PROXY STATEMENT

FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholders Meeting To Be Held on December 12, 2013

The proxy statement and annual report to stockholders for the fiscal year ended July 31, 2013 are available at <http://www.astproxyportal.com/ast/06536>.

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Synergetics USA, Inc., a Delaware corporation (the "Company"), 3845 Corporate Centre Drive, O'Fallon, Missouri 63368, for use at the 2013 Annual Meeting of Stockholders to be held on December 12, 2013, at 6:00 p.m. Central Time at The Doubletree Hotel and Conference Center located at 16625 Swingley Ridge Road, Chesterfield, Missouri 63017. The Board of Directors of the Company urges you to promptly execute and return your proxy in the enclosed envelope, even if you plan to attend the Annual Meeting. This is designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. This Proxy Statement and the enclosed proxy card are being mailed to the stockholders of the Company on or about November 12, 2013.

Any stockholder submitting a proxy may revoke such proxy at any time prior to its exercise by notifying the Secretary of the Company, in writing, prior to the Annual Meeting. Any stockholder attending the Annual Meeting may revoke his or her proxy and vote personally by notifying the Secretary of the Company at the Annual Meeting. For additional information on how to obtain directions to be able to attend the Annual Meeting and vote in person, please write to the Company's Secretary at Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368 or call (636) 939-5100. Only stockholders of record at the close of business on November 5, 2013 (the "Record Date"), will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. At the close of business on the Record Date, the Company had 25,296,106 outstanding shares of common stock, \$0.001 par value per share (the "Common Stock"). Each share of Common Stock entitles the holder thereof to one vote for each share of Common Stock held of record on the Record Date on each matter that may properly come before the Annual Meeting. If you are a beneficial holder and do not provide specific voting instructions to your broker, under a recent rule change, the organization that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to vote promptly, even if you plan to attend the Annual Meeting.

If the accompanying proxy card is signed and returned, the shares represented thereby will be voted in accordance with the directions on the proxy card. Unless a stockholder specifies otherwise therein, the proxy will be voted in accordance with the recommendations of the Board of Directors on all proposals. The presence in person or by proxy of a majority of the voting power represented by outstanding shares of Common Stock will constitute a quorum for the transaction of business at the Annual Meeting.

If a quorum is present, the affirmative vote of a majority of the shares entitled to vote which are present in person or represented by proxy at the Annual Meeting is required to elect directors and to approve each other proposal to be voted upon at the Annual Meeting. Shares represented by proxies which are marked or voted (i) "abstain" with respect to the election of the director nominees and remaining proposals to be voted upon at the Annual Meeting, or (ii) to

deny discretionary authority on other matters will be counted for the purpose of determining the number of shares represented by proxy at the meeting. Such proxies will thus have the same effect as if the shares represented thereby were voted against such nominee or nominees and against the remaining proposals. Shares held by brokers that do not have discretionary authority to vote on a proposal and have not received voting instructions from their clients are considered "broker non-votes." Broker non-votes are considered present or represented for purposes of determining a quorum but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote for directors or the remaining proposals. As such, for your vote to be counted if you are the beneficial owner of shares held by your broker, you must submit your voting instruction form to your broker.

PROPOSAL 1 — ELECTION OF DIRECTORS

The Company's Amended and Restated Bylaws provide that the Board shall consist of not less than five nor more than 11 members, the exact number of which shall be determined by the Board. The number of directors on the Company's Board of Directors is currently set at seven directors, divided into three classes—Class A, Class B and Class C—with each class serving three-year staggered terms.

On September 23, 2013, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, elected Mr. Robert H. Blankemeyer as a member of the Board to fill the vacancy created by the resignation of Patricia S. Williams, a former member of the Board. Ms. Williams resigned, effective June 5, 2013, to accept employment as an officer of a company which does not allow its officers to participate on any public company boards. Ms. Williams' resignation was not based upon any disagreement with the Company on any matter relating to the Company's operations, policies or practices.

Mr. Blankemeyer and Juanita H. Hinshaw serve as the Class A directors, with terms expiring at the 2015 Annual Meeting. Lawrence C. Cardinale, Guy R. Guarch and D. Graeme Thomas serve as the Class B directors, with terms expiring at the 2013 Annual Meeting. Robert H. Dick and David M. ("Nasdaq") and the Company's Corporate Governance Guidelines (each, an "Independent Director" and collectively the "Independent Directors").

The Company's Nominating and Corporate Governance Committee has appointed and the Board of Directors of the Company recommends a vote FOR, Messrs. Cardinale, Guarch and Thomas to serve as directors of the Company. If elected, Messrs. Cardinale, Guarch and Thomas will serve until the annual election of directors in the year 2016 or until their successors are duly elected and qualified, or their earlier death, resignation or removal. If any of these nominees is unavailable for election, an event which the Board of Directors of the Company does not presently anticipate, the persons named in the enclosed proxy intend to vote the proxies solicited hereby FOR the election of such other nominee or nominees as may be nominated by the Board of Directors. For information regarding revocation of a proxy, see "General Information" on Page 1.

Based on the recommendation of the Nominating and Corporate Governance Committee, the nominees have been approved unanimously by the Board of Directors of the Company for re-election. Below is biographical and other information about the nominees for election as director and each current director whose term continues after the Annual Meeting. Following the nominee's or director's biographical information is information concerning the particular experience, qualifications, attributes and/or skills that led the Nominating and Corporate Governance Committee and the Board to determine that the nominee should serve as a director, or each director should continue to serve as a director, as the case may be.

CORPORATE GOVERNANCE

The Board recognizes that one of its key responsibilities is to evaluate and determine the optimal leadership structure of the Board. The Independent Directors ensure such structure provides independent oversight of Company's management. The Board also recognizes no single leadership structure is right for all companies at all times. Accordingly, the Board periodically reviews its leadership structure as necessary to accomplish its management oversight responsibilities.

On behalf of the stockholders, the Board oversees and guides the Company's management and its business affairs. Board committees, staffed by Independent Directors, assist the Board in discharging its responsibilities. The Independent Directors recommend the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee structures to the Board for ratification. In its oversight of the Company, the Board sets the tone for the ethical standards and performance of management, staff and the Company as a whole. The Independent Directors constituting the Nominating and Corporate Governance Committee recommended to the Board, and the Board has adopted Corporate Governance Guidelines and best corporate practices that guide the practices of the Company. The Corporate Governance Guidelines are available on the Company's website at www.synergeticsusa.com.

Consistent with the Company's Bylaws and Corporate Governance Guidelines, the roles of Chairman of the Board and Chief Executive Officer may be separated. The Board has determined that it is appropriate to separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles, and to better serve the interests of the stockholders. The Chief Executive Officer, in conjunction with senior management, is responsible for developing and recommending to the Board the strategic direction for the Company, and for the day-to-day leadership of the Company, and he is responsible, together with senior management, for the overall performance of the Company, with such performance measurement based on operating and strategic plans ratified at various times by the Board. The duties of the Chairman include, but are not limited to:

Presiding over all meetings of the Board,

Preparing the agenda for Board meetings in consultation with other Independent Directors, the Chief Executive Officer and members of senior management,

Providing the Chief Executive Officer ongoing direction regarding Independent Director, Board Committee and Board needs, interests, opinions and decisions,

Calling and presiding over meetings of the Independent Directors,

Serving on any Special Committees as may be appointed by the Nominating and Corporate Governance Committee,

Managing the Board's process for annual evaluation of the Chief Executive Officer, and

Such other activities as may from time-to-time be determined by the Board to be in the best interests of the stockholders.

In carrying out his responsibilities, the Chairman preserves the distinction between management and Board oversight by maintaining management's responsibility for: (i) developing and frequently updating corporate strategy, and recommending such strategy to the Board for critique and ratification, (ii) taking such actions as necessary to minimize risks to the Company and the stockholders and (iii) the overall performance of the Company, with such performance measurement based on operating and strategic plans ratified at various times by the Board.

The Board believes that there are advantages to the separate Chairman and Chief Executive Officer positions, including:

Enhanced communications and relations between the Board, the Chief Executive Officer and other members of senior management,

Assisting the Board in reaching consensus on particular strategies and policies, and

Facilitating robust director, Board and Chief Executive Officer evaluation processes.

The Company's Corporate Governance Guidelines provide that Independent Directors should meet privately in executive session after each Board meeting, after each Board committee meeting and otherwise as needed. During fiscal 2013, the Independent Directors held 6 meetings in conjunction with regularly scheduled Board meetings and 15 special meetings for a total of 21 meetings. Each of our directors attended at least 75% of all the meetings of the Board and those committees on which he or she served during fiscal year 2013, either in person or telephonically. The Board of Directors encourages all members to attend stockholder meetings, but has not adopted a formal policy regarding attendance. All of the Company's directors attended last year's annual stockholders meeting.

Risk Management Oversight

The Board is actively involved in the oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, but the full Board has retained responsibility for general oversight of risks. The Audit Committee oversees management of financial and information technology risks. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. The Board satisfies its responsibility for general oversight of risks through reports by each committee chair regarding the committee's deliberations and actions, as well as minutes from the meetings and through regular reports directly from officers responsible for oversight of particular risks within the Company.

Director Independence

The Board of Directors has determined that each of Messrs. Blankemeyer, Cardinale, Guarch, Dick and Thomas and Ms. Hinshaw is an Independent Director. In addition, the Board of Directors has determined that each of the members of the Audit Committee and Compensation Committee satisfies the additional conditions for independence for Audit Committee and Compensation Committee members required by Nasdaq.

Board Committees

The Board of Directors maintains the following three standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and from time to time, the Nominating and Corporate Governance Committee may appoint a Special Committee of Independent Directors to deal with such matters as described in the charter. Each of these committees operates pursuant to a written charter setting forth the functions and responsibilities of the committee. The standing committee charters may be reviewed on our website at www.synergeticsusa.com and are also available to stockholders in print upon request.

Audit Committee

The Audit Committee is composed entirely of Independent Directors and is responsible for the appointment, evaluation, compensation and oversight of the work of the independent registered public accounting firm and, where appropriate, the replacement of the independent registered public accounting firm. Furthermore, the Audit Committee

is responsible for meeting with the independent registered public accounting firm and other corporate officers to review matters relating to financial reporting and accounting procedures and policies. Among other responsibilities, the Audit Committee also reviews financial information provided to stockholders and others, assesses the adequacy of financial, accounting, operating and disclosure controls, evaluates the scope of the audits of the independent registered public accounting firm and internal auditors, and reports on the results of such audits to the Board of Directors. The current members of the Audit Committee are Ms. Hinshaw (Chairperson), Mr. Cardinale, Mr. Dick and Mr. Guarch, each of whom meet all applicable standards for Audit Committee membership under the Nasdaq listing standards and Securities and Exchange Commission ("SEC") rules. The Audit Committee held five meetings during the last fiscal year.

10

Compensation Committee

The Compensation Committee is composed entirely of Independent Directors and is responsible for administering the Company's compensation programs and recommending to the Board of Directors other compensation and benefits of the Chief Executive Officer and all named executive officers. The current members of the Compensation Committee are Mr. Thomas (Chairperson), Mr. Dick and Ms. Hinshaw, each of whom meet all applicable standards for Compensation Committee membership under the Nasdaq listing standards. The Compensation Committee held five meetings during the last fiscal year.

The Compensation Committee meets after the end of each fiscal year to determine and recommend to the Board for approval the compensation packages for executive officers in light of the Company's compensation philosophy and objectives. The Compensation Committee considers recommendations from the Chief Executive Officer as to compensation for each executive officer based upon their performance against Company and personal objectives, other than himself. The Compensation Committee has full responsibility to recommend to the Independent Directors of the Board the compensation package of the Chief Executive Officer and the named executive officers. The Compensation Committee may not delegate its authority regarding executive compensation.

Nominating and Corporate Governance Committee

The members of the Company's Nominating and Corporate Governance Committee are Mr. Guarch (Chairperson), Mr. Cardinale and Mr. Thomas, each of whom is an Independent Director. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board of Directors, recommending to the Board of Directors the director nominees to be proposed for election by the stockholders and recommending to the Board of Directors corporate governance guidelines and procedures applicable to the Company. The Nominating and Corporate Governance Committee held four meetings during the last fiscal year.

From time to time, the Nominating and Corporate Governance Committee may appoint a Special Committee of Independent Directors to deal with such matters as described in the committee charter.

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders of the Company. Each stockholder must comply with applicable requirements of the Company's Amended and Restated Bylaws and the Exchange Act with respect to the nomination of, or proposal of, nominees for election as directors of the Company. Stockholders should submit any such nominations, together with appropriate biographical information and a description of the nominee's qualifications to serve as director, to the Chairperson of the Nominating and Corporate Governance Committee, c/o Pamela G. Boone, Secretary, Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368. The Company's Corporate Governance Guidelines do not require that qualified director candidates should be limited by specific selection criteria. Candidates are selected for, among other things, their independence, integrity, diverse experience, leadership ability, ability to exercise sound judgment, scientific expertise, experience at policy-making levels involving issues affecting business, government, education and technology, and experience relevant to the Company's global medical device business. While there is no formal policy with respect to diversity, the Nominating and Corporate Governance Committee does consider such issues as diversity of education, professional experience, differences of viewpoints and skills when assessing individual director nominees. Final approval of a candidate is determined by the full Board of Directors. Nominees to be evaluated by the Nominating and Corporate Governance Committee for future vacancies on the Board of Directors will be selected by the Nominating and Corporate Governance Committee from candidates recommended by multiple sources, including members of the Board of Directors, senior management, independent search firms, stockholders and other sources, all of whom will be evaluated based on the same criteria.

DIRECTOR COMPENSATION

Directors who are neither employees of the Company nor an immediate family member of an officer of the Company receive the following compensation:

<u>Type</u>	Chairman	Member
Board Meeting	\$ 1,250	\$ 950
Committee Meeting	\$ 1,100	\$ 950
Telephonic Independent Director Meeting	\$ 750	\$ 650
Business Meeting	\$ 950	\$ 950

Directors who are also employees of the Company do not receive compensation for their services as members of the Board of Directors. In addition, the Independent Directors receive compensation at their standard Board meeting rate per day for each day spent at the Company and each day spent away from personal business on Company business.

Compensation for members of the Board has been established and will be reviewed annually by the Compensation Committee. The Compensation Committee may not delegate its authority regarding director compensation, and, except as described above, no executive officer plays a role in determining the amount of director compensation. The Compensation Committee considers the amount of time directors dedicate to Company matters and the need to attract and retain qualified directors when determining Board compensation.

To align the interests of directors with those of the Company’s stockholders, each Independent Director also receives an option to purchase 10,000 shares of the Company’s Common Stock each year in which he or she is elected, appointed, or continues to serve as a director pursuant to the Amended and Restated Synergetics USA, Inc. 2005 Non-Employee Directors’ Stock Option Plan, as amended. These options vest pro-ratably on a quarterly basis over the Independent Director’s next year of service on the Board.

The following table discloses compensation paid for the fiscal year ended July 31, 2013 to the directors for serving as members of the Board. Because he is a management director, there is no director compensation to report for Mr. Hable during the fiscal year ended July 31, 2013. Compensation for Ms. Williams is through June 5, 2013, the date of her effective resignation. Upon her resignation, Ms. Williams forfeited all of her unvested options. There is no compensation presented for Mr. Blankemeyer, as he was elected to the Board after the fiscal year ended July 31, 2013.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers.

Executive Compensation Philosophy and Objectives

The Compensation Committee believes that compensation paid to our named executive officers should accomplish the following objectives:

- Reflect the accomplishment of corporate and individual objectives, and
- Assist the Company in attracting, motivating and retaining superior talent.

Our compensation program is intended to motivate our named executive officers to achieve our business objectives and to align their financial interests with those of our stockholders. These objectives are furthered by a compensation philosophy that is based on the following:

Accountability and Recognition for Individual and Corporate Performance: Compensation should depend, in part, on the Company's overall performance and on each executive officer's performance in order to motivate and reward success. The Compensation Committee has provided for a portion of the overall compensation packages to be tied to performance through the payments of annual incentive awards in the form of cash bonuses and the grant of long-term incentive awards in the form of stock options and restricted stock.

Competition with the Market: Base salaries should generally be competitive with officers with similar positions at companies within our industry and market, subject to individual adjustments as discussed below when applicable.

Compensation Determination Process

Our Compensation Committee is responsible for establishing, implementing and monitoring our executive compensation program. The Compensation Committee consists of Messrs. Thomas and Dick and Ms. Hinshaw, each of whom is an Independent Director and satisfies all applicable standards for Compensation Committee membership under the Nasdaq listing standards. The Compensation Committee typically meets following each fiscal year end to (i) consider and approve salary changes and annual incentive bonuses, if any; (ii) determine and approve long-term incentive awards, if any; and (iii) approve goals recommended by management for the annual incentive program.

In making its determinations regarding compensation, the Compensation Committee evaluates corporate performance and each executive officer's individual performance. The Compensation Committee through its compensation consultants, utilizes multiple survey sources to determine market-competitive compensation levels for each of the named executives considering the Company's overall revenue size, the duties performed by each executive and the overall performance of the Company relative to similar companies, as defined immediately below. In addition, the Compensation Committee does review compensation and relative performance data from the following companies (collectively, the "Peer Group"):

Bovie Medical Corporation ("Bovie") is actively engaged in the business of developing, manufacturing and marketing medical products and devices with a strong emphasis in electrosurgical generators and electrosurgical disposables. Bovie has approximately \$28 million in annual revenue as reported in its Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Endologix, Inc. (“Endologix”) develops, manufactures and sells innovative medical devices for the treatment of aortic disorders with its principal products being a stent graft and delivery system, for the treatment of abdominal aortic aneurysms through minimally invasive endovascular repair. Endologix has approximately \$106 million in annual revenue as reported in its Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Iridex Corporation (“Iridex”) is a leading worldwide provider of therapeutic based laser systems, delivery devices and consumable instrumentation used to treat sight-threatening eye diseases in ophthalmology. Iridex has approximately \$34 million in annual revenue as reported in its Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

STAAR Surgical Company (“STAAR”) designs, develops, manufactures and sells implantable lenses for the eye. STAAR has approximately \$64 million in its Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Vascular Solutions, Inc. (“Vascular Solutions”) is a medical device company focused on bringing clinically advanced solutions to interventional cardiologists and interventional radiologists worldwide. Vascular Solutions has approximately \$98 million in annual revenue as reported in its Annual Report on Form 10-K for December 31, 2012.

The Compensation Committee reviews the executive officer compensation packages of the Peer Group in connection with its executive officer compensation determinations. The Compensation Committee does target the 50th percentile for the executive officer compensation packages in utilizing the Peer Group’s compensation data for purposes of setting executive officer compensation.

The Compensation Committee did not retain a compensation consultant to advise it with respect to fiscal 2013 executive compensation. However, in fiscal 2012, the Compensation Committee hired CBIZ Human Capital Services (“CBIZ”) to provide compensation consulting services with respect to the fiscal 2012 compensation program. When determining fiscal 2013 executive compensation, however, the Committee used the market compensation data provided by CBIZ in its review of fiscal 2012 compensation as a reference point, making adjustments as described herein.

When the Committee retained CBIZ, it did not direct CBIZ to perform its services in any particular manner or under any particular method, and all decisions with respect to the named executive officers’ compensation were made by the Committee. The Company has no relationship with CBIZ or its employees other than the relationship undertaken by the Committee for compensation consulting services. Furthermore, the Committee evaluated CBIZ and its employees under the criteria for evaluating the independence of compensation consultants as set forth in the Nasdaq listing rules and has determined that CBIZ and its employees were, and are, independent.

Following its review of the Company’s compensation program in fiscal 2012, CBIZ concluded that the 2012 base salaries (considering the 50th percentile of the market-competitive compensation data) among the executive positions were above the 2011 market median. However, CBIZ also concluded that the total compensation for the named executive officers was below the 2011 market-competitive compensation data’s 50th percentile due to below-market long-term incentive values.

The mix of the Company’s cash and non-cash compensation and short- and long-term compensation is not subject to a specific policy. Instead, the Compensation Committee considers the Peer Group’s compensation data in light of the Company’s compensation philosophies and objectives outlined above, as well as corporate and individual performance, and makes gradual changes over time as necessary to further these compensation goals. The methodology provides for the Chief Executive Officer to make recommendations to the Compensation Committee regarding proposed salary changes, bonuses and equity compensation awards, if any, for each executive officer other than himself. The Chief Executive Officer also recommends the Company-wide performance goals on which part of each officer’s total compensation is based, as well as the individual performance goals for all executive officers. The Compensation

Committee considers these recommendations from the Chief Executive Officer, as well as other factors it believes are relevant, and determines the compensation packages of the executive officers.

17

Elements of Compensation

Base Salary. As noted above, the Compensation Committee bases salary decisions on a combination of Company and individual performance and Peer Group salary ranges. Company performance is based on the achievement of the Company's goals as set forth in its annual financial plan, which is discussed in further detail below. The Compensation Committee establishes specific individual performance objectives for purposes of determining salary increases, but bases its decisions on its evaluation of (i) each named executive officer's general performance over the prior fiscal year, taking into consideration the accomplishment scores each receive, as more fully described below; (ii) the scope of each officer's duties and responsibilities; (iii) each officer's experience and expertise; and (iv) the Peer Group range data for similar positions. The Compensation Committee seeks input from Mr. Hable in evaluating the named executive officers other than himself.

When evaluating competitiveness, the Compensation Committee evaluates the salaries of officers with similar positions at the Peer Group companies. As noted above, in reviewing comparative data, the Compensation Committee does benchmark to the 50th percentile for the purpose of establishing salary levels, but will make adjustments depending on the factors listed above. In the Compensation Committee's view, this external data provides insight into competitiveness, but is not an appropriate single factor in determining base salaries. Rather, the Compensation Committee, as noted above, generally considers overall performance of the Company and the named executive officers' accomplishment scores on the functional and personal objectives (described below) when making compensation decisions for base salary adjustments.

The base salaries of each of Messrs. Hable, Malis, Fanning and Stroisch and Ms. Boone in fiscal 2013 are reflected in the Summary Compensation Table and were determined according to the methodology discussed above, based in part on the Peer Group data provided by CBIZ for fiscal 2012 compensation. Because the Peer Group data provided by CBIZ is based on the compensation paid by our Peer Group in fiscal 2011, the fiscal 2013 salaries of the Company's named executive officers fall above the 50th percentile in the Peer Group range.

<u>Name</u>	Fiscal 2013 Salary	2011 Peer Group Range (25th to 75th Percentile)		Percentile in 2011 Peer Group Range	
David M. Hable	\$410,800	\$311,266	\$448,789	50% to 75%	
Jerry L Malis	\$283,832	\$189,161	\$247,574	>75	%
Pamela G. Boone	\$280,779	\$197,969	\$264,160	>75	%
Jason J. Stroisch	\$260,000	\$170,310	\$226,934	>75	%
Michael Fanning	\$222,485	\$146,572	\$206,787	>75	%

Bonus Compensation. The Compensation Committee and Company management believe the establishment of clear objectives with periodic measurement of results is an effective method for focusing resources, communicating mission and strategy for the period, and in determining the individual named executive officer's contribution to the achievement of Company goals. Accordingly, the Company implemented a method for establishing clear, measurable objectives for the named executive officers, divided into two categories:

- Company-wide objectives, and
- Functional and personal development objectives.

Bonuses earned in fiscal 2013 were not calculable as of the latest practicable date prior to the filing and mailing of this Proxy Statement. However, in determining the fiscal 2013 bonuses, the Committee intends to consider both Company-wide objectives and each named executive officer's functional and personal development objectives.

Company-wide objectives will be weighted as 60% of the cash bonus opportunity, and the functional and personal development objectives will be weighted as 40% of the cash bonus opportunity. Each year, the Compensation Committee establishes the Company-wide objectives and the functional and personal objectives for the executive officers with input from the Chief Executive Officer.

18

Company-wide goals are recommended to the Board of Directors by management at reasonable levels each year to motivate the named executive officers to succeed and focus on both short- and long-term Company objectives. Target goals are designed to be reasonable and as such, the Committee believes that bonuses are deserved if an executive achieves greater than 90% of their cumulative Company-wide and functional and personal objectives.

Company-wide objectives established for fiscal 2013 were:

- Sales of approximately \$66 million;
- Gross Profit of approximately \$40 million;
- Gross Margin of approximately 60%;
- Operating Income of approximately \$12 million; and
- Earnings per Share of \$0.30.

In 2013, each of these four Company-wide objectives was equally weighted at 25% of the overall Company-wide goals. In 2013, the Company-wide goals were 61% achieved. Based upon this performance relative to Company-wide objectives, fiscal 2013 bonuses will be minimal.

Pursuant to the bonus program in place for fiscal 2013, the total score for the Company-wide goals will be weight-averaged (at 60% weight) with the functional and personal goals (at 40% weight). The functional and personal developmental goals for each named executive officer include projects within each of their functional areas of the Company and individual growth goals.

Accomplishments at the end of the period are compared to objectives set at the beginning of the period with “scoring” of each objective relative to 100% accomplishment of the objective. The scores for each category are then averaged, and the average score is translated to a percentage of base salary in accordance with the following scale. The Committee has discretion to adjust the final payouts for percentages which fall within the table:

Average Accomplishment Score	Named Executives' Percentage of Base Salary
91%	1.5%
92%	3.0%
93%	4.5%
94%	6.0%
95%	7.5%
96%	9.0%
97%	10.5%
98%	12.0%
99%	13.5%
100%	15.0%
101-105%	17.5%
106-110%	20%
110-120%	25%
120-130%	30%

As noted above, the final bonus amounts for each of the named executive officers are not calculable as of the latest practicable date prior to the filing and mailing of this Proxy Statement. The Compensation Committee is in the process of evaluating each named executive officer's accomplishment scores in light of the Company-wide achievements and intends to make its final determinations no later than November 30. Given the achievement level of the Company-wide objectives, the Compensation Committee expects to award minimal bonuses. Per the instructions to Item 402 of Regulation S-K, the Company will file a Form 8-K reporting the bonuses awarded to each named executive officer.

The Compensation Committee retains full discretion in awarding bonuses to the named executive officers, including by adjustment of the amounts to be received as calculated under this methodology.

Equity Awards. The Compensation Committee grants equity-based compensation as part of the executive officers compensation. The Committee targets the value of annual equity awards to fall within the 50th percentile of the Company's market competitive compensation data and has the discretion to award both options and restricted stock.

Pursuant to the Company's Amended and Restated 2001 Stock and Performance Incentive Plan (the "2001 Stock and Performance Incentive Plan"), employees, including our executive officers, of, and consultants and advisors to, our Company and its subsidiaries are eligible to receive awards of incentive and non-statutory stock options, restricted stock and unrestricted Common Stock. While the Compensation Committee considers the recommendations of management, the Compensation Committee has the exclusive authority and sole discretion to administer the 2001 Stock and Performance Incentive Plan, including the power to determine eligibility, the types and sizes of awards, the price and timing of awards and the acceleration or waiver of any vesting restriction, subject to the limitations set forth in the 2001 Stock and Performance Incentive Plan.

Pursuant to the terms of the 2001 Stock and Performance Incentive Plan, stock options with respect to no more than 100,000 shares of Common Stock may be granted to any individual participant during any one calendar year period. Options granted pursuant to the 2001 Stock and Performance Incentive Plan are subject to the terms of the option agreement related to the specific grant; provided, however, that (i) the term of any incentive stock option granted to a non-10% stockholder of the Company pursuant to the 2001 Stock and Performance Incentive Plan may be no more than 10 years from the date of grant, and (ii) the term of any incentive stock option granted to a 10% stockholder of the Company pursuant to the 2001 Stock and Performance Incentive Plan may be no more than five years from the date of grant.

Incentive stock options must be granted at no less than the fair market value of the Company's Common Stock on the grant date; provided, however, that incentive stock options granted to 10% stockholders must be granted at no less than 110% of such fair market value. Non-statutory stock options must be granted at no less than 85% of the fair market value of the Company's Common Stock on the date of grant.

Generally, to the extent that an optionee's employment with the Company is terminated other than for cause, the optionee may, but only within 90 days (or such other period of time as determined by the Board of Directors) after such date of termination, but in no event later than the expiration date of the option as set forth in the respective option agreement, exercise his or her options to the extent the optionee was entitled to exercise the option at the date of termination.

Pursuant to the terms of the 2001 Stock and Performance Incentive Plan, restricted stock awards may also be granted. Restricted stock awards are subject to such restrictions and conditions as the Compensation Committee determines. Such conditions may be based on continuing employment and/or achievement of pre-established performance goals and objectives. If the recipient violates any of the restrictions during the period specified by the Committee or the performance standards fail to be satisfied, the restricted stock is forfeited.

Other Employment Benefits. The named executive officers are provided with a limited number of de minimus perquisites and are eligible to participate in the Company's health, 401(k) and other benefit plans available generally to all Company employees on the same terms as all Company employees.

20

Severance and Other Post-Termination Benefits. Each of Messrs. Hable, Malis, Fanning and Stroisch and Ms. Boone have change in control agreements with the Company. The change in control agreements provide that if employment is terminated within one year for cause or disability following a change in control (as each term is defined in the change in control agreements), as a result of the officers' death, or by the officer other than as an involuntary termination (as defined in the change in control agreements), the Company shall pay the officer all compensation earned or accrued through his or her employment termination date, including (i) base salary; (ii) reimbursement for reasonable and necessary expenses; (iii) vacation pay; (iv) bonuses and incentive compensation; and (v) all other amounts to which they are entitled under any compensation or benefit plan of the Company ("Standard Compensation Due").

If the officer's employment is terminated within one year following a change in control without cause and for any reason other than death or disability, including an involuntary termination, and provided the officer enters into a separation agreement within 30 days of his or her employment termination, he or she shall receive the following: (i) all Standard Compensation Due and any amount payable as of the termination date under the Company's objectives-based incentive plan, the sum of which shall be paid in a lump sum immediately upon such termination; and (ii) an amount equal to one times his or her annual base salary at the rate in effect immediately prior to the change in control, to be paid in 12 equal monthly installments beginning in the month following his or her employment termination. Furthermore, all of the officer's awards of shares or options shall immediately vest and be exercisable for one year after the date of his or her employment termination.

Impact of Tax Treatments of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a publicly held corporation will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). In general, stock options and restricted stock granted under our 2001 Stock and Performance Incentive Plan are intended to qualify under and comply with the "performance based compensation" exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such stock options. The Compensation Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering our compensation programs.

Report of the Compensation Committee

Based upon such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

CHANGE IN CONTROL AGREEMENTS

Each of Messrs. Hable, Malis, Fanning and Stroisch and Ms. Boone have entered into change in control agreements with the Company. The change in control agreements have rolling one-year terms and expire 30 days after the executive's employment is terminated. Payments to which the executive is due under the change in control agreement are not subject to reduction in the event he or she receives other compensation for services rendered after termination of employment, and the executive is under no duty to mitigate any payments.

The change in control agreements provide that if the executive's employment is terminated within one year following a change in control for cause or disability (as both are defined in the change in control agreement), as a result of his or her death or by the executive other than as Involuntary Termination (as defined in the change in control agreement), the Company shall pay to the executive all compensation earned or accrued through the employment termination date, including (i) base salary; (ii) reimbursement for reasonable and necessary expenses; (iii) vacation pay; (iv) bonuses and incentive compensation; and (v) all other amounts to which he or she is entitled under any compensation or benefit plan of the Company ("Standard Compensation Due").

If Messrs. Hable, Malis, Fanning or Stroisch or Ms. Boone is terminated within one year following a change in control without cause and for any reason other than death or disability, including involuntary termination, and provided the executive enters into a separation agreement within 30 days of the employment termination, the executive shall receive an amount equal to the sum of the following: (i) all Standard Compensation Due; (ii) an amount equal to one times the annual base salary at the rate in effect immediately prior to the change in control; and (iii) any amount payable as of the termination date under the Company's objectives-based incentive plan. Such amount shall be paid in 12 equal monthly installments beginning in the month after such termination. Furthermore, all awards of shares or options shall immediately vest and be exercisable for one year after the date of involuntary employment termination.

As defined in the change in control agreement, a “change in control” means: (i) the acquisition by any person (as defined in the change in control agreement) of securities of the Company representing 51% or more of the combined voting power of the Company’s outstanding voting securities; (ii) a change in the composition of the Board of Directors of the Company such that during any period of up to two consecutive years, individuals who constitute members of the Board of Directors at the beginning of the period cease to constitute the majority thereof; and (iii) the closing of certain mergers or consolidations of the Company with any other corporation.

26

The table below presents potential payments to each of our named executive officers as if the officer's employment had been terminated as of July 31, 2013, the last day of fiscal 2013, within one year following a change in control without cause and for any reason other than death or disability, including involuntary termination, and provided the executive enters into a separation agreement within 30 days of the employment termination.

<u>Named Executive Officer</u>	Salary	Stock Compensation	Total
David M. Hable	\$410,800	\$ 429,365	\$840,165
Jerry L. Malis	\$283,832	\$ 172,086	\$455,918
Pamela G. Boone	\$280,779	\$ 393,723	\$674,502
Michael R. Fanning	\$222,485	\$ 237,413	\$459,898
Jason J. Stroisch	\$260,000	\$ 251,253	\$511,253

If any named executive officer was terminated within one year following a change in control for cause, disability, death or by the executive other than as involuntary termination, the executive officer would be entitled to their Standard Compensation Due, all of which would have been accrued as of July 31, 2013 except for bonuses. Bonuses due to the named executive officers as of July 31, 2013 were not calculable as of the latest practicable date prior to the filing and mailing of this Proxy Statement. Pursuant to the instructions to Item 402 of Regulation S-K, a reasonable estimate of the bonuses that each named executive officer would have been due if the triggering termination event had occurred on July 31, 2013 would be as follows: Mr. Hable -- \$35,550, Dr. Malis -- \$23,653, Ms. Boone -- \$18,176, Mr. Fanning -- \$11,178 and Mr. Stroisch -- \$18,750 as determined by the Compensation Committee. In determining whether to approve or ratify a particular transaction, the Nominating and Corporate Governance Committee will take into account any factors it deems relevant.

The Board of Directors may terminate, amend or modify the Second Amended 2001 Stock and Performance Incentive Plan at any time. However, stockholder approval is required for any amendment to the extent necessary or desirable to comply with any applicable law, regulation or stock exchange rule.

Federal Income Tax Consequences

Options

The grant of a stock option (either an incentive stock option or a non-qualified/nonstatutory stock option) is not expected to result in any taxable income for the recipient or optionee.

No taxable income is realized by the optionee upon the exercise of an incentive stock option. If stock is issued to the optionee pursuant to the exercise of an incentive stock option, and if no disqualifying disposition of such shares is made by such optionee within two years after the date of grant or within one year after the transfer of such shares to such optionee, then (1) upon the sale of such shares, any amount realized in excess of the option price will be taxed to such optionee as a long-term capital gain and any loss sustained will be a long-term capital loss, and (2) the Company will not be entitled to a deduction for federal income tax purposes.

If the stock acquired upon the exercise of an incentive stock option is disposed of prior to the expiration of either holding period described above, generally (1) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares at exercise (or, if less, the amount realized on the disposition of such shares) over the option price paid for such shares, and (2) the Company will be entitled to deduct such amount for federal income tax purposes if the amount represents an ordinary and necessary business expense. Any further gain (or loss) realized by the optionee will be taxed as short-term or long-term capital gain (or loss), as the case may be, and will not result in any deduction by the Company.

Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of the Company's Common Stock acquired on the date of exercise over the exercise price, and the Company generally will be entitled at that time to an income tax deduction for the same amount included in the optionee's income.

The tax consequence upon a disposition of shares acquired through the exercise of a non-qualified stock option will depend on how long the shares have been held. Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under a non-qualified stock option.

Restricted Stock

Recipients of grants of restricted stock generally will be required to include as ordinary income the fair market value of the restricted stock at the time it is no longer subject to a substantial risk of forfeiture. However, an owner of restricted stock who makes a Section 83(b) election pursuant to Section 83(b) of the Internal Revenue Code ("83(b) Election") within 30 days of the date of grant of the restricted stock will incur taxable ordinary income on the date of grant equal to the fair market value of such shares of restricted stock (determined without regard to forfeiture restrictions). With respect to the sale of shares after the forfeiture restrictions have expired, the holding period to determine whether the award recipient has long-term or short-term capital gain or loss generally begins when the restrictions expire, and the tax basis for such shares will generally be based on the fair market value of the shares on that date. However, if the owner made an 83(b) Election as described above, the holding period commences on the date of such election, and the tax basis will be equal to the fair market value of the shares on the date of the election (determined without regard to the forfeiture restrictions on the shares). Dividends, if any, that are paid or accrued while the restricted stock is subject to a substantial risk of forfeiture will also be taxed as ordinary income. The Company will be entitled to an income tax deduction equal to amounts the award holder includes in ordinary income at the time of such income inclusion.

Other Stock Grants

As to other grants of shares of the Company's Common Stock made under the Second Amended 2001 Stock and Performance Incentive Plan not subject to a substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to the excess of (1) the fair market value of the shares received (determined as of the date of receipt) over (2) the amount (if any) paid for the shares by the holder of the award. The Company generally will be entitled at that time to an income tax deduction for the same amount.

Performance Awards

Recipients of grants of performance awards will generally not incur any federal income tax liability at the time the awards are granted. Award holders will recognize ordinary income equal to (1) the amount of cash received under the terms of the award or, as applicable, (2) the fair market value of the shares received (determined as of the date of receipt) under the terms of the award. Cash or shares to be received pursuant to a performance award generally become payable when applicable forfeiture restrictions lapse; provided, however, that, if the terms of the award so provide, payment may be delayed until a later date to the extent permitted under applicable tax laws. The Company will be entitled to an income tax deduction for any amounts included by the award holder as ordinary income. For

awards that are payable in shares, a participant's tax basis is equal to the fair market value of the shares at the time the shares become payable. Upon the sale of the shares, appreciation (or depreciation) after the shares are paid is treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

30

Income Tax Deduction

Subject to the usual rules concerning reasonable compensation, including the Company's obligation to withhold or otherwise collect certain income and payroll taxes, and assuming that, as expected, stock options and certain other awards paid under the Second Amended 2001 Stock and Performance Incentive Plan are "qualified performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code and Treasury Regulations promulgated thereunder, the Company generally will be entitled to a corresponding income tax deduction at the time a participant recognizes ordinary income from awards made under the Second Amended 2001 Stock and Performance Incentive Plan.

Special Rules for Executive Officers and Directors Subject to Section 16 of the Exchange Act

Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, shares received through exercise of a non-qualified option or an incentive stock option, and any shares of restricted stock that vest, may be treated as restricted property for purposes of Section 83 of the Internal Revenue Code if the recipient has had a non-exempt acquisition of shares of the Company's Common Stock within the six months prior to the exercise or vesting. Accordingly, the amount of any ordinary income recognized and the amount of the Company's income tax deduction will be determined as of the end of that period (unless an 83(b) Election is made by the recipient to recognize income as of the date the shares are received).

Section 409A of the Internal Revenue Code

The Second Amended 2001 Stock and Performance Incentive Plan contains provisions intended to prevent adverse tax consequences under Section 409A of the Internal Revenue Code to holders of awards granted under the Second Amended 2001 Stock and Performance Incentive Plan.

New Plan Benefits

No awards made under the 2001 Stock and Performance Incentive Plan prior to the date of the 2013 Annual Meeting have been made subject to stockholder approval of the Second Amended 2001 Stock and Performance Incentive Plan. The number and types of awards that will be granted under the Second Amended 2001 Stock and Performance Incentive Plan in the future are not determinable, as the Compensation Committee will make these determinations in its sole discretion.

The Company is asking its stockholders to ratify the selection of UHY as the Company's independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of UHY to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in the best interests of the Company and its stockholders.

OTHER MATTERS

Management does not know of any other business that may be considered at the Annual Meeting. However, if any matters other than those referred to above should properly come before the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment.

The Company will bear the costs of its solicitation of proxies. In addition to the use of the mails, proxies may be solicited by electronic mail, personal interview, telephone, telegram and telefax by the directors, officers and employees of the Company. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and the Company may reimburse such custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

ANNUAL REPORT ON FORM 10-K

Along with mailing the proxy materials, we have included a copy of our Annual Report on Form 10-K for the fiscal year ended July 31, 2013. We will provide stockholders with additional copies of our Annual Report on Form 10-K for the fiscal year ended July 31, 2013, without charge, upon written request to Pamela G. “HOUSEHOLDING” OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our Common Stock, they should submit a written request to our transfer agent, American Stock Transfer & Trust Company, 6201 15th Avenue, Brooklyn, New York 11219.

To delist yourself from householding in the future you may write the Company at 3845 Corporate Centre Drive, O'Fallon, Missouri 63368, Attention: Pamela G. Boone or call (636) 939-5100. Upon written or oral request directed to the Company at the address or phone number listed above, we will deliver promptly a separate copy of the proxy materials.

The Plan Administrator may revoke or amend the terms of such a delegation at any time, but such revocation shall not invalidate prior actions of the Chief Executive Officer that were consistent with the terms of the Plan.

6. Eligibility.

(a) Officers, Employees and Consultants of the Company or its Subsidiaries who, in the opinion of the Plan Administrator, are mainly responsible for the continued growth and development and future financial success of the business shall be eligible to participate in the Plan.

7. Stock Options.

(a) Options granted pursuant to the Plan may be either Options which are Incentive Stock Options or Nonstatutory Stock Options. Incentive Stock Options and Nonstatutory Stock Options shall be granted separately hereunder. The Plan Administrator, shall determine whether and to what extent Options shall be granted under the Plan and whether such Options granted shall be Incentive Stock Options or Nonstatutory Stock Options; provided, however, that: (i) Incentive Stock Options may be granted only to Employees of the Company or any Subsidiary; and (ii) no Incentive Stock Option may be granted following the tenth (10th) anniversary of the effective date of the Plan. The provisions of the Plan and any Option Agreement pursuant to which Incentive Stock Options shall be issued shall be construed in a manner consistent with Section 422 of the Code (or any successor provision) and rules and regulations promulgated thereunder.

(b) To the extent that Options designated as Incentive Stock Options (under all plans of the Company or any Parent or Subsidiary) become exercisable by a Participant for the first time during any calendar year for Common Stock having a Fair Market Value greater than One Hundred Thousand Dollars (\$100,000), the portion of such Options which exceeds such amount shall be treated as Nonstatutory Stock Options. For purposes of this Section 7, Options designated as Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of Common Stock shall be determined as of the time the Option with respect to such Common Stock is granted. If the Code is amended to provide for a different limitation from that set forth in this Section 7, such different limitation shall be deemed incorporated herein effective as of the amendment date and with respect to such Options as required or permitted by such amendment to the Code. If an Option is treated as an Incentive Stock Option in part and as a Nonstatutory Stock Option in part by reason of the limitation set forth in this Section 7, the Participant may designate which portion of such Option the Participant is exercising. In the absence of such designation, the Participant shall be deemed to have exercised the Incentive Stock Option portion of the Option first. Separate certificates representing each such portion shall be issued upon the exercise of the Option.

8. Term of Plan. The Plan shall become effective on January 16, 2001, provided the Plan has been previously adopted by the Board and approved by the stockholders of the Company as described in Section 24 of the Plan. The Plan shall remain in effect until terminated under Section 20 of the Plan.

9. Term of Options. The term of each Option shall be the term stated in the Option Agreement; provided, however, that in the case of an Incentive Stock Option, the term shall be no more than ten (10) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement. In the case of an Incentive Stock Option granted to an Optionee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement.

10. Option Exercise Price and Consideration.

- (a) The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be such price as is determined by the Board, but shall be subject to the following:

39

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option granted to any person, the per Share exercise price shall be no less than eighty-five percent (85%) of the Fair Market Value per Share on the date of grant.

(b) The Option exercise price of each share purchased pursuant to an Option shall be paid in full at the time of each exercise of the Option: (i) in cash; (ii) by check; (iii) by cash equivalent; (iv) by delivering to the Company a notice of exercise with an irrevocable direction to a broker-dealer registered under the Exchange Act to sell a sufficient portion of the shares and deliver the sale proceeds directly to the Company to pay the exercise price; (v) in the discretion of the Plan Administrator, through the delivery to the Company of previously-owned shares of Common Stock having an aggregate Fair Market Value equal to the Option exercise price of the shares being purchased pursuant to the exercise of the Option; provided, however, that shares of Common Stock delivered in payment of the exercise price must have been held by the Participant for at least six (6) months in order to be utilized to pay the exercise price; or (vi) in the discretion of the Plan Administrator, through any combination of the foregoing methods of payment.

11. Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Plan Administrator, including performance criteria with respect to the Company and/or the Optionee, and as shall be permissible under the terms of the Plan.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company through a method of payment allowable under Section 10(b) of the Plan.

Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 167 of the Plan.

(b) Termination of Employment. Except as set forth below, in the event of termination of an Optionee's Continuous Status as an Employee or consulting relationship with the Company (as the case may be), such Optionee may, but only within ninety (90) days (or such other period of time as is determined by the Board, with such determination in the case of an Incentive Stock Option being made at the time of grant of the Option and not exceeding ninety (90) days) after the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise his or her Option to the extent that Optionee was

entitled to exercise it at the date of such termination. To the extent that Optionee was not entitled to exercise the Option at the date of such termination, or if Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.

40

(c) Disability of Optionee. Notwithstanding the provisions of Section 11(b) above, in the event of termination of an Optionee's Continuous Status as an Employee or consulting relationship with the Company (as the case may be) as a result of his or her total and permanent disability (as defined in Section 22(e)(3) of the Code), Optionee may, but only within twelve (12) months from the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise the Option to the extent the Optionee was otherwise entitled to exercise it at the date of such termination. To the extent that Optionee was not entitled to exercise the Option at the date of termination, or if Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.

(d) Death of Optionee.

(i) In the event of the death of an Optionee during the term of Optionee's Continuous Status as an Employee or consulting relationship with the Company (as the case may be), the Option may be exercised, at any time within twelve (12) months following the date of death (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent the Optionee was entitled to exercise the Option at the date of death. To the extent that Optionee was not entitled to exercise the Option at the date of death, or if the Option is not exercised by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance to the extent so entitled within the time specified herein, the Option shall terminate.

(ii) In the event of the death of an Optionee within thirty (30) days after the termination of Optionee's Continuous Status as an Employee or consulting relationship with the Company (as the case may be) pursuant to Section 11(b) above, the Option may be exercised, at any time within six (6) months following the date of death (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent the Optionee was entitled to exercise the Option at the date of death. To the extent that Optionee was not entitled to exercise the Option at the date of death, or if the Option is not exercised by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance to the extent so entitled within the time specified herein, the Option shall terminate.

(e) Termination for Cause or Post-Termination Relationship with Competing Business. Notwithstanding the provisions of Section 11(b) above, in the event of "Termination for Cause" of an Optionee's Continuous Status as an Employee or consulting relationship with the Company (as the case may be), any Option held by the Optionee, whether vested or unvested, shall forthwith terminate. In addition to the immediate forfeiture of all Options upon the occurrence of the events specified in the preceding sentence, Optionee shall automatically forfeit all Shares underlying any exercised portion of an Option for which the Company has not yet delivered the Share certificates, upon refund by the Company of the exercise price paid by the Optionee for such Shares.

12. Restricted Stock Awards.

(a) The Plan Administrator may grant Restricted Stock Awards to any Officer, Employee or Consultant of the Company and its Subsidiaries. A Restricted Stock Award entitles the recipient to acquire shares of Common Stock subject to such restrictions and conditions as the Plan Administrator may determine at the time of grant. Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives.

(b) Upon execution of a written instrument setting forth the Restricted Stock Award and paying any applicable purchase price, a Participant shall have the rights of a stockholder with respect to the Common Stock subject to the Restricted Stock Award, including, but not limited to, the right to vote and receive dividends with respect thereto; provided, however, that Shares of Common Stock subject to Restricted Stock Awards that have not vested shall be

subject to the restrictions on transferability described in Section 12(d) below. Unless the Plan Administrator shall otherwise determine, certificates evidencing the Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 12(c) below.

41

(c) The Plan Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which Restricted Stock shall become vested, subject to such further rights of the Company or its assigns as may be specified in the instrument evidencing the Restricted Stock Award. If the grantee or the Company, as the case may be, fails to achieve the designated goals or the grantee's relationship with the Company is terminated prior to the expiration of the vesting period, the grantee shall forfeit all shares of Common Stock subject to the Restricted Stock Award which have not then vested.

(d) Unvested Restricted Stock may not be sold, assigned transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the written instrument evidencing the Restricted Stock Award.

13. Stock Awards. The Plan Administrator may, in its sole discretion, grant (or sell at a purchase price determined by the Plan Administrator) a Stock Award to any Officer, Employee or Consultant of the Company or its Subsidiaries, pursuant to which such individual may receive shares of Common Stock free of any vesting restrictions (a "Stock Award") under the Plan. Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such individual.

14. Performance Awards.

(a) The Plan Administrator is hereby authorized to grant to any officer or Employee of the Company and its Subsidiaries Performance Awards which are intended to be "qualified performance-based compensation" within the meaning of Section 162(m) of the Code. A Performance Award granted under the Plan may be payable in cash or in Shares (including, without limitation, Restricted Stock). Performance Awards shall, to the extent required by Section 162(m), be conditioned on the achievement of one or more objective performance goals, and such performance goals shall be established by the Plan Administrator within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m).

(b) The performance goals to be used for purposes of a Performance Award shall be chosen by the Plan Administrator, in its sole and absolute discretion, from among the following, either individually, alternatively or in any combination, applied on a corporate, Subsidiary, division, business unit or line of business basis: sales, revenue, costs, expenses, earnings (including one or more of net profit after tax, gross profit, operating profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings), earnings per share, earnings per share from continuing operations, operating income, pre-tax income, operating income margin, net income, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on actual or pro forma assets, net assets, equity, investment, capital and net capital employed), shareholder return (including total shareholder return relative to an index or peer group), stock price, economic value added, cash generation, cash flow, unit volume, working capital, market share, cost reductions, strategic plan development and implementation and objective business criteria that apply to an individual, business unit or Company as a whole. Such goals may reflect absolute entity or business unit performance or a relative comparison to the performance of a peer group of entities or other external measure of the selected performance criteria. Pursuant to rules and conditions adopted by the Plan Administrator during the time period in compliance with Section 162(m), the Plan Administrator may appropriately adjust any evaluation of performance under such goals to exclude the effect of certain events, including any of the following events: asset write-downs; litigation or claim judgments or settlements; changes in tax law, accounting principles or other such laws or provisions affecting reported results; severance, contract termination and other costs related to exiting certain business activities; and gains or losses from the disposition of businesses or assets or from the early extinguishment of debt. The Plan Administrator shall otherwise have the discretion to adjust Performance Awards downward.

(c) Subject to the terms of the Plan and any applicable award agreement, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and

conditions of any Performance Award shall be determined by the Plan Administrator. The Plan Administrator shall also certify in writing that such performance goals have been met prior to payment of the Performance Awards to the extent required by Section 162(m).

42

(d) An Award shall be a Performance Award only if the Plan Administrator consists solely of two or more outside directors within the meaning of Section 162(m) of the Code and regulations promulgated thereunder, or any successor thereto.

15. Withholding Tax Obligations.

(a) Whenever Shares are to be issued under the Plan, the Company shall have the right to require the Participant to remit to the Company an amount sufficient to satisfy applicable federal, state and local tax withholding requirements prior to the delivery of any certificate for Shares; provided, however, that in the case of a Participant who receives an Award of Shares under the Plan which is not fully vested, the Participant shall remit such amount on the first business day following the Tax Date. The "Tax Date" for purposes of this Section 15 shall be the date on which the amount of tax to be withheld is determined. If a Participant makes a disposition of shares acquired upon the exercise of an Incentive Stock Option within either two (2) years after the Option was granted or one (1) year after its exercise by the Participant, the Participant shall promptly notify the Company and the Company shall have the right to require the Participant to pay to the Company an amount sufficient to satisfy federal, state and local tax withholding requirements.

(b) A Participant who is obligated to pay the Company an amount required to be withheld under applicable tax withholding requirements may pay such amount: (i) in cash; (ii) in the discretion of the Plan Administrator, through the delivery to the Company of previously owned Shares having an aggregate Fair Market Value on the Tax Date equal to the tax obligation, provided that the previously owned Shares delivered in satisfaction of the withholding obligations must have been held by the Participant for at least six (6) months; or (iii) in the discretion of the Plan Administrator, through a combination of the procedures set forth in subsections (i) and (ii) of this Section 15(b).

(c) A Participant who is obligated to pay to the Company an amount required to be withheld under applicable tax withholding requirements in connection with either the exercise of a Nonstatutory Stock Option, the receipt of a Restricted Stock Award or Stock Award under the Plan may, in the discretion of the Plan Administrator, elect to satisfy this withholding obligation, in whole or in part, by requesting that the Company withhold Shares otherwise issued to the Participant having a Fair Market Value on the Tax Date equal to the amount of the tax required to be withheld; provided, however, that Shares may be withheld by the Company only if such withheld Shares have vested. Any fractional amount shall be paid to the Company by the Participant in cash or shall be withheld from the Participant's next regular paycheck.

(d) An election by a Participant to have Shares withheld to satisfy federal, state and local tax withholding requirements pursuant to Section 15(c) must be in writing and delivered to the Company prior to the Tax Date.

16. Section 409A. Notwithstanding other provisions of the Plan or any Award agreements thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Committee that, as a result of Section 409A of the Code, payments in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code, the Company will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code; which, if the Participant is a "specified employee" within the meaning of Section 409A, shall be the first day following the six-month period beginning on the date of Participant's termination of employment. The Company shall use commercially reasonable efforts to implement the provisions of this Section 16 in good faith; provided that neither the Company, the Committee nor any of the Company's employees, directors or representatives shall have any liability to Participants with respect to this Section

16.

43

17. Adjustment of Number and Price of Shares.

Any other provision of the Plan notwithstanding:

(a) If, through or as a result of any merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, the outstanding Shares are increased or decreased or are exchanged for a different number or kind of Shares or other securities of the Company, or additional Shares or new or different Shares or other securities of the Company or other non-cash assets are distributed with respect to such Shares or other securities, the Plan Administrator shall make an appropriate or proportionate adjustment in: (i) the number of Options that can be granted to any one individual Participant; (ii) the number and kind of Shares or other securities subject to any then outstanding Awards under the Plan; (iii) the price for each Share subject to any then outstanding Options under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of Shares) as to which such Options remain exercisable; and (iv) the maximum number of Shares that may be issued under the Plan. The adjustment by the Plan Administrator shall be final, binding and conclusive.

(b) In the event that, by reason of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board shall authorize the issuance or assumption of an Option or Options in a transaction to which Section 424(a) of the Code applies, then, notwithstanding any other provision of the Plan, the Plan Administrator may grant an Option or Options upon such terms and conditions as it may deem appropriate for the purpose of assumption of the old Option, or substitution of a new Option for the old Option, in conformity with the provisions of Code Section 424(a) and the rules and regulations thereunder, as they may be amended from time to time.

(c) No adjustment or substitution provided for in this Section 17 shall require the Company to issue or to sell a fractional Share under any Option Agreement or Share award agreement and the total adjustment or substitution with respect to each Option and Share award agreement shall be limited accordingly.

(d) In the case of the dissolution or liquidation of the Company, the Plan and all Awards granted hereunder shall terminate. In the event of such proposed termination, each Participant shall be notified of such termination and shall be permitted to exercise for a period of at least fifteen (15) days prior to the date of such termination all Options held by such Participant which are then exercisable.

(e) In the case of: (i) a merger, reorganization or consolidation in which the Company is acquired by another person or entity (other than a holding company formed by the Company); (ii) the sale of all or substantially all of the assets of the Company to an unrelated person or entity which is not an "affiliate" (as defined in Rule 144 of the Securities Act of 1933, as amended) of the Company; or (iii) the sale of all of the capital stock of the Company to an unrelated person or entity which is not an "affiliate" of the Company (in each case, a "Fundamental Transaction"), all Options shall be assumed or equivalent options shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation. For the purposes of this paragraph, the Options shall be considered assumed if, following the Fundamental Transaction, the Options confer the right to purchase, for each Share subject to the Options immediately prior to the Fundamental Transaction, the consideration (whether stock, cash, or other securities or property) received in the Fundamental Transaction by holders of Common Stock for each Share held on the effective date of the Fundamental Transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Fundamental Transaction was not solely common stock of the successor corporation or its Parent, the Board may, with the consent of the successor corporation and the Participant, provide for the consideration to be received upon the exercise of the Options, for each Share subject to the Options, to be solely common stock of the successor corporation or its Parent equal in Fair Market Value to the per Share consideration received by holders of Common Stock in the Fundamental Transaction.

In the event that such successor corporation does not agree to assume the Options or to substitute equivalent options, the Board shall provide for each Optionee to have the right to exercise all Options then held by such Optionee, including Options which would not otherwise be exercisable. In such event, the Board shall notify each Optionee that such Options shall be fully exercisable for a period of fifteen (15) days from the date of receipt of such notice, and that such Options will terminate upon the expiration of such period.

Notwithstanding anything in the Plan to the contrary, the acceleration of exercisability in this Section shall not occur in the event that such acceleration would, in the opinion of the Company's independent auditors, make the Fundamental Transaction ineligible for pooling of interests accounting treatment and the Company intends to use such treatment with respect to such transaction. The Board shall obtain a written statement from the Company's independent auditors with respect to the effect of accelerated exercisability of outstanding Options prior to providing any Optionee with the notice contemplated by this Section.

(f) In the event that the Company shall be merged or consolidated with another corporation or entity, other than with a corporation or entity which is an "affiliate" of the Company, under the terms of which holders of capital stock of the Company will receive upon consummation thereof a cash payment for each share of capital stock of the Company surrendered pursuant to such transaction (the "Cash Purchase Price"), the Board may provide that all outstanding Options shall terminate upon consummation of such transaction and each Optionee shall receive, in exchange therefor, a cash payment equal to the amount (if any) by which (i) the Cash Purchase Price multiplied by the number of shares of Capital Stock of the Company subject to outstanding options held by such Optionee exceeds (ii) the aggregate exercise price of such Options.

18. **Nontransferability.** A Participant's rights under the Plan, including the right to any Shares or amounts payable may not be assigned, pledged, or otherwise transferred except, in the event of a Participant's death, to the Participant's designated beneficiary or, in the absence of such a designation, by will or by the laws of descent and distribution; provided, however, that the Plan Administrator may, in its discretion, at the time of grant of a Nonstatutory Stock Option or by amendment of an Option Agreement for an Incentive Stock Option or a Nonstatutory Stock Option, provide that Options granted to or held by a Participant may be transferred, in whole or in part, to one or more transferees and exercised by any such transferee, provided further that: (i) any such transfer must be without consideration; (ii) each transferee must be a member of such Participant's "immediate family" (as defined below) or a trust, family limited partnership or other estate planning vehicle established for the exclusive benefit of one or more members of the Participant's immediate family; and (iii) such transfer is specifically approved by the Plan Administrator following the receipt of a written request for approval of the transfer; and provided further that any Incentive Stock Option which is amended to permit transfers during the lifetime of the Participant shall, upon the effectiveness of such amendment, be treated thereafter as a Nonstatutory Stock Option. In the event an Option is transferred as contemplated in this Section, such transfer shall become effective when approved by the Plan Administrator and such Option may not be subsequently transferred by the transferee other than by will or the laws of descent and distribution. Any transferred Option shall continue to be governed by and subject to the terms and conditions of this Plan and the relevant Option Agreement, and the transferee shall be entitled to the same rights as the Participant as if no transfer had taken place. As used in this Section, "immediate family" shall mean, with respect to any person, any spouse, child, stepchild or grandchild, and shall include relationships arising from legal adoption.

19. **Termination — Certain Forfeitures.** Notwithstanding any other provision of the Plan to the contrary, a Participant shall have no right to exercise any Option or vest or receive payment of any Restricted Stock Award or Stock Award if the Participant is Terminated for Cause.

20. **Amendment and Termination of the Plan.**

(a) **Amendment and Termination.** The Board may at any time amend, alter, suspend or discontinue the Plan, but no amendment, alteration, suspension or discontinuation shall be made which would impair the rights of any

Optionee under any grant theretofore made, without his or her consent. In addition, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act or with Section 422 of the Code (or any other applicable law or regulation, including the requirements of the NASD or an established stock exchange), the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

45

(b) Effect of Amendment or Termination. Any such amendment or termination of the Plan shall not affect Options already granted and such Options shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Optionee and the Board, which agreement must be in writing and signed by the Optionee and the Company.

21. Conditions Upon Issuance of Shares. Shares shall not be issued pursuant to the any Award under the Plan unless the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

22. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

23. Agreements. Options and Restricted Stock Awards shall be evidenced by written agreements in such form as the Board shall approve from time to time.

24. Stockholder Approval. Continuance of the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such stockholder approval shall be obtained in the degree and manner required under applicable state and federal law.

25. Information to Optionees. The Company shall provide to each Optionee, during the period for which such Optionee has one or more Options outstanding, copies of all annual reports and other information which are provided to all stockholders of the Company. The Company shall not be required to provide such information if the issuance of Options under the Plan is limited to key employees whose duties in connection with the Company assure their access to equivalent information.
