On March 28, 2008, Fremont General Corporation (the Company) doing business primarily through its wholly-owned bank subsidiary, Fremont Investment & Loan (the Bank), announced in a press release that on March 26, 2008, the Federal Deposit Insurance Corporation (FDIC), with the concurrence of the California Department of Financial Institutions, issued a Supervisory Prompt Corrective Action Directive (Directive) to the Bank, to the Company and to Fremont General Credit Corporation (FGCC), the Company's wholly-owned subsidiary and direct parent to the Bank. The Directive requires the Bank, the Company and FGCC to take one or more of the following actions to recapitalize the Bank within 60 days, or by May 26, 2008:

The Bank shall sell enough voting shares or obligations of the Bank so that the Bank will be adequately capitalized, as defined under the Federal Deposit Insurance Act and the related FDIC regulations, after the sale; and/or

The Bank shall accept an offer to be acquired by a depository institution holding company or combine with another insured depository institution; and

The Company and FGCC shall divest themselves of the Bank.

In the Directive, the FDIC has categorized the Bank as being an undercapitalized depository institution, as defined under the Federal Deposit Insurance Act and FDIC rules and regulations.

The Directive also sets forth certain limitations and restrictions on the Bank and its business. The Directive restricts the interest rates that the Bank may pay on deposits to prevailing rates paid on deposits of comparable amounts and maturities paid by other FDIC insured depository institutions in the State of California. In addition, the Bank is not permitted to make any capital distributions to the Company, FGCC or any affiliate of the Bank, or to pay bonuses or increase the compensation of any director or officer of the Bank. The Directive further restricts transactions between the Bank and its affiliates.

As previously announced in the Company's press release of February 28, 2008, the Company and the Bank have hired the investment banking firms of Credit Suisse Securities (USA), LLC and Sandler O'Neill & Partners, LP to develop and implement strategic initiatives in an attempt to raise additional capital, as well as explore the possible sale or merger of the Company and/or the Bank or the sale of assets. There is no assurance that the Company and the Bank will be successful in any of their efforts to develop and implement such a strategy to comply with the Directive or to otherwise address the capital needs of the Company and/or the Bank.

For further information about the Directive, see the full text of the Directive and the Company's press release, which are attached as Exhibits 99.1 and 99.2, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.
