This Amendment No. 1 to Form 8-K amends and qualifies the information contained in Item 2.02 of the Current Report on Form 8-K dated January 20, 2009 (the Original Filing ). Other than as set forth in this Amendment, the information contained in the Original Filing remains unchanged.

**Item 2.02 Results of Operations and Financial Condition**

On January 22, 2009, Teledyne Technologies Incorporated issued a press release with respect to its fourth quarter 2008 and full year 2008 financial results (the Earnings Release ). The information in that press release is amended and qualified by the information set forth herein. The information furnished pursuant to this Item 2.02 shall in no way be deemed to be filed for purposes of Section 18 of the Securities and Exchange Act of 1934, as amended.

**2008 Subsequent Event Voluntary Product Recall and Replacement Program**

On February 12, 2009, Teledyne Technologies Incorporated through its subsidiary, Teledyne Continental Motors, Inc., issued a voluntary product recall of certain aircraft piston engine cylinders produced since November 2007. The total cost of the recall program is approximately \$18.0 million to cover estimated costs related to the recall and replacement of affected cylinders. The company learned about the cylinder production matter after the issuance of the Earnings Release but prior to the filing of our 2008 Annual Report on Form 10-K. In accordance with Generally Accepted Accounting Principles, we recognized this subsequent event in our 2008 fiscal year results since it related to conditions that existed at the balance sheet date of December 28, 2008. Of the total \$18.0 million charge, \$15.8 million is related to the costs associated with the return and replacement of product and \$1.4 million is related to the disposal and write-off of inventory and have been recorded as cost of sales; and \$0.8 million is related to estimated customer returns and has been recorded as a reduction to sales. The recall and replacement program is expected to be completed by year end 2009. The financial statements included in the Earnings Release have been revised to reflect the impact of this subsequent event.

The following changes to the Earnings Release were made to reflect the subsequent event:

**Fourth Quarter 2008**

Aerospace Engines and Components segment Net Sales \$30.3 million, changed from \$31.1 million

Aerospace Engines and Components segment Operating Loss \$20.8 million, changed from operating loss of \$2.8 million

Total Net Income \$19.9 million, changed from \$30.8 million

Diluted Earnings Per Share \$0.54, changed from \$0.84

**Total Year 2008**

Aerospace Engines and Components segment Net Sales \$171.0 million, changed from \$171.8 million

Aerospace Engines and Components segment Operating Loss \$9.7 million, changed from operating income of \$8.3 million

Total Net Income \$111.3 million, changed from \$122.2 million

Diluted Earnings Per Share \$3.05, changed from \$3.35

The following tables reflect the revised fourth quarter and full year 2008 results.
