REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Education Realty Trust, Inc.
Memphis, Tennessee

We have audited the accompanying combined statements of certain revenues and certain expenses of the Place Portfolio for the year ended December 31, 2005. This financial statement is the responsibility of Place Portfolio's management. Our responsibility is to express an opinion on this combined financial statement based on our audit. We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statement is free of material misstatement. The Place Portfolio is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Place Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of certain revenues and certain expenses of the Place Portfolio was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in Form 8-K/A of Education Realty Trust, Inc. and is not intended to be a complete presentation of Place Portfolio's revenues and expenses.

In our opinion, the combined statement of certain revenues and certain expenses presents fairly, in all material respects, the combined certain revenues and certain expenses of the Place Portfolio as described in Note 1 for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Place Portfolio
Notes to combined statement of certain revenues and certain expenses
Year ended December 31, 2005
(Dollars in thousands)

1. Basis of presentation

The accompanying combined statement of certain revenues and certain expenses includes the combined operations for the period presented of thirteen student-housing rental properties known as the Place Portfolio. On January 6, 2006, Education Realty Operating Partnership, L.P., a Delaware limited partnership (the Operating Partnership) which is the operating partnership subsidiary of Education Realty Trust, Inc., a Maryland corporation, purchased the Place Portfolio for a contract price of approximately \$195,000 in cash, partnership units, and assumed liabilities and debt from Place Properties, L.P., a Tennessee limited partnership, and Place Mezz Borrower, LLC, an affiliate (collectively referred to as Place). Prior to the acquisition, each property was owned by a special purpose entity, each of which was a separate wholly-owned limited liability company or limited partnership subsidiary of Place. The acquisition was effected through the Operating Partnership's acquisition of all of the membership or partnership interests of each special purpose entity. The accompanying statement was prepared on a combined basis as the thirteen properties were commonly owned and managed by Place.

The accompanying combined statement of certain revenues and certain expenses for the year ended December 31, 2005 was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for the acquisition of real estate properties. The combined statement of certain revenues and certain expenses is not intended to be a complete presentation of the actual operations of the properties for the year ended December 31, 2005 as certain expenses which may not be comparable to the expenses to be incurred in the proposed future operations of the Place Portfolio have been excluded. Expenses excluded consist of interest expense, management fees, depreciation, amortization, and certain corporate expenses not directly related to the future operations of the Place Portfolio. In the opinion of management of the Place Portfolio, all adjustments considered necessary for a fair presentation have been included.

The Place Portfolio includes 5,894 beds and consists of the following properties:

Property	City	State	University
Troy Place	Troy	AL	Troy State University
Jacksonville Place	Jacksonville	AL	Jacksonville State University

2. Summary of significant accounting policies

Revenue recognition

Rental income is comprised of all activities related to leasing activities. Students are required to execute lease contracts with payment schedules that are generally for a term of twelve months or less. Receivables from tenants are recorded when due from residents and revenue is recognized on a straight line basis over the term of the lease agreement.

The future minimum rental income to be received, based on leases in place at December 31, 2005, is approximately \$13,554.

Allowance for doubtful accounts

Management monitors the creditworthiness of its tenants on an on-going basis and records a reserve against the related accounts receivable when appropriate.

Property operating expenses

Property operating expenses represent the direct expenses of operating the properties and consist primarily of common area maintenance, bad debts, security, utilities, insurance, advertising and promotion, general and administrative, and other operating expenses that are expected to continue in the ongoing operation of the properties.

Capitalization

Expenditures for ordinary maintenance and repairs are expensed as incurred and significant renovations and improvements that improve and/or extend the useful life have been capitalized.

Use of estimates

The preparation of the combined statement of certain revenues and certain expenses in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of certain revenues and certain expenses. Actual results could differ from those estimates.

Commitments and contingencies

In the normal course of business, the Place Portfolio is subject to claims, lawsuits, and legal proceedings. While it is not possible to ascertain the ultimate outcome of such matters, in management's opinion, the liabilities, if any, in excess of the amounts provided or covered by insurance, are not expected to have a material adverse effect on the results of operations.

3. Subsequent event

As discussed in Note 1, on January 6, 2006, the Place Portfolio was acquired by the Operating Partnership of Education Realty Trust, Inc. pursuant to a Contribution Agreement. The acquisition was effected through the Operating Partnership's acquisition of all the membership or partnership interests of each special purpose entity that previously held the interests. The Operating Partnership paid a total purchase price of \$205,117, including closing costs of approximately \$7,960. Consideration included; 36,954 partnership units valued at \$500, approximately \$105,102 in cash including closing costs, assumed liabilities of \$855, and assumption of the following interest-only mortgage debt of approximately \$98,660:

Property	Principal Amount	Loan Origination date	Maturity date	Interest rate	Monthly interest payment
Troy Place	\$ 9,440	12/2004	12/2009	6.439%	\$ 51

Property	Principal Amount	Loan Origination date	Maturity date	Interest rate	Monthly interest payment
River Place	13,680	12/2004	12/2009	6.439%	73
Murray Place	6,800	12/2004	12/2009	6.439%	36
Cape Place	8,520	12/2004	12/2009	6.439%	46

Martin Place	8,960	12/2004	12/2009	6.439%	48

At the closing of the acquisition, a lease agreement was entered into whereby Place (the Lessee) will lease each of the acquired properties for an initial term of five years, effective as of January 1, 2006. The agreement provides for the Lessee to pay the Operating Partnership base rent in the aggregate amount of approximately \$13,736 per year during the initial term. The Lessee also will be required to pay the Operating Partnership additional rent under certain circumstances as described in the agreement. The Lessee is also required to maintain a letter of credit in the amount of \$5,000 to secure its obligation to pay rent to the Operating Partnership during the initial term of the lease agreement. At the end of the initial term of the agreement, the Lessee may be entitled to terminate the letter of credit.
