- approval of our Aim High Incentive Plan. (A copy of the plan is attached as Exhibit C.)
- approval of our Aim High Plus Incentive Plan. (A copy of the plan is attached as Exhibit D.)

Q: WHO IS ENTITLED TO VOTE?

A: Shareholders as of the close of business on March 21, 2002 (the record date). Each share of common stock is entitled to one vote.

Q: HOW DO I VOTE?

A: In addition to attending the meeting and casting your vote in person, you may either:

- Mark your selection on the enclosed proxy card, date and sign the card, and return the card in the enclosed envelope; or
- Dial 1-877-PRX-VOTE (1-877-779-8683) from the U.S. and Canada, enter your control number (found on your proxy card) and follow the voice prompts; or
- Go to the following website: <http://www.eproxyvote.com/flm>, enter your control number and follow the simple instructions on the screen.

Q: IF I VOTE BY TELEPHONE OR INTERNET, DO I NEED TO RETURN MY PROXY CARD?

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

A: No.

Q: WHAT IS THE DIFFERENCE BETWEEN VOTING VIA TELEPHONE OR THE INTERNET OR RETURNING A PROXY CARD AND VOTING IN PERSON?

A: Voting by proxy, regardless of whether it is via telephone or the internet or by returning your proxy card by mail, appoints Mark S. Hansen, our chairman and chief executive officer, Neal J. Rider, our executive vice president and chief financial officer, and Carlos M. Hernandez, our senior vice president, general counsel and secretary, as your proxies. They will be required to vote on the six proposals exactly as you voted. However, if any other matter requiring a shareholder vote is properly raised at the meeting, then Messrs. Hansen, Rider and Hernandez are authorized to use their discretion to vote on the issues on your behalf.

Q: HOW DOES DISCRETIONARY AUTHORITY APPLY?

A: If you sign your proxy card, but do not make any selections, you give authority to Mark S. Hansen, Neal J. Rider or Carlos M. Hernandez to vote on the proposals and any other matter that may arise at the annual meeting.

Q: IF I VOTE VIA TELEPHONE OR THE INTERNET OR BY MAILING MY PROXY CARD, MAY I STILL ATTEND THE MEETING?

A: Yes.

Q: WHAT IF I WANT TO CHANGE MY VOTE?

A: You can revoke your vote at any time before the meeting.

Q: IS MY VOTE CONFIDENTIAL?

A: Yes, only EquiServe Trust Company, N.A., the inspector of election, Morrow & Co., our proxy solicitor, and certain employees of Fleming will have access to your voting information. All comments will remain confidential, unless you ask that your name be disclosed.

Q: WHO WILL COUNT THE VOTES?

A: EquiServe Trust Company, N.A. will tabulate the votes and act as inspector of election.

2

Q: WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

A: Your shares are probably registered differently or are in more than one account. Vote all proxy cards to ensure that all your shares are voted. Contact our transfer agent, EquiServe Trust Company, N.A. (1-800-317-4445) to have your accounts registered in the same name and address.

Q: WHAT CONSTITUTES A QUORUM?

A: As of March 21, 2002, 44,516,965 shares of Fleming common stock were issued and outstanding and entitled to one vote per share at the annual meeting. A majority of the shares entitled to vote, present in person or represented by proxy, constitutes a quorum. If you vote by telephone or the internet or by returning your proxy card, you will be considered part of the quorum. The inspector of election will treat shares represented by a properly executed proxy as present at the meeting. Abstentions and broker non-votes are

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

counted for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q: WHEN ARE THE SHAREHOLDER PROPOSALS DUE FOR THE YEAR 2003 ANNUAL MEETING?

A: To be included in next year's proxy statement, shareholder proposals must be received in writing by December 1, 2002 by our corporate secretary. We will include a proposal in next year's proxy statement if it complies with the rules of the Securities and Exchange Commission and those rules require us to include the proposal in our proxy statement. In accordance with our bylaws, if a shareholder wishes to present a proposal for consideration at the 2003 annual meeting, but not have it included in our proxy statement, he or she must send written notice of the proposal to our corporate secretary. To be timely, the notice must be delivered to, or mailed and received at, our principal executive offices during the period beginning February 13, 2003 and ending March 15, 2003.

Q: HOW DOES A SHAREHOLDER NOMINATE A DIRECTOR OF FLEMING?

A: Submit a written recommendation (accompanied by the written consent of the nominee to serve as a director if elected and a list of the nominee's principal occupations or employment over the past five years) to our corporate secretary. To be timely, the notice must be delivered to, or mailed and received at, our principal executive offices during the period beginning February 13, 2003 and ending March 15, 2003. You can contact our corporate secretary at Fleming Companies, Inc., 1945 Lakepointe Drive, Lewisville, Texas 75057.

Q: WHO PAYS THE SOLICITATION EXPENSES?

A: The accompanying proxy is being solicited on behalf of the Fleming board of directors, and Fleming pays the cost of solicitation. We generally solicit proxies by mail, but certain officers or associates of Fleming may solicit proxies by telephone or in person without additional compensation. We hired Morrow & Co. to assist in the distribution of proxy materials and solicitation of votes for \$7,500 plus out-of-pocket expenses. Upon request, we will reimburse stockbrokers and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy material to the beneficial owners of shares of our common stock.

Q: WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

A: We will announce voting results at the meeting, and we will publish final results in our quarterly report on Form 10-Q for the first quarter of 2002. We will file that report with the Securities and Exchange Commission. You can get a copy by contacting either our investor relations department (972-906-8592) or the Securities and Exchange Commission at 1-800-SEC-0330 or www.sec.gov.

REPORT OF THE AUDIT & COMPLIANCE COMMITTEE

The audit and compliance committee is appointed by the board and operates pursuant to a written charter that was adopted by the board in May 2000. The Audit and Compliance Committee Charter is attached as Exhibit E to this proxy statement.

Under the terms of its charter, the audit and compliance committee approves fees paid by Fleming to its independent auditor. For the fiscal year ending December 29, 2001, Fleming paid the following fees to Deloitte & Touche LLP:

AUDIT FEES. The aggregate fees for professional services rendered by Deloitte & Touche in connection with their audit of our consolidated financial statements and reviews of the consolidated financial statements included in our Quarterly Reports on Form 10-Q for 2001 was approximately \$1 million.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. There were no professional services rendered by Deloitte & Touche in 2001 relating to financial information systems design and implementation.

ALL OTHER FEES. The aggregate fees for all other services rendered by Deloitte & Touche in 2001 was approximately \$2.2 million and can be sub-categorized as follows:

Attestation Fees. The aggregate fees for attestation services rendered by Deloitte & Touche for matters such as comfort letters and consents related to SEC and other registration statements, audits of employee benefit plans, agreed-upon procedures, due diligence pertaining to acquisitions and consultation on accounting standards or transactions was approximately \$400,000.

Other Fees. The aggregate fees for all other services, such as consultation related to tax planning and compliance, improving business and operational processes and regulatory matters, rendered by Deloitte & Touche in 2001 was approximately \$1.8 million.

The decision of the board to appoint Deloitte & Touche LLP as independent auditors of the company in 2002 is based on the recommendation of the audit and compliance committee. Before making its recommendation to the board, the audit and compliance committee carefully considered Deloitte & Touche's qualifications as independent auditors for Fleming. This included a review of the qualifications of the engagement team, the quality control procedures established by Deloitte & Touche, any issues raised by the most recent quality control review of the auditors, and the auditor's reputation for integrity and competence in the fields of accounting and auditing. The audit and compliance committee also reviewed matters required to be considered under the rules on auditor independence, and as described below. The audit and compliance committee expressed its satisfaction with Deloitte & Touche in all of these respects. The board and the audit and compliance committee in their discretion may change the appointment of the Company's auditors at any time during the year if they determine that such change would be in the best interest of the Company and its shareholders.

Specifically, in fulfilling its duties for the 2001 fiscal year, the audit and compliance committee has done each of the following:

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

- reviewed Fleming's audited financial statements for 2001 and discussed the financial statements with Fleming's management;
- discussed with Deloitte & Touche the matters required to be discussed with the auditor by the Auditing Standards Board Statement on Auditing Standards No. 61;
- received written disclosure from Deloitte & Touche about any relationships between Deloitte & Touche and Fleming which the auditor believes may affect its independence;

9

- received a confirmation letter from Deloitte & Touche that the auditor is independent of Fleming;
- discussed Deloitte & Touche's independence with the auditor; and
- considered whether the provision of services by Deloitte & Touche, other than audit services, are compatible with maintaining Deloitte & Touche's independence.

Based on the review and discussions above, the audit and compliance committee recommended to the board that the audited financial statements for 2001 be included in Fleming's 10-K filed with the Securities and Exchange Commission.

Ms. Peterson and Mrs. Hallett are "independent" in accordance with the New York Stock Exchange listing standards. Mr. Joullian served as Fleming's interim chairman for a brief period in 1998. The board of directors determined that, in its opinion, Mr. Joullian is independent of management and has no relationship that would interfere with the exercise of his independent judgment as a member of the audit and compliance committee. In reaching its determination, the board took into consideration the brevity of Mr. Joullian's tenure as an officer of Fleming, his previous service as an independent director, the fact that he served as interim chairman only during the process of identifying a new chairman and the fact that more than two years had passed since he was an officer of the company.

REPORT OF THE COMPENSATION AND ORGANIZATION COMMITTEE

COMPENSATION PHILOSOPHY

The company's compensation philosophy is based primarily on "pay for performance" and a significant portion of our executive compensation is

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

incentive based. The objectives of the Fleming executive compensation programs are to motivate executive officers to enhance financial performance by focusing attention on specific business objectives emphasizing company profitability and teamwork, and to reward executive officers based on company and individual performance.

There are three parts to Fleming's executive compensation program:

- Base salary;
- Annual bonuses; and
- Stock based compensation.

The compensation and organization committee, comprised of non-management directors, administers the executive compensation programs, policies and practices. The committee decides compensation for all executive officers, except the chief executive officer, upon recommendation of the chief executive officer. The committee's decisions are submitted to the full board of directors for its information and review only. The chief executive officer, who is also a director, does not participate in the board's review of the committee's decisions regarding his compensation.

BASE SALARIES

Decisions as to base salary for the named executive officers for 2001, were determined by the committee in reliance on the company's salary administration program, the objectives of which are to attract, retain and motivate productive executive officers. For each job classification, the program requires a written job description, an evaluation of the job with assigned points based on the nature of the job, its function and the level of the position, and an assigned salary range based on the total point value. Mr. Dahlen's base salary was based on the negotiation of his employment agreement. Decisions as to Mr. Dahlen's employment agreement were based on the committee's view that the company needed to attract a top notch candidate to his position, the value of an executive such as Mr. Dahlen in the market place and the general competition for executives of his caliber. Annual salaries are adjusted based on individual performance. In addition, the committee reviews the earnings of the company and the market value of the company's common stock for the previous fiscal year-end and, based on these factors, the committee makes a subjective determination of the nature and extent of salary adjustments. The committee generally establishes target salaries in the middle of the assigned salary ranges. In order to measure competitiveness, the committee also considers salary surveys comparing company jobs with similar jobs held by employees of companies included in the company's peer group. See "Company Performance."

BONUSES

CORPORATE OFFICER INCENTIVE PLAN

Bonuses are paid to executives under the Corporate Officer Incentive Plan. The plan has the following primary goals:

- Attain substantial improvement in sales;
- Substantially improve earnings;
- Provide a concrete and understandable linkage between performance, reward and share value creation for shareholders; and
- Encourage teamwork.

Bonus awards are based on pre-determined performance targets in relation to adjusted earnings per share, sales and adjusted earnings. In order to be entitled to a bonus, the adjusted earnings per share target must be met or exceeded. Then, the bonus will be weighted based on sales and adjusted earnings. For fiscal 2001, the

committee determined that 60% of the bonus would be based on sales and 40% would be based on adjusted earnings. The bonus for fiscal 2001 was determined and certified by the committee at its meeting in February 2002. Target percentages for all executive officers were set based on position and responsibilities, comparative market place data and internal equity. Since the adjusted earnings per share target for 2001 was met, all executive officers received a bonus for 2001. These bonuses were paid in March 2002.

KEY EXECUTIVE PERFORMANCE PLAN

Bonuses are also paid to certain executives under the Key Executive Performance Plan (formerly known as the Key Executive Retention Plan). The Performance Plan has the following primary goals:

- Improve earnings;
- Encourage certain key executives to remain with the company;
- Provide a concrete and understandable linkage between performance, rewards and share value creation for shareholders; and
- Encourage teamwork.

Awards are based upon the achievement of predetermined performance targets based upon earnings per share. In order to be entitled to an award, the earnings per share for the award year must exceed the prior year's earnings per share by at least 5%. For fiscal 2001, the committee determined that the executives participating in the Performance Plan would be eligible to receive an award of 200% of base salary if the target was achieved. During its meeting on February 26, 2002, the committee determined that the awards for fiscal 2001 were earned and certified that the performance target was met. Because the target for 2001 was achieved, all executive officers selected to participate in the Performance Plan in 2001 were determined to have earned their award and were eligible to receive one-half of their earned award. The balance of the earned award is still subject to a vesting schedule as established in the participants' agreements.

STOCK BASED COMPENSATION

The committee can award restricted stock and stock options to executives and other key associates under the company's stock option and stock incentive plans. The committee believes stock based compensation is important in aligning the interests of executives and shareholders. The committee believes restricted stock awards build stock ownership and provide a long-term focus since the stock is restricted from being sold, transferred or assigned and is forfeitable until vested. The committee believes stock options help to retain and motivate key associates. All named executive officers received stock option grants during fiscal 2001. The basis of the grants was not only to provide incentive to these executives to drive company performance, but also to help retain these executives in an increasingly competitive market for top talent.

CHIEF EXECUTIVE OFFICER

Mark S. Hansen became chief executive officer of the company on November 30, 1998. His salary for 2001 was determined by the committee considering the following factors: competitive levels of compensation, his experience in managing operations of a size and complexity similar to the company, his general knowledge of the distribution and retail food industry, his track record in making changes and the committee's belief that Mr. Hansen has the qualifications necessary to responsibly manage the company. His bonus for 2001 was determined in accordance with the Corporate Officer Incentive Plan which provides for a bonus if certain pre-determined levels of adjusted earnings per share, sales and

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

adjusted earnings are met. The amount of his bonus was based on a percentage of his salary.

19

MANAGEMENT STOCK OWNERSHIP GUIDELINES

Fleming is committed to strengthening the alignment of its executives' financial interests with those of its shareholders. Corporate officers are required to own the following levels of stock:

POSITION	STOCK OWNERSHIP LEVEL
Chairman and CEO	3 times base salary
Executive Vice Presidents	2 times base salary
Senior Vice Presidents	1.5 times base salary
Vice Presidents	1 times base salary

Officers must meet the required stock ownership levels by March 2004 or five years from their election as an officer, whichever is later. Neither unvested restricted stock nor vested or unvested stock options are counted for purposes of determining stock ownership. Fleming has a loan program which provides full recourse loans to executive officers in order to assist them in meeting their required stock ownership levels. The loans bear interest at an annual rate of 7%, but such accrued interest is forgiven so long as the executive remains employed by us. None of the named executive officers participated in the loan program during 2001. However, Mr. Rider participated in the loan program in 2000, obtaining a loan for \$150,153.94 from the company to purchase shares of Fleming common stock on March 3, 2000. As of March 21, 2002, the entire amount of this loan remained outstanding. At March 21, 2002, officers subject to the stock ownership requirements owned a total of 610,743 shares of Fleming Stock.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Joullian served as Fleming's interim chairman of the board of directors for a brief period in 1998.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The committee has adopted and the board of directors has ratified the following policy regarding Section 162(m) of the Internal Revenue Code of 1986, as amended:

Section 162(m) limits the deductibility of certain compensation paid by the company to certain of its executive officers. It is possible that future circumstances may warrant compensation payments which will not qualify as a tax deductible expense. It shall be the policy of the committee to compensate executive officers based on performance, and the committee recognizes that flexibility with respect to the payment of compensation must be insured in order to maintain this policy. Accordingly, although the committee will to the extent possible attempt to qualify all compensation payments for deductibility under Section 162(m), circumstances may arise which require it to authorize

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

compensation which is not deductible under Section 162(m).

- (1) Executives granted stock units under the 2001 Corporate Officer Long-Term Incentive Plan receive the opportunity to earn a cash payment equal to the excess of the fair market value of the company's stock on the date of exercise over the base amount. The base amount is the fair market value of the stock on the date of the stock units are granted. Stock units may only be exercised after time vesting and performance targets established by the committee have been met.
 - (2) Executives selected to participate in the Key Executive Performance Plan are eligible to participate over a five-year award period. During the first three years of the award period, participants are eligible to receive an "annual award" of two times their base salary if the performance of the company is at least 5% greater than the prior year's earnings per share. If the performance target is met, one-half of the annual award is payable while the balance, as disclosed in this table, is subject to a vesting schedule and accrues interest at an annual interest rate of prime plus 1%. In years four and five of a participant's award period, the participant is eligible to receive a thrift award of 33% of the participant's prior year account balance if the performance of the company is at least 5% greater than the prior year's earnings per share.

CHANGE OF CONTROL EMPLOYMENT AGREEMENTS

Since 1995, we have entered into change of control employment agreements with our senior executives. The purpose of these agreements is to assure objective judgment and to keep the loyalties of key executives if Fleming is ever faced with a potential change of control by providing for a continuation of salary, bonus, health and other benefits for a maximum period of three years. If Mr. Dahlen, Mr. Marquard or Mr. Rider is terminated during the three years following the change of control or in anticipation of the change of control for other than cause, death, disability, or he terminates for good reason, then he will receive a lump sum payment comprised of:

- Base salary through the date of termination at the annual rate in effect

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

on the date of termination or, if higher, at the highest annual rate paid or payable during the three out of the five years preceding the change of control date which yield the highest base salary (the "Highest Base Salary");

- The pro-rated portion of his annual bonus or, if higher, an amount equal to the middle target level bonus payable, regardless of whether specified targets are met, under the company's incentive compensation plan applicable to the executive for his position on the date his employment is terminated (the "Highest Bonus");
- The product obtained by multiplying 2.99 times the sum of the Highest Base Salary and the Highest Bonus; and
- Any amounts previously deferred by the executive (plus any accrued interest thereon) and any accrued vacation pay.

In addition, there are provisions for the "gross up" of certain payments to cover certain taxes on these termination payments and for extension of indemnification and insurance coverage for five years following the termination date. For a period of 30 days following the first year after a change of control, the executive can terminate his employment for any reason and receive all the benefits of the agreement as if he had terminated for good reason.

28

If Mr. Hansen or Mr. Davis is terminated during the three years following the change of control or in anticipation of the change of control for other than cause, death, disability, or he terminates for good reason, then he will receive a lump sum payment comprised of:

- Base salary through the date of termination at the annual rate in effect on the date of termination or, if higher, at the highest annual rate paid or payable during the three out of the five years preceding the change of control date which yield the Highest Base Salary;
- The product of his annual bonus for the last fiscal year or, if higher, his annual bonus for the last full fiscal year prior to the change of control and a fraction, the numerator of which is the number of days in the current fiscal year through the date of termination and the denominator of which is 365 (the "Recent Bonus");
- The product obtained by multiplying 2.99 times the sum of the Highest Base Salary and Recent Bonus; and
- Any amounts previously deferred by Mr. Hansen or Mr. Davis (plus any accrued interest thereon) and any accrued vacation pay.

In addition, there are provisions for the "gross up" of certain payments to cover certain taxes on these termination payments and for extension of indemnification and insurance coverage for five years following the termination date. For a period of 30 days following the first year after a change of control, the executive can terminate his employment for any reason and receive all the benefits of the agreement as if he had terminated for good reason.

OTHER CHANGE OF CONTROL ARRANGEMENTS

SUPPLEMENTAL TRUSTS. Fleming has two trust agreements to provide for the payment of its obligations under the Change of Control Employment Agreements, severance and employment agreements available to certain associates who are not named executive officers, to former associates receiving benefits under the company's former supplemental retirement income plan and to participants in the Past Service Plan and the Executive Deferred Compensation Plan. These trusts include provisions which require full funding in the event of a change of control.

KEY EXECUTIVE PERFORMANCE PLAN. Fleming adopted the Key Executive

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Performance Plan (formerly known as the Key Executive Retention Plan) to improve earnings, encourage certain key executives to remain with the company, provide a concrete linkage between performance, rewards and share value creation for the company stockholders, and encourage team work. The performance plan is designed to provide additional bonus opportunity if the executives remain in the employ of the company for a required period of time and certain performance goals are met. If the executive is involuntarily terminated without cause or resigns for "good reason" as defined in the change of control agreements after the occurrence of a change of control, the executive will be fully vested in his benefit calculated as if he remained in the continuous employ of the company for the entire five-year award period based upon current base pay, and assuming that all applicable targets have been met. The executive will be credited earnings for the entire award period. Payment will be made in a single lump sum within 30 days following termination of employment. This amount will include a "gross up" payment equal to the executive's liability for income, excise and employment taxes attributable to the account.

2001 CORPORATE OFFICER LONG-TERM INCENTIVE PLAN. Benefits under the Long-Term Incentive Plan are based in future company stock appreciation above the fair market value of the company's stock as of a date of award. The committee has discretion to provide that awards will be fully earned, vested and exercisable upon the occurrence of a change of control, and the award agreements provide for such acceleration to automatically occur.

EXECUTIVE MEDICAL CONTINUATION SAVINGS PLAN. The company's Executive Medical Savings Plan is designed to provide a source of future funding for post-termination medical insurance benefits under the Fleming Companies, Inc. Executive Medical Continuation Plan for certain eligible executives. Upon termination of employment, the company will pay to the eligible executive a monthly amount to assist the executive with the cost of the premium for such healthcare coverage. The cost will be determined on a

29

reasonable actuarial basis and may be adjusted from time to time. Coverage will continue until the executive and/or his spouse attain age 65 or the executive becomes employed by another employer and is eligible for medical coverage from such employer. Employment with a public sector employer, an educational institution or a not-for-profit entity exempt from federal income taxation will not result in loss of coverage under the plan. Upon a change of control and termination of employment, the company will continue to assist the executive with the cost of the premium to continue coverage for both the executive and his then current spouse until age 65 under the Health Continuation Plan and the limitation on the executive's subsequent employment and health care coverage is not applicable.

RETENTION AGREEMENT. The company has a Retention Agreement with Mr. Davis, designed to encourage Mr. Davis to remain with the company. If Mr. Davis remains continuously employed with the company through June 30, 2002 and the company's earnings per share for the company's fiscal year ended 2001 exceeds the company's earnings per share for the fiscal year 2000 by at least 5% (the "Earnings Target"), then Mr. Davis will receive a bonus of two times his base salary. Upon a change of control and an involuntary termination of employment without cause or resignation for "good reason," as defined in Mr. Davis' change of control employment agreement, Mr. Davis will be fully vested in his award as if he remained continuously employed by the company through June 30, 2002 and the Earnings Target was met.

EXECUTIVE DEFERRED COMPENSATION PLAN. Under the company's Executive Deferred Compensation Plan, which supplements retirement benefits under the Pension Plan, each participant will be fully vested in his benefit upon a change of control. Benefits will be paid by the Executive Deferred Compensation Plan

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

immediately following termination of employment and no reduction will be made for any early retirement adjustment factors.

OTHER ARRANGEMENTS. Provisions of Fleming's stock option and stock incentive plans permit the committee administering the plan to provide in award agreements for the acceleration of vesting upon a change of control. The vesting of all stock options held by the named executive officers will accelerate upon a change of control. All shares of restricted stock awarded to directors and the named executive officers will become fully vested and nonforfeitable in the event of a change of control.

PROPOSAL NO. 3

2002 STOCK INCENTIVE PLAN

Subject to shareholder approval, our board of directors has adopted the Fleming Companies, Inc. 2002 Stock Incentive Plan. The 2002 Stock Incentive Plan authorizes Fleming's compensation and organization committee to grant non-qualified and incentive stock options and award shares of restricted stock to key associates. The 2002 Stock Incentive Plan also authorizes the board of directors to grant non-qualified stock options to members of the board who are not associates. A total of 3,500,000 shares of common stock have been reserved to be issued under the 2002 Stock Incentive Plan.

BACKGROUND

In 1999 and 2000, Fleming's shareholders approved stock incentive plans which reserved in the aggregate 4,400,000 shares of Fleming common stock to be issued to key associates. Since the adoption of the plans, Fleming has granted a large number of options in order to attract top industry talent. The group of potential optionees includes over 400 associates. Additionally, Fleming has granted options to its senior executives instead of raising their base pay, and has also granted options in order to reward and retain top management. Our board of directors recommends approval of the 2002 Stock Incentive Plan in order to provide the additional shares of Fleming stock necessary to attract new associates and to retain and provide incentives for current associates. The ability to grant non-qualified stock options to directors will assist in attracting and retaining highly qualified persons to serve as non-management directors and to more closely align directors' compensation with the interests of the shareholders.

PURPOSE AND KEY FEATURES OF THE PLAN

The purpose of the 2002 Stock Incentive Plan is to emphasize the company's pay for performance philosophy and create incentives designed to motivate Fleming associates to significantly contribute toward the growth and profitability of the company. The shares available to be issued under the 2002 Stock Incentive Plan will enable Fleming to attract and retain experienced associates who, by their positions, abilities and diligence, are able to make important contributions to Fleming's success.

Key features of the plan include:

- A prohibition against the repricing of stock options;
- A prohibition against granting options with an exercise price less than the fair market value of our common stock on the date of grant;
- Of the 3,500,000 shares reserved, only 1,000,000 may be granted as

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

restricted stock under the plan;

- Limit on the number of shares (300,000) that may be granted as options to any key associate under the plan in any year;
- Limit on the number of shares (300,000) that may be granted as restricted stock to any key associate under the plan;
- Minimum vesting period of one year for options and three years for restricted stock awarded to associates;
- The compensation committee (composed entirely of outside directors) administers the grant of options and restricted stock to executive officers of the company; and
- Recipients include over 400 associates of the company.
- Directors are only eligible to receive non-qualified stock options.

31

ADMINISTRATION

Fleming's 2002 Stock Incentive Plan consists of two separate stock plans that are almost identical.

- Non-executive officer plan: This aspect of the plan is limited to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 because they are not executive officers of Fleming. Approximately 400 associates are eligible to receive options under this plan.
- Executive officer plan: This aspect of the plan is limited to participants who are executive officers of Fleming and who, therefore, are subject to the reporting requirements of Section 16 of the Securities Exchange Act of 1934. Approximately 21 executive officers are eligible to receive options under this plan.

Except for administration and the category of participants eligible to receive awards, the terms of the non-executive officer plan and the executive officer plan are identical.

The executive officer plan is administered exclusively by the compensation and organization committee. The non-executive officer plan is administered by two committees: the regular award committee and the compensation and organization committee. Our chief executive officer is the sole member of the regular award committee. Although the regular award committee is authorized to administer the non-executive officer plan, it can only make awards within guidelines set by the compensation and organization committee.

When we refer to the non-executive officer plan in this discussion, "the committee" means the regular award committee and the compensation and organization committee; when we refer to the executive officer plan, "the committee" means the compensation and organization committee. In the case of either plan, the committee is authorized and has complete discretion to formulate policies and to establish rules and regulations in connection with the plan.

The grant of awards to directors will only be made by the board. The compensation committee will administer other aspects of awards made to directors.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

ELIGIBILITY FOR PARTICIPATION

All of Fleming's key associates, and all of the key associates of Fleming's subsidiaries and affiliated entities, are eligible to participate in the 2002 Stock Incentive Plan. Subject to the provisions of the plan, the committee has exclusive power in selecting participants from among the eligible associates. Members of Fleming's board of directors are eligible to receive grants of non-qualified stock options under the 2002 Stock Incentive Plan.

TYPES OF AWARDS

The 2002 Stock Incentive Plan provides that any or all of the following types of awards may be granted:

- Stock options: Including non-qualified stock options and stock options intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code; and
- Restricted stock.

STOCK OPTIONS. The committee may grant awards under the 2002 Stock Incentive Plan in the form of options to purchase shares of Fleming common stock. The committee will have the authority to determine:

- The terms and conditions of each option;
- The number of shares subject to the option; and
- The manner and time of the option's exercise.

Subject to certain adjustment provisions, the committee cannot grant options for more than 300,000 shares of common stock to any participant in any fiscal year. As of March 21, 2002, the market value of the common stock underlying the options available for issuance under the 2002 Stock Incentive Plan was \$79,362,500.

32

EXERCISE PRICE. The exercise price of an option may not be less than the fair market value of the common stock on the date of grant. The fair market value of shares of common stock subject to options is determined by averaging the high and low sales prices as reported on the New York Stock Exchange. As of March 21, 2002, the average of the high and low sales price of Fleming's common stock as reported on the exchange was \$22.675.

A participant may pay the exercise price of an option in cash, in shares of Fleming common stock or a combination of both; provided that, if the exercise price (including required withholding taxes) is paid using shares of Fleming common stock, the committee will not allow this act to result in an adverse accounting charge to the company. Accordingly, at the present time, the committee has determined that a participant using Fleming shares to pay the exercise price of options granted under the 2002 Stock Incentive Plan must have held those shares for at least six months. Stock options may also be exercised through a broker-dealer acting on a participant's behalf. The exercise price is paid upon settlement by the broker from the proceeds of the sale of the common stock subject to the stock option.

WHEN AND HOW TO EXERCISE OPTIONS. Stock options are exercisable in accordance with the schedule set forth in each award agreement. Generally, stock options vest at the rate of 25% each year over the four years following the date of grant; however, certain key employees' and directors' options may vest on a

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

more accelerated basis. Unless sooner terminated, the stock options granted under the 2002 Stock Incentive Plan expire ten years from the date of the grant.

A participant can exercise all or any portion of a stock option which is exercisable by giving written notice to Fleming's secretary at least two business days before the exercise date. When stock options are exercised, a participant must pay the exercise price to Fleming. In addition, the participant is responsible for paying any applicable income and employment taxes.

RESTRICTED STOCK AWARDS. Shares of restricted stock awarded under the plan will be subject to the terms, conditions, restrictions and/or limitations, if any, that the committee deems appropriate, including restrictions on employment, transferability and continued employment. If vesting is based upon continued employment, the restricted stock award must vest over a minimum restriction period of at least three years from the date of grant. If vesting is based on performance, the restricted stock award must have a minimum restriction period of at least one year. Subject to certain adjustment provisions, no more than 300,000 shares of common stock can be awarded to a participant under the 2002 Stock Incentive Plan as restricted stock awards. The committee can accelerate the vesting of restricted stock awards upon the occurrence of a change of control event and upon termination of employment due to death, disability, without cause or by the participant for good reason.

TERMINATION OF EMPLOYMENT

The committee will determine the treatment of a participant's stock option in the event of death, disability, retirement or termination of employment for an approved reason. Award agreements covering options granted under the 2002 Stock Incentive Plan provide for the following upon termination of employment:

RETIREMENT. If a participant retires in accordance with Fleming's regular retirement policies, the participant will have a period of three years from retirement date to exercise options which are vested on the retirement date. All unvested options will terminate.

DEATH. If a participant's employment terminates due to death, the participant's personal representative will have twelve months from the date of death to exercise options which are vested on the date of death. All unvested options will terminate.

OTHER TERMINATIONS. If a participant's employment is terminated for any other reason, the participant will have three months from the date of termination to exercise the stock options which are vested on the date of termination. All unvested options will terminate.

33

Directors will have a period of three years from the date they terminate service with Fleming to exercise vested options. All unvested options will terminate unless otherwise provided in the director's award agreement or accelerated by the committee.

Upon granting any award, the committee will, by way of an award agreement, establish any other terms, conditions, restrictions and/or limitations governing the awards granted.

AMENDING THE 2002 STOCK INCENTIVE PLAN

Acting through the board, Fleming may amend the 2002 Stock Incentive Plan at any time. The board of directors, however, may not, without shareholder approval, (1) adopt any amendment that would increase the maximum number of

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

shares that may be issued under the plan (except for certain antidilution adjustments described below), (2) materially modify the plan's eligibility requirements or (3) materially increase the benefits provided to participants under the plan. Amendments that would have the effect of repricing participant's options are prohibited.

CHANGE OF CONTROL EVENT

The committee is authorized to provide in the award agreements for the acceleration of any unvested portion of any outstanding awards under the 2002 Stock Incentive Plan upon a change of control event.

NEW PLAN BENEFITS

To date, no awards have been made under the 2002 Stock Incentive Plan.

AUTOMATIC ADJUSTMENT FEATURES

The 2002 Stock Incentive Plan provides for the automatic adjustment of:

- the number and kind of shares available under it, and
- the number and kind of shares subject to outstanding awards in the event the common stock is changed into or exchanged for a different number or kind of shares of stock or other securities of Fleming or another corporation, or if the number of shares of common stock is increased through a stock dividend.

The 2002 Stock Incentive Plan also provides that the committee may adjust the number of shares available under the plan and the number of shares subject to any outstanding awards if, in the committee's opinion, any other change in the number or kind of shares of outstanding common stock equitably requires such an adjustment.

FEDERAL TAX TREATMENT

INCENTIVE STOCK OPTION GRANT. A participant who is granted an incentive stock option does not realize any taxable income at the time of the grant or at the time of exercise (except for alternative minimum tax). Similarly, the company is not entitled to any deduction at the time of grant or at the time of exercise. If the participant makes no disposition of the shares acquired pursuant to an incentive stock option before the later of two years from the date of grant of such option or one year of the transfer of such shares to the participant, any gain or loss realized on a subsequent disposition of the shares will be treated as a long-term capital gain or loss. Under such circumstances, the company will not be entitled to any deduction for federal income tax purposes.

NON-QUALIFIED STOCK OPTION GRANT/EXERCISE. A participant who is granted a non-qualified stock option does not have taxable income at the time of grant. Taxable income occurs at the time of exercise in an amount equal to the difference between the exercise price of the shares and the market value of the shares on the date of exercise. Fleming is entitled to a corresponding deduction for the same amount.

RESTRICTED STOCK AWARD. A participant who has been granted an award in the form of restricted stock will not realize taxable income at the time of the grant, and the company will not be entitled to a deduction at the time of the grant, assuming that the restrictions constitute a substantial risk of

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

forfeiture for federal income tax purposes. When such restrictions lapse, the participant will receive taxable income (and have tax basis in the shares) in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. The company will be entitled to a corresponding deduction. The participant may elect to include the value of his restricted stock award as income at the time it is granted under Section 83(b) of the Code, and the company will take a corresponding income tax deduction at such time.

PROPOSAL NO. 4

2002 ASSOCIATE STOCK PURCHASE PLAN

Subject to shareholder approval, the board of directors has adopted the Fleming Companies, Inc. 2002 Associate Stock Purchase Plan. The Stock Purchase Plan offers eligible associates the opportunity to purchase common stock through payroll deductions. A maximum of 1,800,000 shares of stock may be issued under the 2002 Stock Purchase Plan.

BACKGROUND

In 1997, the shareholders approved the Fleming Companies, Inc. Associate Stock Purchase Plan. This plan terminates June 30, 2002. The purpose of the 2002 Stock Purchase Plan is to continue to provide eligible associates the opportunity to purchase common stock through payroll deductions for an additional five-year period. The 2002 Stock Purchase Plan is intended to encourage participation in the ownership and economic progress of the company. Eligible associates are those employed by the company continuously for six months prior to the applicable grant date and whose customary employment is more than 20 hours per week and more than five months in any calendar year. Substantially all eligible associates, totaling approximately 22,500, will be eligible to participate in the 2002 Stock Purchase Plan. The 2002 Stock Purchase Plan is intended to qualify under Section 423 of the Internal Revenue Code.

ADMINISTRATION

The 2002 Stock Purchase Plan is administered by the compensation and organization committee. The board of directors may from time to time adopt amendments to the 2002 Stock Purchase Plan consistent with Sections 421 and 423 of the Internal Revenue Code without the approval of Fleming's shareholders; shareholder approval is required for any amendments that increase the aggregate number of shares that may be issued under the 2002 Stock Purchase Plan or change the class of associates eligible to participate. The board of directors may terminate the 2002 Stock Purchase Plan at any time. If the 2002 Stock Purchase Plan is terminated, the company will refund to the participants the sums credited to their accounts (plus interest on the average balance in the accounts at the rate of 5% per annum). Unless sooner terminated, the 2002 Stock Purchase Plan will terminate on June 30, 2007.

ISSUANCE OF OPTIONS

A total of 1,800,000 shares of Fleming's authorized but unissued common stock have been set aside for purchase under the 2002 Stock Purchase Plan. An eligible associate may elect to participate in the 2002 Stock Purchase Plan authorizing payroll deductions from such participant's basic compensation in an amount equal to either 1%, 2%, 3%, 4%, 5% or 6% of such compensation. A

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

participant's basic compensation, which excludes any form of extraordinary compensation such as overtime, prizes, bonuses, commissions, reimbursed relocation expenses and the like, is determined as of the date which is one month prior to the applicable granting date and will be annualized for purposes of the 2002 Stock Purchase Plan. Increases but not decreases in a participant's basic compensation occurring after the date of determination will be disregarded for the purchases by a participant during any purchase period.

If on any granting date there are insufficient uncommitted shares available for stock options out of the shares reserved for the 2002 Stock Purchase Plan (as a result of prior purchases under the Stock Purchase Plan), future purchase periods may be cancelled. If there is an over-subscription by participants of the remaining shares set aside for the 2002 Stock Purchase Plan on any granting date, a proportionate reduction will be made for that purchase period.

EXERCISE OF OPTIONS

The option price of the common stock to be purchased under any purchase period will be the lower of 85% of the fair market value of such stock on the applicable granting date or 85% of the fair market value of such stock on the applicable exercise date, provided, however, the option price will not be lower than the par

36

value of the common stock. The fair market value of the common stock as of March 21, 2002, was \$22.675 per share. The number of shares purchased at the end of each purchase period will be determined under the following formula:

$$\begin{array}{r} \text{Account Balance} \\ \hline \text{Option Price} \end{array} = \text{Total Stock Entitlement}$$

Only whole shares of common stock will be issued. The maximum number of shares a participant will be allowed to purchase during any purchase period is 2,000 shares.

Stock issued under the 2002 Stock Purchase Plan will not exceed 1,800,000 shares subject to certain adjustments to prevent the possible dilution of participants' interests. As of March 21, 2002, the market value of the common stock underlying the options available for issuance under the 2002 Stock Purchase Plan was \$40,815,000. Participants are protected against dilution in the event of a recapitalization, stock split, merger, consolidation, reorganization, combination, liquidation, stock dividend or similar transaction by an appropriate adjustment being made to the aggregate number of shares reserved for purchase under the Stock Purchase Plan and to the option price per share, except that upon a dissolution or liquidation of the company or a merger or consolidation in which the company is not the surviving or the resulting corporation, the 2002 Stock Purchase Plan will terminate. Any option granted pursuant to the 2002 Stock Purchase Plan will terminate upon the effective date of such dissolution, liquidation, merger or consolidation, and the balance of each participant's account will be refunded. Unless sooner terminated, the stock options granted pursuant to the 2002 Stock Purchase Plan expire ten years from the date of the grant.

TAX AND ACCOUNTING ASPECTS

Fleming has been advised by its counsel with respect to the federal income

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

tax aspects of options granted under the Stock Purchase Plan as follows:

Stock options granted under the 2002 Stock Purchase Plan will qualify as options granted under an "employee stock purchase plan" as defined in Section 423 of the Code and will be taxed in accordance with Sections 421 and 423 thereof and the regulations issued thereunder. The grant of an option to an associate pursuant to the terms of the 2002 Stock Purchase Plan will be without federal income tax consequences to the company and the associate, and the exercise of an option (options are deemed exercised if an associate is a participant on any exercise date) would result in neither taxable income to an associate nor a deduction to the company, provided the associate does not dispose of the shares within two years after the date of the grant of the option and within one year after the transfer to him of the shares of common stock represented by the option. If a disposition occurs within either of said periods, the associate may realize ordinary income on part or all of the gain and the company will be entitled to a deduction for the amount taxed to the associate as ordinary income. If an associate holds the shares acquired under the option for the required time and a disposition or the associate's death occurs thereafter, the associate will realize ordinary income on the excess of (i) the lessor of the fair market value of the shares on the associate's applicable granting date, the disposition date, or the date of the associate's death, over (ii) his option price, and the company will not be entitled to a deduction for such amount. Any additional gain realized as the result of the disposition will be taxed to the associate as a capital gain under the Code.

Under generally accepted accounting principles, assuming an equal proportionate number of shares of company common stock are sold each fiscal year under the plan, and the value of the company common stock remains constant over the life of the plan, the company will recognize a pre-tax charge to earnings during each fiscal year of the plan.

37

NEW PLAN BENEFITS

Since participation in the 2002 Stock Purchase Plan is at the election of the associate, the dollar value and number of options granted are not determinable with respect to the named executive officers, other executives or non-executive associates. Directors who are not Fleming associates cannot participate in the 2002 Stock Purchase Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE FLEMING COMPANIES, INC. 2002 ASSOCIATE STOCK PURCHASE PLAN.

PROPOSAL NO. 5

2002 AIM HIGH INCENTIVE PLAN

Subject to shareholder approval, the board of directors has adopted the Fleming Companies, Inc. 2002 Aim High Incentive Plan which will provide a system for determining incentive compensation to be paid to corporate officers and selected other key management associates of the company. Bonuses for corporate officers were determined previously under the Fleming Companies, Inc. Corporate Officer Incentive Plan. The board of directors terminated the Corporate Officer Incentive Plan effective February 27, 2002, and desires to replace it with the

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

2002 Aim High Incentive Plan. Approval by the shareholders is necessary to qualify for the exception from Section 162(m) of the Internal Revenue Code for qualified performance-based compensation. Adoption of the 2002 Aim High Incentive Plan is contingent on shareholder approval.

BACKGROUND

The 2002 Aim High Incentive Plan is designed to provide corporate officers and selected other key management associates performance incentives by providing the opportunity to earn a bonus if certain targets are met. The primary goals of the Aim High Incentive Plan are to:

- attain substantial improvement in sales,
- improve earnings,
- provide a concrete and understandable linkage between performance, rewards and share value creation for shareholders and
- encourage team work.

DESCRIPTION OF AWARDS

For each year, the compensation and organization committee will determine the amount of each participant's award by selecting a designated percentage of each participant's base salary which will be the amount which may be earned as an award for such year if the middle level targets for the year are met. For each year, the compensation and organization committee will also determine the applicable targets. Awards will be determined based on performance of the company in relation to earnings per share, sales and earnings.

To be entitled to an award, the earnings per share target first must be met or exceeded; and if that has occurred, the award will be weighted based on sales and earnings as such weighting is determined each year by the compensation and organization committee. For the fiscal year ending December 28, 2002, the committee has determined that 60% of the award will be based on sales and 40% will be based on earnings. For each year, the committee will also set threshold levels, middle levels and maximum levels within each target. If actual results for sales or earnings for a year are between specified target levels, the committee will interpolate the value of any award on an arithmetic proportionate basis.

A participant whose employment is terminated during a year due to death, disability, or retirement will receive the pro rata portion of the award which he would have otherwise received had he remained in the employ of the company. Unless the committee otherwise determines, a participant whose employment is terminated for any other reason shall forfeit all interest in his award. The maximum award that may be earned in any year by a participant is \$3,000,000.

ADMINISTRATION

The Aim High Incentive Plan will be administered by the compensation and organization committee. The committee is authorized and has complete discretion to formulate policies and to establish rules and regulations for the administration of the plan and to set or establish the targets. Awards will be paid under the plan only upon certification by the committee that the targets have been attained. The compensation and organization committee can reduce or eliminate the payment of any award. The committee cannot increase the amount of any award or change a target once established in a particular year.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

PARTICIPANTS

The Aim High Incentive Plan provides that key associates are eligible for selection to participate in the plan. The term "key associates" includes any employee holding the position of chairman, chief executive officer, president, executive vice president, senior vice president or vice president, any other associate who is an officer of the company, its subsidiaries or affiliated entities or any other selected key management associate. Approximately 1,500 key associates will be eligible to participate in the Aim High Incentive Plan; however, it is impossible at this time to determine who among the eligible associates may be selected to be participants in the Aim High Incentive Plan in the future. It is expected, however, that these determinations will be made on the basis of the associate's responsibilities and present and potential contribution to the success of the company and its subsidiaries as indicated by the compensation and organization committee's evaluation of such associate's position.

CHANGE IN CONTROL

Some participants in the Aim High Incentive Plan are parties to change of control employment agreements with the company. The Aim High Incentive Plan provides that any provision of the plan which would result in a loss or reduction of an award will be subject to and superseded by the provisions of the change of control agreements. For a description of these agreements see "Employment Agreement, Termination of Employment and Change in Control Arrangements -- Change of Control Employment Agreements." The Aim High Incentive Plan also limits the committee's discretion to reduce or eliminate a participant's award after a change of control. If a participant is terminated without cause, a prorated award will be calculated and paid for the year in which the change of control occurred assuming the middle level target was achieved.

NEW PLAN BENEFITS

The following table sets forth the bonus amounts to be received by the named executive officers and groups specified below who are participants in the Aim High Incentive Plan for the fiscal year ending December 28, 2002, assuming the Aim High Incentive Plan is approved by the shareholders. These amounts have been calculated assuming that the earnings per share target has been met for fiscal 2002 and the middle threshold targets on sales and earnings have been met. The following table is for illustrative purposes only; the company cannot predict whether any targets will be met for fiscal 2002 or whether any bonuses will be paid under the Aim High Incentive Plan for fiscal 2002.

PROPOSAL NO. 6

2002 AIM HIGH PLUS INCENTIVE PLAN

Subject to shareholder approval, the board of directors has adopted the Fleming Companies, Inc. 2002 Aim High Plus Incentive Plan which will provide a system for determining incentive compensation to be paid to corporate officers and selected other key management associates of the company. Approval by the shareholders is necessary to qualify for the exception from Section 162(m) of the Internal Revenue Code for qualified performance-based compensation. Adoption of the Aim High Plus Incentive Plan is contingent on shareholder approval.

BACKGROUND AND KEY FEATURES

The Aim High Plus Incentive Plan is designed to provide corporate officers and selected other key management associates performance incentives by providing the opportunity to earn a stock bonus if certain targets are met. The primary goals are to:

- attain substantial improvement in sales,
- improve earnings,
- provide a concrete and understandable linkage between performance, rewards and share value creation for shareholders and
- encourage team work.

Key features of the plan include:

- Limit on the maximum award (\$2,000,000) that may be paid to any participant under the plan in any year.
- Maximum of 750,000 shares of stock may be distributed under the plan.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

- The compensation committee (composed entirely of outside directors) administers the plan.

DESCRIPTION OF AWARDS

The method for determining targets under the Aim High Plus Incentive Plan is the same as those utilized under the Aim High Incentive Plan. For each year, the compensation and organization committee will determine the amount of each participant's award by selecting a designated percentage of each participant's base salary which will be the amount which may be earned as an award for such year if the middle level targets for the year are met. For each year, the committee will also determine the applicable targets. Awards will be determined based on performance of the company in relation to earnings per share, sales and earnings.

To be entitled to an award, the earnings per share target first must be met or exceeded; and if that has occurred, the award will be weighted based on sales and earnings as such weighting is determined each year by the committee. For the fiscal year ending December 28, 2002, the compensation and organization committee has determined that 60% of the award will be based on sales and 40% will be based on earnings. For each year, the compensation and organization committee will also set threshold levels, middle levels and maximum levels within each target. If actual results for sales or earnings for a year are between specified target levels, the compensation and organization committee will interpolate the value of any award on an arithmetic proportionate basis.

Awards will be paid in the form of company common stock. The number of shares will be determined by dividing the amount of award earned by a participant by the fair market value of the company's stock on the date the award is determined to be earned. A maximum of 750,000 shares of stock may be distributed under the plan.

A participant whose employment is terminated during a year due to death, disability, or retirement will receive the pro rata portion of the award which he would have otherwise received had he remained in the

42

employ of the company. Unless the compensation and organization committee otherwise determines, a participant whose employment is terminated for any other reason shall forfeit all interest in his award. The maximum award that may be earned in any year by a participant is \$2,000,000 of the company's common stock.

ADMINISTRATION

The Aim High Plus Incentive Plan will be administered by the compensation and organization committee. The committee is authorized and has complete discretion to formulate policies and to establish rules and regulations for the administration of the plan and to set or establish the targets. Awards will be paid under the plan only upon certification by the compensation and organization committee that the targets have been attained. The compensation and organization committee can reduce or eliminate the payment of any award. The compensation and organization committee cannot increase the amount of any award or change a target once established in a particular year.

PARTICIPANTS

The Aim High Plus Incentive Plan provides that key associates are eligible for selection to participate in the plan. The term "key associates" includes any employee holding the position of chairman, chief executive officer, president,

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

executive vice president, senior vice president or vice president or any other associate who is an officer of the company, its subsidiaries or affiliated entities. Approximately 21 key associates are eligible to participate in the Aim High Plus Incentive Plan; however, it is impossible at this time to determine who among the eligible associates may be selected to be participants in the Aim High Plus Incentive Plan in the future. It is expected, however, that these determinations will be made on the basis of the associate's responsibilities and present and potential contribution to the success of the company and its subsidiaries as indicated by the compensation and organization committee's evaluation of such associate's position.

CHANGE IN CONTROL

Some participants in the Aim High Plus Incentive Plan are parties to change of control employment agreements with the company. The Aim High Plus Incentive Plan provides that any provision of the plan which would result in a loss or reduction of an award will be subject to and superseded by the provisions of the change of control agreements. For a description of these agreements see "Employment Agreement, Termination of Employment and Change in Control Arrangements -- Change of Control Employment Agreements." The Aim High Plus Incentive Plan also limits the compensation and organization committee's discretion to reduce or eliminate a participant's award after a change of control. If a participant is terminated without cause, a prorated award will be calculated and paid for the year in which the change of control occurred assuming the middle level target was achieved.

NEW PLAN BENEFITS

The following table sets forth the bonus amounts and the resulting shares (assuming current stock prices) to be received by the named executive officers who are participants in the Aim High Plus Incentive Plan for the fiscal year ending December 28, 2002, assuming the Aim High Plus Incentive Plan is approved by the shareholders. These amounts have been calculated assuming that the earnings per share target has been met for fiscal 2002 and the middle threshold targets on sales and earnings have been met. The following table is for illustrative purposes only; the company cannot predict whether any targets will be met for fiscal 2002 or whether any bonuses will be paid under the Aim High Plus Incentive Plan for fiscal 2002. The number of

shares will fluctuate based on the company's stock price. As of March 21, 2002 the company's stock price used in calculating the number of shares under the Aim High Plus Incentive Plan was \$22.675.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have a loan program which provides full recourse loans to executive officers in order to assist them in meeting their required stock ownership levels. The loans bear interest at an annual rate of 7%, but such accrued interest is forgiven so long as the executive remains employed by us. None of the named executive officers participated in our loan program during 2001. However, Mr. Rider participated in the loan program in 2000, obtaining a loan of \$150,153.94 from us to purchase shares of our common stock on March 3, 2000. As of March 21, 2002, the entire amount of this loan remained outstanding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the company's directors and executive officers, and persons who own more than ten percent of Fleming's common stock, to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock of the company. Such persons are also required by applicable regulations to furnish the company with copies of all Section 16(a) forms they file. To the company's knowledge, based solely on a review of the copies of such reports furnished to the company and written representations that no other reports were required to be filed, during 2001, all Section 16(a) filing requirements were met, except that one Form 4 for U.S. Transportation L.L.C. was not filed timely.

OTHER BUSINESS

The board of directors knows of no other business which will be presented for action at the meeting other than as described in the notice of annual meeting. If other matters come before the meeting, the proxies will be voted in accordance with the judgment of the persons named on the proxy card.

FLEMING COMPANIES, INC.

2002 STOCK INCENTIVE PLAN

ARTICLE I
PURPOSE

1.1 Purpose. This 2002 Stock Incentive Plan (the "Plan") is established by Fleming Companies, Inc. (the "Company") to emphasize the Company's pay for performance philosophy by creating incentives which are designed to motivate Participants to put forth maximum effort toward the success and growth of the Company and to enable the Company to attract and retain experienced individuals who by their position, ability and diligence are able to make important contributions to the Company's success. Toward these objectives, the Plan provides for the granting of Options and Restricted Stock Awards to Eligible Associates and the granting of Nonqualified Stock Options to Eligible Directors subject to the conditions set forth in the Plan.

1.2 Establishment. The Plan is effective as of February 27, 2002 and for a period of ten years thereafter. The Plan shall continue in effect until all matters relating to the payment of Awards and administration of the Plan have

been settled.

The Plan shall be approved by the holders of a majority of the outstanding shares of Common Stock, present, or represented, and entitled to vote at a meeting called for such purpose, which approval must occur within the period ending twelve months after the date the Plan is adopted by the Board. Pending such approval by the shareholders, Awards under the Plan may be granted, but no such Awards may be exercised prior to receipt of shareholder approval. In the event shareholder approval is not obtained within such twelve-month period, all such Awards shall be void.

1.3 Shares Subject to the Plan. Subject to the limitations set forth in the Plan, Awards may be made under this Plan for a total of 3,500,000 shares of Common Stock. A maximum of 1,000,000 shares of the 3,500,000 shares of Common Stock subject to the Plan may be granted as Restricted Stock Awards (the "Restricted Stock Award Limit").

ARTICLE II
DEFINITIONS

2.1 "Affiliated Entity" means any partnership or limited liability company in which a majority of the partnership or other similar interest thereof is owned or controlled, directly or indirectly, by the Company or one or more of its Subsidiaries or Affiliated Entities or a combination thereof. Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Subject to the provisions of the Plan, the Board shall from time to time select from the Eligible Directors, those to whom Nonqualified Stock Options shall be granted and shall establish in the related Award Agreements, the terms, conditions, restrictions, and/or limitations, if any, applicable to the Awards in addition to those set forth in the Plan and the administrative rules and regulations of the Committee.

ARTICLE VI STOCK OPTIONS

6.1 Grant of Options. The Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant Options to Eligible Associates. These Options may be Incentive Stock Options or Nonqualified Stock Options, or a combination of both. Each grant of an Option shall be evidenced by an Award Agreement executed by the Company and the Eligible Associate, and shall contain such terms and conditions and be in such form as the Committee may from time to time approve, subject to the requirements of Section 6.2. The Board may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant Nonqualified Stock Options to Eligible Directors.

6.2 Conditions of Options. Each Option so granted shall be subject to the following conditions:

(a) Exercise Price. As limited by Section 6.2(e) below, each Option shall state the exercise price which shall be set by the Committee at the Date of Grant; provided, however, no Option shall be granted at an exercise price which is less than the Fair Market Value of the Common Stock on the Date of Grant.

(b) Form of Payment. The exercise price of an Option may be paid (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) by delivering shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the exercise price, but only to the extent such exercise of an Option would not result in an accounting compensation charge with respect to the shares used to pay the exercise price unless otherwise determined by the Committee; or (iii) a combination of the foregoing. In addition to the foregoing, any Option granted under the Plan may be exercised by a broker-dealer acting on behalf of a Participant if (A) the broker-dealer has received from the Participant or the Company a notice evidencing the exercise of such Option and instructions signed by the Participant requesting the Company to deliver the shares of Common Stock subject to such Option to the broker-dealer on behalf of the Participant and specifying the account into which such shares should be deposited, (B) adequate provision has been made with respect to the payment of any withholding taxes due upon such exercise or, in the case of an Incentive Stock Option, upon the disposition of such shares and (C) the broker-dealer and the Participant have otherwise complied with Section 220.3(e) (4) of Regulation T, 12 CFR, Part 220 and any successor rules and regulations applicable to such exercise.

(c) Exercise of Options. Options granted under the Plan shall be exercisable, in whole or in such installments and at such times, and shall expire at such time, as shall be provided by the Committee in the Award Agreement. Exercise of an Option shall be by written notice to the Secretary at least two business days in advance of such exercise stating the election to exercise in the form and manner

determined by the Committee. Every share of Common Stock acquired through the exercise of an Option shall be deemed to be fully paid at the time of exercise and payment of the exercise price.

(d) Other Terms and Conditions. Among other conditions that may be imposed by the Committee, if deemed appropriate, are those relating to (i) the period or periods and the conditions of exercisability of any Option; (ii) the minimum periods during which Participants must be employed by the Company, its Subsidiaries, or an Affiliated Entity, or must hold Options before they may be exercised which shall in no event be less than one year; (iii) the minimum periods during which shares acquired upon exercise must be held before sale or transfer shall be permitted; (iv) conditions under which such Options or shares may be subject to forfeiture; (v) the frequency of exercise or the minimum or maximum number of shares that may be acquired at any one time; (vi) the achievement by the Company of specified performance criteria; and (vii) non-compete and protection of business matters.

(e) Special Restrictions Relating to Incentive Stock Options. Options issued in the form of Incentive Stock Options shall only be granted to Eligible Associates of the Company or a Subsidiary, and not to Eligible Associates of an Affiliated Entity. Furthermore, Incentive Stock Options shall, in addition to being subject to all applicable terms, conditions, restrictions and/or limitations established by the Committee, comply with the requirements of Section 422 of the Code, including, without limitation, the requirement that the exercise price of an Incentive Stock Option not be less than 100% of the Fair Market Value of the Common Stock on the Date of Grant, the requirement that each Incentive Stock Option, unless sooner exercised, terminated or cancelled, expire no later than 10 years from its Date of Grant, and the requirement that the aggregate Fair Market Value (determined on the Date of Grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under this Plan or any other plan of the Company or any Subsidiary) not exceed \$100,000.

(f) Application of Funds. The proceeds received by the Company from the sale of Common Stock pursuant to Options will be used for general corporate purposes.

(g) Shareholder Rights. No Participant shall have a right as a shareholder with respect to any share of Common Stock subject to an Option prior to purchase of such shares of Common Stock by exercise of the Option.

ARTICLE VII RESTRICTED STOCK AWARDS

7.1 Grant of Restricted Stock Awards. The Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant a Restricted Stock Award to any Eligible Associate. Restricted Stock Awards shall be awarded in such number and at such times during the term of the Plan as the Committee shall determine. Each Restricted Stock Award may be evidenced in such manner as the Committee deems appropriate, including, without limitation, a book-entry registration or issuance of a stock certificate or certificates, and by an Award Agreement setting forth the terms of such Restricted Stock Award.

7.2 Conditions of Restricted Stock Awards. The grant of a Restricted Stock Award shall be subject to the following:

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

(a) Restriction Period. In addition to any vesting conditions determined by the Committee, including, but not by way of limitation, the achievement by the Company of specified performance criteria may be based upon the Company's achievement of earnings per share targets established by the Committee, vesting of each Restricted Stock Award shall require the holder to remain in the employment of the Company, a Subsidiary, or an Affiliated Entity for a prescribed period (a "Restriction Period"). Subject to Sections 4.1(h) and (i) the Committee shall determine the Restriction Period or Periods which shall apply to the shares of Common Stock covered by each Restricted Stock Award or portion thereof. At the end of the Restriction Period, assuming the fulfillment of any other specified vesting conditions, the restrictions imposed by the Committee shall lapse with respect to the shares of Common

A-7

Stock covered by the Restricted Stock Award or portion thereof. In addition to acceleration of vesting upon the occurrence of a Change of Control Event as provided in Section 9.6, the Committee may, in its sole discretion, modify or accelerate the vesting of a Restricted Stock Award (i) in the case of the death or disability of the Participant, (ii) in the case the Participant's employment is terminated by the Company without "cause" as such term shall be defined by the Committee in the Award Agreement, or (iii) in the case the Participant terminates his employment for "good reason" as such term shall be defined by the Committee in the Award Agreement. In addition, with respect to Restricted Stock Awards representing an aggregate of 50,000 shares under the Plan (5% of the Restricted Stock Award Limit) for all Eligible Associates during the duration of the Plan, the Committee may in its sole discretion modify or accelerate the vesting of such Restricted Stock Awards under such circumstances as it deems appropriate.

(b) Restrictions. The holder of a Restricted Stock Award may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of the shares of Common Stock represented by the Restricted Stock Award during the applicable Restriction Period. The Committee shall impose such other restrictions and conditions on any shares of Common Stock covered by a Restricted Stock Award as it may deem advisable including, without limitation, restrictions under applicable Federal or state securities laws, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

(c) Rights as Shareholders. During any Restriction Period, the Committee may, in its discretion, grant to the holder of a Restricted Stock Award all or any of the rights of a shareholder with respect to the shares, including, but not by way of limitation, the right to vote such shares and to receive dividends. If any dividends or other distributions are paid in shares of Common Stock, all such shares shall be subject to the same restrictions on transferability as the shares of Restricted Stock with respect to which they were paid.

ARTICLE VIII STOCK ADJUSTMENTS

In the event that the shares of Common Stock, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, stock split, combination of shares or otherwise), or if the number of such shares of Common Stock shall be increased through the payment of a stock dividend, or if rights or warrants to purchase securities of the Company shall be issued to

holders of all outstanding Common Stock, then there shall be substituted for or added to each share available under and subject to the Plan, and each share theretofore appropriated under the Plan, the number and kind of shares of stock or other securities into which each outstanding share of Common Stock shall be so changed or for which each such share shall be exchanged or to which each such share shall be entitled, as the case may be, on a fair and equivalent basis in accordance with the applicable provisions of Section 424 of the Code; provided, however, with respect to Options, in no such event will such adjustment result in a modification of any Option as defined in Section 424(h) of the Code. In the event there shall be any other change in the number or kind of the outstanding shares of Common Stock, or any stock or other securities into which the Common Stock shall have been changed or for which it shall have been exchanged, then if the Committee shall, in its sole discretion, determine that such change equitably requires an adjustment in the shares available under and subject to the Plan, or in any Award, theretofore granted, such adjustments shall be made in accordance with such determination, except that no adjustment of the number of shares of Common Stock available under the Plan or to which any Award relates that would otherwise be required shall be made unless and until such adjustment either by itself or with other adjustments not previously made would require an increase or decrease of at least 1% in the number of shares of Common Stock available under the Plan or to which any Award relates immediately prior to the making of such adjustment (the "Minimum Adjustment"). Any adjustment representing a change of less than such minimum amount shall be carried forward and made as soon as such adjustment together with other adjustments required by this Article VIII and not previously made would result in a Minimum Adjustment. Notwithstanding the foregoing, any adjustment required by this Article VIII which otherwise would not result

A-8

in a Minimum Adjustment shall be made with respect to shares of Common Stock relating to any Award immediately prior to exercise, payment or settlement of such Award.

No fractional shares of Common Stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

ARTICLE IX GENERAL

9.1 Amendment or Termination of Plan. The Board may alter, suspend or terminate the Plan at any time. In addition, the Board may, from time to time, amend the Plan in any manner, but may not without shareholder approval adopt any amendment which would (i) increase the aggregate number of shares of Common Stock available under the Plan (except by operation of Article VIII), (ii) materially modify the requirements as to eligibility for participation in the Plan, or (iii) materially increase the benefits to Participants provided by the Plan.

9.2 Termination of Employment; Termination of Service. If an Eligible Associate's employment with the Company, a Subsidiary, or an Affiliated Entity terminates for a reason other than death, disability, retirement, or any approved reason, all unexercised, unearned, and/or unpaid Awards, including, but not by way of limitation, Awards earned, but not yet paid, all unpaid dividends and dividend equivalents, and all interest, if any, accrued on the foregoing shall be cancelled or forfeited, as the case may be, unless the Eligible Associate's Award Agreement provides otherwise. The Committee shall (i) determine what events constitute disability, retirement, or termination for an approved reason for purposes of the Plan, and (ii) determine the treatment of a

Participant under the Plan in the event of his death, disability, retirement, or termination for an approved reason. The Committee shall also determine the method, if any, for accelerating the vesting or exercisability of any Options, or providing for the exercise of any unexercised Options in the event of an Eligible Associate's death, disability, retirement, or termination for an approved reason. In the event an Eligible Associate's employment is terminated due to retirement in accordance with the Company's regular retirement policies, unless the Eligible Associate's Award Agreement provides otherwise, the Eligible Associate shall have a period of three years following his date of retirement to exercise any Nonqualified Stock Options which are otherwise exercisable on his date of retirement.

In the event an Eligible Director terminates service as a director of the Company, the unvested portion of any Award shall be forfeited unless otherwise accelerated pursuant to the terms of the Eligible Director's Award Agreement or by the Committee. The Eligible Director shall have a period of three years following the date he ceases to be a director to exercise any Nonqualified Stock Options which are otherwise exercisable on his date of termination of service.

9.3 Limited Transferability -- Options. The Committee may, in its discretion, authorize all or a portion of the Nonqualified Stock Options to be granted under this Plan to be on terms which permit transfer by the Participant to (i) the ex-spouse of the Participant pursuant to the terms of a domestic relations order, (ii) the spouse, children or grandchildren of the Participant ("Immediate Family Members"), (iii) a trust or trusts for the exclusive benefit of such Immediate Family Members, or (iv) a partnership in which such Immediate Family Members are the only partners. In addition (x) there may be no consideration for any such transfer, (y) the Award Agreement pursuant to which such Nonqualified Stock Options are granted must be approved by the Committee, and must expressly provide for transferability in a manner consistent with this paragraph, and (z) subsequent transfers of transferred Nonqualified Stock Options shall be prohibited except as set forth below in this Section 9.3. Following transfer, any such Nonqualified Stock Options shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that for purposes of Section 9.2 hereof the term "Participant" shall be deemed to refer to the transferee. The events of termination of employment of Section 9.2 hereof shall continue to be applied with respect to the original Participant, following which the Nonqualified Stock Options shall be exercisable by the transferee only to the extent, and for the periods specified in Section 9.2 hereof. No transfer pursuant to this Section 9.3 shall be effective to bind the Company unless the Company shall have been furnished with written notice of such

A-9

transfer together with such other documents regarding the transfer as the Committee shall request. In addition, subject to the foregoing provisions of this Section 9.3, Awards shall be transferable only by will or the laws of descent and distribution; however, no such transfer of an Award by the Participant shall be effective to bind the Company unless the Company shall have been furnished with written notice of such transfer and an authenticated copy of the will and/or such other evidence as the Committee may deem necessary to establish the validity of the transfer and the acceptance by the transferee of the terms and conditions of such Award.

9.4 Withholding Taxes. Unless otherwise paid by the Participant, the Company shall be entitled to deduct from any payment under the Plan, regardless of the form of such payment, the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment or may require the Participant to pay to it such tax prior to and as a condition of the making of such payment. In accordance with any applicable administrative guidelines it

establishes, the Committee may allow a Participant to pay the amount of taxes required by law to be withheld from an Award by (i) directing the Company to withhold from any payment of the Award a number of shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the required withholding taxes or (ii) delivering to the Company previously owned shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the required withholding taxes; provided, the foregoing notwithstanding, any payment made by the Participant pursuant to either of the foregoing clauses (i) or (ii) shall not be permitted if it would result in an accounting charge with respect to such shares used to pay such taxes unless otherwise approved by the Committee.

9.5 Dividends and Dividend Equivalents -- Awards. The Committee may choose, at the time of the grant of any Award or any time thereafter up to the time of payment of such Award, to include as part of such Award an entitlement to receive dividends or dividend equivalents subject to such terms, conditions, restrictions, and/or limitations, if any, as the Committee may establish. Dividends and dividend equivalents granted hereunder shall be paid in such form and manner (i.e., lump sum or installments), and at such time as the Committee shall determine. All dividends or dividend equivalents which are not paid currently may, at the Committee's discretion, accrue interest.

9.6 Change of Control. Notwithstanding any other provision in this Plan to the contrary, Awards granted under the Plan to any Eligible Associate or Eligible Director may, in the discretion of the Committee, provide that such Awards shall be immediately vested, fully earned and exercisable upon the occurrence of a Change of Control Event.

9.7 Amendments to Awards. Subject to the limitations of Article IV, such as the prohibition on repricing of Options, the Committee may at any time unilaterally amend the terms of any Award Agreement, whether or not presently exercisable or vested, to the extent it deems appropriate. ARTICLE III FUNDING AND EARLY WITHDRAWAL OF ACCOUNTS

3.1 Stock Purchase Accounts. As of the applicable Granting Date, there shall be established and maintained under the Plan in the name of each Participant (who is a Participant with respect to the Purchase Period pertaining to such Granting Date) an Account which shall be debited and credited in accordance with the following Sections of this Article III and the provisions of Article IV.

3.2 Participant's Contributions. By becoming a Participant, authorization shall be deemed to be automatically given by the Participant for his periodic contributions which shall be credited to his Account calculated as follows:

FIRST: The Participant's basic compensation rate (excluding any form of extraordinary compensation such as overtime, prizes, bonuses, commissions, reimbursed relocation expenses and the like), as of the date ("Determination Date") which is one month prior to the applicable Granting Date, shall be determined and annualized ("Annual Compensation"). Increases in such basic compensation rate after such Determination Date shall be disregarded for that Purchase Period. Provided, however, the Determination Date for a Participant who has been employed less than one month prior to the applicable Granting Date shall be the Participant's date of hire.

SECOND: Prior to the applicable Granting Date, the Participant shall elect in his Option Agreement filed with the Committee a percentage of either 1%, 2%, 3%, 4%, 5%, or 6% ("Contribution Rate"); provided, an election, once made with respect to any Purchase Period cannot be changed after commencement of the Purchase Period; and provided further, a Participant may elect to change his Contribution Rate for succeeding Purchase Periods by notifying the Committee within 10 days of any succeeding Granting Date. If a Participant receives a "hardship withdrawal" from a cash or deferred arrangement established by the Employer under Section 401(k) of the Code, he shall be prohibited from making contributions to his Account under this Plan for a period of 6 months after receipt of such hardship distribution.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

THIRD: The Participant's Annual Compensation for the applicable Purchase Period shall be multiplied by his Contribution Rate, and the product thereof shall equal his aggregate maximum contributions ("Aggregate Contributions") to be made under the Plan for the applicable Purchase Period.

FOURTH: On each payroll payment date falling within the applicable Purchase Period, the maximum amount of contributions which may be withheld by the Employer from the Participant's payroll payment (the "Maximum Withholding") shall be calculated by multiplying the Contribution Rate times the Participant's basic compensation (excluding any form of extraordinary compensation as defined in paragraph FIRST above) for the applicable payroll period.

FIFTH: On each payroll payment date falling within the applicable Purchase Period, the amount of contributions which shall be withheld by the Employer from the Participant's payroll payment by payroll deduction ("Actual Withholding") shall be the lesser of (i) the Maximum Withholding for such payroll payment, or (ii) the amount of Aggregate Contributions for the applicable Purchase Period

B-3

reduced by the aggregate amount of prior Actual Withholdings during the applicable Purchase Period. Notwithstanding anything to the contrary herein, in the event that a Participant incurs a decrease in his basic compensation rate during any Purchase Period, and such Participant is not a Terminating Participant or has not voluntarily withdrawn from the Plan, then, in such event, and if requested by the Participant, the Committee may, in its sole discretion, make appropriate adjustments to the Participant's Contribution Rate in order to achieve the Participant's intended aggregate Actual Withholdings for the Purchase Period.

3.3 Continued Participation; Voluntary Withdrawal from Plan. Once a Participant elects to participate in the Plan, he shall thereafter remain as a Participant until expiration or termination of the Plan, unless he otherwise withdraws from, or otherwise becomes ineligible to participate in the Plan. A legal representative of a deceased Participant and a Participant who terminates employment for any reason within three months prior to the end of the applicable Purchase Period will continue to be a Participant in the Plan until the next succeeding Exercise Date unless such Participant or his representative (in the event of the Participant's death) elects to withdraw from the Plan pursuant to this Section 3.3. A Participant may withdraw from the Plan at any time by filing a written notice of withdrawal with the Committee prior to the next applicable Exercise Date. Upon a Participant's withdrawal, his entire Account Balance, if any, on the date of withdrawal shall be refunded to him and all outstanding Stock Options and rights to purchase Stock in his favor shall be terminated and no longer exercisable.

3.4 Withdrawal by Terminating Participant. A Terminating Participant shall be deemed to have made an election to withdraw from the Plan on the date his employment terminates. Upon such withdrawal, his entire Account Balance, if any, on the date of withdrawal, shall be refunded to him and all outstanding Stock Options and rights to purchase Stock in his favor shall be terminated and no longer exercisable.

3.5 Reparticipation. A Participant who withdraws under Section 3.3 within any Purchase Period shall not be eligible to reenter the Plan with respect to the same Purchase Period; provided, a Participant who withdraws from the Plan under Section 3.3 prior to the end of any Purchase Period shall not be precluded from becoming a Participant with respect to any succeeding Purchase Period if he

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

has satisfied the eligibility requirements of the Plan.

3.6 Interest Accrual. With respect to the refund or distribution of an Account Balance under either of Sections 3.3 or 3.4, no interest shall be paid or payable. If the Plan is terminated under either of Sections 8.2 or 9.9, the refund of an Account Balance shall be with interest at a per annum rate of 5% computed upon the average balance in such Participant's Account for the period of time following the Granting Date applicable to such Participant and ending on the day of the distribution.

ARTICLE IV EXERCISE OF STOCK OPTION

4.1 Exercise. If a Participant has not made an earlier election to withdraw pursuant to either of Sections 3.3 or 3.4, he shall be deemed to have elected to exercise his Stock Option as of each Exercise Date with respect to the applicable Purchase Period.

4.2 Amount of Shares of Stock.

(a) Subject to the Subsection (b) following, the whole number of shares of Stock to which a Participant shall be entitled ("Total Stock Entitlement") upon the applicable Exercise Date shall be determined under the following formula:

$$\text{Account Balance} / \text{Option Price} = \text{Total Stock Entitlement}$$

Provided, the Account Balance for purposes of this Section 4.2 shall be determined without crediting any interest thereon.

B-4

(b) The Total Stock Entitlement computed for each Participant shall be reduced to the extent that any of the following Subsections shall apply:

(i) No Participant shall be entitled to participate in the Plan to a greater extent than that permitted under Section 423(b)(3) of the Code. Thus, no Associate may be granted a Stock Option if such Associate, immediately after the Stock Option is granted, owns stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or of its parent or any Subsidiary (if applicable). For purposes of this Subsection, the rules of Section 424(d) of the Code shall apply in determining the stock ownership of an individual, and stock which the Associate may purchase under all outstanding stock options shall be treated as stock owned by the Associate.

(ii) No Participant shall be entitled to participate in the Plan to a greater extent than that permitted under Section 423(b)(8) of the Code. Thus, no Associate may be granted a Stock Option which permits his rights to purchase stock under all such "employee stock ownership plans" of the Company or any Subsidiary (if applicable) intended to qualify under Section 423 of the Code to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined at the time such Stock Option is granted) for each calendar year in which such Stock Option is outstanding at any time. For purposes of this Subsection, (1) the right to purchase stock under an option accrues when the option (or any portion thereof) first becomes exercisable during the calendar year; (2) the right to purchase stock under an option accrues at the rate provided in the option, but in no case may such rate exceed \$25,000 of fair market value of such stock (determined at the time such stock option is

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

granted) for any one calendar year; and (3) a right to purchase stock which has accrued under one option granted pursuant to any such plan may not be carried over to any other such stock option.

4.3 Distribution. A Participant's Total Stock Entitlement as determined under Section 4.2 shall be distributed to him pursuant to Section 4.4(b) together with any cash which is not applied toward the purchase of whole shares of Stock. No interest shall be payable upon such refunded Account Balance. The total amount applied toward the purchase of Stock and/or distributed to the Participant shall be debited to the Participant's Account. If a Participant is prohibited from exercising his/her Stock Option because of the limitations contained in Subsection 4.2(b) of the Plan or in Section 423 of the Code, the balance of such Participant's Account shall be refunded to him/her without interest.

4.4 Issuance of Shares; Stock Certificates.

(a) The shares of Stock purchased by a Participant on the applicable Exercise Date shall for all purposes, be deemed to have been issued and sold at the close of business on such Exercise Date. Prior to that time, none of the rights or privileges of a stockholder of the Company shall exist with respect to such shares.

(b) As soon as practicable after each Exercise Date, the Company shall evidence the shares of Stock purchased by either a book-entry registration or issuing and delivering a certificate, registered in the Participant's name, for the number of shares of Stock purchased.

ARTICLE V MAXIMUM SHARES OF STOCK AVAILABLE

5.1 Maximum Number of Shares Available to Participants. If on the Exercise Date of any Purchase Period the Total Stock Entitlement for all Participants, determined under Section 4.2 hereof exceeds the number of shares of Stock available for issuance under the Plan, there shall be a proportionate reduction for the ensuing applicable Purchase Period of each Participant's Total Stock Entitlement in order to eliminate such excess. Notwithstanding any provision herein to the contrary, the maximum number of shares a Participant will be allowed to purchase during any Purchase Period is 2,000 shares of Stock.

B-5

5.2 Maximum Authorized Shares. Subject to adjustment under Article VIII, the maximum number of shares of Stock which may be issued under the Plan shall not in the aggregate exceed 1,800,000 shares of Stock whether it be authorized but unissued shares of Stock or treasury shares of Stock.

5.3 Termination of Offering for the Second and Subsequent Purchase Periods. If in the opinion of the Committee, there is insufficient Stock available for Stock Options at any Granting Date after the July 1, 2002 Granting Date, the Committee may terminate the offering contemplated for any or all succeeding Purchase Periods.

ARTICLE VI ADMINISTRATION

6.1 Appointment of Committee. The Plan shall be administered by the Committee. The members of the Committee shall serve at the pleasure of the Board and shall be ineligible to participate under the Plan. Any member may serve concurrently as a member of any other administrative committee of any other plan of the Company or its affiliates entitling participants therein to acquire

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

stock, stock options or deferred compensation rights including stock appreciation rights.

6.2 Committee Powers and Duties. The Committee shall have all the powers and authorities which are reasonably appropriate and necessary to discharge its duties under the Plan.

6.3 Committee to Make Rules and Interpret Plan. The Committee, in its sole discretion, shall have the authority, subject to the provisions of the Plan, to establish, adopt, or revise rules and regulations with respect to the administration of the Plan and to make all such determinations relating to the Plan as it may deem necessary or advisable for the administration of the Plan. The Committee's interpretation of the Plan and all decisions and determinations by the Committee with respect to the Plan shall be final, binding, and conclusive on all parties unless otherwise determined by the Board.

ARTICLE VII AMENDMENT OF THE PLAN

The Board may at any time, or from time to time, amend the Plan in any respect consistent with Sections 421 and 423 of the Code, except that, without approval of the stockholders, no amendment shall (i) increase the maximum number of shares reserved under the Plan other than as provided in Article VIII, (ii) be made if not permitted by Sections 421 and 423 of the Code or (iii) make the Plan available to any person who is not a Participant.

ARTICLE VIII RECAPITALIZATION AND EFFECT OF CERTAIN TRANSACTIONS

8.1 Stock Adjustments. In the event that the shares of Stock, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, stock split, combination of shares or otherwise), or if the number of such shares of Stock shall be increased through the payment of a stock dividend, then there shall be substituted for or added to each share available under and subject to the Plan as provided in Section 5.2 hereof, and each share theretofore appropriated or thereafter subject or which may become subject to Stock Options under the Plan, the number and kind of shares of stock or other securities into which each outstanding share of Stock shall be so changed or for which each such share shall be exchanged or to which each such share shall be entitled, as the case may be, on a fair and equivalent basis in accordance with the applicable provisions of Section 424 of the Code; provided, in no such event will such adjustment result in a modification of any Stock Option as defined in Section 424(h) of the Code. In the event there shall be any other change in the number or kind of the outstanding shares of Stock, or any stock or other securities into which the Stock shall have been changed or for which it shall have been exchanged, then, if the Committee shall, in its sole discretion, determine that such change equitably requires

B-6

an adjustment in the shares available under and subject to the Plan, or in any Stock Option theretofore granted or which may be granted under the Plan, such adjustments shall be made in accordance with such determination, except that no adjustment of the number of shares of Stock available under the Plan or to which any Stock Option relates that would otherwise be required shall be made unless and until such adjustment either by itself or with other adjustments not previously made would require an increase or decrease of at least 1% in the number of shares of Stock available under the Plan or to which a Stock Option relates immediately prior to the making of such adjustment (the "Minimum

Adjustment"). Any adjustment representing a change of less than such minimum amount shall be carried forward and made as soon as such adjustment together with other adjustments required by this Section 8.1 and not previously made would result in a Minimum Adjustment. Notwithstanding the foregoing, any adjustment required by this Section 8.1 which otherwise would not result in a Minimum Adjustment shall be made with respect to shares of Stock relating to any Stock Option immediately prior to exercise of such Stock Option.

No fractional shares of Stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. Any adjustments under this Section 8.1 shall be made according to the sole discretion of the Company, and its decision shall be binding and conclusive.

8.2 Effect of Certain Transactions. Subject to any required action by the stockholders, if the Company shall be the surviving or resulting corporation in any merger or consolidation, any Stock Option hereunder shall pertain to and apply to the shares of stock of the Company, but a dissolution or liquidation of the Company or merger or consolidation in which the Company is not the surviving or the resulting corporation shall cause the Plan and any Stock Option hereunder to terminate upon the effective date of such dissolution, liquidation, merger or consolidation, and the Account Balance of each Participant shall be refunded to him and any outstanding Stock Option in his favor shall be terminated and no longer exercisable. Provided, that for the purpose of this Section 8.2, if any merger, consolidation or combination occurs in which the Company is not the surviving corporation and is the result of a mere change in the identity, form or place of organization of the Company accomplished in accordance with Section 368(a)(1)(F) of the Code, then, such event shall not cause a termination.

8.3 Stockholder Approval. The Plan shall be approved by the holders of a majority of the outstanding shares of Stock, present, or represented, and entitled to vote at a meeting called for such purposes, which approval must occur within the period ending twelve (12) months after the date the Plan is adopted by the Board. In the event stockholder approval is not obtained within such twelve-month period, the Plan and all such Stock Options and such Stock shall be void.

8.4 Regulatory Approval and Listings. The Company shall use its best efforts to file with the Securities and Exchange Commission as soon as practicable following stockholder approval pursuant to Section 8.3, and keep continuously effectively and usable, a Registration Statement on Form S-8 with respect to shares of Stock subject to Stock Options hereunder. Notwithstanding anything contained in this Plan to the contrary, the Company shall have no obligation to issue or deliver certificates representing shares of Stock evidencing Stock Options prior to:

(a) the obtaining of any approval from, or satisfaction of any waiting period or other condition imposed by, any governmental agency which the Committee shall, in its sole discretion, determine to be necessary or advisable;

(b) the admission of such shares to listing on the stock exchange on which the Stock may be listed; and

(c) the completion of any registration or other qualification of such shares under any state or federal law or ruling of any governmental body which the Committee shall, in its sole discretion, determine to be necessary or advisable.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

ARTICLE IX MISCELLANEOUS

9.1 Notices. Any notice which a Participant files pursuant to the Plan shall be on the form prescribed by the Committee and shall be effective when received by the Committee.

9.2 Application of the Funds. All funds received by the Company under the Plan may be used for any corporate purpose.

9.3 Repurchase of Stock. The Company shall not be required to repurchase from any Participant shares of Stock which he acquired under the Plan.

9.4 Alternate Contribution Methods. If authorized payroll deductions of a Participant's periodic contributions under Section 3.2 are not permitted by reason of the provisions of any law applicable to an Employer, the Committee shall adopt an appropriate alternative method under which affected Participants may make payment for shares of Stock purchased hereunder which would otherwise have been made pursuant to Section 3.2.

9.5 Nonassignability. Stock Options are exercisable only by the Participant during his lifetime, or by his estate or the person who acquires the right to exercise such Stock Option upon his death by bequest or inheritance, and are not transferable by him other than by will or the laws of descent and distribution. No Stock Option shall be subject in any manner to alienation, anticipation, sale, transfer, assignment, pledge, or encumbrance, except for transfer by will or the laws of descent and distribution. Any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of, or to subject to execution, attachment or similar process, any Stock Option contrary to the provisions hereof, shall be void and ineffective, shall give no right to any purported transferee, and may, at the sole discretion of the Committee, result in forfeiture of the Stock Option involved in such attempt.

9.6 Non-Discrimination. All Associates shall have the same rights and privileges except that the total number of shares of Stock which can be purchased shall be calculated in accordance with Article III and Article IV and shall be subject to the limitations and conditions stated herein.

9.7 Government Regulation. The Company's obligation to sell and deliver the Stock under the Plan is at all times subject to any and all approvals, rules and regulations of any governmental authority required in connection with the authorization, issuance, sale or delivery of such Stock.

9.8 Effective Date of Plan. The Plan shall become effective on July 1, 2002, if prior to that date the Plan has been approved by the holders of a majority of the common stock of the Company present, or represented, and entitled to vote at a meeting called for such purposes.

9.9 Termination of Plan. The Plan shall continue in effect through June 30, 2007, unless terminated pursuant to Section 8.2 or by the Board, which shall have the right to terminate the Plan at any time. Upon the termination of the Plan pursuant to this Section 9.8 or Section 8.2, the Account Balance of each Participant shall be refunded to the Participant and any outstanding Stock Option in his favor shall be terminated and no longer exercisable.

9.10 Right to Continued Employment. Participation in the Plan shall not give any Participant any right to remain in the employ of the Employer. The Employer reserves the right to terminate any Participant at any time.

9.11 Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in relying or acting in good faith upon any

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

report made by the independent public accountants of the Company and upon any other information furnished in connection with the Plan by any person or persons other than himself. 2002 AIM HIGH INCENTIVE PLAN

FLEMING COMPANIES, INC., an Oklahoma corporation, hereby adopts the Fleming Companies, Inc. 2002 Aim High Incentive Plan upon the following terms and conditions:

ARTICLE I NAME AND PURPOSE OF PLAN

1.1 Name of Plan. This Plan shall be hereafter known as the FLEMING COMPANIES, INC. 2002 AIM HIGH INCENTIVE PLAN.

1.2 Purpose. The purpose of the Plan is to motivate and financially reward Key Associates selected to participate in the Plan by providing the opportunity to earn a bonus if certain Targets are met. The primary goals of the Plan include: (i) improving earnings, (ii) encouraging certain key executives to remain with the Company, (iii) providing a concrete and understandable linkage between performance, rewards and share value creation for the Company's stockholders, and (iv) encouraging teamwork. The Company and the Committee intend for the Plan and the payments thereunder to qualify for the exception from Section 162(m) of the Code for "qualified performance-based compensation." The Plan is an "unfunded plan" for incentive compensation.

1.3 Establishment. The Plan is established effective February 27, 2002 and shall terminate unless the Plan (including any amendments thereto) is reapproved by the holders of a majority of the outstanding shares of common stock of the Company, present, or represented and entitled to vote at a meeting called for such purpose no later than the first shareholder meeting that occurs in the fifth Year following the Year in which the shareholders previously approved the Plan. The Plan shall be approved by the holders of a majority of the outstanding shares of common stock of the Company, present, or represented, and entitled to vote at a meeting called for such purpose, within twelve months of the date the Board adopts the Plan. Pending approval by the shareholders, Awards under the Plan may be granted to Key Associates, but no Awards may be paid prior to and without receipt of shareholder approval. In the event shareholder approval is not obtained within such twelve-month period, all such Awards shall be void.

ARTICLE II DEFINITIONS

2.2 Anniversary Date: The words "Anniversary Date" shall mean the last Saturday of December, which is end of each Year of the Company.

The Committee may add or remove Key Associates from the group of Participants at any time during each Year in its sole discretion. However, if a Change of Control Event occurs,

C-4

the Committee may not remove a Participant from the Plan prior to payment of the Award for the Year in which the Change of Control Event occurs. Unless the Committee determines to the contrary, or as otherwise provided in this Plan, any Participant whose employment with the Company, a Subsidiary or an Affiliated Entity is terminated for any reason other than death, Disability, or Retirement shall not participate in the Plan for the Year of termination.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

3.2 Relationship to Change of Control Agreements. If a Participant is a party to an employment agreement with the Company which is effective upon a "change of control" as such term is defined in the agreement (the "Change of Control Agreement"), any provision of this Plan which would result in a loss or reduction of an Award shall be subject to and superseded by the applicable provisions of the Change of Control Agreement.

ARTICLE IV DETERMINATION OF AWARDS

4.1 Determination.

(i) Award. For each Year, the Committee will determine the amount of each Participant's Award and shall select a designated percentage of the Participant's Base Salary which will be the middle Target level amount which may be earned as an Award for such Year. The designated percentage of Base Salary may vary among the Participants. Awards will be determined by performance of the Company based on Earnings Per Share, Sales and Earnings. The Committee shall select the applicable Targets for each Year. The Targets established for a Year shall apply to all Participants.

(ii) Calculation of Award. For any Participant to be entitled to an Award, the Target level of Earnings Per Share for the applicable Year first must be attained or exceeded. Once the Target for Earnings Per Share for such Year has been achieved, then the Award will be weighted based on Sales and Earnings, as such weighting is determined each Year by the Committee.

4.2 Committee to Establish Targets. The Committee in its sole and absolute discretion shall establish the Targets for each Year as well as any threshold level, middle level and maximum level within each Target. If the actual results for Sales or Earnings for a Year are between specified Target levels, the Committee shall interpolate the value of any Award on an arithmetic proportionate basis between such Targets. The determination of the Targets for one Year may or may not be applicable for any following Year. Further, it is the intent of the Company and the Committee that this Plan, the Awards and the Targets satisfy the requirements of Section 162(m) of the Code. Accordingly, the Committee will make its determination as to the Targets and all other applicable provisions of the Plan as are necessary in order to attempt to have the Plan, the Awards and the Targets meet the requirements of Section 162(m) of the Code.

4.3 Maximum Award Payment. Notwithstanding any other provision of the Plan to the contrary, the maximum dollar amount of an Award which may be paid to any Participant for any Year shall be \$3,000,000.

ARTICLE V PAYMENT OF AWARDS

5.1 Payment of Awards. Payment of Awards shall be made in cash as soon as practicable after the Committee determines that the Award has been earned for the Year unless payment of such Award is deferred pursuant to a non-qualified deferred compensation plan adopted by the Company in which case payment will be made as provided in such plan.

5.2 Termination of Employment Due to Death, Disability or Retirement. In the event of the death, Disability or Retirement of a Participant prior to the payment date of his Award, any Award which would otherwise have been paid for such Year assuming the Participant continued in the employ of the Employer for such Year, will be prorated based on the number of completed months of employment during such Year of death, Disability or Retirement; and, payment will be made in accordance with the terms of this Plan.

5.3 Change of Control Event. In the event of the occurrence of a Change of Control Event and the Participant's employment is involuntarily terminated without Cause prior to the payment date of his Award, the Participant shall be entitled to payment of an Award for such Year. The Award will be calculated based upon the assumption that (i) the middle level Target was achieved (regardless of whether specified targets are met), and (ii) the Participant continued in the employ of the Employer for such Year. The Award will be prorated based upon the number of completed months of employment during such Year. In addition, upon the occurrence of a Change of Control Event, this Plan shall be continued for a period of 24 months following the date of such Change of Control Event. During such continuation period, Award opportunities for Participants in the Plan immediately prior to the date of the Change of Control Event shall not be diminished and the Plan shall otherwise be operated in a manner that is consistent with the manner in which the Plan has been operated during the period immediately prior to the occurrence of a Change of Control Event.

5.4 Forfeiture of Awards. Except as otherwise provided in Section 3.2 and Section 5.3 or unless the Committee otherwise determines, if a Participant's employment with the Company is terminated prior to the date of payment of his Award for any reason other than death, Disability or Retirement, the Participant, his Beneficiary and any other person will forfeit any interest which the Participant had in the Award. However, transfers between the Company and any Subsidiary or Affiliate shall not be deemed to be a termination of employment which will result in forfeiture of an Award.

5.5 Reduction or Elimination of Awards. Prior to a Change of Control Event, the Committee has the right, in its sole and absolute discretion, to reduce or eliminate any Award to any Participant in the event the Committee determines that amounts to be paid under the Award are excessive or are not warranted. Until an Award is paid, no Participant, his Beneficiary or any other person shall have any vested right or interest in such Award. While the Committee has the right to eliminate or reduce any Award, the Committee does not have the right to increase an Award or change the Targets which have been set for a particular Year. Subsequent to a Change of Control Event, the Committee cannot reduce or eliminate a Participant's Award for the Year in which the Change of Control Event occurs.

5.6 Beneficiary Designation. In the event of the death of a Participant, the Participant's Award, if earned as provided in Articles III and IV above, shall be paid to the Beneficiary designated by the Participant on a form provided by the Committee, who is (i) an individual or a trust established for the benefit of an individual, and (ii) living on the date of the Participant's death. If there is no Beneficiary then living, the benefit will be paid to the estate of the Participant in the form of a single lump sum. While a Participant is employed by the Employer, the Participant may change his Beneficiary by delivering to the Committee a properly executed form designating a new Beneficiary.

ARTICLE VI
GENERAL BENEFIT PROVISIONS

6.1 No Trust. No action under this Plan by the Company, its Board or the Committee shall be construed as creating a trust, escrow or other secured or segregated fund in favor of the Participant or any other persons otherwise entitled to his Award. The status of the Participant and any other person entitled to his Award with respect to any liabilities assumed by the Company, any Subsidiary or Affiliated Entity hereunder shall be solely those of unsecured

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

creditors of the Company, Subsidiary or Affiliated Entity. Any asset acquired or held by the Company, any Subsidiary or Affiliated Entity in connection with liabilities assumed by it hereunder, shall not be deemed to be held under any trust, escrow or other secured or segregated fund for the benefit of the Participant or any other person entitled to his Award or to be security for the performance of the obligations of the Company, any Subsidiary or Affiliated Entity (who is the employer of the Participant), but shall be, and remain, a general, unpledged, unrestricted asset of the Company, such Subsidiary or Affiliated Entity (who is the employer of the Participant) at all times subject to the claims of general creditors of the Company, and such Subsidiary or Affiliated Entity.

6.2 Withholding for Income and Employment Taxes. Since all amounts to be paid under the Plan to a Participant are to be considered as compensation paid for services rendered by the Participant, the Company shall comply with all federal and state laws and regulations respecting the withholding, deposit and payment of

C-6

any income, employment or other taxes relating to the Award and any payments made under this Plan, and all Awards shall be subject to and reduced by the amount of such taxes.

6.3 No Interest on Awards. Awards to be paid hereunder will be paid without interest or investment earnings of any kind whatsoever.

No right or benefit under this Plan shall be subject in any manner to garnishment, attachment, anticipation, alienation, sale, transfer, assignment, gift, pledge, encumbrance, or disposition, hypothecation, levy, execution or the claim to creditors, either voluntarily or involuntarily of the Participant, and any attempt to so garnish, attach, anticipate, alienate, sell, transfer, assign, gift, pledge, encumber, dispose, hypothecate, levy or execute on the same shall be null and void, and neither shall such benefits or beneficial interest be liable or subject to the debts, contracts, liabilities, engagements or torts of any person to whom such funds are payable.

6.6 Expenses. All expenses and costs in connection with adoption and administration of the Plan shall be borne by the Company.

6.7 No Prior Right or Offer. No Key Associate shall have any contractual or other right to participate in the Plan until he is selected for participation by the Committee. No Award to any Participant in any Year shall be deemed to create a right to receive any Award or to participate in the Plan in any subsequent Year.

6.8 Right to Continued Employment. Participation in the Plan shall not give any Key Associate any right to remain in the employ of the Company, any Subsidiary, or any Affiliated Entity. The Company or, in the case of employment with a Subsidiary or an Affiliated Entity, the Subsidiary or Affiliated Entity reserves the right to terminate any Key Associate at any time. Further, the adoption of this Plan shall not be deemed to give any Key Associate or any other individual any right to be selected as a Participant or to be granted an Award.

6.9 No Part of Other Benefits. The benefits provided in this Plan shall not be deemed a part of or considered in calculating any other benefit provided

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

by the Company, any Subsidiary or Affiliated Entity to its Key Associates except to the extent a Participant has elected to defer the receipt of his Award under a non-qualified deferred compensation plan sponsored by the Company, a Subsidiary or an Affiliated Entity. The Company assumes and shall have no obligation to Participants except as expressly provided in the Plan. This Plan is a complete statement of the terms and conditions of the Plan.

ARTICLE VII PROVISIONS RELATING TO PARTICIPANTS

The Committee shall not be required to see to the application of any such payment, and the payee's receipt shall be a full and final discharge of the Committee's responsibility hereunder.

ARTICLE VIII ADMINISTRATION

8.1 The Committee Shall Administer the Plan. A member of the Committee may not be eligible to become a Participant in the Plan. 1.1 Name of Plan. This Plan shall be hereafter known as the FLEMING COMPANIES, INC. 2002 AIM HIGH PLUS INCENTIVE PLAN.

1.2 Purpose. The purpose of the Plan is to motivate and financially reward Key Associates selected to participate in the Plan by providing the opportunity to earn a bonus if certain Targets are met. The Plan is an "unfunded plan" for incentive compensation.

1.3 Establishment. The Plan is established effective February 27, 2002 and shall terminate unless the Plan (including any amendments thereto) is

The Committee may add or remove Key Associates from the group of Participants at any time during each Year in its sole discretion. However, if a Change of Control Event occurs, the Committee may not remove a Participant from the Plan prior to payment of the Award for the Year in which the Change of Control Event occurs. Unless the Committee determines to the contrary, or as otherwise provided in this Plan, any Participant whose employment with the Company, a Subsidiary or an Affiliated Entity is terminated for any reason other than death, Disability, or Retirement shall not participate in the Plan for the Year of termination.

ARTICLE IV DETERMINATION OF AWARDS

4.1 Determination.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

(i) Award. For each Year, the Committee will determine the amount of each Participant's Award and shall select a designated percentage of the Participant's Base Salary which will be the middle Target level amount which may be earned as an Award for such Year. The designated percentage of Base Salary may vary among the Participants. Awards will be determined by performance of the Company based on Earnings Per Share, Sales and Earnings. The Committee shall select the applicable Targets for each Year. The Targets established for a Year shall apply to all Participants.

(ii) Calculation of Award. For any Participant to be entitled to an Award, the Target level of Earnings Per Share for the applicable Year first must be attained or exceeded. Once the Target for Earnings Per Share for such Year has been achieved, then the Award will be weighted based on Sales and Earnings, as such weighting is determined each Year by the Committee.

4.2 Committee to Establish Targets. The Committee in its sole and absolute discretion shall establish the Targets for each Year as well as any threshold level, middle level and maximum level within each Target. If the actual results for Sales or Earnings for a Year are between specified Target levels, the Committee shall interpolate the value of any Award on an arithmetic proportionate basis between such Targets. The determination of the Targets for one Year may or may not be applicable for any following Year. Further, it is the intent of the Company and the Committee that this Plan, the Awards and the Targets satisfy the requirements of Section 162(m) of the Code. Accordingly, the Committee will make its determination as to the Targets and all other applicable provisions of the Plan as are necessary in order to attempt to have the Plan, the Awards and the Targets meet the requirements of Section 162(m) of the Code.

4.3 Maximum Award Payment. Notwithstanding any other provision of the Plan to the contrary, the maximum dollar amount of an Award which may be paid to any Participant under the Plan for any Year shall be \$2,000,000.

D-5

ARTICLE V PAYMENT OF AWARDS

5.1 Date of Payment of Awards. Payment of Awards shall be made as soon as practicable after the Committee determines that the Award has been earned for the Year unless payment of such Award is deferred to a non-qualified deferred compensation plan adopted by the Company in which case payment will be made as provided in such plan.

5.2 Form of Payment of Award. Payment of Awards shall be made in the form of Common Stock issued in the name of the Participant, or his/her Beneficiary in the case of death. The number of shares to be distributed under an Award shall be determined by dividing the Award earned by the Fair Market Value of the Common Stock on the date the Committee makes a final determination under Section 5.1 above, that the Award has been earned for the applicable Year. If payment is deferred as provided in Section 5.1, then the same calculation will be made to determine the number of shares of Common Stock which may be deferred under a non-qualified deferred compensation plan sponsored by the Company, a Subsidiary or an Affiliated Entity.

5.3 Termination of Employment Due to Death, Disability or Retirement. In the event of the death, Disability or Retirement of a Participant prior to the payment date of his Award, any Award which would otherwise have been paid for such Year assuming the Participant continued in the employ of the Employer for such Year, will be prorated based on the number of completed months of employment during such Year of death, Disability or Retirement; and, payment

will be made in accordance with the terms of this Plan.

5.4 Change of Control Event. In the event of the occurrence of a Change of Control Event and the Participant's employment is involuntarily terminated without Cause prior to the payment date of his Award, the Participant shall be entitled to payment of an Award for such Year. The Award will be calculated based upon the assumption that (i) the middle level Target was achieved (regardless of whether specified targets are met), and (ii) the Participant continued in the employ of the Employer for such Year. The Award will be prorated based upon the number of completed months of employment during such Year. In addition, upon the occurrence of a Change of Control Event, this Plan shall be continued for a period of 24 months following the date of such Change of Control Event. During such continuation period, Award opportunities for Participants in the Plan immediately prior to the date of the Change of Control Event shall not be diminished and the Plan shall otherwise be operated in a manner that is consistent with the manner in which the Plan has been operated during the period immediately prior to the occurrence of a Change of Control Event.

5.5 Forfeiture of Awards. Except as provided in Section 3.2 and Section 5.3 or unless the Committee otherwise determines, if a Participant's employment with the Company is terminated prior to the date of payment of his Award for any reason other than death, Disability or Retirement, the Participant, his Beneficiary and any other person will forfeit any interest which the Participant had in the Award. However, transfers between the Company and any Subsidiary or Affiliate shall not be deemed to be a termination of employment which will result in forfeiture of an Award.

5.6 Reduction or Elimination of Awards. Prior to a Change of Control Event, the Committee has the right, in its sole and absolute discretion, to reduce or eliminate any Award to any Participant in the event the Committee determines that amounts to be paid under the Award are excessive or are not warranted. Until an Award is paid, no Participant, his Beneficiary or any other person shall have any vested right or interest in such Award. While the Committee has the right to eliminate or reduce any Award, the Committee does not have the right to increase an Award or change the Targets which have been set for a particular Year. Subsequent to a Change of Control Event, the Committee cannot reduce or eliminate a Participant's Award for the Year in which the Change of Control Event occurs.

5.7 Beneficiary Designation. In the event of the death of a Participant, the Participant's Award, if earned as provided in Articles III and IV above, shall be paid to the Beneficiary designated by the Participant on a form provided by the Committee, who is (i) an individual or a trust established for the benefit of an individual, and (ii) living on the date of the Participant's death. If there is no Beneficiary then living, the benefit will be paid to the estate of the Participant in the form of a single lump sum. While a Participant is

D-6

employed by the Employer, the Participant may change his Beneficiary by delivering to the Committee a properly executed form designating a new Beneficiary.

ARTICLE VI
GENERAL BENEFIT PROVISIONS

6.3 No Interest on Awards. Awards to be paid hereunder will be paid without interest or investment earnings of any kind whatsoever.

FLEMING COMPANIES, INC.

FEBRUARY 2002

CORPORATE GOVERNANCE

THE PHILOSOPHY.

The Company will operate pursuant to the highest possible ethical standards with integrity, propriety, and fairness, and in full compliance with the law.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Each director and management associate is expected to conduct himself or herself at all times in accordance with these tenets. Every action by each director and management associate will be taken with full consideration for the interests and well-being, first, of all Company stockholders and, second, of all other Company stakeholders. Equal opportunity without qualification is the Company's policy in employment practices, in its daily management, and in its procurement and sale of goods and services. Discrimination will not be permitted based on race, color, religion, sex, age, disability status, national origin, citizenship, or Vietnam veteran status.

THE STANDARDS.

The Corporate Governance/Nominating Committee (the "Governance Committee") of the Board has adopted and will administer the following Corporate Governance Standards for the guidance of the Company:

1. The Board will operate in accordance with a statement of Requirements of Management and Directors attached hereto as Attachment I.
 2. The Chairman of the Compensation and Organization Committee (the "Compensation Committee") shall conduct a performance appraisal review with the CEO at least annually. In connection with the annual review, the Chairman shall seek consultation with, and request information from, the other members of the Compensation Committee and other independent directors.
 3. The Board will annually review and approve a three-year strategic plan and a one-year operating plan for the Company.
 4. Beginning with the annual meeting of stockholders in 2002, all directors will stand for election annually.
 5. The Board believes that as a general rule, former Company associates should not serve on the Board; provided, however, this standard shall not apply to former Company associates five years after he/she has no longer been an associate.
 6. The Audit and Compliance Committee (the "Audit Committee") and the Compensation Committee shall consist entirely of independent directors.
 7. The Board will appoint all committee members of the designated standing committees of the Board (Audit and Compliance, Compensation and Organization, Finance, Governance/Nominating and an Executive Committee) upon the recommendation of the Governance Committee. The intent will be to rotate various members of the Board through various committees so that each independent member of the Board has an opportunity to become more experienced about the internal operations and affairs of the Company. Effective with the annual meeting in 2000, the Board has the following standing committees: Audit and Compliance, Compensation and Organization, Corporate Governance/Nominating, Finance and an Executive Committee.
- F-1
8. The Governance Committee will annually assess Board and committee effectiveness through the use of the "Board Evaluation" questionnaire attached hereto as Attachment II. Each independent member of the Board will be required to complete the questionnaire annually. The questionnaires shall become a part of the permanent records of the Company and maintained by the Company's corporate secretary.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

9. Whenever feasible, directors will receive materials well in advance of meetings for items to be acted upon. In addition, independent directors shall meet outside of the presence of non-independent directors from time to time as deemed appropriate.
10. Interlocking directorships will not be allowed; provided, however, that this shall not preclude members of the Fleming Board of Directors from serving together on boards of other public companies. (An interlocking directorship would occur if a Fleming director or officer served on the board of company X and a director or an officer of company X served on the Fleming Board, or if a major supplier or customer served on Fleming's Board.) Joint ventures will be permitted between the Company and independent Board members subject to approval by the Board and Securities and Exchange Commission disclosure rules.
11. Directors are required to own at least \$100,000 of Fleming common stock within four years of election (by the Board or the Stockholders). A substantial portion of each independent director's annual compensation shall be paid in Fleming common stock or its equivalent.
12. Each director will retire upon the earlier of 30 days upon his/her 15th anniversary as a director; provided, however, the 15 year limitation shall not apply to directors holding office at the time these standards were first adopted by the Board in 1997.
13. Succession planning and management development will be reported annually to the independent directors by the CEO.
14. All corporate officers are required to own Fleming common stock, with a value equal to a specified multiple of their base salary with the ownership requirements to be met over a five-year period. The Compensation Committee will be responsible for setting the multiples on which the ownership requirements will be based.
15. Generally, management's incentive compensation will be linked directly and objectively to measured financial goals set in advance by the Compensation Committee; however, the Board recognizes that flexibility is important in determining compensation and that all management compensation may not be so linked.
16. Stock options will not be repriced (the exercise price for options will not be lowered even if the current market price of the stock is below the exercise price) and all stock option plans will be subject to stockholder approval.
17. All stockholders have equal voting rights except as may be provided by law, the Restated Certificate of Incorporation or, if applicable, under a share rights plan adopted by the Company.
18. These Corporate Governance standards have been developed and approved by the Board and will be reviewed by the Board and published at least annually and revised where appropriate.

GUIDELINES FOR BOARD COMPOSITION

Size:	Between 3 and 20 members (as set by Restated Certificate of Incorporation). Board chooses within those parameters.
Election:	Board of directors to be elected annually.
Mix:	Maximum of 3 inside directors; must always be a majority of independent directors.
Independent Director:	Must offer to stand down at end of term following change in occupation or profession that would diminish director's ability to contribute as a board member.
Inside Director: (Non-CEO)	Must offer to resign from board upon the earlier of either reaching age 65 or retirement, resignation, other termination from company, or downward revision status in company.
Disability:	Must stand down if suffering from disability or ill health sufficiently serious to prevent active participation in board affairs over a sustained period.
Attendance:	If cumulative attendance at board and committee meetings over two successive years falls below 60%, director must offer to stand down.

GUIDELINES FOR BOARD CANDIDATES

1. A director should have the ability to apply good independent judgment to a business situation and should be able to represent broadly the interests of all the company's shareholders and constituencies. Board members should be recommended primarily on the basis of their qualification to meet these fundamental criteria.
2. A director must be free of any conflicts of interest which would interfere with his or her loyalty to the company and its shareholders. Those who have positions with or significant interests in competitors of the company may not be considered. To avoid even the appearance of a conflict of interest, members of legal firms which provide legal counsel to the company and representatives of investment banking houses, commercial banks or management consulting firms which have or are anticipated to have business relations with the company should not be considered.
3. In addition, the following criteria should be considered in recommending candidates for board membership, although these should not be applied

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

rigidly:

a. Maturity and Experience

A director should be mature and have practical or academic experience in business, economics, government or the sciences. Ideally, a director would have 15 or more years of experience including management responsibilities.

b. Geography

Since the company's operations are primarily mainland United States in scope, it is desirable to have a balanced geographic representation with major geographic areas of the company's business being reflected on the board to the extent practicable.

c. Past Experience in Order of Preference

- (1) Chief executive officer, chief operating officer or senior executive officer of a public or substantial private company, preferably of an industrial, distribution or retailing company, with sales in excess of \$500,000,000.
- (2) An educator from fields of business, economics or the sciences with management experience.

d. Women, Minorities and Special Interests

Since a director represents broadly the interests of all the company's shareholders and constituencies, he or she should be chosen for his or her individual abilities and not be recommended based upon gender, minority group status or as a representative of any special interest group. However, it is desirable to have a cross section of backgrounds, and candidates otherwise qualified may be recommended with due consideration given to their gender, minority status or special interests.
