SECTION 2 - FINANCIAL INFORMATION

ITEM 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

Reference is made to Note 4 - Short-term Borrowings and Liquidity to the financial statements under Part I, Item 1, and to "Liquidity and Capital Resources - Short-term Borrowings and Liquidity" under "Management's Discussion and Analysis of Financial Condition and Results of Operations," in Part I, Item 2, of the Registrants' combined quarterly report on Form 10-Q for the quarterly period ended June 30, 2004 for a discussion of the Registrants' credit facilities and credit agreement provisions.

On September 21, 2004, Ameren Corporation (Ameren) entered into an amended and restated credit agreement with various lenders and JPMorgan Chase Bank, as administrative agent for the lenders, which amends and restates its \$235 million three-year revolving credit agreement dated as of July 17, 2003 to accommodate Ameren's pending acquisition of Illinois Power Company and to conform with its two revolving credit agreements entered into in July 2004 for \$700 Million. The amended and restated credit agreement, like the original 2003 agreement, matures on July 17, 2006 and is to be used for general corporate purposes, including support of commercial paper programs and the utility and the non-state regulated subsidiary money pool arrangements. The credit facility contains provisions similar to those in the July 2004 credit facilities which, among other things, place restrictions on the ability to incur liens, sell assets and merge with other entities. It also contains a provision that limits Ameren's and its subsidiaries', Central Illinois Public Service Company d/b/a AmerenCIPS, Union

Electric Company d/b/a AmerenUE, Central Illinois Light Company d/b/a AmerenCILCO, and/or Illinois Power Company (from and after the date that is six months after Ameren's acquisition of Illinois Power Company), total indebtedness to 60% of total capitalization pursuant to a defined calculation. In addition, the credit facility contains indebtedness cross-default provisions and material adverse change clauses, similar to those contained in the July 2004 credit facilities, which could trigger a default under this facility in the event that any of the Ameren subsidiaries (as defined), other than certain project finance subsidiaries, defaults in indebtedness in excess of \$50 million. The credit agreement, like the July 2004 facilities, also requires Ameren to meet the minimum funding rules of the Employee Retirement Income Security Act of 1974, as amended.

Included as Exhibit 10.1 is the text of the Amended and Restated Three-Year Revolving Credit Agreement dated as of September 21, 2004.
