401(k) RETIREMENT SAVINGS PLAN FOR REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Terex Corporation and Affiliates' 401(k) Retirement Savings Plan for Represented Employees (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that covers certain eligible employees of Terex Corporation and its subsidiaries ("Terex" or the "Company") meeting minimum eligibility requirements. Certain officers of Terex serve as trustees of the Plan (the "Trustees"). The investments of the Plan are held by Fidelity Management Trust Company ("Fidelity") and Massachusetts Mutual Life Insurance Company ("MassMutual").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

An Administrative Committee, consisting of at least three members appointed by the Company's Board of Directors, administers the benefit structure of the Plan. The Company is considered the Plan Administrator for purposes of ERISA.

Participants of the Plan are the hourly-rate employees of the Company's PPM Cranes ("PPM") Unit, Unit Rig division ("Unit Rig"), the Terex Parts Distribution Center ("Southaven"), the American Crane Corporation

Edgar Filing: TEREX CORP - Form 11-K

("American Crane"), Cedarapids, Inc. ("Cedarapids"), and the former Bowerston Division of Simon Access ("Bowerston"), which was closed subsequent to the acquisition of the business on April 7, 1997. Investments of the former Bowerston employees remain in the Plan, however, there are no additional employee or employer contributions being made. Terms for each subsidiary location are negotiated under separate collective bargaining agreements and differ with respect to participant contributions, employer contributions and loans to participants. The general provisions for each location are discussed below.

Participant Eligibility- Employees at Unit Rig are eligible to participate in the Plan after they complete six months of service, employees at Southaven and PPM are eligible to participate after three months of service. Employees at American Crane and Cedarapids are eligible to participate in the Plan on the date on which they perform an hour of service as an employee.

Participant Contributions - Participants at Unit Rig may contribute up to 20% of their compensation, participants at Southaven, PPM, American Crane and Cedarapids may contribute up to 16% of their compensation. Contributions may be in any combination of pre-tax or post-tax earnings. The maximum pre-tax contribution permitted under Internal Revenue Service regulations in 2001 was \$10,500. There is no limit to post-tax contributions. Participants are able to direct current contributions and redistribute accumulated contributions and earnings between investment funds.

Employer Contributions - Effective January 1, 2000, the plan in effect at Unit Rig provides that Terex will match 50% of the first 6% of the employee's salary that is contributed to the plan. The plan in effect at Southaven provides that Terex will match 50% of the first 6% (8% effective January 1, 2001) of the employee's salary that is contributed to the plan. The plan in effect at PPM provides that Terex will match 50% of the first 5% (6% effective April 1, 2001) of the employee's salary that is contributed to the plan. The plan in effect at American Crane provides that Terex will match 50% of the employee's contribution, the company match shall not exceed \$800 in the plan year. The plan in effect at Cedarapids provides that Terex will match 100% of the first 4% of the employee's salary that is contributed to the Plan. The terms of each division's collective bargaining agreement provides that the Company may make, in its sole discretion, supplementary contributions. All Company contributions are made in Terex Common Stock.

401(k) RETIREMENT SAVINGS PLAN FOR REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Vesting - All participants are immediately fully vested in their voluntary contributions plus any actual earnings thereon. Participants at Southaven, PPM, American Crane, Unit Rig and Cedarapids vest in the employer matching contributions after one year of eligible service. Participants employed at Bowerston on April 7, 1997 are fully vested in employer contributions. Bowerston participants hired after April 7, 1997 but prior to the closure of the facility vest in employer contributions after one year of eligible service. The vesting period for supplemental contributions is determined by the Company at the time

Edgar Filing: TEREX CORP - Form 11-K

of contribution.

Forfeitures - Nonvested employer contributions of employees that have separated from the Company become forfeitures and are held in a separate account and shall be used to reduce future employer contributions. However, employees that return to service within five years from their separation date will be entitled to continue vesting on the employer contributions which were previously forfeited.

Allocation of Earnings - Each participant's account is credited with contributions and an allocation of earnings from the respective investment funds. A participant's contributions are used to purchase shares in the various investment funds. The value of and the earnings credited to a participant's account are based on the proportionate number of shares owned by the participant and the fair value of the investment on the valuation date.

Payment of Benefits - Upon retirement, disability, or death, the entire balance of the participant's account becomes payable to the participant or designated beneficiary. Upon any other termination of employment, the participant receives the vested portion of his/her account; however, if the vested portion of the participant's account is greater than \$5,000 he/she can elect to keep the investments in the Plan. Withdrawals are also permitted for financial hardship, as defined by the Plan, or upon attainment of age 59-1/2.

Participant Loans - Participants may obtain loans in an amount up to the lesser of \$50,000 or 50% of the vested portion of their account balance, subject to the discretion of the Plan Administrator and certain other restrictions. Terms of all loans are established by the Plan Administrator.

Change in Investment Manager - On February 1, 2000, the Plan was amended to change the investment manager of the Plan to Fidelity from MassMutual. Except for certain amounts invested in Guaranteed Investment Contracts ("GICs"), all funds held by MassMutual were transferred to Fidelity.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis.

Investments - Plan investments are stated at fair value based on published market prices or other independent sources. Net appreciation (depreciation) in aggregate fair value of investments is comprised of all realized and unrealized gains and losses during the year.

Expenses - Fees and expenses related to administering the Plan are generally paid by Terex.

Withdrawals - Withdrawals are recognized at the time of distribution to the participant.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

6. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity also serves as a custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounts to \$5,249 for the year ended December 31, 2001.

7. INCOME TAX STATUS

The Plan received a determination letter, dated July 31, 1996, that it met the qualification requirements of Sections 401(c) and 401(k) of the Internal Revenue Code (the "IRC") and is, therefore exempt from federal income taxation. Subsequently, the Plan has been amended. The Plan Administrator believes that the Plan, as amended, continues to be qualified and exempt from tax under Sections 401(c) and 401(k) of the IRC.

8. TERMINATION OF THE PLAN

The Company believes that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event that such discontinuance results in the complete or partial termination of the Plan, the balance in each participant's account will be distributed by the Trustees.
