- (3) at the rate of 1% per month of the purchase price paid by the investors. The Company was not able to have the registration statement declared effective before the November 3, 2006 deadline. All of the investors in the PIPE Transaction agreed to accept shares of the Company's common stock, valued at \$1.00 per share, as payment of this registration penalty. The shares listed here represent the payment due Mr. Asplund for the period from February 1, 2007 through February 15, 2007.
 - In June, 2006, Lime Energy's board of directors approved and the Company announced a 1 for 15 reverse split of its common stock, effective on June 15, 2006. The stock has been trading on this basis since that date. Thereafter, on June 29, 2006, the Company closed four transactions including the PIPE Transaction pursuant to which these shares were issued (these four transactions are collectively
- (4) referred to as the "June 29 Transaction"). All of the June 29 Transactions were premised on the belief of the parties thereto that the 1 for 15 reverse split was completed on June 15, 2006, and all of these transactions valued the Company's common stock at a price of \$1 per share. Subsequently, the Company learned that under Delaware law the reverse split would not be effective until it had been set forth in an amendment to its Certificate of Incorporation approved by its stockholders and filed with the Delaware Secretary of State.
 - The Company completed such actions on January 23, 2007 and the reverse split became effective on that date. Upon the filing of the amendment of the Certificate of Incorporation on January 23, 2007 the shares of common stock that were issued in the June 29 Transactions were reduced on a 1 for 15 basis. Since both the Company and the other parties to the June 29 Transactions intended that the
- (5) shares that were issued be post-reverse split shares, following the filing of the amendment and the reverse split becoming effective, the Company offered to each of the recipients of shares in the June 29 Transactions additional shares of common stock (the "Catch-up share") so that each would have the specific number of post-reverse split shares that were intended to be issued in those transactions in satisfaction of any claims such recipients might have in respect of such matter. These Catch Up Shares are the shares being reported here.
- (6) Beginning balance adjusted for 1 for 15 reverse stock split.
