PROXY STATEMENT

FOR 2007 ANNUAL MEETING OF STOCKHOLDERS
to be held on September 12, 2007

Edgar Filing: Castle Brands Inc - Form DEF 14A

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Castle Brands Inc. (“Castle Brands,” “we,” “us,” or “our”) for use at the 2007 Annual Meeting of Stockholders of Castle Brands Inc. held on September 12, 2007, and at any adjournments or postponements thereof (the “Annual Meeting”). At the Annual Meeting, stockholders will be asked (1) to vote upon the election of directors to our Board of Directors, (2) to ratify and approve the appointment of Eisner LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008, and (3) to act upon any other matters that may properly be brought before the Annual Meeting and at any adjournments or postponements thereof.

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are first being sent to stockholders on or about July 31, 2007. The Board of Directors has fixed the close of business on July 16, 2007 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting (the “Record Date”). Only stockholders of record of Castle Brands’ common stock, par value \$.01 per share (the “Common Stock”), at the close of business on the Record Date will be entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 15,629,776 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Holders of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held by them on the Record Date.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. The affirmative vote of the holders of a plurality of the shares of Common Stock cast on the matter at the Annual Meeting (assuming a quorum is present) is required for the election of directors. The affirmative vote of the holders of a majority of the shares of Common Stock cast on the matter at the Annual Meeting (assuming a quorum is present) is required for the ratification of the appointment of our auditors and the approval of any other matters properly presented at the Annual Meeting. For the purpose of determining whether the stockholders have approved matters other than the election of directors under Delaware law, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. Broker “non-votes,” or proxies from brokers or nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote such shares on a particular matter with respect to which the broker or nominee does not have discretionary voting power, are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved that matter, but they are counted as present for the purpose of determining the existence of a quorum at the annual meeting.

Our stockholders are requested to complete, sign, date and promptly return the accompanying Proxy Card in the enclosed postage-prepaid envelope. Shares represented by a properly executed proxy received prior to the vote at the Annual Meeting and not revoked will be voted at the Annual Meeting as directed on the proxy. If a properly executed proxy is submitted and no instructions are given, the proxy will be voted FOR the election of the nine nominees for directors named in this Proxy Statement and FOR ratification of the Audit Committee’s selection of Eisner LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008. It is not

anticipated that any matters other than those set forth in the Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

A stockholder of record may revoke a proxy at any time before it has been exercised by filing a written revocation with the Secretary of Castle Brands at our address set forth above, by filing a duly executed proxy bearing a later date, or by appearing in person and voting by ballot at the Annual Meeting. Any stockholder of record as of the Record Date attending the Annual Meeting may vote in person whether or not a proxy has been previously given, but the

presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy.

Castle Brands 2007 Annual Report, including financial statements for the fiscal year ended March 31, 2007, accompanies the proxy solicitation materials. The Annual Report, however, is not part of the proxy solicitation materials.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors currently consists of eight members, with the directors serving for terms of one year and until their successors are duly elected and qualified. The Board of Directors has resolved, pursuant to our Bylaws, that from the date of the 2007 annual meeting, our Board of Directors shall consist of nine members.

At the Annual Meeting, nine directors will be elected to serve until the 2008 Annual Meeting and until their successors are duly elected and qualified. The Board of Directors has nominated Mark Andrews, John Beaudette, Keith A. Bellinger, Robert J. Flanagan, Gill Jefferson, Colm Leen, Richard C. Morrison, Fredrick M. R. Smith and Kevin P. The Board of Directors anticipates that each of the Nominees will serve, if elected, as a director. However, if any person nominated by the Board of Directors is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

The Board of Directors recommends a vote FOR the Nominees.

The Board of Directors, Its Committees and Corporate Governance

Board of Directors

Our Board of Directors currently consists of eight directors, as described in “Proposal 1: Election of Directors.” Our Board of Directors believes that there should be a majority of independent

4

directors on the Board of Directors. Our Board of Directors also believes that it is useful and appropriate to have members of management as directors. The current board members include six independent directors, one non-independent non-management director and one member of our senior management. If all of the nominees are elected at the annual meeting, our Board of Directors will consist of nine directors: seven independent directors and two members of our senior management.

The Board of Directors has determined that each of Mr. John Beaudette, Mr. Robert J. Flanagan, Mr. Colm Leen, Mr. Richard C. Morrison, Mr. Fredrick M. R. Smith, Mr. Kevin P. Tighe and Mr. Gill Jefferson qualify as “independent” in accordance with the rules of the American Stock Exchange (“AMEX”). The AMEX independence definitions include a series of objective tests, including that the director is not an employee of the company and has not been engaged in various types of business relationships with the company. In addition, as also required by the AMEX rules, the Board of Directors has made a subjective determination with respect to each independent director that no relationships exist which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment by such director in carrying out the responsibilities of a director.

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. During fiscal year ended March 31, 2007, the Audit Committee met six times, the Compensation Committee met five times and the Nominating and Corporate Governance Committee met once.

Audit Committee

The Audit Committee is responsible for, among other things:

- appointing, replacing overseeing and compensating the work of the independent registered public accounting firm;
- reviewing and discussing with management and our independent registered accounting firm our quarterly financial statements and discuss with management our earnings releases;
- pre-approving all auditing services and permissible non-audit services provided by our

independent registered public accounting firm;

- engaging in a dialogue with the independent registered public accounting firm regarding relationships that may adversely affect the independence of the independent registered public accounting firm and, based on such review assess the independence of the independent registered public accounting firm;
- providing the audit committee report to be filed with the SEC in our annual proxy statement;
- reviewing with the outside auditor the adequacy and effectiveness of the internal controls over our financial reporting;
- establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including the confidential anonymous submission by our employees of anonymous concerns regarding questionable accounting or auditing matters;
- reviewing and pre-approving related-party transactions;
- reviewing and discussing with management and our independent registered accounting firm management's annual assessment of the effectiveness of the internal controls and our independent registered accounting firm's attestation and report about management's assessment as required by the SEC, when applicable;
- reviewing and discussing with management and our independent registered accounting firm the adequacy and effectiveness of our internal controls including any significant deficiencies in the design or operation of our internal controls or material weaknesses and any fraud, whether or not material, that involves our management or other employees who have a significant role in our internal controls and the adequacy and effectiveness of our disclosure controls and procedures; and
- reviewing and assessing annually the adequacy of the audit committee charter.

5

A copy of the charter of the Audit Committee is posted on our Investor Relations website at <http://investor.castlebrandsinc.com>. The members of our Audit Committee are Messrs. Flanagan (Chair), Leen and Smith. Each member of the Audit Committee is "independent" under the standards established by the Securities and Exchange Commission (the "SEC") and Section 803 of the AMEX Company Guide for members of audit committees. The Audit Committee also includes a member who has been determined by our Board of Directors to meet the qualifications of an "audit committee financial expert" in accordance with SEC rules, including that the person meets the relevant definition of an "independent director." The Board of Directors has determined that Mr. Flanagan is an audit committee financial expert. The designation as audit committee financial expert is a disclosure requirement of the SEC related to Mr. Flanagan's experience and understanding of certain accounting and auditing matters. The designation does not impose upon Mr. Flanagan any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee, and his designation as audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee.

Compensation Committee

The principal responsibilities of the Compensation Committee are, among others:

- reviewing and determining annually the compensation of our chief executive officer and the other executive officers;

- providing the annual report on executive compensation to be filed with the SEC in our annual proxy statement;
- approving the form of employment contracts, severance arrangements, change in control provisions and other compensatory arrangements with executive officers;
- approving compensation programs and grants involving the use of our common stock and other equity securities; and
- reviewing and assessing annually the Compensation Committee's performance.

The members of our Compensation Committee are Messrs. Smith (Chair), Flanagan and Morrison. Each member of the Compensation Committee is "independent" under the standards established by the SEC and AMEX. The Compensation Committee does not have a charter. See the "Compensation Discussion and Analysis" section of this proxy statement for additional information regarding our processes and procedures for the consideration and determination of compensation of our named executive officers.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee has the authority and responsibility to identify, research and recommend to the Board of Directors qualified candidates to serve as directors on our Board of Directors.

The Nominating and Corporate Governance Committee is responsible for, among other things:

- recommending to the board of directors the slate of nominees of directors to be proposed for election by the stockholders and individuals to be considered by the board of directors to fill vacancies;
- establishing criteria for selecting new directors; and
- reviewing and assessing annually the performance of the Nominating and Corporate Governance Committee and the adequacy of the Nominating and Corporate Governance Committee charter.

In addition to considering candidates suggested by stockholders, the Nominating and Corporate Governance Committee also accepts recommendations from our directors, members of management and others familiar with and experienced in the beverage alcohol industry. The Nominating and

Corporate Governance Committee establishes criteria for the selection of nominees and reviews the appropriate skills and characteristics required of board members. In evaluating candidates, the Nominating and Corporate Governance Committee considers issues of independence, diversity and expertise in numerous areas, including experience in the premium branded spirits industry, finance, marketing, international experience and culture. The Nominating and Corporate Governance Committee selects individuals of the highest personal and professional integrity who have demonstrated exceptional ability and judgment in their field and who would work effectively with the other directors and nominees to the Board of Directors. The Nominating and Corporate Governance Committee also monitors and reviews the committee structure of the Board of Directors, and each year it recommends to the Board of Directors for its approval directors to serve as members of each committee. The Nominating and Corporate Governance Committee conducts an annual review of the adequacy of the Nominating and Corporate Governance Charter (described below) and recommends proposed changes. The members of our Nominating and Corporate Governance Committee are Messrs. Morrison (Chair), Beaudette and Tighe. Each member of the Nominating and Corporate Governance

Committee is “independent” under the standards established by the SEC and AMEX.

Attendance at Board, Committee and Annual Stockholders’ Meetings

The Board of Directors met seven times during the Company’s 2007 fiscal year. Each of our directors is expected to attend each meeting of the Board of Directors and the committees on which he serves. In the Company’s 2007 fiscal year, each of our directors attended at least 75% of the meetings of the Board of Directors and of the committees on which he or she served, except Phillip Frost, MD. We do not currently have a policy requiring attendance of our directors at our annual meetings of stockholders. All of our directors, except Dr. Frost, attended the 2006 Annual Meeting of Stockholders.

Communications from Stockholders to Board members

Our Board of Directors believes that it is important to offer stockholders the opportunity to communicate with our directors. Stockholders who wish to communicate with the Board may do so by sending written communications addressed to the Corporate Secretary, Castle Brands Inc., 570 Lexington Avenue, 29th Floor, New York, NY 10022 or by email to Board@castlebrandsinc.com. Communications emailed to this address are automatically forwarded to all of members of the Board of Directors. Written communications received by the Corporate Secretary, currently Mr. Seth Weinberg, are reviewed for appropriateness. Mr. Weinberg, in accordance with Company policy, at his discretion may elect not to forward items that are deemed commercial, frivolous or otherwise inappropriate for consideration by the Board of Directors. In such cases, correspondence may be forwarded elsewhere for review and possible response.

Corporate Governance Guidelines

On November 10, 2005, the Board of Directors adopted a Nominating and Governance Charter that sets forth (i) corporate governance principles intended to promote efficient, effective and transparent governance, and (ii) procedures for the identification and selection of individuals qualified to become directors. At the same time, the Board of Directors also adopted a Code of Business Conduct, which applies to all of our directors, executive officers and employees. The Code of Business Conduct sets forth our commitment to conduct our business in accordance with the highest standards of business ethics and to promote the highest standards of honesty and ethical conduct by our directors, executive officers and employees.

Among other matters, our Nominating and Governance Charter and Code of Business Conduct set forth the following governing principles:

- A majority of the directors on the Board of Directors should be “independent” as defined in the rules adopted by the SEC and AMEX.
- In order to facilitate critical discussion, the independent directors are required to meet apart from other board members and management representatives.

7

-
- Compensation of our non-employee directors should be a combination of cash and equity-based compensation. Employee directors are not paid for their board service in addition to their regular employee compensation.
 -

Directors, executive officers and all employees must act at all times in accordance with the requirements of our Code of Business Conduct. This obligation includes adherence to our policies with respect to conflicts of interest; full, accurate and timely disclosure; compliance with securities laws; confidentiality of our information; protection and proper use of our assets; ethical conduct in business dealings, and respect for and compliance with applicable law. Any change to, or waiver of the requirements of, the Code of Business Conduct with respect to any director, principal financial officer, principal accounting officer or persons performing similar functions may be granted only by the Board of Directors. Any such change or waiver will be promptly disclosed as required by law or AMEX regulations.

Our Nominating and Corporate Governance Charter is posted on our Investor Relations web site at <http://investors.castlebrandsinc.com>.

Stockholder Nominations

Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors may do so by submitting a written recommendation to: Castle Brands Inc., 570 Lexington Avenue, 29th Floor, New York, New York 10022, Attn: Secretary. Each submission must be accompanied by contact information for two business references and a signed, written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. Submissions by shareholders must be received by the Secretary of the Company not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders.

Our by-laws prescribe an alternative procedure with regard to the nomination by stockholders of candidates for election as directors (the "Nomination Procedure"). The by-laws provide that a stockholder seeking to nominate candidates for election as directors at an annual meeting of stockholders must provide timely notice in writing. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after that anniversary date, notice by the stockholder in order to be timely must be received not later than the close of business on the tenth day following the date on which notice of the date of the annual meeting was mailed to stockholders or made public, whichever first occurs. Our by-laws also specify requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from making nominations for directors at an annual meeting of stockholders. Any such nomination should be mailed to: Castle Brands Inc., 570 Lexington Avenue, 29th Floor, New York, New York 10022, Attn: Secretary.

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Committee has the sole authority and responsibility to review and determine, or recommend to our Board of Directors for determination, the compensation package of our Chief Executive Officer and each of our other named executive officers, each of whom is identified in the “Fiscal 2007 Summary Compensation Table” below. Our Compensation Committee also considers the design and effectiveness of the compensation program for our other executive officers and approves the final compensation package, employment agreements and stock option grants for all of our executive officers. Our Compensation Committee is composed entirely of independent directors who have never served as officers of our company. Other information concerning the structure, roles and responsibilities of our Compensation Committee is set forth in “Proposal One: Election of Directors – Compensation Committee” section of this proxy statement.

A discussion of the policies and decisions that shape our executive compensation program, including the specific objectives and elements, is set forth below.

Executive Compensation Objectives and Philosophy

The objective of our executive compensation program is to attract, retain and motivate talented executives who are critical for the continued growth and success of the company and to align the interests of these executives with those of our stockholders. In order to achieve this objective, in addition to annual base salaries, our executive compensation program utilizes a combination of annual incentives through cash bonuses and long-term incentives through equity-based compensation. In establishing overall executive compensation levels, our Compensation Committee considers a number of criteria, including the executive’s scope of responsibilities, prior and current period performance, compensation levels for similar positions at companies in our industry and attainment of individual and overall company performance objectives and retention concerns. Our Chief Executive Officer and our Compensation Committee believe that substantial portions of executive compensation should be linked to the overall performance of the company and its brand-building activities, and that the contribution of individuals over the course of the relevant period to the goal of building long-term brand and shareholder value will be considered in the determination of each executive’s compensation. We do not target a specific competitive position, but rather consider the compensation that is earned by executives and professionals in similar positions, our business performance and the challenges we are currently facing as we establish the various elements of our compensation program each year.

Generally, our Compensation Committee reviews and, as appropriate, modifies compensation arrangements for executive officers in the first quarter of each fiscal year, subject to the terms of existing employment agreements with our named executive officers, as discussed below. Other than with respect to the compensation of Mr. Andrews, our Compensation Committee also takes into consideration the recommendations for executive compensation made by Mr. Andrews, which recommendations are generally presented at the time of our Compensation Committee’s annual review of executive performance and compensation arrangements. In making such recommendations, Mr. Andrews considers the overall performance of each executive and their contribution to the growth of our company and its products as well as overall company performance through personal and corporate achievements. As our company is not yet cash-flow positive, the contributions of each executive officer to brand growth, cost management and long-term value creation for our shareholders are considered in Mr. Andrew’s recommendations and the review of the Compensation Committee as well as the retention of our executive officers.

Chief Executive Officer Compensation

The principal factors considered by our Compensation Committee for Mr. Andrew's compensation package are generally the same as those considered by our Compensation Committee in relation to the compensation of the other executive officers. Mr. Andrew's base salary for the 2007 fiscal year of Castle Brands was \$278,646. The material terms of Mr. Andrew's employment agreement are described under "Employment Agreements," below.

11

EMPLOYMENT AGREEMENTS

We utilize employment agreements with our executive officers as part of our compensation philosophy and, accordingly, have entered into employment agreements with each of our named executive officers. We believe that the use of employment agreements helps the company attract and retain qualified executives, and benefits both the company and the executive by providing protection of our intellectual property rights, restricting the executive from competing with the company, and providing increased stability through certain severance benefits.

Certain of the employment agreements provide for, upon execution of the agreement, the grant to the executive of options to purchase shares of our common stock at a price equal to the fair market value of our common stock on the grant date. These stock options are subject to the provisions of our 2003 Stock Incentive Plan. Except as may be determined in the discretion of the Compensation Committee, the stock options granted to each executive vest in equal annual installments until the fourth anniversary of the date of the option grant. Regardless of these vesting provisions, the stock options become 100% exercisable upon the occurrence of a change in control, as more fully described in the "Executive Compensation – Potential Payments Upon Termination and Change of Control" section of this proxy statement.

We also are obligated to provide certain severance payments and benefits if we terminate a named executive officer in certain circumstances, such as upon a change in control, upon non-renewal of the employment agreement or upon termination without cause. Please see the "Executive Compensation – Potential Payments Upon Termination and Change of Control" section of this proxy statement for a full description of these obligations.

Our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

ELEMENTS OF COMPENSATION

Compensation for our named executive officers consists of the following components, each of which is more fully described below:

- Base salary
- Annual Incentives
- Long-Term Equity-Based Incentive Awards
- Severance and Change in Control Benefits
- Perquisites and Other Benefits

The Compensation Committee has the flexibility to use these primary components, along with certain other benefits, in a manner that will effectively implement its stated objectives with respect to the compensation arrangements for each of our named executive officers. Each of the primary components is discussed in more detail below.

Base Salary

In establishing base salaries, the Compensation Committee primarily considers prior and current period performance, scope of responsibilities and compensation levels for similar positions at companies similar to Castle Brands. Base salaries are generally specified under employment agreements with our named executive officers, providing for increases at the sole discretion of the Compensation Committee on an individual basis after consideration of the responsibilities of the executive’s position, the scope of the operations managed, the performance of such operations, the performance of the executive in the position and increases in the cost of living.

The Compensation Committee reviews recommendations made by Mr. Andrews each year with respect to compensation increases. In recent years, Messrs. Andrews, Spillane and Bellinger have received increases to account for adjustments to cost of living and the termination of our payment of car allowances for U.S. employees. In addition,

Mr. Spillane's base salary was raised by the Compensation Committee upon the recommendation of Mr. Andrews, following consideration of the competitiveness of the market for qualified spirits executives and the U.S. case sales growth of our brands during our 2005 and 2006 fiscal years. No determinations have been made yet with respect to what increases, if any, will take place for the company's 2008 fiscal year. Such increases, if any, will be reported in our proxy statement for 2008.

Annual Incentives

In addition to base salaries, our named executive officers are eligible to receive annual cash bonuses, which are considered a key component of the executive compensation program's objective to align the interests of management and our stockholders and motivate participants to achieve company growth and enhanced shareholder value. Cash bonuses payable to executives are based primarily upon achievement of individual and company performance objectives. Annual bonus eligibility is generally set forth in the executive's employment agreement and is expressed as a percentage of base salary (as described above in the section "Employment Agreements – Certain Material Terms of Employment Agreements with Named Executive Officers"). Each of our named executive officers was eligible for a cash bonus for the 2007 fiscal year.

Bonuses are determined by our Compensation Committee after an evaluation of the level of the personal achievement and contribution to the company and its brand development of each executive officer as well as the attainment of individual and company performance goals. The relative performance of individual named executive officers for the 2007 fiscal year was reported by Mr. Andrews to the Compensation Committee. The determination of overall company performance was determined by the Compensation Committee based on our draft audited financial statements for fiscal year 2007, and discussions with Mr. Andrews.

The cash bonuses received in fiscal year 2007 by our named executive officers with contract-specified maximum bonus amounts, with the exception of Mr. Bellinger, were approximately

13

one-half of such maximum amounts, reflecting the view of Mr. Andrews and the Compensation Committee that full cash incentive compensation cannot and should not be offered until the company is cash-flow positive. Mr. Bellinger elected not to receive a cash incentive compensation payment due to certain absences from the office due to personal matters. The Compensation Committee has determined that Mr. Andrews' maximum target should be approximately equal to his base salary for the fiscal year. The Compensation Committee determined that, in a manner similar to that of the other executive officers of the company, Mr. Andrews would receive a bonus of approximately one-half of that amount. Our former Chief Financial Officer, Herbert Roberts, who left the company in March 2007, was not eligible for such a bonus by reason of his departure. In determining the personal achievement of each of the executive officers of the company, individual and team contributions to corporate structure, financing activities, brand growth and potential significant transactions were considered.

Long-Term Equity-Based Incentive Awards

Long-term equity-based incentives are provided by the company to executive officers through the granting of stock options. Stock option grants are designed to align the executive's interests with those of the stockholders and provide each executive officer with a significant incentive to manage the company in a manner which maximizes stockholder value. Stock options are granted pursuant to our 2003 Stock Incentive Plan, which also authorizes grants of restricted

and deferred stock awards. Our Compensation Committee believes that these long-term, equity based compensation awards are an effective incentive for our named executive officers to increase the long-term value of the company's common stock as well as aiding us in attracting and retaining qualified individuals. Our Compensation Committee determines the size of the stock option grants according to each executive's position with, and contribution to, the company and sets a level it considers appropriate to create a meaningful opportunity for stock ownership. In addition, our Compensation Committee takes into account each individual's potential for future responsibility and promotion, the levels of equity ownership of executives in similar positions at comparable companies and the number of options held by that individual at the time of the new grant. As with the other elements of executive compensation, Mr. Andrews makes an initial recommendation to the Compensation Committee as to appropriate levels of long-term equity based compensation grants.

Historically, our Compensation Committee has used stock options exclusively for purposes of awarding long-term equity based compensation to executive officers. Stock option grants are designed to align the executive's interests with those of the stockholders and provide each named executive officer with a significant incentive to manage the company in a manner which maximizes stockholder value, based on the executive's contribution to the company and its brands during the prior fiscal year and consideration of the desire of the company to retain the individual executive in the coming years. Stock option grants are generally subject to a four-year or five-year vesting period, vesting in annual installments beginning one year from the date of the initial award. The Compensation Committee intends to review its exclusive use of stock options and determine if there are more appropriate equity-based alternatives (including, without limitation, restricted stock, performance based stock awards, or stock appreciation rights) which may be used to compensate employees for performance. The committee is currently considering retaining a compensation consultant for this purpose and expects to have the matter fully reviewed by the end of the current calendar year. Due to this ongoing review, long-term equity based incentive awards for the 2007 fiscal year have not yet been granted and such awards will be reflected in fiscal 2008 compensation and discussed in our 2008 proxy statement.

The number of stock options granted to the named executive officers in fiscal year 2007 are set forth in the "Grants of Plan-Based Awards in Fiscal 2007" (which reflect awards granted in fiscal 2007 for work performed by the executive in the 2006 fiscal year) and "Outstanding Equity Awards at 2007 Fiscal Year End" tables of this proxy statement.

Timing of Equity Grants

For all of our employees, including our named executive officers, grants of equity-based compensation are effective on the date that they are approved by our Compensation Committee. All

14

stock option grants to employees, including named executive officers, are made with an exercise price equal to the fair market value of the underlying stock on the date of grant. Our Compensation Committee does not grant equity compensation awards in anticipation of the release of material nonpublic information. Similarly, we do not time the release of material nonpublic information based on equity award grant dates.

Severance and Change in Control Benefits

We provide certain severance and change in control benefits to our named executive officers. You can find detailed information about these benefits in the "Executive Compensation – Potential Payments Upon Termination and Change

in Control'' section of this proxy statement.

Perquisites and Other Benefits

We generally provide the same health and welfare benefits to all of our full-time employees, including our named executive officers, including health and dental coverage, disability insurance, and paid holidays and other paid time off.

We maintain a 401(k) retirement savings plan for the benefit of all of our full-time employees, including our named executive officers.

In addition, we provide a limited number of perquisites to our named executive officers. In April through December of our 2007 fiscal year, we provided automobile allowances to Messrs. Andrews, Bellinger, Soden and Spillane. The value of these perquisites provided to Messrs. Andrews, Bellinger, Soden and Spillane in 2007 was \$8,100, \$8,100, \$20,012 (Based on actual automobile allowance of €15,600 converted to U.S. dollars at a conversion rate of €1.00=U.S. \$1.28282 (the average Euro to dollar conversion rate for the period from April 1, 2006 to March 31, 2007 as listed on Oanda.com)) and \$7,650, respectively. As of January of this year, these automobile allowances (with the exception of the automobile allowance for John Soden) were converted to cash compensation, as they were for all of our other U.S. employees.

Material tax implications of our compensation policy

Tax Deductibility Of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1 million to any of the Named Executive Officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. Our Compensation Committee's policy with respect to section 162(m) is to make every reasonable effort to ensure that compensation is deductible to the extent permitted while simultaneously providing our executives with appropriate compensation for their performance. We did not pay any compensation during its 2007 fiscal year that would be subject to the limitations set forth in section 162(m).

Potential Payments Upon Termination or Change in Control

The following is a description of the potential payments upon termination or a change in control for all of our named executive officers, except Herbert Roberts. Mr. Roberts left the company on March 15, 2007 and payments made to him upon such separation are discussed separately below.

Edgar Filing: Castle Brands Inc - Form DEF 14A

Under employment agreements with our named executive officers, if we terminate the executive's employment without "cause," we have agreed to pay the executive his or her annual base salary, and, for Messrs. Bellinger, Soden and Weinberg, to provide benefits to maintain medical insurance, for 12 months following termination.

In addition, if we terminate any of our named executive officers, except Mr. Bellinger, without "cause", then such officer is entitled to certain acceleration of the vesting of some or all of the stock options granted to such executive pursuant to the terms of such executive's employment agreement.

For Mr. Andrews, any unvested stock option held by him that would have become vested if he continued employment for the 24 month period following his termination will vest on the original vesting schedule of such option.

For Mr. Spillane, any unvested stock option held by him that would have become vested if he continued employment for the 12 month period following his termination will vest at the end of such 12 month period.

For Mr. Soden and Mr. Weinberg, the vesting of any options held will accelerate with respect to the number of shares of our common stock that equals (x) the number of shares that would have vested during the 12 months following termination, multiplied by (y) a fraction, the numerator of which is the number of full calendar months that have elapsed since the last vesting date or the original issue date (if a vesting date has not occurred) and the denominator of which is the number of full calendar months from the last vesting date or the original issue date (if a vesting date has not occurred) to the vesting date during the 12 months following termination.

With respect to either Mr. Andrews or Mr. Spillane, "cause" is defined in his employment agreement as personal dishonesty, willful misconduct, breach of fiduciary duty, or any willful and material violation of laws, rules or regulations (other than traffic or similar offenses).

With respect to Mr. Bellinger, "cause" is defined in his employment agreement as (a) his failure to perform his duties or responsibilities under his employment agreement, for a period of thirty days following specific written demand by us, (b) his engaging in any fraud, embezzlement or material act of dishonesty affecting us, or (c) his conviction for a felony or lesser crime that would require his removal from any federal or state license or permit.

With respect to either Mr. Weinberg or Mr. Soden, "cause" is defined in his employment agreement as (i) personal dishonesty, (ii) willful misconduct, (iii) breach of fiduciary duty, (iv) failure to substantially perform assigned duties relating to executive's performance hereunder, (v) his conviction or entry of any plea of guilty or nolo contendere to any felony or other lesser crime that would require removal from his position with us (e.g. any alcohol or drug related misdemeanor) or (vi) material breach of any provision of his employment agreement for a period of fifteen days after written demand by us.

Non-Renewal of Employment Agreement

If we do not renew the employment agreements of Mr. Soden or Mr. Weinberg, each is entitled to receive his annual base salary and medical benefits for six months.

Termination Due to Disability

Mr. Andrews' employment agreement provides that if we terminate his employment agreement due to a "disability," we must pay him an amount equal to two times his annual base salary.

Mr. Bellinger's employment agreement provides that if we terminate his employment agreement due to a "disability" we must pay him his annual base salary for a period of one year following the date of termination.

The employment agreements of Mr. Weinberg and Mr. Soden each provide that, in each case, if we terminate such executive due to a “disability,” we must pay such executive his annual base salary

19

for a period of one year following the date of termination, minus any other disability benefits provided by us to the executive during this period.

Mr. Spillane’s employment agreement provides that if we terminate his employment agreement due to a “disability,” we must pay him an amount equal to his annual base salary.

With respect to any of Messrs. Andrews, Weinberg, Soden or Spillane, a “disability” is defined in his employment agreement as a failure, because of illness or incapacity, to perform the duties of his employment for six months.

With respect to Mr. Bellinger, a “disability” is defined in his employment agreement as a disability which prevents him from performing the essential functions of his position, with or without reasonable accommodation.

Termination By Employee With Good Reason

Each named executive officer’s employment agreement provides that if he terminates his employment for “good reason,” we must pay the executive his or her annual base salary for a period of one year following the date of termination. In addition, for Messrs. Andrews and Spillane, all unvested options will accelerate if they terminate for “good reason.”

With respect to Mr. Andrews and Mr. Spillane, “good reason” means (a) our failure to perform any obligation under his employment agreement for a period of thirty (30) days following written demand by him, (b) a material diminution in the nature or status of his responsibilities or (c) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature or status of his job responsibilities.

With respect to Mr. Bellinger, “good reason” means (a) our failure to perform any obligation under Mr. Bellinger’s employment agreement for a period of thirty (30) days following specific written demand by Mr. Bellinger, (b) a demotion or significant diminution of his responsibilities or duties, (c) a material loss of title or office, (d) a relocation of his principal place of work to a location of more than fifty miles from our current office or (e) a “change of control” (For the definition of “change of control” for Mr. Bellinger, see “– Change of Control” below).

With respect to either Mr. Weinberg or Mr. Soden, “good reason” means (a) our failure to perform any obligation under his employment agreement for a period of fifteen days following written notice by him, (b) a material diminution in nature, title or status of his responsibilities, (c) a relocation of his principal place of work to a location of more than twenty five miles from our current office or (d) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature, title or status of his job responsibilities.

Any severance payments described under “Termination Without Cause,” “Non-Renewal of Employment Agreement,” “Termination of Employment Due to Disability” and “Termination by Employee with Good Reason” are in consideration of the non-compete provisions contained in each named executive officer’s employment agreement.

For Messrs. Andrews, Spillane, Soden and Weinberg, each is prohibited from, during the term of his employment and for 12 months thereafter, (1) competing with us, (2) soliciting our employees and (3) soliciting our customers.

Mr. Bellinger's employment agreement prohibits him from soliciting our customers to divert their business away from us or soliciting our employees to leave their employment with us during his employment for a period of one year following termination.

Change in Control

If there is a "change of control" during the term of a named executive officer's employment agreement, then such named executive officer is entitled to immediate vesting and settlement of all stock options granted to the named executive officer under our stock incentive plan.

If any of our named executive officers are terminated (including, in the case of Mr. Andrews, a voluntary termination of his own employment) following or in connection with a "change of control"

20

of our company (as defined for each executive below), then the named executive officer will continue to be paid an amount equal to his base salary for a period of two years. Under Messrs. Bellinger, Soden and Weinberg's employment agreements, each such named executive officer is also entitled to continue his benefits for twenty-four months following a termination of employment following or in connection with a "change of control."

With respect to Mr. Andrews and Mr. Spillane, a "change of control" is defined as (a) an acquisition of 35% or more of our outstanding voting stock, with preferred stock on an as-converted basis, that results in a change in our chief executive officer or chairman of the board, by an outside entity, other than directly from us; (b) a merger or consolidation of our company where 49% or more of the voting stock of the surviving company is held by persons other than our former shareholders; (c) twenty percent (20%) or more of the members of the board are elected by shareholders who were not nominated in the most recent proxy statement of our company; or (d) a sale or disposal of substantially all of our assets to an outside entity or entities.

With respect to Mr. Bellinger, a "change of control" is defined as (a) a merger or consolidation of our company where the holders of the voting securities of our company immediately prior to such merger or consolidation fail to hold at least 50% of the voting stock of the surviving entity; or (b) a sale or disposal of all or substantially all of our assets to an outside entity or entities.

With respect to Mr. Weinberg and Mr. Soden, a "change of control" is defined as (a) an acquisition of 35% or more of our outstanding voting stock, with preferred stock on an as-converted basis, that results in a change in our chief executive officer or chairman of the board, by an outside entity, other than directly from us; (b) a merger or consolidation of our company where 49% or more of the voting stock of the surviving company is held by persons other than our former shareholders; (c) during any period of two consecutive years, individuals who at the beginning of such period were members of our board of directors cease to constitute at least a majority thereof (unless the election, or the nomination for election by our stockholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period); or (d) a sale or disposal of substantially all of our assets to an outside entity or entities.

(1) Estimated using the value of COBRA payments at the rates in effect on March 31, 2007.

(2) The estimated amount of benefit was calculated by multiplying the number of options that would accelerate vesting upon the termination circumstance indicated by the difference between the closing price of our common stock on March 31, 2007, which was \$6.93, and the exercise price of the option. For Messrs. Bellinger, Soden and Weinberg, this column shows no benefit, where applicable, since the exercise price of these executives' unvested options is above \$6.93.

- (3) Severance payments would be paid out over the duration of the severance period.
 (4) Paid in a lump-sum payment.
 (5) Severance and benefits paid only if a change in control is followed by a termination (including, in the case of Mr. Andrews, a voluntary termination) of the named executive officer.

Herbert Roberts Separation Agreement

On March 20, 2007, we entered into a Separation Agreement with Herbert Roberts, our former principal financial officer. Pursuant to the Separation Agreement, Mr. Roberts ceased employment with us as of March 15, 2007. We agreed to pay Mr. Roberts a severance payment of \$100,000. We also continued Mr. Roberts' benefits coverage under COBRA for the earlier of (1) March 15, 2008 and (2) the period ending on the date he receives new employment and becomes eligible for new benefits coverage.

The table details the number of securities to be issued upon exercise of outstanding options under the Plan, the weighted average exercise price of outstanding options and the number of securities remaining available for future issuance under the Plan.
