behalf of the Board of Directors of the Company. This Proxy Statement and the enclosed proxy card are first being mailed on or about May 6, 2003 to holders of the Company's capital stock entitled to vote at the Annual Meeting.

A Proxy Committee will vote the shares represented by each proxy card returned to the Company. The members of the Proxy Committee are Colin M. Cohen, Jacqueline K. Collier and Jeffrey J. Murphy. Where a stockholder's proxy specifies a choice with respect to a matter, the Proxy Committee will vote such stockholder's shares in accordance with the instructions contained therein. IF NO SPECIFICATION IS MADE, THE SHARES WILL BE VOTED FOR THE ELECTION OF THE DIRECTOR NOMINEES IDENTIFIED HEREIN AND FOR THE APPROVAL OF THE AMENDMENT TO THE AVIALL, INC. AMENDED AND RESTATED 1998 DIRECTORS STOCK PLAN.

Any stockholder who executes and returns a proxy may revoke such proxy at any time before it is voted by (i) notifying the Secretary of the Company in writing at 2750 Regent Boulevard, DFW Airport, Texas 75261, (ii) granting a subsequent proxy or (iii) appearing in person and voting at the Annual Meeting. Attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy.

- Vote by Mail. To vote by mail, complete, sign and date the enclosed proxy card and return it in the enclosed envelope.
- Vote by Telephone. The Company has retained Morrow & Co., Inc. to aid in the solicitation of proxies. It is estimated that the cost of these services will be approximately \$7,500 plus expenses. The Company will bear the entire cost of soliciting proxies. In addition to the solicitation of proxies by mail, proxies may also be solicited by telephone, telegram or personal communication by officers and regular employees of Morrow & Co., Inc. and the Company.

PROCEDURES FOR THE ANNUAL MEETING

The presence, in person or by proxy, of the holders of a majority of the votes entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present in person or represented by proxies at the Annual Meeting, the stockholders entitled to vote who are present in person or represented by proxies will have the power to adjourn the Annual Meeting from time to time, without notice (other than by announcement at the Annual Meeting) until a quorum is present in person or represented by proxies. At any such adjourned meeting at which a quorum is present in person or represented by proxies, any business may be transacted that might have been transacted at the original Annual Meeting. If, and when, a quorum is present in person or represented by proxies at the Annual Meeting or

Edgar Filing: AVIALL INC - Form DEF 14A

any adjournment thereof, the stockholders present in person and represented by proxies at the Annual Meeting may continue to transact business until adjournment, notwithstanding the withdrawal of stockholders from the Annual Meeting who were counted in determining the existence of a quorum.

Business at the Annual Meeting will be conducted in accordance with the procedures determined by the Chairman of the Annual Meeting and will be limited to matters properly brought before the Annual Meeting pursuant to the procedures set forth in the Company's Amended and Restated By-Laws. Those procedures include the requirement that any stockholder who desires either to bring a stockholder proposal before the Annual Meeting or to nominate a person for election as a director at the Annual Meeting must give written notice to the Company with respect to the proposal or nominee prior to the Annual Meeting. The Chairman of the Annual Meeting may decline to acknowledge any stockholder proposal or any nomination for director not made in accordance with these procedures.

The Board of Directors does not anticipate that any matter other than those described in this Proxy Statement will be brought before the Annual Meeting. If, however, other matters are properly brought before the Annual Meeting, proxies will be voted by the Proxy Committee in accordance with their judgment.

RECORD DATE AND VOTING STOCK

April 29, 2003 has been set as the record date for the purpose of determining the stockholders entitled to notice of, and to vote at, the Annual Meeting. Only holders of the Company's common stock, par value \$0.01 per share ("Common Stock"), and Series D Senior Convertible Participating Preferred Stock, par value \$0.01 per share ("Series D Preferred Stock"), at the close of business on the record date are entitled to notice of, and to vote at, the Annual Meeting or any adjournment(s) or postponement(s) of the Annual Meeting.

As of the record date, there were 19,747,837 shares of Common Stock outstanding. Each outstanding share of Common Stock is entitled to one vote for each director to be elected and upon any other matter to be brought before the stockholders at the Annual Meeting. As of the record date there were 50,409 shares of Series D Preferred Stock outstanding. Each outstanding share of Series D Preferred Stock is entitled to a number of votes equal to the number of whole shares of Common Stock into which such share of Series D Preferred Stock is convertible on the record date (an aggregate of 8,691,204 votes at the Annual Meeting) with respect to the election of each director and upon any other matter properly brought before the stockholders at the Annual Meeting.

The presence in person or represented by proxy of the holders of a majority of the votes entitled to vote at the Annual Meeting is necessary to constitute a quorum, and such votes shall include the 8,691,204 votes of the holders of Series D Preferred Stock. Abstentions and broker non-votes will be included in determining the number of votes present in person or represented by proxy at the Annual Meeting for purposes of determining whether a quorum exists.

With respect to the election of directors, an affirmative vote of a majority of the votes cast is required to approve the election of each of the director nominees at the Annual Meeting, assuming a quorum is present in person or represented by proxy. Votes may be cast in favor of each of the nominees or withheld for any nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect. Approval of the amendment to the Aviall, Inc. Amended and Restated 1998 Directors Stock Plan requires the affirmative vote of a majority of the votes cast and entitled to vote on the matter, assuming a quorum is present in person

Edgar Filing: AVIALL INC - Form DEF 14A

or represented by proxy. Abstentions and broker non-votes are not counted as votes cast and have no effect on the outcome of the vote.

PARTICIPANTS IN THE AVIALL EMPLOYEES' SAVINGS PLAN

If a stockholder is a participant in the Aviall, Inc. Employees' Savings Plan and holds shares of Common Stock in the savings plan, the proxy card represents the number of whole shares of Common Stock held for the benefit of the participant in the savings plan as well as any shares of Common Stock registered in the participant's name. Thus, a proxy card for such a participant grants a proxy for shares of Common Stock registered in the participant's name and serves as a voting instruction for the trustees of the savings plan or the account in the participant's name. Information as to the voting instructions given by individuals who are participants in the savings plan will not be disclosed to the Company.

Written nominations by stockholders for directors will be considered, provided such written nominations are received by the Secretary of the Company at the Company's principal offices pursuant to timely advance written notice in accordance with the Company's Amended and Restated By-Laws (not less than 70 days nor more than 90 days prior to the first anniversary of the previous year's annual meeting, subject to certain exceptions) and contain all information specified in the Company's Amended and Restated By-Laws, including the identity and address of the nominating stockholder, the class and number of shares of capital stock which are owned by such stockholder and all information regarding the proposed nominee that would be required to be included in a proxy statement soliciting proxies for the proposed nominee.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company are entitled to receive an annual retainer of \$24,375 (the "Annual Retainer"). In addition, during 2002, directors who are not employees of the Company ("outside directors") received \$1,000 for each Board of Directors or committee meeting they attended. Beginning March 28, 2003, outside directors will receive \$750 for each Board of Directors or committee meeting they attend telephonically and \$1,500 for each Board of Directors or committee meeting they attend in person. Beginning March 28, 2003, outside directors who serve as chairman of a standing committee will receive an additional \$5,000 per committee that they chair. Directors who are employees of the Company or any of its subsidiaries do not receive any fees for serving on the Board of Directors. Directors are also reimbursed for expenses incurred in attending meetings of the Board of Directors or any committees thereof.

Directors who are not employees of the Company are eligible to participate in the Aviall, Inc. Amended and Restated 1998 Directors Stock Plan, as amended (the "Directors Stock Plan"). Under the Directors Stock Plan, each eligible director may make an election to receive shares of restricted Common Stock in lieu of the Annual Retainer. Except for the directors elected by the holders of the Series D Preferred Stock (Messrs. Clare and Holt), all eligible directors participated in the Directors Stock Plan during 2002. The number of shares of Common Stock granted to a participant in the Directors Stock Plan is the nearest number of whole shares of Common Stock which can be purchased for \$30,000 (the "Share Value"), based on the mean of the highest and lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. In the event that there is an increase or decrease in the Annual Retainer, the Share Value adjusts automatically so that the ratio between the Share Value and the Annual Retainer is maintained. Under the Directors Stock Plan, shares of Common Stock are granted automatically on the first New York Stock Exchange

Edgar Filing: AVIAL INC - Form DEF 14A

trading day in July of each calendar year to each eligible director who has elected to participate in the Directors Stock Plan at least six months prior to that date. As discussed in Proposal No. 2, the Board of Directors has recommended amending the Directors Stock Plan to grant the shares of Common Stock on the first New York Stock Exchange trading day in February of each calendar year effective as of January 2004 to coincide with the grants of restricted Common Stock and options to the Company's employees. The Board of Directors has also recommended extending the vesting date from the six-month anniversary of the grant date to the eleven-month anniversary of the grant date effective as of January 2004.

A director who receives a grant of shares of Common Stock pursuant to the Directors Stock Plan is entitled to receive dividends on, and to vote, such shares. A director's ownership rights in such shares do not currently vest until six months after the date of grant and then only if the director has continuously served on the Board of Directors during such six-month period. However, a participating director who has completed a full term of service prior to the end of the six-month period following the date of grant, or whose service during such six-month period was interrupted due to death or disability, will be vested in a pro rata number of such shares. In the event of a Change of Control (as defined in the Directors Stock Plan), all shares previously granted to participating directors shall immediately vest.

8

Further, under the Directors Stock Plan, outside directors are eligible to receive options to purchase up to 3,000 shares of Common Stock on the first New York Stock Exchange trading day in July of each calendar year. As described in Proposal No. 2, the Board of Directors has recommended amending the Directors Stock Plan to permit the granting of options to purchase up to 5,000 shares of Common Stock effective upon stockholder approval of Proposal No. 2 and amending the Directors Stock Plan to grant the options on the first New York Stock Exchange trading day in February of each calendar year effective as of January 2004.

Each grant of options to purchase shares of Common Stock pursuant to the Directors Stock Plan becomes exercisable in full on a date or dates not less than six months nor more than five years from the date of grant, so long as the director has served continuously on the Board of Directors during such period. In the event of the death or disability of a director, all outstanding options shall become exercisable in full and may be exercised at any time within one year after such director's death or disability. If a director's service terminates for a reason other than death or disability, the outstanding options may be exercised to the extent that they would be exercisable on the date that is six months and one day after the date of such termination and shall expire six months and one day after such termination. However, in the event of a Change in Control (as defined in the Directors Stock Plan), all grants of options to purchase shares of Common Stock pursuant to the Directors Stock Plan shall become immediately exercisable. On July 1, 2002, each of Dr. Muzyka and Messrs. Schnieders, Schofield, Wegner and Whitman were granted options to purchase 3,000 shares of Common Stock at an exercise price of \$14.405. The options have a 10-year term and vest on July 1, 2003.

On March 27, 2003, the Board of Directors adopted stock ownership guidelines for the outside directors. Under the guidelines, each outside director is expected to own shares of Common Stock with an aggregate value of three times the Annual Retainer within five years. Any outside directors appointed or elected in the future would be expected to meet these guidelines within five years of their appointment or election to the Board of Directors.

COMPENSATION AND NOMINATING COMMITTEE REPORT ON EXECUTIVE COMPENSATION

INTRODUCTION

During 2002, the Compensation and Nominating Committee had responsibility for the Company's executive compensation practices and policies. In December 2002, the Board of Directors adopted resolutions creating a Compensation Committee and a Nominating and Governance Committee to replace the Compensation and Nominating Committee. The current Compensation Committee assumed the responsibilities of the Compensation and Nominating Committee relating to executive compensation practices and policies.

During 2002, the members of the Compensation and Nominating Committee were Messrs. Whitman (Chairman), Clare, Holt, Schnieders, Schofield, Wegner and Dr. Muzyka, all of whom are outside directors and not officers or employees of the Company or its subsidiaries. The current members of the Compensation Committee are Messrs. Clare (Chairman), Whitman and Schnieders, all of whom are outside directors and not officers or employees of the Company or its subsidiaries. The Board of Directors has determined that all members of the Compensation and Nominating Committee in 2002 and the current members of the Compensation Committee meet the independence requirements of the New York Stock Exchange, the rules and regulations of the SEC and the Company's Corporate Governance Guidelines.

With the exception of the Directors Stock Plan, the members of the Compensation and Nominating Committee were not eligible to participate in the compensation plans or programs administered by the committee and the current members of the Compensation Committee are not eligible to participate in the compensation plans or programs administered by the committee.

This report regarding the Company's compensation policies during fiscal year 2002 is being submitted by the members of the Compensation and Nominating Committee.

EXECUTIVE PAY POLICY

The Company's compensation programs are intended to attract, retain and motivate the key people necessary to lead the Company to achieve its strategic

Edgar Filing: AVIALL INC - Form DEF 14A

objective of increased stockholder value over the long-term, reflecting the Compensation and Nominating Committee's belief that executive compensation should seek to align the interests of the Company's executives with those of its stockholders. The program utilizes three components: (a) base salary, (b) short-term incentives and (c) long-term compensation in the form of both stock options and restricted stock.

In establishing compensation, the Compensation and Nominating Committee seeks to provide a mix of base salary and short and long-term incentive compensation that provide executives with a competitive total compensation package. The Compensation and Nominating Committee sets compensation in this manner to ensure that the Company's compensation practices do not competitively disadvantage the Company in its efforts to retain and attract key executives while maintaining its cost structure. During 2002, the Compensation and Nominating Committee reviewed the Company's compensation structure, including the mix of base salary, short-term and long-term incentive compensation.

BASE SALARY

Effective January 1, 2000, Paul E. Fulchino, was elected Chairman, President and Chief Executive Officer of the Company. In connection with his election to these positions, Mr. Fulchino entered into an employment agreement with the Company. See "Compensation of Executive Officers -- Employment and Severance Arrangements -- Employment Agreement." Pursuant to the terms of his employment agreement, Mr. Fulchino's base salary for 2002 was \$472,500. For 2003 the Compensation and Nominating Committee has decided to increase Mr. Fulchino's base salary and that of the other executive officers.

12

SHORT-TERM INCENTIVE PROGRAM

Under the 2002 short-term incentive program, all executive officers, including Mr. Fulchino, were eligible to receive an aggregate bonus award of up to 120% of their base salary, subject to the Company meeting specific objectives. These bonus awards were payable two-thirds in cash and one-third in shares of restricted Common Stock. In January 2003, Mr. Fulchino was awarded a cash bonus of \$341,485 and was granted 22,887 shares of restricted Common Stock. The shares of restricted Common Stock vest on the third anniversary of the grant date and are subject to the terms of the Aviall, Inc. 1998 Stock Incentive Plan. In connection with the Compensation and Nominating Committee's review of total compensation, the bonus opportunities for all executive officers in 2003, including Mr. Fulchino, were set at 120% of base salary, and allocated two-thirds in cash and one-third in shares of restricted Common Stock.

STOCK OPTIONS

During 2002, the Aviall, Inc. 1998 Stock Incentive Plan was administered by the Board of Directors and the Compensation and Nominating Committee. As of January 2003, the Aviall, Inc. 1998 Stock Incentive Plan is administered by the Board of Directors and the Compensation Committee. The Aviall, Inc. 1998 Stock Incentive Plan is designed to provide incentive compensation to the Company's executive officers and other key management personnel. The grants are long-term incentives for further performance, which are designed to align the interests of management with those of the Company's stockholders.

Mr. Fulchino was granted options to purchase 125,000 shares of Common Stock in January 2002. At the same time, the Compensation and Nominating Committee also approved stock option grants to the other executive officers and certain key employees. The number of options granted to a specific individual was dependent upon such individual's potential for promotion based upon the

Edgar Filing: AVIAL INC - Form DEF 14A

individual's current performance and such individual's expected impact on the Company's future performance. All options were granted at the fair market value at the time of grant. Approximately, one-third of these options vest each year commencing on the first anniversary of the date of grant.

STOCK OWNERSHIP

Upon the Compensation and Nominating Committee's recommendation in 1993, the Board of Directors approved voluntary executive stock ownership guidelines for the Company's chief executive officer, executive officers and certain other executives. The guidelines are intended to encourage executives to become substantial stockholders. Under the guidelines, the Company's chief executive officer is expected to own shares of Common Stock with an aggregate value of three times his or her then-current base salary within five years of appointment to such position. Within such time period, all other executive officers are expected to own shares of Common Stock with a value of 1.5 times their base salary and the remaining executives are expected to own shares having a value of one-half times their annual base salary. During 2002, the Compensation and Nominating Committee reviewed the progress of the Company's executives against these guidelines, and during 2003, the Compensation Committee will continue this review.

The Compensation and Nominating Committee periodically reviewed the potential impact of the \$1.0 million deduction limitation on executive compensation for the top five executives which was implemented as part of the Omnibus Budget Reconciliation Act of 1993. Due, in part, to the Company's existing net operating loss carryforward, the Compensation and Nominating Committee believed that no action was necessary. During 2003, the Compensation Committee intends to continue to evaluate the Company's potential exposure to the deduction limitation on an annual basis.

Submitted by the members of the Compensation and Nominating Committee of the Board of Directors.

Fulchino pursuant to which Mr. Fulchino serves as the Company's Chairman, President and Chief Executive Officer. Under the Employment Agreement, Mr. Fulchino receives an annual base salary of at least \$472,500 and is eligible to receive incentive compensation of not less than 100% of his base salary (although he is not guaranteed any specific amount of incentive compensation). Edgar Filing: AVIALL INC - Form DEF 14A

death or disability), Mr. Fulchino would receive severance pay in an amount equal to the greater of two times his then-current base salary or the base salary for the remainder of the term of the Employment Agreement. Pursuant to the Employment Agreement, on December 21, 1999, Mr. Fulchino was granted options to purchase 500,000 shares of Common Stock at an exercise price of \$7.3125 per share, the fair market value of the Common Stock on the grant date. The Severance Agreements become operative only upon a Change in Control (as defined in the Severance Agreements). The Severance Agreements provide that if, within a two-year period following a Change in Control (as defined in the Severance Agreements), the Company terminates the employment of such executive officer for reasons other than death, disability or Cause (as defined in the Severance Agreements), or the executive officer terminates employment with the Company for Good Reason (as defined in the Severance Agreements), the executive officer is entitled to receive a severance payment in an amount equal to a multiple of two or three (depending upon the terms of his individual Severance Agreement) times such executive officer's (i) then-current base salary and (ii) an amount equal to the greater of such executive officer's (1) incentive compensation for the current fiscal year (assuming the Company had reached target performance for that year) or (2) incentive compensation paid or payable to the executive for the most recently completed fiscal year. The executive officer is also entitled to continue to receive health and life insurance benefits for a period of one year following his or her termination upon a Change in Control (as defined in the Severance Agreements). The Severance Agreements further provide that if any amount payable thereunder or otherwise to the executive officer is determined to be an "excess parachute payment" under the Internal Revenue Code of 1986, as amended (the "Code"), such executive officer would be entitled to receive an additional payment (net of income taxes) equal to the excise tax imposed under the Code on such payment.

SEVERANCE PAY PLAN. The Company maintains an Amended and Restated Severance Pay Plan (the "Severance Pay Plan") for the benefit of all full-time employees, including executive officers. The Severance Pay Plan provides that if the Company terminates an eligible employee's employment for any reason other than Cause (as defined in the Severance Pay Plan), the employee is entitled to receive severance pay in an amount determined in accordance with the terms of the Severance Pay Plan. For executive officers, the severance pay is an amount equal to a multiple of one or two (as the case may be) times (i) the executive's then-current base salary and (ii) the greater of such executive officer's (1) target incentive payment for the year in which his employment was terminated and (2) incentive payment for the most recently completed fiscal year. Payments under the Severance Pay Plan are made in installments (a one or two-year period for executive officers) unless the employee's employment is terminated within one year following a Change in Control (as defined in the Severance Pay Plan). In that circumstance, the severance payment is made in a lump sum. The Severance Pay Plan provides that in the event that an employee is terminated under circumstances in which he or she is entitled to receive severance payment under any other written agreement (including the Employment Agreement and the Severance Agreements described in the preceding paragraphs), the employee is not entitled to receive the benefits intended to be provided under the Severance Pay Plan.

RETIREMENT BENEFITS

The Company covers substantially all regular domestic full-time employees, including executive officers, and two employees located internationally under the Aviall, Inc. Retirement Plan (the "Retirement Plan"). Benefits payable under the Retirement Plan are based on an employee's career earnings with the Company and its subsidiaries. At normal retirement age of 65, a participant is entitled to a monthly pension benefit payable for life. The annual pension benefit, when paid in the form of a life annuity with no survivor's benefits, is generally equal to the sum of 1.45% of the first \$15,600 of Basic Compensation (as defined in the Retirement Plan), plus 1.85% of the portion of the Basic Compensation in excess of \$15,600 during each such year while a participant in the Retirement Plan.

Benefits under the Retirement Plan vest at the earlier of the completion of five years of vesting service or upon reaching age 65. However, in the event of a Change of Control (as defined in the Retirement Plan) all employee-participants will be fully vested, and the term "accrued benefit" will include certain severance payments under the Aviall, Inc. Amended and Restated Severance Pay Plan and other severance payments under Change of Control severance agreements, and will also include the value of early retirement benefits for any employee-participant age 45 or above or with 10 or more years of service. These benefits are not subject to any reduction for Social Security benefits or other offset amounts. An employee's pension benefits may be paid in certain alternative forms having actuarially equivalent values.

The maximum annual benefit under a qualified pension plan is currently \$160,000 beginning at the Social Security retirement age, which is currently age 65. The maximum compensation and bonus that may be taken into account in determining annual retirement accruals is currently \$170,000. The Company maintains a non-qualified, unfunded benefit plan, called the Aviall, Inc. Benefit Restoration Plan (the "Benefit Restoration Plan"), which covers those participants in the Retirement Plan, including those named below, whose benefits are reduced under the Code or other United States laws. A participant in the Benefit Restoration Plan who is vested in his or her benefits under the Retirement Plan is entitled to a benefit equal to the difference between (i) the amount of benefits that the participant would be entitled to under the Retirement Plan if no statutory reductions applied to such benefits and, if applicable, if Basic Compensation included the value of any restricted stock rights awarded to the participant under the Aviall, Inc. Bonus Plan; and (ii) the amount of benefits the participant is entitled to under the Retirement Plan and the Ryder System, Inc. Retirement Plan. Benefits under the Benefit Restoration Plan are paid in the same manner, as of the same date and subject to the same conditions as the benefits payable under the Retirement Plan. However, in the event of a Change of Control (as defined in the Retirement Plan), all participants will be fully vested for purposes of eligibility for benefits under the Benefit Restoration Plan, and the lump sum value of the benefits owing under the Benefit

Edgar Filing: AVIALL INC - Form DEF 14A

Restoration Plan (along with the amounts necessary to cover all federal income taxes owing on the benefits and these amounts) will be paid immediately to the participant.

The following table sets forth estimated annual pension benefits under the Retirement Plan and the Benefit Restoration Plan combined to each named executive officer (in the form of a single life annuity) assuming such executive officer remains continuously employed at current compensation levels until retirement at the normal retirement date, which is the date on which such named executive officer reaches age 65.

On April 7, 2003, the Board of Directors finalized its approval and adoption of the Aviall, Inc. Supplemental Executive Retirement Income Plan (the "Executive Retirement Plan"). The Executive Retirement Plan covers the current Chief Executive Officer of the Company, Mr. Fulchino (the "CEO"), and key officers of the Company designated by the Board of Directors as eligible to participate in the Executive Retirement Plan. The named executive officers are currently eligible to participate in the Executive Retirement Plan.

Monthly benefits payable under the Executive Retirement Plan are equal to (i) two percent (2%), or three percent (3%) in the case of the CEO, of the participant's average monthly rate of compensation for the three calendar years, out of the six previously completed calendar years, that give the highest average monthly rate of compensation, multiplied by (ii) the participant's number of years of Credited Service (as defined in the Executive Retirement Plan), not to exceed 25 years, or in the case of the CEO, 16 2/3 years, less (iii) the sum of the participant's monthly benefits under the Retirement Plan, the Benefit Restoration Plan, the Ryder System, Inc. Retirement Plan and Social Security. The CEO's years of Credited Service is equal to two times his actual number of years of service with the Company, but in no event shall it exceed 16 2/3 years.

A participant is entitled to the monthly benefits as described above upon retirement at the age of 65 or later. A participant is also entitled to monthly benefits (based upon compensation and Credited Service to date) upon retirement at an earlier age, upon disability, or upon other employment termination after being "vested" in all or a portion of his or her benefits based on completed Years of Vesting Service (as defined in the Executive Retirement Plan). The CEO's Years of Vesting Service is equal to two times his years of vesting service under the Retirement Plan. A participant who has five or more Years of Vesting Service but less than ten Years of Vesting Service will be vested in 75% of his or her benefits, and a participant with ten or more Years of Vesting Service will be vested in 100% of his or her benefits. If a participant is terminated for Cause (as defined in the Executive Retirement Plan), he or she will not be vested in any benefits, regardless of his or her Years of Vesting Service. In addition, a participant's surviving spouse is entitled to death benefits upon a participant's death before benefits otherwise commence. A participant's benefits may be paid in the same manner and form, as of the same

Edgar Filing: AVIALL INC - Form DEF 14A

date and subject to the same conditions as the benefits payable under the Retirement Plan.

In the event of a Change of Control (as defined in the Retirement Plan) certain participants who, within three years of the Change of Control, are involuntarily terminated other than for Cause (as defined in the Executive Retirement Plan) or voluntarily terminate their employment will (i) be fully vested in their benefits, (ii) receive two additional years of Credited Service and (iii) have two years added to their age for certain early retirement purposes. In addition, upon a Change of Control the Company must establish a trust or other funding arrangement that is subject to the claims of the Company's general creditors for the purpose of funding the benefits payable under the Executive Retirement Plan. The Company also must contribute to the trust the amount necessary to fund 100% of the then-present value of the benefits payable under the Executive Retirement Plan to the participants when they reach age 65.

18

The following table sets forth, for the final average yearly compensation and years of credited service indicated, the total annual retirement benefits payable under the Executive Retirement Plan, the Retirement Plan, the Benefit Restoration Plan and the Ryder System Inc. Retirement Plan upon retirement at age 65. These amounts also include benefits payable under Social Security. The amounts marked with an asterisk (*) are calculated based upon the three percent (3%) formula for the determination of the CEO's benefits.

A participant's annual compensation generally includes the amounts set forth in the "Salary" and "Bonus" columns of the Summary Compensation Table, and so long as the participant does not terminate his or her employment voluntarily or is not terminated for Cause (as defined in the Executive Retirement Plan), also includes the value of restricted Common Stock that was awarded to a participant, or if the participant does terminate his or her employment voluntarily or is terminated for Cause (as defined in the Executive Retirement Plan), then the value of restricted Common Stock that was awarded and that has vested.

The estimated years of credited service under the Executive Retirement Plan as of December 31, 2002, for the persons named in the Summary Compensation Table

Edgar Filing: AVIALL INC - Form DEF 14A

are as follows: Mr. Fulchino, 6 years; Mr. Kienzle, 18.2 years; Mr. Komnenovich, 14.1 years; Mr. Murphy, 25.5 years; and Mr. Quinn, 8.7 years. Pursuant to the terms of the Executive Retirement Plan, the years of credited service for Mr. Fulchino set forth above equal two times the actual number of years of his service.

The benefits as set forth in the table above are payable in the form of a life only annuity with no survivor's benefits, however, benefits will be payable under the Executive Retirement Plan in the form elected by the participant under the Retirement Plan which includes several optional forms of joint and survivor annuities and a ten years certain and life annuity.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative stockholder return on a share of Common Stock versus the cumulative total return on the S&P 500 Stock Index and the S&P 600 Aerospace & Defense Index. In the Company's proxy statement for the 2002 Annual Meeting of Stockholders (the "2002 Proxy Statement"), the stock performance graph compared the cumulative stockholder return on a share of Common Stock to the cumulative total return on the S&P 500 Index and the S&P SmallCap Aerospace/Defense Index. Since the 2002 Proxy Statement, Standard & Poor's has discontinued the S&P SmallCap Aerospace/Defense Index and has replaced it with the S&P 600 Aerospace & Defense Index. The comparison assumes \$100 was invested as of December 31, 1997 and all dividends were reinvested.

APPROVAL OF AN AMENDMENT

TO THE AVIALL, INC. AMENDED AND RESTATED 1998 DIRECTORS STOCK PLAN
(PROPOSAL NO. 2)

On March 27, 2003, the Board of Directors adopted, subject to approval by the Company's stockholders, an amendment to the Directors Stock Plan. If the proposed amendment is approved by the Company's stockholders at the Annual Meeting, the following changes would be made to the Directors Stock Plan:

- the maximum number of shares of Common Stock that could be issued pursuant to option grants to each eligible director in any fiscal year would increase from 3,000 shares of Common Stock to 5,000 shares of Common Stock effective upon stockholder approval;
- the grant date for the issuance of shares of restricted Common Stock and

Edgar Filing: AVIALL INC - Form DEF 14A

options would change from the first New York Stock Exchange trading day in July of each calendar year to the first New York Stock Exchange trading day in February of each calendar year effective as of January 2004;

- the vesting date for grants of shares of restricted Common Stock would change from the six-month anniversary of the grant date to the eleven-month anniversary of the grant date effective as of January 2004; and
- the earliest date at which options could be exercised would change from the six-month anniversary of the grant date to the eleven-month anniversary of the grant date effective as of January 2004.

As of March 31, 2003, 247,500 shares of Common Stock were authorized for issuance under the Directors Stock Plan, of which an aggregate of 128,251 shares have been issued or are issuable upon the exercise of outstanding options, leaving 119,249 shares currently available for issuance under the Directors Stock Plan.

The Board of Directors believes that it is in the best interests of the Company to attract and retain experienced and knowledgeable directors. The Directors Stock Plan is designed to provide an incentive to the Company's directors and is intended to align their interests with those of the Company's stockholders. In order for the Directors Stock Plan to continue to serve its purposes, the Board of Directors has determined that an increase in the number of shares of Common Stock that can be issued pursuant to the option grants is necessary and in the best interests of the Company's stockholders. In addition, the Board of Directors believes it is in the best interests of the Company to change the grant date to February to coincide with the date that options and restricted Common Stock are issued to the Company's employees, including the executive officers.

DIRECTORS STOCK PLAN SUMMARY

GENERAL. The Directors Stock Plan was approved by the Company's stockholders at the 1998 Annual Meeting of Stockholders. The Directors Stock Plan affords the Company the ability to attract and retain persons of outstanding competence to serve as members of the Board of Directors of the Company and to provide a direct link between director compensation and stockholder value. The Directors Stock Plan permits the Board of Directors, at the eligible non-employee director's election, to grant shares of Common Stock in lieu of payment of an annual retainer fee to the non-employee director and to grant options exercisable for shares of Common Stock ("Option Rights") to a non-employee director who is eligible to participate in the Directors Stock Plan.

SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE. The number of shares of Common Stock that may be granted under the Directors Stock Plan, in the form of shares of Common Stock or options exercisable for shares of Common Stock, may not exceed 247,500 shares of Common Stock (subject to adjustment as provided in the Directors Stock Plan). Shares of Common Stock granted pursuant to the Directors Stock Plan may be either authorized, but unissued, shares, reacquired shares or both.

ELIGIBILITY. Members of the Board of Directors who are not employees of the Company or any of its subsidiaries at the time of a grant are eligible to participate in the Directors Stock Plan. A director who is an employee and who retires or resigns from employment with the Company or any of its subsidiaries, but

Edgar Filing: AVIALL INC - Form DEF 14A

remains a director, is eligible to participate in the Directors Stock Plan at the time of such termination of employment. A director who is eligible to participate in the Directors Stock Plan may elect to participate in the plan and receive grants of Common Stock of the Company, in lieu of his annual retainer for service as a director of the Company, by delivering a written notice to such effect to the Board of Directors or to any committee authorized by the Board of Directors to administer the Directors Stock Plan. An election to participate in the Directors Stock Plan must be made at least six months prior to the date of any grant under the plan and shall remain in effect until revoked in writing by the participating director.

STOCK GRANTS. Currently, under the Directors Stock Plan, each eligible director that has elected to participate in the plan shall receive an annual grant of shares of Common Stock on the first New York Stock Exchange trading day in July equal to the number of whole shares that can be purchased for \$30,000 (referred to as the "Share Value") based on the mean of the highest and the lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. The Share Value will automatically adjust to reflect increases or decreases in the annual retainer paid to the directors so that the current ratio between the annual retainer and the Share Value is maintained. If the proposed amendment is approved by the Company's stockholders, the annual grant of shares of Common Stock would occur on the first New York Stock Exchange trading day in February.

A director who receives a grant of shares of Common Stock pursuant to the Directors Stock Plan is entitled to receive dividends on, and to vote, such shares. A director's ownership rights in such shares do not vest until six months after the date of grant and then only if the director has continuously served on the Board of Directors during such six-month period. However, a participating director who leaves the Board of Directors following the completion of the term of service for which he was elected, but prior to the end of such six-month period, or whose service during such six-month period was interrupted due to death or disability, will be vested in a pro rata number of such shares based upon the six-month period. If the proposed amendment is approved by the Company's stockholder, a director's ownership rights in such shares would not vest until eleven months after the date of grant, and then subject to the director's continuous service on the Board of Directors during such eleven-month period. In addition, if the director leaves the Board of Directors prior to the end of the eleven-month period, or if his or her service during the eleven-month period is interrupted due to death or disability, the director will be vested in a pro rata number of such shares based upon the portion of the eleven-month period that had elapsed prior to the interruption of his service. In the event of a Change of Control (as defined in the Directors Stock Plan), all shares previously granted to participating directors shall immediately vest.

Any shares of Common Stock granted in lieu of receipt of the annual retainer may not be assigned, transferred, pledged, hypothecated or otherwise disposed of (i) before the shares have vested and (ii) until six months after the termination of the director's service to the Board of Directors.

OPTION RIGHTS. Currently, the Board of Directors may, from time to time and upon such terms and conditions as it may determine, grant Option Rights on the first New York Stock Exchange trading day in July to any director who is eligible to participate in the Directors Stock Plan. If the proposed amendment is approved by the Company's stockholders, the Option Rights would be granted on the first New York Stock Exchange trading day in February effective as of January 2004. Each such grant must specify a purchase price per share, payable upon exercise, that is not less than the mean of the highest and the lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. Any grant of Option Rights shall expire not more than ten years from

Edgar Filing: AVIALL INC - Form DEF 14A

the date of grant. The Board of Directors cannot grant to any one eligible director Options Rights for more than 3,000 shares of Common Stock during any fiscal year. If the proposed amendment is approved by the Company's stockholders, the maximum number of shares of Common Stock that can be granted pursuant to Option Rights to any one eligible director during any fiscal year would increase from 3,000 shares of Common Stock to 5,000 shares of Common Stock. If Proposal No. 2 is approved by the stockholders, such increase would be effective immediately and the eligible directors could be granted Option Rights for 5,000 shares of Common Stock on the first New York Stock Exchange trading day in July of this year, and, thereafter, in February of each calendar year.

22

Any grant of Option Rights shall be exercisable in full on the date or dates set forth in the agreement granting the Option Rights. Currently, such exercise dates shall not be less than six months nor more than five years from the date of grant, so long as the director has served continuously as a director of the Company during such period. If the proposed amendment is approved by the Company's stockholders, the exercise dates shall not be less than eleven months nor more than five years from the date of grant, so long as the director has served continuously as a director of the Company during such period. All outstanding non-vested Option Rights shall become exercisable in full immediately upon a Change in Control (as defined in the Directors Stock Plan).

In the event of the death or disability of the holder of any Option Rights, each then outstanding Option Right shall become exercisable in full and may be exercised at any time within one year after such death or disability, but in no event after the Option Rights have expired. Currently, in the event of the termination of service on the Board of Directors by a holder of Option Rights other than by death or disability, the then outstanding Option Rights of such holder may be exercised to the extent that they would be exercisable on the date that is six months and one day after the date of such termination and shall expire six months and one day after such termination, or on their stated expiration date, whichever occurs first. If the proposed amendment is approved by the Company's stockholders, in the event of the termination of service other than by death or disability, the holder of Option Rights may exercise the Option Rights to the extent they would be exercisable on the date that is eleven months and one day after the date of termination, and the Option Rights shall expire eleven months and one day after such termination, or on their expiration date, whichever occurs first.

The exercise price of any Option Rights is payable (i) in cash or by check acceptable to the Company; (ii) by the actual or constructive transfer to the Company of shares of Common Stock which are owned by the exercising director for a period of at least six months and having a value at the time of exercise equal to the total exercise price of such option; or (iii) by a combination of the foregoing payment methods. In addition, any grant of Option Rights may provide for deferred payment of the exercise price of the option from the proceeds of sale through a bank or broker of some or all of the shares to which such exercise relates.

ADMINISTRATION AND AMENDMENTS. The Directors Stock Plan is to be administered by the Board of Directors, except that the Board of Directors has the authority under the Directors Stock Plan to delegate any or all of its powers under the Directors Stock Plan to a duly authorized committee of the Board of Directors. Under the direction of the Board of Directors, the Compensation Committee is responsible for annually reviewing the terms of the Directors Stock Plan and, if necessary, recommending changes to the Directors Stock Plan to the Board of Directors.

The Board of Directors is authorized to interpret the Directors Stock Plan,

Edgar Filing: AVIALL INC - Form DEF 14A

to prescribe, amend and rescind any rules and regulations relating to the Directors Stock Plan, and to make all determinations necessary or advisable for the administration of the Directors Stock Plan. The Board of Directors may, from time to time, amend the Directors Stock Plan in any manner without further approval of the stockholders, except where so required by the terms of the Directors Stock Plan, applicable law or the rules and regulations of a national securities exchange.

ADJUSTMENTS. The maximum number of shares of Common Stock reserved for grants under the Directors Stock Plan, the maximum number of shares of Common Stock that the Board of Directors can grant to any one eligible director during any fiscal year, the number of shares of Common Stock covered by outstanding Option Rights, and the exercise price and the kind of shares specified therein, are subject to adjustment by the Board of Directors to reflect any stock split, stock dividend, recapitalization, merger, consolidation, reorganization, combination or exchange of shares or similar event.

PLAN BENEFITS

The Company cannot currently determine the number of shares of Common Stock subject to options that may be granted in the future to its directors under the Directors Stock Plan. The following table sets forth information with respect to the stock options granted to the Company's directors (other than Mr. Fulchino

who is not eligible to participate in the Directors Stock Plan) under the Directors Stock Plan as of March 14, 2003.

FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of certain federal income tax consequences relating to the transactions described under the Directors Stock Plan as set forth below. This summary does not purport to address all aspects of federal income taxation and does not describe state, local, or foreign tax consequences. This discussion is based upon provisions of the Code, the Treasury Regulations, and judicial and administrative interpretations under the Code and Treasury Regulations, all as in effect as of the date hereof, and all of which are subject to change (possibly on a retroactive basis) or different interpretation.

TAX CONSEQUENCES TO PARTICIPANTS

COMMON STOCK GRANTS. The recipient of a grant of shares of Common Stock

Edgar Filing: AVIALL INC - Form DEF 14A

generally will be subject to tax at ordinary income rates on the excess, if any, of the fair market value of the shares of Common Stock at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code ("Restrictions"), over the amount paid, if any, by the participant for such shares of Common Stock. However, a recipient may make an election under Section 83(b) of the Code within 30 days of the date of transfer of the shares of Common Stock to recognize ordinary income on the date of transfer of the shares of Common Stock equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such shares. If an election under Section 83(b) of the Code has not been made, any dividends received with respect to shares of Common Stock prior to the time those shares are no longer subject to forfeiture or Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant. At the time of sale of such shares, any gain or loss realized will be treated as either short-term or long-term capital gain (or loss) depending on the holding period. For purposes of determining any gain or loss realized, the recipient's tax basis will be the amount previously taxable as ordinary income.

OPTION RIGHTS. In general, (i) no income will be recognized by an optionee at the time an Option Right is granted; (ii) at the time of exercise of an Option Right, ordinary income will be recognized by the optionee in an amount equal to the excess, if any, of the fair market value of the Common Stock on the date of exercise over the exercise price, if the Common Stock is unrestricted; and (iii) at the time of sale of shares acquired pursuant to the exercise of an Option Right, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on the holding period. Such long-term capital gain may be eligible for reduced rates if applicable holding period requirements are satisfied.

TAX CONSEQUENCES TO THE COMPANY

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company will be entitled to a corresponding deduction provided that, among other things, the income meets

24

the test of reasonableness, is an ordinary and necessary business expense and is not an "excess parachute payment" within the meaning of Section 280G of the Code.

OTHER TAX MATTERS

If a director's rights under the Directors Stock Plan are accelerated as a result of a Change of Control and the director is a "disqualified individual" under Section 280G of the Code, the value of any such accelerated rights received by such director may be included in determining whether or not such director has received an "excess parachute payment" under Section 280G of the Code, which could result in (i) the imposition of a 20% Federal excise tax (in addition to Federal income tax) payable by the director on the value of such accelerated rights, and (ii) the loss by the Company of a compensation deduction.

AUDIT COMMITTEE REPORT

This report regarding the duties performed by the Audit Committee during the Company's fiscal year ended December 31, 2002, is being submitted by the members of the Audit Committee during 2002. In December 2002, the Board of Directors adopted a revised Audit Committee Charter that is attached as Appendix I to this Proxy Statement and the Board of Directors changed the members of the Audit Committee. During 2002, the members of the Audit Committee were Messrs. Schnieders (Chairman), Clare, Holt, Schofield, Wegner, Whitman and Dr. Muzyka, all of whom are outside directors and not officers or employees of the Company or its subsidiaries. The current members of the Audit Committee are Messrs. Wegner (Chairman), Fernandez and Dr. Muzyka, all of whom are outside directors and not officers or employees of the Company or its subsidiaries. The Board of Directors has determined that all members of the Audit Committee in 2002 and the current members of the Audit Committee meet the independence and experience requirements of the New York Stock Exchange, the rules and regulations of the SEC and the Company's Corporate Governance Guidelines.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence and the performance of the

Edgar Filing: AVIALL INC - Form DEF 14A

Company's internal audit function and independent auditor.

During 2002, the Audit Committee reviewed with the Company's senior internal auditing executive the plans for, and the scope of, ongoing internal audit activities, as well as any recommendations made by PricewaterhouseCoopers LLP, the Company's independent auditors, relating to the internal audit function. The Audit Committee also reviewed with the Company's senior internal auditing executive the adequacy of the Company's internal accounting controls and the policies, procedures and internal auditing function. The Audit Committee has discussed with the Company's senior financial management the Company's audited consolidated financial statements, including a discussion of the selection, application and disclosure of the Company's critical accounting policies, as well as the reasonableness of significant judgments and the general clarity of disclosures in the Company's audited consolidated financial statements. The Audit Committee received from the Company's senior financial management representations that the Company's audited consolidated financial statements have been prepared in conformity with generally accepted accounting principles, that the Company has not utilized special purpose entities for the purpose of facilitating off-balance sheet financing activities and that the Company has not engaged in related party transactions that have not been adequately disclosed.

The Audit Committee has reviewed with PricewaterhouseCoopers LLP its plans for, and the scope of, its annual audit and other examinations. The Audit Committee has also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (Communications with Audit Committees). The Audit Committee has reviewed with PricewaterhouseCoopers LLP the Company's audited consolidated financial statements, including a discussion of the selection, application and disclosure of the Company's critical accounting policies, as well as the reasonableness of significant judgments and the general clarity of disclosures in the Company's audited consolidated financial statements. The Audit Committee has confirmed with PricewaterhouseCoopers LLP that the audit of the Company's consolidated financial statements has been performed in accordance with generally accepted auditing standards, that no material disagreements have occurred with the Company's senior financial management, that, to its knowledge, the Company has not utilized special purpose entities for the purpose of facilitating off-balance sheet financing activities and that, to its knowledge, the Company has not engaged in related party transactions that have not been adequately disclosed.

The Audit Committee has also discussed with PricewaterhouseCoopers LLP whether its provision of non-audit services has impaired its objectivity and independence in auditing the Company's consolidated financial statements. Further, the Audit Committee has discussed with PricewaterhouseCoopers LLP whether it considers itself independent, and PricewaterhouseCoopers LLP has provided the Audit Committee with the letter required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees). Based on these discussions and this letter, the Audit Committee has satisfied itself of the independence of PricewaterhouseCoopers LLP.

In reliance on the foregoing reviews and discussions, the representations of the Company's senior financial management and the letter required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) provided by PricewaterhouseCoopers LLP, the Audit Committee has recommended to the Board of Directors that PricewaterhouseCoopers LLP be appointed as the Company's independent auditors for its fiscal year ending December 31, 2003 and that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the SEC.

While the Committee has the powers and responsibilities set forth in this Charter and the Company's Restated Certificate of Incorporation, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in compliance with generally accepted accounting principles, which is the responsibility of management and the independent auditor.
