Apache may sell from time to time, in one or more offerings:

Those risk factors may not be exhaustive. We operate in a continually changing business environment, and new risk factors emerge from time to time. We cannot predict these new risk factors, nor can we assess the impact, if any, of these new risk factors on our businesses or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those projected in any forward-looking statements. DESCRIPTION OF APACHE CORPORATION CAPITAL STOCK

The following descriptions of our common stock and preferred stock, together with the additional information included in any applicable prospectus supplement, summarize the material terms and provisions of these types of securities. For the complete terms of our common stock and preferred stock, please refer to our charter, bylaws and stockholder rights plan that are incorporated by reference into the registration statement that includes this prospectus. The terms of these securities may also be affected by the General Corporation Law of the State of Delaware.

Under our charter, our authorized capital stock currently consists of 430,000,000 shares of common stock, \$.625 par value per share, and 5,000,000 shares of preferred stock, no par value. We will describe the specific terms of any common stock or preferred stock we may offer in a prospectus supplement. If indicated in a prospectus supplement, the terms of any common stock or preferred stock offered under that prospectus supplement may differ from the terms described below.

Common Stock

As of March 13, 2007, we had approximately 331,097,333 shares of common stock issued and outstanding and approximately 14 million shares of common stock reserved for issuance pursuant to various employee benefit plans (including treasury shares authorized for issuance under those plans). Our board of directors has also authorized an additional 15,000,000 shares under an Omnibus Equity Compensation Plan that requires the approval of our shareholders at the annual meeting of shareholders to be held on May 2, 2007. If the plan is approved, several of our existing plans will be terminated for purposes of issuing new grants of options or shares, and approximately 2 million shares of common stock authorized for issuance under those plans will be added to the shares available for the Omnibus Equity Compensation Plan. Each outstanding share of common stock currently includes one preferred share purchase right issued under our stockholder rights plan, which is summarized below. All outstanding shares of common stock are, and any shares of common stock sold pursuant to this prospectus will be, duly authorized, validly issued, fully paid and non-assessable.

Voting

For all matters submitted to a vote of stockholders, each holder of common stock is entitled to one vote for each share registered in his or her name on our books. Our common stock does not have cumulative voting rights. As a result, subject to the voting rights of Series B preferred stockholders described below and any future holders of our preferred stock, persons who hold more than 50 percent of the outstanding common stock entitled to elect members of the board of directors can elect all of the directors who are up for election in a particular year.

Dividends

If our board of directors declares a dividend, holders of common stock will receive payments from our funds that are legally available to pay dividends. This dividend right, however, is subject to any preferential dividend rights we have

granted to Series B preferred stockholders or may grant to future holders of preferred stock.

Table of Contents

Liquidation

If we dissolve, the holders of common stock will be entitled to share ratably in all the assets that remain after we pay our liabilities and any amounts we may owe to the persons who hold our preferred stock.

Other Rights and Restrictions

Holders of common stock do not have preemptive rights, and they have no right to convert their common stock into any other securities. Our common stock is not subject to redemption by us. Our charter and bylaws do not restrict the ability of a holder of common stock to transfer his or her shares of common stock.

Delaware law provides that, if we make a distribution to our stockholders other than a distribution of our capital stock either when we are insolvent or when we would be rendered insolvent, then our stockholders would be required to pay back to us the amount of the distribution we made to them, or the portion of the distribution that causes us to become insolvent, as the case may be.

Listing

Our common stock is listed on the New York Stock Exchange, the Nasdaq Global Select Market and the Chicago Stock Exchange under the symbol APA.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Wells Fargo Minnesota, National Association.

Preferred Stock

General

We have 5,000,000 shares of no par preferred stock authorized, of which 25,000 shares have been designated as Series A Junior Participating Preferred Stock and 100,000 shares have been designated as 5.68 % Series B Cumulative Preferred Stock. The remaining shares of preferred stock are undesignated.

Our charter authorizes our board of directors to issue preferred stock in one or more series and to determine the voting rights and dividend rights, dividend rates, liquidation preferences, conversion rights, redemption rights, including sinking fund provisions and redemption prices, and other terms and rights of each series of preferred stock.

Series A

The shares of Series A preferred stock are authorized for issuance pursuant to rights that trade with our outstanding common stock and are reserved for issuance upon the exercise of the rights discussed below under the caption
Stockholder Rights Plan.

Series B

As of March 30, 2007, we had issued and outstanding 100,000 shares of Series B preferred stock in the form of one million depositary shares, each representing one-tenth (1/10th) of a share of Series B preferred stock. The Series B preferred stock has no stated maturity, is not subject to a sinking fund and is not convertible into our common stock or

any other securities. We have the option to redeem the Series B preferred stock at \$1,000 per share on or after August 25, 2008. Holders of the depositary shares are entitled to receive cumulative cash dividends at an annual rate of \$5.68 per depositary share (based on \$56.80 for each share of Series B preferred stock) when, as and if declared by Apache's board of directors.

The Series B preferred stock has a liquidation preference of \$1,000 per share, which is equivalent to \$100 per depositary share, plus accrued and unpaid dividends.

The Series B preferred stock ranks prior and superior to our common stock and Series A preferred stock as to payment of dividends and distribution of assets upon our dissolution, liquidation or winding up.

Table of Contents

If dividends are not paid on the Series B preferred stock, cash payments on our common stock and any of our other capital stock that ranks junior to the Series B preferred stock as to dividends are prohibited and payments on any of our other capital stock that ranks equal to the Series B preferred stock as to dividends are restricted.

Shares of Series B preferred stock generally do not have voting rights. If, however, we fail to pay the equivalent of six quarterly dividends payable on the Series B preferred stock or another class or series of preferred stock that ranks equally with the Series B preferred stock, then we will increase the size of our board of directors by two members. The holders of the Series B preferred stock and any other class or series of preferred stock ranking equally with the Series B preferred stock voting as a single class together with any other class of preferred stock ranking equally will then have the right to vote for the two additional directors. This voting right would continue until we have paid all past dividends on all preferred stock.

Without the vote of at least 80 percent of the outstanding shares of Series B preferred stock, we may not amend any provision in our charter so as to adversely affect the powers, preferences, privileges or rights of the Series B preferred stock.

Without the approval of the holders, voting together as a single class, of 80 percent of all the shares of Series B preferred stock then outstanding and all shares of any other series of our preferred stock ranking equally as to dividends or upon liquidation we will not:

issue, authorize or increase the authorized amount of, or issue or authorize any obligation or security convertible into or evidencing a right to purchase, any stock of any class ranking prior to the Series B preferred stock as to dividends or upon liquidation; or

reclassify any of our authorized stock into any stock of any class, or any obligation or security convertible into or evidencing a right to purchase such stock, ranking prior to the Series B preferred stock,

provided that no such vote will be required for us to take any of these actions to issue, authorize or increase the authorized amount of, or issue or authorize any obligation or security convertible into or evidencing a right to purchase, any stock ranking equally with or junior to the Series B preferred stock.

Without the approval of the holders of at least a majority of the shares of Series B preferred stock then outstanding, we will not become a party to any merger, conversion, consolidation or compulsory share exchange unless the terms of that transaction do not provide for a change in the terms of the Series B preferred stock and the Series B preferred stock ranks equally with or prior to any capital stock of the surviving corporation as to dividends or upon liquidation, dissolution or winding up other than prior-ranking Apache stock previously authorized with the consent of holders of the Series B preferred stock.

Undesignated Preferred Stock

This summary of the undesignated preferred stock discusses terms and conditions that may apply to preferred stock offered under this prospectus. The applicable prospectus supplement will describe the particular terms of each series of preferred stock actually offered. If indicated in the prospectus supplement, the terms of any series may differ from the terms described below.

The following description, together with any applicable prospectus supplement, summarizes all the material terms and provisions of any preferred stock being offered by this prospectus. It does not restate the terms and provisions in their entirety. We urge you to read our charter and any applicable certificate of designation that may be on file because

they, and not this description, define the rights of any holders of preferred stock. We have filed our charter as an exhibit to the registration statement which includes this prospectus. We will incorporate by reference as an exhibit to the registration statement the form of any certificate of designation before the issuance of any series of preferred stock.

the amounts payable on shares of the preferred stock in the event of our voluntary or involuntary liquidation, dissolution or winding up;

the redemption rights and price or prices, if any, for the shares of preferred stock;

any terms, and the amount, of any sinking fund or analogous fund providing for the purchase or redemption of the shares of preferred stock;

any restrictions on our ability to make payments on any of our capital stock if dividend or other payments are not made on the preferred stock;

any voting rights granted to the holders of the shares of preferred stock in addition to those required by Delaware law or our certificate of incorporation;

whether the shares of preferred stock will be convertible or exchangeable into shares of our common stock or any other security, and, if convertible or exchangeable, the conversion or exchange price or prices, and any adjustment or other terms and conditions upon which the conversion or exchange shall be made;

any other rights, preferences, restrictions, limitations or conditions relative to the shares of preferred stock permitted by Delaware law or our certificate of incorporation;

any listing of the preferred stock on any securities exchange; and

the U.S. federal income tax considerations applicable to the preferred stock.

Subject to our charter and to any limitations imposed by any then-outstanding preferred stock, we may issue additional series of preferred stock, at any time or from time to time, with such powers, preferences, rights and qualifications, limitations or restrictions as the board of directors determines, and without further action of the stockholders, including holders of our then outstanding preferred stock, if any.

Stockholder Rights Plan

In 1995, our board of directors adopted a stockholder rights plan to replace the former plan adopted in 1986. The plans was to have expired in January 1996, but we amended the plan to extend the term to January 2016, to reset the rights trading with each share of our common stock to one right per share, and to eliminate adjustments in the number of rights per share for future capitalization events, such as stock splits. Under our stockholder rights plan, each of our

common stockholders received a dividend of one preferred stock purchase right for each outstanding shares of common stock that the stockholder owned. We refer to these preferred stock purchase rights as the rights. Unless the rights have been previously redeemed, all shares of our common stock are issued with rights. The rights trade automatically with our shares of common stock and become exercisable only under the circumstances described below.

Since the purpose of the rights is to encourage potential acquirors to negotiate with our board of directors before attempting a takeover bid and to provide our board of directors with leverage in negotiating on behalf of our stockholders the terms of any proposed takeover, the rights may have anti-takeover effects. They should not interfere, however, with any merger or other business combination approved by our board of directors.

Table of Contents

The following description is a summary of all the material terms of our stockholder rights plan. It does not restate these terms in their entirety. We urge you to read our stockholder rights plan because it, and not this description, defines the terms and provisions of our plan. Our stockholder rights plan is incorporated by reference as an exhibit to the registration statement that includes this prospectus. You may obtain a copy at no charge by writing to us at the address listed under the caption *Where You Can Find More Information*.

Exercise of Rights

Until a right is exercised, the holder of a right will not have any rights as a stockholder. When the rights become exercisable, holders of the rights will be able to purchase from us 1/10,000th of a share of our Series A preferred stock, at a purchase price of \$100, subject to adjustment, per 1/10,000th of a share.

In general, the rights will become exercisable upon the earlier of:

ten calendar days after a public announcement that a person or group has acquired beneficial ownership of 20 percent or more of the outstanding shares of our common stock; or

ten business days after the beginning of a tender offer or exchange offer that would result in a person or group beneficially owning 30 percent or more of our common stock.

Flip in Event

If a person or group becomes the beneficial owner of 20 percent or more of our common stock, each right will then entitle its holder to receive, upon exercise, a number of shares of our common stock that is equal to the exercise price of the right divided by one-half of the market price of our common stock on the date of the occurrence of this event. We refer to this occurrence as a *flip in event*. A *flip in event* does not occur if there is an offer for all of our outstanding shares of common stock that our board of directors determines is fair to our stockholders and in our best interests.

Flip Over Event

If, at any time after a person or group becomes the beneficial owner of 20 percent or more of our common stock, we are acquired in a merger or other transaction in which we do not survive or in which our common stock is changed or exchanged or 50 percent or more of our assets or earning power is sold or transferred, then each holder of a right will be entitled to receive, upon exercise, a number of shares of common stock of the acquiring company in the transaction equal to the exercise price of the right divided by one-half of the market price of the acquiring company's common stock on the date of the occurrence of this event. This exercise right will not occur if the merger or other transaction follows an offer for all of our outstanding shares of common stock that our board of directors determines is fair to our stockholders and in our best interests.

Exchange of Rights

At any time after a *flip in event* but prior to a person or group becoming a beneficial owner of more than 50 percent of the shares of outstanding common stock, our board of directors may exchange the rights by providing to the holder one share of our common stock or 1/10,000th of a share of our Series A preferred stock for each of the holder's rights.

Redemption of Rights

At any time before a flip in event, we may redeem the rights at a price of \$.01 per right. The rights will expire on the close of business on January 31, 2016, subject to earlier expiration or termination as described in our stockholder rights plan.

Unless and until the rights become exercisable, they will be transferred with and only with the shares of our common stock.

Anti-Takeover Effect of Provisions of Apache's Charter and Bylaws and Delaware Law

Our charter and bylaws include provisions, summarized below, that may have the effect of delaying, deferring or preventing a takeover of Apache. Please refer to our charter and bylaws that are incorporated by reference into the registration statement that includes this prospectus. You may obtain copies at no charge by writing to us at the address listed under the caption *Where You Can Find More Information*.

The provisions of Delaware law described below also may have an anti-takeover effect.

Apache's Bylaws

Our board of directors is divided into three classes, with directors serving staggered three-year terms.

Apache's Charter

Article Nine provides that our board of directors is divided into three classes, with directors serving staggered three-year terms.

Article Twelve stipulates that the affirmative vote of 80 percent of our voting shares is required to adopt any agreement for the merger or consolidation with or into any other corporation which is the beneficial owner of more than 5 percent of our voting shares. Article Twelve further provides that such 80 percent approval is necessary to authorize any sale or lease of assets between us and any beneficial holder of 5 percent or more of our voting shares.

Article Fourteen contains a *fair price* provision that requires any tender offer made by a beneficial owner of more than 5 percent of our outstanding voting stock in connection with any:

plan of merger, consolidation or reorganization;

sale or lease of substantially all of our assets; or

issuance of our equity securities to the 5 percent stockholder

must provide at least as favorable terms to each holder of common stock other than the stockholder making the tender offer.

Article Fifteen contains an *anti-greenmail* mechanism which prohibits us from acquiring any voting stock from the beneficial owner of more than 5 percent of our outstanding voting stock, except for acquisitions pursuant to a tender offer to all holders of voting stock on the same price, terms and conditions, acquisitions in compliance with Rule 10b-18 under the Securities Exchange Act of 1934 and acquisitions at a price not exceeding the market value per share.

Article Sixteen prohibits the stockholders from acting by written consent in lieu of a meeting.

The affirmative vote of 80 percent of the voting shares is required to amend or adopt any provision inconsistent with Articles Nine, Twelve, Fourteen and Sixteen.

Business Combinations with Interested Stockholders Under Delaware Law

Section 203 of the Delaware General Corporation Law prevents a publicly held corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

before the date on which the person became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction in which the person became an interested stockholder;

the interested stockholder owned at least 85 percent of the outstanding voting stock of the corporation at the beginning of the transaction in which it became an interested stockholder, excluding stock held by directors who are also officers of the corporation and by employee stock plans that do not provide

Table of Contents

participants with the rights to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or after the date on which the interested stockholder became an interested stockholder, the business combination is approved by the board of directors and the holders of two-thirds of the outstanding voting stock of the corporation voting at a meeting, excluding the voting stock owned by the interested stockholder.

As defined in Section 203, an interested stockholder is generally a person owning 15 percent or more of the outstanding voting stock of the corporation. As defined in Section 203, a business combination includes mergers, consolidations, stock and assets sales and other transactions with the interested stockholder.

The provisions of Section 203 may have the effect of delaying, deferring or preventing a change of control of Apache.

DESCRIPTION OF DEPOSITARY SHARES

The following description, together with any applicable prospectus supplement, summarizes all the material terms and provisions of the depositary shares that we may offer under this prospectus and the related deposit agreements and depositary receipts. Specific deposit agreements and depositary receipts will contain additional important terms and provisions. The forms of the applicable deposit agreement and depositary receipt will be incorporated by reference as an exhibit to the registration statement that includes this prospectus before we issue any depositary shares.

This summary of depositary agreements, depositary shares and depositary receipts relates to terms and conditions applicable to these types of securities generally. The particular terms of any series of depositary shares will be summarized in the applicable prospectus supplement. If indicated in the applicable prospectus supplement, the terms of any series may differ from the terms summarized below.

General

We may elect to offer fractional shares of preferred stock rather than full shares of preferred stock. If so, we will issue depositary receipts for these depositary shares. Each depositary share will represent a fraction of a share of a particular series of preferred stock. Each holder of a depositary share will be entitled, in proportion to the fraction of preferred stock represented by that depositary share, to all the rights, preferences and privileges of the preferred stock, including dividend, voting, redemption, conversion and liquidation rights, if any, and all the limitations of the preferred stock. We will enter into a deposit agreement with a depositary, which will be named in the applicable prospectus supplement.

In order to issue depositary shares, we will issue preferred stock and immediately deposit these shares with the depositary. The depositary will then issue and deliver depositary receipts to the persons who purchase depositary shares. Each whole depositary share issued by the depositary may represent a fraction of a share of preferred stock held by the depositary. The depositary will issue depositary receipts in a form that reflects whole depositary shares, and each depositary receipt may evidence any number of whole depositary shares.

Pending the preparation of definitive engraved depositary receipts, if any, a depositary may, upon our written order, issue temporary depositary receipts, which will temporarily entitle the holders to all the rights pertaining to the definitive depositary receipts. We will bear the costs and expenses of promptly preparing definitive depositary receipts and of exchanging the temporary depositary receipts for such definitive depositary receipts.

Dividends and Other Distributions

The depositary will distribute all cash and non-cash distributions it receives with respect to the underlying preferred stock to the record holders of depositary shares in proportion to the number of depositary shares they hold, subject to any obligations of the record holders to file proofs, certificates and other information and to pay any taxes or other governmental charges. In the case of any non-cash distribution, we may determine that

Table of Contents

the distribution cannot be made proportionately or the depositary may determine that it may not be feasible to make the distribution. If so, the depositary may, with our approval, adopt a method it deems equitable and practicable to effect the distribution, including the sale, public or private, of the securities or other non-cash property it receives in the distribution at a place and on terms it deems proper. The amounts distributed by the depositary will be reduced by any amount required to be withheld by us or the depositary on account of taxes.

Redemption of Depositary Shares

If the shares of preferred stock that underlie the depositary shares are redeemable and we redeem the preferred stock, the depositary will redeem the depositary shares from the proceeds it receives from the redemption of the preferred stock it holds. The depositary will redeem the number of depositary shares that represent the amount of underlying preferred stock that we have redeemed. The redemption price for depositary shares will be in proportion to the redemption price per share that we paid for the underlying preferred stock. If we redeem less than all of the depositary shares, the depositary will select which depositary shares to redeem by lot, or some substantially equivalent method.

After a redemption date is fixed, the depositary shares to be redeemed no longer will be considered outstanding. The rights of the holders of the depositary shares will cease, except for the rights to receive money or other property upon redemption. In order to redeem their depositary shares, holders must surrender their depositary receipts to the depositary.

Voting the Preferred Stock

When the depositary receives notice about any meeting at which the holders of preferred stock are entitled to vote, the depositary will mail the information contained in the notice to the record holders of depositary shares related to that preferred stock. Each record holder of depositary shares on the record date, which will be the same date as the record date for the preferred stock, will be entitled to instruct the depositary on how to vote the shares of preferred stock represented by that holder's depositary shares. The depositary will endeavor, to the extent practicable, to vote the preferred stock represented by the depositary shares in accordance with these instructions. If the depositary does not receive instructions from the holders of the depositary shares, the depositary will abstain from voting the preferred stock that underlies those depositary shares.

Withdrawal of Preferred Stock

If a holder of depositary receipts surrenders those depositary receipts at the corporate office (as defined in the deposit agreement) of the depositary, or any other office as the depositary may designate, and pays any taxes, charges or fees, that holder is entitled to delivery at the corporate office of certificates evidencing the number of shares of preferred stock, but only in whole shares, and any money and other property represented by those depositary receipts. If the depositary receipts we deliver evidence a number of depositary shares in excess of the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to us at the same time a new depositary receipt evidencing that excess number of depositary shares. We do not expect that there will be any public trading market for the shares of preferred stock except those represented by the depositary shares.

Amendment and Termination of the Deposit Agreement

We and the depositary can agree, at any time, to amend the form of depositary receipt and any provisions of the deposit agreement. If, however, an amendment has a material adverse effect on the rights of the holders of related depositary shares, the holders of at least a majority of the depositary shares then outstanding must first approve the amendment. Every holder of a depositary receipt at the time an amendment becomes effective will be bound by the amended deposit agreement. Subject to any conditions in the deposit agreement or applicable law, no amendment,

however, can impair the right of any holder of a depositary share to receive shares of the related preferred stock, or any money or other property represented by the depositary shares, when they surrender their depositary receipts.

Table of Contents

Unless otherwise specified in the applicable prospectus supplement, the deposit agreement may be terminated by us or by the depositary if there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of Apache and that distribution has been distributed to the holders of depositary receipts.

Charges of Depositary

We will pay all transfer and other taxes and the government charges that relate solely to the depositary arrangements. We will also pay the charges of each depositary, including charges in connection with the initial deposit of the related series of preferred stock, the initial issuance of the depositary shares, and all withdrawals of shares of the related series of preferred stock. Holders of depositary shares, however, will be required to pay transfer and other taxes and government charges, as provided in the deposit agreement.

Resignation and Removal of Depositary

The depositary may submit notice of resignation at any time or we may remove the depositary at any time. However, no resignation or removal will take effect until we appoint a successor depositary, which must occur within 60 days after delivery of the notice of resignation or removal. The successor depositary must be a bank or trust company that has its principal office in the United States and has a combined capital and surplus of at least \$50,000,000.

Miscellaneous

If we are required to furnish any information to the holders of the preferred stock underlying any depositary shares, the depositary, as the holder of the underlying preferred stock, will forward to the holders of depositary shares any report or information it receives from us.

Neither the depositary nor we will be liable if its ability to perform its obligations under the deposit agreement is prevented or delayed by law or any circumstance beyond its control. Each of Apache and the depositary will be obligated to use its best judgment and to act in good faith in performing its duties under the deposit agreement. Each of Apache and the depositary will be liable only for gross negligence and willful misconduct in performing its duties under the deposit agreement. They will not be obligated to appear in, prosecute or defend any legal proceeding with respect to any depositary receipts, depositary shares or preferred stock unless they receive what they, in their sole discretion, determine to be a satisfactory indemnity from one or more holders of the depositary shares. We and the depositary will evaluate any proposed indemnity in order to determine whether the financial protection afforded by the indemnity is sufficient to reduce each party's risk to a satisfactory and customary level. We and the depositary may rely on the advice of legal counsel or accountants of their choice. They may also rely on information provided by persons they believe, in good faith, to be competent, and on documents they believe, in good faith, to be genuine.

The applicable prospectus supplement will identify the depositary's corporate trust office. Unless the prospectus supplement indicates otherwise, the depositary will act as transfer agent and registrar for depositary receipts, and if we redeem shares of preferred stock, the depositary will act as redemption agent for the corresponding depositary receipts.

Title

We, each depositary and any agent of Apache or the applicable depositary may treat the registered owner of any depositary share as the absolute owner of the depositary shares for all purposes, including making payment, regardless of whether any payment in respect of the depositary share is overdue and regardless of any notice to the contrary. See

Book-Entry Securities below.

DESCRIPTION OF APACHE CORPORATION DEBT SECURITIES

The following description, together with any applicable prospectus supplement, summarizes all the material terms and provisions of the debt securities that we may offer under this prospectus and the related trust indentures. We will issue the senior debt securities under a senior indenture, dated as of February 15, 1996, as supplemented on November 5, 1996, between us and The Bank of New York Trust Company, N.A. (as successor-in-interest to JPMorgan Chase Bank, N.A., formerly known as The Chase Manhattan Bank), as trustee. We will issue the subordinated debt securities under a subordinated indenture to be executed in the future by us and The Bank of New York Trust Company, N.A., as trustee. The senior indenture and the subordinated indenture are together referred to in this section as the indentures. The senior debt securities and the subordinated debt securities are together referred to in this section as the debt securities. The Bank of New York Trust Company, N.A., or any successor, in its capacity as trustee under either or both of the indentures, is referred to as the trustee for purposes of this section. The indentures contain and the debt securities, when issued, will contain additional important terms and provisions. The indentures are, and prior to their issuance the debt securities will be, filed as exhibits to the registration statement that includes this prospectus.

This summary of the indentures and the debt securities relates to terms and conditions applicable to the debt securities generally. The applicable prospectus supplement will set forth the particular terms of any series of debt securities that we may offer. If indicated in the prospectus supplement, the terms of any series may differ from the terms summarized below.

Neither indenture limits the amount of debt securities we may issue under it, and each provides that additional debt securities of any series may be issued up to the aggregate principal amount that we authorize from time to time. We also may issue debt securities pursuant to the indentures in transactions exempt from the registration requirements of the Securities Act of 1933. Those debt securities will not be considered in determining the aggregate amount of securities issued under this prospectus.

Unless otherwise indicated in the applicable prospectus supplement, we will issue the debt securities in denominations of \$1,000 or integral multiples of \$1,000.

Other than as described below under **The Senior Indenture Limits Our Ability to Incur Liens**, **The Senior Indenture Limits Our Ability to Engage in Sale/Leaseback Transactions** and **We Are Obligated to Purchase Debt Securities upon a Change in Control**, and as may be described in the applicable prospectus supplement, the indentures do not limit our ability to incur indebtedness or afford holders of debt securities protection in the event of a decline in our credit quality or if we are involved in a takeover, recapitalization or highly leveraged or similar transaction. Nothing in the indentures or the debt securities will in any way limit the amount of indebtedness or securities that we or our subsidiaries, as defined in the indentures, may incur or issue.

The debt securities of any one series may not bear interest at the same rate or mature on the same date.

If any of the debt securities are sold for foreign currencies or foreign currency units or if the principal of, or any premium or interest on, any series of debt securities is payable in foreign currencies or foreign currency units, we will describe the restrictions, elections, tax consequences, specific terms and other information with respect to those debt securities and such foreign currencies or foreign currency units in the applicable prospectus supplement.

Table of Contents

Ranking

Senior Debt Securities

Unless otherwise indicated in the applicable prospectus supplement, our obligation to pay the principal of, and any premium and interest on, the senior debt securities will be unsecured and will rank equally with all of our other unsecured unsubordinated indebtedness.

Subordinated Debt Securities

Our obligation to pay the principal of, and any premium and interest on, any subordinated debt securities will be unsecured and will rank subordinate and junior in right of payment to all of our senior indebtedness to the extent provided in the subordinated indenture and the terms of those subordinated debt securities, as described below and in any applicable prospectus supplement, which may make deletions from, or modifications or additions to, the subordination terms described below.

Upon any payment or distribution of our assets or securities to creditors upon any liquidation, dissolution, winding-up, reorganization, or any bankruptcy, insolvency, receivership or similar proceedings in connection with any insolvency or bankruptcy proceeding of Apache, the holders of senior indebtedness will first be entitled to receive payment in full of the senior indebtedness before the holders of subordinated debt securities will be entitled to receive any payment or distribution in respect of the subordinated debt securities.

No payments on account of principal or any premium or interest in respect of the subordinated debt securities may be made if there has occurred and is continuing a default in any payment with respect to senior indebtedness or an event of default with respect to any senior indebtedness resulting in the acceleration of its maturity, or if any judicial proceeding is pending with respect to any default.

Indebtedness, for purposes of the subordinated indenture, means:

indebtedness for borrowed money or for the unpaid purchase price of real or personal property of, or guaranteed by, Apache, other than accounts payable arising in the ordinary course of business payable on terms customary in the trade;

indebtedness secured by any mortgage, lien, pledge, security interest or encumbrances of any kind or payable out of the proceeds of production from property;

indebtedness which is evidenced by mortgages, notes, bonds, securities, acceptances or other instruments;

indebtedness which must be capitalized as liabilities under generally accepted accounting principles;

liabilities under interest rate swap, exchange, collar or cap agreements and all other agreements or arrangements designed to protect against fluctuations in interest rates or currency exchange rates;

liabilities under commodity hedge, commodity swap, exchange, collar or cap agreements, fixed price agreements and all other agreements or arrangements designed to protect against fluctuations in oil and gas prices;

guarantees and endorsements of obligations of others, directly or indirectly, and all other repurchase agreements and indebtedness in effect guaranteed through an agreement, contingent or otherwise, to purchase that indebtedness, or to purchase or sell property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of the indebtedness or to assure the owner of the indebtedness against loss, or to supply funds to or in any manner invest in the debtor, or otherwise to assure a creditor against loss (but excluding guarantees and endorsements of notes, bills and checks made in the ordinary course of business); and

indebtedness relative to the amount of all letters of credit; provided, however, that such term shall not include any amounts included as deferred credits on our financial statements and computed in accordance with generally accepted accounting principles.

Table of Contents

Senior indebtedness, for purposes of the subordinated indenture, means all indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, except our obligations under the subordinated debt securities, indebtedness ranking equally with the subordinated debt securities or indebtedness ranking junior to the subordinated debt securities.

Indebtedness ranking equally with the subordinated debt securities, for purposes of the subordinated indenture, means indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, to the extent the indebtedness specifically by its terms ranks equally with and not prior to the subordinated debt securities in the right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of Apache. The securing of any indebtedness otherwise constituting indebtedness ranking equally with the subordinated debt securities will not prevent the indebtedness from constituting indebtedness ranking equally with the subordinated debt securities.

Indebtedness ranking junior to the subordinated debt securities, for purposes of the subordinated indenture, means any indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, to the extent the indebtedness by its terms ranks junior to and not equally with or prior to

the subordinated debt securities, and

any other indebtedness ranking equally with the subordinated debt securities, in right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of Apache. The securing of any indebtedness otherwise constituting indebtedness ranking junior to the subordinated debt securities will not prevent the indebtedness from constituting indebtedness ranking junior to the subordinated debt securities.

Dividends and other distributions to us from our various subsidiaries may be subject to statutory, contractual and other restrictions (including, without limitation, exchange controls that may be applicable to foreign subsidiaries). The rights of our creditors to participate in the assets of any subsidiary upon that subsidiary's liquidation or recapitalization will be subject to the prior claims of the subsidiary's creditors, except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

Interest Rates and Discounts

The debt securities will earn interest at a fixed or floating rate or rates for the period or periods of time specified in the applicable prospectus supplement. Unless we specify otherwise in the applicable prospectus supplement, the debt securities will bear interest on the basis of a 360-day year consisting of twelve 30-day months.

We may sell debt securities at a substantial discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates. We will describe the federal income tax consequences and the special considerations that apply to any series in the applicable prospectus supplement.

Exchange, Registration and Transfer

Registered securities of any series that are not global securities will be exchangeable for other registered securities of the same series and of like aggregate principal amount and tenor in different authorized denominations. In addition, if debt securities of any series are issuable as both registered securities and bearer securities, the holder may choose, upon written request, and subject to the terms of the applicable indenture, to exchange bearer securities and the appropriate related coupons of that series into registered securities of the same series of any authorized denominations and of like aggregate principal amount and tenor. Bearer securities with attached coupons surrendered in exchange for

registered securities between a regular record date or a special record date and the relevant date for interest payment shall be surrendered without the coupon relating to the interest payment date. Interest will not be payable with respect to the registered security issued in exchange for that bearer security. That interest will be payable only to the holder of the coupon

Table of Contents

when due in accordance with the terms of the indenture. Bearer securities will not be issued in exchange for registered securities.

You may present registered securities for registration of transfer, together with a duly executed form of transfer, at the office of the security registrar or at the office of any transfer agent designated by us for that purpose with respect to any series of debt securities and referred to in the applicable prospectus supplement. This may be done without service charge but upon payment of any taxes and other governmental charges as described in the applicable indenture. The security registrar or the transfer agent will effect the transfer or exchange upon being satisfied with the documents of title and identity of the person making the request. We have appointed the trustee as security registrar for each indenture. If a prospectus supplement refers to any transfer agents initially designated by us with respect to any series of debt securities in addition to the security registrar, we may at any time rescind the designation of any of those transfer agents or approve a change in the location through which any of those transfer agents acts. If, however, debt securities of a series are issuable solely as registered securities, we will be required to maintain a transfer agent in each place of payment for that series, and if debt securities of a series are issuable as bearer securities, we will be required to maintain a transfer agent in a place of payment for that series located outside of the United States in addition to the security registrar. We may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any redemption, we will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption; or

register the transfer of or exchange any registered security, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part.

Payment and Paying Agents

Unless we specify otherwise in the applicable prospectus supplement, payment of principal of, and any premium and interest on, bearer securities will be payable in accordance with any applicable laws and regulations, at the offices of those paying agents outside the United States that we may designate at various times. We will make interest payments on bearer securities and the attached coupons on any interest payment date only against surrender of the coupon relating to that interest payment date. No payment with respect to any bearer security will be made at any of our offices or agencies in the United States or by check mailed to any U.S. address or by transfer to an account maintained with a bank located in the United States. If, however, but only if, payment in U.S. dollars of the full amount of principal of, and any premium and interest on, bearer securities denominated and payable in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions, then those payments will be made at the office of our paying agent in the Borough of Manhattan, The City of New York.

Unless we specify otherwise in the applicable prospectus supplement, payment of principal of, and any premium and interest on, registered securities will be made at the office of the paying agent or paying agents that we designate at various times. At our option, however, we may make interest payments by check mailed to the address, as it appears in the security register, of the person entitled to the payments. Unless we specify otherwise in the applicable prospectus supplement, we will make payment of any installment of interest on registered securities to the person in whose name that registered security is registered at the close of business on the regular record date for such interest.

Unless we specify otherwise in the applicable prospectus supplement, the Corporate Trust Office of the trustee in the Borough of Manhattan, The City of New York, will be designated:

as our sole paying agent for payments with respect to debt securities that are issuable solely as registered securities; and

Table of Contents

as our paying agent in the Borough of Manhattan, The City of New York, for payments with respect to debt securities, subject to the limitation described above in the case of bearer securities, that are issuable solely as bearer securities or as both registered securities and bearer securities.

We will name any paying agents outside the United States and any other paying agents in the United States initially designated by us for the debt securities in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. If, however, debt securities of a series are issuable solely as registered securities, we will be required to maintain a paying agent in each place of payment for that series. If debt securities of a series are issuable as bearer securities, we will be required to maintain:

a paying agent in the Borough of Manhattan, The City of New York, for payments with respect to any registered securities of the series and for payments with respect to bearer securities of the series in the circumstance described above, but not otherwise; and

a paying agent in a place of payment located outside the United States where debt securities of that series and any attached coupons may be presented and surrendered for payment.

If, however, the debt securities of that series are listed on the London Stock Exchange, the Luxembourg Stock Exchange or any other stock exchange located outside the United States, and if the stock exchange requires it, we will maintain a paying agent in London or Luxembourg or any other required city located outside the United States for those debt securities.

All monies we pay to a paying agent for the payment of principal of, and any premium or interest on, any debt security or coupon that remains unclaimed at the end of two years after becoming due and payable will be repaid to us. After that time, the holder of the debt security or coupon will look only to us for payments out of those repaid amounts.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global certificates that we will deposit with a depository identified in the applicable prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual debt securities it represents, a global security may not be transferred except as a whole:

by the applicable depository to a nominee of the depository;

by any nominee to the depository itself or another nominee; or

by the depository or any nominee to a successor depository or any nominee of the successor.

To the extent not described below and under the heading **Book-Entry Securities**, we will describe the terms of the depository arrangement with respect to a series of debt securities in the applicable prospectus supplement. We anticipate that the following provisions will generally apply to depository arrangements.

As long as the depository for a global security, or its nominee, is the registered owner of that global security, the depository or nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the applicable indenture. Except as provided under **Book-Entry Securities** or in any

applicable prospectus supplement, owners of beneficial interests in a global security:

will not be entitled to have any of the underlying debt securities registered in their names;

will not receive or be entitled to receive physical delivery of any of the underlying debt securities in definitive form; and

will not be considered the owners or holders under the indenture relating to those debt securities.

Table of Contents

The laws of some states require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair your ability to transfer beneficial interests in a global security.

Payments of principal of, and any premium and interest on, individual debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee as the registered owner of the global security representing such debt securities. Neither we, the trustee, any paying agent nor the registrar for the debt securities will be responsible for any aspect of the records relating to or payments made by the depository or any participants on account of beneficial interests of the global security.

For a description of the depository arrangements for global securities held by The Depository Trust Company, see Book-Entry Securities.

The Senior Indenture Limits Our Ability to Incur Liens

Unless we specify otherwise in the applicable prospectus supplement, the senior indenture provides that neither we nor any of our subsidiaries may issue, assume or guarantee any notes, bonds, debentures or other similar evidences of indebtedness for money borrowed that are secured by a mortgage, lien, pledge, security interest or other encumbrance defined in the senior indenture as liens upon any of our property unless we provide that any and all senior debt securities then outstanding shall be secured by a lien equally and ratably with any and all other obligations by the lien. The restrictions on liens will not, however, apply to:

liens existing on the date of the senior indenture or provided for under the terms of agreements existing on the date thereof;

liens securing all or part of the cost of exploring, producing, gathering, processing, marketing, drilling or developing any of our or our subsidiaries' properties, or securing indebtedness incurred to provide funds therefor or indebtedness incurred to finance all or part of the cost of acquiring, constructing, altering, improving or repairing any such property or assets, or improvements used in connection with such property, or securing indebtedness incurred to provide funds therefor;

liens securing only indebtedness owed by one of our subsidiaries to us and/or to one or more of our other subsidiaries;

liens on the property of any corporation or other entity existing at the time it becomes our subsidiary;

liens on any property to secure indebtedness incurred in connection with the construction, installation or financing of pollution control or abatement facilities or other forms of industrial revenue bond financing or indebtedness issued or guaranteed by the United States, any state or any department, agency or instrumentality of either or indebtedness issued to or guaranteed by a foreign government, any state or any department, agency or instrumentality of either or an international finance agency or any division or department thereof, including the World Bank, the International Finance Corp. and the Multilateral Investment Guarantee Agency;

any extension, renewal or replacement or successive extensions, renewals or replacements of any lien referred to in the foregoing clauses that existed on the date of the senior indenture;

other ordinary course liens, as defined in the senior indenture, incurred in the ordinary course of our business;
or

liens which secure limited recourse indebtedness, as defined in the senior indenture.

Notwithstanding the limitations on liens described above, we and any one or more of our subsidiaries may issue, assume or guarantee the following indebtedness secured by liens on assets without regard to the limitations described above: indebtedness in any aggregate principal amount that, together with the aggregate outstanding principal amount of all our other indebtedness and indebtedness of any of our subsidiaries so secured (excluding indebtedness secured by the permitted liens described above), and the aggregate amount of sale/leaseback transaction obligations that would otherwise be subject to the limitations on sale/leaseback

Table of Contents

transactions described below, does not at the time such indebtedness is incurred exceed 10 percent of our consolidated net worth as shown on our most recent audited consolidated balance sheet.

In addition, the following types of transactions, among others, shall not be deemed to create indebtedness secured by liens:

the sale, granting of liens with respect to or other transfer of crude oil, natural gas or other petroleum hydrocarbons in place for a period of time until, or in an amount such that, the transferee will receive as a result of the transfer a specified amount of money or of such crude oil, natural gas or other petroleum hydrocarbons;

the sale or other transfer of any other interest in property of the character commonly referred to as a production payment, overriding royalty, forward sale or similar interest; and

the granting of liens required by any contract or statute in order to permit us or one of our subsidiaries to perform any contract or subcontract made with or at the request of the U.S. government or any foreign government or international finance agency, any state or any department thereof, or any agency or instrumentality of either, or to secure partial, progress, advance or other payments to us or one of our subsidiaries by any of these entities pursuant to the provisions of any contract or statute.

The Senior Indenture Limits Our Ability to Engage in Sale/ Leaseback Transactions

Unless we specify otherwise in the applicable prospectus supplement, the senior indenture provides that neither we nor any of our subsidiaries will enter into any arrangement with any person, other than us or one of our subsidiaries, to lease any property to ourselves or a subsidiary of ours for more than three years. For the restriction to apply, we or one of our subsidiaries must sell or plan to sell the property to the person leasing it to us or our subsidiary or to another person to which funds have been or are to be advanced on the security of the leased property. The limitation does not apply where:

either we or our subsidiary would be entitled to create debt secured by a lien on the property to be leased in a principal amount equal to or exceeding the value of that sale/leaseback transaction;

since the date of the senior indenture and within a period commencing six months prior to the consummation of that arrangement and ending six months after the consummation of the arrangement, we have or our subsidiary has expended for any property an amount up to the net proceeds of that arrangement, including amounts expended for the acquisition, exploration, drilling or development thereof, and for additions, alterations, improvements and repairs to the property, and we designate such amount as a credit against that arrangement, with any of that amount not being so designated to be applied as set forth in the next item below; or

during or immediately after the expiration of the 12 months after the effective date of that transaction, we apply to the voluntary redemption, defeasance or retirement of the senior debt securities and other senior indebtedness, as defined in the senior indenture, an amount equal to the greater of the net proceeds of the sale or transfer of the property leased in that transaction and the fair value of such property at the time of entering into such transaction, in either case adjusted to reflect the remaining term of the lease and any amount we utilize as set forth in the prior item; the amount will be reduced by the principal amount of other senior indebtedness we voluntarily retire within that 12-month period.

Each Indenture Includes Events of Default

Unless otherwise specified in the applicable prospectus supplement, any one of the following events will constitute an event of default under each indenture with respect to the debt securities of any series issued under that indenture:

if we fail to pay any interest on any debt security of that series when due, and the failure continues for 30 days;

Table of Contents

if we fail to pay principal of or any premium on the debt securities of that series when due and payable, either at maturity or otherwise;

if we fail to perform or we breach any of our other covenants or warranties in the applicable indenture or in the debt securities of that series other than a covenant or warranty included in the applicable indenture solely for the benefit of a series of securities other than the debt securities of that series and that breach of failure continues for 60 days after written notice as provided in the applicable indenture;

specified events of voluntary or involuntary bankruptcy, insolvency or reorganization involving us or any of our subsidiaries; or

any other event of default provided with respect to the debt securities of that series.

Unless otherwise specified in the applicable prospectus supplement, either of the following two events will also constitute an event of default under the senior indenture with respect to any senior debt securities:

if any of our or any of our subsidiaries indebtedness, as defined in the senior indenture, in excess of an aggregate of \$25,000,000 in principal amount is accelerated under any event of default as defined in any mortgage, indenture or instrument and the acceleration has not been rescinded or annulled within 30 days after written notice as provided in the senior indenture has been given specifying such event of default and requiring us to cause that acceleration to be rescinded or annulled; or

if we or any of our subsidiaries fail to pay, bond or otherwise discharge within 60 days of entry, a judgment, court order or uninsured monetary damage award against us in excess of an aggregate of \$25,000,000 which is not stayed on appeal or otherwise being appropriately contested in good faith.

If an event of default with respect to the debt securities of any series, other than an event of default described in the item above pertaining to events of bankruptcy, insolvency or reorganization, occurs and is continuing, either the trustee or the holders of at least 25 percent in aggregate principal amount of the outstanding debt securities of that series may declare the principal amount of the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration has been made, but before a judgment or decree for payment of money due has been obtained by the trustee, and subject to applicable law and other provisions of the applicable indenture, the holders of a majority in aggregate principal amount of the debt securities of that series may, under some circumstances, rescind and annul such acceleration. If an event of default occurs pertaining to events of bankruptcy, insolvency or reorganization, the principal amount and accrued interest or a lesser amount as provided for in the debt securities of that series shall be immediately due and payable without any declaration or other act by the trustee or any holder.

Within 90 days after the occurrence of any default under an indenture with respect to the debt securities of any series issued under that indenture, the trustee must transmit notice of the default to the holders of the debt securities of that series unless the default has been cured or waived. The trustee may withhold the notice, however, except in the case of a payment default, if and so long as the board of directors, the executive committee or a trust committee of directors or responsible officers of the trustee has in good faith determined that the withholding of the notice is in the interest of the holders of debt securities of that series.

If an event of default occurs and is continuing with respect to the debt securities of any series, the trustee may in its discretion proceed to protect and enforce its rights and the rights of the holders of debt securities of that series by all appropriate judicial proceedings.

Subject to the duty of the trustee during any default to act with the required standard of care, the trustee is under no obligation to exercise any of its rights or powers under an indenture at the request or direction of any of the holders of debt securities issued under that indenture, unless the holders offer the trustee reasonable indemnity. Subject to indemnifying the trustee, and subject to applicable law and other provisions of each indenture, the holders of a majority in aggregate principal amount of the outstanding debt securities of a series issued under that indenture may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

We Are Obligated to Purchase Debt Securities Upon a Change in Control

If a change in control, as defined in each indenture, occurs, we must mail within 15 days a written notice regarding the change in control to the trustee and to every holder of the debt securities of each series issued under that indenture. The notice must also be published at least once in an authorized newspaper, as defined in each indenture, and must state:

- the events causing the change in control and the date of the change in control;
- the date by which notice of the change in control is required by the applicable indenture to be given;
- the date, 35 business days after the occurrence of the change in control, by which we must purchase debt securities we are obligated to purchase pursuant to the selling holder's exercise of rights on change in control;
- the price we must pay for the debt securities we are obligated to purchase;
- the name and address of the trustee;
- the procedure for surrendering debt securities to the trustee or other designated office or agency for payment;
- a statement of our obligation to make prompt payment on proper surrender of the debt securities;
- the procedure for holders' exercise of rights of sale of the debt securities; and
- the procedures by which a holder may withdraw such a notice after it is given.

After we give this notice we will be obligated, at the election of each holder, to purchase the applicable debt securities. Under each indenture, a change in control is deemed to have occurred when:

- any event requiring the filing of any report under or in response to Schedule 13D or 14D-1 pursuant to the Securities Exchange Act of 1934 disclosing beneficial ownership of either 50 percent or more of our common stock then outstanding or 50 percent or more of the voting power of our voting stock then outstanding;
- the completion of any sale, transfer, lease, or conveyance of our properties and assets substantially as an entirety to any person or persons that is not our subsidiary, as those terms are defined in each indenture; or
- the completion of a consolidation or merger of Apache with or into any other person or entity in a transaction in which either we are not the sole surviving corporation or our common stock existing before the transaction is converted into cash, securities or other property and in which those exchanging our common stock do not, as a result of the transaction, receive either 75 percent or more of the survivor's common stock or 75 percent or more of the voting power of the survivor's voting stock.

We will not purchase any debt securities if there has occurred and is continuing an event of default under either indenture, other than default in payment of the purchase price payable for the debt securities upon change in control. In connection with any purchase of debt securities after a change in control, we will comply with all federal and state securities laws, including, specifically, Rule 13e-4, if applicable, under the Securities Exchange Act of 1934, and any related Schedule 13E-4 required to be submitted under that rule.

Discharge, Defeasance and Covenant Defeasance

We may discharge our obligations to holders of any series of debt securities that have not already been delivered to the trustee for cancellation and that:

have become due and payable;

will become due and payable within one year; or

are scheduled for redemption within one year.

Table of Contents

To discharge the obligations with respect to a series of debt securities, we must deposit with the trustee, in trust, an amount of funds in U.S. dollars or in the foreign currency in which those debt securities are payable sufficient to pay the entire amount of principal of, and any premium or interest on, those debt securities to the date of the deposit if those debt securities have become due and payable or to the maturity of the debt securities, as the case may be.

Unless we specify otherwise in the applicable prospectus supplement, we may elect

to defease and be discharged from any and all obligations with respect to those debt securities, which we refer to as legal defeasance ; or

with respect to any senior debt securities, to be released from our obligations under the covenants described above in The Senior Indenture Limits Our Ability to Incur Liens, The Senior Indenture Limits Our Ability to Engage in Sale/ Leaseback Transactions or, with respect to any debt securities, any other covenant obligation as may be provided for under Section 301 of the applicable indenture and specified in the applicable prospectus supplement, which we refer to as covenant defeasance.

In the case of discharge of our obligations or legal defeasance we will still retain some obligations in respect of the debt securities, including our obligations:

to pay additional amounts, if any, upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on the debt securities;

to register the transfer or exchange of the debt securities;

to replace temporary or mutilated, destroyed, lost or stolen debt securities; and

to maintain an office or agency with respect to the debt securities and to hold monies for payment in trust.

After a covenant defeasance, any omission to comply with the obligations or covenants that have been defeased shall not constitute a default or an event of default with respect to the debt securities.

To elect either legal defeasance or covenant defeasance we must deposit with the trustee, in trust, an amount, in U.S. dollars or in the foreign currency in which the relevant debt securities are payable at stated maturity, or in government obligations, as defined below, or both, applicable to such debt securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of and any premium and interest on those debt securities on their scheduled due dates.

In addition, we can only elect legal defeasance or covenant defeasance if, among other things:

the applicable defeasance does not result in a breach or violation of, or constitute a default under, the applicable indenture or any other material agreement or instrument to which we are a party or by which we are bound;

no default or event of default with respect to the debt securities to be defeased shall have occurred and be continuing on the date of the establishment of the trust and, with respect to legal defeasance only, at any time during the period ending on the 91st day after the date of the establishment of the trust; and

we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred, and the opinion of counsel, in the case of legal defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us, a Revenue Ruling published by the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the applicable indenture.

Table of Contents

Each of the indentures deems a foreign currency to be any currency, currency unit or composite currency issued by the government of one or more countries other than the United States or by any recognized confederation or association of governments.

Each of the indentures defines government obligations as securities which are not callable or redeemable at the option of the issuer or issuers and are:

direct obligations of the United States or the government or the governments in the confederation that issued the foreign currency in which the debt securities of a particular series are payable, for the payment of which its full faith and credit is pledged; or

obligations of a person or entity controlled or supervised by and acting as an agency or instrumentality of the United States or the government or governments that issued the foreign currency in which the debt securities of a particular series are payable, the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States or that other government or governments.

Government obligations also include a depositary receipt issued by a bank or trust company as custodian with respect to any government obligation described above or a specific payment of interest on or principal of or any other amount with respect to any government obligation held by that custodian for the account of the holder of such depositary receipt, as long as, except as required by law, that custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian with respect to the government obligation or the specific payment of interest on or principal of or any other amount with respect to the government obligation evidenced by the depositary receipt.

Unless otherwise specified in the applicable prospectus supplement, if, after we have deposited funds and/or government obligations to effect legal defeasance or covenant defeasance with respect to debt securities of any series, either:

the holder of a debt security of that series is entitled to, and does, elect to receive payment in a currency other than that in which such deposit has been made in respect of that debt security; or

a conversion event, as defined below, occurs in respect of the foreign currency in which the deposit has been made, the indebtedness represented by that debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of, and any premium and interest on, that debt security as that debt security becomes due out of the proceeds yielded by converting the amount or other properties so deposited in respect of that debt security into the currency in which that debt security becomes payable as a result of the election or conversion event based on:

in the case of payments made pursuant to the first of the two items in the list above, the applicable market exchange rate for the currency in effect on the second business day prior to the date of the payment; or

with respect to a conversion event, the applicable market exchange rate for such foreign currency in effect, as nearly as feasible, at the time of the conversion event.

Each indenture defines a conversion event as the cessation of use of:

a foreign currency other than the euro both by the government of the country or the confederation which issued such foreign currency and for the settlement of transactions by a central bank or other public institutions of or

within the international banking community; or

the euro both by governments within the Euro Zone and for the settlement of transactions by central banks or other public institutions of or within the Euro Zone or of or within the international banking community.

Unless otherwise provided in the applicable prospectus supplement, all payments of principal of, and any premium and interest on, any debt security that are payable in a foreign currency that ceases to be used by the government or confederation of issuance shall be made in U.S. dollars.

Table of Contents

If we effect a covenant defeasance with respect to any debt securities and the debt securities are declared due and payable because of the occurrence of any event of default other than an event of default with respect to which there has been covenant defeasance, the amount in the foreign currency in which the debt securities are payable, and government obligations on deposit with the trustee, will be sufficient to pay amounts due on the debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from the event of default. We would remain liable, however, for payment of the amounts due at the time of acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the debt securities of or within a particular series.

Under each indenture, we are required to furnish to the trustee annually a statement as to our performance of our obligations under the indenture and as to any default in such performance. We are also required to deliver to the trustee, within five days after occurrence thereof, written notice of any event of default or event that after notice or lapse of time or both would constitute an event of default.

Modification and Waiver

We and the trustee may, without the consent of holders, modify provisions of each indenture for specified purposes, including, among other things, curing ambiguities and maintaining the qualification of the applicable indenture under the Trust Indenture Act. We and the trustee may modify other provisions of each indenture with the consent of the holders of not less than two-thirds, in the case of the senior indenture, or a majority, in the case of the subordinate indenture, in aggregate principal amount of the debt securities of each series issued under that indenture affected by the modification, except that the provisions of the indentures, however, may not be modified without the consent of the holder of each debt security affected thereby if the modification would:

change the stated maturity or any installment of the principal of, or any premium or interest on, or any installment of principal, or any additional amounts with respect to, any debt security issued under that indenture;

reduce the principal amount of, or premium or interest on, or any additional amounts with respect to, any debt security issued under that indenture;

change the coin or currency in which any debt security issued under that indenture or any premium or any interest on that debt security or any additional amounts with respect to that debt security is payable;

if the debt securities are convertible or exchangeable, modify the conversion or exchange provision in a manner adverse to holders of that debt security;

in the case of a subordinated debt security, modify any of the subordination provisions in a manner adverse to holders of that debt security;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any debt securities issued under that indenture or, in the case of redemption, exchange or conversion, if applicable, on or after the redemption, exchange or conversion date or, in the case of repayment at the option of any holder, if applicable, on or after the date for repayment or in the case of a change in control, after the change in control purchase date;

reduce the percentage and principal amount of the outstanding debt securities, the consent of whose holders is required under that indenture in order to take specified actions;

change any of our obligations to maintain an office or agency in the places and for the purposes required by that indenture; or

modify any of the above provisions.

Table of Contents

The holders of at least a majority in aggregate principal amount of debt securities of any series issued under one of the indentures may, on behalf of the holders of all debt securities of that series, waive our compliance with specified restrictive provisions of that indenture. The holders of not less than a majority in aggregate principal amount of debt securities of any series issued under one of the indentures may, on behalf of all holders of debt securities of that series, waive any past default and its consequences under that indenture with respect to the debt securities of that series, except:

a payment default with respect to debt securities of that series; or

a default of a covenant or provision of that indenture that cannot be modified or amended without the consent of the holder of the debt securities of that series.

Consolidation, Merger and Sale of Assets

We may, without the consent of the holders of the debt securities, consolidate or merge with or into, or convey, transfer or lease our properties and assets as an entirety, or substantially as an entirety to, any person that is a corporation or limited liability company organized and validly existing under the laws of any domestic jurisdiction. We may also permit any of those persons to consolidate with or merge into us or convey, transfer or lease its properties and assets substantially as an entirety to us, as long as:

any successor person assumes our obligations on the debt securities;

no event of default under the applicable indenture has occurred and is continuing after giving effect to the transaction;

no event which, after notice or lapse of time or both, would become an event of default under the applicable indenture has occurred and is continuing after giving effect to the transaction; and

other conditions are met.

DESCRIPTION OF COMMON STOCK PURCHASE CONTRACTS AND UNITS

We may issue stock purchase contracts, representing contracts entitling or obligating holders to purchase from or sell to us, and us to sell to or purchase from the holders, a specified number of shares of common stock at a future date or dates. The price per share of common stock may be fixed at the time the contracts are issued or may be determined by reference to a specific formula set forth in the contracts. The common stock purchase contracts may be issued separately or as a part of units, which are referred to in this prospectus as common stock purchase units, consisting of a common stock purchase contract and, as security for the holder's obligations to purchase the common stock under the contracts, the following:

our preferred stock;

debt obligations of third parties, including U.S. Treasury securities;

senior or subordinated debt securities of Apache Australia, Apache Canada and/or Apache Canada II;

any other security described in the applicable prospectus supplement; or

any combination of the foregoing.

The common stock purchase contracts may require us to make periodic payments to the holders of the common stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The common stock purchase contracts may require holders to secure their obligations thereunder in a specified manner, and in some circumstances we may deliver newly issued prepaid common stock purchase contracts, which are referred to as prepaid securities, upon release to a holder of any collateral securing such holder's obligations under the original contract.

Table of Contents

The applicable prospectus supplement will describe the terms of any common stock purchase contracts or units and, if applicable, prepaid securities. The description in the prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to the contracts, the collateral arrangements and depositary arrangements, if applicable, relating to such contracts or units and, if applicable, the prepaid securities and the document pursuant to which such prepaid securities will be issued.

Those debt securities will not be considered in determining the aggregate amount of securities issued under this prospectus.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be issued in denominations of \$1,000 or integral multiples of \$1,000.

Other than as described below under The Senior Indentures Limit Our and the Applicable Issuer's Ability to Incur Liens, The Senior Indentures Limit Our and the Applicable Issuer's Ability to Engage in Sale/Leaseback Transactions and The Applicable Issuer is Obligated to Purchase Debt Securities upon a Change in Control, and as may be described in the applicable prospectus supplement, the indentures do not limit our ability to incur indebtedness or afford holders of debt securities protection in the event of a decline in our credit quality or if we are involved in a takeover, recapitalization or highly leveraged or similar transaction. Nothing in the indentures or the debt securities will in any way limit the amount of indebtedness

or securities that we, the applicable issuer or our other subsidiaries, as defined in the indentures, may incur or issue.

any index or other method used to determine the amount of payments of principal of, and any premium and interest on, the debt securities; and

any other specific terms of the debt securities.

The applicable issuer is not obligated to issue all debt securities of any one series at the same time and, unless the applicable issuer specifies otherwise in the applicable prospectus supplement, a series of debt securities may be reopened for additional issuances of debt securities of that series or to establish additional terms of that series. The debt securities of any one series may not bear interest at the same rate or mature on the same date.

If any of the debt securities are sold for foreign currencies or foreign currency units or if the principal of, or any premium or interest on, any series of debt securities is payable in foreign currencies or foreign currency units, we will describe the restrictions, elections, tax consequences, specific terms and other information with respect to those debt securities and such foreign currencies or foreign currency units in the applicable prospectus supplement.

Guarantees

We will irrevocably and unconditionally guarantee to each holder of a debt security issued by the applicable issuer and authenticated and delivered by the trustee the due and punctual payment of the principal of, and any premium and interest on, the debt security, when and as it becomes due and payable, whether at maturity, upon acceleration, by call for redemption, repayment or otherwise in accordance with the terms of the debt securities and of the applicable indenture. We will

agree that, if an event of default occurs under the debt securities, our obligations under the guarantees will be as if we had issued the debt securities, and will be enforceable irrespective of any invalidity, irregularity or unenforceability of any series of the debt securities or the indenture or any supplement thereto; and

waive our right to require the trustee or the holders to pursue or exhaust their legal or equitable remedies against the applicable issuer before exercising their rights under the guarantees.

Conversion and Exchange

The terms, if any, on which the debt securities of any series are convertible into or exchangeable for shares of common stock, shares of preferred stock or other securities, whether or not issued by us or the applicable issuer, property or cash, or a combination of any of the foregoing, will be set out in the accompanying prospectus supplement. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option or the option of the applicable issuer, in which the securities, property or cash to be received by the holders of the debt securities would be calculated according to the factors and at such time as described in the accompanying prospectus supplement.

Ranking

Senior Debt Securities

Unless otherwise indicated in the applicable prospectus supplement, the applicable issuer's obligation to pay the principal of, and any premium and interest on, its senior debt securities will be unsecured and will rank equally with all of the applicable issuer's other unsecured unsubordinated indebtedness.

Subordinated Debt Securities

The applicable issuer's obligation to pay the principal of, and any premium and interest on any subordinated debt securities will be unsecured and will rank subordinate and junior in right of payment to all of that issuer's senior indebtedness to the extent provided in the subordinated indenture and the terms of those subordinated debt securities, as described below and in any applicable prospectus supplement, which may make deletions from, or modifications or additions to, the subordination terms described below.

Table of Contents

Upon any payment or distribution of the applicable issuer's assets or securities to creditors upon any liquidation, dissolution, winding-up, reorganization, or any bankruptcy, insolvency, receivership or similar proceedings in connection with any insolvency or bankruptcy proceeding of the applicable issuer, the holders of senior indebtedness of the applicable issuer will first be entitled to receive payment in full of the senior indebtedness before the holders of subordinated debt securities will be entitled to receive any payment or distribution in respect of the subordinated debt securities.

No payments on account of principal or any premium or interest in respect of the subordinated debt securities may be made if there has occurred and is continuing a default in any payment with respect to senior indebtedness or an event of default with respect to any senior indebtedness resulting in the acceleration of its maturity, or if any judicial proceeding is pending with respect to any default.

Indebtedness of the applicable issuer, for purposes of each subordinated indenture, means:

indebtedness for borrowed money or for the unpaid purchase price of real or personal property of, or guaranteed by, the applicable issuer, other than accounts payable arising in the ordinary course of business payable on terms customary in the trade;

indebtedness secured by any mortgage, lien, pledge, security interest or encumbrances of any kind or payable out of the proceeds of production from property;

indebtedness which is evidenced by mortgages, notes, bonds, securities, acceptances or other instruments;

indebtedness which must be capitalized as liabilities under generally accepted accounting principles;

liabilities under interest rate swap, exchange, collar or cap agreements and all other agreements or arrangements designed to protect against fluctuations in interest rates or currency exchange rates;

liabilities under commodity hedge, commodity swap, exchange, collar or cap agreements, fixed price agreements and all other agreements or arrangements designed to protect against fluctuations in oil and gas prices;

guarantees and endorsements of obligations of others, directly or indirectly, and all other repurchase agreements and indebtedness in effect guaranteed through an agreement, contingent or otherwise, to purchase that indebtedness, or to purchase or sell property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of the indebtedness or to assure the owner of the indebtedness against loss, or to supply funds to or in any manner invest in the debtor, or otherwise to assure a creditor against loss (but excluding guarantees and endorsements of notes, bills and checks made in the ordinary course of business); and

indebtedness relative to the amount of all letters of credit;

provided, however, that such term shall not include any amounts included as deferred credits on the financial statements of Apache and computed in accordance with generally accepted accounting principles.

Senior indebtedness of the applicable issuer, for purposes of each subordinated indenture, means all indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, except the applicable issuer's obligation under the subordinated debt securities, indebtedness ranking equally with the

subordinated debt securities or indebtedness ranking junior to the subordinated debt securities.

Indebtedness ranking equally with the subordinated debt securities of the applicable issuer, for purposes of each subordinated indenture, means indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, to the extent the indebtedness specifically by its terms ranks equally with and not prior to the subordinated debt securities in the right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of the applicable issuer. The securing of any indebtedness otherwise constituting indebtedness ranking equally with the subordinated debt

Table of Contents

securities will not prevent the indebtedness from constituting indebtedness ranking equally with the subordinated debt securities.

Indebtedness ranking junior to the subordinated debt securities of the applicable issuer, for purposes of each subordinated indenture, means any indebtedness, whether outstanding on the date of execution of the subordinated indenture or thereafter created, assumed or incurred, to the extent the indebtedness by its terms ranks junior to and not equally with or prior to

the subordinated debt securities, and

any other indebtedness ranking equally with the subordinated debt securities,

in right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of the applicable issuer. The securing of any indebtedness otherwise constituting indebtedness ranking junior to the subordinated debt securities will not prevent the indebtedness from constituting indebtedness ranking junior to the subordinated debt securities.

Guarantees

Unless we provide otherwise in the applicable prospectus supplement,

our guarantee of the senior debt securities of any particular series of the applicable issuer will be our unsecured obligation and will rank equally with all of our other unsecured and unsubordinated indebtedness (including our senior debt securities); and

our guarantee of the subordinated debt securities of any particular series of the applicable issuer will be our unsecured obligation, subordinated in right of payment to the prior payment in full of all of the Apache senior indebtedness (which term includes our senior debt securities and our guarantee of the senior debt securities of the applicable issuer) with respect to such series as described below and in the applicable prospectus supplement, which may make deletions from, or modifications or additions to, the subordination terms described below.

Dividends and other distributions to us from our various subsidiaries may be subject to statutory, contractual and other restrictions (including, without limitation, exchange controls that may be applicable to foreign subsidiaries). The rights of our creditors to participate in the assets of any subsidiary upon that subsidiary's liquidation or recapitalization will be subject to the prior claims of the subsidiary's creditors, except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

The claims of holders under the guarantees will be effectively subordinated to the claims of creditors of our subsidiaries other than, in the case of the debt securities, the applicable issuer. The indentures do not restrict the amount of indebtedness that we, the applicable issuers or our other subsidiaries may incur.

Our guarantee of the subordinated debt securities of each series will, to the extent set forth in the applicable subordinated indenture, be subordinate in right of payment to the prior payment in full of all of the Apache senior indebtedness with respect to such series. Upon any payment or distribution of our assets or securities to creditors upon any dissolution, winding-up, liquidation or reorganization, or any bankruptcy, insolvency, receivership or similar proceeding in connection with any insolvency or bankruptcy proceedings of Apache, all amounts due upon all Apache senior indebtedness with respect to the subordinated debt securities of any series of the applicable issuer will first be paid in full, or payment thereof provided for in money in accordance with its terms, before the holders of the

subordinated debt securities of such series are entitled to receive or retain any payment from us on account of principal of, or any premium or interest on, or any additional amounts with respect to, the subordinated debt securities of such series, and to that end the holders of such Apache senior indebtedness shall be entitled to receive, for application to the payment thereof, any payment or distribution by us of any kind or character, whether in cash, property or securities, including any such payment or distribution which may be payable or deliverable by us by reason of the payment of any of our other indebtedness being subordinated to the payment of the subordinated debt securities of such series, which may be payable or deliverable by us in respect of the subordinated debt securities of such series upon

Table of Contents

any such dissolution, winding-up, liquidation or reorganization or in any such bankruptcy, insolvency, receivership or similar proceeding.

Because of such subordination, in the event of our liquidation or insolvency, holders of Apache senior indebtedness with respect to the subordinated debt securities of any series of the applicable issuer and holders of other obligations of ours that are not subordinated to such senior indebtedness may recover more, ratably, than the holders of the subordinated debt securities of such series of the applicable issuer.

No payments on account of principal or any premium or interest in respect of the subordinated debt securities of the applicable issuer may be made by Apache if there has occurred and is continuing a default in any payment with respect to Apache senior indebtedness or an event of default with respect to any Apache senior indebtedness resulting in the acceleration of its maturity, or if any judicial proceeding is pending with respect to any default.

Apache indebtedness, for purposes of the subordinated indenture of the applicable issuer, has the same meaning as indebtedness for purposes of the Apache subordinated indenture, as described above under Description of Apache Corporation Debt Securities Ranking Subordinated Debt Securities.

Apache senior indebtedness means, with respect to the subordinated debt securities of any particular series of the applicable issuer, all Apache indebtedness, whether outstanding on the date of execution of the applicable subordinated indenture or thereafter created, assumed or incurred, except Apache's obligations under the guarantee in respect of the subordinated debt securities, Apache indebtedness ranking equally with the Apache guarantee of the subordinated debt securities or Apache indebtedness ranking junior to the Apache guarantee of the subordinated debt securities.

Apache indebtedness ranking equally with the Apache guarantee of the subordinated debt securities means, with respect to the subordinated debt securities of any particular series of the applicable issuer, Apache indebtedness, whether outstanding on the date of execution of the applicable subordinated indenture or thereafter created, assumed or incurred, to the extent the Apache indebtedness specifically by its terms ranks equally with and not prior to the Apache guarantee of the subordinated debt securities in the right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of Apache. The securing of any indebtedness otherwise constituting indebtedness ranking equally with the Apache guarantee of the subordinated debt securities will not prevent the indebtedness from constituting indebtedness ranking equally with the Apache guarantee of the subordinated debt securities.

Apache indebtedness ranking junior to the Apache guarantee of the subordinated debt securities means, with respect to the subordinated debt securities of any particular series of the applicable issuer, any Apache indebtedness, whether outstanding on the date of execution of the applicable subordinated indenture or thereafter created, assumed or incurred, to the extent the indebtedness by its terms ranks junior to and not equally with or prior to

the Apache guarantee of the subordinated debt securities, and

any other indebtedness ranking equally with the Apache guarantee of the subordinated debt securities,

in right of payment upon the happening of the dissolution, winding-up, liquidation or reorganization of Apache. The securing of any indebtedness otherwise constituting indebtedness ranking junior to the Apache guarantee of the subordinated debt securities will not prevent the indebtedness from constituting indebtedness ranking junior to the Apache guarantee of the subordinated debt securities.

Interest Rates and Discounts

The debt securities will earn interest at a fixed or floating rate or rates for the period or periods of time specified in the applicable prospectus supplement. Unless we and the applicable issuer specify otherwise in the applicable prospectus supplement, the debt securities will bear interest on the basis of a 360-day year consisting of twelve 30-day months.

Table of Contents

The applicable issuer may sell debt securities at a substantial discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates. We will describe the federal income tax consequences and the special considerations that apply to any series in the applicable prospectus supplement.

Exchange, Registration and Transfer

Registered securities of any series that are not global securities will be exchangeable for other registered securities of the same series and of like aggregate principal amount and tenor in different authorized denominations. In addition, if debt securities of any series are issuable as both registered securities and bearer securities, the holder may choose, upon written request, and subject to the terms of the applicable indenture, to exchange bearer securities and the appropriate related coupons of that series into registered securities of the same series of any authorized denominations and of like aggregate principal amount and tenor. Bearer securities with attached coupons surrendered in exchange for registered securities between a regular record date or a special record date and the relevant date for interest payment shall be surrendered without the coupon relating to the interest payment date. Interest will not be payable with respect to the registered security issued in exchange for that bearer security. That interest will be payable only to the holder of the coupon when due in accordance with the terms of the applicable indenture. Bearer securities will not be issued in exchange for registered securities.

You may present registered securities for registration of transfer, together with a duly executed form of transfer, at the office of the security registrar or at the office of any transfer agent designated by the applicable issuer for that purpose with respect to any series of debt securities and referred to in the applicable prospectus supplement. This may be done without service charge but upon payment of any taxes and other governmental charges as described in the applicable indenture. The security registrar or the transfer agent will effect the transfer or exchange upon being satisfied with the documents of title and identity of the person making the request. The applicable issuer has appointed the trustee as security registrar for each indenture. If a prospectus supplement refers to any transfer agents initially designated by the applicable issuer with respect to any series of debt securities in addition to the security registrar, the applicable issuer may at any time rescind the designation of any of those transfer agents or approve a change in the location through which any of those transfer agents acts. If, however, debt securities of a series are issuable solely as registered securities, the applicable issuer will be required to maintain a transfer agent in each place of payment for that series, and if debt securities of a series are issuable as bearer securities, the applicable issuer will be required to maintain a transfer agent in a place of payment for that series located outside of the United States in addition to the security registrar. The applicable issuer may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any redemption, the applicable issuer will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption; or

register the transfer of or exchange any registered security, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part.

Payment and Paying Agents

Unless the applicable issuer specifies otherwise in the applicable prospectus supplement, payment of principal of, and any premium and interest on, bearer securities will be payable in accordance with any applicable laws and regulations, at the offices of those paying agents outside the United States that we or the applicable issuer may designate at various

times. The applicable issuer will make interest payments on bearer securities and the attached coupons on any interest payment date only against surrender of the coupon relating to that interest payment date. No payment with respect to any bearer security will be made at any of our or the applicable issuer's offices or agencies in the United States or by check mailed to any U.S. address or by transfer to an account maintained with a bank located in the United States. If, however, but only if, payment

Table of Contents

in U.S. dollars of the full amount of principal of, and any premium and interest on, bearer securities denominated and payable in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions, then those payments will be made at the office of our and the applicable issuer's paying agent in the Borough of Manhattan, The City of New York.

Unless we or the applicable issuer specify otherwise in the applicable prospectus supplement, payment of principal of, and any premium and interest on, registered securities will be made at the office of the paying agent or paying agents that we designate at various times. At the applicable issuer's option, however, it may make interest payments by check mailed to the address, as it appears in the security register, of the person entitled to the payments. Unless we and the applicable issuer specify otherwise in the applicable prospectus supplement, the applicable issuer will make payment of any installment of interest on registered securities to the person in whose name that registered security is registered at the close of business on the regular record date for such interest.

Unless we and the applicable issuer specify otherwise in the applicable prospectus supplement, the Corporate Trust Office of the trustee in the Borough of Manhattan, The City of New York, will be designated:

as the applicable issuer's sole paying agent for payments with respect to debt securities that are issuable solely as registered securities; and

as the applicable issuer's paying agent in the Borough of Manhattan, The City of New York, for payments with respect to debt securities, subject to the limitation described above in the case of bearer securities, that are issuable solely as bearer securities or as both registered securities and bearer securities.

The applicable issuer will name any paying agents outside the United States and any other paying agents in the United States initially designated by us for the debt securities in the applicable prospectus supplement. The applicable issuer may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. If, however, debt securities of a series are issuable solely as registered securities, the applicable issuer will be required to maintain a paying agent in each place of payment for that series. If debt securities of a series are issuable as bearer securities, the applicable issuer will be required to maintain:

a paying agent in the Borough of Manhattan, The City of New York, for payments with respect to any registered securities of the series and for payments with respect to bearer securities of the series in the circumstance described above, but not otherwise; and

a paying agent in a place of payment located outside the United States where debt securities of that series and any attached coupons may be presented and surrendered for payment.

If, however, the debt securities of that series are listed on the London Stock Exchange, the Luxembourg Stock Exchange or any other stock exchange located outside the United States, and if the stock exchange requires it, the applicable issuer will maintain a paying agent in London or Luxembourg or any other required city located outside the United States for those debt securities.

All monies the applicable issuer pays to a paying agent for the payment of principal of, and any premium or interest on, any debt security or coupon that remains unclaimed at the end of two years after becoming due and payable will be repaid to the applicable issuer or the guarantor, as the case may be. After that time, the holder of the debt security or coupon will look only to the applicable issuer or the guarantor, as the case may be, for payments out of those repaid amounts.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global certificates that the applicable issuer will deposit with a depository identified in the applicable prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or

Table of Contents

permanent form. Unless and until it is exchanged in whole or in part for the individual debt securities it represents, a global security may not be transferred except as a whole:

by the applicable depository to a nominee of the depository;

by any nominee to the depository itself or another nominee; or

by the depository or any nominee to a successor depository or any nominee of the successor.

To the extent not described below and under the heading **Book-Entry Securities**, the applicable issuer will describe the terms of the depository arrangement with respect to a series of debt securities in the applicable prospectus supplement. The applicable issuer anticipates that the following provisions will generally apply to depository arrangements.

As long as the depository for a global security, or its nominee, is the registered owner of that global security, the depository or nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the applicable indenture. Except as provided under **Book-Entry Securities** or in any applicable prospectus supplement, owners of beneficial interests in a global security:

will not be entitled to have any of the underlying debt securities registered in their names;

will not receive or be entitled to receive physical delivery of any of the underlying debt securities in definitive form; and

will not be considered the owners or holders under the indenture relating to those debt securities.

The laws of some states require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair your ability to transfer beneficial interests in a global security.

Payments of principal of, and any premium and interest on, individual debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee as the registered owner of the global security representing such debt securities. Neither the applicable issuer, the trustee, any paying agent nor the registrar for the debt securities will be responsible for any aspect of the records relating to or payments made by the depository or any participants on account of beneficial interests of the global security.

For a description of the depository arrangements for global securities held by The Depository Trust Company, see **Book-Entry Securities**.

The Senior Indentures Limit Our and the Applicable Issuer's Ability to Incur Liens

Unless the applicable issuer specifies otherwise in the applicable prospectus supplement, the senior indentures provide that none of us, the applicable issuer or any of our other subsidiaries may issue, assume or guarantee any notes, bonds, debentures or other similar evidences of indebtedness for money borrowed that are secured by a mortgage, lien, pledge, security interest or other encumbrance defined in each senior indenture as **liens** upon any of its property unless we provide that any and all senior debt securities then outstanding shall be secured by a lien equally and ratably with any and all other obligations secured by the lien. The restrictions on liens will not, however, apply to:

liens existing on the date of the indenture or provided for under the terms of agreements existing on the date thereof;

liens securing all or part of the cost of exploring, producing, gathering, processing, marketing, drilling or developing any of our or our subsidiaries' properties, or securing indebtedness incurred to provide funds therefor or indebtedness incurred to finance all or part of the cost of acquiring, constructing, altering, improving or repairing any such property or assets, or improvement used in connection with such property, or securing indebtedness incurred to provide funds therefor;

Table of Contents

liens securing only indebtedness owed by one of our subsidiaries to us, the applicable issuer and/or to one or more of our other subsidiaries;

liens on the property of any corporation or other entity existing at the time it becomes our subsidiary;

liens on any property to secure indebtedness incurred in connection with the construction, installation or financing of pollution control or abatement facilities or other forms of industrial revenue bond financing or indebtedness issued or guaranteed by the United States, any state or any department, agency or instrumentality of either or indebtedness issued to or guaranteed by a foreign government, any state or any department, agency or instrumentality of either or an international finance agency or any division or department thereof, including the World Bank, the International Finance Corp. and the Multilateral Investment Guarantee Agency;

any extension, renewal or replacement or successive extensions, renewals or replacements of any lien referred to in the foregoing clauses that existed on the date of the indenture;

other ordinary course liens, as defined in the indenture, incurred in the ordinary course of our business; or

liens that secure limited recourse indebtedness, as defined in the indenture.

Notwithstanding the limitations on liens described above, we and any one or more of our subsidiaries may issue, assume or guarantee the following indebtedness secured by liens on assets without regard to the limitations described above: indebtedness in any aggregate principal amount that, together with the aggregate outstanding principal amount of all our other indebtedness and indebtedness of any of our subsidiaries so secured (excluding indebtedness secured by the permitted liens described above), and the aggregate amount of sale/leaseback transaction obligations that would otherwise be subject to the limitations on sale/leaseback transactions described below, does not at the time such indebtedness is incurred exceed 10 percent of our consolidated net worth as shown on our most recent audited consolidated balance sheet.

In addition, the following types of transactions, among others, shall not be deemed to create indebtedness secured by liens:

the sale, granting of liens with respect to or other transfer of crude oil, natural gas or other petroleum hydrocarbons in place for a period of time until, or in an amount such that, the transferee will receive as a result of the transfer a specified amount of money or of such crude oil, natural gas or other petroleum hydrocarbons;

the sale or other transfer of any other interest in property of the character commonly referred to as a production payment, overriding royalty, forward sale or similar interest; and

the granting of liens required by any contract or statute in order to permit us or one of our subsidiaries to perform any contract or subcontract made with or at the request of the U.S. government or any foreign government or international finance agency, any state or any department thereof, or any agency or instrumentality of either, or to secure partial, progress, advance or other payments to us or one of our subsidiaries by any of these entities pursuant to the provisions of any contract or statute.

The Senior Indentures Limit Our and the Applicable Issuer's Ability to Engage in Sale/Leaseback Transactions

Unless we specify otherwise in the applicable prospectus supplement, the senior indentures provide that neither we, the applicable issuer nor any of our other subsidiaries will enter into any arrangement with any person, other than us

or one of our subsidiaries, to lease any property to ourselves or a subsidiary of ours for more than three years. For the restriction to apply, we or one of our subsidiaries must sell or plan to sell the

Table of Contents

property to the person leasing it to us or our subsidiary or to another person to which funds have been or are to be advanced on the security of the leased property. The limitation does not apply where:

either we, the applicable issuer or our other subsidiaries would be entitled to create debt secured by a lien on the property to be leased in a principal amount equal to or exceeding the value of that sale/leaseback transaction;

since the date of the applicable indenture and within a period commencing six months prior to the consummation of that arrangement and ending six months after the consummation of the arrangement, we, the applicable issuer or our other subsidiaries have expended for any property an amount up to the net proceeds of that arrangement, including amounts expended for the acquisition, exploration, drilling or development thereof, and for additions, alterations, improvements and repairs to the property, and we or the applicable issuer designate such amount as a credit against that arrangement, with any of that amount not being so designated to be applied as set forth in the next item below; or

during or immediately after the expiration of the 12 months after the effective date of that transaction, we or the applicable issuer, as the case may be, applies to the voluntary redemption, defeasance or retirement of the senior debt securities and our or its other senior indebtedness, as defined in the applicable senior indenture, an amount equal to the greater of the net proceeds of the sale or transfer of the property leased in that transaction and the fair value of such property at the time of entering into such transaction, in either case adjusted to reflect the remaining term of the lease and any amount we or the applicable issuer utilizes as set forth in the prior item; the amount will be reduced by the principal amount of other senior indebtedness we or the applicable issuer, as the case may be, voluntarily retires within that 12-month period.

Each Indenture Includes Events of Default

Unless otherwise specified in the applicable prospectus supplement, any one of the following events will constitute an event of default under each indenture with respect to the debt securities of any series issued under that indenture:

if we or the applicable issuer fail to pay any interest on any debt security of that series when due, and the failure continues for 30 days;

if we or the applicable issuer fail to pay principal of or any premium on the debt securities of that series when due and payable, either at maturity or otherwise;

if we or the applicable issuer fail to perform or we breach any of our other covenants or warranties in the applicable indenture or in the debt securities of that series other than a covenant or warranty included in the applicable indenture solely for the benefit of a series of securities other than the debt securities of that series and that breach of failure continues for 60 days after written notice as provided in the applicable indenture;

specified events of voluntary or involuntary bankruptcy, insolvency or reorganization involving us or any of our subsidiaries; or

any other event of default provided with respect to the debt securities of that series.

Unless otherwise specified in the applicable prospectus supplement, either of the following two events will also constitute an event of default under the applicable senior indenture with respect to any senior debt securities of the applicable issuer:

if any of our, the applicable issuer s or any of our other subsidiaries indebtedness, as defined in the indenture, in excess of an aggregate of \$25,000,000 in principal amount is accelerated under any event of default as defined in any mortgage, indenture or instrument and the acceleration has not been rescinded or annulled within 30 days after written notice as provided in the applicable indenture has been given specifying such event of default and requiring us and the applicable issuer to cause that acceleration to be rescinded or annulled; or

Table of Contents

if we, the applicable issuer or any of our other subsidiaries fail to pay, bond or otherwise discharge within 60 days of entry, a judgment, court order or uninsured monetary damage award against us in excess of an aggregate of \$25,000,000 which is not stayed on appeal or otherwise being appropriately contested in good faith.

If an event of default with respect to the debt securities of any series, other than an event of default described in the item above pertaining to events of bankruptcy, insolvency or reorganization, occurs and is continuing, either the trustee or the holders of at least 25 percent in aggregate principal amount of the outstanding debt securities of that series may declare the principal amount of the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration has been made, but before a judgment or decree for payment of money due has been obtained by the trustee, and subject to applicable law and other provisions of the applicable indenture, the holders of a majority in aggregate principal amount of the debt securities of that series may, under some circumstances, rescind and annul such acceleration. If an event of default occurs pertaining to events of bankruptcy, insolvency or reorganization, the principal amount and accrued interest or a lesser amount as provided for in the debt securities of that series shall be immediately due and payable without any declaration or other act by the trustee or any holder.

Within 90 days after the occurrence of any default under an indenture with respect to the debt securities of any series issued under that indenture, the trustee must transmit notice of the default to the holders of the debt securities of that series unless the default has been cured or waived. The trustee may withhold the notice, however, except in the case of a payment default, if and so long as the board of directors, the executive committee or a trust committee of directors or responsible officers of the trustee has in good faith determined that the withholding of the notice is in the interest of the holders of debt securities of that series.

If an event of default occurs and is continuing with respect to the debt securities of any series, the trustee may in its discretion proceed to protect and enforce its rights and the rights of the holders of debt securities of that series by all appropriate judicial proceedings.

Subject to the duty of the trustee during any default to act with the required standard of care, the trustee is under no obligation to exercise any of its rights or powers under an indenture at the request or direction of any of the holders of debt securities issued under that indenture, unless the holders offer the trustee reasonable indemnity. Subject to indemnifying the trustee, and subject to applicable law and other provisions of each indenture, the holders of a majority in aggregate principal amount of the outstanding debt securities of a series issued under that indenture may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

The Applicable Issuer is Obligated to Purchase Debt Securities Upon a Change in Control

If a change in control, as defined in each indenture, occurs, the applicable issuer must mail within 15 days a written notice regarding the change in control to the trustee and to every holder of the debt securities of each series issued under that indenture. The notice must also be published at least once in an authorized newspaper, as defined in each indenture, and must state:

the events causing the change in control and the date of the change the control;

the date by which notice of the change in control is required by the applicable indenture to be given;

the date, 35 business days after the occurrence of the change in control, by which the applicable issuer must purchase debt securities we are obligated to purchase pursuant to the selling holder's exercise of rights on change in control;

the price the applicable issuer must pay for the debt securities we are obligated to purchase;

the name and address of the trustee;

the procedure for surrendering debt securities to the trustee or other designated office or agency for payment;

Table of Contents

a statement of the applicable issuer's obligation to make prompt payment on proper surrender of the debt securities;

the procedure for holders' exercise of rights of sale of the debt securities; and

the procedures by which a holder may withdraw such a notice after it is given.

After giving this notice the applicable issuer will be obligated, at the election of each holder, to purchase the applicable debt securities. Under each indenture, a change in control is deemed to have occurred when:

any event requiring the filing of any report under or in response to Schedule 13D or 14D-1 pursuant to the Exchange Act disclosing beneficial ownership of either 50 percent or more of our common stock then outstanding or 50 percent or more of the voting power of our voting stock then outstanding;

the completion of any sale, transfer, lease, or conveyance of our properties and assets substantially as an entirety to any person or persons that is not our subsidiary, as those terms are defined in each indenture; or

the completion of a consolidation or merger of Apache with or into any other person or entity in a transaction in which either we are not the sole surviving corporation or our common stock existing before the transaction is converted into cash, securities or other property and in which those exchanging our common stock do not, as a result of the transaction, receive either 75 percent or more of the survivor's common stock or 75 percent or more of the voting power of the survivor's voting stock.

The applicable issuer will not purchase any debt securities if there has occurred and is continuing an event of default under either indenture, other than default in payment of the purchase price payable for the debt securities upon change in control. In connection with any purchase of debt securities after a change in control, we will comply with all federal and state securities laws, including, specifically, Rule 13e-4, if applicable, under the Exchange Act, and any related Schedule 13E-4 required to be submitted under that rule.

Discharge, Defeasance and Covenant Defeasance

We or the applicable issuer may discharge our obligations to holders of any series of debt securities that have not already been delivered to the trustee for cancellation and that:

have become due and payable;

will become due and payable within one year; or

are scheduled for redemption within one year.

To discharge the obligations with respect to a series of debt securities, we or the applicable issuer must deposit with the trustee, in trust, an amount of funds in U.S. dollars or in the foreign currency in which those debt securities are payable sufficient to pay the entire amount of principal of, and any premium or interest and any additional amounts on, those debt securities to the date of the deposit if those debt securities have become due and payable or to the maturity of the debt securities, as the case may be.

Unless we or the applicable issuer specify otherwise in the applicable prospectus supplement, we or the applicable issuer may elect

to defease and be discharged from any and all obligations with respect to those debt securities, which we refer to as legal defeasance ; or

with respect to any senior debt securities, to be released from our obligations under the covenants described above in The Senior Indentures Limit Our and the Applicable Issuer s Ability to Incur Liens , The Senior Indentures Limit Our and the Applicable Issuer s Ability to Engage in Sale/ Leaseback Transactions or, with respect to any debt securities, any other covenant obligation as may be provided for under Section 301 of the applicable indenture and specified in the applicable prospectus supplement, which we refer to as covenant defeasance.

Table of Contents

In the case of legal defeasance we and the applicable issuer will still retain some obligations in respect of the debt securities, including our obligations:

to pay additional amounts, if any, upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on the debt securities;

to register the transfer or exchange of the debt securities;

to replace temporary or mutilated, destroyed, lost or stolen debt securities; and

to maintain an office or agency with respect to the debt securities and to hold monies for payment in trust.

After a covenant defeasance, any omission to comply with the obligations or covenants that have been defeased shall not constitute a default or an event of default with respect to the debt securities.

To elect either legal defeasance or covenant defeasance we or the applicable issuer must deposit with the trustee, in trust, an amount, in U.S. dollars or in the foreign currency in which the relevant debt securities are payable at stated maturity, or in government obligations, as defined below, or both, applicable to such debt securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of and any premium and interest on those debt securities on their scheduled due dates.

In addition, we or the applicable issuer can only elect legal defeasance or covenant defeasance if, among other things:

the applicable defeasance does not result in a breach or violation of, or constitute a default under, the applicable indenture or any other material agreement or instrument to which we or the applicable issuer are a party or by which we or the applicable issuer are bound;

no default or event of default with respect to the debt securities to be defeased shall have occurred and be continuing on the date of the establishment of the trust and, with respect to legal defeasance only, at any time during the period ending on the 91st day after the date of the establishment of the trust; and

we or the applicable issuer have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred, and the opinion of counsel, in the case of legal defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us or the applicable issuer, a Revenue Ruling published by the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the applicable indenture.

Each of the indentures deems a foreign currency to be any currency, currency unit or composite currency issued by the government of one or more countries other than the United States or by any recognized confederation or association of governments.

Each of the indentures defines government obligations as securities which are not callable or redeemable at the option of the issuer or issuers and are:

direct obligations of the United States or the government or the governments in the confederation that issued the foreign currency in which the debt securities of a particular series are payable, for the payment of which its

full faith and credit is pledged; or

obligations of a person or entity controlled or supervised by and acting as an agency or instrumentality of the United States or the government or governments that issued the foreign currency in which the debt securities of a particular series are payable, the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States or that other government or governments.

Table of Contents

Government obligations also include a depositary receipt issued by a bank or trust company as custodian with respect to any government obligation described above or a specific payment of interest on or principal of or any other amount with respect to any government obligation held by that custodian for the account of the holder of such depositary receipt, as long as, except as required by law, that custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian with respect to the government obligation or the specific payment of interest on or principal of or any other amount with respect to the government obligation evidenced by the depositary receipt.

Unless otherwise specified in the applicable prospectus supplement, if, after we or the applicable issuer have deposited funds and/or government obligations to effect legal defeasance or covenant defeasance with respect to debt securities of any series, either:

the holder of a debt security of that series is entitled to, and does, elect to receive payment in a currency other than that in which such deposit has been made in respect of that debt security; or

a conversion event, as defined below, occurs in respect of the foreign currency in which the deposit has been made,

the indebtedness represented by that debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of, and any premium and interest on, that debt security as that debt security becomes due out of the proceeds yielded by converting the amount or other properties so deposited in respect of that debt security into the currency in which that debt security becomes payable as a result of the election or conversion event based on:

in the case of payments made pursuant to the first of the two items in the list above, the applicable market exchange rate for the currency in effect on the second business day prior to the date of the payment; or

with respect to a conversion event, the applicable market exchange rate for such foreign currency in effect, as nearly as feasible, at the time of the conversion event.

Each indenture defines a conversion event as the cessation of use of:

a foreign currency other than the euro by the government of the country or the confederation which issued such foreign currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community; or

the euro both by governments within the Euro Zone and for the settlement of transactions by public institutions of or within the Euro Zone or of or within the international banking community.

Unless otherwise provided in the applicable prospectus supplement, all payments of principal of, and any premium and interest on, any debt security that are payable in a foreign currency that ceases to be used by the government or confederation of issuance shall be made in U.S. dollars.

If we or the applicable issuer effect a covenant defeasance with respect to any debt securities and the debt securities are declared due and payable because of the occurrence of any event of default other than an event of default with respect to which there has been covenant defeasance, the amount in the foreign currency in which the debt securities are payable, and government obligations on deposit with the trustee, will be sufficient to pay amounts due on the debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities at the

time of the acceleration resulting from the event of default. We and the applicable issuer would remain liable, however, for payment of the amounts due at the time of acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the debt securities of or within a particular series.

Under each indenture, we and the applicable issuer are required to furnish to the trustee annually a statement as to our performance of our obligations under such indenture and as to any default in such

Table of Contents

performance. We are also required to deliver to the trustee, within five days after occurrence thereof, written notice of any event of default or event that after notice or lapse of time or both would constitute an event of default.

Modification and Waiver

We, the applicable issuer and the trustee may, without the consent of holders, modify provisions of each indenture for specified purposes, including, among other things, curing ambiguities and maintaining the qualification of the applicable indenture under the Trust Indenture Act. We, the applicable issuer and the trustee may modify other provisions of each indenture with the consent of the holders of not less than two-thirds in aggregate principal amount of the debt securities of each series issued under the indenture affected by the modification. The provisions of the indenture, however, may not be modified without the consent of the holder of each debt security affected thereby if the modification would:

change the stated maturity or any installment of the principal of, or any premium or interest on, or any installment of principal, or any additional amounts with respect to, any debt security issued under the indenture;

reduce the principal amount of, or premium or interest on, or any additional amounts with respect to, any debt security issued under the indenture;

change the coin or currency in which any debt security issued under the indenture or any premium or any interest on that debt security or any additional amounts with respect to that debt security is payable;

if the debt securities are convertible or exchangeable, modify the conversion or exchange provision in a manner adverse to holders of that debt security;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any debt securities issued under the indenture or, in the case of redemption, exchange or conversion, if applicable, on or after the redemption, exchange or conversion date or, in the case of repayment at the option of any holder, if applicable, on or after the date for repayment or in the case of a change in control, after the change in control purchase date;

reduce the percentage and principal amount of the outstanding debt securities, the consent of whose holders is required under the indenture in order to take specified actions;

change any of our obligations to maintain an office or agency in the places and for the purposes required by the indenture; or

modify any of the above provisions.

The holders of at least a majority in aggregate principal amount of debt securities of any series issued under the indenture, on behalf of the holders of all debt securities of that series, may waive our or the applicable issuer's compliance with specified restrictive provisions of that indenture. The holders of not less than a majority in aggregate principal amount of debt securities of any series issued under the indenture may, on behalf of all holders of debt securities of that series, waive any past default and its consequences under that indenture with respect to the debt securities of that series, except:

a payment default with respect to debt securities of that series; or

a default of a covenant or provision of that indenture that cannot be modified or amended without the consent of the holder of the debt securities of that series.

Table of Contents

Assumption of the Obligations under the Debt Securities by Apache

Under each indenture, we may, at our option, assume the applicable issuer's obligations under the debt securities if:

we expressly assume the obligations in an assumption agreement or supplemental indenture that is executed and delivered to the trustee in a form that is acceptable to the trustee;

no event of default and no event that after a notice or the lapse of time or both would become an event of default occurs and is continuing after giving effect to our assuming the obligations; and

we expressly agree in an assumption agreement or supplemental indenture to indemnify the holders of the debt securities against any tax, assessment or government charge imposed on a holder or required to be withheld or deducted from any payment made to a holder, including any charge or withholding required on account of this indemnification, and any costs or expenses incurred by a holder on account of our assuming the obligations. If we deliver to the trustee an opinion of an independent tax counsel or consultant of recognized standing stating that the holders will not recognize income, gain or loss, for U.S. federal income tax purposes, as a result of assuming these obligations, then a holder will have the above indemnification rights only if and when gain for U.S. federal income tax purposes is actually recognized by a holder.

If we assume the applicable issuer's obligations, as described above, we will be substituted for the applicable issuer for all purposes regarding the debt securities so assumed as if we had been the original issuer of the securities.

Assignment to Another Subsidiary

Under each indenture, the applicable issuer may assign its obligations under any series of debt securities to any of our other subsidiaries and the new subsidiary will be treated, for all purposes, as the applicable issuer's successor with respect to the series of debt securities assigned, provided that the conditions described under Consolidation, Merger and Sale of Assets below are satisfied.

Payment of Additional Amounts

Unless we and the applicable issuer specify otherwise in the applicable prospectus supplement, the applicable issuer must make all payments of, or in respect of, principal of and any premium and interest on the debt securities without withholding or deduction for any taxes imposed or levied by or on behalf of any Australian or Canadian taxing authorities, as the case may be. If the taxing authorities nonetheless require the applicable issuer to withhold taxes, the applicable issuer must pay as additional interest an amount that will result, after deducting the taxes, in the payment to the holder of the debt securities of the amount that would have been paid if no withholding was required. Except as otherwise specified in the applicable prospectus supplement, the applicable issuer is not required to pay this additional interest for or on account of:

any tax that would not have been imposed but for the fact that the holder

was a resident, domiciled or national of, or engaged in business or maintained a permanent establishment or was physically present in Australia or Canada, as applicable, or otherwise had some connection with Australia or Canada, as applicable, other than merely owning the debt security;

presented, if presentation is required, the debt security for payment in Australia or Canada, as applicable, unless the debt security could not have been presented for payment elsewhere;

presented, if presentation is required, the debt security more than 30 days after the date on which the payment relating to the debt security first became due and payable or provided for, whichever is later, except to the extent that the holder would have been entitled to the additional interest if it had presented the debt security for payment on any day within this 30 day period;

is, directly or indirectly, taken to be an associate of the issuer (as "associate" is defined for Australian tax purposes), in the case of Apache Australia, or is not dealing with the issuer, directly or indirectly, on an arm's-length basis, in the case of Apache Canada and Apache Canada II; or

entered into or participated in a scheme to avoid Australian or Canadian withholding tax, as applicable, that the issuer was neither a party to nor participated in and, in the case of Apache Australia, in respect of which the Australian Commissioner of Taxation has made a determination that Australian interest withholding tax is payable in respect of the amount; or

any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;

any tax that is payable other than by withholding or deduction from payments of, or in respect of, principal of or any premium or interest on the debt securities;

any tax that is imposed or withheld because the holder or the beneficial owner of a debt security failed, upon request of the applicable issuer to provide information concerning the nationality, residence or identity of the holder or the beneficial owner, or to make any declaration or other similar claim or satisfy any information or reporting requirement that is required or imposed by Australian or Canadian federal income tax laws, as applicable, as a precondition to exemption from all or part of the tax, assessment or other governmental charge; or

any combination of the four items listed above.

The issuer also does not have to pay additional interest with respect to any payment of the principal of or any premium or interest on the debt security to any holder that is a fiduciary or partnership or other than the sole beneficial owner of the payment to the extent the payment would be required by the laws of Australia or Canada, as applicable, to be included in the income for tax purposes of a beneficiary or settlor with respect to a fiduciary or a member of the partnership or a beneficial owner who would not have been entitled to the additional interest if it held the debt security.

Any amounts paid by us, as guarantor, under the applicable indenture must be paid without withholding or deduction for any taxes imposed or levied by or on behalf of any U.S. taxing authority. If a U.S. taxing authority nonetheless requires us to withhold taxes, we must pay an additional amount so that the net amount paid to the holder, after deducting the taxes, is not less than the amount then due and payable on the debt securities. We are not required to pay this additional amount to any holder of a debt security who is:

subject to U.S. tax by reason of the holder being connected with the U.S. otherwise than by holding or owning the debt securities; or

not dealing at arm's length with us.

Where this prospectus mentions, in any context, the payment of principal of, or any premium or interest on, or in respect of, the debt securities of any series or the net proceeds received on the sale or exchange of the debt securities, this amount shall be deemed to include the payment of additional amounts provided for in the applicable indenture to the extent that the additional amounts are, were or would be payable under such applicable indenture.

Redemption for Taxation Reasons

Unless we and the applicable issuer specify otherwise in the applicable prospectus supplement, if Australian or Canadian taxing authorities, as the case may be, change or amend their laws, regulations or published tax rulings or the official administration, application or interpretation of their laws, regulations or published tax rulings either generally or in relation to the debt securities, and the applicable issuer determines that:

it will be required to pay any additional amounts under the indenture or the terms of any debt security in respect of interest on the next succeeding interest payment date; or

Table of Contents

in respect of the principal of any discounted debt securities on the date of the determination, assuming that a payment in respect of principal were required to be made on this date under the terms of the debt securities; and

the applicable issuer cannot avoid paying the additional amount by taking reasonable measures available to it,

it may, at its option, redeem all, but not less than all, of the debt securities of any series in respect of which any additional amounts would be so payable at any time, upon not less than 30 nor more than 60 days written notice as provided in the indenture. Unless otherwise specified in the accompanying prospectus supplement, the redemption price will be equal to 100 percent of the principal amount of the debt securities plus accrued interest to the date of redemption, except that any debt securities that are discounted debt securities may be redeemed at the redemption price specified in the debt securities terms, provided that:

no notice of redemption may be given earlier than 60 days before the earliest date on which the applicable issuer would be obligated to pay any additional amounts if a payment was due in respect of the debt securities; and

at the time any redemption notice is given, the obligation to pay any additional amounts must remain in effect.

If

the applicable issuer has consolidated with or merged into, or conveyed or transferred or leased its properties and assets as an entirety or substantially as an entirety to, any person that is organized under the laws of any jurisdiction other than the United States, any state of the United States or the District of Columbia, or Australia or Canada, as the case may be;

as the result of any change in or any amendment to the laws, regulations or published tax rulings of the jurisdiction under which the applicable issuer's successor is organized or of its political subdivisions or taxing authorities affecting taxation, or any change in the official administration, application or interpretation of its laws, regulations or published tax rulings either generally or in relation to any particular debt securities,

then

the applicable issuer's successor must pay any additional amounts under the indenture or the terms of any debt securities in respect of interest on any debt securities on the next succeeding interest payment date or in respect of the principal of any discounted debt securities on the date of the determination, assuming the principal must be paid on that date under the terms of the debt securities, and

the applicable issuer or its successor taking reasonable measures cannot avoid this obligation,

then the applicable issuer or its successor may redeem all, but not less than all, of the debt securities of any series in respect of which any additional amounts would be so payable at any time, upon not less than 30 nor more than 60 days written notice as provided in the indenture, at a redemption price equal to 100 percent of the principal amount of the debt securities plus accrued interest to the date fixed for redemption, unless otherwise specified in the applicable prospectus supplement, except that any debt securities that are discounted debt securities may be redeemed at the price specified in the debt securities terms. No notice of redemption may be given earlier than 60 days before the earliest date on which a successor must pay any additional amounts if a payment was due in respect of the debt securities. Also, at the time any redemption notice is given, the successor's obligation to pay any additional amounts must remain

in effect.

Consolidation, Merger and Sale of Assets

We may, without the consent of the holders of the debt securities, consolidate or merge with or into, or convey, transfer or lease our properties and assets as an entirety, or substantially as an entirety, to any person that is a corporation or limited liability company organized and validly existing under the laws of any

Table of Contents

domestic jurisdiction. We may also permit any of those persons to consolidate with or merge into us or convey, transfer or lease its properties and assets substantially as an entirety to us, as long as:

any successor person assumes our obligations on the debt securities;

no event of default under the applicable indenture has occurred and is continuing after giving effect to the transaction;

no event which, after notice or lapse of time or both, would become an event of default under the applicable indenture has occurred and is continuing after giving effect to the transaction; and

other conditions are met.

The applicable issuer may, without the consent of the holders of the debt securities, consolidate or merge into, or convey, transfer or lease its properties and assets substantially as an entirety to any person that is a corporation, partnership, joint-stock company or limited liability company or permit any such person to consolidate with or merge into or convey, transfer or lease its properties and assets substantially as an entirety to us or the applicable issuer, as long as the person assumes the applicable issuer's obligations on the debt securities and under the indenture, and immediately after the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, under the indenture has occurred.

Also, the successor person to us or the applicable issuer must expressly agree in a supplemental indenture:

that all payments on the debt securities in respect of the principal of and any premium and interest shall be made without withholding or deduction for any present or future taxes, duties, assessments or governmental charges of any nature imposed or levied by or on behalf of the person's jurisdiction of organization or political subdivision or taxing authority, unless the taxes are required by the jurisdiction, subdivision or authority to be withheld or deducted, in which case the person will pay additional amounts so that after deducting the taxes the holder of a debt security receives the same amount that the holder would have received if no withholding or deduction was required; subject to the exceptions set forth above in **Payment of Additional Amounts**; and

to indemnify immediately the holder of each debt security against

any tax, assessment or governmental charge imposed on the holder or required to be withheld or deducted from any payment to the holder as a consequence of the transaction; and

any other tax costs or other tax expenses of the transaction.

If we, the applicable issuer or the successor person deliver an opinion of an independent counsel or a tax consultant of recognized standing that the holder will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the transaction, a holder will have this right to indemnification only if and when gain for U.S. federal income tax purposes is actually recognized by the holder.

Service of Process

Under each applicable indenture, each of Apache Australia, Apache Canada and Apache Canada II will irrevocably appoint CT Corporation System, 111 8th Avenue, New York, New York 10011, as its agent for service of process in any suit, action or proceeding with respect to the indenture, the debt securities or the guarantees issued thereunder and for actions brought under the federal or state securities laws brought in any federal or state court located in New York

City, and submitted to jurisdiction in New York.

Since a substantial portion of each of Apache Australia's, Apache Canada's and Apache Canada II's assets are outside the United States, any judgment obtained in the United States against Apache Australia, Apache Canada or Apache Canada II or, including judgments with respect to the payment of principal or interest on the securities, may not be collectible in the United States.

Governing Law

Each indenture, the debt securities and the guarantees are governed by and construed under the laws of the State of New York, without regard to the principles of conflicts of laws, except as may otherwise be required by mandatory provisions of law. All matters governing the authorization and execution of the indenture and the debt securities by Apache Australia, Apache Canada and Apache Canada II will be governed by and construed in accordance with the laws of Australian Capital Territory, Australia and Nova Scotia, Canada, respectively.

BOOK-ENTRY SECURITIES

Unless otherwise specified in the applicable prospectus supplement, we, Apache Australia, Apache Canada or Apache Canada II, as the case may be, will issue to investors securities, other than Apache common stock, in the form of one or more book-entry certificates registered in the name of a depository or a nominee of a depository. Unless otherwise specified in the applicable prospectus supplement, the depository will be The Depository Trust Company, also referred to as DTC. We have been informed by DTC that its nominee will be Cede & Co. Accordingly, Cede is expected to be the initial registered holder of all securities that are issued in book-entry form.

No person that acquires a beneficial interest in securities issued in book-entry form will be entitled to receive a certificate representing those securities, except as set forth in this prospectus or in the applicable prospectus supplement. Unless and until definitive securities are issued under the limited circumstances described below, all references to actions by holders or beneficial owners of securities issued in book-entry form will refer to actions taken by DTC upon instructions from its participants, and all references to payments and notices to holders or beneficial owners will refer to payments and notices to DTC or Cede, as the registered holder of such securities.

DTC has informed us that it is:

- a limited-purpose trust company organized under New York banking laws;
- a banking organization within the meaning of the New York banking laws;
- a member of the Federal Reserve System;
- a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- a clearing agency registered under the Securities Exchange Act of 1934.

DTC has also informed us that it was created to:

- hold securities for participants ; and
- facilitate the computerized settlement of securities transactions among participants through computerized electronic book-entry changes in participants accounts, thereby eliminating the need for the physical movement of securities certificates.

Participants have accounts with DTC and include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to the DTC system also is available to indirect participants such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Persons that are not participants or indirect participants but desire to buy, sell or otherwise transfer ownership of or interests in securities may do so only through participants and indirect participants. Under the book-entry system, beneficial owners may experience some delay in receiving payments, as payments will be forwarded by our agent to Cede, as nominee for DTC. DTC will forward these payments to its participants, which thereafter will forward them to indirect participants or beneficial owners. Beneficial owners will not be recognized by the applicable registrar, transfer agent, trustee or depository as registered holders of the securities entitled to the benefits of the certificate, the indenture or any deposit agreement. Beneficial owners

Table of Contents

that are not participants will be permitted to exercise their rights as an owner only indirectly through participants and, if applicable, indirect participants.

Under the current rules and regulations affecting DTC, DTC will be required to make book-entry transfers of securities among participants and to receive and transmit payments to participants. Participants and indirect participants with which beneficial owners of securities have accounts are also required by these rules to make book-entry transfers and receive and transmit such payments on behalf of their respective account holders.

Because DTC can act only on behalf of participants, who in turn act only on behalf of other participants or indirect participants, and on behalf of banks, trust companies and other persons approved by it, the ability of a beneficial owner of securities issued in book-entry form to pledge those securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for the securities.

DTC has advised us that it will take any action permitted to be taken by a registered holder of any securities under the certificate, the indenture or any deposit agreement only at the direction of one or more participants to whose accounts with DTC the securities are credited.

According to DTC, the information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty, or contract modification of any kind.

Unless otherwise specified in the applicable prospectus supplement, a book-entry security will be exchangeable for definitive securities registered in the names of persons other than DTC or its nominee only if:

DTC notifies us that it is unwilling or unable to continue as depository for the book-entry security or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 at a time when DTC is required to be so registered;

we execute and deliver to the applicable registrar, transfer agent, trustee and/or depository an order complying with the requirements of the certificate, the indenture or any deposit agreement that the book-entry security will be so exchangeable; or

in the case of debt securities, an event of default with respect to the applicable series of debt securities has occurred and is continuing.

Any book-entry security that is exchangeable in accordance with the preceding sentence will be exchangeable for securities registered in such names as DTC directs.

If one of the events described in the immediately preceding paragraph occurs, DTC is generally required to notify all participants of the availability through DTC of definitive securities. Upon surrender by DTC of the book-entry security representing the securities and delivery of instructions for re-registration, the registrar, transfer agent, trustee or depository, as the case may be, will reissue the securities as definitive securities. After reissuance of the securities, such persons will recognize the beneficial owners of such definitive securities as registered holders of securities.

Except as described above:

a book-entry security may not be transferred except as a whole book-entry security by or among DTC, a nominee of DTC and/or a successor depository appointed by us; and

DTC may not sell, assign or otherwise transfer any beneficial interest in a book-entry security unless the beneficial interest is in an amount equal to an authorized denomination for the securities evidenced by the book-entry security.

PLAN OF DISTRIBUTION

We may sell our securities through agents, underwriters or dealers, or directly to purchasers.

We may designate agents to solicit offers to purchase our securities.

We will name any agent involved in offering or selling our securities, and any commissions that we will pay to the agent, in our prospectus supplement.

Unless we indicate otherwise in our prospectus supplement, our agents will act on a reasonable best efforts basis for the period of their appointment.

Our agents may be deemed to be underwriters under the Securities Act of any of our securities that they offer or sell.

We may use one or more underwriters in the offer or sale of our securities.

If we use an underwriter, we will execute an underwriting agreement with the underwriter(s) at the time that we reach an agreement for the sale of our securities.

We will include the names of the managing underwriter(s), as well as any other underwriters, and the terms of the transaction, including the compensation the underwriters and dealers will receive, in our prospectus supplement.

The underwriters will use our prospectus supplement to sell our securities.

We may use a dealer to sell our securities.

If we use a dealer, we, as principal, will sell our securities to the dealer.

The dealer will then sell our securities to the public at varying prices that the dealer will determine at the time it sells our securities.

We will include the name of the dealer and the terms of our transactions with the dealer in our prospectus supplement.

We may directly solicit offers to purchase our securities, and we may directly sell our securities to institutional or other investors. We will describe the terms of our direct sales in our prospectus supplement.

We may indemnify agents, underwriters and dealers against certain liabilities, including liabilities under the Securities Act.

We may authorize our agents and underwriters to solicit offers by certain institutions to purchase our securities at the public offering price under delayed delivery contracts.

If we use delayed delivery contracts, we will disclose that we are using them in the prospectus supplement and will tell you when we will demand payment and delivery of the securities under the delayed delivery contracts.

These delayed delivery contracts will be subject only to the conditions that we set forth in the prospectus supplement.

We will indicate in our prospectus supplement the commission that underwriters and agents soliciting purchases of our securities under delayed delivery contracts will be entitled to receive.

Any underwriter to whom securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The applicable prospectus supplement will identify any underwriters, dealers or agents and will describe their compensation. We, Apache Australia, Apache Canada or Apache Canada II may have agreements with the underwriters, dealers and agents to indemnify them against some civil liabilities, including liabilities under the Securities Act. Underwriters, dealers and agents may engage in transactions with or perform services for us or our subsidiaries in the ordinary course of their businesses.

Table of Contents

Other than our common stock, and unless otherwise specified in the applicable prospectus supplement, each class or series of securities offered by this prospectus and the applicable prospectus supplement will be a new issue of securities with no established trading market. The securities may or may not be listed on a national securities exchange or a foreign securities exchange, except for the common stock which is currently listed and traded on the NYSE, the Nasdaq Global Select Market and the Chicago Stock Exchange. We cannot give you any assurance as to the liquidity of or the trading markets for any securities.

INVESTMENT IN APACHE CORPORATION BY EMPLOYEE BENEFIT PLANS

An investment in us by an employee benefit plan is subject to additional considerations to the extent that the investments by these plans are subject to the fiduciary responsibility and prohibited transaction provisions of ERISA, and restrictions imposed by Section 4975 of the Internal Revenue Code. For these purposes, the term employee benefit plan includes, but is not limited to, certain qualified pension, profit-sharing and stock bonus plans, Keogh plans, simplified employee pension plans and individual retirement annuities or accounts (IRAs) established or maintained by an employer or employee organization. Incident to making an investment in us, among other things, consideration should be given by an employee benefit plan to:

whether the investment is prudent under Section 404(a)(1)(B) of ERISA;

whether in making the investment, that plan will satisfy the diversification requirements of Section 404(a)(1)(C) of ERISA; and

whether the investment will result in recognition of unrelated business taxable income by the plan and, if so, the potential after-tax investment return.

In addition, the person with investment discretion with respect to the assets of an employee benefit plan or other arrangement that is covered by the prohibited transactions restrictions of the Internal Revenue Code, often called a fiduciary, should determine whether an investment in us is authorized by the appropriate governing instrument and is a proper investment for the plan or arrangement.

Section 406 of ERISA and Section 4975 of the Internal Revenue Code prohibit certain employee benefit plans, and Section 4975 of the Internal Revenue Code prohibits IRAs and certain other arrangements that are not considered part of an employee benefit plan, from engaging in specified transactions involving plan assets with parties that are parties in interest under ERISA or disqualified persons under the Internal Revenue Code with respect to the plan or other arrangement that is covered by ERISA or the Internal Revenue Code.

The U.S. Department of Labor regulations provide guidance with respect to whether the assets of an entity in which employee benefit plans or other arrangements described above acquire equity interests would be deemed plan assets under some circumstances. Under these regulations, an entity's assets would not be considered to be plan assets if, among other things:

the equity interests acquired by employee benefit plans or other arrangements described above are publicly offered securities; i.e., the equity interests are widely held by 100 or more investors independent of the issuer and each other, freely transferable and registered under some provisions of the federal securities laws;

the entity is an operating company, i.e., it is primarily engaged in the production or sale of a product or service other than the investment of capital either directly or through a majority owned subsidiary or subsidiaries; or

less than 25 percent of the value of each class of equity interest, disregarding any such interests held by our general partner, its affiliates, and some other persons, is held by the employee benefit plans referred to above, IRAs and other employee benefit plans or arrangements subject to ERISA or Section 4975 of the Code.

Our assets should not be considered plan assets under these regulations because the investment in our common stock will satisfy the requirements in the first bullet point above.

Table of Contents

Plan fiduciaries contemplating a purchase of common stock should consult with their own counsel regarding the consequences of such purchase under ERISA and the Internal Revenue Code in light of possible personal liability for any breach of fiduciary duties and the imposition of serious penalties on persons who engage in prohibited transactions under ERISA or the Internal Revenue Code.

ITEM 15. *Indemnification of Directors and Officers.***APACHE CORPORATION**

Apache's Certificate of Incorporation and bylaws provide that, to the full extent permitted under the Delaware General Corporation Law, Apache's directors shall not be personally liable for monetary damages. Apache's bylaws provide that Apache shall indemnify its officers, directors, employees and agents.

Section 145 of the Delaware General Corporation Law, inter alia, authorizes a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, other than an action by or in the right of the corporation, because such person is or was a director, officer, employee or agent of the corporation or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reason to believe his conduct was unlawful. Similar indemnity is authorized for such persons against expenses, including attorneys' fees, actually and reasonably incurred in defense or settlement of any such pending, completed or threatened action or suit by or in the right of the corporation if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and provided further that, unless a court of competent jurisdiction otherwise provides, such person shall not have been adjudged liable to the corporation. Any such indemnification may be made only as authorized in each specific case upon a determination by the stockholders or disinterested directors

that indemnification is proper because the indemnitee has met the applicable standard of conduct.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would otherwise have the power to indemnify him. Apache maintains policies insuring its and its subsidiaries' officers and directors against specified liabilities for actions taken in such capacities, including liabilities under the Securities Act of 1933.

Table of Contents

Article VII of Apache's bylaws provides, in substance, that directors, officers, employees and agents of Apache shall be indemnified to the extent permitted by Section 145 of the Delaware General Corporation Law. Additionally, Article Seventeen of Apache's restated certificate of incorporation eliminates in specified circumstances the monetary liability of directors of Apache for a breach of their fiduciary duty as directors. These provisions do not eliminate the liability of a director:

for a breach of the director's duty of loyalty to Apache or its stockholders;

for acts or omissions by the director not in good faith;

for acts or omissions by a director involving intentional misconduct or a knowing violation of the law;

under Section 174 of the Delaware General Corporation Law, which relates to the declaration of dividends and purchase or redemption of shares in violation of the Delaware General Corporation Law; and

for transactions from which the director derived an improper personal benefit.

Reference is made to the form of underwriting agreements to be incorporated by reference in this registration statement for a description of the indemnification arrangements Apache, Apache Australia, Apache Canada and Apache Canada II agree to in connection with offerings of the securities registered by this registration statement.

APACHE FINANCE AUSTRALIA PTY LTD

Section 199A of the Australian Corporations Act 2001 (Cth) (the Corporations Act) prohibits a company or a related body corporate (as defined in the Corporations Act) from exempting a person (whether directly or through an interposed entity) from a liability to the company incurred as an officer of the company. Officer includes a director or secretary, and also includes a person who participates in making decisions that affect a substantial part of the business, who has the capacity to affect significantly the company's financial standing or in accordance with whose instructions or wishes the directors of the company are accustomed to act.

In addition, an officer cannot be indemnified by a company or its related body corporate against:

(a) a liability owed to the company or a related body corporate;

(b) a liability for a pecuniary civil penalty order under the Corporations Act or a compensation order under the Corporations Act in favour of the company; or

(c) a liability that is owed to a third person and that did not arise out of conduct in good faith.

A company or related body corporate is also prohibited from indemnifying a person against legal costs incurred in defending an action for a liability incurred as an officer of the company if the costs are incurred:

(a) in defending or resisting proceedings in which the person is found to have a liability for which they could not be indemnified;

(b) in defending or resisting criminal proceedings in which the person is found guilty;

(c) in defending or resisting proceedings brought by the Australian Securities and Investments Commission (ASIC), or by a liquidator, seeking a court order if the grounds for making the order are found by the court to have been established (other than costs incurred in responding to actions taken by ASIC or a liquidator as part of an investigation before commencing proceedings for the court order); or

(d) in connection with proceedings for relief to the person under the Corporations Act in which the court denies the relief.

Table of Contents

Section 199B provides that a company or a related body corporate must not pay, or agree to pay, a premium for a contract insuring a person who is or has been an officer of the company against a liability (other than one for legal costs) arising out of:

- (a) conduct involving a wilful breach of duty in relation to the company; or
- (b) misuse of the person's position or corporate information.

Under section 199C, anything that purports to indemnify or insure a person against a liability, or exempt them from a liability, is void to the extent that it contravenes section 199A or 199B.

Article 94 of the Constitution of Apache Finance Australia Pty Ltd provides that its directors, secretaries, officers, employees, trustees and former officers shall be indemnified to the extent Apache Finance Australia Pty Ltd is not precluded by law from doing so. Article 94 also provides that on the authority of the Board, Apache Finance Australia Pty Ltd may execute a documentary indemnity in favor of any officer of the corporation and purchase insurance on behalf of or in respect of any officer of the corporation against any liability incurred by the officer in or arising out of the conduct of the business of the corporation or in or arising out of the discharge of the duties of the officer.

APACHE FINANCE CANADA CORPORATION

The Articles of Association of Apache Finance Canada Corporation provide, in substance, that every director and officer of Apache Canada shall be indemnified by Apache Finance Canada Corporation against all costs, losses and expenses which such person may incur by reason of any contract entered into, or any act or thing done, by him in such capacity or in anyway in the discharge of his duties, unless such costs, losses and expenses result from the dishonesty of the director or the officer.

Nova Scotia law does not make any statutory provision for, nor impose any statutory restriction upon, the ability of a company to indemnify directors and officers.

Although the matter has not been judicially considered, the obligation to indemnify may not extend to losses occasioned by a breach by a director of his common law fiduciary duty to Apache Finance Canada Corporation.

APACHE FINANCE CANADA II CORPORATION

The Articles of Association of Apache Finance Canada II Corporation provide, in substance, that every director and officer of Apache Canada II shall be indemnified by Apache Finance Canada II Corporation against all costs, losses and expenses which such person may incur by reason of any contract entered into, or any act or thing done, by him in such capacity or in anyway in the discharge of his duties, unless such costs, losses and expenses result from the dishonesty of the director or the officer.

Nova Scotia law does not make any statutory provision for, nor impose any statutory restriction upon, the ability of a company to indemnify directors and officers.

Although the matter has not been judicially considered, the obligation to indemnify may not extend to losses occasioned by a breach by a director of his common law fiduciary duty to Apache Finance Canada II Corporation.
