REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrator and Trustees of

Bright Horizons Family Solutions, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of **Bright Horizons Family Solutions, Inc. 401(k) Plan** as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the Net Assets Available for Benefits of the Plan as of December 31, 2005 and 2004, and the Changes in Net Assets Available for Benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i Schedule of Assets (Held at End of Year) and schedule H, line 4j Schedule of Reportable Transactions as of December 31, 2005 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Bright Horizons Family Solutions, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

1. *General* The Plan is a defined contribution plan that is available to all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Eligibility* All employees are eligible to participate in the Plan on the first day of the month after having completed six months and 500 hours of continuous service, provided they are then at least 20 1/2 years of age.
3. *Contributions* Participants are permitted to contribute up to 50% of pretax compensation as defined in the Plan up to a maximum of \$14,000 and \$13,000 for the years ended December 31, 2005 and 2004, respectively. Catch-up contributions are permitted for participants reaching age 50 during the Plan year.

Contributions are made by the Company bi-weekly after participants have completed one year of service, equal to 25% of the first 8% of the participant's compensation contributed by the participant for each of the bi-weekly pay periods. The Company may also make an additional discretionary contribution, as determined annually by the Company. For the Plan years ended December 31, 2005 and 2004, respectively, the Company did not make any additional discretionary contributions.

4. *Vesting* Employees are immediately vested in their own contributions and related earnings. Company contributions to participants and earnings thereon are vested 20% after the second year of employment and 20% for each year thereafter, such that a participant is 100% vested after six years of continued employment.
5. *Participant Accounts* Each participant's account is credited with the participant's contributions and earnings (losses); thereon, and an allocation of the Company's contributions and Plan earnings. Allocations of earnings (losses) are based on account balances, as defined. Employer profit sharing contributions are allocated based on employee compensation amounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Each participant directs the investment of his or her account balance in the various investment funds of the Plan.

6. *Forfeitures* The distribution and allocation of Company profit sharing and matching contributions forfeited are first made available to reinstate previously forfeited Company profit sharing or matching contributions account balances of rehired, former participants provided certain provisions in the Plan Agreement are met. The remaining forfeitures are used to reduce Company matching contributions or to reduce Plan expenses for the Plan year in which such forfeitures occur. At December 31, 2005 and 2004 forfeited non-vested accounts totaled \$208,730 and \$130,497, respectively. Forfeitures in the amount of \$112,016 and \$112,589 were used to reduce Company matching contributions during 2005 and 2004, respectively.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedules have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition The Plan's investments, except the investments in the guaranteed investment contract, are valued at fair value based upon the quoted market prices of the underlying securities within each fund at December 31, 2005 and 2004. The investments in the guaranteed investment contract is presented at contract value, which approximates fair value, as plan management has determined that the investment contracts are fully benefit responsive. Contract value represents the accumulated contributions plus accrued net earnings, less distributions. The crediting interest rate and the average return of the investment contracts held by the guaranteed investment contract at December 31, 2005 and 2004 was 3.3% and 4.0%, respectively. The interest rates on the guaranteed investment contract are reset on a semi-annual basis. Participant loans are valued at their outstanding balances which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits Benefits are recorded when paid.

Administrative Expenses Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as deductions. Other expenses (such as legal, audit and consulting fees) incurred in the administration of the Plan are paid for by the Company.

Plan Termination Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

At December 31, 2005 and 2004, liabilities of \$123,951 and \$93,893, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 5 TAX STATUS

Effective January 1, 1997, the Plan adopted a non-standardized form of prototype 401(k) profit sharing plan. The Plan obtained its latest determination letter on February 25, 2005, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by the Trustee, Massachusetts Mutual Life Insurance Company, a party-in-interest with respect to the Plan. The total fees paid by the Plan to Massachusetts Mutual Life Insurance Company during 2005 amounted to \$164,055. The Plan also has investments in Bright Horizons Family Solutions, Inc. common stock. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the Internal Revenue Code of 1986 (the "IRC"), as amended.

NOTE 7 NEW ACCOUNTING PRONOUNCEMENT

On December 29, 2005, the Financial Accounting Standards Board (FASB) issued a Staff Position paper (FSP) on the *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*. This FSP amends the guidance in AICPA Statement of Position 94-4, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans*, with respect to the definition of fully benefit-responsive investment contracts and the presentation and disclosure of fully benefit-responsive investment contracts in plan financial statements. The FSP requires that investments in common/collective trusts that include benefit-responsive investment contracts be presented at fair value in the statement of net assets available for benefits and that the amount representing the difference between fair value and contract value of these investments also be presented on the face of the statement of net assets available for benefits. The FSP is effective for financial statements for annual periods ending after December 15, 2006, with earlier application permitted. The FSP must be applied retroactively to all prior periods presented. The Plan intends to adopt the FSP for the Plan year ending December 31, 2006.
