SOLECTRON CORPORATION

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of Solectron Corporation (the "Company"), for use at the Annual Meeting of Stockholders to be held on Wednesday, January 10, 2007, at 8:00 a.m., local time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's principal executive offices, 847 Gibraltar Drive, Building 5, Milpitas, CA 95035. The Company's telephone number is (408) 957-8500 and the Company's website is www.solectron.com.

These proxy solicitation materials were mailed on or about December 4, 2006 to all stockholders of record at the close of business on November 17, 2006 (the "Record Date"). A copy of the Company's Annual Report to Stockholders for the fiscal year ended August 25, 2006 ("Fiscal 2006"), which includes our audited financial statements, was sent to the stockholders prior to or concurrently with this Proxy Statement.

Record Date; Outstanding Shares

Common stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. At the Record Date, 904,121,603 shares of the Company's common stock were issued and outstanding (including 18,154,965 shares of Solectron Global Services Canada, Inc. which are exchangeable on a one-to-one basis for the Company's common stock).

Revocability of Proxies

Any proxy given pursuant to the solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company at or before the taking of the vote at the Annual Meeting, (ii) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

Voting and Solicitation

On all matters other than the election of directors, each share has one vote. Stockholders are entitled to cumulate their votes for the election of directors. See PROPOSAL ONE ELECTION OF DIRECTORS Required Vote.

The cost of any proxy solicitation will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation

materials to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone, telegraph or letter.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast) with respect to such matter.

Table of Contents

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal as to which the abstention is made.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, the Company intends to treat broker non-votes in this manner. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

Discretionary Voting Authority

The Company has discretionary authority to vote on any matter intended to be brought before the Annual Meeting if the Company did not receive notice of such matter by the close of business on the tenth (10th) day after the date of this Proxy Statement, in accordance with the bylaws of the Company.

Deadline for Receipt of Stockholder Proposals for Fiscal 2007

Proposals of eligible stockholders of the Company which are to be presented by such stockholders at the Company's Annual Meeting for the fiscal year ended August 31, 2007 (Fiscal 2007) must be received by the Company no later than August 6, 2007 in order that they may be included in the Proxy Statement and form of proxy relating to that meeting. Such stockholder proposals should be submitted to *Solelectron Corporation at 847 Gibraltar Drive, Milpitas, CA 95035, Attention: Corporate Secretary*.

Under the Company's bylaws, a proposal that a stockholder does not seek to include in the Company's proxy materials for Fiscal 2007 but that may still be properly brought before the Fiscal 2007 annual meeting must be delivered to or mailed and received by the Secretary of the Company not less than 90 days prior to the meeting; provided, however, that in the event that less than 100 days notice or prior public disclosure of the date of the meeting is given or made to stockholders, to be timely, notice by the stockholder must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

Table of Contents**BOARD AND CORPORATE GOVERNANCE MATTERS****Board of Directors**

Outside Directors are also eligible to receive discretionary grants under the Plan. No discretionary grants were made to any of the Outside Directors in 2006.

Director Nomination Process

Qualifications

The Corporate Governance Guidelines of the Company set forth the basic qualifications for members of the Board. These guidelines are available on the Company's website at www.solectron.com/about/gov.shtml. Director nominees should possess the highest degree of personal and professional ethics and integrity, relevant business background and experience, and complimentary expertise in areas of importance to the Company's business objectives. In addition, director nominees should be committed to representing the long-term interests of all of the Company's stockholders.

Recommendation of Director Nominees

The Nominating and Governance Committee of the Board (the "N&G Committee") will consider individuals recommended by the Company's independent directors, the Company's CEO and other executive officers, and external retained search firms engaged by the N&G Committee. The N&G Committee will also consider potential director nominees that are properly recommended by the Company's stockholders in accordance with the procedure set forth below under the heading "Stockholder Recommendations of Director Nominees." The N&G Committee applies the same evaluation process and principles to all director candidates that are properly brought to its attention, regardless of the source of the recommendation for a candidate.

Identifying and Evaluating Director Nominees

The N&G Committee periodically assesses the appropriate size of the Board in light of the Company's objectives and strategy, and whether any vacancies on the Board are expected due to retirement, an expansion of the size of the Board, or otherwise. In the event that vacancies are anticipated or otherwise arise, the N&G Committee will initiate a process for identifying and evaluating director candidates. The N&G Committee typically retains an external professional search firm to screen, identify and contact potential candidates who meet the qualifications set forth above and other qualifications or criteria that may be determined by the N&G Committee. In determining particular search criteria or optimal candidate qualifications, the N&G Committee solicits input from the full Board and the Company's executive management, and also takes into account the current membership of the Board with a view towards identifying opportunities to expand and balance the breadth of the Board's experience, expertise, and diversity. As noted above, stockholder nominees that are properly recommended to the N&G Committee, as well as recommendations from other sources, will also be evaluated for possible consideration. Information pertaining to potential candidates is then aggregated and reviewed at regular or special meetings of the N&G Committee. The N&G Committee provides periodic updates to the full Board on the search process.

In the course of its review and evaluation of potential nominees, the N&G Committee obtains and reviews applicable information regarding the individuals under consideration, conducts in-person and telephonic interviews and

follow-up interviews and solicits input and feedback from the Chairman of the Board, the CEO and the Executive Vice President, Human Resources, as well as the external professional search firm's engagement manager. The professional search firm is charged with ensuring that prospective candidates would be available to join the Board when needed, and assists the N&G Committee in identifying any potential conflicts of interests or other disqualifying information about each candidate. The N&G Committee next discusses all of the qualified

Table of Contents

candidate prospects among the committee members and with the CEO and Chairman of the Board. The N&G Committee will ask the CEO to meet with finalist candidates to the extent that the CEO has not already done so. Efforts are made by the N&G Committee members to reach a consensus on the candidate or candidates most suited to fulfill the Company's selection criteria. In the event that the N&G Committee is unable to reach a consensus, it will make its determination by majority vote. When a determination is made, the N&G Committee formally makes its recommendation of the director nominee or nominees, as the case may be, to the full Board.

The Board will discuss the N&G Committee's recommendation and may request any additional information or interviews as the Board deems necessary. The Board will then decide whether to nominate such candidate or candidates, as the case may be, in the Company's proxy statement for election by the stockholders at the Company's Annual Meeting. In the rare case that a vacancy arises between Annual Meetings, the Board itself may elect a nominee to fill such vacancy in accordance with the bylaws of the Company.

Stockholder Recommendations of Director Nominees

Any stockholder wishing to recommend a candidate as a nominee for election at the Company's Annual Meeting of Stockholders should send a signed letter of recommendation stating the reasons for the recommendation and containing the full name and address of each proposed candidate as well as a brief biographical history setting forth past and present directorships, employment, occupations and civic activities, and any other supporting information, to be received by the Company at any time prior to the deadline set forth above under the heading "Deadline for Receipt of Stockholder Proposals for Fiscal 2007." As instructed under that heading, correspondence should be sent to *Solectron Corporation, 847 Gibraltar Drive, Milpitas, California 95035, Attention: Corporate Secretary.*

Any stockholder recommendation should be accompanied by a written statement from the proposed director candidate consenting to be considered as a candidate and, if nominated, consenting to be named in the proxy statement and, if elected, consenting to serve as a director.

Stockholder Communications with the Board

Stockholders may communicate with the Board and/or individual Board members by sending correspondence to such Board member(s) at the address of the Company's headquarters which may be found at www.solectron.com/misc/contactus.htm. All such correspondence shall be forwarded to the addressees.

The Audit Committee meets in private session on a regular basis with the head of the Company s internal audit function and with KPMG LLP, outside of the presence of Company management.

The Company s Ethics Office maintains an independent ethics hotline (telephone and email) to enable any employee, customer or supplier to confidentially and anonymously report questionable activities to the Audit Committee. Instructions for accessing the hotline can be found on the Company s website at www.solelectron.com/about/gov.shtml.

Stockholder Approval of Equity Compensation and Stockholder Rights Plans

The Company requires stockholder approval of all Company equity compensation plans and any amendments thereto, including any repricing of options contemplated by the Company, whenever such approval is necessary under NYSE corporate governance rules.

The Company requires stockholder approval prior to the adoption of any stockholders rights plan, or poison pill. In certain circumstances, the Board may, in the exercise of its fiduciary responsibilities, deem it in the best interests of the Company's stockholders to implement a rights plan prior to seeking stockholder approval, in which case the plan would expire if not submitted for stockholder approval within 12 months of such implementation.

Required Vote

Each stockholder voting in the election of directors is entitled to cumulate such stockholder's votes. Each stockholder who elects to cumulate votes shall be entitled to as many votes as equals the number of directors to be elected multiplied by the number of shares held by such stockholder, and the stockholder may cast all such votes for a single director or distribute such votes among as many candidates as the stockholder may see fit. However, no stockholder shall be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and the stockholder, or any other stockholder, has given notice at the meeting to the Company's Secretary prior to the voting of the intention to cumulate the votes. The 9 nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Abstentions and shares held by brokers that are present but not voted, because the brokers were prohibited from exercising discretionary authority (Broker Non-Votes), will be counted as present for purposes of determining the presence or absence of a quorum.

Each agreement also provides for advancement of expenses to the indemnified party. (1) Perquisites are not included since the aggregate amount is less than the lesser of \$50,000 or 10% of salary and bonus, in accordance with regulations promulgated by the SEC; therefore, the Other Annual Compensation has not been included in this table. Bonus compensation reported for fiscal years 2006, 2005, and 2004 was earned in that fiscal year, but may have been paid in the subsequent fiscal year or placed all or in part into the Company's Executive Deferred Compensation Plan.

(2) The Company does not have any Long-Term Incentive Plans (LTIP) as that term is defined in regulations promulgated by the SEC. While the Company acknowledges that it may, under applicable SEC regulations, report restricted stock awards as LTIP awards, it has elected not to do so.

The Company issues discounted stock options with an exercise price of \$0.001 per share under its 2002 Stock Plan, and such discounted options are deemed exercised and become shares of restricted stock on the date of

Britt, London, Onetto and Purvis; (ii) September 16, 2005, the grant date for Mr. Ligan; and (iii) November 22, 2005, the grant date for Mr. Cannon. As of August 25, 2006, based on the closing market price for Company common stock on such date: (i) Mr. Cannon held an aggregate of 1,611,181 shares of restricted stock with a value of \$4,994,661; (ii) Mr. Britt held an aggregate of 303,000 shares of restricted stock with a value of \$939,300; (iii) Mr. Ligan held an aggregate of 155,000 shares of restricted stock with a value of \$480,500; (iv) Mr. London held an aggregate of 508,000 shares of restricted stock with a value of \$1,574,800; (v) Mr. Onetto held an aggregate of 620,930 shares of restricted stock (which continue to vest until December 2006 pursuant to the terms of Mr. Onetto's Consulting Agreement and General Release) with a value of \$1,924,883; and (vi) Mr. Purvis held an aggregate of 648,000 shares of restricted stock with a value of \$2,008,800.

Table of Contents

Each of the Fiscal 2006 discounted option grants to Messrs. Britt, Ligan, London, Onetto and Purvis vest according to the following schedule: 25% of the shares granted vest on each of the first and second anniversary of the grant date, and 50% of the shares vest on the third anniversary of the grant date. With regards to the grant to Mr. Cannon, the initial vesting terms were as follows: (i) 1/3 of the shares will vest in a fiscal year upon attainment of certain Solectron performance targets established by the Board for that fiscal year; (ii) non-attainment of the Board established targets in two consecutive fiscal years will result in Mr. Cannon forfeiting 1/3 of the shares; and (iii) thereafter, 1/3 of the shares will be forfeited for each year of non-attainment. Subsequent to Fiscal 2006, on October 11, 2006, the Board approved an amendment to the vesting provisions of Mr. Cannon's grant whereby the granted shares will fully vest on the three-year anniversary of the November 22, 2005 grant date and will no longer be subject to any forfeiture for non-attainment of performance targets. The restricted stock is entitled to dividends (if paid by the Company, as determined by the Board).

- (3) Amounts primarily include the Company's contributions to a 401(k) plan, premiums under executive group term life and disability insurance policies and car allowances.

As previously disclosed, Mr. Onetto was granted an \$800,000 credit in the Company's Executive Deferred Compensation Plan in fiscal year 2003 pursuant to the terms of his original employment agreement. - (4) Mr. Ligan served as Interim Chief Financial Officer from September 2005 to January 2006, at which time Paul Tufano joined the Company as Executive Vice President and Chief Financial Officer.
- (5) Mr. Onetto resigned as Executive Vice President, Operations in May 2006.

**EXECUTIVE COMPENSATION AND
MANAGEMENT RESOURCES COMMITTEE REPORT**

Introduction

The Executive Compensation and Management Resources Committee (the "ECMRC") of the Board consists of Richard A. D'Amore, William A. Hasler, Dr. Paul R. Low and Cyril Yansouni, with Dr. Low serving as Chairman. Each member of the ECMRC is a non-employee director of the Company and is independent within the meaning of currently applicable NYSE corporate governance listing standards. The ECMRC is responsible for reviewing and approving all aspects of compensation paid to the Company's executive officers reporting to the Chief Executive Officer. The ECMRC reviews and recommends all components of the Chief Executive Officers' remuneration to the independent members of the Board for approval. The ECMRC meets at the beginning of each fiscal year to establish target base compensation levels for the Company's executive officers for the following fiscal year and to approve bonuses for the previous fiscal year. The ECMRC engages an independent executive compensation consultant to provide information on market data and competitive practices.

Compensation Philosophy

The Company's primary objectives with respect to executive compensation are to attract and retain the best possible executive talent and provide sufficient incentive to maximize the achievement of the Company's business objectives, while strengthening the tie between management and stockholders. In order to provide incentive to executive officers, the Company pays a significant percentage of the executives' total compensation by means of variable performance-based cash incentives and equity awards as the long-term incentive component. Determination of each component of variable compensation is based on an assessment of a combination of metrics and individual performance. The amount of incentive compensation for each person in Fiscal 2006 has been determined on the basis of several indicators of corporate performance as outlined below.

Compensation Components

The following are the key components of the Company's executive officer compensation:

Base Compensation. The ECMRC establishes base salaries for executive officers based on its review of base salaries of executive officers in companies of comparable size and in similar industries. A majority of the companies used by the ECMRC in its review of salaries of other companies are a part of the Goldman Sachs Technology Index™ used in the Stock Performance Graph set forth in this proxy statement. Generally, the ECMRC believes that executive base salaries for executives should be established at the median of the range of salaries for executives in similar positions and with similar responsibilities at comparable companies. Consistent with the criteria set forth above and his employment agreement, Mr. Cannon's base salary was set at \$1,000,000.

Bonuses. Pursuant to the Company's One Solectron Incentive Compensation Plan approved by Solectron's stockholders at the 2002 Annual Meeting of Stockholders, annual cash bonuses are payable to the extent that annual Solectron and individual business performance objectives specified by the ECMRC are obtained. Company and individual performance objectives may be based on a variety of metrics and factors, including Revenue, Cash to Cash, Profit Before Interest and Taxes, individual objectives and other financial and operational metrics that are indicative of stockholder value creation. For Fiscal 2006, corporate performance measures were based on Revenue, Cash to Cash and Profit Before Interest and Taxes, as set forth in the Company's Annual Operating Plan established by the Board and communicated by the ECMRC to bonus plan participants prior to the end of Fiscal 2005. Individual performance

was measured based on goals related to each person's function within the organization. Based on the Company's performance, the ECMRC recommended to the Board that Mr. Cannon be awarded a bonus of \$600,000 for Fiscal 2006, and the Board accepted the recommendation.

Long-Term Incentive Compensation. The ECMRC believes that long-term performance is achieved through an ownership culture that encourages long-term performance by executive officers and employees through the use of stock-based incentives. The Solectron 2002 Stock Plan provides for long-term incentive compensation for employees of the Company, including executive officers through the use of stock-based grants of both fair market value and discounted stock options. During Fiscal 2006, the ECMRC approved discounted option grants for

Solectron stock to each of the direct reports to the CEO to vest over the ensuing three years from the date of grant at the rate of 25% for each of the first two years and 50% at the end of the third year. With respect to the CEO, the ECMRC recommended to the independent members of the Board that Mr. Cannon receive a performance-based discounted option grant for 750,000 shares of Solectron stock. The initial vesting terms for Mr. Cannon's grant were as follows: (i) 1/3 of the shares would vest in a fiscal year upon attainment of certain Solectron performance targets established by the Board for that fiscal year; (ii) non-attainment of the Board established targets in two consecutive fiscal years would result in Mr. Cannon forfeiting 1/3 of the shares; and (iii) thereafter, 1/3 of the shares would be forfeited for each year of non-attainment. Subsequent to Fiscal 2006, on October 11, 2006, the Board approved an amendment to the vesting provisions of Mr. Cannon's grant whereby the granted shares will fully vest on the three-year anniversary of the November 22, 2005 grant date and will no longer be subject to any forfeiture for non-attainment of performance targets.

Policy Regarding Tax Deduction for Compensation Under Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (IRC) limits the Company's tax deduction to \$1 million for compensation paid to certain executive officers named in the proxy statement unless the compensation is performance based. Bonus payments made pursuant to the One Solectron Incentive Compensation Plan for Fiscal 2006 met the performance criteria of IRC Section 162(m). The ECMRC's present intention is to comply with the requirements of IRC Section 162(m), unless the ECMRC determines that it is in the interests of the Company to do otherwise.

The Audit Committee is responsible for recommending to the Board that the Company's financial statements be included in its Annual Report on Form 10-K. The Committee took a number of steps in making this recommendation for Fiscal 2006. First, the Audit Committee discussed with KPMG those matters KPMG is required to communicate to and discuss with the Audit Committee by Statement on Auditing Standards Board Standard No. 61, as amended (Communication with Audit Committees), including information concerning the scope and results of the audit. Second, the Audit Committee discussed KPMG's independence with KPMG and received a letter from KPMG regarding its independence as required by the Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees). Finally, the Audit Committee reviewed and discussed with Company management and KPMG, Solectron's audited consolidated balance sheets at August 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity, comprehensive income (loss) and cash flows for each of the years in the three-year period ended August 31, 2006. Based on these reviews and discussions, and additional matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that Solectron's Annual Report on Form 10-K include these financial statements.
