Phantom Unit Grants to Named Executive Officers

On March 22, 2018, the board of directors (the *Board*) of PAA GP Holdings LLC (the *GP Holdings*), the general partner of Plains All American Pipeline, L.P. (the *Partnership* or *PAA*) approved the following grants of phantom units to certain of those individuals who will be identified in our proxy statement for the 2018 annual meeting as Named Executive Officers:

Name and Title	No. of Phantom Units Granted
Willie Chiang, Executive Vice President and Chief Operating Officer	50,000
Al Swanson, Executive Vice President and Chief Financial Officer	30,000
Daniel J. Nerbonne, Executive Vice President, Operations and Engineering	25,000

These grants were awarded as part of the Partnership's modification in 2018 of its prior practice of granting larger phantom unit awards every two or three years in favor of smaller annual awards, with 2018 representing a transition year. These awards are designed to incentivize continued growth and performance, as well as ensure retention. The phantom units will vest (become payable 1-for-1 in PAA common units) on the May 2021 distribution date; provided, however, that 50% of the phantom units may vest prior to the May 2021 distribution date if and when PAA generates distributable cash flow (DCF) of \$2.30 per common unit on a trailing four quarter basis. The phantom units include tandem distribution equivalent rights (DERs) that will begin paying common unit equivalent distributions on the May 2018 distribution date. The DERs expire when the phantom units vest.

Modification of Existing Equity Awards

The Board amended the performance terms of 252,667 LTIP awards collectively held by Messrs. Chiang, Swanson and Nerbonne and 431,849 AAP Management Units (defined below) collectively held by Messrs. Chiang and Nerbonne to modify the performance threshold metric from annualized quarterly distributions per unit to DCF per unit on a trailing four quarter basis. Prior to the modification, the performance thresholds for the LTIP awards and the AAP Management Units were indexed to achievement of annualized quarterly distribution levels ranging from \$2.30 per unit to \$2.65 per unit and \$2.20 per unit to \$2.80 per unit, respectively. These modifications were made primarily to insure that the performance metric for these awards remained tied to the Partnership's underlying financial performance notwithstanding the Board's decision in August 2017 to reduce our distribution in order to retain a meaningful amount of cash flow to improve our distribution coverage and reduce leverage. The service periods and other terms of such awards were not modified. The specific modifications are described below.

Phantom Unit Awards. In August 2016, Messrs. Chiang, Swanson and Nerbonne received phantom unit awards, one-third of which were originally scheduled to vest in August 2022 upon payment of an annualized distribution of at least \$2.30 per unit, with potential acceleration upon achieving annualized distributions of \$2.50 to \$2.65 per unit. Vesting terms for this portion of the 2016 grants have been modified such that vesting will still have the same timing and potential for acceleration but will be tied to achievement of like amounts of DCF per unit on a trailing four quarter basis. Accordingly, the affected portion of the 2016 phantom unit awards (55,000 for Mr. Chiang, 46,000 for Mr. Swanson and 31,667 for Mr. Nerbonne) will vest on the August 2022 distribution date provided that PAA shall have generated minimum DCF of \$2.30 per common unit on a trailing four quarter basis and, further provided, that

vesting may be accelerated such that: (i) one-half of the modified portion of the award will vest on the date on which PAA generates DCF of at least \$2.50 per common unit on a trailing four quarter basis; and (ii) one-half of the modified portion of the award will vest on the date on which PAA generates DCF of at least \$2.65 per common unit on a trailing four quarter basis. DCF will be subject to adjustment under certain circumstances to account for significant asset sales. The remaining terms of the 2016 phantom unit grants were not modified.

The terms of 120,000 phantom units originally granted to Mr. Chiang in August 2015 were also modified to change the performance metric for vesting purposes from annualized quarterly distributions to DCF per common unit on a trailing four quarter basis. Accordingly, Mr. Chiang's modified 2015 phantom unit award will vest as follows: (i) 40% on the later of the

August 2018 distribution date and the date PAA generates DCF of \$2.30 per common unit on a trailing four quarter basis; (ii) 30% on the later of the August 2019 distribution date and the date PAA generates DCF of \$2.40 per common unit on a trailing four quarter basis; and (iii) 30% on the later of the August 2020 distribution date and the date PAA generates DCF of \$2.50 per common unit on a trailing four quarter basis. DCF will be subject to adjustment under certain circumstances to account for significant asset sales. The remaining terms of Mr. Chiang's 2015 phantom unit award were not modified.

AAP Management Units. The terms of 375,521 Class B units of Plains AAP, L.P. (AAP Management Units) originally granted to Mr. Chiang in August 2015 were modified such that they will become earned (entitled to receive distributions) as follows: (i) 50% upon the generation by PAA of DCF of at least \$1.90 per common unit on a trailing four quarter basis, (ii) 25% upon the generation by PAA of DCF of at least \$2.10 per common unit on a trailing four quarter basis, and (iii) 25% upon the generation by PAA of DCF of at least \$2.30 per common unit on a trailing four quarter basis. DCF is subject to adjustment under certain circumstances to account for significant asset sales. The remaining terms of Mr. Chiang's previously issued AAP Management Units, including the vesting, AAP call right and other terms referenced in his grant letter and employment letter, are unchanged.

The terms of 56,328 AAP Management Units originally granted to Mr. Nerbonne in July 2015 were modified such that they will become earned as follows: (i) 25% upon the generation by PAA of DCF of \$1.90 per common unit or more on a trailing four quarter basis; (ii) 25% upon the generation by PAA of DCF of \$2.10 per common unit or more on a trailing four quarter basis; (iii) 25% upon the generation by PAA of DCF of \$2.30 per common unit or more on a trailing four quarter basis; and (iv) 25% upon the generation by PAA of DCF of \$2.50 per common unit or more on a trailing four quarter basis. DCF will be subject to adjustment under certain circumstances to account for significant asset sales. The remaining terms of Mr. Nerbonne's previously issued AAP Management Units, including the vesting, AAP call right and other terms referenced in his grant letter, are unchanged.
