YOUR VOTE IS IMPORTANT

All stockholders are cordially invited to attend the Annual Meeting in person. However, whether or not you plan to attend, it is important that your shares be represented and voted at the Annual Meeting. You are requested to sign and date the enclosed proxy card and return it promptly in the enclosed, self-addressed stamped envelope, which requires no postage if mailed in the United States, or to submit your proxy by using the telephone or the Internet. For specific instructions on how to vote your shares, please refer to the section entitled Questions and Answers About the Proxy Materials and the Annual Meeting beginning on page 1 of the proxy statement and the instructions on the proxy card. If you attend the Annual Meeting and so desire, you may revoke your proxy and vote your shares in person.

**PROXY STATEMENT
For The
2008 Annual Meeting of Stockholders
To Be Held June 9, 2008**

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Why am I receiving these materials?

The board of directors of PowerSecure International, Inc. (PowerSecure, we, our or us) is providing these proxy materials to you in connection with the board's solicitation of proxies for use at our 2008 Annual Meeting of Stockholders (the Annual Meeting), which will take place at the Hampton Inn Hotel, 1904 South Horner Boulevard, Sanford, North Carolina, on Monday, June 9, 2008 at 9:00 a.m., local time. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement. We began mailing this proxy statement, the accompanying proxy card and the notice of Annual Meeting on or about April 25, 2008.

What information is contained in this proxy statement?

The information included in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, our corporate governance, the compensation of our directors and of our most highly compensated executive officers, and certain other required information. Our 2007 Annual Report to Stockholders, notice of the Annual Meeting and a proxy card are also enclosed.

What proposals will be voted on at the Annual Meeting?

Three proposals will be voted on at the Annual Meeting:

the election of two directors, each to serve for a term of three years and until his successor is duly elected and qualified;

the approval of the PowerSecure International, Inc. 2008 Stock Incentive Plan; and

the ratification of the appointment of Hein & Associates LLP as our independent registered public accounting firm for the 2008 fiscal year.

We will also consider any other business that properly comes before the Annual Meeting, although we are not aware of any other business as of the date of this proxy statement.

How does the board of directors recommend that I vote my shares?

Our board of directors recommends that you vote your shares:

FOR the election of the two nominees to the board of directors;

FOR the adoption of the PowerSecure International, Inc. 2008 Stock Incentive Plan; and

FOR the ratification of the appointment of Hein & Associates LLP as our independent registered public accounting firm for the 2008 fiscal year.

Table of Contents

Who is entitled to vote at the Annual Meeting?

Each holder of record of shares of our common stock as of the close of business on April 15, 2008, which is the record date for the Annual Meeting, is entitled to vote at the Annual Meeting. You may vote all shares owned by you as of the record date, including (1) shares that are held directly in your name as the stockholder of record, and (2) shares that are held for you as the beneficial owner in street name through a broker, bank, trustee or other nominee. You may cast one vote for each share of common stock that you held on the record date. On the record date, 16,908,165 shares of common stock were outstanding and entitled to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner in street name ?

These terms describe how your shares are held. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record of those shares. As a stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described on the proxy card and as described below under the heading How can I vote my shares without attending the Annual Meeting?

If your shares are held in the name of a broker, bank, trustee or other nominee as a custodian, then you are considered the beneficial owner of those shares, which are held in street name, and these proxy materials are being forwarded to you by your broker, bank, trustee or other nominee, which is considered the stockholder of record. As the beneficial owner, you have the right to direct the broker or other nominee how to vote those shares, and you are also invited to attend the Annual Meeting. However, because you are not the stockholder of record of those shares, you may not vote those shares in person at the Annual Meeting unless you obtain a legal proxy from the broker or other nominee that holds your shares giving you the right to vote the shares at the Annual Meeting. Your broker or other nominee has enclosed or provided voting instructions for you to use in directing your broker or other nominee how to vote your shares.

Can I attend the Annual Meeting?

You are entitled and invited to attend the Annual Meeting only if you are a stockholder of record or a beneficial owner of shares held in street name as of the record date or hold a valid proxy for the Annual Meeting.

Can I vote my shares in person at the Annual Meeting?

If you are a stockholder of record as of the record date, you may vote your shares in person at the Annual Meeting. If you are a beneficial owner of shares held in street name as of the record date, you may vote your shares in person at the Annual Meeting only if you obtain a legal proxy from the broker or other nominee that holds your shares giving you the right to vote the shares at the Annual Meeting.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as the stockholder of record or as a beneficial owner in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy by one of the methods described below. Proxy cards must be received by the time of the Annual Meeting in order for your shares to be voted. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker or other nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker or other nominee.

By Internet Stockholders of record with Internet access may submit proxies by following the Vote by Internet instructions on their proxy cards until 1:00 a.m., Central Time, on June 9, 2008. Most stockholders who hold shares beneficially in street name may vote by accessing the web site specified on the voting instruction cards provided by their brokers or other nominees. Please check the voting instruction card for Internet voting availability.

By Telephone Stockholders of record who live in the United States or Canada may submit proxies by following the Vote by Telephone instructions on their proxy cards until 1:00 a.m., Central Time, on June 9, 2008. Most stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by telephone by calling the number specified on the voting instruction cards provided by their brokers or other nominees. Please check the voting instruction card for telephone voting availability.

Table of Contents

By Mail Stockholders of record may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the Annual Meeting in order for your shares to be voted. Stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers or other nominees and mailing them in the accompanying pre-addressed envelopes.

Can I revoke or change my vote after I submit my proxy?

You may revoke or change your vote by taking any of the following actions before your shares are voted at the Annual Meeting:

granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method);

delivering a written notice of revocation to our Secretary; or

attending the Annual Meeting and voting your shares in person, although attendance at the Annual Meeting will not in and of itself constitute the revocation of a proxy.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker or other nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker or other nominee granting you the right to vote your shares, by attending the Annual Meeting and voting in person.

How will my shares be voted if I do not specify how they should be voted?

If you provide specific voting instructions, your shares will be voted as you specify. If you sign and return your proxy card at or prior to the Annual Meeting without specifying how your shares are to be voted, your shares will be voted as follows:

FOR the election of the two nominees to the board of directors;

FOR the approval of the PowerSecure International, Inc. 2008 Stock Incentive Plan; and

FOR the ratification of the appointment of Hein & Associates LLP as our independent registered public accounting firm for the 2008 fiscal year.

What is the quorum requirement for the Annual Meeting?

The quorum requirement is the minimum number of shares that must be present for us to hold and transact business at the Annual Meeting. For a quorum to exist, the holders of a majority of the shares of common stock outstanding as of the record date must be present in person or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes, as discussed below, are counted as present for the purpose of determining the presence of a quorum.

How are broker non-votes, votes withheld and abstentions treated?

Generally, broker non-votes occur on a matter when shares held of record by a broker or other nominee in street name for a beneficial owner are not voted on that matter because the broker or nominee has not received voting instructions from the beneficial owner and does not have discretionary authority to vote those shares on that matter. A broker or other nominee is entitled to vote shares held for a beneficial owner on routine matters, such as the election of directors and the ratification of the independent registered public accounting firm, without instructions from the beneficial owner of those shares. However, a broker may not be entitled to vote shares for a beneficial owner on certain non-routine items, such as the approval of a stock plan, absent instructions from the beneficial owner of such shares. Broker non-votes count for the purposes of determining whether a quorum exists but do not count as entitled to vote with respect to an individual proposal and thus have no effect on the outcome of any matter.

Votes withheld and abstentions are deemed present at the Annual Meeting and are counted for the purposes of determining whether a quorum exists. Votes withheld will have no effect on the outcome of the election of directors. Abstentions on a matter will have the same effect as a vote against that matter.

Table of Contents

What vote is required to approve each proposal?

The directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning that the two nominees for director that receive the highest number of FOR votes will be elected.

The proposal to approve our 2008 Stock Incentive Plan and the proposal to ratify the appointment of Hein & Associates LLP as our independent registered public accounting firm for the 2008 fiscal year each requires the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on that proposal.

What happens if additional matters are presented at the Annual Meeting?

Other than the three proposals described in this proxy statement, as of the date of this proxy statement we are not aware of any other business to be acted upon at the Annual Meeting. If any additional matters are properly presented for a vote at the Annual Meeting, the persons appointed as proxies in the proxy card will have the discretionary authority to vote or act thereon in accordance with their best judgment.

Who will count the votes?

A representative from Computershare Trust Company, N.A., our transfer agent, will count the votes and serve as the inspector of election at the Annual Meeting.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards, if your shares are registered differently or are held in more than one account. Please vote all your shares by signing, dating and returning each proxy card and voting instruction card that you receive.

Who pays the costs of this proxy solicitation?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. In addition to the mailing of these proxy materials, we may also solicit proxies in person or by mail, telephone, facsimile, electronic communication or other means of communication by our directors, officers and employees, but we will not provide any additional or special compensation for such soliciting activities. We will request that brokerage houses, banks, nominees, trustees and other custodians forward proxy solicitation materials for shares of common stock held of record by them to the beneficial owners of such shares, and, upon request, we will reimburse those custodians for their reasonable out-of-pocket expenses incurred in forwarding those materials. In addition, we have engaged Georgeson Inc., a professional soliciting organization, to assist us in the solicitation of proxies for an estimated fee of \$12,500, plus reimbursement for customary costs and expenses for those services. We have agreed to indemnify Georgeson Inc. against certain liabilities arising out of or in connection with its agreement to assist us in the solicitation of proxies.

Table of Contents

CORPORATE GOVERNANCE

We have long believed that good corporate governance principles and practices provide an important framework to ensure that our company is managed for the long-term benefit of our stockholders. Our board of directors continually reviews its corporate governance practices in light of changes and developments in laws and regulations, including the Sarbanes-Oxley Act of 2002, the rules and regulations of the Securities and Exchange Commission and the listing standards of The NASDAQ Stock Market, as well as best practices recommended by recognized authorities.

Corporate Governance Guidelines

Our board of directors has adopted a set of Corporate Governance Guidelines, which are intended to formalize the corporate governance practices to which we adhere through our board of directors and committees of the board. Our board reviews our Corporate Governance Guidelines at least annually, and from time to time may revise our Corporate Governance Guidelines to reflect new laws, regulations, requirements and evolving corporate governance practices. Our Corporate Governance Guidelines are available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

Director Independence

Under our Corporate Governance Guidelines and as required by the listing standards of The NASDAQ Stock Market, a majority of the members of our board of directors must be independent. In order to assist it in determining the independence of our directors, our board has adopted a formal set of categorical standards, which we refer to as the Standards of Director Independence, which are based upon and fully comply with the definitions of independent directors under applicable law, SEC rules and regulations (including Rule 10A-3 under the Securities Exchange Act of 1934) and the current listing standards of The NASDAQ Stock Market. Under these Standards of Director Independence, a director will only be considered independent if the board of directors affirmatively determines that the director has no relationship which, in the opinion of our board, would interfere with that director's exercise of independent judgment in carrying out his responsibilities as a director. In making such determinations, the board of directors considers all relevant facts and circumstances, including any transactions in which we participate and in which any director has any interest. Our Standards of Director Independence are available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

Based upon these Standards of Director Independence, the board of directors has affirmatively determined that Basil M. Briggs, Anthony D. Pell, Kevin P. Collins and John A. (Andy) Miller, who are the non-management members of our board, are independent. Accordingly, a majority of the members of the board of directors is independent. In addition, our board has determined that each of the members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee is independent.

In making its independence determinations, our board determined that Messrs. Pell and Collins have no relationships with us other than as directors and stockholders. Our board also determined that the relationship of Mr. Briggs as our non-executive Chairman of the Board and the related fee of \$25,000 that we pay him for that role does not interfere with his exercise of independent judgment as a director. In addition, our board determined that the payment of less than \$100,000 in consulting fees to Mr. Miller during fiscal 2007 for his services as our consultant on investor relations matters, which services and payments ended during 2007, also do not interfere with his exercise of independent judgment as a director. Accordingly, our board has affirmatively concluded and determined that Messrs. Briggs, Pell, Collins and Miller are all independent within the meaning and definition of that term under our Standards of Director Independence and the listing requirements of The NASDAQ Stock Market.

Meetings of the Board of Directors

Our board of directors meets regularly throughout the year and holds special meetings and acts by unanimous written consent whenever circumstances require. In 2007, our board of directors consisted of five members until June 2007, when our founders, W. Phillip Marcum, our former President Chief Executive Officer, and A. Bradley Gabbard, our former Vice President and Chief Financial Officer, resigned their board positions in connection with their retirements, and Sidney Hinton, our current President and Chief Executive Officer, was elected to the board by our stockholders. Our board then consisted of four members until September 2007, when our board appointed John A. (Andy) Miller to serve as a director. Since then, our board of directors has consisted of five members.

Table of Contents

The board of directors held a total of 15 meetings during 2007. During 2007, each director attended more than 98% of the total number of meetings of the board and of the committees of the board on which he served, and the average attendance of all directors at all board and committee meetings during 2007 exceeded 99%.

Committees of the Board of Directors

Our board of directors has established a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. The membership of each committee and its functions, duties and responsibilities are discussed below. Each committee operates under a formal written charter that was adopted by our board, which periodically reviews these committee charters and amends them as it deems appropriate. These committee charters are available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

Audit Committee

Our board of directors has established an Audit Committee in accordance with Section 3(a)(58)(A) of the Exchange Act. The members of the Audit Committee are Anthony D. Pell (Chairman), Basil M. Briggs and Kevin P. Collins. The board of directors has determined that each member of the Audit Committee is independent under our Standards of Director Independence, under the current listing standards of The NASDAQ Stock Market applicable to members of an audit committee and under Rule 10A-3 under the Exchange Act. The board of directors has also determined that each member of the Audit Committee is able to read and understand fundamental financial statements and qualifies as an audit committee financial expert, as that term is defined in Item 407(d) of Regulation S-K under the Exchange Act. The Audit Committee met nine times during 2007.

The purpose of the Audit Committee is to assist the board of directors in fulfilling its oversight and monitoring responsibilities relating to:

the integrity of our financial statements;

our auditing, accounting and financial reporting processes generally;

our system of internal control over financial reporting and disclosure controls and procedures;

our independent registered public accounting firm, including its engagement, compensation, qualifications, independence and performance; and

our compliance with legal and regulatory requirements.

The Audit Committee's duties and responsibilities include:

reviewing and discussing with management and our independent registered public accounting firm our annual audited and quarterly unaudited consolidated financial statements;

determining whether to recommend to the board of directors that our annual consolidated financial statements be included in our Annual Report on Form 10-K;

reviewing with management any earnings announcements or guidance forecasts and other announcements regarding our historical or projected results of operations;

appointing and, when appropriate, terminating our independent registered public accounting firm;

reviewing and pre-approving the nature, scope and fee arrangements of the annual audit and non-audit services of our independent registered public accounting firm;

reviewing the independence of our independent registered public accounting firm;

reviewing the scope and the results of the annual audit of our consolidated financial statements by our independent registered public accounting firm;

Table of Contents

reviewing and discussing with management, our internal accountants and our independent registered public accounting firm our accounting and financial reporting practices and procedures and the adequacy and effectiveness of our system of internal controls;

preparing the annual Audit Committee report required by the rules of the SEC to be included in our proxy statement for our Annual Meeting of Stockholders;

reviewing any transaction that involves a potential conflict of interest or a related person;

adopting procedures for the receipt, retention and treatment of employee concerns and complaints regarding accounting, internal controls or auditing matters; and

providing other assistance to the board of directors, as requested, with respect to our financial, accounting and reporting practices.

The Audit Committee performs its functions and responsibilities under a formal written charter adopted by the board of directors. A copy of the Audit Committee Charter, as amended and restated by the board of directors on April 15, 2008, is available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance. The Audit Committee Report is on page 58 of this proxy statement.

Compensation Committee

The board of directors has established a Compensation Committee. During 2007, the members of the Compensation Committee were Basil M. Briggs (Chairman), Anthony D. Pell and Kevin P. Collins. In January 2008, John A. (Andy) Miller joined the Compensation Committee and replaced Mr. Briggs as its Chairman. The board of directors has determined that each member of the Compensation Committee is independent under our Standards of Director Independence and under the current listing standards of The NASDAQ Stock Market. The Compensation Committee met 31 times during 2007.

The primary purposes of the Compensation Committee are to review and approve the compensation of our executive officers and to oversee our compensation plans and policies generally. The Compensation Committee's duties and responsibilities include:

reviewing and approving the compensation of our executive officers, including our Chief Executive Officer;

approving employment agreements for executive officers;

reviewing and approving the compensation of directors;

assisting the board of directors in administering and recommending changes to our stock and incentive compensation plans and programs;

reviewing and discussing with management the annual Compensation Discussion and Analysis disclosure regarding named executive officer compensation and, based on this review and discussion, recommending whether we include it in our proxy statement for our Annual Meeting of Stockholders; and

preparing the annual Compensation Committee report required by the rules of the SEC to be included in our proxy statement for our Annual Meeting of stockholders.

In addition to the duties and responsibilities listed above, the Compensation Committee was also appointed by the board to serve as, and to have the duties and authority of, a management transition committee, in connection with our management transition and corporate reorganization during 2007.

The Compensation Committee does not generally delegate any of its authority to other persons, although it has the power to delegate authority to subcommittees. The Compensation Committee relies upon our executive officers and other management employees in order to assist the Compensation Committee in performing its duties. The Compensation Committee has authority under its charter to retain, approve fees for and terminate independent experts,

consultants and advisors as it deems necessary to assist in the fulfillment of its responsibilities. The Compensation Committee

engaged the services of a compensation consultant, Frederic W. Cook & Co., to assist it in reviewing the compensation package of Mr. Hinton, in light of the board's appointment of Mr. Hinton as our new President and Chief Executive Officer, and the compensation of our non-employee directors. In addition, the Compensation Committee is considering utilizing Frederic W. Cook & Co. to assist it in evaluating our executive compensation programs generally and establishing the compensation of executives in the future. Additional information regarding the Compensation Committee's processes and procedures for considering and determining executive officer compensation are contained in the Compensation Discussion and Analysis included in Executive Compensation.

The Compensation Committee performs its functions and responsibilities under a formal written charter adopted by the board of directors. A copy of the Compensation Committee Charter, as amended and restated by the board of directors on January 18, 2007, is available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance. The Compensation Committee Report is on page 38 of this proxy statement.

Nominating and Corporate Governance Committee

The board of directors has established a Nominating and Corporate Governance Committee. The members of the Nominating and Corporate Governance Committee are Kevin P. Collins (Chairman), Basil M. Briggs and Anthony D. Pell. The board of directors has determined that each member of the Nominating and Corporate Governance Committee is independent under our Standards of Director Independence and under the current listing standards of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee met four times during 2007.

The principal duties of the Nominating and Corporate Governance Committee are:

identifying individuals qualified to become members of the board of directors;

recommending qualified individuals for nomination to the board of directors;

assessing and advising the board of directors with respect to its size, composition, procedures and committees; and

reviewing and evaluating our Corporate Governance Guidelines and principles and recommending to the board of directors any changes that it deems necessary.

Other specific duties and responsibilities of the Nominating and Corporate Governance Committee include:

developing and applying qualifications for board membership;

monitoring, and recommending to the board, committee functions;

recommending board committee assignments;

overseeing our board of directors' performance and self-evaluation process; and

reviewing governance-related stockholder proposals and recommending board responses.

The Nominating and Corporate Governance Committee unanimously recommended the nominees standing for re-election at the Annual Meeting, which recommendation was unanimously approved by the board of directors.

The Nominating and Corporate Governance Committee performs its functions and responsibilities under a formal written charter adopted by the board of directors. A copy of the Nominating and Corporate Governance Committee Charter, as amended and restated by the board of directors on April 25, 2005, is available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

Non-Executive Chairman

In June 2007, in connection with our management transition and upon the resignation of Mr. Marcum from his office as Chairman of the Board, our board of directors appointed independent director Basil M. Briggs to serve as our non-executive Chairman of the Board. In that capacity, Mr. Briggs also serves as our lead independent director. In April 2007,

Table of Contents

upon the retirement and resignation of Mr. Marcum from his offices as President and Chief Executive Officer, the board appointed Sidney Hinton to serve as our President and Chief Executive Officer. The board of directors has not adopted any formal policy on splitting the roles of Chairman and Chief Executive Officer, and will continue to evaluate the appropriate leadership structure of our company from time to time in the future.

Executive Sessions

Executive sessions of independent directors, without any management directors or other members of management being present, are held at least twice a year, and more often if such directors deem appropriate. The sessions are scheduled and chaired by our non-executive Chairman of the Board. Any independent director can request that additional executive sessions be scheduled.

Director Attendance at Annual Meetings of Stockholders

The board of directors expects all directors to attend each Annual Meeting of Stockholders, except where the failure to attend is due to unavoidable or unforeseeable circumstances. All members of the board of directors attended the 2007 Annual Meeting of Stockholders.

Nominations of Directors

Identifying and Evaluating Nominees for Director

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. In selecting candidates for nomination at an Annual Meeting of our stockholders, the Nominating and Corporate Governance Committee begins by determining whether the incumbent directors whose terms expire at that meeting desire and are qualified to continue their service on the board. The Nominating and Corporate Governance Committee believes that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, giving us the benefit of the familiarity and insight into our affairs that our directors have accumulated during their tenure, while contributing to the board's ability to work as a collective body. Accordingly, it is the policy of the Nominating and Corporate Governance Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the criteria for membership on the board, and who the Nominating and Corporate Governance Committee believes will continue to make important contributions to the board.

If there are board positions for which the Nominating and Corporate Governance Committee will not be re-nominating a qualified incumbent, the Nominating and Corporate Governance Committee will consider recommendations for director nominees from a wide variety of sources, including board members, management, business contacts, professional search firms, stockholders and other appropriate sources. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the board of directors and to address the criteria for membership set forth below under

Qualifications of Nominees for Director. Candidates recommended by the Nominating and Corporate Governance Committee are subject to approval by the board of directors. The two nominees for election to the board of directors at the Annual Meeting were unanimously recommended by the Nominating and Corporate Governance Committee and unanimously nominated by the full board, based on their qualifications and their prior experience with us. Mr. Collins has served on our board since 2000, and Mr. Miller has served on our board since he was appointed by our board of directors in September 2007 to fill a vacancy on the board.

Qualifications of Nominees for Director

The Nominating and Corporate Governance Committee is responsible for reviewing with the board of directors the requisite skills and characteristics of new board candidates in the context of the current composition of the board, our operating requirements and the long-term interests of our stockholders. While the Nominating and Corporate Governance Committee has not established specific requirements regarding age, education or years of experience or specific types of skills for potential candidates, it has established certain criteria and qualifications that candidates for membership on the board of directors must possess. Except in limited and exceptional circumstances, each candidate to serve on the board of directors should have the following qualifications:

A reputation for high personal and professional integrity, strong moral character and adherence to our high ethical standards and the values.

Table of Contents

The absence of any conflict of interest (whether due to a business or personal relationship) or legal impediment to, or restriction on, the nominee serving as a director, and no other interests that would materially impair the candidate's ability to (i) exercise independent judgment, or (ii) otherwise discharge the fiduciary duties owed as a director to us and our stockholders.

Holds or has held a recognized position of leadership in his community or the candidate's field of endeavor, and has demonstrated high levels of achievement in the candidate's community or field.

Business acumen and experience, inquisitiveness, strong analytical skills and the ability to exercise sound business judgment and common sense in matters that relate to our current and long-term objectives.

A general level of expertise and experience in our business areas.

The ability to read and understand basic financial statements and other financial information pertaining to us.

A commitment to understanding our company and our business, industry and strategic objectives.

The availability and a commitment to devote adequate time to the board and its committees and the ability to generally fulfill all responsibilities as a member of our board of directors, including to regularly attend and participate in meetings of the board, board committees and stockholders, in light of the number of other company boards on which the candidate serves and his other personal and professional commitments.

The willingness and ability to represent fairly and to act in the interests of all of our stockholders rather than the interests of any particular stockholder, special interest group or other constituency.

For prospective non-employee directors, independence under SEC and applicable stock exchange rules and regulations.

The willingness to accept the nomination to serve as a member of our board of directors.

The Nominating and Corporate Governance Committee will also consider the following additional factors in connection with its evaluation of each prospective nominee:

Whether the prospective nominee will foster a diversity of skills, experiences and backgrounds on the board.

Whether the prospective nominee possesses the requisite education, training and experience to qualify as financially literate or as an audit committee financial expert under applicable SEC and stock exchange rules.

For incumbent directors standing for re-election, the incumbent director's performance during his term, including the number of meetings attended, the level of participation, and overall contribution to us.

The composition of the board and whether the prospective nominee will add to or complement the board's existing strengths.

From time to time the Nominating and Corporate Governance Committee may identify certain other skills or attributes as being particularly desirable to help meet specific board needs that have arisen.

Nominations by Stockholders

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted written nominations from stockholders for nominees for director. In general, persons properly recommended by stockholders as nominees for director are evaluated on the same basis as candidates recommended by other sources. Any such nominations made by stockholders must be submitted in compliance with the requirements for stockholder nominations set forth in our by-laws, which requirements are summarized at the end of this proxy statement under Stockholder Proposals, and should include the following:

Table of Contents

The name and address of the stockholder making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholder;

The nominee's name, age, address, number of shares of common stock owned beneficially and of record, principal occupation, employment, background, experience, education and qualifications for board membership;

A description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; and

All other information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to be named in the proxy statement as a nominee and to serving as a director if elected).

Nominations by stockholders for director candidates must be addressed to:

Communications with the Board of Directors

Any stockholder who wishes to communicate directly with the board of directors, any committee of the board or any specific director may do so by directing a written request addressed to such director or directors in care of our Chief Financial Officer at our principal executive offices at the address listed above. Communications directed to members of the board will be forwarded to the intended board members, unless such communication is deemed unduly hostile, threatening, illegal or otherwise unnecessary or inappropriate to forward, in which case our Chief Financial Officer has the authority to discard the communication or to take appropriate action regarding such communication.

Codes of Ethics

We have adopted two codes of ethics, each designed to encourage our directors, officers and employees to act with the highest level of integrity. These codes are available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

We have adopted the PowerSecure International, Inc. Code of Ethics for Principal Executive Officer and Senior Financial Officers, which is a code of ethics that applies to our Chief Executive Officer, Chief Financial Officer, Principal Accounting Officer and other senior finance organization employees. The purpose of this Code of Ethics is to deter wrongdoing and to promote, among other things, honest and ethical conduct and to ensure to the greatest possible extent that our business is conducted in a consistently legal and ethical manner.

We have also adopted the PowerSecure International, Inc. Code of Business Conduct and Ethics, which is a code of conduct that applies to all of our directors, officers and employees. Under the Code of Business Conduct and Ethics, each officer, director and employee is required to maintain a commitment to high standards of business conduct and ethics. The Code of Business Conduct and Ethics covers many areas of professional conduct, including conflicts of interest, protection of confidential information, and strict adherence to laws and regulations applicable to the conduct of our business. Directors, officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Business Conduct and Ethics.

If we make any amendment to, or grant any waiver from a provision of, either code of conduct with respect to any director, executive officer or senior financial officer, we will disclose the nature of such amendment or waiver on our website, in a Current Report on Form 8-K or both.

We also have adopted procedures to receive, retain and treat complaints regarding accounting practices, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees customers, suppliers, stockholders and other interested persons of concerns regarding those matters.

Availability of Corporate Governance Documents

Our Corporate Governance Guidelines, board committee charters and codes of ethics are available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance. In addition, we will provide a copy of any of these corporate governance documents without charge upon written request addressed to us at PowerSecure International, Inc., 1609 Heritage Commerce Court, Wake Forest, North Carolina 27587, attention: Chief Financial Officer.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee are independent directors. No member of the Compensation Committee is or has ever been an officer or employee of us or of any of our subsidiaries, and no member has any relationship required to be disclosed pursuant to Item 404 of Regulation S-K. None of our executive officers serves as a member of the board of directors or of the compensation committee of any other entity that has one or more executive officers serving as a member of our board of directors or of the Compensation Committee.

Access to Management and Outside Advisors

Our directors have full and unrestricted access to our management and employees. Additionally, from time to time key members of management attend board meetings to present information about the results, plans and operations of the business within their areas of responsibility. Our board and each of its committees may retain outside advisors and consultants of their choosing at our expense, without the consent or approval of management.

Stock Ownership Guidelines

Upon recommendation of the Compensation Committee, our board has recently adopted formal stock ownership guidelines for our directors, officers and other key executives. These stock ownership guidelines are discussed below in this proxy statement under Executive Compensation Compensation Discussion and Analysis Stock Ownership Guidelines. We believe these guidelines are consistent with our culture, which encourages an equity interest in our company, and will help in aligning the interests of our directors, officers and other key executives with our stockholders.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our board of directors currently consists of five members. The board is divided into three classes, designated as Class I, Class II and Class III, and members of each class serve staggered three year terms. The number of directors in each class is fixed to be as equal as possible, depending on the total number of members of the board. Each director serves in office until the expiration of his term and until his successor is duly elected and qualified, or until his earlier death, resignation or removal.

The term of the Class II directors expires at the Annual Meeting. Accordingly, two Class II directors will be elected at the Annual Meeting, each to serve for a term of three years and until his successor is duly elected and qualified. Upon the unanimous recommendation of the Nominating and Corporate Governance Committee, the board of directors has nominated **Kevin P. Collins**, who has served on our board since 2000, and **John A. (Andy) Miller**, who was appointed by our board in September 2007 to fill a vacancy, to be re-elected as Class II directors. All other current members of our board of directors will continue in office until the expiration of their respective terms, as indicated below, and until their respective successors are duly elected and qualified.

Each of the nominees has agreed to serve if elected. The board has no reason to believe that any of the nominees will be unable to serve. However, if a nominee should become unexpectedly unable to serve as a director, then the persons appointed as proxies in the accompanying proxy card intend to vote for such other nominee as the board of directors may designate, upon the recommendation of the Nominating and Corporate Governance Committee, unless the number of directors is reduced by the board of directors.

Nominees

Class II Term Expires in 2011

Kevin P. Collins, 57, has served on our board of directors since March 2000. Mr. Collins has been a Managing Member of The Old Hill Company LLC, which provides corporate financial and advisory services, since 1997. From 1992 to 1997, he served as a principal of JHP Enterprises, Ltd., and from 1985 to 1992 he served as Senior Vice President of DG Investment Bank, Ltd., both of which were engaged in providing corporate finance and advisory services. Mr. Collins also serves as a director of Key Energy Services, Inc., an oilfield service provider; The Penn Traffic Company, a food retailer; and Mail Contractors of America Inc., a trucking company.

John A. (Andy) Miller, 65, has served on our board of directors since September 2007. Mr. Miller is the founder, chairman and CEO of Miller Consulting Group, Boston, Massachusetts, a corporate and market positioning firm specializing in the information technology and financial services sectors. In 1977, he founded Miller Communications, one of the first firms to specialize in public relations for the IT industry. Prior to founding Miller Communications, Mr. Miller served in various capacities at Little, Brown & Co. and the Associated Press, and as Associate Editor of *The Harvard Business Review*. He currently serves on the Advisory Boards of Internet Capital Group, Azima, Cecropia, iMotions, Cymtec and Helium, Inc. and is a member of Common Angels, a venture group comprised of select technology and business leaders investing in emerging technologies and promising start-ups. He has also served as Adjunct Member of the Governor's Committee on Telecom Policy for the State of Massachusetts, known as Mass Telecom, an early member of the Massachusetts Software Council, and Trustee of the Computer Museum.

Continuing Directors

Class I Term Expires in 2010

Sidney Hinton, 45, has served as our President and Chief Executive Officer since April 16, 2007, and has served as the President, Chief Executive Officer and a director of our PowerSecure subsidiary since its incorporation in September 2000. Mr. Hinton also serves as the Chairman and Chief Executive Officer of each of PowerSecure's subsidiaries. In 2000, he was an Executive-in-Residence with Carousel Capital, a private equity firm. In 1999, he was the Vice President of Market Planning and Research for Carolina Power & Light (now known as Progress Energy). From August 1997 until December 1998, Mr. Hinton was the President and Chief Executive Officer of IllumElex Lighting Company, a national lighting company. From 1982 until 1997, Mr. Hinton was employed in several positions with Southern Company and Georgia Power Company.

Table of Contents

Basil M. Briggs, 72, has served on our board of directors since June 1991 and has been appointed to serve as our non-executive Chairman commencing at the Annual Meeting. Mr. Briggs has been an attorney in the Detroit, Michigan area since 1961, practicing law with Giarmarco, Mullins & Horton, P.C., since January 1997. He was of counsel with Miro, Weiner & Kramer, P.C., from 1987 through 1996, and the President of Briggs & Williams, P.C., Attorneys at Law, from its formation in 1977 through 1986. Mr. Briggs was the Secretary of Patrick Petroleum Company, an oil and gas company, from 1984, and a director of Patrick Petroleum from 1970, until Patrick Petroleum was acquired by Goodrich Petroleum Company, an oil and gas company, in August 1995. From August 1995 until June 2000, he served as a director of Goodrich Petroleum.

Class III Term Expires in 2009

Anthony D. Pell, 69, has served on our board of directors since June 1994. Mr. Pell is the President, Chief Executive Officer and a co-owner of Pelican Investment Management, an investor advisory firm that he co-founded in November 2001. He was the President and a co-owner of Pell, Rudman & Co., an investment advisory firm, from 1981 until 1993, when it was acquired by United Asset Management Company, and he continued to serve as an employee until June 1995. Mr. Pell was a director of Metrotek, Incorporated until it was acquired by us in March 1994. He was associated with the law firm of Coudert Brothers from 1966 to 1968 and with the law firm of Cadwalder, Wickersham and Taft from 1968 to 1972, specializing in estate and tax planning. In 1972, Mr. Pell joined Boston Company Financial Strategies, Inc. as a Vice President and was appointed a Senior Vice President in 1975.

Vote Required

The two nominees receiving the highest number of affirmative FOR votes cast by the holders of the shares of our common stock present, in person or by proxy, and entitled to vote at the Annual Meeting will be elected as directors.

Recommendation

Our board of directors recommends that stockholders vote FOR the election to the board of directors of each of the Nominees listed above. Proxy cards properly signed and returned to us at or prior to the Annual Meeting will be voted FOR the election of the Nominees listed above, unless contrary instructions are specified.

**PROPOSAL NO. 2
APPROVAL OF THE
POWERSECURE INTERNATIONAL, INC. 2008 STOCK INCENTIVE PLAN**

At the Annual Meeting, our stockholders will be asked to approve the PowerSecure International, Inc. 2008 Stock Incentive Plan, which we refer to as the 2008 Plan. In April 2008, the Compensation Committee recommended, and our board unanimously adopted, the 2008 Plan, subject to stockholder approval.

The 2008 Plan is intended to succeed and replace the PowerSecure International, Inc. 1998 Stock Incentive Plan, as amended and restated, which we refer to as the 1998 Plan. The 1998 Plan, under which only 43,283 shares of common stock remain available for issuance as of the date of this proxy statement, expires on June 12, 2008, and no shares are available for issuance under the 1998 Plan after that date. Thus, whether or not the 2008 Plan is approved by our stockholders, no awards can be made under the 1998 Plan after June 12, 2008. Moreover, we will not issue any of the 43,283 shares remaining under the 1998 Plan unless the 2008 Plan is not approved by our stockholders.

The Compensation Committee and the board of directors believe that in order to successfully attract, retain, reward and motivate the best available officers, directors, employees, advisors and consultants, we must continue to provide them with an equity interest in our company in order to align their interest with those of our stockholders and to provide such persons with incentives to pursue the long-term growth, profitability and financial success of our company and to increase stockholder value. A stock incentive plan, providing for stock-based awards, is a critical part of our overall compensation program. Because our only current stock plan, the 1998 Plan, expires in June 2008, we need to adopt a new stock plan to allow us to continue offering stock-based awards. Accordingly, upon recommendation of the Compensation Committee, our board of directors adopted, and recommends that our stockholders approve, the 2008 Plan.

The 2008 Plan will become effective immediately upon stockholder approval at the Annual Meeting. No grants or awards will be made under the 2008 Plan unless and until stockholders approve the 2008 Plan. If stockholders do not approve the 2008 Plan, it will not become effective.

Summary of the 2008 Plan

The principal features of the 2008 Plan are summarized below. The following summary does not purport to be complete and is qualified in its entirety by reference to the 2008 Plan. The full text of the 2008 Plan is attached to this proxy statement as Appendix A.

Purpose. The purpose of the 2008 Plan is to attract, retain, reward and motivate the best available officers, directors, employees, advisors and consultants by providing them with an equity interest in order to align their interests with those of our stockholders and providing such persons with incentives to promote our long-term growth and profitability and the success of our business and to enhance stockholder value. The 2008 Plan is also designed to permit us to make cash- and equity-based awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The 2008 Plan will become effective immediately upon stockholder approval at the Annual Meeting.

Shares Available for Issuance. If stockholders approve the 2008 Plan, a total of 600,000 shares of our common stock will be authorized and reserved for issuance under the 2008 Plan, subject to adjustment for certain changes in our capital structure. The shares of common stock issuable under the 2008 Plan may be authorized and unissued shares or treasury shares, including shares repurchased by us in the open market (other than with the proceeds of stock option exercises).

The number of shares available for issuance under the 2008 Plan will be reduced by 1.5 shares for each share delivered in settlement of any full value award granted under the 2008 Plan, which is any award other than a stock option, stock appreciation right or other award for which the participant pays the intrinsic value, and by one share for each share issued upon exercise or settlement of all awards that are not full value awards, such as stock options and stock appreciation rights. In the event that an award expires or is cancelled, forfeited, settled in cash or otherwise terminated before delivery of all or some of the shares subject to such award, then the number of shares available for issuance under the 2008 Plan will be increased by 1.5 shares for each share subject to a full value award and by one share for each share subject to an award that is not a full value award.

Table of Contents

The 2008 Plan counts shares on a gross basis and does not allow the re-grant of shares withheld or surrendered in payment of the exercise price or tax withholding obligations of an award. To the extent permitted by applicable law or any stock exchange rule, shares issued or issuable in connection with any award issued in substitution for any outstanding award of any entity acquired in any form of combination by us or our subsidiaries will not be counted against the shares available for issuance under the 2008 Plan.

On April 15, 2008, the closing sale price of our common stock as reported on The NASDAQ Stock Market was \$12.02.

Administration. The 2008 Plan will be administered by the Compensation Committee or another committee appointed by our board of directors, unless our board decides at any time to administer the 2008 Plan. The committee will be comprised of three or more directors who are not our officers or employees and who meet certain other criteria under applicable federal securities law and federal tax law provisions, including meeting the definition of non-employee directors under Section 16(b) of the Exchange Act and meeting the definition of outside directors under Section 162(m) of the Code. The members of the board and of the committee will be eligible for awards under the 2008 Plan. If the board of directors at any time decides to administer the 2008 Plan, it will have all of the powers of the committee under the 2008 Plan.

The committee is authorized to designate which participants will receive awards, determine the type and number of awards to be granted, set the terms, conditions and provisions of awards (including the exercise price, the exercisability and vesting and the form of consideration payable upon exercise of awards), cancel awards, prescribe forms of award agreements, interpret the 2008 Plan, establish, amend and rescind rules and regulations related to the 2008 Plan, and make all other determinations which may be necessary or advisable to the administration of the 2008 Plan or the grant of awards under the 2008 Plan, subject to the terms and conditions of the 2008 Plan. The board or the committee may, to the extent permitted by applicable law, delegate the authority to grant or amend awards to one or more of our officers or non-employee directors. Any such officer or non-employee director will not be delegated the authority to grant awards to our officers.

Eligibility. The officers, directors, employees, consultants and advisers of our company and of our existing or future subsidiaries who, in the determination of the board or committee, are responsible for or contribute to our management, growth, profitability and successful performance are eligible to receive awards under the 2008 Plan. All of our approximately 387 employees, all four of our non-employee directors, and in general our advisors and consultants are eligible to receive awards under the 2008 Plan. However, only our employees are eligible to receive awards of incentive stock options under the 2008 Plan.

Limitations. During any calendar year, the maximum number of shares that can be granted to any individual participant subject to awards under the 2008 Plan is 500,000 shares, and the maximum amount of cash payable under awards, even performance-based awards, to any individual participant is \$2.5 million. In addition, the maximum number of shares that can be issued upon exercise of incentive stock options awarded under the 2008 Plan is 500,000.

In addition, our board of directors has committed to limiting the average burn rate under the 2008 Plan and any other stock plan during 2008, 2009 and 2010 to 3.5% of our shares of common stock outstanding. The burn rate means the total number of shares issued pursuant to awards of stock options, restricted stock, stock-settled stock appreciation rights, performance shares or other awards, with each share issued under a full value award counting as 1.5 shares, divided by the number of shares of our common stock outstanding at the end of each year. Awards settled in cash within the terms of the 2008 Stock Plan will not be included in the calculation of the burn rate.

Awards. The 2008 Plan provides that the committee may grant or issue stock options, stock appreciation rights, restricted stock, restricted stock units, deferred stock, dividend equivalents, performance awards and other stock-based compensation awards or any combination thereof to our officers, directors, employees, consultants and advisors. These awards may be granted on the terms and conditions described in the 2008 Plan. Each award will be evidenced by a separate agreement with the grantee of the award and will indicate the type, terms and conditions of the award.

Stock Options. Under the 2008 Plan, the committee is authorized to grant stock options, which can be either incentive stock options or non-qualified stock options. A stock option is the right to purchase shares of our common stock at a fixed exercise price for a fixed period of time. The committee will determine the number of shares that can be exercised under a stock option. In addition, the exercise price of stock options will be determined by the board or

committee but may not be less than the fair market value of our common stock on the date of grant (or 110% of the fair market value in the case of an incentive stock option granted to an employee beneficially owning more than 10% of our outstanding common stock). The committee may grant non-qualified stock options to any eligible participant, but may grant incentive stock options only to employees. Stock options will become exercisable at such time or times in whole or in part as determined by the committee,

Table of Contents

except that stock options may not be exercised later than 10 years after the date of grant (5 years after grant in the case of an incentive stock option granted to an employee beneficially owning more than 10% of our outstanding common stock). Stock options may be exercised by payment of the exercise price in cash, shares of our common stock, cashless exercise, exchange of outstanding awards or other property, or in any combination of those methods having a fair market value equal to the exercise price, as the committee determines. Stock options are generally not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. The 2008 Plan authorizes the committee to grant stock appreciation rights, either alone or in tandem with underlying stock options. Stock appreciation rights entitle the participant to receive, upon exercise, an amount of cash or shares or some combination of both, as determined by the committee, equal in value to the excess, if any, of the fair market value of the shares covered by the stock appreciation right on the date of exercise over the base price of the stock appreciation right. The base price for stock appreciation rights will be fixed by the committee but will not be less than the fair market value of our common stock on the date of grant. Stock appreciation rights will be exercisable at such time or times and under such other terms and conditions as determined by the committee, except that stock appreciation rights may not be exercised later than 10 years from the date of grant.

Prohibition on Repricing Stock Options and Stock Appreciation Rights. The 2008 Plan prohibits the direct or indirect repricing of outstanding stock options or stock appreciation rights granted under the 2008 Plan, without stockholder approval. For example, the exercise price of stock options or the base price of stock appreciation rights outstanding under the 2008 Plan are not permitted to be reduced, outstanding stock options and stock appreciation rights are not permitted to be exchanged for stock options or stock appreciation rights with a lower exercise or base price, and underwater stock options and stock appreciation rights are not permitted to be exchanged for cash, shares, other property or other awards, without stockholder approval.

Restricted Stock. The 2008 Plan also authorizes the award of restricted stock. An award of restricted stock is an award of shares of common stock that vests in accordance with such terms and conditions, and is subject to such restrictions, as the committee determines. The terms, conditions and restrictions applicable to an award of restricted stock may be based on service conditions, performance goals, other conditions or a combination of all of those as the committee determines to be appropriate. The restricted stock vests and may be disposed of by the participant only in accordance with those terms and conditions and after such restrictions lapse in whole or in installments as the committee determines. Restricted stock awards may be subject to forfeiture if, for example, the participant's employment terminates before the award vests. A participant receiving restricted stock has all the rights of a stockholder, including the right to vote the shares and the right to receive any dividends, unless the committee otherwise determines.

Restricted Stock Units. The 2008 Plan also authorizes the award of restricted stock units. A restricted stock unit is the right to receive a share of common stock upon the completion of a vesting period. The board or committee determines the terms and conditions, including vesting, of restricted stock units. As with awards of restricted stock, restricted stock units vest in accordance with terms and conditions, and are subject to such restrictions, as the committee determines, and those terms, conditions and restrictions may be based on service conditions, performance goals, other conditions or a combination of all of those as the committee determines to be appropriate. However, unlike an award of restricted stock, a participant receiving restricted stock units has no rights of a stockholder until the restricted stock unit vests and the shares are issued.

Deferred Stock. The 2008 Plan also authorizes the committee to make deferred stock awards, generally consisting of a right to receive shares of our common stock at the end of specified deferral periods. Awards of deferred stock are subject to such conditions or limitations as the committee may impose, which conditions or limitations may lapse at the end of the deferral period in installments or otherwise. Deferred stock awards carry no voting or dividend rights or other rights associated with stock ownership. Upon termination of employment during the restriction or deferral period, deferred stock will be forfeited subject to such exceptions, if any, as are authorized by the committee.

Bonus Shares and Awards in Lieu of Obligations. The committee is authorized under the 2008 Plan to grant shares of common stock to eligible persons as a bonus or in lieu of obligations (such as salary requirements) to pay cash or deliver other property, subject to such terms as determined by the committee.

Performance Awards. Under the 2008 Plan, the committee may make a performance award, which is an award of a number of units that represents the right to receive a specified number of shares of common stock or cash, or both, upon satisfaction of certain specified performance criteria, as applicable to us or any subsidiary, division, business unit or individual, subject to such terms and conditions as the committee determines. Performance awards will be earned to the extent such performance goals established by the committee are achieved over a period of time specified by the committee.

Table of Contents

The performance objectives may vary from participant to participant, group to group and period to period. The performance objectives for awards intended to constitute qualified performance-based compensation (see discussion below under the heading Summary of Federal Income Tax Consequences) will include, but not be limited to, the following: earnings per share and growth in earnings per share; gross or net sales, revenues and growth of sales or revenues; cash flow (including, but not limited to, operating cash flow and free cash flow); return on investment; return on net assets, assets, capital or equity; economic value added; operating margins; gross or net profit margin; income or net income (before or after taxes); pre-tax income before interest, depreciation and amortization; pre-tax operating earnings after interest expense and before extraordinary or special items; operating income or net operating income; operating profit or net operating profit; total stockholder returns; price of the shares (and changes thereof); cost reductions or savings; research and development expenses; productivity; expenses; operating efficiency; customer satisfaction; working capital; market share; and any of the above goals as compared to the performance of a published or special index deemed applicable by the committee. Performance goals may be measured either in absolute terms or as compared to any incremental increase or decrease or as compared to the results of a peer group, and may reflect the results of our company on a consolidated basis or any one or more of our subsidiaries, divisions or other business units. The committee has the discretion to determine the value of each performance award, to adjust the performance goal as it deems equitable to reflect events affecting the us or changes in law or accounting principles or other factors, and to determine the extent to which performance awards that are earned may be paid in the form of cash, deferred cash, shares of common stock or other awards or property, or a combination thereof.

Dividend Equivalents. The committee is authorized to grant dividend equivalents conferring on a participant the right to receive an amount equal to the value of dividends per share paid by us, if any, calculated with reference to a specified number of shares of our common stock. Dividend equivalents may be granted in connection with full value awards granted under the 2008 Plan. Dividend equivalents may be paid in cash or shares of our common stock, or in a combination of both, at the election of the committee. No dividend equivalents will be payable with respect to stock options or stock appreciation rights.

Stand-Alone, Additional, Tandem and Substitute Awards. Awards granted under the 2008 Plan may, in the discretion of the committee, be granted either alone or in addition to or in tandem with any other award granted under the 2008 Plan or any award granted under any other plan we may adopt from time to time. Generally, awards may not be granted in substitution for another award under the 2008 Plan, or retroactively in tandem with another award under the 2008 Plan at an exercise or base price lower than that of the previously granted award, without stockholder approval. However, the committee may grant shares or awards under the 2008 Plan in assumption of, or substitution or exchange for, options or other awards granted, or the right or obligation to grant future options or other awards, by a company involved in a corporate transaction with us.

Other Stock-Based Awards. In order to enable us to respond to material developments in the area of taxes and other legislation and regulations and interpretations thereof, and to trends in executive compensation practices, the 2008 Plan authorizes the committee to grant awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to our securities in addition to those specifically described in the 2008 Plan. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of our common stock, or the cash equivalent of such shares. These awards may be granted wither alone, in addition to, or in tandem with, other awards granted under the 2008 Plan or cash awards made outside the 2008 Plan. The committee will determine the terms and conditions of such awards, including the consideration paid for awards as purchase rights, which consideration generally may not be less than the fair market value of the common stock on the date that the purchase right is granted. These awards may include, without limitation, performance shares and restricted stock units that entitle the participant to receive, upon satisfaction of performance goals or other conditions, a specified number of shares of common stock or the cash equivalent thereof.

Vesting of Awards. The applicable award agreement governing an award will contain the period during which the right to exercise the award in whole or in part vests, including the events or conditions upon which the vesting of any award may accelerate. Full value awards made under the 2008 Plan will be subject to vesting over a period of not less than (i) three years following the grant date of the award if it vests based solely on employment or service with us, or (ii) one year measured from the commencement of the period over which performance is evaluated for full value

awards that are issued or vest based upon the attainment of performance goals or other performance-based objectives. However, full value awards covering up to an aggregate of 5% of the total number of shares available for awards under the 2008 Plan may be granted without respect to such minimum vesting provisions.

Transferability of Awards. Under the 2008 Plan, awards are generally not assignable or transferable by a participant, except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, except to us under the terms of the 2008 Plan, and except that, upon approval by the committee, non-qualified stock options and

Table of Contents

SARs may be transferred by participants to immediate family members, to trusts for the benefit of immediate family members and to partnerships or similar entities in which such participant and the participant's immediate family members are the only parties or members.

Acceleration of Awards Upon Change in Control. The 2008 Plan provides that in the event of our change in control (as defined in the 2008 Plan and subject to limitations due to Section 409A of the Code), all outstanding awards under the 2008 Plan, regardless of any limitations or restrictions, will immediately vest and become fully exercisable, and all restrictions applicable to outstanding restricted stock, performance awards and other stock-based awards will lapse, unless otherwise provided by the committee at the time of grant of the award or unless waived or deferred by the participants.

Amendment and Termination of the 2008 Plan. The board of directors has the right to amend, alter, suspend, discontinue or terminate the 2008 Plan at any time without the consent of the stockholders or participants, except that (i) stockholder approval of such action will be required if such approval is required by any federal or state law or regulation or stock exchange or stock market rule, regulation or policy, or if the board in its discretion determines that obtaining such stockholder approval is advisable, and (ii) subject to the terms of the 2008 Plan, no amendment or termination of the 2008 Plan may materially and adversely affect the rights of a participant under any award granted under the 2008 Plan without the consent of the affected participant. Unless earlier terminated by the board, the 2008 Plan will terminate on June 9, 2018, the tenth anniversary of the Annual Meeting, and no award may be granted under the 2008 Plan after that date, although awards granted prior to that date will remain in full force and effect subject to their terms.

The committee may amend or terminate outstanding awards under the 2008 Plan, unless expressly prohibited by the 2008 Plan. However, the amendment or termination of any award that materially reduces the value of an award or otherwise impairs or adversely affects the rights of the participant under such award will require the consent of the participant.

Adjustments upon Changes in Capitalization. In the event that our stock changes by reason of any dividend (excluding an ordinary dividend) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, sale, transfer, exchange or other disposition of all or substantially all of our assets, exchange of our securities, issuance of warrants or other rights to purchase common stock or other of our securities, or other similar transaction or change in our capital structure, then the committee will make equitable adjustments to prevent the dilution or enlargement of the benefits or potential benefits intended to be made available under the 2008 Plan by making appropriate adjustments to the number and class of shares with respect to which awards may be granted under the 2008 Plan, the maximum number of shares that may be issued to any individual in any fiscal year pursuant to awards, the terms and conditions of any outstanding awards, and the number and kind of shares and the exercise price of any outstanding award under the 2008 Plan.

Section 409A. Section 409A of the Code generally establishes very specific requirements that must be followed with respect to covered deferred compensation plans in order to avoid the imposition of an additional 20% federal income tax (plus interest) on the service provider who is entitled to receive the deferred compensation. Certain awards that may be granted under the 1998 Plan may constitute deferred compensation within the meaning of and subject to Section 409A. The 2008 Plan is intended to be interpreted and operated in accordance with Section 409A, including any regulations or guidance issued by the Treasury Department, and contains a number of provisions intended to avoid the imposition of additional tax on 2008 Plan recipients under Section 409A. The 2008 Plan contains provisions intended to assist the committee in complying with Section 409A including, among other things, the authority to amend the 2008 Plan and outstanding awards to preserve the intended benefits of awards granted under the 2008 Plan and to avoid the imposition of an additional tax under Section 409A. For example, if the committee determines that any awards made under the 2008 Plan will be taxable to a participant under Section 409A, then prior to exercise of stock options or stock appreciation rights by such participant or payment of other awards to such participant, the committee may amend the 2008 Plan and any outstanding awards, including retroactively, if the committee, if any, determines it is necessary or appropriate to do so to preserve the intended tax treatment of the awards granted under the 2008 Plan. The committee also may take other actions it determines necessary or appropriate to avoid the imposition of an additional tax under Section 409A.

Summary of Federal Income Tax Consequences

The following is a brief and general summary of certain federal income tax consequences of awards that may be granted under the 2008 Plan. This summary is based upon the Code, the applicable treasury regulations promulgated thereunder, judicial authority and administrative ruling and practice, all as currently in effect. Legislative, judicial or administrative rules and interpretations are subject to change, potentially on a retroactive basis, at any time, and such changes could alter or modify the statements and conclusions set forth below. This summary does not purport to be complete and

Table of Contents

does not address all aspects of federal income taxation that may be relevant to a particular participant in light of such participant's personal investment circumstances or participants subject to special treatment under the federal income tax laws. The summary also does not address the effects of foreign, state or local tax consequences. The 2008 Plan is not a tax-qualified deferred compensation plan under Section 401(a) of the Code, and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Incentive Stock Options. A participant who is granted an incentive stock option will not recognize any taxable income at the time the incentive stock option is granted or exercised, although the amount by which the fair market value of our common stock on the date of exercise exceeds the option exercise price is an adjustment item for purposes of the alternative minimum tax. If the participant holds the shares received upon the exercise of the incentive stock option for at least one year after the date of exercise and two years after the date of grant, referred to as the holding period, then any difference between the amount realized upon the disposition of the shares and the exercise price will be treated as long-term capital gain or loss to the participant. We will not have any tax consequences from the grant or exercise of an incentive stock option (except as discussed below) if the participant satisfies the holding period requirements.

If a participant exercises an incentive stock option but does not satisfy the holding period requirements above, the participant generally will recognize ordinary income in the year of disposition of the shares acquired upon the exercise of an incentive stock option equal to the excess, if any, of the fair market value of the common stock on the date of exercise over the option exercise price, and any excess of the amount realized on such disposition over the fair market value of the common stock on the date of exercise will be taxed as long-term or short-term capital gain, as applicable. If the participant disposes of the shares prior to the satisfaction of the holding period requirements but the amount realized is less than the fair market value of the common stock on the date of exercise, the participant will recognize ordinary income equal only on the excess of the amount realized upon the disposition of the shares over the option exercise price. In either event, we will be entitled to a tax deduction in an amount equal to the amount constituting ordinary income to the participant.

If a participant exercises an incentive stock option by tendering shares (other than the shares acquired upon the exercise of an incentive stock option and not held for the requisite holding period) in payment of all or part of the option exercise price, the participant will not be required to recognize any taxable income from the exchange and option exercise, and the participant's tax basis and holding period (for capital gain purposes) for the tendered shares will be treated as a substituted basis for the shares received upon the exercise of the incentive stock option. If the participant uses shares received upon the exercise of an incentive stock option as to which the participant had not satisfied the applicable holding period requirements, the exchange will be treated as a taxable disqualifying disposition of the exchanged shares, with the result of the excess of the fair market value of the shares tendered over the participant's basis in such shares would be taxable.

Non-Qualified Stock Options. A participant who is granted a non-qualified stock option will not recognize any taxable income, and we will not have any tax consequences, at the time the non-qualified stock option is granted. In general, upon the exercise of a non-qualified stock option, a participant will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of our common stock on the date of exercise over the option exercise price, and we will be entitled to a tax deduction in the same amount in the year the participant exercises the non-qualified stock option. Upon subsequent disposition of shares acquired upon the exercise of a non-qualified stock option, a participant will have a capital gain or loss equal to the difference between the amount realized on the disposition and the participant's tax basis in the shares, which is generally the amount paid for the shares plus the amount treated as ordinary income at the time the non-qualified stock option was exercised. Such capital gain or loss will be long-term if the participant's holding period is longer than one year, and short-term otherwise. The participant's taxable disposition of the shares acquired upon the exercise of a non-qualified stock option will not result in any additional tax consequences to us.

Stock Appreciation Rights. The grant of a stock appreciation right will create no federal income tax consequences for the participant or us. When a participant exercises a stock appreciation right, the amount of any cash received and the fair market value on the date of exercise of any shares received will constitute ordinary income to the participant, and we will be entitled to a tax deduction in the same amount in the year of exercise.

Restricted Stock. The federal income tax consequences of restricted stock awards depend upon the restrictions imposed on the restricted stock. In the absence of an election under Section 83(b) of the Code by a participant, the grant of restricted stock will not result in taxable income to the participant or entitle us to a tax deduction in the year of grant if the restricted stock received is subject to a substantial risk of forfeiture and is either non-transferable or after transfer remains subject to such substantial risk of forfeiture. In such case, a participant must recognize ordinary income equal to the fair market value of the restricted stock received as of the first date the restricted stock becomes either transferable or not subject

Table of Contents

to a substantial risk of forfeiture, whichever occurs earlier. However, a participant may, in his or her discretion, make a Section 83(b) election to recognize as ordinary income the value of the restricted stock as of the date of receipt rather than upon lapse of restrictions on transferability or the substantial risk of forfeiture. We generally will be entitled to a tax deduction in the amount of the fair market value of the restricted stock transferred to the participant in the year the participant recognizes ordinary income. Prior to the lapse of restrictions, dividends paid on restricted stock will be taxable to the participant as ordinary income in the year such restricted stock is received free of restrictions, and we will be entitled to a tax deduction in the same amount.

Restricted Stock Units and Deferred Stock. A participant who receives an award of restricted stock units or a deferred stock award will generally not recognize any taxable income, and we will not have any tax consequences, at the time the award of restricted stock units or a deferred stock is granted. When a participant receives the shares of common stock under the terms of the award, the fair market value on the date of exercise of the shares received, less any amount paid by the participant for such shares, will constitute ordinary income to the participant, and we will be entitled to a tax deduction in the same amount in the year of exercise.

Dividend Equivalent Awards. A participant who receives a dividend equivalent award generally will not recognize any taxable income, and we will not have any tax consequences, at the time the dividend equivalent award is granted. When a participant is paid for the award, the amount of any cash received and the fair market value on the date any shares are received will constitute ordinary income to the participant, and we will be entitled to a tax deduction in the same amount in the year of the award is paid.

Performance Awards. A participant who receives a performance award of shares of common stock will generally recognize ordinary income in the year the award is received equal to the fair market value of our common stock on the date of award. We will be entitled to a tax deduction equal to the amount of ordinary income recognized by the participant in the year such income is recognized.

Other Stock-Based Awards. A participant will recognize ordinary income equal to the amount of any cash payments or the fair market value of any shares of common stock or other property received in connection with other stock-based awards (less any amounts paid by the participant) in the year the stock-based award is received or made available to the participant without substantial restrictions or risk of forfeiture in a manner consistent with the treatment of restricted stock. We generally will be entitled to a tax deduction in the same amount and at the same time the participant recognizes such ordinary income.

Section 162(m). Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, compensation otherwise deductible in connection with awards granted under the 2008 Plan) by a public company to the chief executive officer and to the four other most highly compensated executive officers of the Company to no more than \$1,000,000 per person. This limit, however, does not apply to qualified performance-based compensation. We generally intend to structure any stock options and other awards granted under the 2008 Plan that might be affected by Section 162(m) of the Code to comply with the performance-based compensation exemption to the deductibility limit.

Section 409A. The 2008 Plan permits the grant of various types of incentive awards, which may or may not be exempt from Section 409A of the Code. The tax consequences (including the amounts and the timing of those tax consequences) described above assume that an award is not subject to or does not violate the requirements of Section 409A. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. Stock options, stock appreciation rights and restricted stock awards that comply with the terms of the 2008 Plan and do not have a deferral feature, and are not amended, are generally exempt from the application of Section 409A, which is applicable to deferred compensation plans within the meaning of Section 409A. Restricted stock units, deferred stock awards and performance shares granted under the 2008 Plan are generally subject to Section 409A unless they are designed to satisfy the short-term deferral exemption from Section 409A. Awards that do not comply with Section 409A can result in the value of the deferred compensation being currently includable in the service provider's federal income tax purposes and being taxed at the service provider's marginal federal income tax rate plus an additional 20%, and interest and penalties may be included.

New Plan Benefits

No awards will be granted under the 2008 Plan unless and until the 2008 Plan has been approved by our stockholders. The grant of awards under the 2008 Plan to eligible directors, officers, employees, consultants and advisors, including the

Table of Contents

named executive officers, is subject to the discretion of the committee and therefore cannot be determined in advance, other than the grants of restricted stock payable to non-employee directors discussed below. As of the date of this proxy statement, no determination has been made as to which or how many of the persons eligible to receive awards under the 2008 Plan will receive future awards under the 2008 Plan, except that the board of directors has approved (subject to change upon the recommendation of the Compensation Committee) the grant of shares of restricted stock to our non-employee directors on a formula basis as discussed under **Director Compensation** below. Accordingly, except as otherwise provided above, the benefits or amounts that will be received by or allocated to individuals or groups under the 2008 Plan in the future are not presently determinable.

Vote Required

The approval of the 2008 Plan requires the affirmative **FOR** vote of a majority of the shares of common stock present, in person or by proxy, at the Annual Meeting and entitled to vote on this proposal.

Recommendation

The board of directors unanimously recommends that stockholders vote FOR the adoption and approval of the 2008 Plan. Proxy cards signed and timely returned to us will be so voted, unless contrary instructions are specified thereon.

**PROPOSAL NO. 3
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Proposal

The Audit Committee of the board of directors has appointed Hein & Associates LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2008. Hein has served as our independent registered public accounting firm since 2004. In addition, Hein provides us with certain tax and audit-related services as described below.

Stockholder ratification of the appointment of Hein as our independent registered public accounting firm is not required by our by-laws or any other applicable legal requirement. However, the Audit Committee is submitting the appointment of Hein to the stockholders for ratification as a matter of good corporate governance. If the stockholders do not ratify the appointment of Hein, then the Audit Committee will reconsider the appointment of Hein, provided that it may not change its appointment. Even if the appointment is ratified by the stockholders, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm for fiscal 2008 at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

We expect that one or more representatives of Hein will be present telephonically at the Annual Meeting, and will be available to respond to appropriate questions and have the opportunity to make a statement if they desire to do so.

Audit and Non-Audit Fees

The aggregate fees for professional services rendered to us by Hein for fiscal 2007 and fiscal 2006 were as follows:

	Fees	
	2007	2006
Audit Fees (1)	\$ 445,190	\$ 293,000
Audit-Related Fees (2)	32,063	24,500
Tax Fees (3)	100,935	40,040
All Other Fees	0	0
Total	\$ 578,188	\$ 357,540

- (1) Audit Fees represents fees for professional services rendered for the audit of our consolidated annual financial statements, the audit of our internal controls over financial reporting, and the review of our consolidated interim financial statements included in our

Quarterly
Reports on
Form 10-Q.

- (2) Audit-Related

The Audit Committee has determined that the provision of non-audit services by Hein in fiscal 2007 and fiscal 2006 was compatible with maintaining their independence.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy that requires the Audit Committee to pre-approve all audit and non-audit services to be provided by our independent registered public accounting firm. The Audit Committee may delegate this pre-approval authority to one or more of its members. Any such members must report any decisions to the Audit Committee at the next scheduled meeting. In accordance with this pre-approval policy, all professional services provided by Hein as our independent registered public accounting firm during fiscal 2007 were pre-approved by the Audit Committee.

Table of Contents

- (1) For purposes of this table, we have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission, although such information does not necessarily indicate beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the beneficial owner has sole or shared voting power or investment power and any shares that the beneficial owner has the right to acquire within 60 days of April 15, 2008 through the exercise of any stock option or other right. In addition, such shares that the beneficial owner has the right to acquire are deemed to be outstanding in calculating the percent beneficially

owned by such beneficial owner, but are not deemed to be outstanding in determining the percent beneficially owned by any other beneficial owner. Unless otherwise indicated in these notes, we believe, based on the information furnished to us, that each beneficial owner has sole voting and investment power with respect to the shares beneficially owned, subject to community property laws where applicable.

- (2) The percentage ownership is based upon 16,908,165 shares of common stock outstanding as of April 15, 2008.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Committee

The Compensation Committee of our board of directors is responsible for establishing and administering the compensation program and policies for our executive officers as well as developing and monitoring our compensation program and philosophy for our employees generally. The Compensation Committee approves all compensation paid to our executive officers, establishes our compensation policies for our executive officers, reviews and approves our general compensation policies for our non-executive employees and also oversees the administration by the board of directors of our stock plan under which grants of stock options and restricted stock may be made to our executive officers and employees.

During 2007, the members of the Compensation Committee were Basil M. Briggs (Chairman), Anthony D. Pell and Kevin P. Collins. In January 2008, John A. (Andy) Miller joined the Compensation Committee and replaced Mr. Briggs as its Chairman. The board of directors has determined that each member of the Compensation Committee is independent under our Standards of Director Independence and under the current listing standards of The NASDAQ Stock Market.

Executive Compensation Philosophy and Objectives

Our executive compensation philosophy is to provide a competitive executive compensation program that allows us to attract, retain, motivate and reward highly qualified and industrious executives and to enhance stockholder value. We believe we have developed an effective compensation program that entices outstanding talent to join our company, encourages professional growth in our officers and employees, rewards outstanding individual and corporate performance and creates a path towards corporate excellence. Our executive compensation program is intended to accomplish the following objectives:

to attract and retain highly talented and productive executive officers;

to provide incentives and rewards for our executive officers to be strong leaders and managers, to perform at a superior level and to achieve important financial and strategic goals; and

to align the interests of our executive officers with the interests of our stockholders.

To achieve these objectives, the Compensation Committee has designed an executive compensation program that consists of four basic components:

base salary;

short-term incentive compensation in the form of annual cash bonuses;

long-term incentive compensation in the form of stock options, restricted stock and performance-based restricted stock; and

perquisites and general benefit programs.

Our compensation program is designed to be performance-driven, which we believe is in the best interests of our stockholders, as well as in the best interests of our executives, employees and customers. We seek to design our compensation program with a goal of maximizing corporate performance and enhancing stockholder value.

Compensation Committee Processes and Procedures; Role of CEO and Compensation Consultant

The Compensation Committee makes all compensation decisions relating to our named executive officers. Annually, it reviews the base salaries, establishes the annual bonus and incentive compensation goals and arrangements and evaluates the long-term incentives compensation levels of our named executive officers. The Compensation Committee generally makes these critical annual compensation decisions in February and March of each year, to coincide with the reporting of, and to allow the Compensation Committee to have available the results of, the prior year's annual consolidated financial results.

Table of Contents

During its annual review, the Compensation Committee considers the value of the overall role and contribution of each named executive officer, including the impact that the named executive officer has had on the achievement of our corporate performance and on our strategic, financial and operating goals. The Compensation Committee considers recommendations from our Chief Executive Officer regarding the compensation of other executives. Our Chief Executive Officer typically provides the Compensation Committee with his annual recommendations for each executive officer's compensation, including salary adjustments, discretionary bonuses and equity awards. While the Compensation Committee gives significant weight to the recommendations of our Chief Executive Officer, the Compensation Committee is responsible for making the final decision on executive compensation matters and exercises its discretion and authority in approving, modifying or rejecting these recommendations. Our Chief Executive Officer is not present for any portions of meetings relating to his compensation, but from time to time he is present in meetings discussing the compensation of other executive officers. After considering these recommendations and making its own evaluation, the Compensation Committee establishes the base salary, annual bonus and incentive programs and targets and long-term compensation for the named executive officers.

In general, the Compensation Committee's compensation process is subjective and based primarily on the judgment of the members of the Compensation Committee, on existing employment contracts and on making incremental changes to existing employment arrangements. In making compensation decisions, the Compensation Committee considers such factors as it from time to time has deemed relevant, appropriate, reasonable and in the best interests of the stockholders, including individual performance, corporate performance, informal information about peer companies, the recommendations of the Chief Executive Officer and the knowledge and experience of the members of the Compensation Committee. In setting the compensation for the named executive officers for fiscal 2007, the Compensation Committee reviewed tally sheets showing the executive's current compensation, including equity and non-equity based compensation. Before 2007, the Compensation Committee had not specifically utilized benchmarking or any peer company comparisons to establish executive compensation levels, although from time to time it had informally considered data regarding pay practices at other companies in assessing the reasonableness of compensation and ensuring that compensation levels remain competitive. It has been the belief of the Compensation Committee that due to the diversification, market niches and size of our company, it is difficult to establish a meaningful peer group, and even if such were possible, the uniqueness of our business and our compensation incentive arrangements would not permit helpful comparisons. Accordingly, the Compensation Committee has believed that its members, with the assistance and recommendations of management, are generally best situated to make compensation decisions in light of our size, the service and experience of the members of the Compensation Committee and the executive officers and the nature of our business that did not provide for meaningful comparisons with other companies. The Compensation Committee has not adopted a policy regarding the ratio of total compensation of the chief executive officer to that of our other executive officers, although compensation levels are reviewed and compared to ensure that appropriate pay equity exists in the opinion of the Compensation Committee.

However, driven by the importance of establishing a new compensation program reasonable and appropriate for our company for our new Chief Executive Officer in connection with our management transition and corporate reorganization during 2007, the Compensation Committee retained a compensation consultant and utilized peer company comparisons in established the new Chief Executive Officer's compensation in 2007, and the Compensation Committee is considering utilizing a compensation consultant and peer company comparisons for making other executive compensation decisions in the future. In 2007, the Compensation Committee retained Frederic W. Cook & Co. to provide its expertise as an independent compensation consultant to the Compensation Committee in reviewing Mr. Hinton's compensation and providing its recommendations on the appropriate compensation package for Mr. Hinton in his new role and with his new duties as our President and Chief Executive Officer. Based in large part upon the recommendation and advice of Cook, the Compensation Committee approved a new compensation package for Mr. Hinton in August 2007, as discussed below under Compensation of Chief Executive Officer. The Compensation Committee is considering utilizing a compensation consultant to assist it in performing a comprehensive review, including benchmarking and peer company comparison, of our entire executive compensation program, including base salaries, bonus and incentive compensation plans and arrangements and equity granting practices, for use by the Compensation Committee in evaluating and establishing executive compensation for fiscal

2009, although a final decision on the compensation process for 2009, and the amount of weighting to be given to any benchmarking, will not be made until the end of 2008 or early 2009.

Due to the management transition and corporate reorganization during 2007, the Compensation Committee addressed the compensation of the named executive officers on several different occasions during 2007, during processes that resulted in new or amended employment agreements for new and continuing executive officers, and severance and termination agreements and arrangements for departing executive officers. As a result of these new arrangements, discussed below under 2007 Management Transition, Corporate Reorganization and Agreements with Named Executive Officers, the Compensation Committee in general did not adjust or establish new compensation arrangements for 2008 during February

Table of Contents

and March 2008, in accordance with its historical practice, but rather decided to retain virtually without change the arrangements and agreements adopted and approved at various times during 2007, with the intention of addressing discretionary bonuses for 2008 and new compensation arrangements, bonuses and incentives for 2009 in February and March 2009, in accordance with its general procedures.

The Compensation Committee does not generally delegate any of its authority to other persons, although it has the power to delegate authority to subcommittees. The Compensation Committee relies upon our executive officers and other management employees in order to assist the Compensation Committee in performing its duties. The Compensation Committee has authority under its charter to retain, approve fees for and terminate independent experts, consultants and advisors as it deems necessary to assist in the fulfillment of its responsibilities.

Components of Executive Compensation

The Compensation Committee reviews our executive compensation program through the application of the subjective business judgment of each of its members and based in part upon the recommendations of our Chief Executive Officer, as well as from time to time through informal surveys of the executive compensation of other companies. The philosophy of the Compensation Committee is that the compensation and incentives of each officer should be significantly influenced by the executive officer's individual performance, and accordingly a significant percentage of the total compensation and equity incentive package of each executive officer is contingent upon individual performance. The Compensation Committee does not generally use a quantitative method or mathematical formula to set the elements of compensation for a particular executive officer, except for certain year-end cash incentive compensation awards. The Compensation Committee uses discretion and considers all elements of an executive's compensation package when setting each portion of compensation, based upon corporate performance and individual initiatives and performance.

The Compensation Committee does not set fixed percentages for allocating compensation between cash and non-cash components, but rather applies subjective discretion to the components for each individual. In addition, as our bonus programs are currently structured, all annual incentive compensation is payable in cash, and all long-term incentive compensation is payable in equity. In 2007, we made significant awards of restricted stock to several of our executive officers in connection with their new or amended employment agreements establishing new compensation arrangements. The Compensation Committee determined that these new employment arrangements were necessary, appropriate and reasonable in light of the significant management and corporate transition we went through in April 2007, with the retirements of our former Chief Executive Officer and our former Chief Financial Officer. We did not, however, grant any stock options to any executive officers during 2007 (or during 2006). Under SEC rules, the Summary Compensation Table includes the value of not only stock awards during fiscal 2007 but also stock option awards granted prior to 2006 that were treated as compensation expense during fiscal 2006 and fiscal 2007, in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123(R),

Share-Based Payment (FAS 123(R)). In addition, under SEC rules certain executive officers whose employment terminated during 2007, and their post-employment compensation, is included in the Summary Compensation Table.

For 2007, base salary accounted for only approximately 7.4% of the total compensation of the named executive officers, cash bonuses and cash incentive compensation accounted for only approximately 4.8% of the total compensation of the named executive officers, while post-employment compensation accounted for approximately 79.9% of the total compensation of the named executive officers. However, with respect to named executive officers who did not receive post-employment compensation during 2007, base salary accounted for approximately 31.5% of their total compensation and cash bonuses and cash incentive compensation accounted for approximately 26.8% of their total compensation. Accordingly, cash accounted for approximately 92.2% of the total compensation of all the named executive officers for 2007, including post-employment compensation, but only 58.4% of the total compensation of the named executive officers who did not receive post-employment compensation during fiscal 2007, as computed in accordance with the Summary Compensation Table.

The principal factors that our Compensation Committee considered with respect to each named executive officer's compensation package are summarized below. Our Compensation Committee may, however, in its discretion apply entirely different factors with respect to executive compensation for future years.

Base Salary

We establish base salaries for our named executive officers that are intended to provide them with sufficient, regularly-paid income to compensate them for their services rendered to us during the fiscal year. The base salary is intended to provide financial stability to executives in order to attract and retain qualified and experienced individuals.

Base salaries

Table of Contents

are also sometimes used in measuring other compensatory opportunities, such as bonuses and incentive compensation arrangements, which can be set at a percentage of base salary, and severance, which is often based in part upon a multiple of base salary.

The base salary for each of our named executive officers is subjectively determined primarily on the basis of the following factors: experience, personal performance, contribution to our corporate performance, level of responsibility, duties and functions, breadth of knowledge, salary levels in effect for comparable positions within and without our industry and internal base salary comparability considerations. The base salary for each executive officer is reviewed annually and may be adjusted in the discretion of the Compensation Committee, based upon the factors discussed in the previous sentence, as well as changes in the duties, responsibilities and functions of the executive officer, general changes in executive compensation, and our financial performance generally. The relative weight given to each of these factors differs from individual to individual, as the Compensation Committee deems appropriate.

During the course of 2007, the Compensation Committee authorized an increase in the base salaries of each of our named executive officers, reflecting our outstanding corporate performance and record net income in 2006, our expected continued future outstanding performance and the excellent individual performances of each of the named executive officers that were critical factors in that high level of corporate performance. The Compensation Committee first adjusted base salaries during March 2007 for all of our executive officers at that time, then adjusted the base salaries of the continuing executive officers as a result of the management transition and corporate reorganization at various times from April through December 2007. The average increase in base salaries for all of our named executive officers as approved in March 2007 was 16.7% over 2006, with the largest increase being in Mr. Hinton's base salary, reflecting the significant growth and profitability of our PowerSecure subsidiary, which he led, over the prior year and the substantial increase in the scope, scale and complexity of our PowerSecure subsidiary's operations and of Mr. Hinton's overall corporate responsibilities over that period and the Compensation Committee's assessment that Mr. Hinton should be paid at the same level as our Chief Executive Officer, to which office he was appointed on April 16, 2007. The average increase in the base salaries of the other named executive officers (excluding Mr. Hinton) in March 2007 was 11.2% in 2007 over 2006, reflecting their contribution to our success in 2006 and their expected contributions in 2007.

In the second half of 2007, as a result of the management and corporate transition and the succession and addition of offices, roles, duties and authority for Messrs. Hinton, Zuiderveen and Hutter, the Compensation Committee approved amended or new employment agreements with those named executive officers that included increases in base salary that the Compensation Committee felt were commensurate with their new offices, roles, duties and authority. The increases in base salary related to those new employment arrangements are discussed below under

Employment Agreements, Post-Employment Compensation and Potential Payments Upon Termination or a Change in Control Employment Agreements. In February and March 2008, the Compensation Committee determined not to adjust base salaries for 2008 from those set during 2007, primarily because those base salaries had been established late in the previous year and reflected a second increase during the year, and the Compensation Committee believed that the above factors it considers in adjusting base salary did not warrant a further increase at that time. The following table shows the increases in the base salaries of our current executive officers since 2006:

Name	Base Salary For 2006(\$)	Base Salary For 2007 Fixed in March 2007(\$)	Base Salary Adjustment During 2007(\$)(1)	Base Salary For 2008(\$)
Sidney Hinton	315,000	420,000	485,000	485,000
Christopher T. Hutter	N/A	N/A	275,000	275,000
Gary J. Zuiderveen	125,000	150,000	195,000	195,000
John D. Bernard	150,000	170,000	190,000	190,000

(1)

Base salaries for 2007 were adjusted to these amounts in connection with new or amended employment agreements for Mr. Hinton on August 15, 2007, for Mr. Hutter on December 10, 2007, for Mr. Zuiderveen on April 16, 2007 (to \$175,000) and on December 10, 2007, and for Mr. Bernard on April 16, 2007. Base salaries for 2008 were not adjusted from the last base salary fixed for each officer during 2007.

The Compensation Committee believes that the increases in base salaries approved in 2007 were reasonable and a proper reflection of our excellent corporate performance during both 2006 and 2007 and the superior individual performance of the named executive officers during those years, as well as the expected continued high performance of our company and of the named executive officers during 2008.

Table of Contents*Annual Cash Bonuses and Incentives*

Overview. We grant bonuses to our named executive officers, sometimes based on performance metrics determined at the beginning of the fiscal year and sometimes based on discretionary measures of performance determined after the end of the fiscal year, depending on the nature of the executive's position, role and duties. For executives in a position to significantly enhance our corporate performance, we give them the opportunity to earn annual incentive bonuses that are performance-driven in order to encourage them to focus on generating superior annual financial and operating results.

For fiscal 2007, we granted cash bonuses and annual incentive awards to all of our named executive officers, other than to those named executive officers whose employment has terminated and to Mr. Hutter who commenced employment with us during December 2007. Depending on the named executive officer, these bonuses were paid either under established plans and arrangements relating to some metrics of our financial performance or on a discretionary basis as determined by the Compensation Committee, or were based upon some combination thereof. Factors considered by the Compensation Committee in determining discretionary annual cash bonuses are personal performance, corporate performance, level of responsibility and our achievement of corporate goals, as well as many of the same factors considered by the Compensation Committee and discussed above when it reviews and sets base salaries, except with a greater focus on the prior fiscal year. In past years, we had also granted awards to some of our executive officers under our management incentive plan tied to metrics established at the beginning of the fiscal year by the Compensation Committee, but did not utilize that plan for compensation during 2007 because it had been used primarily as an incentive arrangement for Messrs. Marcum and Gabbard.

2007 Bonuses and Incentive Awards. Messrs. Hinton, Zuiderveen, Bernard and Harley received cash bonuses and incentive awards for fiscal 2007. Mr. Hinton received a cash bonus under his employment agreement, which bonus arrangement has been in place since it was negotiated and established when Mr. Hinton became President and Chief Executive Officer of our PowerSecure subsidiary, in an amount equal to 7% of our PowerSecure subsidiary's adjusted net cash flow. Because Mr. Hinton's primary operational focus is managing and leading our PowerSecure subsidiary, which contributed approximately 86% of our consolidated revenues during fiscal 2007, and Mr. Hinton has stock-based awards that provide separate corporate-wide incentives, the Compensation Committee has retained this bonus arrangement in Mr. Hinton's current employment agreement, which was the subject of negotiation with Mr. Hinton. Mr. Hinton's award is reflected under the column entitled "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table. Messrs. Zuiderveen and Bernard each received a cash bonus in the discretion of the Compensation Committee, based upon the recommendation of our Chief Executive Officer (which was not adjusted by the Compensation Committee) as well as the other factors described above for bonuses generally. The bonuses paid to Messrs. Zuiderveen and Bernard are reflected under the column entitled "Bonus" in the Summary Compensation Table. Mr. Harley received an incentive award in an amount equal to a percentage of equipment sales by Metrotek, Incorporated, which we refer to as Metrotek Florida, as reflected under the column entitled "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table and the related note applicable to Mr. Harley. No bonus was paid to any named executive officer whose employment terminated during 2007 or to Mr. Hutter, whose employment commenced in December 2007.

2008 Bonuses and Incentive Awards. For 2008, Mr. Hinton will continue to receive his long-established incentive arrangement, which provides for a bonus equal to 7% of our PowerSecure subsidiary's adjusted net cash flow. The employment agreements of Messrs. Hutter and Zuiderveen provide for discretionary target bonuses equal to 35% and 25% of their base salaries, respectively, based upon such factors, personal and corporate, as the Compensation Committee determines to be appropriate. The Compensation Committee has established a performance-based incentive plan for Mr. Bernard for fiscal 2008, related to the growth of Southern Flow Companies, Inc. While no other annual bonus or incentive award arrangements have been established for the named executive officers as of the date of this proxy statement, the Compensation Committee reserves the right to award additional discretionary bonuses after the end of the year, based on the factors discussed above.

Long-Term Incentive Compensation

We provide long-term incentives to our executive officers primarily through equity grants under our stock plan. Historically, those equity grants typically were in the form of stock options, but in 2007 all such equity grants were in

the form of restricted stock awards that included a substantial performance-based component. Equity grants are designed and intended to align the interests of our executive officers with those of our stockholders, by linking long-term incentive compensation with the creation of stockholder value, to provide an opportunity for increased equity ownership by executives, and to maintain competitive levels of executive compensation, thus providing executives with a significant incentive to manage us from the perspective of an owner with an equity stake in our company. Because of the direct relationship between

Table of Contents

the value of restricted stock and stock options and the market price of our common stock, we believe that the practice of granting awards of restricted stock and stock options provides the Compensation Committee with an excellent method of motivating our executive officers to manage our company in a manner that is consistent with the interests of our stockholders. We also regard our equity grant program as a key retention tool, and the Compensation Committee considers retention as an important factor in setting the vesting schedule for restricted stock and stock options.

During fiscal 2007, we did not grant any options to purchase shares of common stock to the named executive officers, but we did grant awards of restricted stock, including performance-based restricted stock, to Messrs. Hinton, Hutter and Zuiderveen in connection with their new or amended employment agreements and arrangements, which were approved in connection with our management transition and corporate reorganization. In the future, the Compensation Committee intends to review and consider the best methods for utilizing equity incentives to provide long-term equity compensation to our named executive officers, and currently expects to continue granting awards of restricted stock, rather than stock options, to the named executive officers, as well as potentially other equity-based forms of compensation, consistent with our compensation program and the factors discussed in this analysis. However, the Compensation Committee does not currently have any policy or guidelines on the type or amount of equity incentives to grant or on the allocation between restricted stock and stock options.

With respect to our history of stock option grants, each stock option allows the executive officer to acquire shares of common stock at an exercise price per share equal to the closing sale price of the common stock on the date of grant, although in certain circumstances, the Compensation Committee may set an exercise price in excess of the closing sale price on the date of grant. All past stock option grants have been, and all future stock option grants under the proposed 2008 Plan must be, with an exercise price equal to or in excess of the closing sale price of our common stock on the date of grant. Each stock option expires after a fixed period from the date of grant, typically ten years. Each stock option becomes exercisable, either fully immediately upon grant or in installments over a period of years, historically between two and four years, contingent upon the executive officer's continued employment with us. Accordingly, the stock option grant will provide a return to the executive officer only if the executive officer remains employed by us during the vesting period, and then only if the market price of the underlying common stock appreciates. The Compensation Committee is considering changing the terms of any future stock option awards to its executive officers to provide for a longer vesting period of between three and five years and to provide for vesting in part on the basis of performance rather than solely on the basis of continued employment, but the Compensation Committee has not adopted any policy or made any final determination as to future awards.

In 2007, we made awards of restricted stock to Messrs. Hinton, Hutter and Zuiderveen in connection with their new employment arrangements and the negotiation of their new or amended employment agreements. We awarded 600,000 shares of restricted stock to Mr. Hinton, which was intended to cover all stock-based awards to him through 2009. We also awarded 25,000 shares of restricted stock to Mr. Hutter and 20,000 shares of restricted stock to Mr. Zuiderveen. Each of these restricted stock awards vests based upon a combination of performance and service goals as follows: one-half of the restricted shares, the service shares, vest five years after the grant date provided the executive officer remains employed with us through such date (subject to acceleration of vesting upon our change in control or termination of the officer's employment by us without cause), and all or almost all of the other half of the restricted shares, the performance shares, vest based upon the achievement of certain performance goals relating to our financial performance over subsequent years.

For Mr. Hinton, the performance shares vest in five equal annual installments, after the end of fiscal 2007 and our subsequent four fiscal years, based upon us achieving a performance target each year relating to improvements in income from continuing operations, excluding restructuring charges related to our 2007 management transition and corporate reorganization. The performance goal for fiscal year 2007 was equal to 90% of the lower end of the range of our consolidated net income forecast for 2007 as included in our guidance issued publicly on August 8, 2007. For fiscal year 2008 and each fiscal year thereafter, the performance goal is increased by 20% over the prior fiscal year's performance goal. In the event that we fail to achieve the performance goal for any fiscal year, the performance restricted shares that did not vest for that fiscal year will vest in the subsequent fiscal year but only if we exceeds by 10% the performance goal for that subsequent fiscal year. In the event of a change in control, any unvested restricted

shares (regardless of whether their vesting is tied to service or to performance) will immediately vest in full upon the effective date of the change in control. For Mr. Hinton, 60,000 performance shares vested based upon our fiscal 2007 financial performance. The Compensation Committee does not currently intend to grant additional stock-based awards to Mr. Hinton through at least 2009.

For Messrs. Hutter and Zuiderveen, in addition to the service shares that vest as provided above and the 10% of the restricted shares that vested upon the grant date, the performance shares, consisting of 40% of the restricted shares, vest in

Table of Contents

four equal annual installments, commencing with respect to fiscal 2008, based upon the same performance goals in those years as for Mr. Hinton.

Under the 2008 Plan that is subject to stockholder approval at the Annual Meeting, awards of restricted stock for all participants (including executive officers) will have a vesting period of at least three years, for service-based vesting conditions, and at least one year, for performance-based vesting conditions, except that up to 5% of shares issued under the 2008 Plan will not be subject to those vesting restrictions.

The number of shares of common stock that we award in each grant of stock options or restricted stock is subjectively determined by the Compensation Committee primarily related to the executive officer's anticipated contributions to our future success, the level intended to create a meaningful opportunity for stock ownership based on the executive officer's current position with us, the individual's potential for increased responsibility and promotion over the option term and the individual's personal performance in recent periods. The Compensation Committee also considers the number of shares of common stock and the number of stock options already held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Compensation Committee does not adhere to any specific guidelines as to the relative stock option holdings of our executive officers. With respect to the award of restricted stock, including performance-based restricted stock, to Mr. Hinton, the Compensation Committee also considered the recommendation of Frederic W. Cook & Co., its independent compensation consultant, and to a peer group as discussed below under Compensation of Chief Executive Officer.

Practices Regarding the Grant of Stock Options and Other Equity-Based Awards

We have adopted a policy relating to grants of equity awards, which generally formalizes our prior practices and procedures. The policy provides that all grants of stock options must have an exercise price that is no less than the fair value of our common stock on the date of grant, determined by reference to the closing sale price of our common stock on the date of grant. We do not have any program, plan or practice of awarding options and setting the exercise price based on the price of the common stock on a date other than the grant date, or of determining the exercise price of option grants by using average prices or the lowest prices of our common stock in a period preceding, surrounding or following the grant date.

In general, under our policy, awards of stock options to executives, if made, are to be made once a year, in March after we file our Annual Report on Form 10-K that includes our audited consolidated financial statements for the previous year. In addition, we intend to grant awards of stock options to other employees twice a year, at the same time in March as grants to executives are made, and also in November after we file our third quarter Form 10-Q containing our unaudited financial statements through September 30, except in special cases. These timeframes were designed to ensure that stock grants would be made at regular, predetermined intervals and at a time when we have publicly disclosed all material information. We do not have any program, plan or practice to time the grant of stock options in anticipation of or in coordination with major announcements regarding earnings, guidance or other material non-public information. Our prior stock plan did, and our new stock plan proposed to be adopted at the Annual Meeting will, prohibit the repricing of stock options, directly or indirectly, such as through cancellations and re-grants. We also make grants to newly hired employees at other times, provided the grant occurs on or after the date they commence their employment with us. Under our policy, all grants of stock options must be made at meetings of the board of directors, which may be in person or telephonic, but not by written consent, and the grant date of the award is the date of the meeting.

Our ability to make equity grants of any nature to our executive officers in the future depends upon our stockholders approving a new stock plan, the 2008 Plan, because our prior stock plan, the 1998 Plan, is virtually out of shares available for grant and no further shares can be issued under that plan after June 12, 2008. See Proposal No. 2 Approval of PowerSecure International, Inc. 2008 Stock Incentive Plan.

Perquisites and Other General Benefits

We do not provide significant perquisites or personal benefits to our executive officers that are not otherwise available to all of our employees. We only provide our executive officers with personal benefits that we believe are reasonable and consistent with our overall compensation program and better enable us to attract and retain superior executives. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to the named executive officers. While the Compensation Committee considers these benefits and perquisites

in making compensation decisions, they do not have a material influence on these decisions because they are a relatively insignificant portion of the total compensation of the executives.

Table of Contents

Some of our named executive officers are provided with the use of company automobiles intended primarily for business use, or a car allowance in lieu of such use, and in 2007 we paid for the parking of our named executive officers who worked out of our Denver offices. In addition, we paid for country club memberships for some of our named executive officers in 2007, because we believe club memberships provide an opportunity to build business and community relationships while promoting a healthy lifestyle. We do not own, lease, maintain or otherwise use any corporate aircraft, and our executives exclusively use commercial airlines for all air travel. We do not provide pension arrangements, post-retirement health coverage, or similar benefits to either our executives or our other employees. Our executive officers are also eligible to participate in medical plans, life insurance, disability and 401(k) benefit plans and programs generally available to employees on the same terms as all our employees. Periodically, our named executive officers attend company-related activities, such as sporting events or out-of town business meetings, in which we incur travel and other event-related expenses.

The incremental cost of providing perquisites to our named executive officers is set forth in a separate table that is included in a footnote to the column entitled "All Other Compensation" in the Summary Compensation Table.

Retirement Benefits

Other than the severance and change in control arrangements set forth in specific written employment agreements with some of our named executive officers and the participation and matching contributions under our tax-qualified 401(k) plan, our named executive officers do not receive any deferred compensation or other retirement benefits from us, and we do not maintain any retirement or pension plans. Information regarding these severance and change in control arrangements for the named executive officers are discussed below under "Employment Agreements, Post-Employment Compensation and Potential Payments Upon Termination or a Change in Control."

2007 Management Transition, Corporate Reorganization and Agreements with Named Executive Officers

During 2007, the Compensation Committee was authorized by our board of directors to serve as its management transition committee in connection with the transition of our management, resulting in a new Chief Executive Officer and a new Chief Financial Officer (as well as an interim Chief Financial Officer), as well as our corporate reorganization, resulting in our moving our principal executive offices from Denver, Colorado to Wake Forest, North Carolina. As a result, during 2007, upon the recommendation of the Compensation Committee and the approval of our board of directors, we entered into new or amended agreements pertaining to compensation arrangements with almost all of our named executive officers relating to their employment, for our named executive officers continuing with us, or relating to the termination of their employment, for our named executive officers whose employment terminated in connection with the management transition and corporate reorganization.

Named Executive Officers Whose Employment Terminated in 2007. On April 16, 2007, W. Phillip Marcum retired from his employment with us and resigned from his positions as our President and Chief Executive Officer, and A. Bradley Gabbard retired from his employment with us and resigned from his positions as our Executive Vice President and Chief Financial Officer. We had previously entered into employment agreements with Messrs. Marcum and Gabbard, and in connection with their retirement and termination of employment, we entered into separation agreements and releases with them, which generally conformed to and were consistent with the provisions addressing their post-employment compensation arrangements in their employment agreements.

On April 30, 2007, in connection with the transition and reorganization, Daniel J. Packard, retired from his employment with us and resigned from his positions as the President and Chief Executive Officer of WaterSecure Holdings, Inc. (f.k.a. Marcum Gas Transmission, Inc.). On May 21, 2007, Mr. Packard entered into a separation agreement and release with us, which addressed his post-employment compensation arrangements. On March 31, 2008, in connection with the sale of Metrotek Florida, Joseph L. Harley Jr. retired from his employment with and resigned from his positions as the President and Chief Executive Officer of Metrotek Florida. We did not enter into an employment agreement or a change in control agreement with either Mr. Packard or Mr. Harley.

Named Executive Officers Whose Employment Commenced or Continued in 2007. On April 16, 2007, the board of directors appointed Sidney Hinton, who had served as the President and Chief Executive Officer of our PowerSecure subsidiary since it was incorporated, to the additional positions of our President and Chief Executive Officer. Based in part upon the recommendations of Frederic W. Cook & Co. and the peer company analysis discussed below under

Compensation of Chief Executive Officer, we entered into a new employment agreement with Mr. Hinton on

August 15, 2007 commensurate with his new position, authority and duties.

Table of Contents

On April 16, 2007, our board appointed Gary J. Zuiderveen, who had previously served as our Vice President, Controller and Principal Accounting Officer, to the additional position of our Chief Financial Officer on an interim basis. In connection with that appointment, we entered into an employment agreement with Mr. Zuiderveen in April 2007, which we modified in December 2007 when the new Chief Financial Officer was hired, at which time we appointed Mr. Zuiderveen to the additional office of Vice President of Public Reporting, in addition to his continuing offices as our Controller and Principal Accounting Officer.

In April 2007 we also entered into an amended and restated employment agreement with John D. Bernard, the President and Chief Executive Officer of Southern Flow.

In December 2007, we hired Christopher T. Hutter as our Vice President and Chief Financial Officer, and in connection with that hiring we entered into an employment agreement with Mr. Hutter.

In establishing the employment compensation arrangements for Mr. Hinton, the Compensation Committee applied the criteria discussed above and we also utilized the services and considered the recommendation of and the information provided by Frederic W. Cook & Co. In establishing the compensation arrangements for Messrs. Hutter, Zuiderveen and Bernard, the Compensation Committee also applied the criteria discussed above but we did not utilize the services or obtain the recommendation of Frederic W. Cook & Co. In general, the Compensation Committee attempted to establish base salaries, bonuses, perquisites and severance arrangements for each of these four continuing named executive officers in approximate proportion to their relative positions, duties and authority within our company, but on a subjective basis based upon the factors above without applying any strict or specific mathematical or other formula. In the case of each employment agreement, the terms of these arrangements were set through the course of arms-length negotiations with each of the named executive officers.

The employment agreements include change in control agreements and provisions providing for compensation after the termination of employment, but we have not entered into separate change in control agreements with any of our executives. Other than as specified in this section, we have not entered into any other employment or change in control agreements with any other named executive officers. Each of these employment agreements provides for certain payments and other benefits if the executive's employment terminates under certain circumstances, including in the event of a change in control. The Compensation Committee believes that these severance and change in control arrangements are an important part of overall compensation for our named executive officers because they help to secure the continued employment and dedication of our executives, despite any concern that they might have regarding their own continued employment prior to or following a change in control. The Compensation Committee also believes that these arrangements are important as a recruitment and retention device, as most of the companies with which we compete for executive talent have similar agreements in place for their senior employees. In addition, the Compensation Committee believes these agreements will help assure us that we will have the continued dedication, undivided loyalty, objective advice and counsel and committed high level of performance from these named executive officers in the event of a proposed transaction, or the threat of a transaction, which could result in our change in control.

A summary and discussion of these separation agreements and employment agreements is contained below under Employment Agreements, Post-Employment Compensation and Potential Payments Upon Termination or a Change in Control.

Compensation of Chief Executive Officer

In connection with the management reorganization and corporate reorganization, Mr. Marcum, our former Chief Executive Officer, resigned and retired in April 2007 and our board appointed Mr. Hinton to serve as our new Chief Executive Officer. In connection with that appointment, we entered into a new employment agreement with Mr. Hinton establishing his employment compensation as our Chief Executive Officer, including an increase in his base salary, a continuation of his annual bonus arrangement relating to the adjusted cash flow of our PowerSecure subsidiary, an award of restricted stock, an increased severance arrangement and other perquisites, as described below under Employment Agreements, Post-Employment Compensation and Potential Payments Upon Termination or a Change in Control. In entering into this new employment agreement with Mr. Hinton and establishing his new employment arrangements, the Compensation Committee considered the recommendations of Frederic W. Cook & Co. as its independent compensation consultant. In addition, in order to determine the appropriate level of

compensation for Mr. Hinton, the Compensation Committee compared the key elements of his compensation against a peer group of 18 publicly-traded alternative energy companies, using the most recent public information available regarding the total compensation package for the chief

Table of Contents

executive officer, including base salary, annual incentives, long-term incentives, and perquisites. We believe this peer group represents the types of companies with which we compete for highly talented executives and for stockholder investment. The companies comprising that peer group were the following:

American Superconductor Corporation
Badger Meter, Inc.
Ballard Power Systems Inc.
C&D Technologies, Inc.
Comverge, Inc.
Distributed Energy Systems Corp.
Energy Conversion Devices, Inc.
EnerNOC, Inc.
Environmental Power Corporation
Esco Technologies Inc.
Evergreen Solar, Inc.
Flow International Corporation
Fuelcell Energy, Inc.
Itron, Inc.
Maxwell Technologies, Inc.
Ormat Technologies, Inc.
Powell Industries, Inc.
Ultralife Batteries, Inc.

In establishing the new compensation arrangements of Mr. Hinton as our new Chief Executive Officer, in addition to comparative market data and the recommendation of our compensation consultant, the Compensation Committee took into consideration Mr. Hinton's prior compensation arrangements with our PowerSecure subsidiary and the various factors discussed above under Components of Executive Compensation.

Limitations on Tax Deductibility of Executive Compensation Under Section 162(m)

From time to time we review and consider the tax and accounting laws, rules and regulations that may affect our compensation programs. However, the tax and accounting treatment of compensation has not been a significant factor in determining the amounts and types of compensation for our executive officers.

Section 162(m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to a company's chief executive officer and the four other most highly compensated executive officers. However, qualified performance-based compensation will not be subject to the deduction limit if certain requirements are met. In the event that the Compensation Committee considers approving salary or bonus compensation in the future that could exceed the \$1 million deductibility threshold, it will consider what actions, if any, should be taken to make such compensation deductible. From time to time, certain compensation that the Compensation Committee may approve may not meet the requirements of Section 162(m) and, therefore, amounts in excess of \$1 million paid under that plan may not be deductible by us. The board of directors and the Compensation Committee reserve the authority to award non-deductible compensation in such circumstances as they deem appropriate.

In the event that the Compensation Committee considers approving salary or bonus compensation in the future that could exceed the \$1 million deductibility threshold, it will consider what actions, if any, should be taken to make such compensation deductible. The board of directors and the Compensation Committee reserve the authority to award non-deductible compensation in such circumstances as they deem appropriate.

While payments to Messrs. Marcum, Gabbard and Hinton exceeded \$1 million for fiscal 2007, the provisions of Section 162(m) did not disallow any tax deduction with respect to those excess amounts. The compensation subject to the \$1 million threshold does not include remuneration paid under a written contract that was entered into on or prior to, and remained in effect on, February 17, 1993, such as the incentive compensation component of the payments to Messrs. Marcum and Gabbard that had been under a written contract since 1991, or performance-based compensation, such as the bonus paid to Mr. Hinton based on the performance of our PowerSecure subsidiary.

Recovery of Incentive Compensation in the Event of Financial Restatement

Our Compensation Committee has not considered whether it would adjust or attempt to recover incentive compensation paid to any or all of our executive officers if the performance objectives upon which such compensation were based were to be restated or otherwise adjusted in a manner that would have the effect of reducing the amounts of compensation payable or paid. However, the Compensation Committee would consider any such event when making future compensation decisions for executive officers who continued to be employed by us. In addition, in accordance with Section 304 of the Sarbanes-Oxley Act of 2002, if we are required to restate our financial statements due to any material noncompliance with any financial reporting requirement under the federal securities laws, as a result of misconduct, our Chief Executive Officer and Chief Financial Officer are legally required to reimburse us for any bonus or other incentive-based or equity-based compensation he or they receive from us during the 12-month period following the first public issuance or filing with the SEC of the financial document embodying such financial reporting requirement, as well as any profits they realized from the sale of securities during this 12-month period.

Stock Ownership Guidelines

We have always strongly encouraged our officers and directors to maintain a significant equity stake in our company and to align their interests with those of our stockholders, and in general they have done so. In 2008, we adopted stock ownership guidelines that specify minimum stock ownership levels for our executive officers and directors. Our board believes that ownership by our executive officers and directors of a meaningful financial stake in our company serves to more closely align their interests with the interests of our stockholders.

We have adopted a stock ownership guideline for our Chief Executive Officer of three times his base salary, meaning ownership of shares of our common stock with a value equal to three times his base salary. The stock ownership guideline for all our other executive officers and employees who report directly to our Chief Executive Officer is one times base salary. We have also adopted a stock ownership guideline for our directors of three times their annual retainer. Our officers and directors have five years, beginning either on February 2008 or on the date they become subject to these guidelines, to achieve their applicable ownership requirements. Beginning in five years, the guidelines will be tested as of each year-end, and until then the Compensation Committee will monitor the progress of our officers and directors in reaching those guidelines. Shares counted towards achievement of these ownership guidelines include shares owned by the officer or director, plus restricted shares subject to vesting based upon time or service-based conditions. Unvested stock options and restricted shares subject to performance-based vesting conditions will not count towards achievement of the guidelines. The value of shares owned is determined by utilizing the closing sale price of our common stock on the date of determination.

We have adopted policies regarding hedging the economic risk of common stock ownership. Officers and directors subject to our insider trading policy are discouraged from engaging in any short-term or speculative transactions regarding our common stock and from holding our common stock in a margin account or pledging our shares in a loan. In addition, our directors and executive officers are not permitted to purchase and sell, or sell and purchase, our common stock within any six month period, or to make any short sales of our common stock.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this proxy statement. Based upon such review and discussions, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007 and in this proxy statement.

(1) Represents the number of shares of restricted stock awarded to each named executive officer. The material terms of these restricted stock awards, including their vesting conditions, are described above under Compensation Discussion and Analysis Components of Executive Compensation Long-Term Incentive Compensation.

(2) Represents the full grant date fair value of each award of shares of restricted stock, computed in accordance with FAS 123(R), based on the closing sale price of our common stock on the date of grant. The award to

Mr. Hinton is intended to cover all stock-based awards to him through 2009.

- (3) Under his employment agreement, Mr. Hinton was entitled to receive incentive compensation equal to 7% of the adjusted cash flow from operations of our PowerSecure subsidiary in fiscal 2007. Under the arrangement established by the Compensation Committee, Mr. Harley was entitled to receive incentive compensation equal to 1% of Metrotek Florida's equipment sales, up to \$3.6 million, and 2% of Metrotek Florida's equipment sales over that amount. In accordance with SEC rules, the target amount in this table for Messrs. Hinton and Harley is the amount of payout that Messrs. Hinton and Harley would have received for fiscal 2007 if our PowerSecure subsidiary and if Metrotek Florida, respectively, each matched its fiscal 2006 performance. The actual amount of incentive payments earned by Messrs. Hinton and Harley is reported under the column entitled Non-Equity Incentive Plan Compensation in the Summary Compensation Table. The restricted stock award to Mr. Hinton was intended by the Compensation Committee to cover all stock-based

awards to him through
2009.

- (4) Because the cash payments paid to Messrs. Zuiderveen and Bernard were entirely within the discretion of the Compensation Committee and were not established until after the end of fiscal 2007, the amount of such payments are not included in this table but are included under the column entitled Bonuses in the Summary Compensation Table.

- (3) The amounts in this column were computed by multiplying the number of shares of restricted stock that had not vested as of December 31, 2007 by the fair market value of the shares as of such date, based upon \$13.50, the closing sale price of our common stock on such date, as reported on The NASDAQ Stock Market.

Stock Option Exercises and Stock Awards Vested in Fiscal 2007

The following table contains information regarding the exercise of stock options by, and the vesting of restricted stock held by, the named executive officers in 2007.

Option Exercises and Stock Vested

Name	Option Awards		Stock Awards(1)	
	Number of Shares	Value Realized on Exercise	Number of Shares Acquired on Vesting	Value Realized on Vesting
	Acquired on Exercise (#)	Exercise (\$)(2)	on Vesting (#)	Realized on Vesting (\$)(3)
Sidney Hinton			5,000	61,600
Christopher T. Hutter			2,500	36,250
Gary J. Zuiderveen	4,000	39,640	2,000	29,000
John D. Bernard				
Joseph L. Harley, Jr.				
W. Phillip Marcum	50,000	437,500	16,666	205,325
A. Bradley Gabbard	227,500	2,752,688	8,333	102,663
Daniel J. Packard	10,000	115,515		

- (1) For Messrs. Hutter and Zuiderveen, the amounts in these columns reflect shares of restricted stock awarded on December 10, 2007 in connection with their new employment arrangements that vested

on that date. Although Mr. Hinton also received an award of restricted stock on that date, none of his shares of restricted stock had vested during 2007. The material terms of these restricted stock awards, including their vesting conditions, are described above under

Compensation Discussion and Analysis Components of Executive

Compensation Long-Term Incentive Compensation.

For Messrs. Hinton, Marcum and Gabbard, the amounts in these columns reflect shares of restricted stock awarded on July 15, 2004, which vested in three equal installments with the final installment vesting on January 1, 2007.

- (2) Based upon the difference between the fair market value of our common stock on the date of exercise, which was equal to the closing sale price of our common stock on such date, and the exercise price of the stock option.
- (3) Based upon the fair market value of our common stock on the date these shares of restricted stock vested, which was equal to the closing sale price of our common stock as reported on our principal stock exchange on such date. Because these shares of restricted stock for Messrs. Hinton, Marcum and Gabbard vested on January 1, 2007,

which was a holiday, the fair market value of our common stock is based upon the closing sale price of our common stock on December 29, 2006, which was the last trading day before the stock vested.

Employment Agreements, Post-Employment Compensation and Potential Payments Upon Termination or a Change in Control

Pension Benefits

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers are eligible to participate in our 401(k) defined contribution plan. In each plan year, we contribute to each participant a matching contribution equal to 50% of the first 6% of the participant's compensation that has been contributed to the plan, up to a maximum matching contribution of \$6,750. All of our named executive officers (except Mr. Hutter who joined us in December 2007) participated in our 401(k) plan during fiscal 2007 and received matching contributions as set forth in the Summary Compensation Table.

Non-Qualified Deferred Compensation

We do not provide any non-qualified deferred contribution plans or other deferred compensation plans. In the future, the Compensation Committee may elect to provide our officers and other employees with non-qualified defined contribution or deferred compensation benefits if the Compensation committee determines that doing so is in our best interests.

Separation and Termination Agreements

W. Phillip Marcum and A. Bradley Gabbard. On April 16, 2007, we entered into separation agreements and releases with Mr. Marcum and with Mr. Gabbard in connection with their retirements. Each separation agreement outlined the terms and conditions of the former executive's termination of employment, including but not limited to post-employment compensation, which generally conformed to the provisions of his employment agreement, as last amended and restated on March 30, 2006. The separation agreements were approved by the Compensation Committee.

Under these separation agreements:

We agreed to pay Messrs. Marcum and Gabbard severance payments, for a period of three years for Mr. Marcum and two years for Mr. Gabbard, on regular payroll dates in the aggregate amounts of \$2,810,990, for Mr. Marcum, and \$1,310,540 for Mr. Gabbard, which amounts are equal to the sum of (i) their base salaries on the date of termination, plus (ii) one-third of their average annual bonuses and annual incentive compensation in 2005, 2006 and 2007 (making the assumption the 2007 amount would have equaled the 2006 amount). The severance payments are payable as follows: \$468,498 plus interest thereon of \$11,712 to Mr. Marcum, and \$327,635 plus interest thereon of \$8,191 to Mr. Gabbard, were paid on October 18, 2007, the initial payment date, and the remainder are payable in equal installments over the severance period on our regular payroll dates. These severance payments were required by, and were established in accordance with, the employment agreements of Messrs. Marcum and Gabbard, except that because the formula in those employment agreements permitted Messrs. Marcum and Gabbard to use the last three years of bonuses either before or including the year of termination, the Compensation Committee decided to apply their 2006 bonus amounts to 2007 for computation purposes instead of establishing a new 2007 bonus arrangement.

We also agreed to pay to Messrs. Marcum and Gabbard the incentive compensation (as such term is defined in their employment agreements) payments required by their employment agreements in an aggregate amount of \$4,400,000 to Mr. Marcum and \$3,600,000 to Mr. Gabbard as follows: (i) we paid \$3,382,500 to Mr. Marcum and \$2,767,500 to Mr. Gabbard (which amounts include interest at the simple rate of 5% per annum) on the initial payment date, and (ii) we will pay the remaining \$1,100,000 to Mr. Marcum and the remaining \$900,000 to Mr. Gabbard on June 15, 2008, plus interest at the simple rate of 5% per annum.

These incentive compensation payments are required under the employment agreements of Messrs. Marcum and Gabbard and were intended, when originally created in 1991, to provide incentives for Messrs. Marcum and Gabbard to align their interests with the interests of stockholders and to enhance stockholder value. The formula for these payments was 10% of the excess of the fair market value of our common stock upon termination over \$10.08, which was the initial public offering price attributable to our common stock, as

adjusted for the 1998 1-for-4 reverse stock split, multiplied by the number of common stock equivalents outstanding. Only Messrs. Marcum and Gabbard were entitled to payments under the incentive compensation fund, which was triggered by their termination of employment.

Table of Contents

The Compensation Committee set \$15.00 as the fair market value of the common stock for purposes of determining the incentive compensation payable to Messrs. Marcum and Gabbard under their employment agreements. In establishing the fair market value of the common stock, the Compensation Committee received and relied upon a written opinion by Harris Williams & Co., dated April 16, 2007, to the Compensation Committee to the effect that, as of such date, based upon and subject to the assumptions made, matters considered and limits on review set forth in the Harris Williams opinion, the Compensation Committee's determination, in connection with its administration of the incentive compensation fund, that the fair market value of our common stock was within the range of \$14.00 to \$16.00 per share represented a fair approximation of the fair market value of our common stock. Based on this opinion, the Compensation Committee set \$15.00 per share, which was the midpoint of the valuation range opined upon in the Harris Williams opinion, as the fair market value of our common stock. The closing sale price of our common stock exceeded that level subsequently during the year. The Compensation Committee then rounded the resulting incentive compensation amount down to the nearest million dollars (\$8 million) and allocated it between Messrs. Marcum and Gabbard based on the same factors that the Compensation Committee uses in determining bonuses, as described above under Compensation Discussion and Analysis Components of Executive Compensation.

Messrs. Marcum and Gabbard entered into consulting agreements with us, under which they have agreed to provide their consulting services to us, as requested, for up to 25 hours per month, cumulative up to 50 hours in one month, for a total gross consulting fee of \$8,000 per month for Mr. Marcum and \$7,500 for Mr. Gabbard. The consulting period is three years for Mr. Marcum and two years for Mr. Gabbard.

In the event that there is a change in control of our company, as such term is defined in Section 409A of the Code, then any severance payments, installments of incentive compensation or consulting fees that were then unpaid will become due and payable in full on the later of the initial payment date or the date of such change in control.

In the event we, for any reason, fail to make any payment due to Mr. Marcum or Mr. Gabbard under the separation agreements within 10 business days of the date it is due, including, without limitation, amounts to be paid out of the escrow account, then the rate of interest on such payment will increase to 18% per annum commencing on the due date of that installment and continuing at such rate until actual payment of such installment, and we will also pay a late fee in the amount of 5% of that installment.

Daniel J. Packard. On April 30, 2007, the employment of Daniel J. Packard, who had served as the President and Chief Executive Officer of WaterSecure, terminated. We had not entered into an employment agreement with Mr. Packard. On May 21, 2007, in connection with his termination of employment, Mr. Packard entered into a termination agreement and release with us that sets forth the terms and conditions of the termination of his employment, including but not limited to his severance arrangements. Under that termination agreement, we paid Mr. Packard severance payments totaling \$72,000. We also entered into a consulting agreement with Mr. Packard, pursuant to which he agreed to provide his consulting services to us for a period of nine months, as requested, for a consulting fee of \$5,333 per month.

Employment Agreements

Sidney Hinton. On August 15, 2007, we entered into an employment and non-competition with Sidney Hinton, which replaced and superseded Mr. Hinton's previous employment agreement, dated as of November 1, 2005, with our PowerSecure subsidiary. The employment agreement sets forth the terms and conditions of Mr. Hinton's employment as our President and Chief Executive Officer, offices to which he was elected on April 16, 2007, and as the President and Chief Executive Officer of our PowerSecure subsidiary, offices which he has held since our PowerSecure subsidiary's incorporation in 2000. The employment agreement was approved by our board of directors upon the recommendation of the Compensation Committee.

The key terms of Mr. Hinton's employment agreement are as follows:

The term of Mr. Hinton's employment with us will continue until August 15, 2012, with automatic additional one-year renewal periods when the term expires, unless either we or Mr. Hinton gives 30 days prior written notice of termination.

Table of Contents

Mr. Hinton's base salary was increased to \$485,000 per year, subject to annual upward adjustments at the discretion of the board (through the Compensation Committee).

Mr. Hinton continues to be entitled to an annual bonus equal to 7% of our PowerSecure subsidiary's cash flow from operations, as he was under his previous employment agreement with our PowerSecure subsidiary, provided that our PowerSecure subsidiary achieves at least 50% of its forecasted cash flow, based on its budget used by us in publicly issuing our guidance for 2007 on August 8, 2007.

Mr. Hinton was granted 600,000 shares of restricted stock, pursuant to a restricted stock agreement, that vest as follows:

A total of 300,000 shares vest in their entirety on August 15, 2012, five years after the grant date, provided Mr. Hinton remains employed with us on such date.

The other 300,000 shares vest in five equal annual installments after the end of fiscal 2007 and the subsequent four fiscal years, based on us achieving a performance target each year relating to our income from continuing operations, excluding restructuring charges related to our management transition and corporate reorganization in 2007. A total of 60,000 of these restricted shares vested in March 2008 because the fiscal 2007 performance goal was achieved.

We purchased a \$5 million term life insurance policy for the sole benefit of Mr. Hinton's beneficiaries.

Mr. Hinton is entitled to receive a company vehicle, one country club membership and all other standard employee benefits consistent with other executive officers and commensurate with his positions.

Mr. Hinton is entitled to receive certain payments and benefits upon the termination of his employment under different circumstances, including but not limited to a change in control, as discussed below under Potential Payments Upon Termination or Change in Control.

Mr. Hinton is prohibited from competing with our business for a period of three years after the termination of his employment by us without cause or by Mr. Hinton for good reason, and for a period of one year after the termination of his employment by Mr. Hinton without good reason. The employment agreement also contains certain restrictions on Mr. Hinton's use of confidential information and use of inventions and other intellectual property.

After retirement, assuming Mr. Hinton's employment with us continues through August 15, 2012, Mr. Hinton will receive monthly annuity payments equal to \$2,000 per year of service to us from 2000 through the date of termination, capped at \$20,000 per month, beginning at age 58, provided Mr. Hinton may begin taking reduced annuity payments, beginning at age 53, at a 5% per year discount. We purchased an annuity policy from a third party to satisfy these obligations.

Christopher T. Hutter. On December 10, 2007, we entered into an employment and non-competition agreement with Christopher T. Hutter, who on that date joined our company and was appointed as our Vice President and Chief Financial Officer. Mr. Hutter's employment agreement sets forth the terms and conditions of Mr. Hutter's employment with us. The employment agreement was approved by the board of directors upon the recommendation of the Compensation Committee.

The key terms of Mr. Hutter's employment agreement are as follows:

The term of Hutter's employment with us will continue until December 10, 2012, with automatic additional one-year renewal periods when the term expires, unless either we or Mr. Hutter gives 90 days prior written notice of termination.

Mr. Hutter's base salary was initially set at \$275,000 per year, subject to annual upward adjustments at the discretion of the board (through the Compensation Committee).

Table of Contents

Mr. Hutter will be eligible to receive a bonus in a target amount of 35% of his base salary, as from time to time in effect, for excellent service, based upon the achievement of such performance goals as shall be established annually by the Compensation Committee based in part upon the recommendation of our Chief Executive Officer.

Mr. Hutter was granted 25,000 shares of restricted stock, pursuant to a restricted stock agreement, that vest as follows:

2,500 restricted shares vested on the date of grant.

An additional 12,500 restricted shares will cliff vest in their entirety on December 10, 2012, five years after the grant date, provided Mr. Hutter remains employed with us on such date.

The remaining 10,000 shares vest in four equal annual installments, after the end of fiscal 2008 and the subsequent three fiscal years, based on our achieving a performance target each year relating to our income from continuing operations, which are the same targets set for restricted shares that were granted to Hinton in August 2007.

Mr. Hutter is entitled to receive a company vehicle, reimbursement of relocation costs and other standard employee benefits consistent with other executive officers and commensurate with his positions.

Mr. Hutter is entitled to receive certain payments and benefits upon the termination of his employment under different circumstances, including but not limited to a change in control, as discussed below under Potential Payments Upon Termination or Change in Control.

Mr. Hutter is prohibited from competing with our business for a period of two years after the termination of his employment, if he receives a full severance package, or for a period of one year otherwise. Mr. Hutter's employment agreement also contains certain restrictions on Mr. Hutter's use of confidential information and use of inventions and other intellectual property.

Gary J. Zuiderveen. In April 2007, we entered into an employment and non-competition agreement with Gary J. Zuiderveen, who was then our Vice President, interim Chief Financial Officer, Principal Accounting Officer and Controller. That employment agreement provided for a two year employment term and established Mr. Zuiderveen's base salary and severance arrangements at that time.

On December 10, 2007, in connection with the transition of the Chief Financial Officer position to Mr. Hutter, the board appointed Mr. Zuiderveen to serve as our Vice President of Financial Reporting, Controller, Principal Accounting Officer, Assistant Treasurer and Secretary. In connection with that appointment, the board of directors, upon recommendation of the Compensation Committee, adopted amendments to Mr. Zuiderveen's employment agreement. The key terms of Mr. Zuiderveen's employment agreement, as so amended, are as follows:

The term of Mr. Zuiderveen's employment with us will continue until December 10, 2012, with automatic additional one-year renewal periods when the term expires, unless either we or Mr. Zuiderveen gives 90 days prior written notice of termination.

Mr. Zuiderveen's base salary was increased to \$195,000 per year, subject to annual upward adjustments at the discretion of the Board (through the Compensation Committee).

Mr. Zuiderveen shall be eligible to receive a bonus in a target amount of 25% of his base salary, as from time to time in effect, for excellent service, based upon the achievement of such performance goals as are established annually by the Compensation Committee of the Board based in part upon the recommendation of our Chief Executive Officer.

Mr. Zuiderveen was granted 20,000 shares of restricted stock, pursuant to a restricted stock agreement, that vest as follows:

2,000 restricted shares vested on the date of grant.

Table of Contents

An additional 10,000 restricted shares will cliff vest in their entirety on December 10, 2012, five years after the grant date, provided Mr. Zuiderveen remains employed with us on such date.

The remaining 8,000 shares vest in four equal annual installments, after the end fiscal 2008 and the subsequent three fiscal years, based on our achieving a performance target each year relating to our income from continuing operations, which are the same targets set for restricted shares granted to Messrs. Hinton and Hutter.

Mr. Zuiderveen is entitled to receive certain payments and benefits upon the termination of his employment under different circumstances, including but not limited to a change in control, as discussed below under Potential Payments Upon Termination or Change in Control.

Mr. Zuiderveen is prohibited from competing with our business for a period of two years after the termination of his employment. Mr. Zuiderveen's employment agreement also contains certain restrictions on Mr. Zuiderveen's use of confidential information and use of inventions and other intellectual property.

John D. Bernard. In April 2007, Southern Flow entered into an amended and restated employment and non-competition agreement with John D. Bernard, the President and Chief Executive Officer of Southern Flow, that extended the term of Mr. Bernard's employment and modified Mr. Bernard's severance arrangement as provided in his previous employment agreement. As amended and restated, Mr. Bernard's employment agreement provides for an employment term through December 31, 2009, and is renewable for additional one-year renewal periods when the term expires, unless either Southern Flow or Mr. Bernard gives 30 days prior written notice of termination. In addition, Mr. Bernard's severance period and the post-employment non-competition period was extended to 18 months.

The base salary under Mr. Bernard's employment agreement, which is subject to annual upward adjustments at the discretion of the board of directors (through the Compensation Committee), was increased to \$190,000. In addition to the base salary, the employment agreement provides, among other things, for Mr. Bernard's participation in Southern Flow bonus plans generally and for standard employee benefits.

Under his amended and restated employment agreement, Mr. Bernard is entitled to receive certain payments and benefits upon the termination of his employment under different circumstances, including but not limited to a change in control, as discussed below under Potential Payments Upon Termination or Change in Control. Mr. Bernard is prohibited from competing with the business of Southern Flow or its affiliates for a period 18 months, matching his severance period. The employment agreement also contains certain restrictions on Mr. Bernard's use of confidential information and use of inventions and other intellectual property.

Potential Payments Upon Termination or Change in Control

The information below discusses the compensation payable to each of the named executive officers employed with us on December 31, 2007, in the event of the termination of such executive's employment under different circumstances, such as involuntary termination without cause, voluntary termination with good reason, involuntary termination with cause, voluntary termination without good reason, termination upon or following a change in control, termination upon the expiration of the employment term without renewal, death and disability. We have entered into employment agreements with all of our named executive officers except Mr. Harley, the former President and Chief Executive Officer of Metrotek Florida, whose employment with us terminated on March 31, 2008 in connection with the sale of the assets and business of Metrotek Florida. These employment agreements provide for certain severance arrangements upon the termination of employment, including following a change in control. Severance arrangements for our named executive officers who have employment agreements generally operate on a double trigger basis, where the severance is payable upon or after a change in control only if the officer's employment terminates within three years thereafter because the employee is terminated by our successor without cause or by employee for any reason (for Messrs. Hinton and Hutter) or for good reason (for Messrs. Zuiderveen and Bernard), as such terms are defined in the officer's respective employment agreements.

Sidney Hinton. Under Mr. Hinton's employment agreement, which is described above under Employment Agreements Sidney Hinton, Mr. Hinton will receive certain compensation upon the termination of his employment,

including upon or after a change in control of us or of our PowerSecure subsidiary.

Table of Contents

In the event of the termination of Mr. Hinton's employment by us without cause or by Mr. Hinton with good reason (as those terms are defined in his employment agreement), then Mr. Hinton would be entitled to the following:

a severance amount equal to three times the sum of (i) his base salary in effect on the date of termination, plus (ii) the greater of (A) the average of the cash flow bonus paid to him for the prior three fiscal years, or (B) the average of the cash flow bonus awarded to him for the prior two fiscal years and the cash flow bonus that would have been awarded to Mr. Hinton for the fiscal year in which his employment terminated if he had remained employed through the end of the fiscal year (which bonus component, in either case, will be no less than one time and no more than two times the base salary amount in (i)), payable over the 36 months after the date of termination;

the vesting of the entire time-based portion of his restricted stock award and of any performance shares that would have been earned assuming the performance goal is met in the year of termination;

the continuation of all life, disability, medical and other insurance plans and benefits in which he and his family participated prior to such termination benefits for a period of three years; and

the vesting of his right to receive monthly annuity payments, commencing at or after age 53 (but only if the termination of employment occurs after August 15, 2012, in the event of termination by him with good reason).

In the event of the termination of Mr. Hinton's employment, either by us or our successor without cause or by Mr. Hinton for any reason, within three years after a change in control of either us or our PowerSecure subsidiary, then Mr. Hinton would be entitled to receive the same compensation as he would receive if his employment is terminated by us without cause, and in addition all unvested restricted shares (regardless of whether vesting is time-based or performance based) and all unvested stock options held by him at the time of termination would automatically vest and become fully exercisable.

In the event of the termination of Mr. Hinton's employment upon his death or by us for cause, then Mr. Hinton would only be entitled to receive the accrued and unpaid portions of his salary and bonus earned through the date of termination, although in the event of Mr. Hinton's death his beneficiaries would receive the benefits of a \$5 million life insurance policy.

In the event of the termination of Mr. Hinton's employment due to his permanent disability, by Mr. Hinton voluntarily without good reason or upon the expiration without renewal of his employment agreement, then Mr. Hinton would be entitled to receive the following:

one-third of the full severance amount (in other words, one times the sum of his last base salary and his average bonus over prior three years), payable over the 12 months following the date of termination;

the vesting of his right to receive monthly annuity payments, commencing at or after age 53, but only if the termination of employment occurs after August 15, 2012; and

in the event of disability, the continuation of all life, disability, medical and other insurance plans and benefits in which he and his family participated prior to such termination benefits for a period of three years.

Christopher T. Hutter. Under Mr. Hutter's employment agreement, which is described above under "Employment Agreements - Christopher T. Hutter," Mr. Hutter will receive certain compensation upon the termination of his employment, including upon or after a change in control.

In the event of the termination of Mr. Hutter's employment by us without cause (as defined in his employment agreement), then Mr. Hutter would be entitled to the following:

a severance amount equal to two times the sum of (i) his highest base salary in effect during his employment term, plus (ii) the greater of (A) the average annual bonus paid to him for the prior three fiscal years, or (B) the average of the annual bonus paid to him for the prior two fiscal years and of the bonus that would have been awarded to him for the fiscal year in which his employment terminated if he had remained

employed

Table of Contents

through the end of the fiscal year (which bonus component, in either case, will be limited to the base salary amount in (i)), payable over the 24 months after the date of termination;

the vesting of the time-based portion of his restricted stock award and of any performance shares that would have been earned assuming the performance goal is met in the year of termination; and

the continuation of all life, disability, medical and other insurance plans and benefits in which he and his family participated prior to such termination benefits for a period of two years.

In the event of the termination of Mr. Hutter's employment, either by us or our successor without cause or by Mr. Hutter for any reason, within three years after a change in control, then Mr. Hutter would be entitled to receive the same compensation as he would receive if his employment is terminated by us without cause, and in addition all unvested restricted shares (regardless of whether vesting is time-based or performance based) and all unvested stock options held by him at the time of termination would automatically vest and become fully exercisable.

In the event of the termination of Mr. Hutter's employment upon his death, by us for cause or by Mr. Hutter voluntarily, then Mr. Hutter would only be entitled to receive the accrued and unpaid portions of his salary and bonus earned through the date of termination, although in the event of Mr. Hutter's death his beneficiaries would receive a prorated portion of any bonus that would have been earned by him during that year (but for his death) based on the bonus criteria for that year established by the board of directors.

In the event of the termination of Mr. Hutter's employment due to his permanent disability or upon the expiration without renewal of his employment agreement, then Mr. Hutter would be entitled to receive the following:

one-half of the full severance amount (in other words, one times the sum of his last base salary and his average bonus over prior three years), payable over the 12 months following the date of termination; and

the continuation of all life, disability, medical and other insurance plans and benefits in which he and his family participated prior to such termination benefits for a period of two years, in the event of disability, or one year, in the event of the expiration of his employment agreement.

Gary J. Zuiderveen. Under Mr. Zuiderveen's employment agreement, which is described above under "Employment Agreements Gary J. Zuiderveen," Mr. Zuiderveen will receive certain compensation upon the termination of his employment, including upon or after a change in control.

In the event of the termination of Mr. Zuiderveen's employment by us without cause (as defined in his employment agreement), then Mr. Zuiderveen would be entitled to the following:

a severance amount equal to two times the sum of (i) base salary in effect upon the termination of his employment, plus (ii) the greater of (A) the average annual bonus paid to him for the prior three fiscal years, or (B) the average of the annual bonus paid to him for the prior two fiscal years and of the bonus that would have been awarded to him for the fiscal year in which his employment terminated if he had remained employed through the end of the fiscal year, payable over the 24 months after the date of termination; and

the vesting of the time-based portion of his restricted stock award and of any performance shares that would have been earned assuming the performance goal is met in the year of termination.

In the event of the termination of Mr. Zuiderveen's employment, either by us or our successor without cause or by Mr. Zuiderveen for good reason, within three years after a change in control, then Mr. Zuiderveen would be entitled to receive the same compensation as he would receive if his employment is terminated by us without cause, and in addition all unvested restricted shares (regardless of whether vesting is time-based or performance based) and all unvested stock options held by him at the time of termination would automatically vest and become fully exercisable.

In the event of the termination of Mr. Zuiderveen's employment upon his death or permanent disability, by us for cause or by Mr. Zuiderveen voluntarily, then Mr. Zuiderveen would only be entitled to receive the accrued and unpaid portions of his salary and bonus earned through the date of termination.

Table of Contents

In the event of the termination of Mr. Zuiderveen's employment upon the expiration without renewal of his employment agreement, then Mr. Zuiderveen would be entitled to receive the severance amount, payable over the 24 months following the date of termination.

John D. Bernard. Under Mr. Bernard's employment agreement, which is described above under "Employment Agreements - John D. Bernard," Mr. Bernard will receive certain compensation upon the termination of his employment, including upon or after a change in control.

In the event of the termination of Mr. Bernard's employment by us without cause (as defined in his employment agreement), then Mr. Bernard would be entitled to a severance amount equal to one and one-half times the sum of (i) his base salary in effect upon termination, plus (ii) the greater of (A) the average annual bonus paid to him for the prior three fiscal years, or (B) the average of the annual bonus paid to him for the prior two fiscal years and of the bonus that would have been awarded to him for the fiscal year in which his employment terminated if he had remained employed through the end of the fiscal year, payable over the 18 months after the date of termination.

In the event of the termination of Mr. Bernard's employment, either by us or our successor without cause or by Mr. Bernard for good reason, within three years after a change in control, then Mr. Bernard would be entitled to receive the same compensation as he would receive if his employment is terminated by us without cause, plus the continuation of all life, disability, medical and other insurance plans and benefits in which he and his family participated prior to such termination benefits for a period of 18 months, plus all unvested stock options held by him at the time of termination would automatically vest and become fully exercisable.

In the event of the termination of Mr. Bernard's employment upon his death or permanent disability, by us for cause, by Mr. Bernard voluntarily or upon the expiration without renewal of his employment agreement, then Mr. Bernard would only be entitled to receive the accrued and unpaid portions of his salary and bonus earned through the date of termination.

Joseph L. Harley, Jr. Mr. Harley was not a party to any employment agreement or change in control agreement with us as of December 31, 2007. While under the terms of our 1998 Plan all unvested stock options held by him would automatically vest and become fully exercisable upon a change in control, all options held by him as of December 31, 2007 were fully vested and exercisable.

Potential Payments Upon Termination of Employment Table. The information below shows the potential amount of compensation that would be payable to each of the named executive officers employed with us on December 31, 2007, in the event of the termination of such executive's employment under the circumstances listed in the table. The amounts of compensation payable upon termination are estimates only and assume that such termination was effective as of December 31, 2007 and that all amounts earned through such time had been fully paid. The actual amounts to be paid out can only be determined at the time of such executive's termination of employment from us.

Equity Compensation Plan Information

We have three equity incentive compensation plans that have been approved by our stockholders under which shares of our common stock have been authorized for issuance to our directors, officers, employees, advisors and consultants:

our 1991 Stock Option Plan;

our Directors' Stock Option Plan; and

our 1998 Stock Incentive Plan.

In addition, during 2006 we issued stock options to newly hired non-executive employees outside of any equity compensation plan that had been approved by our stockholders, which are the only outstanding options granted under plans not approved by our stockholders.

The following table contains information about the shares of our common stock that may be issued upon the exercise of options, warrants and other rights that were outstanding under our existing equity compensation plans as of December 31, 2007:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

DIRECTOR COMPENSATION

We use a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on our board. In setting the compensation for our directors, we consider the significant amount of time that directors spend fulfilling their duties to us, on both a board and committee level, as well as the skill-level required of members of the board. The Compensation Committee periodically reviews the compensation of our directors and, from time to time, recommends to the full board changes to the compensation of our directors.

In 2008, upon recommendation of the Compensation Committee, our board adopted stock ownership guidelines that require each non-employee director to own shares of our common stock with a market value of at least three times the annual retainer paid to each non-employee director, commencing in five years. See Executive Compensation Compensation Discussion and Analysis Stock Ownership Guidelines.

Compensation Arrangements

Directors who are also officers or employees of us or any of our subsidiaries do not receive any additional compensation for serving on the board of directors or its committees. All directors are reimbursed for their out-of-pocket costs of attending meetings of the board and its committees.

During fiscal 2007, directors who were not also officers or employees of us or any of our subsidiaries, which we refer to as non-employee directors, received a monthly retainer of \$3,000 for their service on the board, plus a fee of \$1,500 for each committee meeting attended, provided that only one fee is paid per day regardless of how many committee meetings are attended that day.

In addition, commencing in June 2007 when non-employee director Basil M. Briggs was elected as non-executive Chairman of the Board in connection with our management transition, the board of directors approved, upon the recommendation of the Compensation Committee, paying the non-executive Chairman an annual fee of \$25,000, in addition to the other compensation paid to non-employee directors.

Non-employee directors also receive stock-based awards. During fiscal 2007, non-employee directors received stock options under our 1998 Plan. Upon initial election or appointment to our board, a non-employee director was automatically granted an initial option to purchase 15,000 shares of common stock, and each non-employee director continuing on our board was automatically granted an annual option to purchase 7,500 shares of common stock on the date of each Annual Meeting of Stockholders. All options granted to non-employee directors during fiscal 2007:

are non-qualified stock options;

vest and become exercisable immediately, for initial option grants, and vest and become exercisable in three equal installments, one-third upon grant and one-third on the first and second anniversary of such grant, for annual option grants;

are exercisable at a price equal to the fair market value of the common stock on the date of grant, based on the last sale price of the common stock as reported on the principal stock exchange on which the common stock is listed at the time of the grant; and

have a term of ten years, subject to earlier termination in the event of the non-employee director's death or the termination of service on the board, in which events the options remain exercisable for one year after a non-employee director dies and for that number of years after a non-employee director leaves the board of directors (for any reason other than death or removal for cause) equal to the number of full or partial years that the non-employee director served as a director, but not beyond the original ten year term of the option.

Any other stock options granted to a director may contain different terms at the discretion of the board of directors, except that the exercise price must be equal to or greater than the last sale price of the common stock on the date of grant as reported on the principal stock exchange on which the common stock is listed at the time of the grant.

As of April 15, 2008, options to purchase 226,127 shares of common stock were outstanding to our current non-employee directors, at exercise prices ranging from \$1.50 to \$17.38 per share. See the Director Compensation Table below.

Table of Contents

The Compensation Committee periodically reviews the compensation of our non-employee directors and, from time to time, recommends to the full board changes to the compensation of our directors. During 2008, the Compensation Committee conducted a comprehensive review of non-employee director compensation with input from its independent compensation consultant, Frederic W. Cook & Co. This review included a comparison of non-employee director compensation arrangements of the same peer group utilized in establishing our Chief Executive Officer's compensation. See Executive Compensation Compensation Discussion and Analysis Compensation of Chief Executive Officer. Based upon this review, the Compensation Committee recommended, and the board of directors approved, two changes to the compensation of our non-employee directors. First, the initial and annual equity awards to non-employee directors was changed. Commencing at the Annual Meeting, provided the 2008 Plan is approved by our stockholders, each non-employee director will receive an annual award of shares of restricted stock with an aggregate fair market value, based on the last sale price of our common stock on the date of grant, equal to \$50,000, which award will vest in four equal installments quarterly over the succeeding year. In addition, each person who is first elected or appointed as a non-employee director after the Annual Meeting will receive an initial award of restricted shares with a fair market value, based on the last sale price of our common stock on the date of grant, equal to \$100,000, which award will vest in three equal installments on the first, second and third anniversary of such grant. Non-employee directors will no longer receive stock option grants. Second, a \$7,500 annual fee will be paid to the chairman of each of the three key committees of the board.

We do not provide any life insurance, disability, health care coverage, retirement or pension plans or other benefits to our non-employee directors.

Director Compensation Table

The following table summarized the total compensation we paid to our non-employee directors for fiscal 2007. We have not granted any awards of restricted stock to our non-employee directors to date.

Director Compensation

Name(1)	Fees Earned or Paid in Cash (\$)	Option Awards \$(2)	All Other Compensation (\$)	Total (\$)
Basil M. Briggs (3)	101,000	56,852		157,852
Kevin P. Collins	93,000	56,852		149,852
Anthony D. Pell	88,500	56,852		145,352
John A. (Andy) Miller	12,000	114,071		126,071

(1) Sidney Hinton, W. Phillip Marcum and A. Bradley Gabbard, who served as directors and executive officers during fiscal 2007, are not included in this table because they were our employees

during fiscal 2007 and received no separate or additional compensation for their services on the board of directors. The compensation received by Messrs. Hinton, Marcum and Gabbard as our employees during fiscal 2007 is shown in the Summary Compensation Table under Executive Compensation.

- (2) On June 11, 2007, Messrs. Briggs, Collins and Pell were each granted an annual award of options to purchase 7,500 shares of common stock, vesting in three equal annual installments commencing on the grant date, and the grant date fair value of this award was \$8.48 per share, as computed in accordance with FAS 123(R). On June 12, 2006, Messrs. Briggs, Collins and Pell

were each granted an annual award of options to purchase 7,500 shares of common stock, vesting in three equal annual installments commencing on the grant date, and the grant date fair value of this award was \$12.90 per share, as computed in accordance with FAS 123(R). On September 12, 2007, upon initial appointment to the board, Mr. Miller was granted an award of options to purchase 15,000 shares of common stock, vesting immediately on the grant date, and the grant date fair value of this award was \$8.01 per share, as computed in accordance with FAS 123(R). The amounts in this column reflect the proportionate amount of the total fair value of these fiscal 2007 and fiscal

2006 stock option awards recognized as compensation expense for financial statement reporting purposes for fiscal 2007, in accordance with FAS 123(R). The grant date fair value of these awards, and the compensation expense for fiscal 2007 associated therewith, were calculated using the assumptions included in note 13, Share-Based Compensation, to our audited consolidated financial statements for fiscal 2007 included in our Annual Report on Form 10-K filed with the SEC on March 14, 2008, excluding the impact of estimated forfeitures related to service-based vesting conditions.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have adopted a formal written policy regarding the review and approval of related person transactions. Under this policy, our Audit Committee, all the members of which are independent directors, must review any material transaction in which we are a participant and any related person has a direct or indirect material interest. The Audit Committee may approve the related person transaction if it determines that the transaction is on terms that are comparable to, or no less favorable to us than, terms that could be obtained from unaffiliated persons, and that the transaction is in or not inconsistent with the best interests of us and our stockholders. For purposes of this policy, related persons include our directors, officers 5% stockholders (and their immediate family members) and any firms, corporations or other entities in which any of these persons is employed or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Jonathan Hinton, who is employed by our PowerSecure subsidiary as a Senior Vice President, is the son of Sidney Hinton, who is our President and Chief Executive Officer. On January 1, 2007, we entered into an employment and non-competition agreement with Jonathan Hinton, which provided for his employment to continue on an at will basis under the following terms: no base salary; a \$150,000 signing bonus; commissions based upon the gross margin of sales of projects, equipment and inventory generated by his primary sales efforts; a company owned or leased vehicle; standard employee benefits; and a two year post-employment non-competition covenant. In accordance with his employment agreement, Jonathan Hinton earned commissions of \$1,233,097 for services rendered during fiscal 2007. In addition, in 2006 Jonathan Hinton was granted options to purchase 25,000 shares of our common stock at an exercise price of \$13.17 per share, the closing sale price of our common stock on the date of grant, which options vest over a five year period, had a grant date fair value of \$249,846 and with respect to which we incurred expense of \$39,560 in fiscal 2007 in accordance with FAS 123(R).

We have entered into indemnification agreements with each of our directors and certain of our executive officers. These agreements require us to indemnify such persons against certain liabilities that may arise against them by reason of their status or service as our officers or directors, to the fullest extent permitted by Delaware law, to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. We maintain insurance policies covering our officers and directors under which the insurer has agreed to pay the amount of any claim made against the officers or directors that such officers or directors may otherwise be required to pay or for which we are required to indemnify such officers and directors, subject to certain exclusions and conditions, up to policy limits.

AUDIT COMMITTEE REPORT

The Audit Committee of the board of directors consists of three members of the board, each of whom is independent under our Standards of Director Independence, the current listing standards of The NASDAQ Stock Market and the applicable rules and regulations of the SEC. The Audit Committee operates under a formal written charter, which was most recently amended and restated by the board of directors on April 15, 2008. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis. A copy of the charter of the Audit Committee is available on the Investor Relations section of our website at www.powersecure.com under Corporate Governance.

Our management is responsible for the preparation, presentation and integrity of our financial statements and for establishing and maintaining the integrity of our accounting and financial reporting processes, including our system of internal control over financial reporting, the audit process and the process for monitoring compliance with laws and regulations and ethical business standards. Our independent registered public accounting firm is res
