INDEPENDENT AUDITORS' REPORT

To the Management Committee and Members
of Gaming Entertainment (Michigan) L.L.C.:

We have audited the accompanying balance sheets of Gaming Entertainment (Michigan) L.L.C. (A Development Stage Joint Venture Company) (the "Company") as of December 31, 2000 and 1999, and the related statements of loss, members' capital, and cash flows for the years ended December 31, 2000 and 1999, and for the period from April 1, 1995 (Inception) to December 31, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2000 and 1999, and the results of its operations and its cash flows for the years ended December 31, 2000 and 1999, and for the period from April 1, 1995 (Inception) to December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

The Company is in the development stage as of December 31, 2000. As discussed in Note 1 and Note 5 to the financial statements, successful completion of the Company's gaming project and, ultimately, the attainment of profitable operations is dependent upon future events, including obtaining the necessary regulatory approvals and achieving a level of revenues adequate to recover the Company's investment in the project and to support the Company's cost structure.

Edgar Filing: FULL HOUSE RESORTS INC - Form 8-K/A

As discussed in Note 2 to the financial statements, in 1999, the Company changed its method of accounting for start-up costs.

GAMING ENTERTAINMENT (MICHIGAN) L.L.C.
(A Development Stage Joint Venture Company)

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2000 AND 1999 AND PERIOD FROM
APRIL 1, 1995 (INCEPTION) TO DECEMBER 31, 2000

1. ORGANIZATION AND DEVELOPMENT STAGE ACTIVITIES

Full House Resorts, Inc. ("FHRI") and GTECH Corporation ("GTECH") entered into a series of agreements to jointly pursue certain existing and future gaming opportunities. Although the agreements were dated December 29, 1995, the parties agreed to share equally in the equity investment, financing responsibility, and revenues and expenses of certain projects commencing April 1, 1995. Pursuant to the agreements, four joint venture corporations equally owned by subsidiaries of FHRI and GTECH have been formed.

Gaming Entertainment (Michigan) L.L.C. (the "Company"), one of these joint ventures, was incorporated as a Delaware limited liability company to conduct gaming development activities with the Nottawaseppi Huron Band of Potawatomi (the "Tribe"). The Company is in the development stage as of December 31, 2000 for financial reporting purposes. The successful completion of the Company's gaming project and, ultimately, the attainment of profitable operations is dependent upon future events, including achieving a level of revenues adequate to recover the Company's investment in the project and to support the Company's cost structure.

In December 1998, the Michigan State Legislature approved the Tribal-State Gaming Compacts that permit a casino to be opened by the Tribe in Battle Creek, Michigan. Additional approvals are required from

Edgar Filing: FULL HOUSE RESORTS INC - Form 8-K/A

the Bureau of Indian Affairs and various other state and federal agencies prior to the commencement of gaming operations.

The members of the Company and their membership interest are as follows:

- . Full House Subsidiary, Inc. (a wholly owned subsidiary of FHRI) ("FHS") - 50% interest. Prior to January 30, 1998, a 25% interest was held by Full House Joint Venture Subsidiary, Inc. (a wholly owned subsidiary of FHRI ("FHJVS")). FHJVS was merged into FHS on January 30, 1998.
- . Dreamport - a GTECH company (a wholly owned subsidiary of GTECH) ("DGS") - 25% interest.
- . GTECH Gaming Subsidiary 2 Corporation (a wholly owned subsidiary of GTECH) ("GGS2") - 25% interest.

Purchased Gaming Rights - During 1995, FHRI acquired 85% of the development rights to current and future gaming projects with the Tribe. Effective December 29, 1995, FHRI agreed, subject to the approval of the Tribe, to assign to the Company the development rights. The approval of the Tribe was obtained, and the development rights were assigned by FHRI in November 1996. Also in November 1996, the Company was assigned the remaining development rights with the Tribe

(15%) for future contingently payable fees based on the gaming projects revenues. FHRI has agreed to make loans to the Company for its portion of the financing of the project. GTECH has agreed to contribute cash and has agreed to make loans to the Company for GTECH's portion of the financing of the project. GTECH will also provide project management, technology, and other expertise to analyze and develop/manage the implementation of opportunities developed by the Company, the cost of which will be shared equally, in those instances specified in the Master Agreement, by FHRI and GTECH.

The members contributed the following to capital (recorded at the predecessor cost to the members):

	2000	1999	Cumulative from inception
Gaming development costs and rights	\$ -	\$ -	\$5,416,030
Cash capital contribution	-	-	25,000
	-----	-----	-----
Total capital contributions	\$ -	\$ -	\$5,441,030

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Allocation of Profits, Losses and Distributions - Profits, losses and distributions are allocated among the members based upon their proportionate interests in the Company.

Gaming Development Costs - Costs associated with gaming rights activities for which the Company has signed agreements are capitalized

Edgar Filing: FULL HOUSE RESORTS INC - Form 8-K/A

until the project begins operations and are amortized over the terms of the respective agreements. If a project is unsuccessful and its value is determined to be impaired, the related deferred costs are charged to expense at the time of impairment. The Company reviews each project in process and the costs capitalized on a quarterly basis for accounting purposes to determine whether any impairment of the assets has occurred. Management believes that it is probable that these assets will be recovered through management revenues earned in the future.

Payable to Members - Payable to members arises from the allocation of profits, losses and distributions and from the direct payment of certain operating expenses of the Company by the members.

Income Taxes - The Company is organized as a limited liability company and as such is not subject to federal income taxes. Taxable income or loss from the Company's operations is recognized in the tax returns of the members. Accordingly, income taxes have not been provided for in the accompanying financial statements.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The principal estimates made in preparing the Company's financial statements are the capitalization of gaming rights and the assessment of the recoverability of the assets. Actual results could differ from those estimates.

Change in Accounting Policy - Effective January 1, 1999, the Company adopted the American Institute of Certified Public Accountants' Statement of Position (SOP) 98-5, Reporting on the Costs of Start-Up Activities. SOP 98-5 provides guidance on the financial reporting of start-up and organizational costs and requires the costs of start-up activities to be expensed as incurred. As of January 1, 1999, the Company expensed deferred start-up costs of \$1,260,818 as a cumulative effect of a change in accounting principle.

3. NOTES RECEIVABLE

The notes receivable at December 31, 2000 and 1999 consist of advances made by the Company to the Tribe to begin preliminary planning for the development of a gaming and entertainment facility in Battle Creek, Michigan. The notes receivable will be paid from the Tribe's share of net revenue, on a monthly basis, over the term of the management agreement, upon commencement of the planned gaming and entertainment operations and will bear interest at a rate to be agreed upon by the Tribe and the Company.

4. NOTES PAYABLE TO MEMBERS

During 2000 and 1999, the Company received proceeds from the issuance of notes payable to members. The notes proceeds are used for advances to the Tribe, and the notes are secured by the notes receivable from the Tribe. The notes payable will bear the same terms and conditions as the notes receivable from the Tribe (see Note 3).

5. GAMING LEGISLATION

Edgar Filing: FULL HOUSE RESORTS INC - Form 8-K/A

The Huron Potawatomi achieved final federal recognition as a tribe in April 1996 and obtained a Gaming Compact from Michigan's governor early in 1997 to operate an unlimited number of electronic gaming devices as well as roulette, Keno, dice and banking card games. The Michigan Legislature ratified the Compact by resolution in December 1999, along with compacts for three other tribes. A suit was filed in 2000 by "Taxpayers of Michigan Against Casinos" in Ingham County Circuit Court challenging the constitutionality of the approval process of these gaming compacts. On January 18, 2000, Judge Peter D. Houk issued a ruling that the compacts must be approved by a legislative bill rather than by resolution. The State of Michigan filed an appeal to the Michigan Court of Appeals on February 4, 2000. The Company, as an intervening defendant, joined in the appeal filing.

The Company and the Tribe have continued to move forward with their casino development plans while working towards a favorable resolution of the current litigation. The management agreements, along with the required licensing applications, were submitted to the National Indian Gaming Commission in December 2000. The parties have identified a suitable parcel of land for the gaming enterprise, which is under option, and have submitted a Fee to Trust application to the Bureau of Indian Affairs.

On November 5, 1996, Michigan voters approved licenses for three gaming facilities within the City of Detroit, approximately 100 miles from the Battle Creek area. Two temporary facilities began operations in 2000, and the third is expected to open in 2001. The Company does not believe that operation of three gaming facilities in Detroit will have a material adverse impact on the proposed Tribe casino.

6. SUBSEQUENT EVENT

On March 30, 2001, FHRI acquired GTECH's 50% interest in the Company. The Tribe and FHRI continue to evaluate strategies to optimize the Tribe's gaming enterprise opportunities.

To the Management Committee and Members
of Gaming Entertainment (California) L.L.C.:

We have audited the accompanying balance sheets of Gaming Entertainment (California) L.L.C. (A Development Stage Joint Venture Company) (the "Company") as of December 31, 2000 and 1999, and the related statements of loss, members' capital, and cash flows for the years ended December 31, 2000 and 1999, and for the period from April 1, 1995 (inception) to December 31, 2000. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of Gaming Entertainment (California) L.L.C. as of December 31, 2000 and 1999, and the results of its operations and its cash flows for the years ended December 31, 2000 and 1999, and for the period from April 1, 1995 (inception) to December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the financial statements, in 1999 the Company changed its method of accounting for start-up costs.

1. ORGANIZATION AND DEVELOPMENT STAGE ACTIVITIES

Full House Resorts, Inc. ("FHRI") and GTECH Corporation ("GTECH") entered into a series of agreements to jointly pursue certain existing and future gaming opportunities. Although the agreements were dated December 29, 1995, the parties agreed to share equally in the equity investment, financing responsibility, and revenues and expenses of certain projects commencing April 1, 1995. Pursuant to the agreements, four joint venture corporations equally owned by subsidiaries of FHRI and GTECH have been formed.

Gaming Entertainment (California) L.L.C. (the "Company"), one of these

Edgar Filing: FULL HOUSE RESORTS INC - Form 8-K/A

joint ventures, was incorporated as a Delaware limited liability company to conduct gaming development activities with the Torres Martinez Desert Cahuilla Indians (the "Tribe"). The Company is in the development stage as of December 31, 2000. The successful completion of the Company's gaming project and, ultimately, the attainment of profitable operations is dependent upon future events, including obtaining the necessary regulatory approvals and achieving a level of revenues adequate to recover the Company's investment in the project and to support the Company's cost structure.

The members of the Company and their membership interest are as follows:

- . Full House Subsidiary, Inc. (a wholly owned subsidiary of FHRI) ("FHS") - 50% interest. Prior to January 30, 1998, a 25% interest was held by Full House Joint Venture Subsidiary, Inc. (a wholly owned subsidiary of FHRI ("FHJVS")). FHJVS was merged into FHS on January 30, 1998.
- . Dreamport - a GTECH company (a wholly owned subsidiary of GTECH) ("DGS") - 25% interest.
- . GTECH Gaming Subsidiary 2 Corporation (a wholly owned subsidiary of GTECH) ("GGS2") - 25% interest.

On April 21, 1995, FHRI entered into a Gaming and Development Agreement with the Tribe. Effective December 29, 1995, the financing obligation and the gaming agreement (which had no recorded book value) were contributed to capital by FHS and FHJVS. During 1997, the Company entered into a new Class III Gaming Management Agreement with the Tribe whereby the Company is required to provide financing for the development of a gaming facility, and to provide management and operating services in exchange for a management fee equal to 30% of net revenues, as defined in the agreement for a period of seven years from commencement of gaming operations. The Company has recorded the gaming agreement at zero, the predecessor cost basis to FHRI. FHRI has agreed to make loans to the Company for its portion of the financing of the project.

-16-

GTECH agreed to contribute cash and has agreed to make loans to the Company for GTECH's portion of the financing of the project. GTECH will also provide project management, technology, and other expertise to analyze and develop/manage the implementation of opportunities developed by the Company, the cost of which will be shared equally, in those instances specified in the Master Agreement, by FHRI and GTECH.

In addition, the members contributed to capital the following (recorded at the predecessor cost to the members):

	2000	1999	Cumulative from Inception
Gaming development costs	\$ -	\$ -	\$ 262,329
Cash contributed	-	-	25,000
	-----	-----	-----
Total capital contributions	\$ -	\$ -	\$ 287,329

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Allocation of Profits, Losses and Distributions - Profits, losses and distributions will be allocated among the members based upon their proportionate interests in the Company.

Payable to members arises from the allocation of profits, losses and distributions and from the direct payment of certain operating expenses of the Company by the members.

Income Taxes - The Company is organized as a limited liability company and as such is not subject to federal income taxes. Taxable income or loss from the Company's operations is recognized in the tax returns of the members. Accordingly, income taxes have not been provided for in the accompanying financial statements.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The principal estimates made in preparing the Company's financial statements are the capitalization of gaming development costs and the assessment of the recoverability of the assets. Actual results could differ from those estimates.

Change in Accounting Policies - Effective January 1, 1999, the Company adopted the American Institute of Certified Public Accountants' Statement of Position ("SOP") 98-5, Reporting on the Costs of Start-Up Activities. SOP 98-5 provides guidance on the financial reporting of start-up and organizational costs and requires the costs of start-up activities be expensed as incurred. As of January 1, 1999, the Company expensed deferred start-up costs of \$240,765 as a cumulative effect of a change in accounting principle.

3. GAMING LEGISLATION

In November 1998, the "Tribal Government Gaming and Economic Self-Sufficiency Act of 1998" (the "Act") was passed by the voters of California in the general election. The Act guarantees any federally recognized tribe within the state, that has land eligible for gaming, the right to operate limited forms of Class III gaming under specified terms. However, the Act's constitutionality is pending before the California Supreme Court. The ultimate outcome of this action or its effect on the future development of gaming operations by the Tribe cannot presently be determined.

-17-

4. SUBSEQUENT EVENT

On March 30, 2001, FHRI acquired GTECH's 50% interest in the Company. The Tribe and FHRI continue to evaluate strategies to optimize the Tribe's gaming enterprise opportunities.
