully paid and nonassessable. Our common stock is listed on The New York Stock Exchange.

Holders of common stock do not have any conversion, redemption, preemptive or cumulative voting rights. In the event of our dissolution, liquidation or winding-up, common stockholders will share ratably in any assets remaining after all creditors are paid in full, including holders of our debt securities, and after the liquidation preference of holders of preferred stock has been satisfied.

Dividends

Holders of common stock are entitled to participate equally in dividends when our board of directors declares dividends on shares of common stock out of funds legally available for dividends. The rights of holders of common stock to receive dividends are subject to the preferences of holders of preferred stock.

Voting Rights

Holders of common stock are entitled to one vote for each share held of record on all matters voted on by stockholders, including the election of directors.

Liquidation Rights

In the event of our liquidation, dissolution or winding-up, holders of common stock have the right to a ratable portion of assets remaining after satisfaction in full of the prior rights of our creditors, all liabilities, and the total liquidation preferences of any outstanding shares of preferred stock.

Certain Provisions That May Have an Anti-Takeover Effect

Our amended and restated certificate of incorporation and by-laws, and certain portions of Delaware law, contain certain provisions that may have an anti-takeover effect.

Board of Directors Classification. We have a staggered or classified board of directors. Our board of directors is divided into three classes with the members of each class serving a three-year term. The members of only one class of directors are elected at any annual meeting of our stockholders. It therefore takes at least two years to elect a majority of our directors.

Business Combination. In addition to any other vote required by law, our amended and restated certificate of incorporation or agreement between us and any national securities exchange, the affirmative vote of the holders of at least 75% of the outstanding shares of our common stock entitled to vote in an election of the directors is required for any merger or consolidation with or into any other corporation, or any sale or lease of all or a substantial part of our assets to any other corporation person or other entity, in each case if, on the record date for the vote thereon, such corporation, person or entity is the beneficial owner, directly or indirectly, of 5% or more of the outstanding shares of the corporation entitled to vote in an election of directors. This supermajority vote of the holders of the outstanding shares of the corporation does not apply where:

- (1) our directors have approved a memorandum of understanding or other written agreement providing for the transaction prior to the time that such corporation, entity or person became a beneficial owner of more than 5% of our outstanding shares entitled to vote in an election of directors, or after such acquisition of 5% of our outstanding shares, if at least 75% of the directors approve the transaction prior to its consummation; or
- (2) any merger or consolidation of the corporation with, or any sale or lease by the corporation or any subsidiary thereof of any assets of, or any sale or lease by the corporation or any subsidiary thereof of any of its assets to, any corporation of which a majority of the outstanding shares of all classes of stock entitled to vote in election of directors is owned of record or beneficially by the corporation and its subsidiaries.

Special Meeting of Stockholders. Only our Chief Executive Officer, President, Secretary, or directors by resolution, may call a special meeting of our stockholders.

Action of Stockholders Without a Meeting. Any action of our stockholders may be taken at a meeting only and may not be taken by written consent.

Amendment of Certificate of Incorporation. For us to amend our amended and restated certificate of incorporation, Delaware law requires that our board of directors adopt a resolution setting forth any amendment, declare the advisability of the amendment and call a stockholders meeting to adopt the amendment. Generally, amendments to our amended and restated certificate of incorporation require the affirmative vote of majority of our outstanding stock. As described below, however, certain amendments to our amended and restated certificate of incorporation may require a supermajority vote.

The vote of the holders of not less than 75% of outstanding shares of our capital stock entitled to vote in an election of directors, considered as a single class, is required to adopt any amendment to our amended and restated certificate of incorporation that relates to the provisions of our amended and restated certificate of incorporation that govern the following matters:

the size and classification of our board of directors and term of service and removal of our directors;

the provisions regarding business combinations ;

the ability of our stockholders to act by written consent;

the provisions indemnifying our officers, directors, employees and agents; and

the provisions setting forth the supermajority vote requirements for amending our amended and restated certificate of incorporation.

The provisions described above may discourage attempts by others to acquire control of us without negotiation with our board of directors. This enhances our board of directors' ability to attempt to promote the interests of all of our stockholders. However, to the extent that these provisions make us a less attractive takeover candidate, they may not always be in our best interests or in the best interests of our stockholders. None of these provisions is the result of any specific effort by a third party to accumulate our securities or to obtain control of us by means of merger, tender offer, solicitation in opposition to management or otherwise.

Transfer Agent and Registrar

The transfer agent and registrar for shares of the common stock is EquiServe.

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase senior debt securities, subordinated debt securities, preferred stock, depositary shares, common stock or any combination of these securities and these warrants may be issued independently or together with any underlying securities, and may be attached or separate from the underlying securities. We will issue each series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants. The following outlines some of the general terms and provisions of the warrants. Further terms of the warrants and the applicable warrant agreement will be stated in the applicable prospectus supplement. The following description and any description of the warrants in a prospectus supplement may not be complete and is subject to and qualified in its entirety by reference to the terms and provisions of the warrant agreement which we will file with the SEC in connection with an issuance of the warrants.

The applicable prospectus supplement will describe the terms of any warrants, including the following:

the title of the warrants;

the total number of warrants;

the price or prices at which we will issue the warrants;

the currency or currencies investors may use to pay for the warrants;

the designation and terms of the underlying securities purchasable upon exercise of the warrants;

the price at which and the currency or currencies, including composite currencies, in which investors may purchase the underlying securities purchasable upon exercise of the warrants;

the date on which the right to exercise the warrants will commence and the date on which the right will expire;

whether we will issue the warrants in registered form or bearer form;

information with respect to book-entry procedures, if any;

if applicable, the minimum or maximum amount of warrants which may be exercised at any one time;

if applicable, the designation and terms of the underlying securities with which the warrants are issued and the number of warrants issued with each underlying security;

if applicable, the date on and after which the warrants and the related underlying securities will be separately transferable;

if applicable, a discussion of material United States federal income tax considerations;

the identity of the warrant agent;

the procedures and conditions relating to the exercise of the warrants; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

- 28 -

Warrant certificates may be exchanged for new warrant certificates of different denominations, and warrants may be exercised at the warrant agent's corporate trust office or any other office indicated in the applicable prospectus supplement. Prior to the exercise of their warrants, holders of warrants exercisable for debt securities will not have any of the rights of holders of the debt securities purchasable upon such exercise and will not be entitled to payments of principal (or premium, if any) or interest, if any, on the debt securities purchasable upon such exercise. Prior to the exercise of their warrants, holders of warrants exercisable for shares of preferred stock or common stock or for depositary shares will not have any rights of holders of the preferred stock, common stock or depositary shares purchasable upon such exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or depositary shares purchasable upon such exercise.

Exercise of Warrants

A warrant will entitle the holder to purchase for cash an amount of securities at an exercise price that will be stated in, or that will be determinable as described in, the applicable prospectus supplement. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised as set forth in the applicable prospectus supplement. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon such exercise. If less than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Enforceability of Rights; Governing Law

The holders of warrants, without the consent of the warrant agent, may, on their own behalf and for their own benefit, enforce, and may institute and maintain any suit, action or proceeding against us to enforce their rights to exercise and receive the securities purchasable upon exercise of their warrants. Unless otherwise stated in the applicable prospectus supplement, each issue of warrants and the applicable warrant agreement will be governed by the laws of the State of New York.

DESCRIPTION OF STOCK PURCHASE CONTRACTS

We may issue stock purchase contracts, representing contracts obligating holders to purchase from or sell to us, and obligating us to purchase from or sell to the holders, a specified or variable number of shares of our capital stock at a future date or dates. The price per share of capital stock may be fixed at the time the stock purchase contracts are entered into or may be determined by reference to a specific formula contained in the stock purchase contracts. Any stock purchase contract may include anti-dilution provisions to adjust the number of shares to be delivered pursuant to such stock purchase contract upon the occurrence of certain events. We may issue the stock purchase contracts in such amounts and in as many distinct series as we wish.

The stock purchase contracts may be entered into separately or as a part of units consisting of a stock purchase contract and a beneficial interest in senior debt securities, subordinated debt securities, preferred securities, debt obligations of third parties, including U.S. Treasury securities, other stock purchase contracts or shares of our capital stock securing the holders' obligations under the stock purchase contracts to purchase or to sell the shares of our capital stock. The stock purchase contracts may require us to make periodic payments to holders of the stock purchase units, or vice versa, and such payments may be unsecured or prefunded and may be paid on a current or on a deferred basis. The stock purchase contracts may require holders to secure their obligations under those contracts in a specified manner.

The applicable prospectus supplement may contain, where applicable, the following information about the stock purchase contracts issued under it:

whether the stock purchase contracts obligate the holder to purchase or sell, or both purchase and sell, our common stock or preferred stock, as applicable, and the nature and amount of each of those securities, or the method of determining those amounts;

whether the stock purchase contracts are to be prepaid or not;

- 29 -

whether the stock purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock or preferred stock or depositary shares;

any acceleration, cancellation, termination or other provisions relating to the settlement of the stock purchase contracts; and

whether the stock purchase contracts will be issued in fully registered or global form.

The applicable prospectus supplement will describe the terms of any stock purchase contracts. The preceding description and any description of stock purchase contracts in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the stock purchase contract agreement and, if applicable, collateral arrangements and depositary arrangements relating to such stock purchase contracts.

DESCRIPTION OF UNITS

We may issue units comprising one or more of the other securities described in this prospectus in any combination. Units may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities composing the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and

whether the units will be issued in fully registered or global form.

The applicable prospectus supplement will describe the terms of any units. The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depositary arrangements relating to such units.

DESCRIPTION OF PREFERRED SECURITIES OF THE TRUSTS

General

Unless stated otherwise in the applicable prospectus supplement, the following summary outlines the material terms and provisions of the preferred securities that the trusts may offer. The particular terms of any preferred securities a trust offers and the extent if any to which these general terms and provisions may or may not apply to the preferred securities will be described in the applicable prospectus supplement.

Each trust will issue the preferred securities under an amended declaration, which we will enter into with the trustees. The amended declaration for each trust is subject to and governed by the Trust Indenture Act and Deutsche Bank Trust Company Americas, an independent trustee, will act as property trustee under each amended declaration for the purposes of compliance with the provisions of the Trust Indenture Act. The terms of the preferred securities will be those contained in the applicable amended declaration and those made part of the amended declaration by the

Trust Indenture Act. The following summary may not be complete and is subject to and qualified in its entirety by reference to the form of amended declaration, which is an exhibit to the registration statement which contains this prospectus, and the Trust Indenture Act.

Terms

Each amended declaration will provide that a trust may issue, from time to time, only one series of preferred securities and one series of common securities. The preferred securities will be offered to investors and the common securities will be held by us. The terms of the preferred securities, as a general matter, will mirror the terms of the junior subordinated debentures that we will issue to a trust in exchange for the proceeds of the sales of the preferred and common securities. If we fail to make a payment on the junior subordinated debentures, the trust holding those securities will not have sufficient funds to make related payments, including distributions, on its preferred securities.

You should refer to the applicable prospectus supplement relating to the preferred securities for specific terms of the preferred securities, including, but not limited to:

the distinctive designation of the preferred securities;

the total and per security liquidation amount of the preferred securities;

the annual distribution rate, or method of determining the rate at which the trust issuing the securities will pay distributions, on the preferred securities and the date or dates from which distributions will accrue;

the date or dates on which the distributions will be payable and any corresponding record dates;

whether distributions on preferred securities will be cumulative, and, in the case of preferred securities having cumulative distribution rights, the date or dates or method of determining the date or dates from which distributions on preferred securities will be cumulative;

the right, if any, to defer distributions on the preferred securities upon extension of the interest payment period of the related junior subordinated debentures;

whether the preferred securities are to be issued in book-entry form and represented by one or more global certificates and, if so, the depositary for the global certificates and the specific terms of the depositary arrangement;
