The Plan replaces the Company's 1998 Incentive Stock Option Plan, which expired at the May 21, 2008 annual shareholder meeting. Like the 1998 Plan, the new Plan authorizes the Board of Directors to grant to key employees of the Company and/or its subsidiary or subsidiaries stock options intended to qualify as "incentive stock options" under Section 422 A of the Internal Revenue Code as amended.

Subject to antidilution adjustments, 50,000 shares of the Company's common stock have been reserved for issuance under the Plan. Option grants will be subject to provisions typical for incentive stock options, such as a requirement that the option exercise price be at least equal to the fair market value of the underlying shares on the date of grant. In addition, the Plan requires that the optionee remain in the Company's employ for twelve months after the date of grant before the option becomes exercisable, subject to early vesting in the case of retirement, death or disability. The Plan will be administered by a Committee consisting of the non-employee directors.

No options have yet been issued under the new plan.
