PFG Merger

1.18.08

We publicly announced today that PFG has entered into a definitive merger agreement with The Blackstone Group and Wellspring Capital Management. A press release announcing this agreement will cross the wires at approximately 8 a.m. eastern time today.

Under the terms of the agreement Blackstone will acquire all the outstanding common stock of PFG for \$34.50 per share. The price represents a significant premium over the recent closing price of our stock.

Blackstone is one of the largest private equity/investment firms in the world. Their portfolio includes household names, such as Hilton Hotels.

Wellspring is a private investment company that acquires and grows leading companies, like PFG.

The deal will be structured as a combination of PFG and Vistar Corporation, a company already part of the Blackstone/Wellspring portfolio.

Vistar is the leading food away from home distributor specializing in the Italian, pizza, vending, office coffee, and theater markets. The merger is expected to close at the end of the second quarter of 2008, subject to the approval of our shareholders. A shareholders meeting will be scheduled for a future date.

Financing has already been committed for the transaction.

Why did we make this decision?

The Blackstone/Wellspring (B/W) offer provided our shareholders with a significant premium to our current stock price. In addition, they are committed to our industry, and they believe that our organization is the best platform for growth. By partnering with B/W, we will have considerable opportunities and resources to grow our business. Their investment in our company is a significant one, and it demonstrates B/W's belief in the value of our people, systems, customers, brands and service.

Following the transaction, PFG will be a private company and that means that we will no longer have publicly traded stock. Therefore, we will no longer be subject to current SEC reporting and filing requirements.

We are sensitive that this announcement and its timing may come as a surprise to many of our associates, customers, vendors, and suppliers. We've worked hard to find a partner who would provide significant shareholder value and continue to enhance our ability to execute our strategies.

To support you as you talk to these audiences, we will provide you with talking points and FAQs. We will also provide you with a copy of the associate Straight Talk that will be sent later today.

Our vendors, suppliers and customers will be being notified about the agreement beginning today. We expect that there will be little to no impact on our operations. We will also provide talking points and FAQs for our sales force on the InsidePFG sales site. In addition, we will send you a local customer communication list for your reference.

Many of you may be asking who is going to run the company and what will the management structure look like? Keep in mind that as a publicly traded company, we are committed to maximizing the return to our shareholders. In order to ensure there was no conflict of interest, we did not have discussions regarding the possible new structure. We expect that these discussions will begin in the near future.

This represents a significant equity investment for Blackstone and Wellspring, and we believe that they, like we, have every interest in keeping the continuity of our management team.

We do know is that the company's headquarters will remain in Richmond, VA, and we do not believe that there will be any significant impact to our operating companies.

Over the next few months, we will be working on synergies and planning for the strategic integration of the Vistar business with PFG. As these decisions are made, we will continue to keep you updated.

As I mentioned earlier, a Straight Talk will be sent to all PFG associates today after the press release crosses the wires, although we do anticipate that some associates will learn of the agreement via the press release. To assist you in fielding their questions, we are sending you Management Talking Points. Please adhere to these talking points as you meet with your management teams and then your associates this morning. **At this juncture, it is imperative that you do not speculate beyond the information that is provided to you.** If you receive any media calls, please contact Cheryl Moore in our corporate communications area for handling. Her mobile number is 804-840-6522.

Over the next several weeks, the Executive Team and I will be holding town hall meetings at many opcos, as well as here at West Creek, to address associates' questions.

FAQ Documents relating to stock options, restricted stock, deferred compensation, SERP, 401(k) and related matters will be distributed early next week to help associates with upcoming elections/decisions and questions.

In closing, I want to assure you that this is a positive move for our associates and our shareholders. And, let me reiterate that our goal is always to maximize our shareholders' value. I believe that this transaction provides value to our shareholders with a significant premium, provides growth for our company, and provides future opportunities for our associates. We are excited that Blackstone and Wellspring, companies with strong resources and reputations, appreciate the inherent value of our associates, customer loyalty, product brand, and our leading technology within the foodservice distribution industry.

During this transition period, I am counting on each of you to uphold your leadership within this company, to re-assure our associates of their continued success at PFG, to be positive about the opportunities this merger will afford us, to continue our excellent service to our customers, and to not let this process distract us from running our businesses with honesty and integrity.

Thank you.
