**The Company**

**Overview**

Kona Grill restaurants offer freshly prepared food, personalized service, and a contemporary ambiance that create an exceptional, yet affordable dining experience that we believe exceeds many traditional casual dining restaurants with whom we compete. Our high-volume upscale casual restaurants feature a diverse selection of mainstream American dishes as well as a variety of appetizers and entrees with an international influence, including an extensive selection of sushi items. Our menu items also incorporate over 40 signature sauces and dressings that we make from scratch, creating broad based appeal for the lifestyle and taste trends of a diverse group of guests, including everyday diners, couples, larger social groups, families, singles, and empty-nesters as well as special occasion customers. Our menu is standardized for all of our restaurants allowing us to deliver consistent, high quality meals.

Our restaurants accommodate approximately 275 guests and are comprised of multiple dining areas that incorporate modern design elements to create an upscale ambiance that reinforces our high standards of food and service. Our main dining area, full-service bar, outdoor patio, and sushi bar provide a choice of atmospheres and a variety of environments designed to appeal and encourage repeat visits with regular guests. We locate our restaurants in high-activity areas such as retail centers, shopping malls, urban power dining locations, lifestyle centers, and entertainment centers that are situated near commercial office space and residential housing to attract guests throughout the day. Our restaurants are designed to satisfy our guests' dining preferences during lunch, dinner, and non-peak periods such as late afternoon and late night.

We believe that our vast array of offerings and generous portions combined with an estimated average check per guest during 2006 of approximately \$22 offers our guests an attractive price-value proposition. This value proposition, coupled with our multiple day-part model and exceptional service, have created an attractive dining experience. Furthermore, our restaurant model provides us with considerable growth opportunities to develop the Kona Grill concept nationwide.

**Our Competitive Strengths**

We believe that the key strengths of our business include the following:

*Innovative Menu Selections with Mainstream Appeal.* We offer a freshly prepared menu that combines a diverse selection of mainstream American selections as well as a variety of appetizers and entrees with an international influence, and award-winning sushi to appeal to a wide range of tastes, preferences, and price points. We prepare our dishes from original recipes with generous portions and creative and appealing presentations that adhere to standards that we believe are much closer to fine dining than typical casual dining.

*Distinctive Upscale Casual Dining Experience.* Our upscale casual dining concept captures some of the best elements of fine dining including a variety of exceptional food, impeccable service, and an extensive wine and drink list, and combines them with more casual qualities, like a broad menu with attractive price points and a choice of environments to fit any dining occasion, enabling us to attract a broad guest demographic. Our innovative menu, personalized service, and contemporary restaurant design blend together to create our upscale casual dining experience.

*Personalized Guest Service.* Our commitment to provide prompt, friendly, and efficient service enhances our food, reinforces our upscale ambiance, and helps distinguish us from other traditional casual dining restaurants.

**Table of Contents**

*Multiple Daypart Model.* Our appetizers, pizzas, entrees, and sushi offerings provide a flexible selection of items that can be ordered individually or shared by our guests, allowing them to dine with us during traditional lunch and dinner meal periods as well as in between customary dining periods such as in the late afternoon and late night.

*Attractive Unit Economics.* During 2006, the average unit volume of our nine restaurants open for at least 12 months was \$4.8 million, or \$678 per square foot. We believe our high average unit volume helps us attract high-quality employees, leverage our fixed costs, and makes us a desirable tenant for landlords. We expect the average cash investment for our new restaurants to be approximately \$2.5 million, net of landlord tenant improvement allowances and excluding preopening expense. Our restaurant cash flow provides us the prospect of strong financial returns on this investment.

**Growth Strategy**

We believe that there are significant opportunities to grow our sales, our concept, and our brand throughout the United States. The following sets forth the key elements of our growth strategy.

*Pursue disciplined new restaurant growth.* We adhere to a disciplined site selection process and intend to continue expanding Kona Grill restaurants in both new and existing markets that meet our demographic, site location, and return on investment criteria. Over the next several years, we plan to open the majority of our restaurants in new markets to continue to build awareness of our concept and to establish Kona Grill as a national upscale casual brand.

*Grow existing restaurant sales.* Our goal for existing restaurants is to improve our unit volumes through ongoing local marketing efforts designed to generate awareness and trial of our concept and increase the frequency of guest visits.

*Leverage depth of existing corporate infrastructure.* As we continue to realize the benefits of our growth, we believe that we will be able to leverage our investments in corporate infrastructure and generate improving financial results as our sales increase.

**November 2007 Private Offering**

During November 2007, we completed a private offering of 650,000 shares of our common stock. We received gross proceeds of approximately \$10.6 million from the offering and plan to use the net proceeds of the private offering to fund new restaurant development and for general corporate purposes. We issued shares of our common stock at a purchase price of \$16.25 per share in the private offering to the selling stockholders listed on page 4 of this prospectus (except for William Blair & Company L.L.C.), all of whom were accredited investors. We are registering for resale all of the 650,000 shares that were sold in the private offering to the selling stockholders, as well as 300,000 shares held by William Blair & Company L.L.C. that were subject to registration rights.

**PLAN OF DISTRIBUTION**

Each selling stockholder and any of their pledgees, assignees, and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market, or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholders may use any one or more of the following methods when selling shares:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. Any profits on the resale of shares of common stock by a broker-dealer acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. Discounts, concessions, commissions, and similar selling expenses, if any, attributable to the sale of shares will be borne by a selling stockholder. The selling stockholders may agree to indemnify any agent, dealer, or broker-dealer that participates in transactions involving sales of the shares if liabilities are imposed on that person under the Securities Act.

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus after we have filed a supplement to this prospectus supplementing or amending the list of selling stockholders to include the pledgee, transferee, or other successors in interest as selling stockholders under this prospectus.

The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees, or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the shares of common stock from time to time under this prospectus after we have filed a supplement to this prospectus supplementing or amending the list of selling stockholders to include the pledgee, transferee, or other successors in interest as selling stockholders under this prospectus.

The selling stockholders and any broker-dealers or agents that are involved in selling the shares of common stock may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares

**Table of Contents**

of common stock purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

We are required to pay all fees and expenses incident to the registration of the shares of common stock. We have agreed to indemnify the selling stockholders against certain losses, claims, damages, and liabilities, including liabilities under the Securities Act.

The selling stockholders have advised us that they have not entered into any agreements, understandings, or arrangements with any underwriters or broker-dealers regarding the sale of their shares of common stock, nor is there an underwriter or coordinating broker acting in connection with a proposed sale of shares of common stock by any selling stockholder. If we are notified by any selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of shares of common stock, if required, we will file a supplement to this prospectus. If the selling stockholders use this prospectus for any sale of the shares of common stock, they will be subject to the prospectus delivery requirements of the Securities Act.

The anti-manipulation rules of Regulation M under the Securities Exchange Act of 1934 may apply to sales of our common stock and activities of the selling stockholders.
