Affiliated companies accounted for by
the equity method: Newly included: 1 Excluded: 7

2. Earning projections for the fiscal year ending March 31, 2004

	(in million yen)	
	Ordinary income	Ordinary profit
For the six months ending September 30, 2003	1,395,000	150,000
For the year ending March 31, 2004	2,880,000	370,000

Projected net income per common share for the year ending March 31, 2004 (yen):
29,165.01

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Formulas for computing ratios for the fiscal year ended March 31, 2003 are as follows.

Net income per common share

Net income attributable to common shareholders

Average number of common stock for the fiscal year *

Net income per common and common equivalent share

Net income attributable to common shareholders + Adjustments in net income

Average number of common stock for the fiscal year * + Common equivalent share

Net income as a percentage of shareholders' equity

Net income attributable to common shareholders

-----x 100
{[Shareholders' equity at the beginning of the fiscal year - Number of preferred stock at the beginning of the fiscal year x Issue price] + [Shareholders' equity at fiscal year end - Number of preferred stock at fiscal year end x Issue price]} / 2

Shareholders' equity per common share

Shareholders' equity at fiscal year end - Deduction from shareholders' equity**

Number of common stock at fiscal year end *

Note: Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.2 "Accounting Standard for Earnings Per Share" issued by the Accounting Standards Board of Japan (the "ASBJ") on September 25, 2002 and Financial Accounting Standards Implementation Guidance No.4 "Implementation Guidance for Accounting Standard for Earnings Per Share" issued by the ASBJ on September 25, 2002.

Formula for computing projected earning ratio for the fiscal year ending March 31, 2004 is as follows.

Projected net income per common share

Projected net income attributable to common shareholders

Number of common stock at fiscal year end *

* excluding treasury stock and parent's common stock owned by subsidiaries

** number of preferred stock at fiscal year end x issue price + total dividends on preferred stock

This financial summary report and the accompanying financial highlights contain forward looking statements and other information relating to the Company (such statements and information are hereafter referred to as the "Forward-Looking Statements"). The Forward-Looking Statements are not historical facts and include, reflect or are otherwise based upon, among other things, the Company's current projections, views, policies, business strategies, targets, expectations, assumptions and evaluations with respect to general economic

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

conditions, the result of its operations, its financial condition, its management in general and other future events.

Some Forward-Looking Statements represent targets that the Company's management will strive to achieve through the successful implementation of the Company's business strategies. Accordingly, they are inherently susceptible to uncertainties, risks and changes in circumstances and are not guarantees of future performance. The Company may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons. Please see "3. Results of Operations and Financial Condition - (1) Results of operations."

In light of the many risks, uncertainties and possible changes, you are advised not to put undue reliance on the Forward-Looking Statements. The Company is under no obligation - and expressly disclaim any obligation - to update or alter the Forward-Looking Statements, except as may be required by any applicable laws and regulations or stock exchange rules.

-3-

1. Information on the Company

The Bank of Tokyo-Mitsubishi, Ltd.

The Mitsubishi Trust a

-4-

2. Management Policy

(1) Principal management policy

The Company's management philosophy set forth below represents the core set of principles that forms the foundation for our strategies and decision-making process.

(Group Management Philosophy)

Founded on the key principles of trust and reliability,
Mitsubishi Tokyo Financial Group
contributes to the prosperity of its customers at home and abroad
and of the communities it serves, and
continuously creates social and economic value,
by providing comprehensive financial services.

(2) Basic policy regarding profit distribution

Given the public nature of a bank holding company, in order to strengthen the Company's corporate constitution and continue sound management, the Company endeavors to maintain stable dividends while maintaining the Company's overall strength.

With respect to the annual dividends to be paid at the end of the period, the Company plans to reduce the dividends per common share by (Yen)2,000 to (Yen)4,000 in order to bolster the Company's capital structure and strengthen the financial condition.

With respect to the preferred stock dividends to be paid for the end of the period, the Company plans on the following: With respect to Class 1 Preferred Stock, a dividend in the amount of (Yen)41,250 (which together with the interim dividend previously paid will total (Yen)82,500 per share for the fiscal year) and with respect to Class 2 Preferred Stock, a dividend in the amount of (Yen)8,100 (which together with the interim dividend previously paid will total (Yen)16,200 per share for the fiscal year).

(3) Basic policy relating to the possible lowering of the minimum investment amount

With regard to the lowering of the minimum investment amount with respect to the Company's stock, we do not believe the Company needs to take action immediately. The Company, however, will continue to consider the possibility of lowering the minimum investment amount to meet investors' needs, taking into account the level of stock price, the number of shareholders, liquidity issues and the transaction costs and potential benefits of such an adjustment.

(4) Management targets/1/

The Company has set the following management targets for the year ended March 31, 2006:

1. ROE

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

The Company is aiming to increase its ROE/2/ with a target of over 13%.

2. BIS

The Company is aiming to manage its assets and capital efficiently with a target BIS ratio of approximately 12%.

1 The assumptions for these targets are that in the year ending March 31, 2006 the Euro-yen rate (3 months): 0.6% (period average); yen-dollar exchange rate: (Yen)120 (at the end of the period); actual GDP growth rate: 1.8%

2 ROE is calculated as follows:

$$\frac{\text{Net income} - \text{Dividends on preferred stock}}{\frac{\{(\text{Shareholders' equity at beginning of period} - \text{Number of preferred stocks at beginning of period} \times \text{Issue price} - \text{Land revaluation excess at beginning of period} - \text{Unrealized gains on securities available for sale at beginning of period} \} + \{ \text{Shareholders' equity at end of period} - \text{Number of preferred stocks at end of period} \times \text{Issue price} - \text{Land revaluation excess at end of period} - \text{Unrealized gains on securities available for sale at end of period} \}}{2}} \times 100$$

3. Consolidated Operating Profit (gyomu juneki) (adjusted to exclude write-down on trust accounts and additions to general reserve for loan losses): (Yen)1,140 billion.

4. Consolidated Net Income: The Company would like to achieve a consolidated net income of (Yen)460 billion.

-5-

(5) Medium term management strategy

Through a further reform of its profit structure, the Company seeks to build swiftly a business structure that can achieve stable growth.

In order to strive to achieve this target, the Company aims to restructure the business model of the entire group by shifting to a more consolidated and integrated management of the group.

In rebuilding the business model, Bank of Tokyo-Mitsubishi, Mitsubishi Trust and Banking and Mitsubishi Securities will seek to reallocate their resources, including personnel and facilities, to further enhance the expertise of each group company, and to create a structure that can provide customers with higher quality and more comprehensive financial services.

1. Retail business: Strengthening strategy and improving efficiency

The Company plans to strengthen operations and raise efficiency in the growing retail business area. By developing strategies and through integrating operations group-wide, the Company aims to achieve rapid and customer-friendly delivery of the best products and services to each customer through efficient channels.

2. Standardizing and integrating operations and systems

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

The Company further develops the standardization and integration of office operations and systems, and pursues reduction of total group costs while maintaining a high level of functionality, quality and dependability.

3. Increasing expertise and operational efficiency

The Company plans to consolidate skills and functions within the group to further increase expertise and raise operational efficiency and productivity.

(6) Issues facing the company

The Japanese economy is in a deflationary state and the business environment could remain unstable. In this environment, the Company is striving to improve its business results by promptly addressing its non-performing loan and shareholdings issues and moving towards an "aggressive" business strategy.

In accordance with the Financial Services Agency's policy of halving the non-performing loan ratio by the end of fiscal 2004, which is highlighted in their "Program for Financial Revival", the Company aims to promote the disposal of non-performing loans and the reduction of shareholdings in order to strengthen its balance sheet. The Company seeks to increase its profitability by increasing loan volume to creditworthy borrowers and improving the risk-adjusted returns on the lending business, by expanding the offerings of fee-generating value-added financial services in business areas such as commercial banking, asset management and investment banking, and by promoting cost efficiency through further streamlining the branch network and personnel structure while maintaining and improving customer convenience.

In order to effectively carry out these business objectives, the Company intends to implement a consolidated, group management structure, while enhancing the relationship and cooperation with its subsidiaries. The Company will also review and modify functions and roles among the Company and its subsidiaries within its consolidated management framework.

(7) Corporate governance principles and status of implementation of corporate governance changes

(Corporate Governance Principles)

The "Group Management Philosophy" is the basic policy for forming management strategies and all activities relating to the business decisions the Company makes. The Company also established the "MTFG Code of Ethics" which is a set of common values and ethical principles to be shared by the employees of the Company. The Company is committed to improving the corporate governance structure through the implementation of the "Group Management Philosophy" and "MTFG Code of Ethics."

-6-

(MTFG Code of Ethics)

.. Establishment of Trust

Fully cognizant of the importance of the Group's social responsibilities and public role, we strive to maintain unwavering trust from society through the sound and proper management of our business activities, based

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

on the principle of accountability.

.. Serving Our Clients First

We recognize that the satisfaction of our clients and their confidence in MTFG form the foundation of the Group's very existence. As such, we endeavor to always provide our clients with the highest quality products and services best suited to their needs.

.. Sound and Transparent Management

We endeavor to manage our affairs in a sound and transparent manner by maintaining appropriate and balanced relationships with all stakeholders, including clients, shareholders and others, while assuring fair, adequate and timely disclosure of corporate information.

.. Strict Observance of Laws, Regulations, and Internal Rules

We are committed to strictly observing relevant laws, regulations, and internal rules and to acting with fairness and integrity in conformity with the common values of society at large. As a diversified global financial services group, we also make continuous efforts to operate in ways that reflect internationally accepted standards.

.. Respect for Human Rights and the Environment

We respect human rights and the environment and seek to co-exist in harmony with society.

.. Disavowal of Anti-Social Elements

We stand firmly against supporting the activities of any group or individual that unlawfully threatens public order and safety.

(Status of Implementation of Corporate Governance Changes)

1. Corporate governance structures for decision making, administration and supervision

The Board of Directors of the Company is comprised of ten directors, two of whom are outside directors. The Board of Directors decides the administration of affairs of the Company and supervises execution of duties of the officers. The Company has a Board of Corporate Auditors pursuant to the Japanese Commercial Code. The Board of Corporate Auditors of the Company is comprised of five corporate auditors, two of whom are from outside the Company. Pursuant to the audit policies and plans adopted by the Board of Corporate Auditors, each corporate auditor oversees the execution of duties by the officers by attending meetings, including the Board of Directors meetings, and by reviewing business performance and financial conditions of the Company.

Corporate Administration Division provides staffing support to all directors and corporate auditors, including the outside directors and outside corporate auditors.

Pursuant to the basic policies adopted by the Board of Directors, the Executive Committee comprised of the Chairman, President and three Senior Managing Directors, deliberates on and decides important management affairs of the Company.

The Company has also set up various committees, including five committees that serve as advisory bodies to the Executive Committee, the Compliance Advisory Committee comprised of external lawyers and accountants and the Advisory Board comprised of outside experts.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- .. Management Planning Committee: The Management Planning Committee

deliberates on and follows up on overall group policies, capital policies and financial planning. The committee convenes on a quarterly basis.
- .. Business Planning Committee: The Business Planning Committee deliberates on

general management affairs and important issues related to business operations of the Company. The committee convenes as needed.
- .. Corporate Risk Management Committee: The Corporate Risk Management Committee

deliberates on important matters relating to risk management of the Company. The committee convenes on a quarterly basis.
- .. Audit & Compliance Committee: The Audit & Compliance Committee deliberates

on important matters relating to internal audits and legal compliance. The committee convenes on a quarterly basis.
- .. Disclosure Committee: The Disclosure Committee deliberates on the accuracy

of disclosure and internal disclosure standards of the Company. The committee convenes at least four times a year.
- .. Compliance Advisory Committee: The Compliance Advisory Committee makes

compliance related proposals and advice to the Board to improve the effectiveness of the Company's compliance activities from an independent standpoint. The committee convenes on a quarterly basis.
- .. Advisory Board: The Advisory Board advises the Executive Committee on

all aspects of management from an independent standpoint. The committee convenes semi-annually.

-7-

The Company's framework of operation and audit and the framework of internal control are as follows:

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Administration Division	Policy Division	Policy Division	Management Division	Compliance Division
----------------------------	--------------------	--------------------	------------------------	------------------------

The Company receives advice from external lawyers and accountants, if needed for execution of duties.

2. Summary of related party transactions between the company and outside corporate auditors and outside directors

The outside directors and outside corporate auditors have no personal ties with other directors and corporate auditors, and do not have related party transactions which are material or that are unusual in their nature or conditions with the Company.

Ryotaro Kaneko, an outside director, also serves as President of Meiji Life Insurance Company, with which the Company has a business relationship. Kunio Ishihara, an outside director, also serves as President of Tokio Marine & Fire Insurance Co., Ltd., with which the Company has a business relationship.

3. Implementation of measures to strengthen the corporate governance structure in the fiscal year ended March 2003

During fiscal year 2002, the Board of Directors met 15 times to decide the administration of affairs, and the Executive Committee met 44 times to deliberate on and decide important management affairs. The Board of Corporate Auditors met 20 times and decided audit policies and plans for the fiscal year. Pursuant to the audit policies and plans, each corporate auditor oversaw the execution of duties by the officers by attending key meetings, including the Board of Directors meetings, and by reviewing the business performance and financial conditions of the Company.

The Management Planning Committee and the Business Planning Committee each met three times during fiscal year 2002, and the Corporate Risk Management Committee and the Audit & Compliance Committee each met quarterly during fiscal year 2002, and all advised the Executive Committee. The Compliance Advisory Committee met quarterly during fiscal year 2002 and advised and made proposals to the Board. The Advisory Board met twice during fiscal year 2002 and advised the Executive Committee. The Disclosure Committee was established in May 2003, and has not met yet.

During fiscal year 2002, the Company took active steps with respect to the disclosure of corporate information, including public disclosure of quarterly financial information starting July, 2002, issuance of "Mini-Disclosure" reports for individual customers and disclosure of corporate information of the Company on its website.

-8-

3. Results of Operations and Financial Condition

- (1) Results of operations

Although the European and United States economy began a recovery trend from the first half of the fiscal year, uncertainty about the future grew afterwards as international tensions heightened. During this period, steady economic growth continued in Asian countries, lead by China, supported by strong domestic demand in addition to strong exports. On the other hand, our economy in Japan showed signs of recovery lead by exports in the first half of the fiscal year but

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

weakened in the latter half due to low levels of capital expenditures and individual consumption. Further, consumer prices continued to fall as deflation continued.

Regarding the financial environment during the fiscal year, the federal fund interest rate was reduced from 1.75% to 1.25% in the United States, and in Europe the interest rate was reduced twice. Furthermore, the Bank of Japan supplied more monetary liquidity and also began purchasing equity securities held by banks in September last year. During this time, short term interest rates remained near zero percent and long term interest rates markedly decreased. Moreover, stock prices were generally low throughout the fiscal year, and the yen appreciated against the U.S. dollar starting out at the beginning of the fiscal year in the (Yen)130 per U.S. dollar range and breaking below (Yen)120 per U.S. dollar by the end of the fiscal year.

The Company's consolidated gross profits were (Yen)1,747.3 billion, an increase of (Yen)35.6 billion over the previous fiscal year. There was a reduction in net interest income as loan volume decreased and a decrease in trust fees that resulted from transferring asset management operations to The Master Trust Bank of Japan, Ltd., which was jointly established by life insurance companies and trust banks, which was more than off set by increases in net fees and commissions and profits from treasury operations.

General and administrative expenses were (Yen)991.2 billion, which appears on its face to be a (Yen)24.3 billion increase over the previous fiscal year but in fact was a result of our newly consolidating Mitsubishi Securities Co., Ltd. as a subsidiary during the fiscal year. If the impact of that transaction is excluded, the Company's general and administrative expenses decreased (Yen)31.4 billion from the previous fiscal year.

Provision for formula allowance for loan losses was (Yen)38.2 billion, remaining similar level to the previous fiscal year. Although the discounted cash flow method of determining reserves for claims under close observation was made mandatory from this fiscal year, since the Company had already implemented the method the Company unaffected by the change.

With respect to credit related costs, losses on loan charge-offs and provision for specific allowance for loan losses decreased (Yen)301.0 billion, and total credit costs including provision for formula allowance for loan losses were (Yen)538.7 billion, fitting within the (Yen)764.2 billion of net business profits before credit related costs. On the other hand, since we maximized the acceleration of loan sales to the Resolution and Collection Corporation (the "RCC") seeking the final disposal of problem loans, and sold approximately (Yen)650 billion of loans on a book value basis, losses on the Company's sales to the RCC amounted to (Yen)75.2 billion. As a result of such aggressive dispositions, our consolidated risk-monitored loans decreased by (Yen)1,477.1 billion, a 37% decrease from the previous fiscal year to (Yen)2,569.4 billion. As a result of the sharp decline in stock prices, net losses on equity securities increased by (Yen)263.1 billion from the previous fiscal year to (Yen)488.0 billion primarily due to write-downs of equity securities of (Yen)348.7 billion. The Company also continued aggressive sales to an exchange-traded fund and as a result, recorded (Yen)219.6 billion of losses on sales of equity securities.

As a result of the above, ordinary loss were (Yen)360.2 billion and net loss, after income tax benefit (including deferred income taxes) of (Yen)181.1 billion, was (Yen)161.4 billion.

-9-

In addition, ordinary loss by business segment is as follows: Banking segment was (Yen)156.3 billion, Trust Banking segment was (Yen)169.3 billion, and Securities segment was (Yen)34.1 billion. By geographic segment, whereas in North America, Europe/Middle East, Asia/Oceania excluding Japan, the Company recorded ordinary profit, in Japan and Latin America, the Company recorded ordinary loss.

During the next fiscal year, the Company believes that there will be little

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

recovery in the economy. Interest rates will continue to be at their low levels and financial demand will continue to be weak. The Company seeks to increase its volume as well as interest spread (under the "Revitalizing the Lending Business Project") and increase income from lending business as well as strive to strengthen the fee income business. The Company believes that its efforts to aggressively dispose of problem loans will continue to reap positive results and credit related costs are declining. As a result of reducing the Company's stock holdings and exposure to stock price fluctuations, the Company believes that it will be able to reduce its losses on equity securities.

Taking into considerations these assumptions, we have the following projections for the year ending March 31, 2004.

Consolidated ordinary income	Consolidated ordinary profit	Consolidated net income
(Yen)2,880,000 million	(Yen)370,000 million	(Yen)190,000 million

(Reference)

1. Projected net income per common share (consolidated)		(Yen)29,
2. Projected net income per common share (non-consolidated)		(Yen)5,
3. Projected dividend per share (non-consolidated)	Common stock	(Yen)4,
	Preferred stock-class 1	(Yen)82,
	Preferred stock-class 2	(Yen)16,

The Company's business and results of operations may be materially affected for a wide range of possible reasons (which may include those material to investors), including:

- .. Deterioration of economic conditions in Japan or elsewhere in the world (especially in Asian and Latin American countries);
- .. Increase of problem loans and credit-related expenses;
- .. Further decline in stock prices in Japan or elsewhere in the world;
- .. Possible negative effects of other companies' efforts to reduce their shareholdings;
- .. Inability to maintain BIS capital ratios above minimum levels;
- .. Increase in competitive pressures;
- .. Decline in the results of operations and financial conditions of the Company's subsidiaries;
- .. Risks relating to trading and investment activities;
- .. Downgrade of the Company's credit ratings and the negative effect on the Company's treasury operations;

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- .. Fluctuations in foreign currency exchange rates;
- .. Changes in interest rates in Japan or elsewhere in the world;
- .. Risks relating to the increase in corporate credibility issues;
- .. Events that obligate the Company to compensate for losses in loan trusts and jointly operated designated money trusts;
- .. Risks accompanying the expansion of the Company's operation and the range of products and services;
- .. Ineffectiveness or failure of the Company's business strategies;
- .. Risks relating to the increase of the Company's pension obligations;
- .. Imposition of bank taxes or introduction of new taxes applicable to banks;
- .. Risks relating to regulatory developments or changes in laws, rules, including accounting rules, governmental policies and economic controls; and
- .. Risks inherent in the Company's holding company structure.

For a detailed discussion of these risks and other risks, please see the Company's public filings.

-10-

(2) Financial condition

Loans and bills discounted decreased (Yen)2,112.4 billion from the previous fiscal year end due to decreased overseas loans reflecting the stronger yen and final disposal of problem loans. Of the total decrease, overseas branches and subsidiaries accounted for (Yen)1,292.6 billion, disposal of problem loans accounted for (Yen)486.9 billion and charge-offs during the fiscal year accounted for (Yen)292.5 billion. As a result of aggressively promoting housing loans with an interest rate of 1%, housing loans increased (Yen)565.1 billion. As a result of acceleration of final disposal of problem loans, the problem loan ratio decreased from 8.1% to 5.3% and the Company is now getting closer to its 4% objective, which, if achieved, would be a reduction by half of the Company's problem loans.

Investment securities, primarily Japanese Government Bonds and foreign bonds, increased as a whole, but domestic equity securities decreased by (Yen)1,907.2 billion from the previous fiscal year end to (Yen)3,231.3 billion as a result of aggressive selling efforts and strict write downs relating to domestic equity securities.

Deferred tax assets increased by (Yen)330.5 billion from the previous fiscal year end, expecting an increase in tax savings in the future due to the adoption of consolidated corporate-tax system.

On the other hand, deposits increased by (Yen)2,716.9 billion from the previous fiscal year end mainly as a result of an increase in domestic individual deposits.

Total shareholders' equity decreased by (Yen)278.0 billion from the previous fiscal year end to (Yen)3,046.4 billion. Although we raised (Yen)223.1 billion through a public offering, total shareholders' equity decreased by (Yen)278.0 billion due to a net loss of (Yen)161.4 billion and a decrease in unrealized gains on securities available for sale of (Yen)307.4 billion.

Cash flows from operating activities recorded an increase of (Yen)4,636.7 billion primarily due to an increase in deposits, but cash flows from investing activities recorded a decrease of (Yen)2,124.8 billion primarily due to the

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

purchases of investment securities. Cash flows from financing activities recorded a decrease of (Yen)186.8 billion primarily due to the redemption of subordinated bonds, which was partially off set by proceeds through public offering. As a result of the above, cash and cash equivalents at end of the fiscal year was (Yen)4,049.5 billion.

As a result of our efforts to bolster our capital and improve the risk-adjusted capital ratio by conducting a public offering of common stock as well as a secondary offering of common stock owned by the Company's subsidiary banks in March 2003, as of March 31, 2003 the Company's Tier I capital was (Yen)3,128.6 billion, an increase of (Yen)75.5 billion from September 30, 2002. Risk-adjusted assets declined by (Yen)2,140.6 billion from September 30, 2002 to (Yen)55,049.6 billion primarily due to removal of problem loans from balance sheet and disposal of stock holdings.

As a result, consolidated risk-adjusted capital ratio (based on the standards of the BIS) at March 31, 2003 was 10.84%, a 0.34% increase from September 30, 2002. The trend of consolidated risk-adjusted capital ratio for the fiscal year ended March 31, 2003 is as follows:

	(in billions of yen except Ma		
	March 31, 2002	September 30, 2002	Ma
Tier I capital	3,181.1	3,053.1	
Tier II capital (*)	3,145.3	2,942.8	
Tier III capital (*)	-	29.8	
Deductions from total qualifying capital	105.9	23.7	
Total qualifying capital	6,220.5	6,002.0	
Risk-adjusted assets	60,335.8	57,190.3	
Consolidated risk-adjusted capital ratio (based on the standards of the BIS)	10.30%	10.49%	

(*) Tier II capital and Tier III capital represent amounts includable as qualifying capital.

Notes to Consolidated Financial Statements

Notes related to the Consolidated Balance Sheet as of March 31, 2003 are as follows:

1. Basis of Presentation

The accompanying Consolidated Balance Sheet of Mitsubishi Tokyo Financial Group, Inc. ("MTFG") and its subsidiaries is compiled as required by the Banking Law and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as compared to the application and disclosure requirements of International Accounting Standards. The Consolidated Balance Sheet is not intended to present the financial position in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan. For the convenience of readers,

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

2. Trading Assets and Liabilities

Transactions for trading purposes (for purposes of seeking to capture gains arising from short-term changes in interest rates, currency exchange rates or market prices of securities and other market-related indices or from gaps among markets) are included in Trading assets and Trading liabilities on a trade date basis.

Trading securities and monetary claims purchased for trading purposes are stated at market value at fiscal year end. Trading-related financial derivatives such as swaps, futures or options are stated at the estimated amounts that would be received or paid for settlement if such transactions were terminated at fiscal year end.

3. Investment Securities

Debt securities being held to maturity are stated at amortized cost computed by the moving-average method (straight-line amortization). Other securities (securities available for sale) whose current value can be estimated are stated at market value at fiscal year end (sale cost is calculated by the moving-average method) and other non-marketable securities are stated at cost or amortized cost computed by the moving-average method. Unrealized gains and losses on securities available for sale are included in shareholders' equity, net of income taxes.

4. Securities in Money Held in Trust

Securities included in Money held in trust are stated at the same method as described in notes 2. and 3.

5. Derivatives

Derivatives for purposes other than trading are stated at market value.

6. Premises and Equipment

Depreciation for buildings and equipment of MTFG and its domestic banking subsidiary and trust banking subsidiary is computed using the declining-balance method.

Principal estimated useful lives are as follows:

Buildings	15 years to 50 years
Equipment and furniture	5 years to 20 years

Depreciation for buildings and equipment of other consolidated subsidiaries is computed principally using the straight-line method based on the estimated useful lives.

-16-

7. Software

Costs of computer software developed or obtained for internal use are deferred and amortized using the straight-line method over the estimated useful lives of 5 years.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

8. Discounts of Debentures and Bonds, and Issuance Costs of Bonds and Stock

Discounts of debentures and bonds are deferred and amortized using the straight-line method over the lives of the debentures and bonds. Issuance costs of bonds and stock are charged to expenses when incurred.

9. Translation of Foreign Currency Items

Foreign currency assets and liabilities and overseas branches' accounts of MTFG's domestic banking subsidiary and trust banking subsidiary are principally translated into yen equivalents at the exchange rates prevailing at fiscal year end, except equity securities of affiliated companies which are translated into yen equivalents at the exchange rates prevailing at the acquisition date for those securities.

In the previous fiscal year, MTFG's domestic consolidated subsidiaries had adopted the Industry Audit Committee Report No.20, "Temporary Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in the Banking Industry", issued by the Japanese Institute of Certified Public Accountants (the "JICPA") on November 14, 2000. Since the current fiscal year, however, MTFG's domestic consolidated subsidiaries have adopted the Industry Audit Committee Report No.25, "Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in the Banking Industry", issued by the JICPA on July 29, 2002.

In the current fiscal year, as MTFG's domestic consolidated subsidiaries have adopted the transitional applications described in the Industry Audit Committee Report No.25, "fund swap transactions", "currency swap transactions" and "treatment of internal contract method and intercompany transactions" are accounted for in the same method as before. The translation difference of forward exchange transactions and other relevant transactions are presented with the net balance of the related asset or liability.

For fund swap transactions of MTFG's domestic consolidated subsidiaries, the amounts on the balance sheet are net yen-conversions of the principal equivalents of assets and liabilities using the fiscal-year-end exchange rate. Differences between spot and forward rates in fund swap transactions are recorded in interest income or expense on an accrual basis for the period from the settlement date of spot foreign exchange to the settlement date of forward foreign exchange. Therefore, accrued interest income or expenses are recognized at fiscal year end.

Fund swap transactions are foreign exchange swaps, and consist of spot foreign exchange either bought or sold and forward foreign exchange either sold or bought. Such transactions are contracted for the purpose of funds lending or borrowing in a different currency. Fund swap transactions are used to convert the principal equivalent amount into spot foreign exchange bought or sold with regard to the corresponding funds borrowing or lending. Also, such transactions convert the corresponding principal equivalents and foreign currency equivalents to pay and receive, whose amounts and due dates are predetermined at the time of the transactions, into forward foreign exchange either bought or sold.

For currency swap transactions which are for the purpose of funds borrowing/lending in different currencies and for which spot/forward are flat type, which means that paying or receiving amounts at the time of the currency swap contract are equal to receiving or paying amounts at the currency swap maturity dates and the swap rate applied to principal and interest is the current market rate (including the currency swap transactions which are that the principal amount of one counterparty is revised in order to reflect each exchange rate at interest payment dates and are judged as spot/forward flat type for each interest payment date), the amounts on the balance sheet are net

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

positions of financial asset and liability equivalents translated by using the fiscal-year-end exchange rate. The equivalent amounts of interest to exchange are recorded in interest income or expense on an accrual basis for the corresponding contract period. Therefore, accrued interest income or expenses are recognized at fiscal year end.

Foreign currency assets and liabilities of other consolidated subsidiaries are principally translated into yen equivalents at the exchange rates prevailing at fiscal year end of each company.

-17-

10. Allowance for Loan Losses

An allowance for loan losses of MTFG's primary domestic consolidated subsidiaries is provided as detailed below, pursuant to the internal rules for self-assessment of asset quality and the internal rules for providing allowances for credit losses:

For claims to debtors who are legally bankrupt (due to bankruptcy, special liquidation, suspension of transactions with banks by the rules of clearing houses, etc.) or virtually bankrupt, an allowance is provided based on the amount of claims, after the charge-off as stated below, net of amounts expected to be collected through the disposal of collateral or execution of guarantees.

For claims to debtors who are likely to become bankrupt for which future cash flows could not be reasonably estimated, an allowance is provided for the amount considered to be necessary based on an overall solvency assessment performed for the amount of claims, net of amounts expected to be collected through the disposal of collateral or execution of guarantees.

For claims to debtors who are likely to become bankrupt and to be closely watched for which future cash flows could be reasonably estimated, an allowance is provided for the difference between the present value of expected future cash flows discounted at the contracted interest rate and the carrying value of the claim.

For other claims, an allowance is provided based on historical loan loss experience.

The allowance for loans to specific foreign borrowers is provided based on the amount of expected losses due to the political and economic situation of their respective countries.

All claims are assessed by the branches and credit supervision divisions based on the internal rules for self-assessment of asset quality. The credit examination divisions, which are independent from branches and credit supervision divisions, subsequently conduct audits of their assessments, and an allowance is provided based on audit results.

For collateralized or guaranteed claims to debtors who are legally bankrupt or virtually bankrupt, the amount of claims exceeding the estimated value of collateral or guarantees, which is deemed uncollectible, has been charged-off and the amount was (Yen)711,669 million.

An allowance for loan losses of other consolidated subsidiaries is provided based on historical loan losses experience or estimated collectibility of specific claims.

11. Allowance for Losses on Investment Securities

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

An allowance for losses on investment securities is provided based on the estimated losses on non-marketable debt securities.

12. Reserve for Employees' Bonuses

A reserve for employees' bonuses is provided for the payment of employees' bonuses based on estimated amounts of the future payments attributed to the current fiscal year.

13. Reserve for Employees' Retirement Benefits

A reserve for employees' retirement benefits is provided for the payment of employees' retirement benefits based on estimated amounts of the actuarial retirement benefit obligation and the related pension assets. Prior service cost is amortized using the straight-line method over 10 years. Net actuarial gain (loss) is amortized using the straight-line method over 10 years commencing from the next fiscal year of incurrence. The unrecognized net retirement benefit obligation at the adoption of new accounting standard is being amortized using the straight-line method over 5 years.

-18-

14. Equipment Used under Finance Lease Agreements

Equipment used under finance lease agreements is accounted for as equipment leased under operating leases, except for those leases which transfer ownership of leased equipment to the lessee, in which case the equipment is capitalized.

15. Method of Hedge Accounting

The method of hedge accounting is a "Macro Hedge" in which MTFG's domestic banking subsidiary and trust banking subsidiary manage interest rate risks as a whole arising from various financial assets and liabilities with derivatives transactions in conformity with the transitional applications described in the Industry Audit Committee Report No.24, "Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in the Banking Industry", issued by the JICPA on February 13, 2002. They apply risk adjustment approaches based on the Industry Audit Committee Report No.15, "Temporary Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in the Banking Industry", issued by the JICPA on February 15, 2000. The effectiveness of the macro hedge is reviewed for a reduction in interest rate risk exposure and for the actual risk amount of derivatives within the permitted risk amount under their risk control policies.

They also apply deferral hedge accounting to the exchange risk of equity securities of affiliated companies in foreign currency and fair value hedge accounting to the exchange risk of securities available for sale in foreign currency (other than bonds) as "portfolio hedges" defined under "Accounting Standard for Financial Instruments" when the hedged foreign currency securities are specified prior to the inception of the transaction and spot and forward liabilities exist on a foreign currency basis that exceed acquisition costs of the foreign currency securities designated as hedged items.

Other consolidated subsidiaries apply deferral hedge accounting, fair value hedge accounting or exceptional treatments permitted for interest rate swaps for certain assets and liabilities.

16. Consumption Taxes

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

The National Consumption Tax and the Local Consumption Tax are excluded from transaction amounts. The portion of the National Consumption Tax and the Local Consumption Tax, which were paid on the purchase of premises and equipment and which are not deductible as a tax credit, are charged to expenses when incurred.

17. Reserve for Expenses Related to EXPO 2005 Japan

A reserve for expenses related to EXPO 2005 Japan is provided for the expenses related to the participation in the EXPO 2005 Japan to be held in Aichi Prefecture in 2005. The reserve is provided pursuant to Article 287-2 of the Commercial Code and includes the allowance provided pursuant to Article 68-52 of the Special Taxation Measures Law.

18. Reserves under Special Laws

Pursuant to Article 82 of the Financial Futures Transactions Law, a reserve for contingent liabilities from brokering of financial futures transactions of (Yen)58 million was provided.

Pursuant to Article 51 of the Securities and Exchange Law, a reserve for contingent liabilities from brokering of securities transactions of (Yen)741 million was provided.

19. Consolidated Corporate-tax System

Since the current fiscal year, MTFG and certain domestic consolidated subsidiaries have adopted consolidated corporate-tax system, with MTFG being a parent company under the system.

20. Due from Directors of MTFG

Due from directors of MTFG was (Yen)86 million.

-19-

21. Accumulated Depreciation

Accumulated depreciation on premises and equipment was (Yen)639,823 million.

22. Accumulated Deferred Gains on Sales of Real Estate

Accumulated deferred gains on sales of real estate of (Yen)59,433 million were deducted from the acquisition cost of newly acquired premises and equipment.

23. Leased Equipment

A portion of equipment, including computer equipment, used under lease agreements is not reflected on the Consolidated Balance Sheet.

24. Nonaccrual Loans

Loans to customers in bankruptcy and past due loans are included in Loans and bills discounted, and the amounts were (Yen)96,530 million and (Yen)1,208,106 million, respectively. The amount of past due loans included loans of (Yen)22,634 million entrusted through the managed trust method to the Resolution and Collection Corporation, which facilitates the removal of problem loans from balance sheet.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Loans are generally placed on nonaccrual status when substantial doubt is judged to exist as to ultimate collectibility of either principal or interest if they are past due for a certain period or for other reasons. Loans to customers in bankruptcy represent nonaccrual loans, after the partial charge-off of claims deemed uncollectible, to debtors who are legally bankrupt, which are defined in Article 96, Paragraph 1, Subparagraph 3 and 4 of Enforcement Ordinance for the Corporation Tax Law. Past due loans are nonaccrual loans other than loans to customers in bankruptcy and loans for which interest payments are deferred in order to assist the financial recovery of debtors in financial difficulties.

25. Accruing Loans Contractually Past Due 3 Months or More

Accruing loans contractually past due 3 months or more are included in Loans and bills discounted, and the amount was (Yen)20,399 million. Loans classified as loans to customers in bankruptcy or past due loans are excluded.

26. Restructured Loans

Restructured loans are included in Loans and bills discounted, and the amount was (Yen)1,244,431 million. Such restructured loans are loans on which concessions (e.g., reduction of the stated interest rate, deferral of interest payment, extension of maturity date, reduction of the face amount or maturity amount of the debt or accrued interest) have been granted to debtors in financial difficulties to assist them in their financial recovery and eventually to be able to repay to creditors. Loans classified as loans to customers in bankruptcy, past due loans or accruing loans contractually past due 3 months or more are excluded.

27. Nonaccrual Loans, Accruing Loans Contractually Past Due 3 Months or More and Restructured Loans

Total amount of nonaccrual loans, accruing loans contractually past due 3 months or more and restructured loans was (Yen)2,569,468 million. The amount of past due loans included loans of (Yen)22,634 million entrusted through the managed trust method to the Resolution and Collection Corporation, which facilitates the removal of problem loans from balance sheet.

The amounts reflected in notes 24. to 27. represent the gross receivable amounts prior to reduction for the allowance for loan losses.

28. Bills Discounted

Bills discounted are accounted for as secured lending transactions in conformity with the Industry Audit Committee Report No.24. Bills accepted by other banks, commercial bills, bills of exchange, and foreign bills bought discounted by MTFG's domestic banking subsidiary and trust banking subsidiary are permitted to be sold or pledged and the total face value was (Yen)839,582 million.

-20-

29. Assets Pledged

Assets pledged as collateral were as follows:

Cash and due from banks	(Yen)3,443 million
Trading assets	(Yen)138,398 million
Investment securities	(Yen)1,512,280 million
Loans and bills discounted	(Yen)1,565,131 million

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Premises and equipment (Yen)5,391 million

Liabilities related to the pledged assets were as follows:

Deposits	(Yen)192,829 million
Call money and bills sold	(Yen)1,449,700 million
Borrowed money	(Yen)277,403 million
Other liabilities	(Yen)60 million
Acceptances and guarantees	(Yen)3,611 million

In addition, Cash and due from banks of (Yen)217,213 million, Trading assets of (Yen)2,982 million, Investment securities of (Yen)2,596,994 million, Loans and bills discounted of (Yen)225,072 million and Other assets of (Yen)50,129 million were pledged as collateral for settlement of exchange or derivatives transactions or as valuation margin.

Trading assets of (Yen)1,998,660 million and Investment securities of (Yen)3,771,579 million were sold under repurchase agreements or lent under secured lending transactions, and Payables under repurchase agreements of (Yen)2,731,579 million and Payables under securities lending transactions of (Yen)2,307,636 million were corresponding.

Bills rediscounted are accounted for secured borrowing transactions in conformity with the Industry Audit Committee Report No.24. The total face value of bills accepted by other banks, commercial bills, and bills of exchange rediscounted by MTFG's domestic banking subsidiary and trust banking subsidiary was (Yen)22,841 million.

30. Land Revaluation Excess

Pursuant to the Law concerning Revaluation of Land, promulgated on March 31,1998 and revised on March 31,2001, land used for business operations of domestic subsidiaries has been revalued as of the following dates. Land revaluation excess is included in Shareholders' equity, net of income taxes. The land revaluation excess includes MTFG's ownership percentage of affiliated companies' land revaluation excess.

Date of the revaluation:	
Domestic banking subsidiary	March 31, 1998
Domestic trust banking subsidiary	March 31, 2002
Other domestic subsidiaries	December 31, 2001

The method of the revaluation as set forth in Article 3, Paragraph 3 of the Law:

Pursuant to Article 2, Subparagraph 4 of the Enforcement Ordinance for the Law concerning Revaluation of Land, the land price for the revaluation is determined based on the method established and published by the Director General of National Tax Agency in order to calculate the land value for a basis of determining the taxable amount subject to land value tax prescribed by Article 16 of the Land Value Tax Law, reflecting appropriate adjustments for land shape and timing of the assessment and based on real estate appraisal information defined by Article 5 of the Law.

Difference between total revalued carrying amount and total fair value of lands revalued pursuant to Article 10 of the law at fiscal year end was (Yen)127,191 million.

Land used for business operations of a certain affiliated company has been revalued as of March 31, 2002.

31. Subordinated Borrowings

Subordinated borrowings of (Yen)770,607 million were included in Borrowed money.

32. Subordinated Bonds

Subordinated bonds of (Yen)1,552,437 million were included in Bonds and notes.

33. Guaranteed Trusts

Principal amounts of Jointly operated designated money trusts and Loan trusts of MTFG's trust banking subsidiary, for which repayment of the principal to the customers is guaranteed, were (Yen)850,217 million and (Yen)1,560,989 million, respectively.

34. Net Assets per Common Share

Net assets per common share were (Yen)417,951.31.

35. Write Down of Investment Securities

Marketable securities other than trading securities are written down when a decline in the market value below the cost of the securities is substantial and the valuation differences are recognized as losses, based upon the judgment that the decline in market value is other than temporary at fiscal year end. A "substantial decline in the market value" is recognized based on the classification of issuers as follows, pursuant to the internal rules for self-assessment of asset quality:

Issuers who are legally bankrupt, virtually bankrupt or likely to become bankrupt: Market value is lower than cost

Issuers who are to be closely watched: Market value is 30% or more lower than cost

Other issuers: Market value is 50% or more lower than cost

36. Market Value of Securities

Market value and valuation differences of securities were as follows. Securities below include trading securities, trading commercial paper and trading short-term corporate bonds classified as Trading assets, negotiable certificates of deposits classified as Cash and due from banks and investments in commodity investment trusts classified as Commercial paper and other debt purchased. The same definition is applied in notes 37. to 39.

Trading securities	
Balance sheet amount	(Yen)4,829,854 million

Valuation differences, net of (Yen)20,937 million of related deferred tax assets, were (Yen) (221,697) million. Net valuation differences, excluding minority interest of (Yen)2,200 million and adding MTFG's ownership percentage of affiliates' unrealized gains on securities available for sale of (Yen)465 million, were (Yen) (223,432) million and were included in Unrealized gains (losses) on securities available for sale.

37. Securities Available for Sale Sold

Securities available for sale sold during the fiscal year were as follows:

Proceeds from sales	Gains	(in millions) Losses
(Yen)27,610,331	(Yen)252,510	(Yen)280,803

38. Securities Not Stated at Market Value

The balance sheet amounts of principal securities not stated at market value were as follows:

Balance sheet amount

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Debt Securities being held to maturity	
Foreign bonds	(Yen)22,193 million
Securities available for sale	
Domestic equity securities	(Yen)121,170 million
Domestic corporate bonds	(Yen)310,530 million
Foreign bonds	(Yen)43,877 million

-23-

39. Redemption Schedule of Bonds

Redemption schedule of bonds classified as securities available for sale and being held to maturity was as follows:

	Due within 1 year	Due after 1 year through 5 years	Due after 5 years through 10 years	Due af 10 ye
	(in millions)			
Domestic bonds	3,186,171	6,736,050	2,568,077	290,6

Municipal bonds	63,063	378,861	125,528	
Corporate bonds	337,970	1,168,511	113,314	1,2
Other bonds	836,527	4,948,255	1,169,706	1,230,5
Foreign bonds	508,719	4,726,113	1,101,419	738,5
Other	327,808	222,141	68,287	492,0
Total	4,022,698	11,684,306	3,737,783	1,521,2

40. Money Held in Trust

Classification of Money held in trust was as follows:

Money held in trust for trading purposes	
Balance sheet amount	(Yen)309,800 million
Valuation losses included in Loss before income taxes and others	(Yen)(9,024) million
Other Money held in trust	

			(in millions)	
Cost	Balance sheet amount	Valuation differences	Gains	Losses
(Yen)105,757	(Yen)105,757	-	-	-

41. Securities Lent/Borrowed

Unsecured securities lent for which borrowers have rights of sale or pledge were included in Investment securities and the amount was (Yen)49,850 million. Securities lent for which borrowers have rights of pledge but no rights of sale were included in Investment securities and the amount were (Yen)43 million.

With respect to borrowed securities and purchased securities under resale agreements that are permitted to be sold or pledged, (Yen)2,857,893 million were pledged, (Yen)733,461 million were lent and (Yen)3,210,568 million were held at hand at this fiscal year end.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

42. Loan Commitments

Contracts of overdraft facilities and loan commitment limits are contracts under which customers are lent to up to the prescribed limits in response to the customers' application for a loan as long as there is no violation of any condition in the contracts. The unused amount within the limits relating to these contracts was (Yen)29,033,916 million.

Since many of these commitments expire without being drawn, the unused amount does not necessarily represent a future cash requirement. Most of these contracts have conditions that allow MTFG and its consolidated subsidiaries to refuse the customers' application for a loan or decrease the contract limits with proper reasons (e.g., changes in financial situation, deterioration in customers' creditworthiness, etc.). At the inception of contracts, MTFG and its consolidated subsidiaries obtain real estate, securities, etc. as collateral if considered to be necessary. Subsequently, MTFG and its consolidated subsidiaries perform periodic reviews of the customers' business results based on internal rules, and take necessary measures to reconsider conditions in contracts and/or require additional collateral and guarantees.

-24-

43. Employees' Retirement Benefits

The funded status and amounts recognized in the Consolidated Balance Sheet were as follows:

(in millions of yen)

Projected benefit obligation	(1,206,507)
Fair value of plan assets	781,429

Projected benefit obligation in excess of plan assets	(425,078)
Unrecognized net obligation at transition	36,323
Unrecognized net actuarial loss	492,658
Unrecognized prior service cost	(50,179)

Net amount recognized in the Consolidated Balance Sheet	53,723
Prepaid pension costs	90,700
Reserve for employees' retirement benefits	(36,976)

44. Reduction of Legal Capital Surplus

Pursuant to Article 289, Paragraph 2 of the Commercial Code of Japan and Article 18, Paragraph 2 of the Banking Law, MTFG reduced Legal capital surplus and transferred to Other capital surplus during the current fiscal year. There is no effect to total Capital surplus attributable to the reduction.

45. External Standards Taxation on Banks

With the implementation of the "Metropolitan ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Tokyo" (Tokyo Metropolitan Ordinance No.145, 2000) (the "metropolitan ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit.

On October 18, 2000, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Tokyo District Court against the Tokyo metropolitan government and the Governor of Tokyo seeking to void the

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

metropolitan ordinance. MTFG's domestic banking subsidiary and trust banking subsidiary won the case eventually entirely on March 26, 2002 with a decision of the Tokyo District Court in favor of MTFG's domestic banking subsidiary and trust banking subsidiary, on the grounds that the metropolitan ordinance was illegal. The District Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)11,741 million and also awarded to MTFG's domestic banking subsidiary and trust banking subsidiary damages of (Yen)300 million. On March 29, 2002, the metropolitan government lodged an appeal with the Tokyo High Court against the decision, and on April 9, 2002, the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary, also lodged an appeal. MTFG's domestic banking subsidiary and trust banking subsidiary won the second-trial case eventually on January 30, 2003 with a decision of the Tokyo High Court in the Bank's favor, on the grounds that the metropolitan ordinance was illegal. The High Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)30,409 million. On February 10, 2003, the metropolitan government lodged a final appeal with the Supreme Court against the decision, and on February 13, 2003 the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary also lodged a final appeal.

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the metropolitan ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the courts and the matter is still in litigation. The fact that during this fiscal year MTFG's domestic banking subsidiary and trust banking subsidiary have applied the same treatment as in the previous fiscal year, accounting for enterprise taxes through external standards taxation on banks in Tokyo in accordance with the metropolitan ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to continue with the same accounting treatment as before. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the metropolitan ordinance. With the implementation of the municipal ordinance, enterprise taxes relating to banks in Tokyo were recorded in Other ordinary expenses in the amount of (Yen)19,593 million this fiscal year. As a result, there was a respective increase in Ordinary loss of the same amount as compared with the previous standards under which enterprise taxes were levied on income. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Deferred tax assets of (Yen)102,488 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits. There were also a decrease in Deferred tax liabilities on land revaluation excess of (Yen)11,386 million, an increase in Land revaluation excess by the same amount and a decrease in Unrealized gains (losses) on securities available for sale of (Yen)12,994 million, respectively.

-25-

With the implementation of the "Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.131, 2000) ("the municipal ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit.

On April 4, 2002, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Osaka District Court against the Osaka municipal government and the Governor of Osaka seeking to void the municipal ordinance. With the implementation of the "Revision of Municipal Ordinance

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.77, 2002) ("the revised municipal ordinance 2002") on May 30, 2002, and the implementation of the "Revision of Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.14, 2003) ("the revised municipal ordinance 2003") on April 1, 2003, the special treatment regarding the tax basis is to be applicable from the fiscal year beginning on April 1, 2003. The enterprise taxes which the banks should pay to Osaka municipal government this fiscal year are subject to the supplementary provision 2 of the revised municipal ordinance 2003, which provides the banks shall pay the enterprise taxes based on the lesser of gross business profit or income. MTFG's domestic banking subsidiary and trust banking subsidiary, therefore, filed and paid the enterprise taxes based on income. The fact that MTFG's domestic banking subsidiary and trust banking subsidiary filed and paid the enterprise taxes according to the revised municipal ordinance does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the revised municipal ordinance 2002 and 2003 as well as the municipal ordinance. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Deferred tax assets of (Yen)17,240 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits. There were also a decrease in Deferred tax liabilities on land revaluation excess of (Yen)1,919 million, an increase in Land revaluation excess by the same amount and a decrease in Unrealized gains (losses) on securities available for sale of (Yen)2,172 million, respectively.

46. Tax Basis of Enterprise Taxes

With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, the tax basis of enterprise taxes, which was stipulated as "income and liquidation income" by the 12th paragraph of Article 72 of the Local Tax Law before the revision, is to be a combination of "amount of added value", "amount of capital" and "income and liquidation income" from the fiscal year beginning on April 1, 2004. The enterprise taxes that have tax bases of the "amount of added value" and the "amount of capital" are not pertinent to the enterprise taxes that have tax bases of income-related amounts. The "Revision of the Local Tax Law" also stipulates that the metropolitan ordinance and the municipal ordinance are to be abolished from the fiscal year beginning on April 1, 2004.

In connection with the "Revision of the Local Tax Law", the effective statutory tax rates of MTFG, domestic banking subsidiary and trust banking subsidiary used in the calculations of deferred tax assets and liabilities from the fiscal year beginning on April 1, 2004 changed from 42.05% to 40.49%, from 37.98% to 40.46% and from 38.50% to 40.49%, respectively. As a result, there were an increase in Deferred tax assets of (Yen)65,874 million, a decrease in Deferred tax liabilities of (Yen)23 million and a decrease in Income taxes-deferred of (Yen)56,623 million, respectively. There were also an increase in Deferred tax assets on land revaluation loss of (Yen)78 million, an increase in Deferred tax liabilities on land revaluation excess of (Yen)7,733 million, a decrease in Land revaluation excess of (Yen)7,657 million and an increase in Unrealized gains (losses) on securities available for sale of (Yen)9,266 million, respectively.

-26-

47. Adoption of Financial Accounting Standard No.1

Since the current fiscal year, MTFG has adopted Financial Accounting

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Standard No.1 "Accounting Standard for Treasury Stock and Reversal of Legal Reserves" issued by the Accounting Standards Board of Japan on February 21, 2002. As a result, Ordinary loss decreased by (Yen)21,444 million.

48. Change of Presentation

With the revision of the form prescribed by Ministerial Ordinance of the Banking Law, the presentations are changed as follows:

- (1) Receivables under securities borrowing transactions, included in Other assets in the previous fiscal year, are reported separately in the current fiscal year. Payables under securities lending transactions, included in Other liabilities in the previous fiscal year, are reported separately in the current fiscal year.
- (2) Paper-less commercial papers, issued pursuant to the "Law Concerning Transfers of Corporate Bonds" (Legislation No. 75, 2001) are reported separately as Short-term corporate bonds. Commercial papers issued as promissory notes are reported as Commercial paper.
- (3) Convertible bonds, reported separately in the previous fiscal year, are included in Bonds with warrants in the current fiscal year.

-27-

Notes related to the Consolidated Statement of Operations for the year ended March 31, 2003 are as follows:

1. Basis of Presentation

The accompanying Consolidated Statement of Operations is compiled as required by the Banking Law and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as compared to application and disclosure requirements of International Accounting Standards. The Consolidated Statement of Operations is not intended to present the results of operations in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

2. Net Loss per Common Share

Net loss per common share was (Yen)30,238.63.

3. Trading Profits and Losses

Profits and losses on trading transactions are shown as Trading profits or Trading losses on a trade date basis.

The amounts of the above profits and losses presented are the sum of (1) the difference between the valuation gains or losses at the beginning and end of the current fiscal year in the case of securities and monetary claims purchased, and the difference between the amount of unrealized gains or losses at the beginning and end of current fiscal year in the case of trading-related financial derivatives, and (2) interest received or paid in cash during the fiscal year.

4. Other Ordinary Income

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Other ordinary income included gains on sales of equity securities of (Yen)80,344 million and gains on sales of loans and other claims of (Yen)28,584 million.

5. Other Ordinary Expenses - Other

Other ordinary expenses - Other included losses on write down of equity securities of (Yen)348,719 million, losses on sales of equity securities of (Yen)219,654 million, losses on loan charge-offs of (Yen)211,059 million, and losses on sales of loans and other claims of (Yen)173,755 million.

6. Other Special Gains

Other special gains were gains on reversal of reserve for losses on real estate-collateralized loans sold.

7. Other Special Losses

Other special losses were valuation losses on premises and equipment.

8. Change of Presentation

With the revision of the form prescribed by Ministerial Ordinance of the Banking Law, the presentations are changed as follows:

- (1) Interest on receivables under securities borrowing transactions, included in Other interest income in the previous fiscal year, are reported separately in the current fiscal year. Interest on payables under securities lending transactions, included in Other interest expenses in the previous fiscal year, are reported separately in the current fiscal year.
- (2) Interest on paper-less commercial papers, issued pursuant to the "Law Concerning Transfers of Corporate Bonds" (Legislation No. 75, 2001) is reported separately as Interest on short-term corporate bonds. Interest on commercial papers issued as promissory notes is reported as Interest on commercial paper.
- (3) Interest on convertible bonds, reported separately in the previous fiscal year, is included in interest on bonds with warrants in the current fiscal year.

-28-

Note related to the Consolidated Statement of Capital Surplus and Retained Earnings for the year ended March 31, 2003 is as follows:

1. Basis of Presentation

The accompanying Consolidated Statement of Capital Surplus and Retained Earnings is compiled as required by the Banking Law and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as compared to application and disclosure requirements of International Accounting Standards. The Consolidated Statement of Capital Surplus and Retained Earnings is not intended to present the results of operations in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

down to the nearest million.

-29-

Notes related to the Consolidated Statement of Cash Flows for the year ended March 31, 2003 are as follows:

1. Basis of Presentation

The accompanying Consolidated Statement of Cash Flows is compiled as required by the Banking Law and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as compared to application and disclosure requirements of International Accounting Standards. The Consolidated Statement of Cash Flows is not intended to present the results of operations in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

2. Definition of Cash and Cash Equivalents

For the purpose of reporting cash flows, cash and cash equivalents are defined as those amounts included in Cash and due from banks excluding time deposits and negotiable certificates of deposits in other banks.

3. Reconciliation to the Cash and Cash Equivalents

The reconciliation of the Cash and due from banks in the Consolidated Balance Sheet to the Cash and cash equivalents at end of fiscal year is as follows:

	(in millions)
Cash and due from banks	(Yen) 8,235,754
Time deposits and negotiable certificates of deposit in other banks	(4,186,224)

Cash and cash equivalents at end of fiscal year	(Yen) 4,049,530 =====

-30-

Mitsubishi Tokyo Financial Group, Inc., and Subsidiaries

Critical Policies in Preparation of Consolidated Financial Statements

1. Scope of Consolidation

(1) Number of consolidated subsidiaries: 184

Significant companies

The Bank of Tokyo-Mitsubishi, Ltd. The Mitsubishi Trust and Banking Corporation

(2) Number of non-consolidated subsidiaries: 3

Non-consolidated subsidiaries are excluded from the scope of consolidation since their assets, ordinary income, and our ownership percentage of their net income or retained earnings do not have a material impact on our results of operations or financial condition.

2. Application of the Equity Method

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- (1) Number of affiliated companies accounted for by the equity method: 31
Significant companies
Diamond Lease Co., Ltd. The Master Trust Bank of Japan, Ltd.
Diamond Computer Service Co., Ltd. MTBC Bank Deutschland GmbH
BOT Lease Co., Ltd.
KOKUSAI Securities Co., Ltd., formerly an affiliated company accounted for by the equity method, had been excluded from the scope of the equity method due to its merger with Tokyo-Mitsubishi Securities Co., Ltd.
Tokyo-Mitsubishi Personal Securities Co., Ltd. and Issei Securities Co., Ltd. and became a consolidated subsidiary named Mitsubishi Securities Co., Ltd.
- (2) Number of non-consolidated subsidiaries and affiliated companies not accounted for by the equity method: 3
Non-consolidated subsidiaries and affiliated companies not accounted for by the equity method are excluded from the scope of the equity method since our ownership percentage of their net income or retained earnings do not have a material impact on our consolidated financial statements.
- (3) Although we own 29.3% of voting rights for Sanwa Tatemono Co., Ltd., we do not regard it as an affiliated company since we do not have the ability to exercise significant influence over the company due to its commencement of corporate rehabilitation proceedings pursuant to the Corporate Rehabilitation Law in June 1994.

3. Fiscal Year of Consolidated Subsidiaries

- (1) Fiscal year ends of consolidated subsidiaries are as follows:
- | | | | | | |
|-------------|---|------------------|-------------|---|-----------------|
| October 31 | : | 2 subsidiaries | February 28 | : | 1 subsidiary |
| December 31 | : | 110 subsidiaries | March 31 | : | 71 subsidiaries |
- (2) Due to the change in fiscal year ends for 5 consolidated subsidiaries (Eiraku Jitsugyo Co., Ltd., Diamond Properties Management Co., Ltd., Mitsubishi TB Information System Co., Ltd., Mitsubishi TB Business Co., Ltd. and Ryoshin Data Co., Ltd.), we consolidated 15 months financial statements for the subsidiaries from January 2002 to March 2003. The treatment does not have a material impact on our consolidated financial statements, considering their assets, ordinary income, and our ownership percentage of their net income or retained earnings.
- (3) Subsidiaries whose fiscal year ends are October 31 are consolidated based on their financial statements ended on January 31. Other subsidiaries are consolidated based on financial statements for their respective fiscal year ends. Significant transactions occurred during the intervening periods are reflected in the consolidated financial statements.

4. Valuation of Assets and Liabilities of Consolidated Subsidiaries

All assets and liabilities of consolidated subsidiaries are measured at fair value when they are included in the scope of consolidation.

5. Amortization of Goodwill

Goodwill is charged to expenses when incurred.

6. Appropriation of Capital Surplus and Retained Earnings

Consolidated Statements of Capital Surplus and Retained Earnings is prepared based on capital surplus and retained earnings appropriated during the fiscal year of consolidated financial statements.

-31-

Mitsubishi Tokyo Financial Group, Inc. and Consolidated Subsidiaries

Segment Information

1. Business segment information

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

(For the year ended March 31, 2003)

	Banking	Trust Banking	Securities	Other	To
Ordinary income	2,009,207	586,449	97,789	181,959	2,8

Capital expenditures	68,183	25,116	15,752	1,807	1

Notes:

1. Amounts are rounded down to the nearest million yen.
2. Other primarily includes credit card and leasing businesses.
3. With the implementation of the "Metropolitan ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Tokyo" (Tokyo Metropolitan Ordinance No.145, 2000) ("the metropolitan ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit.

On October 18, 2000, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Tokyo District Court against the Tokyo metropolitan government and the Governor of Tokyo seeking to void the metropolitan ordinance. MTFG's domestic banking subsidiary and trust banking subsidiary won the case eventually entirely on March 26, 2002 with a decision of the Tokyo District Court in favor of MTFG's domestic banking subsidiary and trust banking subsidiary, on the grounds that the metropolitan ordinance was illegal. The District Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)11,741 million and also awarded to MTFG's domestic banking subsidiary and trust banking subsidiary damages of (Yen)300 million. On March 29, 2002, the metropolitan government lodged an appeal with the Tokyo High Court against the decision, and on April 9, 2002, the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary, also lodged an appeal. MTFG's domestic banking subsidiary and trust banking subsidiary won the second-trial case eventually on January 30, 2003 with a decision of the Tokyo High Court in the Bank's favor, on the grounds that the metropolitan ordinance was illegal. The High Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)30,409 million. On February 10, 2003, the metropolitan government lodged a final appeal with the Supreme Court against the decision, and on February 13, 2003 the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary also lodged a final appeal.

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the metropolitan ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

have asserted this opinion in the courts and the matter is still in litigation. The fact that during this fiscal year MTFG's domestic banking subsidiary and trust banking subsidiary have applied the same treatment as in the previous fiscal year, accounting for enterprise taxes through external standards taxation on banks in Tokyo in accordance with the metropolitan ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to continue with the same accounting treatment as before. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the metropolitan ordinance. With the implementation of the municipal ordinance, enterprise taxes relating to banks in Tokyo were recorded in Other ordinary expenses in the amount of (Yen)19,593 million this fiscal year. As a result, there was a respective increase in Ordinary loss by the same amount as compared with the previous standards under which enterprise taxes were levied on income, and its effect in the Banking segment and the Trust Banking segment was (Yen)14,960 million and (Yen)4,633 million, respectively. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Assets of (Yen)102,488 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits, and its effect in the Banking segment and the Trust Banking segment was (Yen)99,307 million and (Yen)3,180 million, respectively. With the implementation of the "Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.131, 2000) ("the municipal ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit. On April 4, 2002, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Osaka District Court against the Osaka municipal government and the Governor of Osaka seeking to void the municipal ordinance. With the implementation of the "Revision of Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.77, 2002) ("the revised municipal ordinance 2002") on May 30, 2002, and the implementation of the "Revision of Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.14, 2003) ("the revised municipal ordinance 2003") on April 1, 2003, the special treatment regarding the tax basis is to be applicable from the fiscal year beginning on April 1, 2003. The enterprise taxes which the banks should pay to Osaka municipal government this fiscal year are subject to the supplementary provision 2 of the revised municipal ordinance 2003, which provides the banks shall pay the enterprise taxes based on the lesser of gross business profit or income. MTFG's domestic banking subsidiary and trust banking subsidiary, therefore, filed and paid the enterprise taxes based on income. The fact that MTFG's domestic banking subsidiary and trust banking subsidiary filed and paid the enterprise taxes according to the revised municipal ordinance does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the revised municipal ordinance 2002 and 2003 as well as the municipal ordinance. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Assets of (Yen)17,240 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits, and its effect in the Banking segment and the Trust Banking segment was (Yen)16,722 million and (Yen)517 million.

4. With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, the tax basis of enterprise taxes, which was stipulated as "income and liquidation income" by the 12th paragraph of Article 72 of the Local Tax Law before the revision, is to be a combination of "amount of added value", "amount of capital" and "income and liquidation income" from the fiscal year beginning on April 1, 2004. The enterprise taxes that have tax bases of the "amount of added value" and the "amount of capital" are not pertinent to the enterprise taxes that have tax bases of income-related amounts. The "Revision of the Local Tax Law" also stipulates that the metropolitan ordinance and the municipal ordinance are to be abolished from the fiscal year beginning on April 1, 2004.
- In connection with the "Revision of the Local Tax Law", the effective statutory tax rates of MTFG, domestic banking subsidiary and trust banking subsidiary used in the calculations of deferred tax assets and liabilities from the fiscal year beginning on April 1, 2004 changed from 42.05% to 40.49%, from 37.98% to 40.46% and from 38.50% to 40.49%, respectively. As a result, there were an increase in Assets of (Yen)65,953 million and its effect in the Banking segment, Trust Banking segment, Securities segment and Other segment was an increase of (Yen)56,480 million, an increase of (Yen)9,491 million, a decrease of (Yen)18 million and a decrease of (Yen)0 million, respectively.
5. Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.1 "Accounting Standard for Treasury Stock and Reversal of Legal Reserves" issued by the Accounting Standards Board of Japan on February 21, 2002. As a result, Ordinary loss decreased by (Yen)21,444 million, and its effect in the Banking segment and the Trust Banking segment was an increase of (Yen)15,445 million and a decrease of (Yen)36,889 million, respectively.
6. "Securities" segment is reported separately which had been included in "Other" segment in the previous fiscal year. Business segment information for the previous fiscal year whose Securities segment is reported separately is as follows:

(For the year ended March 31, 2002)

	Banking	Trust Banking	Securities	Other	To
Ordinary income	2,448,700	674,172	83,937	221,361	3,
Ordinary income from customers	2,406,894	647,836	74,151	133,465	3,

Capital expenditures	97,611	26,290	6,245	130,146

Notes:

1. Amounts are rounded down to the nearest million yen.
2. Other primarily includes securities and credit card businesses.
3. With the implementation of the "Metropolitan ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Tokyo" (Tokyo Metropolitan Ordinance No.145, April 1, 2000) ("the metropolitan ordinance"), enterprise taxes which were hitherto levied on income are now levied on "gross business profit".

On October 18, 2000, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Tokyo District Court against the Tokyo metropolitan government and the Governor of Tokyo seeking to void the metropolitan ordinance. MTFG's domestic banking subsidiary and trust banking subsidiary won the case eventually entirely on March 26, 2002 with a decision of the Tokyo District Court in favor of MTFG's domestic banking subsidiary and trust banking subsidiary, on the grounds that the metropolitan ordinance was illegal. The District Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)11,741 million and also awarded to MTFG's domestic banking subsidiary and trust banking subsidiary damages of (Yen)300 million. On March 29, 2002 the metropolitan government lodged an appeal with the Tokyo High Court against the decision.

-33-

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the metropolitan ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the courts and the matter is still in litigation. The fact that during this term MTFG's domestic banking subsidiary and trust banking subsidiary have applied the same treatment as in the previous term, accounting for enterprise taxes through external standards taxation on banks in Tokyo in accordance with the metropolitan ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to continue with the same accounting treatment as before. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

of the legality of the metropolitan ordinance. With the implementation of the metropolitan ordinance, enterprise taxes relating to banks in Tokyo were recorded in Other ordinary expenses in the amounts of (Yen)18,637 million. As a result, there was an increase in Ordinary loss by the same amount as compared with the previous standards under which enterprise taxes were levied on income, and its effect in the Banking segment and the Trust Banking segment was (Yen)14,642 million and (Yen)3,994 million, respectively. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects there was a decrease in Assets of (Yen)89,359 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits, and its effect in the Banking segment and the Trust Banking segment was (Yen)69,534 million and (Yen)19,824 million, respectively. With the implementation of the "Municipal ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.131, June 9, 2000) ("the municipal ordinance"), enterprise taxes which were hitherto levied on income are now levied on "gross business profit".

On April 4, 2002, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Osaka District Court against the Osaka municipal government and the Governor of Osaka seeking to void the municipal ordinance.

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the municipal ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the Osaka District Court and the matter is still in litigation. The fact that during this term MTFG's domestic banking subsidiary and trust banking subsidiary have applied the treatment accounting for enterprise taxes through external standards taxation on banks in Osaka in accordance with the municipal ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to apply the same accounting treatment to Osaka as to Tokyo.

This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the municipal ordinance. With the implementation of the municipal ordinance, enterprise taxes relating to banks in Osaka were recorded in Other ordinary expenses in the amounts of (Yen)3,087 million. As a result, there was a increase in Ordinary loss by the same amount as compared with the previous standards under which enterprise taxes were levied on income, and its effect in the Banking segment and the Trust Banking segment was (Yen)2,438 million and (Yen)649 million, respectively. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects there was a decrease in Assets of (Yen)14,947 million as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits, and its effect in the Banking segment and the Trust Banking segment was (Yen)11,724 million and (Yen)3,222 million, respectively.

Notes:

1. Amounts are rounded down to the nearest million yen.
2. North America includes United States and Canada. Latin America primarily includes the Caribbean, Panama and Brazil. Europe/Middle East primarily includes United Kingdom, Germany and Netherlands. Asia/Oceania excluding Japan primarily includes Hong Kong, Singapore and China.
3. With the implementation of the "Metropolitan ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Tokyo" (Tokyo Metropolitan Ordinance No.145, 2000) ("the metropolitan ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit.
On October 18, 2000, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Tokyo District Court against the Tokyo metropolitan government and the Governor of Tokyo seeking to void the metropolitan ordinance. MTFG's domestic banking subsidiary and trust banking subsidiary won the case eventually entirely on March 26, 2002 with a decision of the Tokyo District Court in favor of MTFG's domestic banking subsidiary and trust banking subsidiary, on the grounds that the metropolitan ordinance was illegal. The District Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)11,741 million and also awarded to MTFG's domestic banking subsidiary and trust banking subsidiary damages of (Yen)300 million. On March 29, 2002, the metropolitan government lodged an appeal with the Tokyo High Court against the decision, and on April 9, 2002, the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary, also lodged an appeal. MTFG's domestic banking subsidiary and trust banking subsidiary won the second-trial case eventually on January 30, 2003 with a decision of the Tokyo High Court in the Bank's favor, on the grounds that the metropolitan ordinance was illegal. The High Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)30,409 million. On February 10, 2003, the metropolitan government lodged a final appeal with the Supreme Court against the decision, and on February 13, 2003 the plaintiff banks at the first trial, including MTFG's domestic banking subsidiary and trust banking subsidiary also lodged a final appeal.

-34-

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the metropolitan ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the courts and the matter is still in litigation. The fact that during this fiscal year MTFG's domestic banking subsidiary and trust banking subsidiary have applied the same treatment as in the previous fiscal year, accounting for enterprise taxes through external standards taxation on banks in Tokyo in accordance with the metropolitan ordinance, is because MTFG's domestic banking subsidiary and

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

trust banking subsidiary have deemed it appropriate at this stage to continue with the same accounting treatment as before. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the metropolitan ordinance. With the implementation of the municipal ordinance, enterprise taxes relating to banks in Tokyo were recorded in Other ordinary expenses in the amount of (Yen)19,593 million this fiscal year. As a result, there was a respective increase in Ordinary loss in Japan by the same amount as compared with the previous standards under which enterprise taxes were levied on income. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Assets of (Yen)102,488 million in Japan as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits.

With the implementation of the "Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.131, 2000) ("the municipal ordinance"), enterprise taxes which were hitherto levied on income are now levied on gross business profit.

On April 4, 2002, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Osaka District Court against the Osaka municipal government and the Governor of Osaka seeking to void the municipal ordinance. With the implementation of the "Revision of Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.77, 2002) ("the revised municipal ordinance 2002") on May 30, 2002, and the implementation of the "Revision of Municipal Ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.14, 2003) ("the revised municipal ordinance 2003") on April 1, 2003, the special treatment regarding the tax basis is to be applicable from the fiscal year beginning on April 1, 2003. The enterprise taxes which the banks should pay to Osaka municipal government this fiscal year are subject to the supplementary provision 2 of the revised municipal ordinance 2003, which provides the banks shall pay the enterprise taxes based on the lesser of gross business profit or income. MTFG's domestic banking subsidiary and trust banking subsidiary, therefore, filed and paid the enterprise taxes based on income. The fact that MTFG's domestic banking subsidiary and trust banking subsidiary filed and paid the enterprise taxes according to the revised municipal ordinance does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the revised municipal ordinance 2002 and 2003 as well as the municipal ordinance. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects, there was a decrease in Assets of (Yen)17,240 million in Japan as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits.

4. With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, the tax basis of enterprise taxes, which was stipulated as "income and liquidation income" by the 12th paragraph of Article 72 of the Local Tax Law before the revision, is to be a combination of "amount of added value", "amount of capital" and "income and liquidation income" from the fiscal year beginning on April 1, 2004. The enterprise taxes that have tax bases of the "amount of added value" and the "amount of capital" are not pertinent to the enterprise taxes that have tax bases of income-related amounts. The "Revision of the Local Tax Law" also stipulates that the metropolitan ordinance and the municipal ordinance are to be abolished from the fiscal year beginning on April 1, 2004.

In connection with the "Revision of the Local Tax Law", the effective

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

statutory tax rates of MTFG, domestic banking subsidiary and trust banking subsidiary used in the calculations of deferred tax assets and liabilities from the fiscal year beginning on April 1, 2004 changed from 42.05% to 40.49%, from 37.98% to 40.46% and from 38.50% to 40.49%, respectively. As a result, there was an increase in Assets of (Yen)65,953 million in Japan.

5. Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.1 "Accounting Standard for Treasury Stock and Reversal of Legal Reserves" issued by the Accounting Standards Board of Japan on February 21, 2002. As a result, Ordinary loss in Japan decreased by (Yen)21,444 million.

(For the year ended March 31, 2002)

	Japan	North America	Latin America	Europe/ Mid. East	Asia/Oceania excl. Japan	T
Ordinary income	2,012,226	816,347	112,344	439,060	246,285	3,6
Ordinary income from customers	1,884,734	766,232	53,705	368,466	189,208	3,2

Ordinary profit (loss)	(394,514)	84,240	13,421	(8,130)	37,519	(2
Assets	85,115,503	16,093,151	2,544,614	9,403,348	6,042,131	119,1

-35-

Notes:

1. Amounts are rounded down to the nearest million yen.
2. North America includes United States and Canada. Latin America primarily includes the Caribbean, Panama and Brazil. Europe/Middle East primarily includes United Kingdom, Germany and Netherlands. Asia/Oceania excluding Japan primarily includes Hong Kong, Singapore and China.
3. With the implementation of the "Metropolitan ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Tokyo" (Tokyo Metropolitan Ordinance No.145, April 1, 2000) ("the metropolitan ordinance"), enterprise taxes which were hitherto levied on income are now levied on "gross business profit". On October 18, 2000, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Tokyo District Court against the Tokyo metropolitan government and the Governor of Tokyo seeking to void the metropolitan ordinance. MTFG's domestic banking subsidiary and trust banking subsidiary won the case eventually entirely on March 26, 2002 with a decision of the Tokyo District Court in favor of MTFG's domestic banking subsidiary and trust banking subsidiary, on the grounds that the metropolitan ordinance was illegal. The District Court ordered the metropolitan government to return to MTFG's domestic banking subsidiary and trust banking subsidiary advance tax payments of (Yen)11,741 million and also awarded to MTFG's domestic banking subsidiary and trust banking subsidiary damages of (Yen)300 million. On March 29, 2002 the metropolitan government lodged an appeal

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

with the Tokyo High Court against the decision.

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the metropolitan ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the courts and the matter is still in litigation. The fact that during this term MTFG's domestic banking subsidiary and trust banking subsidiary have applied the same treatment as in the previous term, accounting for enterprise taxes through external standards taxation on banks in Tokyo in accordance with the metropolitan ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to continue with the same accounting treatment as before. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the metropolitan ordinance. With the implementation of the metropolitan ordinance, enterprise taxes relating to banks in Tokyo were recorded in Other ordinary expenses in the amounts of (Yen)18,637 million. As a result, there was an increase in Ordinary loss in Japan by the same amount as compared with the previous standards under which enterprise taxes were levied on income. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects there was a decrease in Assets of (Yen)89,359 million in Japan as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits.

With the implementation of the "Municipal ordinance regarding the imposition of enterprise taxes through external standards taxation on banks in Osaka" (Osaka Municipal Ordinance No.131, June 9, 2000) ("the municipal ordinance"), enterprise taxes which were hitherto levied on income are now levied on "gross business profit".

On April 4, 2002, MTFG's domestic banking subsidiary and trust banking subsidiary filed a lawsuit with the Osaka District Court against the Osaka municipal government and the Governor of Osaka seeking to void the municipal ordinance.

It is the opinion of MTFG's domestic banking subsidiary and trust banking subsidiary that the municipal ordinance is both unconstitutional and illegal. MTFG's domestic banking subsidiary and trust banking subsidiary have asserted this opinion in the Osaka District Court and the matter is still in litigation. The fact that during this term MTFG's domestic banking subsidiary and trust banking subsidiary have applied the treatment accounting for enterprise taxes through external standards taxation on banks in Osaka in accordance with the municipal ordinance, is because MTFG's domestic banking subsidiary and trust banking subsidiary have deemed it appropriate at this stage to apply the same accounting treatment to Osaka as to Tokyo. This accounting treatment does not constitute in any way an admission on the part of MTFG's domestic banking subsidiary and trust banking subsidiary either of the constitutionality or of the legality of the municipal ordinance. With the implementation of the municipal ordinance, enterprise taxes relating to banks in Osaka were recorded in Other ordinary expenses in the amounts of (Yen)3,087 million. As a result, there was a increase in Ordinary loss in Japan by the same amount as compared with the previous standards under which enterprise taxes were levied on income. Since the enterprise taxes in question are not included in the calculations for accounting for tax effects there was a decrease in Assets of (Yen)14,947 million in Japan as compared with the amount that it would have been had the enterprise taxes been levied on income instead of gross profits.

3. Ordinary income from overseas operations

Formulas for computing ratios for the fiscal year ended March 31, 2003 are as follows.

Net income per common share

$$\frac{\text{Net income attributable to common shareholders}}{\text{Average number of common stock for the fiscal year}^*}$$

Net income per common and common equivalent share

$$\frac{\text{Net income attributable to common shareholders} + \text{Adjustments in net income}}{\text{Average number of common stock for the fiscal year}^* + \text{Common equivalent share}}$$

Net income as a percentage of shareholders' equity

$$\frac{\text{Net income attributable to common shareholders}}{\left\{ \frac{\text{[Shareholders' equity at the beginning of the fiscal year} - \text{Number of preferred stock at the beginning of the fiscal year} \times \text{Issue price}] + \text{[Shareholders' equity at fiscal year end} - \text{Number of preferred stock at fiscal year end} \times \text{Issue price}]}{2} \right\}} \times 100$$

Total dividends for the fiscal year as a percentage of net income

$$\frac{\text{Total dividends for the fiscal year on common stock}}{\text{Net income} - \text{Total dividends for the fiscal year on preferred stock}} \times 100$$

Total dividends for the fiscal year as a percentage of shareholders' equity

$$\frac{\text{Total dividends for the fiscal year on common stock}}{\text{Shareholders' equity at fiscal year end} - \text{Number of preferred stock at fiscal year end} \times \text{Issue price}} \times 100$$

Shareholders' equity per common share

$$\frac{\text{Shareholders' equity at fiscal year end} - \text{Deduction from shareholders' equity}^{**}}{\text{Number of common stock at fiscal year end}^*}$$

Note: Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.2 "Accounting Standard for Earnings Per Share" issued by

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

the Accounting Standards Board of Japan (the "ASBJ") on September 25, 2002 and Financial Accounting Standards Implementation Guidance No.4 "Implementation Guidance for Accounting Standard for Earnings Per Share" issued by the ASBJ on September 25, 2002.

Formula for computing projected earning ratio for the fiscal year ending March 31, 2004 is as follows.

Projected net income per common share

Projected net income attributable to common shareholders

Number of common stock at fiscal year end*

* excluding treasury stock

**number of preferred stock at fiscal year end x issue price + total dividends on preferred stock

This financial summary report and the accompanying financial highlights contain forward looking statements and other information relating to the Company (such statements and information are hereafter referred to as the "Forward-Looking Statements"). The Forward-Looking Statements are not historical facts and include, reflect or are otherwise based upon, among other things, the Company's current projections, views, policies, business strategies, targets, expectations, assumptions and evaluations with respect to general economic conditions, the result of its operations, its financial condition, its management in general and other future events.

Some Forward-Looking Statements represent targets that the Company's management will strive to achieve through the successful implementation of the Company's business strategies. Accordingly, they are inherently susceptible to uncertainties, risks and changes in circumstances and are not guarantees of future performance. The Company may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons. Please see "3. Results of Operations and Financial Condition - (1) Results of operations."

In light of the many risks, uncertainties and possible changes, you are advised not to put undue reliance on the Forward-Looking Statements. The Company is under no obligation - and expressly disclaim any obligation - to update or alter the Forward-Looking Statements, except as may be required by any applicable laws and regulations or stock exchange rules.

Notes to Non-Consolidated Financial Statements

The accompanying Non-Consolidated Financial Statements are compiled as required by the Securities and Exchange Law of Japan and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as compared to the application and disclosure requirements of International Accounting Standards. The Non-Consolidated Financial Statements are not intended to present the financial position and results of operation in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

Critical accounting policies

1. **Investments**
Investments in subsidiaries are stated at cost determined by the moving-average method.
2. **Depreciation for fixed assets**
Depreciation for premises and equipment is computed using the declining-balance method based on the following estimated useful lives. The range of estimated useful lives is principally as follows:

Leasehold improvements	3 years to 50 years
Equipment and furniture	3 years to 20 years

Amortization for intangible assets is computed by the straight-line method over estimated useful lives. Costs of computer software developed or obtained for internal use are deferred and amortized using the straight-line method over the estimated useful lives of 5 years.
3. **Deferred charge**
Organization cost is deferred and amortized using the straight-line method over 5 years pursuant to the Commercial Code of Japan. Stock issuance costs are charged to expenses when incurred.
4. **Reserve**
A reserve for employees' bonuses is provided for the payment of employees' bonuses based on estimated amounts of the future payments attributed to the current fiscal year.
5. **Consumption Taxes**
The National Consumption Tax and the Local Consumption Tax are excluded from transaction amounts.
6. **Consolidated Corporate-tax System**
Since the current fiscal year, MTFG has adopted consolidated corporate-tax

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

system.

Change in accounting policies

Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.1 "Accounting Standard for Treasury Stock and Reversal of Legal Reserves" issued by the Accounting Standards Board of Japan (the "ASBJ") on February 21, 2002. There is no effect to profit (loss) during the current fiscal year or total shareholders' equity at fiscal year end attributable to this change.

-50-

Notes related to the Non-Consolidated Balance Sheet are as follows:

1.	Accumulated depreciation on premises and equipment	(Yen)144 million
2.	Aggregated number of shares authorized to be issued	
	Common stock	22,000,000 shares
	Preferred stock	421,400 shares
	Aggregated number of shares issued	
	Common stock	6,232,161.72 shares
	Preferred stock	181,400 shares
3.	Treasury stock	
	Common stock	1,655.46 shares

Notes related to the Non-Consolidated Statement of Income are as follows:

1.	Operating income on transactions with subsidiaries	
	Dividends on investments in subsidiaries	(Yen)22,067 million
	Management fees from subsidiaries	(Yen)5,165 million
2.	Operating expenses on transactions with subsidiaries	(Yen)732 million
3.	Non-operating income on transactions with subsidiaries	
	Interest on securities	(Yen)4,729 million
4.	Non-operating expenses on transactions with subsidiaries	
	Interest on convertible bonds	(Yen)4,729 million
5.	Principal items in general and administrative expenses are as follows:	
	Salaries and employee benefits	(Yen)1,224 million
	Depreciation expenses	(Yen)183 million
	Rental expenses	(Yen)302 million
	Outsourcing expenses	(Yen)528 million

A note related to securities is as follows:

Fair value is not readily determinable for Investments in subsidiaries.

Notes related to income taxes are as follows:

1. The tax effects of significant temporary differences which resulted in deferred tax assets and liabilities are as follows:

Current assets:

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Deferred tax assets:	
Nondeductible expenses as Accrued enterprise taxes	(Yen)75 million
Excess of deductible amount as Reserve for employees' bonuses	(Yen)27 million
Other	(Yen)2 million

Total	(Yen)104 million
Fixed assets:	
Deferred tax assets:	
Other	(Yen)12 million

Total	(Yen)12 million
Total deferred tax assets	(Yen)117 million

-51-

2. A reconciliation between the normal effective statutory tax rate and the actual effective tax rate is as follows:

Normal effective statutory tax rate	42.05%
Reconciliation:	
Dividends and others exempted for income tax purposes	(38.62%)
Unrealized gains (losses) on investments in subsidiaries	(9.26%)
Other	0.21%

Actual effective tax rate	(5.62%)

3. Change in Effective Statutory Tax Rate

With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, the tax basis of enterprise taxes is to be a combination of "amount of added value" and "amount of capital" from the fiscal year beginning on April 1, 2004. The tax bases are not pertinent to the enterprise taxes that have tax bases of income-related amounts.

In connection with the "Revision of the Local Tax Law", the effective statutory tax rate used in the calculations of deferred tax assets and liabilities from the fiscal year beginning on April 1, 2004 decreased from 42.05% to 40.49%. The effect to Deferred tax assets and Deferred income taxes attributable to this change is immaterial.

Per share information:

Shareholders' equity per common share	(Yen)609,704.98
Net income per common share	(Yen)2,610.43
Net income per common and common equivalent share	--

Since the current fiscal year, MTFG has adopted Financial Accounting Standard No.2 "Accounting Standard for Earnings Per Share" issued by the ASBJ on September 25, 2002 and Accounting Standards Implementation Guidance No.4 "Implementation Guidance for Accounting Standard for Earnings Per Share" issued by the ASBJ on September 25, 2002.

If MTFG had adopted the Accounting Standard and the Implementation Guidance set forth above for the previous fiscal year, per share information as of or for the year ended March 31, 2002 are as follows:

Shareholders' equity per common share	(Yen)626,983.46
Net income per common share	(Yen)10,367.98
Net income per common and common equivalent share	--

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

(Notes)

1. Net income per common and common equivalent share is not presented since no potential common stock was included in the computation of net income per common and common equivalent share due to their anti-dilutive effects.

2. Bases for computing Net income per common share:

Net income per common share	(Yen)2,610.43
Net income	(Yen)23,389 million
Net income attributable to common share	(Yen)15,054 million
Total dividends on preferred stock	(Yen)8,335 million
Average number of common shares outstanding for the fiscal year	5,766,886 shares

Common equivalent share not included in the computation of net income per common and common equivalent share due to their anti-dilutive effects.
Preferred stock-class 2
(Number of shares outstanding: 100,000 shares)

1 Consolidated Financial Highlights under Japanese GAAP
for the Fiscal Year Ended March 31, 2003

1. Financial Results

	For the year ended March 31, 2003 (A)
Gross profits	1,747,325
Net interest income	1,058,810
Trust fees	101,442
Credit costs for trust accounts (1)	(8,136)
Net fees and commissions	354,717
Net trading profits	79,907
Net other business income	152,447
Net gains on debt securities	68,260
General and administrative expenses	991,226
Net business profits before credit costs for trust accounts and provision for formula allowance for loan losses	764,235
Provision for formula allowance for loan losses(2)	38,260
Net business profits*	717,838
Net non-recurring losses	(1,078,100)
Credit related costs (3)	(492,380)
Losses on loan charge-offs	(211,059)
Provision for specific allowance for loan losses	(117,747)
Losses on sales of loans to the Resolution and Collection Corporation	(75,263)
Other credit related costs	(88,310)
Net losses on equity securities	(488,030)

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Gains on sales of equity securities	80,344
Losses on sales of equity securities	(219,654)
Losses on write down of equity securities	(348,719)
Equity in loss of affiliates	(3,532)
Other	(94,157)
Ordinary loss	(360,262)
Net special gains (losses)	19,520
Loss before income taxes and others	(340,742)
Income taxes-current	55,919
Income taxes-deferred	(237,065)
Minority interest	1,898
Net loss	(161,495)

Note:

* Net business profits = The 2 Banks' non-consolidated net business profits + Other consolidated entities' gross profits - Other consolidated entities' general and administrative expenses - Other consolidated entities' provision for formula allowance for loan losses - Intercompany transactions

II. Progress in Addressing Key Issues

Medium-Term Business Plan: Highlights of progress made in fiscal 2002

1. Addressing the problem loan issue

Rapid removal from the balance sheet of loans categorized as "Under high risk of bankruptcy" or below

- . Concentrated effort to remove outstanding loans within two years and newly arising problem loans within three years

Rapid reduction of problem loan ratio

- . Aim to reduce the ratio by approximately half by the end of fiscal year 2004 from the level at the end of fiscal year 2001
 - Through aggressive utilization of the Resolution and Collection Corp. (RCC) and other measures, and rapidly removing from the balance sheet loans to customers categorized as "Under high risk of bankruptcy" or below, the total amount of problem loans held by the Group as of March 31, 2003 decreased by 1.65 trillion yen compared to one year earlier. This was achieved in spite of continued high levels of newly arising problem loans.
 - The ratio of problem loans as of March 31, 2003 fell 2.8 percentage points from the year before to 5.34%.

Disclosed Claims under the Financial Reconstruction Law

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

(in billions of yen)

	As of March 31, 2002	As of March 31, 2003	Increase (decrease)
Total	4,269.4	2,615.2	(1,654.2)
Claims to bankrupt and substantially bankrupt debtors	419.0	226.4	(192.6)
Claims under high risk	1,933.5	1,031.3	(902.2)
Claims under close observation	1,916.8	1,357.4	(559.4)
Ratio of problem loans	8.14%	5.34%	(2.80%)

2. Reduction of equity portfolio

As of March 31, 2003, the balance of equity holdings had been reduced to around the level of tier one capital.

From the standpoint of overall risk management, the Group plans to sell a further 750 billion yen of equity holdings during fiscal 2003.

- The Group disposed of approximately 1.28 trillion yen of equity holdings during fiscal 2002, including transfers to exchange-traded funds and sales to the Bank of Japan.

Balance of equity holdings (on MTFG's consolidated balance sheet)

(in billions of yen)

	As of March 31, 2002	As of March 31, 2003	Increase / (decrease)
Securities available for sale - marketable stock	5,027.6	3,124.2	(1,903.4)
Tier 1 Capital	3,181.1	3,128.6	(52.4)

-6-

Mitsubishi Tokyo Financial Group, Inc.

3. Cost cuts

- (1) Personnel cuts

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- Forecast 18,000-18,500 staff* at the end of March 2005

(reduction of 4,000 - 4,500 from March 2001 level)

Number of staff*

	As of March 31, 2001	As of March 31, 2002	As of March 31, 2003	Change fr
MTFG	22,438	21,385	20,603	(1
BTM	16,556	15,720	15,179	(1
MTBC	5,882	5,665	5,424	

*Total of BTM and MTBC full-time, domestic staff (non-consolidated)

(2) Reduction in the number of branch offices

- Plan to reduce number of domestic branches by around 50 by the end of March 2005

(Compared to end of September 2001 level)

Number of offices (Head office and domestic branches, sub-branches and agencies)

	As of Sept. 30, 2001	As of March 31, 2002	As of March 31, 2003	Change fr
MTFG	361	351	335	(26)
BTM	302	296	282	(20)
MTBC	59*	55	53	(6)

*For MTBC, the number of branches as of Oct. 1, 2001 (after merger of the three trust banks)

For reference: Medium-Term Business Plan (2003)

We have revised our assumptions for the outlook for interest rates etc., and made Medium-Term Business Plan (2003) for the fiscal periods from 2003 to 2005 *1. The financial plan for fiscal 2005 is as follows:

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Consolidated		(in billions of yen)		
	Fiscal 2002 Actual	Fiscal 2005 Target	Change	
Net operating profit *2	764.2	1,140	+380	(approx.)
Net Income (loss)	(161.4)	460	+620	(approx.)
ROE *3	(5.9%)	13%+	+19%	(approx.)
BIS Capital Adequacy Ratio (Tier 1 Capital)	10.84% (5.68%)	Around 12% (Around 7%)	+1.2%	(approx.) (+1.3%) (approx.)

(Reference) Non-consolidated aggregates		(in billions of yen)		
	Fiscal 2002 Actual	Fiscal 2005 Target	Change	
Gross Operating profit	1,312.6	1,565	+250	(approx.)
Operating Expenses (Expense ratio)	622.7 (47%)	613 (39%)	(10)	(approx.) (8%)
Net Operating Profit *4	689.9	952	+260	(approx.)
Net Income	(187.4)	385	+570	(approx.)

*1. For fiscal 2005 we assume the following: A three-month euro-yen rate averaging 0.6% over the period, an exchange rate of 120 yen / dollar as of March 31, 2006, and growth in Japanese GDP in real term of 1.8%.

*2. Before trust account write-offs and general provision for loan losses.

*3. (Net income - non-convertible preferred share dividends) / (average capital (excluding the value of non-convertible preferred shares, appraisal gains)).

*4. Before trust account write-offs and general provision etc. for loan losses.

Mitsubishi Tokyo Financial Group, Inc.

III. Consolidated Management of the Group

Through a further reform of its profit structure, the Group seeks to build

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

swiftly a business structure that can achieve stable growth.

As we strive to achieve this target, we will implement the additional initiatives listed below. Taking this opportunity, we aim to restructure the business model of the entire Group, by shifting to a more consolidated and integrated management of the Group.

In rebuilding the business model, Bank of Tokyo-Mitsubishi (BTM), Mitsubishi Trust & Banking Corporation (MTBC) and Mitsubishi Securities will seek to reallocate their resources, including personnel and facilities, to further enhance the expertise of each Group company, and to create a structure that can provide customers with higher quality and more comprehensive financial services.

1. Retail Business: Strengthening Strategy and Improving Efficiency

Strengthen operations and raise efficiency in the growing retail business area. By developing strategies and through integrating operations group-wide, we aim to achieve rapid and customer-friendly delivery of the best products and services to each customer through efficient channels.

(1) Establish MTFG Plaza*, a new comprehensive financial services channel for retail customers

- MTFG Plaza will be a new delivery channel providing comprehensive financial services from BTM, MTBC and Mitsubishi Securities.
- Providing integrated and comprehensive financial services and products in a one-stop location, MTFG Plaza will offer BTM's banking services, MTBC's trust banking services and securities services from Mitsubishi Securities.
- Growth of MTFG Plaza outlets will lead to further development of joint branches between BTM and Mitsubishi Securities, the streamlining of certain existing MTBC branches and the establishment of new, streamlined MTBC branches. We aim to fully integrate and raise the efficiency of our group-wide channels for retail customers.

(2) Utilize IT and telecommunications to develop Virtual MTFG Plaza*

- In addition to MTFG Plaza outlets, we will diversify our channels through the development of a Virtual MTFG Plaza. This channel will utilize IT and telecommunications technology to provide products and services from each Group company.
- For example, we are considering the introduction of automated contracting machines at non-MTFG Plaza branches, through which customers can access banking, trust and securities services.

*(Provisional name)

- 8 -

Mitsubishi Tokyo Financial Group, Inc.

(3) Develop a Group operational strategy

- Develop as a Group an overall strategy for business with individuals (mass market, high net worth and workplace based) and increase efficiency through common use of infrastructure and resources.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- In order to provide comprehensive service to individuals as a Group, we will revamp our product line up to attract individuals' funds, and will also consider the development of composite banking, trust and securities services and products.

2. Standardizing and Integrating Operations and Systems

Further develop the standardization and integration of office operations and systems, and pursue reduction of total group costs while maintaining a high level of functionality, quality and dependability.

(1) Continue concentration and integration of large volume operations

- The concentration and integration of delivery operations for cash and bills etc. between BTM and MTBC is now complete. We are also examining jointly how to streamline office operations and reduce running costs through concentration and integration of back-office operational centers.

(2) Consider the standardization and integration of system platforms

- Start to consider standardizing the banking business IT systems of BTM and MTB based on BTM's existing systems.
- We aim to reduce costs across the Group by sharing open system assets for services such as online banking and ATM's in convenience stores, by integrating systems maintenance, and by sharing network platforms.

(3) Combine and integrate facilities, resources and outsourcing

- Accelerate the integration and sharing of operational and system sites between the two banks.
- Examine the joint outsourcing of operations and systems functions.

-9-

Mitsubishi Tokyo Financial Group, Inc.

3. Increasing expertise and operational efficiency

Consolidate skills and functions within the Group to further increase expertise and raise operational efficiency and productivity.

(1) Strengthen investment banking

- In strengthening our Group's investment banking business in response to our clients' sophisticated needs, we will concentrate our specialized skills and business capabilities to deliver high-level services and raise business efficiency.
- In concrete terms, we will bring together group-wide human resources to strengthen our syndicated loans function, and will consider shifting the mergers & acquisition and derivatives business of MTBC to Mitsubishi Securities as well as other measures.

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

- (2) Pursue a Group strategy in asset management and asset administration businesses
 - In order to raise competitiveness, we will restructure the growing asset management business and the highly competitive asset administration business on a Group basis.
 - In concrete terms, we will fully utilize the know-how of MTBC in the investment trust, 401K and custody businesses etc.
- (3) Launch a comprehensive solution business for corporate clients
 - Through cooperation and collaboration among BTM, MTBC and Mitsubishi Securities, the Group will provide a fully integrated and comprehensive solutions service to corporate clients. In addition, we will radically raise our business efficiency through an allocation of roles that meets the needs of corporate clients.
- (4) Concentrate corporate center functions to increase expertise and raise efficiency
 - Through concentration of corporate center functions within the Group and their joint use by each Group company, we aim to raise efficiency through shared policy, know-how and infrastructure, and to enhance the management systems for risk management, internal audit and compliance etc.
