Principal Executive Offices

Our principal executive offices are located at 35 Vantage Point Drive, Rochester, New York 14624, and our telephone number is (585) 352-7777.

Mailing Date

These proxy solicitation materials are first being mailed by us on or about July 8, 2005 to all shareholders entitled to vote at the annual meeting.

Record Date; Outstanding Shares

Shareholders of record at the close of business on June 30, 2005, the record date for the annual meeting, are entitled to notice of and to vote at the annual meeting. We have one class of shares outstanding, designated common stock, \$0.50 par value per share. As of the record date, 6,567,725 shares of our common stock were issued and outstanding.

Solicitation of Proxies

We are making this solicitation of proxies, and we will bear all related costs. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited on our behalf, in person or by telephone or facsimile, by our directors, officers and regular employees, none of whom will receive additional compensation for doing so. In addition, we have retained Regan & Associates, Inc., a professional solicitation firm, which will assist us in delivering material and soliciting proxies for a fee of \$5,500.

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the annual meeting, you must bring to the annual meeting a letter from the broker, bank or other nominee confirming both (1) your beneficial ownership of the shares; and (2) that the broker, bank or other nominee is not voting the shares at the meeting.

Table of Contents

Voting; Cumulative Voting

Generally, each shareholder is entitled to one vote for each share held as of the record date. With respect to the election of directors, shareholders can cumulate their votes in certain circumstances. Cumulative voting is a system of voting whereby each shareholder receives a number of votes equal to the number of shares that the shareholder holds as of the record date multiplied by the number of directors to be elected. Thus, for example, if you held 100 shares as of the record date, you would be entitled to cast 400 votes (100 shares × four directors) for the election of directors. Cumulative voting is only allowed for the election of directors and is not permitted for voting on any other proposal.

To employ cumulative voting for the election of directors at the annual meeting, you must notify the president, a vice president or the secretary that you desire that cumulative voting be used at the annual meeting for the election of directors. Such notice must be in writing, and it must be given at least 48 hours before the time fixed for holding the annual meeting. In addition, a formal announcement must be made at the commencement of the annual meeting by the chairman, the secretary or by or on behalf of you, stating that such notice has been given.

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the annual meeting in accordance with the instructions on such proxies. If no specific instructions are given, the shares will be voted:

FOR the election of the four nominees for directors described herein; and

FOR the ratification of the selection of BDO Seidman, LLP as the company's independent registered public accounting firm for the fiscal year ending March 25, 2006.

The shares may also be voted for such other business as may properly come before the annual meeting or at any adjournment or postponement thereof.

Quorum

A quorum is required for shareholders to conduct business at the annual meeting. The presence, in person or by proxy, of the holders of shares having a majority of the votes that could be cast by the holders of all outstanding shares of stock entitled to vote at the meeting will constitute a quorum.

Effect of Abstentions

Abstentions are counted for the purpose of establishing a quorum and will have the same effect as a vote against a proposal (other than the election of directors).

Effect of Broker Non-Votes

Under the rules governing brokers who have record ownership of shares that they hold in street name for their clients, who are the beneficial owners of such shares, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Broker non-votes generally occur when shares held by a broker nominee for a beneficial owner are not voted with respect to a proposal because the nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Brokers normally have discretion to vote on routine matters, such as director elections and the ratification of the selection of an independent registered public accounting firm, but not on non-routine matters.

Because the proposals to be acted upon at an annual meeting may include both routine and non-routine matters, with respect to uninstructed shares, the broker may turn in a proxy card and vote on the routine matters but not on the non-routine matters. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal. A broker non-vote will not affect the outcome of any proposal in this proxy statement.

ELECTION OF DIRECTORS****Nominees Proposed for Election as Directors for a Term Expiring in 2008**

Our articles of incorporation provide for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, only a portion of our board of directors is elected each year.

At the 2004 annual meeting, shareholders approved a proposal to increase the size of our board of directors from nine to 11 members, creating two vacancies on the board that were not filled at the 2004 annual meeting. On November 30, 2004, based on the recommendations of the corporate governance and nominating committee and pursuant to the authority granted to the board of directors by Article II, Section 2 of our Code of Regulations (or by-laws), the board of directors appointed Richard J. Harrison and Alan H. Resnick to fill these two vacancies. Mr. Harrison was appointed to serve in the class whose term expires at the 2005 annual meeting of shareholders and Mr. Resnick was appointed to serve in the class whose term expires at the annual meeting to be held in 2006.

Accordingly, at this year's annual meeting, shareholders will elect four directors to hold office for a term expiring in 2008 or until each of their successors is duly elected and qualified. Based on the recommendation of the corporate governance and nominating committee, we have nominated E. Lee Garelick, Richard J. Harrison, Harvey J. Palmer and John T. Smith for election. Dr. Palmer and each of Messrs. Garelick, Harrison and Smith is currently a director, and we recommend their election.

Unless authority to vote for one or more of the nominees is specifically withheld according to the instructions on your proxy card, proxies in the enclosed form will be voted FOR the election of Dr. Palmer and each of Messrs. Garelick, Harrison and Smith. The votes represented by such proxies may be cumulated if proper notice is given (see Voting; Cumulative Voting on page 2).

We do not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, determine. However, proxies in the enclosed form cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

**PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

On October 5, 2004, the audit committee of the board of directors dismissed PricewaterhouseCoopers LLP and engaged the firm of BDO Seidman, LLP as the company's independent registered public accounting firm for the fiscal year ended March 26, 2005, which for convenience is referred to as fiscal year 2005 in this proxy statement.

We disclosed these events in a Current Report on Form 8-K that we filed with the Securities and Exchange Commission on October 12, 2004, which included the following information:

Except as described in the immediately following sentence, PricewaterhouseCoopers LLP's reports on our financial statements as of and for the fiscal years ended March 27, 2004 and March 31, 2003, which for convenience are referred to as fiscal year 2004 and fiscal year 2003 in this proxy statement, did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. An explanatory paragraph regarding the restatement of our balance sheet at March 31, 2003 was included in PricewaterhouseCoopers LLP's report on our financial statements as of and for fiscal year 2004 and fiscal year 2003.

During fiscal year 2004 and fiscal year 2003, and through October 5, 2004, (a) there were no disagreements between us and PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused PricewaterhouseCoopers LLP to make reference thereto in their reports on the financial statements for such years; and (b) there were no reportable events (as described in Item 304(a)(1)(v) of Regulation S-K).

We provided PricewaterhouseCoopers LLP with a copy of this disclosure made in the Form 8-K and requested that PricewaterhouseCoopers LLP furnish us with a letter addressed to the Securities and Exchange Commission stating whether it agreed with these statements. A copy of PricewaterhouseCoopers LLP's letter dated October 8, 2004 was filed as Exhibit 16.1 to the Form 8-K.

During fiscal year 2004 and fiscal year 2003, and through October 5, 2004, we did not consult with BDO Seidman, LLP on any matter that (i) involved the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, in each case where either written or oral advice was provided that BDO Seidman, LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

In addition to the audit of the fiscal year 2005 financial statements by BDO Seidman, LLP, we engaged BDO Seidman, LLP to perform certain services, as discussed below. We also paid PricewaterhouseCoopers LLP professional fees for certain audit, audit-related and tax services prior to its dismissal as our independent registered public accounting firm in October 2004. We also paid PricewaterhouseCoopers LLP professional fees for certain tax services and other services related to the filing of our Annual Report on Form 10-K for fiscal year 2005.

The audit committee has selected BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 25, 2006. This selection is being presented to the shareholders for ratification at the annual meeting. The board of directors recommends a vote in favor of the proposal to ratify the selection of BDO Seidman, LLP to serve as our independent registered public accounting firm for the fiscal year ending March 25, 2006, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal.

We have been advised by BDO Seidman, LLP that a representative will be present at the annual meeting and will be available to respond to appropriate questions. We intend to give such representative an opportunity to make a statement if he or she should so desire.

Policy on Pre-Approval of Retention of Independent Registered Public Accounting firm

The engagement of BDO Seidman, LLP, and prior to its dismissal, PricewaterhouseCoopers LLP, for non-audit accounting and tax services performed for the company is limited to those circumstances where these services are considered integral to the audit services that it provides or in which there is another compelling rationale for using its services. Pursuant to the Sarbanes-Oxley Act of 2002 and the audit committee's charter, the audit committee is responsible for the engagement of our independent registered public accounting firm and for pre-approving all audit and non-audit services provided by our independent registered public accounting firm that are not prohibited by law.

The pre-approval requirements are not applicable with respect to the provision of de-minimis non-audit services that are approved in accordance with the Securities Exchange Act of 1934, as amended and our audit committee charter. The audit committee may delegate to one or more designated members of the audit committee the authority to grant required pre-approval of auditing and non-audit services. The decision of any member to whom authority is delegated shall be presented to the full audit committee at its next scheduled meeting.

For fiscal year 2005, 100 percent of the services listed above for BDO Seidman, LLP, and 100 percent of the services listed above for PricewaterhouseCoopers LLP, as Audit-Related Fees, and Tax Fees were pre-approved by the audit committee.

CORPORATE GOVERNANCE

Board Meetings and Executive Sessions

The board of directors held five meetings during fiscal year 2005. Each director then in office attended at least 75% of the total of such board meetings and meetings of board committees on which he or she served.

Our independent directors, as determined by the board pursuant to the listing standards of the Nasdaq Stock Market, also met in regularly scheduled executive sessions during fiscal year 2005.

Board Committees

The board of directors has established, among other committees, an audit committee, a compensation committee and a corporate governance and nominating committee.

Audit Committee

The current members of the audit committee are Mr. Moore (chair), Mr. Bradley, Dr. Palmer and Mr. Harrison. The board has determined that each of Mr. Moore, Mr. Bradley, Dr. Palmer and Mr. Harrison is independent pursuant to the listing standards for the Nasdaq Stock Market and applicable Securities and Exchange Commission rules. The board of directors has determined that each audit committee member has sufficient knowledge in financial and auditing matters to serve on the audit committee. The board of directors has designated Mr. Moore, the audit committee chairman, as an audit committee financial expert in accordance with the definition of audit committee financial expert set forth in Item 401(h)(2) of Regulation S-K, as adopted by the Securities and Exchange Commission. The board determined that Mr. Moore qualifies as an audit committee financial expert by virtue of his 26-year career in banking and corporate lending with M&T Bank Corporation.

The audit committee serves as an independent and objective party to monitor our financial reporting process and internal control system; retains, pre-approves audit and non-audit services to be performed by, and directly consults with our independent registered public accounting firm; reviews and appraises the efforts of our independent registered public accounting firm; and provides an open avenue of communication among our independent registered public accounting firm, financial and senior management and the board of directors. Our audit committee charter, which has been adopted by the board and is attached as appendix A to this proxy statement, more specifically sets forth the duties and responsibilities of the audit committee. The audit committee's report relating to fiscal year 2005 appears on page 20. The audit committee held four meetings during fiscal year 2005.

Compensation Committee

The current members of the compensation committee are Ms. Hessler (chair), Mr. Murphy, Dr. Palmer, Mr. Smith and Mr. Resnick. The board has determined that each of Ms. Hessler, Mr. Murphy, Dr. Palmer, Mr. Smith and Mr. Resnick is independent pursuant to the listing standards for the Nasdaq Stock Market. Among its duties, the compensation committee determines the compensation and benefits paid to Mr. Sassano, our chairman, president and chief executive officer (see Executive Compensation on page 15). Mr. Sassano routinely consults with the compensation committee in connection with his determination of the compensation and benefits paid to our other executive officers. However, he neither participates nor is otherwise involved in the deliberations of the compensation committee with respect to his own compensation and benefits. Our compensation committee charter, which has been adopted by the board and is attached as appendix B to this proxy statement, more specifically sets forth the duties and responsibilities of the compensation committee. The compensation committee's report relating to fiscal year 2005 begins on page 17. The compensation committee held two meetings during fiscal year 2005.

The corporate governance and nominating committee is charged with determining the slate of director nominees for election to the board of directors, identifying and recommending candidates to fill vacancies on the board, and reviewing, evaluating and recommending changes to our corporate governance processes. Among its duties and responsibilities, the corporate governance and nominating committee periodically evaluates and assesses the performance of the board of directors; reviews the qualifications of candidates for director positions; assists in identifying, interviewing and recruiting candidates for the board; reviews the composition of each committee of the board and presents recommendations for committee memberships; reviews the compensation paid to non-employee directors; reviews and recommends changes to the charter of the corporate governance and nominating committee and to the charters of other board committees.

The process followed by the corporate governance and nominating committee to identify and evaluate candidates includes requests to board members, the chief executive officer, and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and their qualifications, and interviews of selected candidates.

The corporate governance and nominating committee also considers and establishes procedures regarding recommendations for nomination to the board submitted by shareholders. Such recommendations for nomination, together with appropriate biographical information, should be sent to the following address: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary. The qualifications of recommended candidates will be reviewed by the corporate governance and nominating committee.

In evaluating the suitability of candidates (other than our chief executive officer) to serve on the board of directors, including shareholder nominees, the corporate governance and nominating committee will seek candidates who are independent pursuant to the listing standards for the Nasdaq Stock Market and meet certain selection criteria established by the corporate governance and nominating committee. The corporate governance and nominating committee will also consider an individual's skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the board as a whole.

The corporate governance and nominating committee acts pursuant to a written charter adopted by the board of directors a copy of which is attached as appendix C to this proxy statement. The corporate governance and nominating committee held one meeting during fiscal year 2005.

(1) The amounts shown include cash compensation earned during the fiscal year indicated (whether paid during or subsequent to that year) as well as cash compensation deferred at the election of the named executive into the company's Long-Term Savings and Deferred Profit Sharing Plan (the 401(k) Plan).

(2)

Does not include the value of perquisites and other personal benefits because the aggregate amount of such compensation for any year does not exceed 10% of the total amount of annual salary and bonus for any named executive. Perquisites under 10% of the total annual salary and bonus totaled \$56,050 in the aggregate and consisted of auto allowances and country club memberships.

- (3) In fiscal year 2004, Mr. Sassano received a restricted stock grant of 60,000 shares and Mr. Hadeed received a restricted stock grant of 10,000 shares. In fiscal year 2005, Mr. Sassano received a restricted stock grant of 40,000 shares and Mr. Hadeed received a restricted stock grant of 10,000 shares. The dollar value attributed to these shares represents the aggregate fair market value of the shares on the respective dates of the awards. As of March 26, 2005, Mr. Sassano held 100,000 shares of restricted stock and Mr. Hadeed held 20,000 shares. The dollar value of these shares or units held as of March 26, 2005 (based on the closing market price on such date of \$3.80 per share) was Mr. Sassano - \$380,000, and Mr. Hadeed - \$76,000. The shares of restricted stock vest as follows: 50 percent on the date of grant, and 50 percent on the first anniversary of the date of grant.
- (4) The amounts shown reflect the company's contributions to the 401(k) Plan.
- (5) Mr. Maddamma joined the company in August 2003.

The table below shows information with respect to stock options granted during fiscal year 2005 to the named executives under our 2003 Incentive Plan. We have no provisions for stock appreciation rights.

(1) The dollar amounts in these columns are the result of calculations of potential realizable value at the 5% and 10% rates set by the Securities and Exchange Commission and are not intended to forecast future appreciation of our common stock. There can be no assurance that our common stock will perform at the assumed annual rates shown in the table. We will neither make nor endorse any predictions as to future stock performance. As an alternative to the assumed potential realizable values stated in the 5% and 10% columns, Securities and Exchange Commission rules would permit stating the present value of such options at the date of grant. Methods of computing present value suggested by different authorities can produce significantly different results. Moreover, since stock options granted by us are not transferable, there are no objective criteria by which any computation of present value can be verified. Consequently, we have not chosen this alternative for the purposes of the table.

The table below shows information with respect to (1) options exercised by the named executives during fiscal year 2005; and (2) unexercised options held by them at the end of fiscal year 2005.

Change-in-Control Arrangements

On February 12, 2004, we entered into an Agreement for Severance Upon Change in Control with each of Carl E. Sassano, our chairman, president and chief executive officer, and Charles P. Hadeed, our chief operating officer, vice president of finance and chief financial officer. Pursuant to these agreements, if a change in control of the company occurs and the employment of Mr. Sassano or Mr. Hadeed is terminated for any reason (other than voluntary resignation, death, disability, or retirement, or termination by the company for certain reasons) during the period beginning with the agreement for or announcement of a proposed change in control and ending 24 months following the change in control, we would be required to continue to pay them their full salary and bonus and continue their benefits for a period of 24 months following the date of termination of employment, and all stock grants, stock options and similar arrangements would immediately vest.

REPORT OF THE COMPENSATION COMMITTEE*

The compensation committee of the board of directors is composed of five independent directors who assist the board in fulfilling its responsibilities for establishing compensation levels and benefits for (i) our chairman, president and chief executive officer, our chief operating officer, vice president of finance and chief financial officer (the executives), and such other officers as the board of directors may determine, and (ii) our non-employee directors. The compensation committee operates under a written charter that was adopted by the committee and approved by the board of directors in June 2005. The compensation committee charter provides for a collaboration with management in developing a compensation philosophy. The charter further provides that the committee evaluate the company's performance and the compensation paid to each of the executive officers and make recommendations to the board of directors on an annual basis. The committee believes that the charter is an accurate statement of its responsibilities and will periodically review its adequacy.

Our chairman, president and chief executive officer may participate in discussions regarding compensation and benefits relative to the other executive officers, but will not be present to approve recommendations with respect to his own compensation or the compensation of other executives.

Compensation Philosophy and Objectives

The committee's compensation philosophy is to align closely the performance of the company with the compensation paid to our officers on both a short and long-term basis. The objectives of our compensation program are to inspire the executives and other executive officers to achieve our business objectives, to reward them for achievement, to foster teamwork, and contribute to the company's long-term success. Our compensation policies with respect to our officers, including our chief executive officer, are designed to link pay with performance (which also takes into account the level of difficulty associated with each executive officer's responsibilities) and shareholder returns over the long term (while recognizing the challenges associated with benchmarking performance against the trading market for the company's stock), and to attract, motivate and retain executive officers who are critical to the company's long-term success. The key components of the compensation program are base salary, performance incentive bonuses (the amount of which is dependent on both company and individual performance), stock options and restricted stock awards. Historical emphasis has been on stock options and restricted stock awards to reinforce the link between long-term executive incentives and the creation of shareholder value.

In the committee's annual review of total compensation (which includes salaries, bonuses and stock option awards), the committee determines executive compensation based upon (i) the individual's role, responsibilities and performance during the year, (ii) a review of compensation paid to executive officers in comparable positions

* The material in this report is not soliciting material, is not deemed to be filed with the Securities and Exchange Commission and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filings.

at companies of comparable size, (iii) overall corporate performance as measured against the company's fiscal corporate goals; and (iv) the overall difficulty associated with the responsibilities of the executive officer.

The committee and the board of directors have recently undertaken a review of the company's historical option grants with a view toward the future implications of FAS 123 and the relative impact of stock option grants on earnings per share. The committee is also charged with looking at the long-term benefits of options versus restricted stock awards to the executive officers and to the company's shareholders. To this end, in May 2005, the board established an ad hoc committee to review the components of executive compensation. The board expects that this committee will provide recommendations intended to address FAS 123 and other improvements to executive compensation it may deem necessary.

Compensation Components and Processes

Annual Salary

The committee reviews the executives base salaries on an annual basis after reviewing survey data compiled by an independent compensation specialist, who has reviewed base salaries, management incentive plan target ranges and equity based compensation at comparable companies. Based upon a review of the submitted survey and a review of individual performance during the prior year, the committee sets the base salary of our executives to be competitive with that of similarly situated executives at comparable companies.

Management Incentive Bonuses

We maintain a Management Performance Incentive Plan designed to recognize key management members based on their contribution to the achievement of specified levels of corporate fiscal financial objectives and their performance against individual goals. Incentive bonuses are based on a pre-determined percentage of an eligible participant's base salary earned during the fiscal year. Payment of bonuses is expressly linked to successful achievement of the specified corporate goals, which the Committee approves annually, and individual performance goals. Among other things, the plan delineates eligible participants, the targeted award and the amount of the bonus that will be paid based on performance to the established annual goals. A bonus will not be granted if we do not meet the established minimum performance standards. The maximum award a participant may receive is limited to 150% of the targeted award. After the end of the fiscal year, management presents to the compensation committee a summary and recommendation for approval of the management incentive bonuses. The board of directors, acting on the recommendation of the compensation committee may approve, and in their discretion, adjust the awards.

Prior to the start of each fiscal year, the chief executive officer sets individual objectives for each of the company's other executive officers that are in keeping with the criteria set forth above. During each fiscal year, the chief executive officer gives other executive officers ongoing feedback on performance. After the end of the fiscal year, the chief executive officer evaluates each of the other executive officer's accomplishment of objectives and provides summaries of performance appraisals to the compensation committee. The performance appraisals are considered by the compensation committee in deciding whether to grant performance awards. The lead director provides similar objective-setting, feedback and evaluation with respect to the chief executive officer's performance.

Long-Term Incentive Compensation

Long-term incentive compensation is stock based and is designed to align the interests of executive officers and other key employees with the interests of our shareholders in building shareholder value. Stock options are granted under our 2003 Incentive Plan which was approved by shareholders. Executive officer and other key employee options are typically granted annually, after the fiscal year end close, based on an individual's contribution to our current and future success. All other employees are eligible for periodic grants based on performance during the course of the previous fiscal year. All of the options that we have granted are incentive stock options, with an exercise price equal to the closing price of the common stock on the date of grant, and accordingly, will have value only if the market value of the stock increases subsequent to that date. All options are subject to vesting provisions that encourage employees to remain employed by us. Options granted under the 2003 Incentive Plan vest pro rata over a three year period and expire after ten years.

Chief Executive Officer Compensation

Carl E. Sassano served as the company's chairman, president and chief executive officer during fiscal year 2005. Currently, Mr. Sassano and the company are not parties to an employment agreement. Accordingly, Mr. Sassano serves as our chairman, president and chief executive officer at the pleasure of the board of directors. However, the company and Mr. Sassano are parties to an Agreement for Severance Upon Change in Control dated February 12, 2004, which provides Mr. Sassano with certain rights if his employment is terminated in connection with a change in control of the company, as described in Executive Compensation; Change-in-Control Arrangements. For fiscal year 2005, Mr. Sassano received an annual salary of \$270,224. Mr. Sassano is eligible to participate in the company's Management Performance Incentive Plan, and he received a bonus of \$74,721 for fiscal year 2005, which amount includes a supplemental \$26,000 discretionary bonus outside of the formula set forth in the Management Performance Incentive Plan.

Based on its study and review of comparable companies, the compensation committee believes that Mr. Sassano's total compensation for fiscal year 2005 was at a level that is commensurate with amounts paid to chief executive officers at comparable companies and in comparable businesses. Mr. Sassano's compensation was approved by the compensation committee, reflecting its assessment of Mr. Sassano's prior performance as the company's chairman, president and chief executive officer, and his proven ability and dedication to provide the leadership and vision necessary to return the company to sustained profitability and enhance the company's long-term value.

Among other things, the audit committee recommends to the board that the company's audited financial statements be included in the company's annual report on Form 10-K, and selects the independent registered public accounting firm to audit the company's books and records.
