Other Information

The Annual Meeting

As shown on the Notice of Annual Meeting, the Annual Meeting will be held on Thursday, May 6, 2005, at The Andersons Headquarters Building in Maumee, Ohio. The Corporation's Code of Regulations requires that a majority of our Common Shares be represented at the Annual Meeting, either in person or by proxy, in order to transact business.

Abstentions and broker non-votes (proxies held in street name by brokers that are not voted on all proposals) will be treated as present for purposes of determining whether a majority is represented.

Table of Contents

There were no shareholder proposals submitted for the Annual Meeting. We must receive any shareholder proposals for the 2006 Annual Meeting at our principal offices in Maumee, Ohio by December 31, 2005.

Common Shares Outstanding

On February 28, 2005, The Andersons, Inc. had issued and outstanding 7,389,519 shares of common stock.

Voting

You are entitled to one vote at the Annual Meeting for each Common Share of The Andersons, Inc. that you owned of record as of the close of business on February 28, 2005.

How to Vote Your Shares

You may vote your shares at the Annual Meeting by proxy or in person. Even if you plan to attend the meeting, we urge you to vote in advance. If your shares are recorded in your name, you may cast your vote in one of these four ways:

Vote by telephone: You can vote by phone at any time by calling the toll-free number (for residents of the U.S.) listed on your proxy card. To vote, enter the control number listed on your proxy card and follow the simple recorded instructions. **If you vote by phone, you do not need to return your proxy card.**

Vote by mail: If you choose to vote by mail, simply mark your proxy card, and then date, sign and return it in the postage-paid envelope provided.

Vote via the internet: You can vote via the internet by accessing the following website www.computershare.com/us/proxy. Follow the simple instructions and be prepared to enter the code listed on your proxy card. **If you vote via the internet, you do not need to return your proxy card.**

Vote in person at the Annual Meeting

Shareholders who hold their shares beneficially in street name through a nominee (such as a bank or a broker) may be able to vote by telephone or the Internet as well as by mail. You should follow the instructions you receive from your nominee to vote these shares.

When you vote by proxy, the shares you hold will be voted in accordance with your instructions. Your telephone or mail proxy vote will direct the designated persons (known as proxies) to vote your shares at the Annual Meeting in accordance with your instructions. The Board has designated Naran Burchinow, Matt Anderson and Dale Fallat to serve as the proxies for the Annual Meeting.

How to Revoke Your Proxy

You may revoke your proxy at any time before it is exercised by any of the following means:

Table of Contents

Notifying Naran U. Burchinow, our Corporate Secretary, in writing prior to the Annual Meeting;

Submitting a later dated proxy card or telephone vote;

Attending the Annual Meeting and revoking your proxy in writing. Your attendance at 108 the Annual Meeting will not, by itself, revoke a proxy.

Voting at the Annual Meeting

Your shares will be voted at the meeting as directed by the instructions on your proxy card or voting instructions if: (1) you are entitled to vote, (2) your proxy was properly executed, (3) we received your proxy prior to the Annual Meeting, and (4) you did not revoke your proxy prior to the meeting.

The Board's Recommendations

If you send a properly executed proxy without specific voting instructions, the designated proxies will vote your shares for the election of the nominated directors and the ratification of the independent registered public accounting firm.

Votes Required to Approve Each Item

The Code of Regulations also states that the nominees for director receiving the greatest number of votes shall be elected. Therefore, abstentions and broker non-votes will not count as a vote for or against the election of directors. The ratification of independent registered public accounting firm requires a majority of the common shares present and eligible to vote. A broker non-vote or abstention will count as a vote against this proposal. The approval of the 2005 Long-Term Performance Compensation Plan requires a majority of the common shares present and eligible to vote. A broker non-vote or abstention will count as a vote against this proposal.

Where to Find Voting Results

We will announce the voting results at the Annual Meeting and will publish the voting results in the Corporation's Form 10-Q for the second quarter ended June 30, 2005. We will file that Form 10-Q with the Securities and Exchange Commission in August 2005.

The Audit Committee has hired and the Board has approved PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the year 2005 and recommends that you vote for their ratification. Finally, the Board has adopted the 2005 Long-Term Performance Compensation Plan.

Approval of the 2005 Long-Term Performance Compensation Plan

The Board of Directors presents to shareholders a proposal to approve and adopt The Andersons, Inc. 2005 Long-Term Performance Compensation Plan (the Plan) under which 410,000 shares of the Corporation's Common Shares will initially be reserved for issuance. The Plan will be a successor plan to the Corporation's existing Amended and Restated Long-Term Performance Compensation Plan dated December 14, 2001 (the Prior Plan) that was approved by the shareholders at the 2002 annual meeting. The Prior Plan will be frozen upon the approval of the Plan. It is estimated that as of April 2, 2005 there will be 212,000 previously authorized shares remaining to be issued under the Prior Plan that shall be transferred to the Plan. The previously authorized shares are included in the initial reserve proposal. Therefore, approval and adoption of the Plan by shareholders represents the authorization of 200,000 additional shares. The Plan is similar to the Prior Plan, but with the following differences:

1. the Plan authorizes the Compensation Committee of the Board of Directors (the Compensation Committee) to designate certain pre-established performance goals, the accomplishment of which will be required in order for Performance Share Units (PSUs) granted under the Plan to become vested to the grantee,
2. the Plan authorizes the Compensation Committee to grant Stock Only Stock Appreciation Rights (SOSARs) to be granted at a price at least equal to the fair market value on the date of grant with the value on the date of exercise paid in Common Shares only, and
3. the expiration date for the Plan will be May 16, 2015.

The Board of Directors unanimously approved the proposed Plan, subject to shareholder approval at their Annual Meeting. The Plan is effective May 7, 2005 subject to the approval of the shareholders. The text of the proposed 2005 Long-Term Performance Compensation Plan is set forth in Appendix A to this Proxy Statement.

The Board of Directors recommends a vote **FOR** approval of the Plan.

Other Business

At the date of this Proxy Statement, we have no knowledge of any business other than the proposals described above that will be presented at the Annual Meeting. If any other business should properly come before the Annual Meeting, the proxies will be voted at the discretion of the proxy holders.

Policy on Audit Committee Pre-Approval of Services Performed by the Independent Registered Public Accounting Firm

In accordance with the Securities and Exchange Commission's rules issued pursuant to the Sarbanes Oxley Act of 2002, which were effective as of May 6, 2003 and require, among other things, that the Audit Committee pre-approve all audit and non-audit services provided by the Corporation's independent registered public accounting firm, the Audit Committee has adopted a formal policy on auditor independence requiring the approval by the Audit Committee of all professional services rendered by the Corporation's independent registered public accounting firm. This policy specifically pre-approves at the beginning of each fiscal year all audit and audit-related services to be provided by the independent registered public accounting firm during that fiscal year within a general budget. The Audit Committee is updated as to the actual billings for these items on a quarterly basis.

Tax and all other services that are permitted to be performed by the independent registered public accounting firm, but could also be performed by other service providers, require specific pre-approval by the Audit Committee after considering other bids and the impact of these services on auditor independence. If the Audit Committee pre-approves services in these categories obtained from the independent registered public accounting firm, the Audit Committee is updated on a quarterly basis as to the actual fees billed under each project.

Since May 6, 2003, 100% of the tax and other fees were pre-approved by the Audit Committee. All fees noted above were for full-time, permanent employees of PricewaterhouseCoopers LLP.

2005 Long-Term Performance Compensation Plan

Purpose

On March 31, 2004, the Financial Accounting Standards Board (FASB) issued its exposure draft, Share-Based Payment, an amendment of Statement of Financial Accounting Standard 123 and 95. As expected, the final FASB Standard issued in December 2004 will require the recognition of cost of employee services received in exchange for equity instruments in the financial statements in 2005 for the Corporation. This, along with increasing concerns from investors regarding the delivery of equity compensation and the potential dilutive effects of traditional options led the Corporation to re-evaluate the design of the Amended and Restated Long-Term Performance Compensation Plan (the Prior Plan) to ensure that the objectives and elements of the 2005 Long-Term Performance Compensation Plan (the Plan) provided the best incentive for executive and management performance and the best alignment of participant interests with the interests of shareholders.

Therefore the primary purpose of the Plan is to provide competitive long-term compensation to participants in order to align their interest with shareholder interest through share ownership and investment in the Corporation, and to encourage long-term growth in shareholder value through the achievement of specified financial objectives. The Corporation's management believes that the Corporation's future success and profitability will depend in large measure on its ability to continue to attract, retain and motivate highly qualified individuals. In order to do this, an effective compensation policy for these individuals must include not only a competitive annual salary and bonus, but also long-term incentives linked to growth in shareholder value and corporate performance.

Common Shares Available under the 2005 Long-Term Performance Compensation Plan

The Plan authorizes 200,000 Common Shares to be used for the grant of awards in addition to the number of Common Shares that remain available under the Prior Plan at its termination. To the extent that any award expires, is forfeited or terminates without having been exercised, the Common Shares subject to that award will be available for other awards.

The Corporation intends to utilize treasury shares that it has purchased for awards under the Prior Plan. As of February 28, 2005, approximately 1,041,000 Common Shares were held in treasury.

Terms of the 2005 Long-Term Performance Compensation Plan

The 2005 Long-Term Performance Compensation Plan is set forth in its entirety in Appendix A to this Proxy Statement. The following is a summary of the principal features. Reference to the Plan in the following is to the 2005 Long-Term Performance Compensation Plan.

General terms

The primary purpose of the Plan is to provide competitive long-term compensation to participants in order to align their interest with shareholder interests through share ownership and investment in the Corporation, and to encourage long-term growth in shareholder value through the achievement of specified financial objectives. Officers and key employees, as well as non-employee directors, are eligible to receive non-qualified stock options, incentive stock options, stock only stock appreciation rights (SOSARs), restricted shares, performance share units (PSUs) and/or other cash or Common Share performance awards. The Compensation Committee and the Board of Directors approves participant eligibility criteria, as well as the form of award (cash or Common Shares), the type, amount and the award terms.

Vesting of options, SOSARs, PSUs and restricted shares is set forth in the award agreement and is established by the Committee. In certain circumstances, the vesting period, the amount awarded and the expiration period of the awards may be adjusted, as follows:

Death, Disability, Retirement or Termination of Employment due to Sale of a Participant's Business Unit

- I. **Options and SOSARs.** Any unvested awards shall vest immediately and fully. The awards will expire on the earlier of (a) the original expiration date for such award (not to exceed 10 years), and (b) one year from the date of such event (see also, Termination of Employment for cause below)
- II. **Restricted Shares.** Any unvested awards will become fully vested and all restrictions will lapse as of the date of such event, making the Common Shares fully available and unrestricted.
- III. **Performance Share Units.** These awards shall remain subject to the performance vesting criteria set forth in the award agreement. The original number of PSUs granted that shall be subject to performance vesting at the end of the performance period shall be adjusted to a number proportionate to the number of months of service, the participant was actively employed during the performance period.

Table of Contents

Change in Control

- I. **Options and SOSARs.** Any unvested awards will be immediately and fully vested. The awards will expire in accordance with the expiration provisions set forth in the award agreement.
- II. **Restricted Shares.** Any unvested awards will become fully vested and all restrictions will lapse as of the date of such event, making the Common Shares fully available and unrestricted.
- III. **Performance Share Units.** Any unvested awards will be immediately and fully vested, and for award calculation purposes all performance targets shall be deemed fully achieved, for purposes of full payment of Common Shares.

Generally, a participant's rights and interests in an award are not transferable except by will or in certain situations. For all awards, expiration is immediate if termination was for cause.

The Plan will terminate on May 6, 2015. Termination will not affect the right of any Participant to receive awards previously granted.

Options

May include non-qualified and incentive stock options.

The option price will be at least equal to the market price at the date of grant.

No participant may receive options to purchase more than 150,000 Common Shares in one year.

The Compensation Committee or the Board of Directors will determine vesting period and term of the option, as well as method of payment for the option price.

Stock Only Stock Appreciation Rights (SOSAR)

SOSARs are rights to receive a number of Common Shares, based upon the appreciation in the fair market value of the Common Shares over a specified period as determined by the Compensation Committee or the Board of Directors.

Grant price will be at least equal to fair market value on date of grant.

Value payable upon exercise is equal to the fair market value at the exercise date minus the grant price and shall only be payable in Common Shares.

The Compensation Committee or the Board of Directors will determine vesting period and term of the SOSAR.

Performance Share Units (PSUs)

Performance Share Units are awards granting the right to receive Common Shares, as determined by the degree to which specified performance objectives have been achieved during a performance period.

The vesting of a PSU award will be based on threshold and target objectives as determined by the Compensation Committee or the Board of Directors

Payment of a vested PSU award will be made within 75 days after the end of a calendar year in which the PSU becomes vested. Payment of a PSU is in the form of Common Shares and cannot be paid out in cash.

PSUs have no shareholder rights during the performance period, however, equivalent dividends may be made through the grant of additional PSUs.

Table of Contents

Restricted Shares

Restricted shares are Common Shares or that include one or more restrictions, most commonly a restriction on sale. Restricted shares may be awarded from time to time by the Compensation committee or the Board to participants on a contingency basis.

Restricted shares allow their holder to receive dividends and vote on shareholder matters.

Upon the lapse of the restriction, fully transferable Common Shares will be issued.

The Compensation Committee or the Board of Directors determines the vesting provisions and schedule for each restricted share award.

Federal Income Tax Consequences

The following is a brief description of the principal United States federal income tax consequences related to awards made under the 2005 Long-Term Performance Compensation Plan. The Corporation does not give tax advice, and recommends that each participant should consult his or her own tax advisor.

A participant will not be subject to tax at the time a non-qualified option is granted. Upon the exercise of a non-qualified option, an amount equal to the difference between the option price and the fair market value of the shares acquired on the date of exercise will be included in the participant's ordinary income and the Corporation will generally be entitled to deduct the same amount. Upon disposition of shares acquired upon exercise, appreciation or depreciation after the date of exercise will be treated by the participant as either capital gain or loss.

A participant receiving an incentive stock option receives special federal income tax treatment under certain circumstances. Generally, a participant receiving an incentive stock option grant does not recognize taxable income either at the time of grant or at exercise. A participant must meet certain employment conditions to receive this special treatment and must hold the shares received upon exercise for certain periods to recognize capital gains rather than compensation income on certain portions of the sales proceeds of the shares issued at exercise. A participant may be subjected to alternative minimum tax upon the exercise of an incentive stock option. The Corporation has not issued any incentive stock options to date.

In general, a participant who receives a performance share unit or restricted share does not recognize taxable income at the date the award is granted. The participant does recognize taxable compensation income at the time and in the amount of the value of any shares that become vested under the terms of the award.

A participant who receives Common Shares under a performance share unit or restricted share award that are subject to vesting does not normally recognize taxable income at the time of grant. Instead the participant recognizes taxable compensation income at the time those shares vest, in an amount equal to the fair market value of such shares at the end of the performance period, or on the date the restriction lapses, as applicable. This fair market value is also the participant's tax basis for those shares and the holding period normally begins on the day following the day that the performance period ends or the restriction lapses.

Dividends paid on Common Shares subject to vesting are taxable compensation income for federal income tax purposes when received until the date the restriction lapses.

Rather than recognizing income under the above rules, a participant may elect with respect to a restricted share award to recognize compensation income equal to the fair market value of the Common Shares on the award date by filing an election under Section 83(b) of the Internal Revenue Code. The election must be filed with the Internal Revenue Service no later

Table of Contents

than 30 days after the award date. If a participant makes such an election, his or her tax basis in those Common Shares is equal to the taxable compensation income and his or her holding period normally begins on the day following the award date.

If a participant is subject to Section 16(b) of the Securities and Exchange Act of 1934, as amended, the tax consequences of a performance award or a restricted award may be different than those described above. Generally, a participant subject to Section 16(b) does not recognize taxable income on receipt of property such as Common Shares until he or she is no longer subject to liability with respect to disposition of such Common Shares. However, by filing an election under Section 83(b) of the Internal Revenue Code with the Internal Revenue Service no later than 30 days after the date of transfer of property, a Section 16(b) person will recognize taxable income at the time of such transfer. The tax basis and holding period for such shares is determined in the same way as for those of other shareholders making the Section 83(b) election described above.

The previous discussion is intended only as a summary rather than a complete analysis of all potential tax effects relevant to participants in the Amended and Restated Long-Term Performance Compensation Plan. Participants are advised to consult their own tax advisor concerning federal, state, local and other tax considerations relating to such awards. In particular, it is recommended that each participant consult his or her own tax advisor if a) participant is subject to Section 16(b) or b) is considering making a Section 83(b) election.

See (b) for a discussion of the annual growth factors used in calculating potential realizable value.

(b) Potential realizable value is based on the assumed annual growth of the Corporation's Common Shares for the option term. Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is pleased to present its report on executive compensation. The Committee exercises the Board's powers in reviewing all aspects of cash and long-term compensation for executive officers and other key employees. All members of the Compensation Committee are independent as defined by the Securities and Exchange Commission and the National Association of Securities Dealers.

Compensation Philosophy

The Corporation's compensation philosophy is to pursue and create a direct linkage between executive compensation and continuous improvements in corporate performance and increases in shareholder value. The Corporation has adopted the following objectives as guidelines for compensation decisions:

Implement a balance between short- and long-term compensation to leverage the Corporation's annual and long-term business objectives and strategy by encouraging executive performance in fulfilling those objectives in a manner consistent with the values expressed in the Corporation's Mission Statement and Statement of Principles.

Provide short-term cash compensation opportunities based on annual Corporation, business unit, and individual performance.

Table of Contents

Provide long-term equity compensation opportunities to reward achievement of the Corporation's long-term performance goals and to align interests of executives with shareholders.

Require executives to build and maintain a continuing equity investment in the Corporation which is appropriate to individual roles and responsibilities.

Display a willingness to pay levels of compensation that are necessary to attract and retain highly qualified executives.

Be willing to compensate executive officers in recognition of superior individual performance, new responsibilities or new positions.

Take into account historical levels of executive compensation and the overall competitiveness of the market for high quality executive talent.

During 2004 the Corporation formed a task force and retained the services of an outside consultant to facilitate and conduct a comprehensive review of the Amended and Restated Long-Term Compensation Plan dated December 14, 2001 (the Prior Plan). The task force assessed the effectiveness of the Prior Plan design, reviewed emerging trends with respect to the delivery of equity and cash-based long-term incentive compensation, evaluated the impact of and considered planning opportunities presented by the recent changes in accounting standards, and examined alternative strategies for delivering equity-based long-term incentive compensation. Based on the task force findings and recommendations, the Corporation is revising its long-term compensation strategy to strengthen the alignment of executive officers and other key employees with shareholder interests and to more closely align compensation with the achievement of long-term corporate performance. The Corporation has also adopted a share ownership and retention policy for all participants in the Plan effective April 1, 2005. This policy is intended to promote sound corporate governance by appropriately aligning the interests of executives and other managers with the interests of shareholders.

Compensation Program Components

We regularly review the Corporation's compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the Corporation's performance. Elements of the compensation program for executive officers are further explained below.

Base Salary and Bonus Base pay levels are largely determined by evaluating the responsibilities of the position held and the experience of the individual and by comparing the salary scale with that of companies of similar size and complexity. Actual base salaries are kept within a competitive salary range for each position that is established through job evaluation and market comparisons. The Corporation's bonus program considers a portion of this base salary at risk and determines how much of the at-risk dollars are awarded each year based on both quantitative and qualitative factors.

Long-Term Compensation Plan The Corporation sponsors a long-term performance compensation plan that provides certain employees with share options and/or share awards based both on Corporation and individual performance. The exercise price of options is the market price of the Common Shares on the grant date. Share awards may include restrictions that require continued employment prior to vesting.

Stock Ownership and Retention Policy The Corporation adopted a stock ownership and retention policy effective April 1, 2005. The policy applies to all participants in the long-term performance compensation plan including executive officers, directors and other key employees. The policy requires participants to build and maintain an ongoing ownership stake in the

Table of Contents

Company and thereby link to shareholder interests. The policy includes both stock ownership and retention requirement features. The key features of the policy are:

Each participant is encouraged to build and maintain a continuing equity investment in the Corporation which is appropriate to individual roles and responsibilities. Ownership guidelines were determined as a multiple of average base salary and converted to a number of fixed shares.

The policy does not require any participant to purchase shares in the market in order to meet the guidelines, rather the focus is on retaining shares delivered through the Plan. Until the ownership guideline level is achieved, participants are required to retain at least 75% of the net shares exercised or delivered from grants made after the effective date of the policy. For participants who are not officers of the Corporation, there is no retention requirement on shares delivered after the ownership guideline has been achieved unless the participant falls below the ownership guideline for any reason; in this case the 75% retention requirement applies until the level is once again achieved. If a participant is also an officer of the Corporation, the retention requirement is reduced to 25% of the net shares exercised or delivered once the ownership guideline is achieved.

In addition, regardless of whether the ownership guideline level is met, all participating officers must retain 100% of the net shares exercised or delivered for one year following the date of exercise or vesting as the case may be.

Employee Benefit Plans. The Corporation also sponsors an Employee Share Purchase Plan that allows all employees to purchase Common Shares at the lower of the beginning or end of the year market price. Funding of these purchases is made through payroll deductions.

Chief Executive Officer Compensation The Committee set the 2004 fiscal year cash compensation for Mr. Michael J. Anderson based on past compensation practices, policies and performance. Taking these factors into account, Mr. Anderson's annual base salary was set at \$366,667 for 2004. He also received a 2004 performance bonus of \$300,000 and is expected to receive an April 1, 2005 grant of 30,000 non-qualified options and 5,040 performance share units. The performance share units grant Mr. Anderson the right to receive Common Shares at the end of the three year performance period December 31, 2007 dependent on the achievement of specified financial performance objectives for the period. In the future, we will continue to take responsibility for establishing the Chief Executive Officer's annual cash and equity-based compensation. In doing so, the Committee will consider a number of factors, including prior compensation arrangements, corporate performance, individual performance and competitive standards.

Summary After our review of all existing programs, we continue to believe that the total compensation program for executives is focused on increasing shareholder value and enhancing corporate performance. We currently believe that the compensation of executive officers is properly linked to share appreciation through the Amended and Restated Long-Term Performance Compensation Plan and expect to continue and strengthen this linkage through the adoption and implementation of the 2005 Long-Term Performance Compensation Plan. We also believe that executive compensation levels are competitive with the compensation programs provided by the Corporation's competitors. All members of the Committee have approved this report.

Table of Contents**Performance Graph**

The graph below compares the total shareholder return on the Corporation's Common Shares to the cumulative total return for the NASDAQ U.S. Index and a Peer Group Index. The indices reflect the year-end market value of an investment in the stock of each company in the index, including additional shares assumed to have been acquired with cash dividends, if any. The Peer Group Index, weighted for market capitalization, includes the following companies:

Agrium, Inc.	Greenbrier Companies, Inc.
Archer-Daniels-Midland Co.	Lesco, Inc.
Corn Products International, Inc.	Lowes Companies
GATX Corp.	

This Peer Group Index was adjusted in 2004 as two of the companies previously used were no longer in existence as public companies and two companies (Scotts Company and Conagra, Inc.) have changed their focus to brand / packaged foods from the previous focus on agribusiness/lawn/turf products.

The graph assumes a \$100 investment in The Andersons, Inc. Common Shares on December 31, 1999 and also assumes investments of \$100 in each of the NASDAQ U.S. and Peer Group indices, respectively, December 31 of the first year of the graph. The value of these investments on the following calendar year ends is shown in the table below the graph.

	Base Period December 31, 1999	Cumulative Returns

2005 LONG-TERM PERFORMANCE COMPENSATION PLAN

threshold level of performance during such Performance Period, as specified by the Committee or the Board, as applicable.

11.3 *Payment of Earned PSUs.* PSUs earned under the Plan will be delivered to Participants in the form of Common Shares and payable at such date or dates after the Performance Period established at the discretion of the Committee or the Board. In order to avoid deferral of compensation, it is intended that any payment by issuance of Common Shares be closely after the end of the Performance Period and no later than 75 days following the conclusion of the Performance Period.

No payment will be required from the Participant upon the issuance or delivery of any Common Shares, except that any amount necessary to satisfy applicable federal, state or local tax requirements shall be withheld.

11.4 *Vesting of PSUs.* In order to be eligible to receive any payment earned based on a PSU, a Participant must be actively employed by the Company as of the end of the Performance Period except as set forth in Section VI or in the award agreement for the PSUs, Participants in the Plan have no vested rights to PSUs earned under the Plan until the end of the Performance Period. Additional exceptions to the conditions set forth in paragraphs (11.1) and (11.2) above may be made by the Committee or the Board, in their sole discretion.

11.5 *Mid-hires or Transfers.* An employee of the Company who becomes a Participant on or before June 30 of any calendar year will be eligible to participate in the Plan and be awarded PSUs effective with the Performance Period beginning immediately prior to the date such employee becomes an active Participant. Such Participant's PSUs award will be prorated to reflect the number of days rounded to the nearest whole month of active employment during the initial Performance Period. Employees hired after June 30 of any year will not be eligible to participate in the Plan until the commencement of the next Performance Period immediately following the date such employee begins employment with the Company.

11.6 *Rights as a Shareholder.* A Participant granted PSUs shall not be entitled to any shareholder rights with respect to Common Shares subject to the PSU Award, during the applicable Performance Period, including the right to receive dividends or to vote the Common Shares subject to the PSU.

11.7 *Equivalent Dividends.* If any dividends are paid with respect to Common Shares during the Performance Period, additional PSUs shall be awarded at the end of the Performance Period to each Participant having PSUs at such dividend dates equivalent to the Common Shares that could be purchased with the dividends that would have been paid had the Participant's PSUs been Common Shares. Any such additional PSUs awarded shall be subject to the same terms, conditions and restrictions as the underlying PSUs that resulted in the additional PSUs. For this purpose, it is permissible to award fractional shares, although any payment of the Award when earned shall have the number of shares rounded to the nearest whole share.

**SECTION XII
Restricted Share Awards**

12.1 *Establishing Restricted Share Awards.* Restricted Shares are Awards of Common Stock to one or more Participants, the actual issuance of which is subject to certain restrictions and contingencies, as the Committee or the Board may, at any time and from time to time establish. The Committee or the Board, as applicable, shall have complete discretion in determining the size and composition of Restricted Shares to be granted to a Participant or group of Participants and the terms and conditions of such grant.

Each Restricted Share Award granted under the Plan shall be evidenced by an agreement in such form as the Committee or Board shall prescribe from time to time and shall be registered on the books of the Company as represented by the registrar and transfer agent in book form. The Restricted Share Awards shall comply with such other terms and conditions not inconsistent with the terms of this Plan as the Committee or Board in its discretion, shall establish.

12.2 *Prohibition on Disposition.* Any attempt to dispose of Restricted Shares in contravention of such restrictions shall be null and void and without effect. The Restricted Shares shall be registered in book form on the books of the Company until the Vesting Period on the restrictions has lapsed.

12.3 *Payment of Earned Awards.* Upon the expiration of the Vesting Period or termination of the restrictions prescribed by the Committee or the Board, the restrictions applicable to the Restricted Share Awards shall lapse and one or more certificates for the number of aggregate Common Shares due shall be delivered, free and clear of all restrictions, except those that may be imposed by law, to the Participant or the Participant's beneficiary or estate, as the case may be. The Company shall not be required to deliver any fractional Common Shares but will pay, in lieu thereof, the Fair Market Value (determined as of the date the restrictions end) of such fractional share to the Participant or the Participant's beneficiary or estate, as the need may be.

No payment will be required from the Participant upon the issuance or delivery of any Restricted Shares, except that any amount necessary to satisfy applicable federal, state or local tax withholding requirements shall be required to be paid.

12.4 *Dividends.* Dividends paid on Restricted Share Awards shall be either paid at the dividend payment date in cash or in shares of unrestricted Common Shares having a Fair Market Value equal to the amount of such dividends, or the payment of such dividends shall be deferred and/or the amount or value thereof automatically reinvested in additional Restricted Shares or other investment vehicles as the Committee or Board shall prescribe. Shares distributed in connection with a Common Share split or dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Share Awards with respect to which such

Shares or other property has been distributed unless otherwise determined by the Committee or the Board.

12.5 *Rights as a Shareholder.* A Participant shall have the right to receive dividends, as described in paragraph 12.4, on Common Shares subject to the Restricted Share Award during the Vesting Period to vote the Shares subject to the Restricted Share Award and to enjoy all other shareholder rights, except that the Participant shall not be entitled to delivery of the share certificates until the applicable restriction period shall have lapsed.

SECTION XIII

No Right to Continued Employment

Participation in the Plan shall confer no rights to continued employment with the Company, nor shall it restrict the rights of the Company to terminate a Participant's employment relationship at any time for cause or without cause.

SECTION XIV

Withholding Taxes

As a condition of delivery of Common Shares upon exercise of an Option or SOSAR, the issuance of Common Shares as share restrictions are lifted, or the issuance of Common Shares as payment of a PSU Award, the Company shall be entitled to require that the Participant and/or his or her Permitted Transferees (without regard to whether the Participant has transferred the Award in accordance with the Plan) satisfy federal, state and local tax withholding requirements as follows:

- (a) *Cash Remittance.* Whenever Common Shares are to be issued upon the exercise of an Option, or SOSAR or when restrictions lapse regarding Restricted Shares, or in payment of an earned PSU amount, the Company shall have the right to require the Participant and/or his or her Permitted Transferees to remit to the Company in cash an amount sufficient to satisfy federal, state and local withholding tax requirements, if any, attributable to such exercise or payment, prior to the delivery of any certificate or certificates for such shares. In addition, the Company shall have the right to withhold from any cash payment required to be made pursuant thereto an amount sufficient to satisfy the federal, state and local withholding tax requirements.
- (b) *Share Withholding or Remittance.* In lieu of the remittance required by Section XIV(a) hereof or, if greater, the Participant's estimated federal, state and local tax obligations associated with an Award hereunder, a Participant who is granted an Award and a Permitted Transferee may, to the extent approved by the Committee or the Board, irrevocably elect by written notice to the Company at the office of the Company designated for that purpose, to have the Company withhold from any Award hereunder Common Shares having a Fair Market Value as of the date on which any such tax is determined equal to the amount to be withheld, if any, rounded up to the nearest whole share attributable to such exercise, occurrence or

grant; provided, however, that no election made by a Participant to have Common Shares withheld from any Award shall be effective with respect to an Award which was transferred by such Participant to a Permitted Transferee or otherwise.

- (c) *Participants Subject to Section 16(b)*. Notwithstanding any other provision herein, a share withholding election in connection with the exercise of an Option may be made by a Participant who is subject to Section 16(b) of the Act subject to the following additional restrictions: (1) it may not be made within six months after the grant of such Option (except in the case of the Death or Disability of the Participant) and (2) it must be made either (a) six months or more prior to the date as of which the amount of tax to be withheld is determined (the Tax Date), or (b) within a ten day window period preceding the Tax Date beginning on the third business day following the release of the Company's quarterly or annual summary statement of sales and earnings.

SECTION XV

Amendment or Termination of the Plan

- 15.1 *Amendment*. The Board may, from time to time but not more often than once every six months (other than to comport with changes in the Code, the Employee Retirement Income Security Act of 1974 or the rules and regulations promulgated thereunder), amend, modify or suspend the Plan, but no such amendment, modification or suspension without the approval of the shareholders shall increase the maximum number (determined as provided in the Plan) of Plan Shares, other than as provided in Section 4.2 hereof. The Committee or the Board shall be authorized to make minor or administrative modifications to the Plan as well as modifications to the Plan that may be dictated by requirements of federal or state laws applicable to the Company or that may be authorized or made desirable by such laws.
- 15.2 *Termination*. The Plan shall terminate on May 6, 2015; provided, however, that the Plan shall be subject to termination prior to such date on the date set forth in a resolution of the Board terminating the Plan. No termination of the Plan shall materially alter or impair the right of any Participant to receive Awards previously granted hereunder without such Participant's consent. All Awards granted hereunder shall continue to be valid and binding obligations of the Company going forward on the same terms and conditions as set forth herein and in the applicable Award Agreements.

In the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, or any other change in the corporate structure or shares of the Company, the Committee or the Board shall make such adjustment as it deems appropriate in the number and kind of Plan Shares, and in the exercise price of outstanding Options and SOSARs. In the event of any merger, consolidation or other reorganization in which the Company is not the surviving or continuing corporation or in which a Change in Control is to occur, all of the Company's obligations regarding Options and SOSARs and Performance Restricted Share Units, and Restricted Share Awards that were granted hereunder and that are outstanding on the date
