-

**ITEM 2.02 Results of Operations and Financial Condition**

On April 22, 2008, Pentair, Inc. issued a press release announcing its earnings for the first quarter of 2008 and a conference call in connection therewith. A copy of the release is furnished herewith as Exhibit 99.1 and incorporated herein by reference.

This press release refers to certain non-GAAP financial measures and includes a reconciliation of those non-GAAP financial measures to the corresponding financial measures contained in the Company's financial statements prepared in accordance with generally accepted accounting principles. Free cash flow and conversion of income from continuing operations are non-GAAP financial measures that we use to assess our cash flow performance. We believe free cash flow and conversion of income from continuing operations are important measures of operating performance because they provide us and our investors a measurement of cash generated from operations that is available to pay dividends, repurchase common stock and repay debt. In addition, free cash flow and conversion of income from continuing operations are used as a criterion to measure and pay compensation-based incentives. Our measure of free cash flow and conversion of income from continuing operations may not be comparable to similarly titled measures reported by other companies.

The information contained in this Current Report shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into a filing under the Securities Act of 1933, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

**ITEM 9.01 Financial Statements and Exhibits**
