NOTE 1 – BASIS OF PRESENTATION

The accompanying financial statements of Veracity Management Global, Inc (the "Company", "VCMG") at March 31, 2015 have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in conformity with generally accepted accounting principles have been omitted or condensed pursuant to such rules and regulations. These statements should be read in conjunction with VCMG's audited financial statements and notes thereto included in VCMG's Form 10-K. In management's opinion, these unaudited interim financial statements reflect all adjustments (consisting of normal and recurring adjustments) necessary for a fair presentation of the financial position and results of operations for each of the periods presented. The accompanying unaudited interim financial statements for the nine months ended March 31, 2015 are not necessarily indicative of the results which can be expected for the entire year.

Basis of Presentation

The Company follows accounting principles generally accepted in the United States of America. Certain prior period amounts have been reclassified to conform to the September 30, 2008 presentation. On August 2, 2007, the Company's Board of Directors approved a 1 for 73 reverse split of the Company's common stock by Action of the Board and a majority of shareholders. All information related to common stock, warrants to purchase common stock and earnings per share have been retroactively adjusted to give effect to the stock split.

The statements of operations show the effect of a reclassification of the distribution of the subsidiary companies until July 1, 2008. The reclassification included all parts of the prior operations for both subsidiary companies as loss from discontinued operations for the prior reported period.

In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The financial statements include the accounts of Veracity Management Global, Inc and the operations of Secured Financial Data, Inc and Veracity Management Group, Inc. are being reported as loss from discontinued operations. Any inter-company transactions have been eliminated as part of the transaction.

As a development stage company, the Company continues to rely on infusions of debt and equity capital to fund operations. The Company relies principally on cash infusions from its directors and affiliates, and paid a significant amount of personal services and salaries in the form of common stock.

Recently Issued Accounting Standards

In August 2014, the FASB issued ASU No. 2014-15, Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern ("ASU 2014-15"). ASU 2014-15 will explicitly require management to assess an entity's ability to continue as a going concern, and to provide related footnote disclosure in certain circumstances. The new standard will be effective for all entities in the first annual period ending after December 15, 2016. Earlier adoption is permitted. We are currently evaluating the impact of the adoption of ASU 2014-15.

Management does not anticipate that the adoption of these standards will have a material impact on the financial statements.
