**Item 1.01. Entry into a Material Definitive Agreement.**

On February 14, 2006, the Compensation Committee (the Committee) of the Board of Directors (the Board) of Inter-Tel, Incorporated (the Company) approved a 2006 Bonus Plan for the Named Executive Officers (the Plan). The Plan is designed to align compensation of senior management with key financial drivers and establishes the bonus potential and the criteria for the payment of annual bonuses, if any, to the Company's named executive officers. The maximum bonus for each officer is determined primarily as a percentage of base salary. The target bonuses as a percentage of base salary ranged from 70 percent to 100 percent. For each of the officers except for Jeff Ford, the bonus to be earned is dependent entirely on meeting established company wide earnings per share and revenue goals. Mr. Ford's bonus is determined seventy-five percent on meeting the company wide earnings per share and revenue goals and twenty-five percent on meeting divisional targets. The bonuses are earned on a sliding scale, with minimum metrics that must be met to earn any bonus, target metrics that must be met to earn the targeted bonus and maximum metrics that must be achieved to earn the highest potential bonus. The bonus payout increases ratably for achievements between the minimum and maximum metrics. In the event that the target metrics are surpassed, a participant in the Plan may earn an additional bonus payment on a sliding scale up to a maximum of 50% of such participant's target bonus. The specific earnings per share, revenue and divisional targets have not been included in this description in order to maintain the confidentiality of the Company's confidential or commercial business information.
