This Annual Report on Form 10-KSB contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are subject to risks, uncertainties, and other factors, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. PART I

ITEM 1. DESCRIPTION OF BUSINESS.

American Commerce Solutions, Inc., was incorporated in Rhode Island in May 1991 under the name Jaque Dubois, Inc. and was re-incorporated in Delaware in 1994. In July 1995, the Company's name was changed to JD American Workwear, Inc. In December 2000 the shareholders voted to change the name of the company to American Commerce Solutions, Inc. to more accurately portray the activities of the company.

American Commerce Solutions, Inc. (the "Company" or "American Commerce") is

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

a multi-industry holding company for its operating subsidiaries. As of the close of its most recently completed fiscal year end, the Company had one wholly owned subsidiary operating in the manufacturing segment. The operating subsidiary is International Machine and Welding, Inc. located in Bartow, FL.

The Company intends to expand its holdings by acquiring additional subsidiaries to facilitate its business plan. The current business plan has been in development since June 2000.

International Machine and Welding, Inc. provides specialized machining services for heavy industry. Target customers in the region include mining, agriculture processing, maritime, power generation and industrial machinery companies. Additional operations include heavy equipment service to the construction, forestry, waste and scrap industries. The operation provides complete service of the equipment, which includes rebuilding undercarriages, engines, transmissions, final drives and hydraulics. The effective service area for the operation located in the Southeastern region of the United States is a prime and lucrative market for such services. Growth in this region of the United States (population, infrastructure, and building) has created long term needs for construction equipment. All of these machines require periodic maintenance, and at certain points major overhauls. In addition to its 38,000 square foot facility, the operation also provides fully equipped field service vehicles so machines do not have to be removed from the work site. Normally, the Company as an "independent" is more competitive than the "factory" centers. In most cases the operation can turn work in a quicker and more cost effective manner.

International Machine and Welding, Inc. also sells OEM and after-market repair parts for heavy equipment. The operation has an extensive cross-reference listing and network of sources. One of the major competitive advantages of the operation is its ability to determine exactly what the customer needs and fulfill the requirement. In many cases, the customer may not have service manuals or to be able to identify part numbers. If a customer has more than one type of machine, which is quite common, they may have to contact a number of different suppliers to get parts for multiple machines. Our operation identifies the required parts and arranges the necessary repairs. As a result, the customer only has to make one phone call for all of their needs. This also makes International Machine and Welding, Inc. an attractive alternative for sales to customers outside the United States. Orders can be accumulated throughout the month and be sent on consolidated shipments. This has created a niche market for the direct parts sales division. The operation currently has two customer relationships in the Caribbean. Management believes that this market has not been fully targeted by its competitors and offers potential as a source of increased business.

The Board of Directors of American Commerce Solutions, Inc. has determined that it will seek to acquire additional manufacturing operations and construction operations that utilize heavy equipment. Additional segments being considered are manufacturing supply operations, consumer products and commercial construction support services.

3

ACQUISITIONS AND DIVESTITURES

The Company sold back to its original founder the assets and certain liabilities of its JD American Workwear, Inc. operation and all of the Rhode Island Truck and Equipment, Inc. operations on May 31, 2001 and October 31, 2001, respectively. The terms and conditions of these transactions have been reported in their respective Form 10-QSB for the period ended May 31, 2001 and November 30, 2001 and are incorporated by reference herein.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

On June 1, 2000, the Company completed the purchase of International Machine and Welding, Inc. by acquiring all of the outstanding capital stock of its holding company, Patina Corporation for a total purchase price of \$4,446,159. The acquisition was accounted for using the purchase method of accounting and, accordingly, International Machine and Welding, Inc.'s results of operations have been included in the consolidated financial statements since the date of acquisition. The acquisition was funded by the issuance of 9,800 shares of Series C 6% Preferred Stock.

On June 1, 2000, the Company completed the purchase of Rhode Island Truck and Equipment Corp. d/b/a International Paving, Inc. by acquiring all its outstanding capital stock for a total purchase price of \$238,000. The acquisition was funded by the issuance of 200,000 shares of common stock.

On June 1, 2001, the Company discontinued the operations of its JD American Workwear, Inc. subsidiary and exchanged certain assets and liabilities with the President of the subsidiary for 725,000 shares of the Company's common stock and notes payable of \$43,115. On October 31, 2001, the Company returned all of the stock of Rhode Island Truck and Equipment Corp. to its original owners in exchange for 155,000 shares of the Company's common stock.

BUSINESS STRATEGY

The Company has adopted a business strategy that focuses on expansion through acquisitions of companies that are synergistic to the existing subsidiary operations. The key elements must include solid management, profitability, geographically compatible and can be enhanced by shared services and opportunities.

Under the current strategy, the Company is developing three divisions of its chosen segment: Manufacturing.

Manufacturing Division. This division was formed to house the operations of International Machine and Welding, Inc. Its operations include a 38,000 square foot machine shop and sales of heavy equipment, parts and service.

PRODUCTS, SERVICES AND FEATURES

MANUFACTURING SEGMENT

The Manufacturing Division through International Machine and Welding, Inc. offers a broad range of products and services to heavy industry through its three subdivisions. The operations of Division 1 provide specialized machining of very large components and machinery repair to industries such as aerospace, agricultural processing, chemical, defense, mining, maritime and power generation. Our 38,000 square foot facility located in Bartow, Florida is one of the only operations in the Southeast capable of machining components up to 55 feet in length and/or 20 feet in diameter. Division 2 provides heavy equipment service (parts and labor), which includes repair and bonded rebuilds of engines, tracks, undercarriages, transmissions, final drives and hydraulic systems on heavy equipment. The equipment we repair is from the heavy construction industry including bulldozers, scrapers, loaders, excavators, large tractors, rollers, etc. The division provides field service via a fleet of fully equipped service trucks to provide repairs at the customer's site. Division 3 sells replacement parts to the heavy equipment market, directly to the end user with most of the parts exported outside the United States.

4

MANUFACTURING AND SOURCES OF SUPPLY

Manufacturing Segment

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

Supplies and parts used by International Machine and Welding, Inc. are purchased from several major suppliers including Caterpillar, John Deere, Case and other major manufacturers and after market parts suppliers. The machining operations purchase from many suppliers based on the need of specific jobs. Although the operations do not have any long-term contracts with any of its suppliers, management believes that it has excellent business relationships with its current suppliers and it is not exposed to any significant risk in the event any one source of supply is discontinued, because there are many suppliers.

MARKETING AND SALES

Manufacturing Segment

International Machine and Welding, Inc. operates three subdivisions at one location. Division 1 sales have traditionally come from industries within a 100-mile radius of its facilities requiring specialized machining applications. Direct salesmen have established relationships with specific customers and the Company has expanded the business relationship through quality, rapid turn and value. While this business is quite lucrative, visibility is limited. The operation intends to expand its operations in the OEM market, where the subsidiary provides components to manufacturers of large machines. These types of accounts generally involve annual contracts with three-month rolling schedules. The expansion of the market also is expected to increase the serviceable territory from the Southeast to include the entire United States.

Direct sales personnel who primarily target mid-tier accounts handle sales for Division 2 and 3. We believe that this broad niche market is largely untapped by the larger factory-sponsored operations which cater specifically to very large accounts. Margins are typically very slim in these accounts and a large percentage of customer base is represented by very few accounts. Because we are an independent repair facility, we can provide service to a much broader base of customers with greater margins than the large factory-sponsored competitors. Division 2 has recently expanded its sales force to address the total available market. Anticipating growth of sales, the Company has installed additional specialized equipment to service undercarriages, which represents approximately 37% of the Company's repair revenue. The recent installation of an additional track press will allow this division to double its capacity.

COMPETITION

Manufacturing Segment

The principal competitors of the Manufacturing Division consists of regional companies such as Southern Machinery, Florida Plating and Machine, Arroyo and Florida Metallizing in the machining operations and national corporations such as Ringhaver Equipment, Caterpillar, and Case repair facilities in the heavy equipment parts and service category. Management believes that the ability to rapidly turn goods or to provide parts on a timely basis gives it a competitive advantage. We are able to ship parts directly to the consumer, usually on the same day as the order or to return all service work within the time specified either by completing the work at the customers site or because of immediate turnaround capabilities.

Customer Dependence

International Machine and Welding, Inc. has a broad and diverse base of customers. The division does not rely on any single customer, the loss of which would have a material adverse effect on the segment. This division does generate a significant amount of revenues from sales and services provided to three different industries. The construction industry accounted for approximately 31.7% of the division's revenues in fiscal 2003 compared to 28.9% in fiscal

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

2002, while the industrial and mining industries accounted for approximately 26.6% and 29.3% in fiscal 2003 compared to 18.4% and 20.0% in fiscal 2002, respectively, of the division's total revenues. Due to these concentrations, the results of operations of the division could be affected by changes in the economic, regulatory, or other related conditions impacting on these industries.

5

CUSTOMER DEPENDENCE

International Machine and Welding, Inc. has a broad and diverse base of customers. The division does not rely on any single customer, the loss of which would have a material adverse effect on the segment. During fiscal 2003 five customers provided more than 5% of sales each. These customers were IMC Phosphates Company 14.96%, Vehicare 13.68%, Wadsworth 6.87%, Southern Developers 6.74%, Kovacs 6.09% and Tuco Peat 5.23%.

EMPLOYEES

At May 15, 2003, the Company and its subsidiaries had 23 employees devoting full-time hours, no part time employees and 1 contractors. Of these workers, two are performing executive, management and marketing functions, two are performing accounting, financial and office functions, three provide sales functions and the remainder provide support, maintenance or fulfill shop operation requirements. The parent operation has three full time employees. The Manufacturing Division employs 20 full time employees.

FORWARD LOOKING STATEMENTS

This Annual Report on Form 10-KSB (including the Exhibits hereto) may contain "forward-looking statements" within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding, among other things, the financial condition and prospects of the Company and its subsidiaries, results of operations, projections, plans for future business development activities and the opportunities available within its market areas, capital spending plans, financing sources, projections of financial results or economic performance, capital structure, the effects of competition, statements of plans, expectations, or objectives of the Company, and the business of the Company and its subsidiaries. These forward-looking statements are typically identified by words or phrases such as "believe," "expect," "anticipate," "plan," "estimate," "intend," and other similar words and expressions, or future or conditional verbs such as "will," "should," "would," and "could" and other characterizations of future events or circumstances. In addition, the Company may from time to time make such written or oral "forward-looking statements" in future filings with the Securities and Exchange Commission (including exhibits thereto), in its reports to stockholders, and in other communications made by or with the approval of the Company.

These forward-looking statements reflect the current views of the Company at the time they are made and are based on information currently available to the management of the Company and upon current expectations, estimates, and projections regarding the Company and its industry, management's beliefs with respect thereto, and certain assumptions made by management. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors (many of which are outside the control of the Company), which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. Such forward-looking statements speak only to the date that such statements are made, and the Company undertakes no obligation to update any forward-looking statements, whether as the result of new information, future events, the occurrence of unanticipated events, or otherwise. The following sets forth some,

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

but not necessarily all, of the factors that may cause the Company's actual results to vary materially from those which are the subject of any forward-looking statements.

RISK FACTORS

Accumulated Deficit and Operating Losses and Anticipated Earnings; Explanatory Language in Auditor's Report. The Company had an accumulated deficit at February 28, 2003 of \$11,918,918 and net loss to common shareholders of \$347,910 for the year ended February 28, 2003. The Company had an accumulated deficit of \$11,528,008, and net loss to common shareholders of \$1,542,919 for the year ended February 28, 2002. The Company had positive cash flow of \$275 for the fiscal year February 28, 2003 as opposed to negative cash flow for the year ended February 28, 2002 of \$20,677. The Company's financial statements are presented on the basis that the Company is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business. While there can be no assurance of this outcome, management believes its plan of operation will allow the Company to achieve this goal.

6

Growth Plans and Risk of Expansion. The Company adopted and implemented a business strategy, which seeks growth and expansion through the acquisition of synergistic companies. Accordingly, the growth and financial performance of the Company will depend, in large part, upon the Company's ability to identify and locate suitable acquisitions, to manage such growth and the resultant diverse operations, to manage the margins of the acquired operations, and to attract, hire, train, and retain qualified supervisory personnel and other operational employees to meet the Company's needs as it expands, as well as the availability of sufficient working capital. Difficulties resulting from the failure of the Company to manage and control its growth could materially adversely affect the Company's operating results and financial condition.

No Assurance of Acquisitions. The Company has limited acquisition experience and, although from time to time it has had preliminary discussions with potential acquisition candidates, the Company has not entered into any such transactions since June 2000. The Company does have current understandings, arrangements, or agreements (oral or written) relating to specific acquisitions, but has not secured funding to close the potential acquisitions. There can be no assurance that any acquisition candidate will be interested in such a transaction, that an acquisition transaction will be successfully negotiated or consummated, or that the Company will be able to finance any such acquisition. Furthermore, there can be no assurance that the Company will be able to identify other suitable acquisition candidates in the future that would be interested in such a transaction. To the extent that acquisitions are consummated, the Company may have difficulty in successfully integrating the acquired business into the Company or may lack the management skills or systems necessary to adequately implement the Company's strategy. Furthermore, once integrated, acquisitions may not achieve comparable levels of revenues, profitability, or productivity as existing Company operations, or otherwise perform as expected (including the potential failure to achieve expected synergies or other anticipated financial benefits). The Company is unable to predict whether or when any prospective acquisition candidate will become available or the likelihood that an acquisition will be completed should any negotiations commence. The Company will face competition for such acquisitions from entities that have substantially greater resources than the Company.

Acquisition Risks. Acquisitions involve a number of special risks, some or all of which could have a material adverse effect on the Company's results of operations or financial condition. Such risks include, but are not limited to, the diversion of management's attention from core operations, difficulties in the integration of acquired operations and retention of personnel, customers,

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

and suppliers, unanticipated problems or legal liabilities, tax and accounting issues, and the inability to obtain all necessary governmental and other approvals and consents.

Need for Additional Financing. Cash flow from operations and the sale of securities provided the working capital needs and principal payments on long-term debt through most of fiscal 2003. However, the Company will need to obtain additional financing in order to finance its acquisition and growth strategy. There can be no assurance that debt or equity financing will be available to the Company on acceptable terms, if at all. If the Company does require additional financing and it cannot be obtained or the terms of such financings are unfavorable, it may have a material adverse impact on our operations and profitability, and the Company may need to curtail its business plan and strategy

Loss of Certain Members of Our Management Team Could Adversely Affect the Company. The Company is dependent to a significant extent on the continued efforts and abilities of our Chairman, Robert E. Maxwell and President and Chief Executive Officer, Daniel L. Hefner. If the company were to lose the services of either of these individuals or other key employees or consultants before a qualified replacement could be obtained, the business could be materially affected.

Expected Volatility in Share Price. The market price of our stock has traded in a wide range. From March 1, 2001 through February 28, 2003 the price of our common shares has ranged from \$0.625 to \$0.03 per share. The price of our

7

common stock may be subject to fluctuations in response to quarter-to-quarter variations in operating results, creation or elimination of funding opportunities, restriction of the acquisition plans, and favorable or unfavorable coverage of our officers and Company by the press.

Control by Current Stockholders, Officers and Directors. Management and affiliates of the Company currently beneficially own, including shares they have the right to acquire, approximately 66% of the voting Common Stock. These persons are, and will continue to be, able to exercise control over the election of the Company's directors and the appointment of officers.

ITEM 2. PROPERTIES

International Machine and Welding, Inc. owns in fee simple title a 38,000 square foot facility in Bartow, Florida, which currently serves as the principal executive offices of American Commerce. A note with Valrico State Bank encumbers this building. This note needs to be refinanced by November 2005. The note and mortgage in favor of Valrico State Bank allowed the Company to negotiate a settlement with GE Capital Small Business and other creditors, substantially reducing debt service and generating a one time gain of \$812,014.

ITEM 3. LEGAL PROCEEDINGS

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On January 21, 2003 a stockholders meeting was held at the corporate offices in Bartow, Florida. All notices and filings were properly made. A quorum (9,641,611) was present by proxy.

Three proposals came for action:

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

MARKET INFORMATION

Since the April 1996 closing of the Company's initial public offering, the Company's Common Stock has traded in the over-the-counter market on the National Association of Securities Dealers, Inc. OTC Bulletin Board System ("OTCBB"). Until January 31, 2001 the company's common stock traded under the symbol "JDAW." In connection with the name change, since February 10, 2001, the common stock has traded under the symbol "AACS." The following table sets forth the range of high and low closing bid quotations of the Common Stock as reported by the OTCBB for each fiscal quarter for the past two fiscal years. High and low bid quotations reflect inter-dealer prices without adjustment for retail mark-ups, markdowns or commissions and may not necessarily represent actual transactions.

	Bid Prices	
	High	Low
	-----	----
FISCAL 2003		
First Quarter (March 1, 2002 through May 31, 2002)	\$0.30	\$0.20
Second Quarter (June 1, 2002 through August 31, 2002)	\$0.26	\$0.03
Third Quarter (September 1, 2002 through November 30, 2002)	\$0.14	\$0.03
Fourth Quarter (December 1, 2002 through February 28, 2003)	\$0.12	\$0.04
FISCAL 2002		
First Quarter (March 1, 2001 through May 31, 2001)	\$0.625	\$0.25
Second Quarter (June 1, 2001 through August 31, 2001)	\$0.34	\$0.17
Third Quarter (September 1, 2001 through November 30, 2001)	\$0.30	\$0.18
Fourth Quarter (December 1, 2001 through February 28, 2002)	\$0.30	\$0.18

On May 15, 2003 the closing bid price of the Company's Common Stock as reported

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

by the OTCBB was \$0.03 and there were approximately 538 shareholders of record.

DIVIDENDS

The Company has never declared or paid a dividend on its Common Stock, and does not anticipate paying any cash dividends on its Common Stock in the foreseeable future. The Company expects to retain, if any, its future earnings for expansion or development of the Company's business. The decision to pay dividends, if any, in the future is within the discretion of the Board of Directors and will depend upon the Company's earnings, capital requirements, financial condition and other relevant factors such as contractual obligations. There can be no assurance that dividends can or will ever be paid.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

This Management's Discussion and Analysis or Plan of Operation presents a review of the consolidated operating results and financial condition of the Company for the fiscal years ended February 28, 2003 and February 28, 2002. This discussion and analysis is intended to assist in understanding the financial condition and results of operation of the Company and its subsidiaries. This section should be read in conjunction with the consolidated financial statements and the related notes.

RESULTS OF OPERATIONS

The Company owns one subsidiary that operated in the manufacturing segment during the fiscal year ended February 28, 2003 and February 28, 2002. To facilitate the readers understanding of the Company's financial performance, this discussion and analysis is presented on a segment basis.

MANUFACTURING SUBSIDIARY

The manufacturing subsidiary generates its revenues from three divisions. Division 1 provides specialized machining and repair services to heavy industry and original equipment manufacturers. Division 2 provides repair and rebuild services on heavy equipment used in construction and mining as well as sales of used equipment. Division 3 provides parts sales for heavy equipment directly to the customer. The primary market of this segment is the majority of central and south Florida with parts sales expanding its market internationally. The current operations can be significantly expanded using the 38,000 square foot structure owned by International Machine and Welding, Inc.

The subsidiary's sales expectations were not met in fiscal 2003 although there was an increase in revenue. We have expectation of more significant growth in fiscal 2004. This will be facilitated by additional working capital anticipated through improved operations, capital raises and bank loans.

FISCAL YEAR 2003 COMPARED TO FISCAL YEAR 2002

General

The Company's consolidated net sales increased to \$2,211,984 for the fiscal year ended February 28, 2003 an increase of \$270,129 from \$1,941,855 for the fiscal year ended February 28, 2002, an increase of 13.9%. This increase was due to increased sales effort.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

Gross profit for the consolidated operations decreased to \$789,941 for the fiscal year ended February 28, 2003 from \$837,147 for the fiscal year ended February 28, 2002. Gross profit decreased as a percentage of sales to 35.71% from 43.11%. This change was due, in part, to the management decision to write down inventory by \$102,823. Consolidated interest expenses in fiscal 2003 were \$301,774 compared to \$297,235 in fiscal 2002. The company incurred a net consolidated loss of \$347,910 for the year ended February 28, 2003 compared to a loss of \$1,542,919 for the year ended February 28, 2002. One time gains on renegotiation and settlement of debt was a major factor in this improvement.

Selling, general and administrative expenses decreased to \$1,584,470 for fiscal 2003 from \$2,043,752 for fiscal 2002, a decrease of \$459,282 or 22.47%. The decrease was mainly attributable to reduction in management staff and general tightening of controls.

The Company's net loss to common shareholders was \$347,910 for fiscal 2003 compared to a net loss to common shareholders of \$1,542,919 for fiscal 2002. This improvement was largely attributable to the one-time gain on forgiveness of debt of \$812,014 from the previous fiscal year. Despite this improvement over the preceding year and because of these continuing losses, the Independent Auditors have questioned the Company's continuation as a going concern.

10

Manufacturing Subsidiary

The Manufacturing operation provided net sales of \$2,211,984 for the fiscal year ended February 28, 2003 compared to \$1,941,855 for the fiscal year ended February 28, 2002. The machining operations provided \$827,725 or 37.4% of net sales with parts and service providing \$1,384,259 or 62.6% of net sales for the fiscal year ended February 28, 2003 as compared to machining operations contributing \$849,723 or 43.8% of net sales with parts and service providing \$1,092,132 or 56.2% of net sales for the fiscal year ended February 28, 2002. This was through the efforts of a three person sales staff and the exemplary work of the rank and file who provided product turnaround that excited the customers and created more opportunities.

Gross profit from the Manufacturing operation was \$789,941 for the fiscal year ended February 28, 2003 compared to \$837,147 in fiscal 2002 providing gross profit margins of 35.71% and 43.1%, respectively.

Selling, general and administrative expenses were \$1,584,470 for the fiscal year ended February 28, 2003 compared to \$2,043,752 for the fiscal year ended February 28, 2002. Interest expenses were \$301,774 for the fiscal year ended February 28, 2003 compared to \$297,235 for the fiscal year ended February 28, 2002.

The Company does not have discrete financial information on each division, nor does the Company make decisions on the divisions separately; therefore they are not reported as segments.

Non-recurring Income

On October 23, 2000 the terms of the original agreement between the Company and ULLICO were substantially modified to meet the changing needs of the Company. The holder relinquished all mandatory conversion rights allowing the Company to reclassify the proceeds of the preferred stock transaction as equity and a non-recurring gain of \$1,994,768 from the extinguishment of debt and the recapture of dividend and warrant costs.

On November 30, 2002 the company received a bank loan of \$875,000 which was used to pay off short and long term debt negotiated by management to allow a one time

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

gain on forgiveness of debt of \$812,014. This debt was associated with the June 2000 acquisition of the assets of International Machine and Welding, Inc.

LIQUIDITY AND CAPITAL RESOURCES

During the fiscal years ended February 28, 2003 and February 28, 2002, the Company (used) net cash for operating activities of \$504,686 and \$(12,948), respectively. Accounts receivable decreased to \$169,040 at February 28, 2003 from \$234,334 at February 28, 2002, a decrease of \$65,294, or 27.86%. Inventory decreased to \$103,630 at February 28, 2003 from \$268,030 at February 28, 2002, a decrease of \$164,400, or 61.3% as a result of a substantial write down during fiscal 2003 and reclassification to property and equipment.

During fiscal 2003 and 2002, the Company used funds for capital expenditures of \$31,841 and \$15,556, respectively.

Cash flows from operations and loans or the sale of equity provided for working capital needs and principal payments on long-term debt through fiscal 2003. To the extent that the cash flows from operations are insufficient to finance the Company's anticipated growth, or its other liquidity and capital requirements during the next twelve months, the Company will seek additional financing from alternative sources including bank loans or other bank financing arrangements, other debt financing, the sale of equity securities (including those issuable pursuant to the exercise of outstanding warrants and options), or other financing arrangements. However, there can be no assurance that any such financing will be available and, if available, that it will be available on terms favorable or acceptable to the Company.

SEASONALITY

The diversity of operations in the Manufacturing Segment protects it from seasonal trends except in the sales of agricultural processing where the majority of the revenue is generated while the processors await the next harvest.

Daniel L. Hefner

52

Chief Executive Officer, President and Director

Directors of the Company hold office until the earlier of the next annual meeting of the stockholders and until their successors have been duly elected and qualified, or their death, resignation, or removal. Two board members were elected to two-year terms at the annual stockholders meeting held January 21, 2003. Robert Maxwell and Daniel Hefner were elected to a two-year term. On March 5, 2002 in consent action by shareholders, Norman Birmingham was elected to a two-year term, but subsequently resigned the position. Our officers are elected annually by the board of directors to hold office until the next annual meeting of our board and their successors have been duly elected and qualified. There are no family relationships between any of our officers and directors. Set forth below is a description of the business experience during the past five years or more and other biographical information for directors and executive officers identified above:

Mr. Maxwell has been a director and the Chairman of the Board of Directors of the Company since June 2000. Mr. Maxwell serves as a consultant to International Machine and Welding, Inc., a subsidiary of the Company. He was the owner/operator of Florida Machine and Welding, Inc., located in Bartow, Florida, for the past 24 years until the sale of its assets in June 2000. Mr. Maxwell has served on various bank and charitable boards of directors.

Mr. Puissegur joined the Company in June 2001 as Chief Financial Officer and Director. He became a Certified public Accountant with his certificate from the State of Florida and the creation of a sole practitioner office in 1982. The practice grew and has evolved into its current form as the partnership of Puissegur, Finch, & Slivinski, P.A., a full service accounting firm. He is a member of the American and Florida Institutes of Certified Public Accountants and the National and Polk County Estate Planning Councils. The American Institute of Tax Studies has awarded Mr. Puissegur the designation of "Certified Tax Professional." He also holds the designation from the State of Florida as a Certified Family Mediator.

12

Mr. Hefner has been President of the Company since September, 2002 and Chief Executive Officer since March 2002. He previously served as Executive Vice President from June 2000 to June 2001 and as interim President from June 2001 through February 2002. Mr. Hefner has been a director of the Company since June 2000. Mr. Hefner currently serves as President of International Machine and Welding, Inc. He also serves as President of International Commerce and Finance, Inc. an investment/consulting company for manufacturing and technology companies, and he has held this position since August 1999. Mr. Hefner has been active for the past twelve years as an independent consultant to individuals or business seeking to begin operations or to create turnarounds of existing business. During the same period, Mr. Hefner also operated his own independent real estate brokerage operation where he served as President and Chief Executive Officer. From March to October 1999, Mr. Hefner was Chief Operating Officer for Chronicle Communications, Inc. (OTCBB: CRNC), a Tampa based printer. CRNC filed bankruptcy protection under Chapter 11 of the Federal Bankruptcy Code two months after Mr. Hefner's departure.

ITEM 10. EXECUTIVE COMPENSATION

The following summary compensation table sets forth cash and non-cash compensation awarded, paid or accrued, for the past three fiscal years of the Company's Chief Executive Officers, and all other, if any, whose total annual compensation exceeded \$100,000 for the fiscal year ended February 28, 2003 (collectively, the "Named Executive Officers").

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

SUMMARY COMPENSATION TABLE

Name and Principal Position -----	Fiscal Year ----	Annual Compensation -----		Compensation Awards -----	
		Salary -----	Bonus -----	Securities Underlying Options -----	All Other Compensation -----
Daniel L. Hefner President	2003	\$67,600		100,000	\$25,000
David N. DeBaene Subsidiary President (1)	2001	\$87,500	\$ 0	100,000	\$25,000

 (1) The Company's Board of Directors accepted the resignation of Mr. DeBaene from his position as President of J.D. American Workwear, Inc., on December 15, 2000. Daniel L. Hefner was named President in September 2002.

The Company does not have any annuity, retirement, pension, deferred or incentive compensation plan or arrangement under which any executive officers are entitled to benefits, nor does the Company have any long-term incentive plan pursuant to which performance units or other forms of compensation are paid. Executive officers who qualify will be permitted to participate in the Company's 1995 Stock Option Plan, which was adopted in February 1995. See "Stock Option Plan." Executive officers may participate in group life, health and hospitalization plans if and when such plans are available generally to all employees. All other compensation consisted solely of health care premiums.

EMPLOYMENT AGREEMENTS

The Company signed an employment agreement with Daniel L. Hefner on June 1, 2000 containing a base salary of \$60,000; a minimum cash bonus of \$15,000 per year and a 4% annual increase of the base pay. Stock options are granted on the signing and June 1 of each contract year at the rate of 100,000 common share equivalents. The contract also provides for a \$750 per month car allowance and the payment of all insurance, fuel and maintenance costs and all perquisites related to health, dental, life or disability as may be offered to the executive management staff. All other provisions of the previous contract related to capital raises or warrant or exercise revenue were omitted except for the termination provisions stated above.

DIRECTOR COMPENSATION

Directors of the Company who are not employees or consultants do not receive any compensation for their services as members of the Board of Directors, but are reimbursed for expenses incurred in connection with their attendance at meetings of the Board of Directors.

COMPENSATION COMMITTEE

Robert E. Maxwell, Daniel L. Hefner and Frank Puissegur are members of the Compensation Committee, which reviews and makes recommendations with respect to compensation of officers, employees and consultants, including the granting of options under the Company's 1995 Stock Option Plan, the NonQualifying Stock Option Plan approved effective July 10, 2002 and the Employee Stock Incentive Plan approved effective May 27, 2003.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

EMPLOYEE STOCK OPTION PLAN

The 1995 Stock Option Plan. The Company's 1995 Stock Option Plan (the "Plan") adopted by the Company's Board of Directors in February 1995 and by the stockholders in July 1995 provides for the issuance of options to employees, officers and, under certain circumstances, directors of and consultants to the Company ("Eligible Participants"). Options granted under the plan may be either "incentive stock options" ("ISOs") as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") or "nonqualified stock options" ("NQSOs"). The Plan does not provide for the issuance of stock appreciation rights but does permit the granting of restricted and non-restricted stock and deferred stock awards. A total of 250,000 shares of Common Stock were originally reserved for issuance under the Plan; however, in January 1998, the Board of Directors voted to amend the Plan and reserve for issuance under the Plan an additional 500,000 shares, which amendment was ratified by the stockholders of the Company at the Annual Meeting of Stockholders held April 15, 1998. The plan was further amended at an Annual Shareholders meeting December 15, 2000 at which time an increase of 1,250,000 shares were ratified. The Plan was also amended on January 21, 2003 by the stockholders at which time an increase of 1,500,000 shares were ratified for a total of 3,500,000 shares. The Compensation Committee of the Board of Directors administers the Plan. The Committee has sole discretion and authority, consistent with the provisions of the Plan, to select the Eligible Participants to whom Options will be granted under the Plan, the number of shares which will be covered by each Option and the form and terms of the agreement to be used.

All employees and officers of the Company (including members of the Committee) are eligible to participate in the Plan. Directors are eligible to participate only if they have been declared to be "eligible directors" by resolution of the Board of Directors.

Options. The Committee is empowered to determine the exercise price of Options granted under the Plan, but the exercise price of ISOs must be equal to or greater than the fair market value of a share of Common Stock on the date the Option is granted (110% with respect to option holders who own at least 10% of the outstanding Common Stock). The exercise price of NQSOs granted under the Plan must not be less than 85% of the fair market value of the Common Stock on the date the Option is granted. The Committee has the authority to determine the time or times at which Options granted under the Plan become exercisable, but the Options expire no later than ten years from the date of grant (five years with respect to Option holders who own at least 10% of the outstanding Common Stock of the Company). The Options are nontransferable, other than by will and the laws of descent, and generally may be exercised only by an employee while employed by the Company or within 90 days after termination of employment (one year from termination resulting from death or disability). The compensation committee has the authority to waive payment of the exercise price of stock options issued under the plan.

NONQUALIFYING STOCK OPTION PLAN

On July 10, 2002 the Company adopted a Non-qualifying Stock Option/ Stock Appreciation Rights Plan and reserved 7,000,000 common shares of stock for employees officers and consultants. These options are granted by the Board at their discretion. 50,000 options were granted during fiscal 2003.

EMPLOYEE STOCK INCENTIVE PLAN (SUBSEQUENT EVENT)

Effective May 27, 2003, the Company adopted an employee stock incentive plan (the "Plan") for the year 2003 that authorizes up to 15,000,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to designated officers, employees, and certain non-employees. Options granted under the Plan must be exercised within 10 years of the date of grant. The

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

exercise price of options granted may not be less than 85 percent of the fair market value of the stock. As of May 29, 2003, there were no options granted under this Plan.

Effective May 27, 2003, the Company also adopted a non-employee directors and consultants retainer stock plan for the year 2003. This plan authorizes up to 5,000,000 shares of common stock to be issued in the amount of compensation for services to directors and consultants at the deemed issuance price of \$.04 per share. As of May 29, 2003, there were no options issued under this plan.

At February 28, 2003, the Company did not have any long-term incentive plans nor had it awarded any restricted shares to any Named Executive Officer. The table set forth below contains information with respect to the award of stock options during the fiscal year ended February 28, 2003 to the Named Executive Officers covered by the Salary Compensation Table.

- (1) In accordance with Rule 13d-3 promulgated pursuant to the Securities Exchange Act of 1934, a person is deemed to be the beneficial owner of a security for purposes of the rule if he or she has or shares voting power or dispositive power with respect to such security or has the right to acquire such ownership within sixty days. As used herein, "voting power" is the power to vote or to direct the voting of shares, and "dispositive power" is the power to dispose or direct the disposition of shares, irrespective of any economic interest therein.
- (2) In calculating the percentage ownership for a given individual or group, the number of shares of Common Stock outstanding includes unissued shares subject to options, warrants, rights or conversion privileges exercisable within sixty days held by such individual or group, but are not deemed outstanding by any other person or group.
- (3) Includes 723,360 shares of Common Stock held by his spouse Barbara Maxwell. Includes 10,423,982 shares held in FMW of which Mr. Maxwell is beneficial owner.
- (4) Stock issued for extinguishing \$531,000 of long-term debt.
- (5) Includes (a) 300,000 shares of Common Stock, which may be acquired pursuant to currently exercisable options (b) 1,241,110 shares of Common Stock held personally and, (c) 7,970,000 shares of Common Stock beneficially owned as

the President of International Commerce and Finance, Inc.

(6) Includes 400,000 shares of Common Stock subject to options.

The Company has two classes of preferred stock outstanding comprised of 102 shares of Series A Preferred Stock and 3,718 shares of Series B Preferred Stock. Each outstanding class of preferred stock has voting rights and is convertible into Common Stock. Each share of Series A Preferred Stock converts to 1,289 shares of Common Stock and votes on an as converted basis. 3,207 shares of Series B Preferred Stock is convertible into 641,400 shares of Common Stock and 511 Series B Preferred Shares convert into 511,000 shares of Common Stock and votes on an as converted basis.

Gerald Hoak, owner of 20 shares or 19.61% of Series A Preferred Stock, and Merit Capital Associates, owner of 40 shares or 39.22% of Series A Preferred Stock are the only owners of more than 5% of the class. No director or officer is the beneficial owner of any of the Series A or Series B Preferred Stock.

Beneficial Voting Power Held

The following table sets forth the voting power in the Company's equity securities, as of February 28, 2003 held by: (i) each director of the Company, (ii) each Named Executive Officer, (iii) all directors and executive officers as a group, and (iv) each person known by the Company to own more than 5% of any class of outstanding equity security of the Company. The voting power set forth in this table is the beneficial voting power held, directly and indirectly, by

and 1,152,400 votes, respectively. Voting rights are calculated in the same manner described in footnote 2 to table above disclosing the Security Ownership of Management and Certain Beneficial Owners ("Beneficial Ownership Table"). Totals exceed 100% due to such calculations and overlapping beneficial voting rights held between holders as set forth herein.

- (2) FMW was awarded 10,423,982 shares for acceptance of \$531,000 of debt.
- (3) Consisting of 300,000 votes upon exercise of currently exercisable options to purchase Common Stock, 1,241,110 shares of Common Stock held and 7,970,000 shares of Common Stock beneficially owned as President of International Commerce and Finance, Inc.
- (4) Consisting of 7,970,000 shares of Common Stock.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

STOCKHOLDERS AGREEMENT

A Stockholders Agreement dated April 9, 1998 was entered into among ULLICO, the Company, David N. DeBaene, Annette DeBaene, Norman DeBaene, Thomas Lisi, and Steve Panneton (each, a "Holder"). The Stockholders Agreement provides that the Company shall have a right of first refusal before any Holder may transfer any shares of Common Stock. ULLICO has a right of second refusal and co-sale rights, if the Company does not elect to buy all of the securities it is offered. If ULLICO enters into an agreement to transfer, sell or otherwise dispose of all of its Preferred Stock, Warrants and any Common Stock issued upon conversion or exercise of the former (such agreement referred to as a "Tag-Along Sale"), each Holder has the right to participate in the Tag-Along Sale. If ULLICO, alone or with another person, accepts an offer from any party who is unaffiliated with it to purchase any of ULLICO's shares which results in such party having the ability to elect a majority of the Company's Board of Directors, then, at the request of ULLICO, each Holder shall sell all shares of Common Stock held by such Holder (referred to as a "Drag-Along Sale").

During the year ended February 28, 2003, two executives who are stockholders of the Company deferred approximately \$130,000 of compensation earned during the year. The balance due to stockholders at February 28, 2003 totaled \$178,394. The note is unsecured, non-interest bearing, and has no specific repayment terms.

During the year ended February 28, 2003, the Company issued 462,500 shares of common stock to an employee valued at \$74,650 for services rendered. The Company also issued 200,000 shares of common stock to a related party valued at \$48,400 for services rendered.

The Company also issued 566,666 shares of common stock to a related company valued at \$55,000 for a pledge of assets and guarantee of a loan. This related company is 100 percent owned by the president and chief executive officer of the Company.

During the year ended February 28, 2003, the Company wrote off a loan receivable balance of \$31,234, which was due from a stockholder as additional compensation.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

Independent Auditors' Report

Stockholders and Board of Directors
American Commerce Solutions, Inc. and Subsidiary
Bartow, Florida

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

We have audited the accompanying consolidated balance sheet of American Commerce Solutions, Inc. and Subsidiary as of February 28, 2003 and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the management of American Commerce Solutions, Inc. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2003 consolidated financial statements referred to above present fairly, in all material respects, the financial position of American Commerce Solutions, Inc. and Subsidiary as of February 28, 2003 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements of American Commerce Solutions, Inc. and Subsidiary have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 2, the Company has had recurring operating losses since inception, has negative working capital as of February 28, 2003, has used approximately \$504,700 of cash in operations for the year ended February 28, 2003, and is in default on several loans. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans regarding these matters are also disclosed in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders
of American Commerce Solutions, Inc. and Subsidiary

We have audited the accompanying consolidated statements of operations, changes in stockholders' equity, and cash flows of American Commerce Solutions, Inc. (a Delaware Corporation) and Subsidiary for the year ended February 28, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated statements of operations, changes in stockholders' equity, and cash flows referred to above present fairly, in all material respects, the results of operations and cash flows of American Commerce Solutions, Inc. and Subsidiary for the year ended February 28, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying 2002 consolidated statements of operations, changes in stockholders' equity, and cash flows have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the 2002 financial statements (which is not presented herein), the Company's significant operating losses and negative working capital raise substantial doubt about its ability to continue as a going concern. Management's plans regarding these matters were also discussed in Note 2 to the 2002 financial statements. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As of February 28, 2003 and for the
Years Ended February 28, 2003 and 2002

1. BACKGROUND INFORMATION

American Commerce Solutions, Inc. was incorporated in Rhode Island in 1991 under the name Jaque Dubois, Inc., and was re-incorporated in Delaware in 1994. In July 1995, Jaque Dubois, Inc. changed its name to JD American Workwear, Inc. In December 2000, the stockholders voted at the annual stockholders meeting to change the name of JD American Workwear, Inc. to American Commerce Solutions, Inc. (the "Company").

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

The Company is primarily a holding company whose wholly owned subsidiary is engaged in the machining and fabrication of parts used in industry, and parts sales and service for heavy construction equipment.

2. GOING CONCERN

The Company has incurred substantial operating losses since inception and has used approximately \$504,700 of cash in operations for the year ended February 28, 2003. The Company recorded losses from continuing operations of \$347,910 and \$1,466,729 for the years ended February 28, 2003 and 2002, respectively. Current liabilities exceed current assets by \$1,357,916 at February 28, 2003. Additionally, the Company has been unable to meet obligations to its creditors as they have become due and is in default on several notes payable. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital, and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through the acquisition of other companies in exchange for the Company's stock. Management is currently negotiating new debt financing, the proceeds from which would be used to settle outstanding debts at more favorable terms, to finance operations, and to complete additional business acquisitions. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

The accompanying consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed are:

The accompanying consolidated financial statements include the activity of the Company and its wholly owned subsidiary. All intercompany transactions have been eliminated in consolidation.

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of accounts receivable. Accounts receivable consist of billed services or products. The Company records an allowance for doubtful accounts to

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

allow for any amounts that may not be recoverable, which is based on an analysis of the Company's prior collection experience, customer credit worthiness, and current economic trends. Based on management's review of accounts receivable, an allowance for doubtful accounts of \$5,190 is considered adequate at February 28, 2003. Receivables are determined to be past due based on payment terms of original invoices. The Company does not charge significant amounts of interest on past due receivables. There were no receivables on non-accrual of interest status at February 28, 2003.

Inventories are stated at the lower of cost or market. Cost is determined on a standard cost basis that approximates the first-in, first-out method; market is determined based on net realizable value. Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value.

As of February 28, 2003 and for the
Years Ended February 28, 2003 and 2002

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and equipment are stated at cost. Depreciation and amortization expense are calculated using the straight-line and accelerated methods of accounting over the following estimated useful lives of the assets:

Building and improvements	15 - 39 years
Machine and equipment	5 - 30 years
Office furniture and equipment	5 - 10 years
Trucks and vehicles	5 - 7 years

Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Direct costs incurred with the issuance of notes payable are deferred and amortized over the life of the guaranty. As of February 28, 2003, the Company incurred amortization expense of \$30,336.

The Company records amounts billed to customers for shipping and handling costs as sales revenue. Costs incurred by the Company for shipping and handling are included in cost of sales.

Sales are recorded when products, repairs, or parts are delivered to the customer. Provisions for discounts and rebates to customers, estimated returns, allowances, and other adjustments are provided for in the same period the related sales are recorded. No products or parts are delivered with any contingencies except for defects.

The Company has adopted SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 addresses the financial accounting and reporting for the impairment of long-lived assets, excluding goodwill and intangible assets, to be held and used or disposed of. The adoption of SFAS No. 144 did not have an impact on

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

the Company's financial position or results of operations. In accordance with SFAS No. 144, the carrying values of long-lived assets are periodically reviewed by the Company and impairments would be recognized if the expected future operating non-discounted cash flows derived from an asset were less than its carrying value and if the carrying value is more than the fair value of the asset. During the year ended February 28, 2003, the Company recorded \$80,000 in asset impairment. At February 28 2003, the Company did not have any asset that it considered impaired.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" (SFAS No. 123), effective for fiscal years beginning after December 15, 1995. SFAS No. 123 provides that expense equal to the fair value of all stock-based awards on the date of grant be recognized over the vesting period. Alternatively, this statement allows entities to continue to apply the provisions of Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" (APB Opinion No. 25), whereby compensation expense is recorded on the date the options are granted to employees equal to the excess of the market price of the underlying stock over the exercise price. The Company has elected to continue to apply the provisions of APB Opinion No. 25 and provide pro forma disclosure of the provisions of SFAS No. 123.

Net loss per common share is computed by dividing net loss to common stockholders by the weighted average number of shares of common stock outstanding for each fiscal year. Common stock equivalents are not considered in loss years because they are anti-dilutive.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, accounts payable, and accrued expenses. Fair values were assumed to approximate carrying values for these financial instruments since they are short-term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand. The fair value of the Company's notes payable is estimated based upon the quoted market prices for the same or similar issues or on the current rates offered to the Company for debt of the same remaining maturities.

Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the consolidated financial statements carrying amounts of existing assets and liabilities and their respective income tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

recognized as income in the period that included the enactment date.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company records stock as issued at the time consideration is received or the obligation is incurred.

On April 1, 2002, the Company adopted SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 rescinded the following pronouncements: SFAS No. 4, "Reporting Gains and Losses from Extinguishment of Debt"; SFAS No. 64, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements"; and SFAS No. 44, "Accounting for Intangible Assets of Motor Carriers." In addition, SFAS No. 145 amends SFAS No. 13, "Accounting for Leases," and makes technical corrections and amendments to various existing pronouncements. The adoption of SFAS No. 145 resulted in the Company classifying the gain on forgiveness of debt as part of income from operations on the Company's consolidated statements of operations.

In June 2002, FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," which is effective for the Company for exit or disposal activities that are initiated after December 31, 2002. This statement addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." This statement requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF Issue No. 94-3, a liability for an exit cost, as defined, was recognized at the date of an entity's commitment to an exit plan. The Company will adopt SFAS No. 146 for all exit or disposal activities that are initiated after December 31, 2002, and does not expect this statement to have a material effect on the consolidated financial statements.

In November 2002, FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" (FIN 45). The interpretation elaborates on the existing disclosure requirements for most guarantees, including loan guarantees such as standby letters of credit. It also clarifies that, at the time a company issues a guarantee, the company must recognize an initial liability for the fair value, or market value, of the obligations it assumes under the guarantee and must disclose

that information in its interim and annual financial statements. The provisions related to recognizing a liability at inception of the guarantee for the fair value of the guarantor's obligations does not apply to product warranties or to guarantees accounted for as derivatives. The initial recognition and initial measurement provisions apply on a prospective basis to guarantees issued or modified after December 31, 2002. The disclosure requirements are effective for financial statements of periods ending after December 15, 2002. The Company believes the adoption of the recognition and measurement provisions of FIN 45 will not have a material impact on its financial position, results of operations, or cash flows.

FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure," which is effective for the Company as of January 1, 2003. This statement amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results.

In April 2003, FASB issued SFAS No. 149, "Accounting for Derivative Instruments and Hedging Activities," which is effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. This statement amends and clarifies financial accounting and reporting for derivative instruments including certain instruments embedded in other contracts and for hedging activities under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." The Company will adopt this statement and does not expect it to have a material effect on its consolidated financial statements.

In May 2003, FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity," which is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. SFAS No. 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The Company will adopt SFAS No. 150 and does not expect it to have a material impact on its consolidated financial statements.

Holder of Series A convertible preferred stock vote on a converted basis with the common stockholders on all matters to be brought to a vote of the stockholders. Each share of Series A convertible preferred stock can be converted into 1,289 shares of common stock. Dividends are payable in kind at the Company's option at a rate of ten percent annually. Payments of annual dividends have been deferred by the Company's Board of Directors on the outstanding Series A shares because of losses sustained by the Company. As of February 28, 2003, preferred dividends in arrears amounted to \$118,377, or \$1,161 per share.

The Series B convertible preferred stock has rights to receive cumulative six percent cash dividends in preference to the payment of dividends on all other shares of capital stock of the Company. No dividends may be declared or paid on any other shares of stock until the full amount of the cumulative dividends on the Series B preferred stock has been paid. Each share of Series B convertible preferred stock can be converted into 1,000 shares of common stock. Cumulative dividends amounted to \$193,635 and \$117,926 at February 28, 2003 and 2002, respectively. Dividends may be paid in stock through May 31, 2004 at a conversion rate of \$1.00 per share. For the years ended February 28, 2003 and 2002, 247 and 264 shares of preferred stock were paid in additional shares, respectively.

Holder of Series B preferred stock vote on a converted basis with the common stockholders on all matters to be brought to a vote of the stockholders. The Series B preferred stockholders are entitled to elect one director out of the seven authorized directors of the Company's board. If certain events occur or do not occur, such as the failure to pay dividends to the Series B preferred stockholders, the holders of the Series B preferred stock are entitled to elect the smallest number of directors that will constitute a majority of the authorized number of directors, immediately upon giving written notice.

10. CAPITALIZATION AND SUBSEQUENT EVENTS

Subsequent to year-end, the Company amended its articles of incorporation, increasing the number of authorized shares of common stock from 30,000,000 to 75,000,000.

The Company's 1995 Stock Option Plan authorizes up to 3,500,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to key employees, officers, directors, and consultants. Options granted under the Plan must be exercised within ten years of the date of grant. The exercise price of options granted may not be less than 85 percent of the fair market

10. CAPITALIZATION AND SUBSEQUENT EVENTS (CONTINUED)

On July 10, 2002, the Company adopted a Non-Qualified Option/Stock Appreciation Rights Plan that authorizes 7,000,000 shares of common stock for grant to key management employees or consultants. Options granted under the plan must be exercised within ten years of the date of grant. The exercise price of options shall not be less than par value and shall be determined by the Stock Option Plan Committee and the Board of Directors.

A summary of the Company's stock option activity is as follows:

	Number of Shares -----	Weighted-Average Exercise Price Per Share -----
Options outstanding, February 28, 2001	62,500	\$1.57
Granted	200,000	0.51
Exercised	0	0.00

Exercised	(750,000)	0.24
Expired, forfeited	0	0.00
Options outstanding, February 28, 2003	262,500	0.36

At February 28, 2003, 262,500 options with a weighted-average contractual life of 6.49 years were outstanding at exercise prices ranging from \$.05 to \$.57. All outstanding options were fully vested and exercisable.

During the year ended February 28, 2003, the Company granted 900,000 options to key executives and consultants, 750,000 of which were exercised immediately. Total compensation expense recognized in conjunction with the exercise was \$181,500 in consulting expense.

During the year ended February 28, 2002, the Company granted 200,000 options to two key executives in connection with their employment agreements. Total compensation costs recognized for stock-based employee compensation awards in conjunction with the exercise was \$100,000 for the year ended February 28, 2002.

The following summarizes information about options granted during the years ended February 28, 2003 and 2002:

	Number of Shares	Weighted-Average Exercise Price Per Share
Options granted in 2002 with exercise price below market price	200,000	\$0.42
Options granted in 2003 with exercise price below market price	150,000	\$0.21

Stock-based compensation to non-employees is valued using the Black-Scholes option pricing model. The Company uses the intrinsic value method under APB Opinion No. 25 to account for stock option compensation granted to employees. Had compensation costs been recognized under SFAS No. 123, the amount would have been \$195,482 and \$90,320 for the years ended February 28, 2003 and 2002, respectively.

The pro forma disclosures required under SFAS No. 123 are as follows:

	2003	2002
Net loss:		
As reported	\$ (347,910)	\$ (1,542,919)

In December 2002, FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB Statement No. 123," which provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based compensation and the effect of the method used on reported results. SFAS No. 148 is effective for fiscal years

ending after December 15, 2002 and for financial reports containing financial statements for interim periods beginning after December 15, 2002. The Company has decided to continue applying APB Opinion No. 25 (as permitted by SFAS No. 123 and SFAS No. 148). The required disclosures of the effects of SFAS No. 123 and SFAS No. 148 are included in the consolidated financial statements. Under APB Opinion No. 25, the Company did not have any compensation expense for the years ended February 28, 2003 and 2002, respectively.

11. INCOME TAXES

The Company has incurred significant operating losses since its inception and, therefore, no tax liabilities have been incurred for the periods presented. The amount of unused tax losses available to carryforward and apply against taxable income in future years totaled approximately \$13,500,000. The loss carryforwards expire beginning in 2007. Due to the Company's continued losses, management has established a valuation allowance equal to the amount of deferred tax asset because it is more likely than not that the Company will not realize this benefit.

Temporary differences giving rise to the deferred tax asset are as follows:

Unused operating loss carryforward	\$ 5,000,000
Excess depreciation for tax purposes over the amount for financial reporting purposes	(441,000)

	4,559,000
Valuation allowance	(4,559,000)

11. INCOME TAXES (CONTINUED)

Differences between the federal benefit computed at a statutory rate and the Company's effective tax rate and provision are as follows:

Statutory benefit	\$ (118,300)
State tax benefit, net of federal effect	(12,600)
Non-deductible expenses	2,500
Increase in deferred income tax valuation allowance	128,400

The Internal Revenue Code contains provisions that may limit the net operating loss carryforwards available for use in any given year if significant changes in ownership interest of the Company occur.

12. FORGIVENESS OF DEBT

During the year ended February 28, 2003, management of the Company negotiated new debt financing, of which the proceeds of \$875,000 were used to settle outstanding debts and finance operations. The Company settled debt in the

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

amounts of \$1,374,775 for \$562,761, which resulted in a gain of \$812,014. This gain has been reflected as forgiveness of debt income in the accompanying consolidated financial statements.

13. RELATED PARTY TRANSACTIONS

During the year ended February 28, 2003, two executives who are stockholders of the Company deferred approximately \$130,000 of compensation earned during the year. The balance due to stockholders at February 28, 2003 totaled \$178,394. The note is unsecured, non-interest bearing, and has no specific repayment terms.

During the year ended February 28, 2003, the Company issued 462,500 shares of common stock to an employee valued at \$74,650 for services rendered. The Company also issued 200,000 shares of common stock to a related party valued at \$48,400 for services rendered.

The Company also issued 566,666 shares of common stock to a related company valued at \$55,000 for a pledge of assets and guarantee of a loan. This related company is 100 percent owned by the president and chief executive officer of the Company.

13. RELATED PARTY TRANSACTIONS (CONTINUED)

During the year ended February 28, 2003, the Company wrote off a loan receivable balance of \$31,234, which was due from a stockholder as additional compensation.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

14. SUBSEQUENT EVENTS

On March 28, 2003, the Company entered into an agreement to sell and assign all rights, title, and interest to certain of the Company's accounts receivable existing at that date, and certain receivables arising in the future. In exchange, the Company will immediately receive a discounted percent of approved accounts receivable. These terms are based on guarantees of two stockholders and collateralized by inventory and fixed assets. Management of the Company is currently studying and determining the accounting treatment of this arrangement in accordance with SFAS No. 140.

Effective May 27, 2003, the Company adopted an employee stock incentive plan (the "Plan") for the year 2003 that authorizes up to 15,000,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to designated officers, employees, and certain non-employees. Options granted under the Plan must be exercised within 10 years of the date of grant. The exercise price of options granted may not be less than 85 percent of the fair market value of the stock. As of May 29, 2003, there were no options granted under this Plan.

Effective May 27, 2003, the Company also adopted a non-employee directors and consultants retainer stock plan for the year 2003. This plan authorizes up to 5,000,000 shares of common stock to be issued in the amount of compensation for

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

services to directors and consultants at the deemed issuance price of \$.04 per share. As of May 29, 2003, there were no options issued under this plan.
