Explanatory Note

The purpose of this amendment number 2 on Form 8-K/A of Dick's Sporting Goods, Inc. (the Company) is to restate the financial statements and related disclosures, including the selected financial data included herein, of Galyan's Trading Company, Inc. (Galyan's) and its wholly-owned subsidiaries, as described in Note 2 to the Consolidated Financial Statements. On July 29, 2004, the Company acquired all of the issued and outstanding shares of common stock of Galyan's and Galyan's became a wholly owned subsidiary of the Company.

Except for the foregoing amended information required to reflect the effects of the restatement, this Form 8-K/A continues to describe conditions as presented in the original report on Form 8-K, except as required to reflect the effects of the restatement. The Form 8-K/A generally does not reflect events occurring after the filing of amendment number 1 on Form 8-K/A, or modify or update those disclosures, including the exhibits to the Form 8-K/A affected by subsequent events. Information not affected by the restatement is unchanged and reflects the disclosures made at the time of the original filing of the first amendment filed on Form 8-K/A on October 12, 2004. Accordingly, this Form 8-K/A should be read in conjunction with the Company's filings made with the Securities and Exchange Commission subsequent to the filing of the original Form 8-K, including any amendments to those filings. Item 9.01- Financial Statements, Pro Forma Financial Information and Exhibits has been amended (and conforming changes have been made where indicated as restated) as a result of the restatement.

The Company concluded that Galyan's lease accounting policy and accounting treatment of construction allowances was not consistent with generally accepted accounting standards. The Company corrected Galyan's lease accounting policy such that the commencement date of the lease term is the earlier of the date rent payments begin, the date Galyan's took possession of the property for the initial setup of fixtures and merchandise or, in certain circumstances, the date Galyan's took possession of the leased space for construction purposes. In those circumstances where the commencement date of the lease term begins when Galyan's took possession of the leased space for construction purposes, the rent expense from that commencement date through the earlier of the date rent payments begin or the date Galyan's took possession of the property for the initial setup of fixtures and merchandise is capitalized with a corresponding increase in long-term deferred liabilities. This correction required restatement of those historical financial statements so as to permit those financial statements to be incorporated by reference into certain other Company filings.

In addition, Galyan's had historically accounted for construction allowances as reductions of the related leasehold improvement asset on the Consolidated Balance Sheets and capital expenditures in investing activities on the Consolidated Statements of Cash Flows. The Company determined that the appropriate interpretation of Financial Accounting Standards Board (FASB) Technical Bulletin No. 88-1, Issues Relating to Accounting for Leases, required these allowances to be recorded as deferred liabilities on the Consolidated Balance Sheets and as a component of operating activities on the Consolidated Statements of Cash Flows.

The effect of the restatement on Galyan's Consolidated Statements of Operations is a reduction of net income of \$0.3 million, \$0.5 million and \$0.1 million for the fiscal years ended January 31, 2004, February 1, 2003 and February 2, 2002, respectively. We have corrected these errors through our restatement. The effect of the restatement on Galyan's previously released earnings per share is a reduction in earnings per common share of \$0.02 and \$0.03 for each of the fiscal years ended January 31, 2004 and February 1, 2003 with no change in earnings per share for the fiscal year ended February 2, 2002.

The effect of the restatement on Galyan's Consolidated Balance Sheets is an increase in property and equipment of \$32.4 million and \$32.3 million, as of January 31, 2004 and February 1, 2003, respectively, and an increase in long-term deferred liabilities of \$35.5 million and \$34.8 million, as of January 31, 2004 and February 1, 2003, respectively. In addition, there is an increase in construction in progress-leased facilities, non-cash obligations for

construction in progress leased facilities, the deferred tax asset and decrease in retained earnings as of January 31, 2004 and February 1, 2003.

This restatement of previously issued consolidated financial statements does not have an effect on total net cash flows during any of the periods restated. Certain reclassifications result including the classification of construction allowances and capitalized rent within operating activities with a corresponding increase in capital expenditures.
