CALCULATION OF REGISTRATION FEE

Title of each class of securities to be registered	Amount to be registered (1)	Proposed maximum offering price per unit (1)	Proposed maximum aggregate offering price (1)	Amount of registration fee
Debt Securities	\$3,000,000,000	100%	\$3,000,000,000	\$386,400 (2)

- (1) Estimated solely for the purpose of calculating the amount of the registration fee pursuant to Rule 457(o) of the Securities Act of 1933, as amended.
- (2) The Registrant previously paid \$409,200 in registration fees in connection with the \$3,000,000,000 of securities registered under its Registration Statement on Form F-10 (File No. 333-188300) initially filed on May 2, 2013, under which only \$2,350,000,000 of the securities were sold. INFORMATION REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

A copy of this preliminary short form base shelf prospectus has been filed with the securities regulatory authorities in each of the provinces of Canada but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary short form base shelf prospectus may not be complete and may have to be amended. The securities may not be sold until a receipt for the short form base shelf prospectus is obtained from the securities regulatory authorities.

This preliminary short form base shelf prospectus has been filed under legislation in each of the provinces of Canada that permits certain information about these securities to be determined after this prospectus has become final and that permits the omission from this prospectus of that information. The legislation requires the delivery to purchasers of a prospectus supplement containing the omitted information within a specified period of time after agreeing to purchase any of these securities. A registration statement relating to these securities has been filed with the U.S. Securities and Exchange Commission, and no securities may be sold until such registration statement becomes effective.

This preliminary short form base shelf prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

No securities regulatory authority has expressed an opinion about these securities and it is an offense to claim otherwise. Information has been incorporated by reference in this prospectus from documents filed with securities regulatory authorities in Canada and filed with, or furnished to, the U.S. Securities and Exchange Commission. (unsecured)

We may from time to time offer and issue one or more series of unsecured debt securities, together referred to as Debt Securities, in an aggregate principal amount of up to US\$3,000,000,000 (or the equivalent in other currencies) or, if any Debt Securities are issued at an original issue discount, such greater amount as shall result in an aggregate issue price of US\$3,000,000,000 (or the equivalent in other currencies), during the 25 month period that this short form base shelf prospectus, including any further amendments hereto, remains valid.

We will provide the specific terms of the Debt Securities in respect of which this prospectus is being delivered in applicable prospectus supplements and may include, where applicable, the specific designation, aggregate principal amount, currency, maturity, interest provisions, authorized denominations, offering price, any terms for redemption at our option or at the option of the holder and any other specific terms. You should read this prospectus and any applicable prospectus supplements carefully before you invest. Debt Securities may consist of debentures, notes or other types of debt and may be issuable in series. of Debt Securities will be set forth in a prospectus supplement.

Investing in the Debt Securities is subject to certain risks. See “Risk Factors” beginning on page 5 of this prospectus.

All information permitted under applicable securities laws to be omitted from this prospectus will be contained in one or more prospectus supplements that will be delivered to purchasers together with this prospectus. We are permitted, under a multijurisdictional disclosure system adopted by the United States and Canada, to prepare this prospectus in accordance with Canadian disclosure requirements, which are different from those of the United States. We currently present our financial statements in accordance with International Financial Reporting Standards, as issued by the International Accounting Standards Board (IFRS). Our consolidated financial statements may not be comparable to financial statements of U.S. companies.

Owning the Debt Securities may have tax consequences in both the United States and Canada. This prospectus and any applicable prospectus supplement may not describe these tax consequences fully. You should consult your own tax advisor with respect to your own particular circumstances and read the tax discussion in this prospectus and any applicable prospectus supplement.

Your ability to enforce civil liabilities under U.S. federal securities laws may be affected adversely because we are incorporated under the laws of the Province of Ontario, Canada. Unless otherwise specified in an applicable prospectus supplement, the Debt Securities will not be listed on any securities or stock exchange or on any automated dealer quotation system. There is no market through which the Debt Securities may be sold and purchasers may not be able to resell the Debt Securities purchased under this prospectus. This may affect the pricing of the Debt Securities in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities, and the extent of issuer regulation. See “Risk Factors.”

THESE DEBT SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES REGULATOR NOR HAS THE U.S. SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES REGULATOR PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. In this prospectus and any prospectus supplement, the words “we,” “us,” “our,” “our company” and “Thomson Reuters” refer to Thomson Reuters Corporation and its consolidated subsidiaries, unless the context requires otherwise. Unless otherwise indicated, references in this prospectus and any prospectus supplement to “\$”, “US\$”, or “dollars” are to U.S. dollars, and references to “C\$” are to Canadian dollars.

This prospectus is part of the registration statement on Form F-10 relating to the Debt Securities that we filed with the U.S. Securities and Exchange Commission, or SEC. Under this “shelf” registration process, we may, from time to time, sell any combination of Debt Securities in one or more offerings up to an aggregate principal amount of US\$3,000,000,000. This prospectus provides you with a general description of the Debt Securities that we may offer. Each time we sell Debt Securities under the registration statement, we will provide a prospectus supplement that will contain specific information about the terms of that offering of Debt Securities. The prospectus supplement may also add, update or change information contained in this prospectus. Before you invest, you should read both this prospectus and any applicable prospectus supplement together with additional information described under the heading “Where You Can Find More Information.” This prospectus does not contain all of the information contained in the registration statement, certain parts of which are omitted in accordance with the rules and regulations of the SEC. You should refer to the registration statement and the exhibits to the registration statement for further information with respect to us and the Debt Securities.

We present our financial statements in accordance with IFRS, as issued by the International Accounting Standards Board. Therefore, our consolidated financial statements in any applicable prospectus supplement and in the documents incorporated by reference in this prospectus, may not be comparable to financial statements prepared in accordance with U.S. generally accepted accounting principles. Our financial statements are audited in accordance with Canadian generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board, as well as Canadian and U.S. securities regulatory auditor independence standards.

WHERE YOU CAN FIND MORE INFORMATION

Information has been incorporated by reference in this prospectus from documents filed with the securities regulatory authorities in Canada and filed with, or furnished to, the SEC in the United States. Copies of the documents incorporated by reference in this prospectus may be obtained upon written or oral request without charge from Thomson Reuters, Attention: Investor Relations Department, 3 Times Square, New York, New York 10036, United States (telephone: 646-223-4000).

You may also access our disclosure documents and any reports, statements or other information that we file with the securities regulatory authorities in each of the provinces of Canada through the Internet on the Canadian System for Electronic Document Analysis and Retrieval, which is commonly known by the acronym SEDAR and which may be accessed at www.sedar.com. SEDAR is the Canadian equivalent of the SEC’s Electronic Document Gathering and Retrieval System, which is commonly known by the acronym EDGAR and which may be accessed at www.sec.gov. In addition to our continuous disclosure obligations under the securities laws of the provinces of Canada, we are subject to the information requirements of the U.S. Securities Exchange Act of 1934, as amended, or the Exchange Act, and, in accordance with the Exchange Act, we file with and furnish to the SEC reports and other information.

You may read or obtain copies, at a fee, of any document we file with or furnish to the SEC at the SEC’s public reference room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 or access its website at www.sec.gov for further information on the public reference room. Information incorporated by reference is an important part of this prospectus. Information incorporated by reference must be filed as exhibits to the registration statement on Form F-10 that we have filed with the SEC in connection with the Debt Securities.

ENFORCEABILITY OF CIVIL LIABILITIES

Thomson Reuters Corporation is a corporation incorporated under and governed by the Business Corporations Act (Ontario), or the OBCA. The controlling shareholder of Thomson Reuters and some of our directors and officers, as well as certain of the experts named in this prospectus and the documents incorporated by reference into this prospectus, are non-U.S. residents and all or a substantial portion of their assets and a substantial portion of our assets are located outside of the United States. It may be difficult for holders of Debt Securities to effect service within the United States upon our controlling shareholder and our directors and officers and the experts named in this prospectus and any documents incorporated by reference into this prospectus who are not residents of the United States or to enforce against them in the United States judgments of courts of the United States predicated upon civil liability under United States federal securities laws. We believe that a monetary judgment of a United States court predicated solely upon civil liability under United States federal securities laws would likely be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction in the matter that was recognized by a Canadian court for such purposes. We cannot assure you that this will be the case. It is less certain that an action could be brought in Canada in the first instance on the basis of liability predicated solely upon such laws.

A prospectus supplement containing the specific terms of any Debt Securities will be delivered, together with this prospectus, to purchasers of such Debt Securities and will be deemed to be incorporated into this prospectus for the purposes of securities legislation as of the date of such prospectus supplement, but only for the purposes of the distribution of the Debt Securities to which such prospectus supplement pertains.

You should rely only on the information contained in or incorporated by reference in this prospectus or any applicable prospectus supplement and on the other information included in the registration statement of which this prospectus forms a part. We have not authorized anyone to provide you with different or additional information. We are not making an offer of Debt Securities in any jurisdiction where the offer is not permitted by law. You should not assume that the information contained in or incorporated by reference in this prospectus or any applicable prospectus supplement is accurate as of any date other than the date on the front of the applicable prospectus supplement.

These factors and other risk factors described herein, including under the section of this prospectus entitled “Risk Factors,” and in some of the documents incorporated by reference in this prospectus represent risks that our management believes are material. You are cautioned not to place undue reliance on forward-looking statements, which reflect expectations only as of the date of this prospectus. Except as may be required by applicable law, we disclaim any intention or obligation to update or revise any forward-looking statements. Additional factors are discussed in our materials filed with the securities regulatory authorities in Canada and filed with, or furnished to, the SEC from time to time, including our annual information form for the year ended December 31, 2012, which is contained in our annual report on Form 40-F for the year ended December 31, 2012, and the other documents incorporated by reference herein.

RISK FACTORS

Investing in the Debt Securities is subject to certain risks. Before purchasing Debt Securities, you should consider carefully the risk factors set forth below and those under the heading “Risk Factors” in our annual information form, which is contained in our annual report on Form 40-F for the year ended December 31, 2012 (and our annual information forms for subsequent years), as well as the other information contained in and incorporated by reference in this prospectus (including subsequently filed documents incorporated by reference) and, if applicable, those described in the applicable prospectus supplement. If any of the events or developments discussed in these risks actually occur, our business, financial condition or results of operations or the value of the Debt Securities could be adversely affected.

Risks Relating to the Debt Securities

Fluctuations in exchange rates could give rise to foreign currency exposure.

Debt Securities denominated or payable in foreign currencies may entail significant risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency market, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending on the currency or currencies involved. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in Debt Securities denominated in currencies other than the local currency. Debt Securities are not an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

Credit ratings assigned to Debt Securities may change.

We cannot assure you that any credit rating assigned to Debt Securities issued hereunder will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency. A lowering or withdrawal of such rating may have an adverse effect on the market value of the Debt Securities.

There may not be a trading market for the Debt Securities.

There is currently no market through which the Debt Securities may be sold and you may not be able to resell the Debt Securities issued hereunder. We cannot assure you that a secondary market for trading in the Debt Securities will develop or that any secondary market which does develop will continue.

The Debt Securities will be subordinated to creditors of our subsidiaries.

We conduct our operations through a number of subsidiaries and to the extent any such subsidiary has or incurs indebtedness with a third party, the holders of the Debt Securities will effectively be subordinated to the claims of the holders of such third party indebtedness, including in the event of liquidation or upon a realization of the assets of any such subsidiary.

We have made only limited covenants in the trust indenture governing the Debt Securities and these limited covenants may not protect your investment.

The trust indenture governing the Debt Securities does not:

require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flows or liquidity and, accordingly, does not protect holders of the Debt Securities in the event that we experience significant adverse changes in our financial condition or results of operations;

Table of Contents

- limit our ability to incur indebtedness that is equal in right of payment to the Debt Securities;
- restrict our ability to transfer assets within Thomson Reuters;
- restrict our ability to repurchase our shares;

~~restrict our ability to make investments or to pay dividends or make other payments in respect of our shares or other securities ranking junior to the Debt Securities; or~~

~~necessarily afford holders of Debt Securities protection should we be involved in a transaction that significantly increases our leverage.~~

The trust indenture governing the Debt Securities contains only limited protections in the event of many types of transactions that we could engage in, including acquisitions, refinancings, dispositions, recapitalizations, restructurings or other reorganizations or material strategic transactions that could substantially affect our capital structure and the value of the Debt Securities. If any such transaction should occur, the value of your Debt Securities may decline.

We expect to repay these 2014 maturities for US\$492 million (after related debt swaps).
- Long-term indebtedness – we issued US\$1.5 billion and C\$500 million of debt securities and early redeemed US\$800 million of 2014 debt maturities. We also reclassified the C\$600 million of notes referred to above to current from long-term indebtedness.

- Total debt – reflects a US\$93 million decrease in the carrying value of our Canadian dollar denominated debt due to strengthening of the US dollar against the Canadian dollar.
 - Total shareholders' equity – Net losses for the quarter were \$343 million, which included \$275 million of charges associated with business simplification initiatives and \$406 million of discrete tax charges. We returned \$560 million to our shareholders through dividends and share repurchases. In addition, \$100 million was reflected as a reduction to equity as required under IFRS, in connection with a pre-defined plan with our broker to repurchase shares during our internal blackout from January 1, 2014 to February 12, 2014, the date we announced our full-year and fourth-quarter 2013 results. Lastly, we recognized \$106 million of after tax net remeasurement gains on defined benefit pension plans directly in retained earnings.
- (2) Excludes the effect of related debt swaps, which are included within “Other financial assets – current”, “Other financial assets – non-current” and “Other financial liabilities - non-current” in our unaudited consolidated statement of financial position as at September 30, 2013 and December 31, 2013. If this effect had been included, total debt and total capitalization as at September 30, 2013 and December 31, 2013 would have been lower by \$175 million and \$86 million, respectively.
- (3) The number of common shares issued and outstanding reflects share repurchases (and related cancellations) after December 31, 2013. The cost of these repurchases was approximately \$188 million and has been reflected as reductions to the carrying values of common share capital and retained earnings. Of this amount, \$100 million was reflected as a reduction to equity as at December 31, 2013, as discussed in note 1 above.

INTEREST COVERAGE

The information contained in this section was derived from our unaudited consolidated interim financial statements for the nine months ended September 30, 2013 and our audited consolidated financial statements for the year ended December 31, 2012 and the related management's discussion and analysis for the respective periods, each of which is incorporated by reference in this prospectus and should be read in conjunction with those documents. In addition, we also derived unaudited information in this section for the year ended December 31, 2013 from our news release dated February 12, 2014 with our unaudited full-year and fourth-quarter 2013 results, and should be read in conjunction with that document, which is incorporated by reference in this prospectus.

The following ratios are for the 12 months ended December 31, 2013, September 30, 2013 and December 31, 2012 and give effect to the issuance and repayment of debt during those periods and through March 5, 2014, including our US\$1.5 billion and C\$500 million of debt securities issued in November 2013 and our early redemption in December 2013 of all of our outstanding US\$800 million principal amount of 5.70% notes due October 2014, as if these transactions occurred at the beginning of each period. These ratios do not purport to reflect actual ratios that would have resulted if the transactions had actually occurred on that date, nor are they indicative of ratios for any future periods.

The ratios also reflect our adoption of amendments to IAS 19, Employee Benefits, and IFRS 11, Joint Arrangements, effective January 1, 2013 with retrospective application from January 1, 2012. The preliminary financial data for the 12 months ended December 31, 2013 included in the tables below have been prepared by, and are the responsibility of, our management. PricewaterhouseCoopers LLP has not audited, reviewed, compiled or performed any procedures with respect to the accompanying preliminary financial data for the 12 months ended December 31, 2013. DESCRIPTION OF DEBT SECURITIES

This section describes certain general terms and provisions of the Debt Securities. We will provide the particular terms and provisions of a series of Debt Securities and a description of how the general terms and provisions described below apply to that series in a prospectus supplement. Thus, for a description of the terms of a particular series of Debt Securities, you must refer to both the applicable prospectus supplement relating to that series and the description of the Debt Securities contained in this prospectus.

Unless otherwise specified in a prospectus supplement, the Debt Securities will be issued under an amended and restated trust indenture dated as of December 21, 2010, as may be amended and supplemented from time to time, between Thomson Reuters Corporation, Computershare Trust Company of Canada and Deutsche Bank Trust Company Americas. An indenture is a contract between a financial institution, acting on your behalf as trustee of the Debt Securities, and us. We collectively refer to Computershare Trust Company of Canada and Deutsche Bank Trust Company Americas as the “Trustees” and each Trustee acting in such capacity for a specific series of Debt Securities as a “Trustee.” The trust indenture is subject to the provisions of Trust Indenture Legislation.

This summary information does not purport to be complete and is qualified in its entirety by reference to the provisions of the Debt Securities and the trust indenture, including the definition of certain terms in the trust indenture. It is the trust indenture, and not this summary, that governs the rights of holders of Debt Securities. Capitalized terms that are used in this section and not defined have the meanings assigned to them in the trust indenture. We have defined selected terms at the end of this section. Section references below are to sections of the trust indenture.

General

The trust indenture does not limit the amount of Debt Securities that may be issued under the trust indenture. The trust indenture provides that Debt Securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars or any other currency. We may offer no more than US\$3,000,000,000 (or the equivalent in non U.S. Currency) aggregate principal amount of Debt Securities pursuant to this prospectus. The specific terms of any series of Debt Securities will be established at the time of issuance and will be described in the applicable prospectus supplement. These terms may include, but are not limited to, any of the following:

— the specific designation of the Debt Securities;

— any limit on the aggregate principal amount of the Debt Securities;

~~the~~ date or dates, if any, on which the Debt Securities will mature and the portion (if other than all of the principal amount) of the Debt Securities to be payable upon declaration of acceleration of Maturity;

~~the~~ rate or rates per annum (which may be fixed or variable) at which the Debt Securities will bear interest, if any, the date or dates from which any such interest will accrue, the Interest Payment Dates on which any such interest will be

payable and the Regular Record Dates for any interest payable on the Debt Securities which are in registered form;

~~any~~ mandatory or optional redemption or sinking fund provisions, including the period or periods within which, the price or prices at which and the terms and conditions upon which the Debt Securities may be redeemed or purchased at our option or otherwise;

~~whether~~ the Debt Securities will be issuable in registered form or bearer form or both, and, if issuable in bearer form, the restrictions as to the offer, sale and delivery of the Debt Securities in bearer form and as to exchanges between registered and bearer form;

~~whether~~ the Debt Securities will be issuable in the form of one or more registered global securities and if so the identity of the depository for such registered global securities;

~~the~~ denominations in which any of the Debt Securities will be issuable if other than denominations of US\$1,000 and any multiple thereof;

Table of Contents

~~each office or agency where the principal of and any premium and interest on the Debt Securities will be payable and each office or agency where the Debt Securities may be presented for registration of transfer or exchange;~~

~~if other than U.S. dollars, the foreign currency or the units based on or relating to foreign currencies in which the Debt Securities are denominated and/or in which the payment of the principal of and any premium and interest on the Debt Securities will or may be payable;~~

~~any index pursuant to which the amount of payments of principal of and any premium and interest on the Debt Securities will or may be determined;~~

- any other terms of the Debt Securities, including covenants and additional Events of Default; and
- the identity of the Trustee for a particular series of Debt Securities. (Section 301)

The trust indenture also provides that there may be more than one Trustee under the trust indenture, each with respect to one or more different series of Debt Securities. See “— Resignation of Trustee” below for more information. As there is more than one Trustee under the trust indenture, the powers and trust obligations of each Trustee as described in this prospectus shall extend only to the one or more series of Debt Securities for which it is Trustee. The Debt Securities (whether of one or more than one series) for which each Trustee is acting shall in effect be treated as if issued under separate trust indentures. The term “Debt Securities” as used in this prospectus shall mean the one or more series with respect to which each respective Trustee is acting.

Some or all of the Debt Securities may be issued under the trust indenture as Original Issue Discount Securities (bearing no interest or interest at a rate that at the time of issuance is below market rates) to be issued at prices below their stated principal amounts.

The general provisions of the trust indenture do not contain any provisions that would limit our ability to incur indebtedness or that would afford Holders protection in the event of a highly leveraged or similar transaction involving Thomson Reuters.

Under the trust indenture, we will have the ability, in addition to the ability to issue Debt Securities with terms different from those of other Debt Securities previously issued, without the consent of the Holders, to reopen a previous issue of a series of Debt Securities and issue additional Debt Securities of such series. (Section 301)

Ranking and Other Indebtedness

The Debt Securities will be unsecured obligations of, and will rank equally with all of our other unsecured and unsubordinated obligations.

Form, Denomination, Exchange and Transfer

Debt Securities of a series may be issuable solely as registered Debt Securities issuable in denominations of US\$1,000 and integral multiples of US\$1,000 or in such other denominations as may be provided for by the terms of the Debt Securities of any particular series. The trust indenture also provides that Debt Securities of a series may be issuable in global form, which we refer to as Global Securities. Debt Securities of any series will be exchangeable for other Debt Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. (Section 305)

The Debt Securities may be presented for exchange as described above, and Debt Securities may be presented for registration of transfer (duly endorsed or accompanied by a written instrument of transfer), at the corporate trust office of the Trustee or at the office of any transfer agent designated by us for such purpose with respect to any series of Debt Securities. No service charge will be made for any transfer or exchange of Debt Securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. We may at any time designate one or more successor or additional transfer agents with respect to any series of Debt Securities and may from time to time rescind any such designation. (Section 305) We will be required to maintain a transfer agent in each Place of Payment for such series. (Section 1002)

So long as required by the OBCA, we shall cause to be kept, by our company or a trust corporation registered in Ontario, a central securities register that complies with the requirements of the OBCA. Additionally, we will cause to be recorded promptly in the central securities register maintained pursuant to the OBCA, the particulars of each issue, exchange or transfer of Debt Securities. Unless otherwise provided for in the case of any series of Debt Securities, the Trustee shall maintain at its corporate trust office a branch register containing the same information with respect to each entry contained therein as contained in the central register. In the event of a conflict between the information contained in the central register and the information contained in a branch register, the information contained in the central register shall prevail. (Section 305)

Table of Contents

We shall not be required to:

- issue, register the transfer of, or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before any selection of Debt Securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption;

~~register the transfer of or exchange any Debt Security, or portion thereof, called for redemption, except the unredeemed portion of any Debt Security being redeemed in part; or~~

~~issue, register the transfer of, or exchange any Debt Security which has been surrendered for repayment at the option of the Holder except the portion, if any, of such Debt Security not to be so repaid. (Section 305)~~

Events of Default

The trust indenture provides, with respect to any series of Outstanding Debt Securities thereunder, that the following shall constitute Events of Default:

- (i) default in the payment of any interest upon any Debt Security of that series, when the same becomes due and payable, continued for 30 days;
- (ii) default in the payment of the principal of or any premium on any Debt Security of that series at its Maturity;
- (iii) default in the deposit of any sinking fund or analogous payment when due by the terms of any Debt Security of that series;
- (iv) default in the performance, or breach, of any of our covenants or warranties in the trust indenture (other than a covenant or warranty, a default in whose performance or whose breach is specifically dealt with elsewhere in the trust indenture), continued for 60 days after written notice to us;
- (v) certain events of bankruptcy, insolvency or reorganization; and
- (vi) any other Event of Default provided with respect to the Debt Securities of that series. (Section 501)

No Event of Default provided with respect to a particular series of Debt Securities necessarily constitutes an Event of Default with respect to any other series of Debt Securities. (Section 501) We are required to file with the Trustee, annually, an Officer's Certificate as to our compliance with all conditions and covenants under the trust indenture. (Section 1004) The trust indenture provides that the Trustee may withhold notice to the Holders of Debt Securities of any default (except payment defaults on the Debt Securities) if it considers it in the best interest of the Holders of Debt Securities to do so. (Section 502)

If an Event of Default listed in clause (i), (ii), (iii), (iv) or (vi) of the second preceding paragraph with respect to Debt Securities of a particular series occurs and is continuing, the Trustee or the Holders of not less than 25% in principal amount of Outstanding Debt Securities of that series may declare the Outstanding Debt Securities of that series due and payable immediately. If an Event of Default listed in clause (v) of the second preceding paragraph occurs and is continuing, then the Trustee or the Holders of not less than 25% in principal amount of all Debt Securities then Outstanding may declare the principal amount of all of the Outstanding Debt Securities to be due and payable immediately. However, in either case the Holders of a majority in principal amount of the Outstanding Debt Securities of that series, or of all Outstanding Debt Securities, as the case may be, by written notice to us and the Trustee, may, under certain circumstances, rescind and annul such declaration. (Section 503)

Subject to the provisions relating to the duties of the Trustee, in case an Event of Default with respect to Debt Securities of any or all series occurs and is continuing, the Trustee shall be under no obligation to exercise any of its rights or powers under the trust indenture at the request, order or direction of any of the Holders of such Debt Securities, unless such Holders shall have offered to the Trustee reasonable indemnity against the expenses and liabilities which might be incurred by it in compliance with such request. (Section 508) Subject to such provisions for the indemnification of the Trustee, the Holders of not less than a majority in principal amount of the Outstanding Debt Securities of any series (with respect to any remedy, trust or power relating to or arising under an Event of Default described in clause (i), (ii), (iii), (iv) or (vi) above) or the Holders of a majority in principal amount of all Outstanding Debt Securities (with respect to any other remedy, trust or power), as the case may be, shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee under the trust indenture, or exercising any trust or power conferred on the Trustee. (Section 513)

Table of Contents

The Holders of not less than a majority in principal amount of the Outstanding Debt Securities of any series may on behalf of the Holders of all the Debt Securities of such series waive any past default described in clause (i), (ii), (iii), (iv) or (vi) above (or, in the case of a default described in clause (v) above, the Holders of not less than a majority in principal amount of all Outstanding Debt Securities may waive any such past default) and its consequences, except a default (a) in the payment of the principal of (or premium, if any) or any interest on any Debt Security, or (b) in respect of a covenant or provision that cannot be modified or amended without the consent of the Holder of each Outstanding Debt Security of such series affected thereby. (Section 514)

Negative Pledge

The trust indenture provides that, so long as any Debt Securities are Outstanding, we will not:

create or permit to subsist after knowledge of the existence thereof any mortgage, lien, pledge, encumbrance, conditional sale or other title retention agreement, or other similar security interest, or Security Interest, upon any part of any undertaking or assets to secure any of our Debt; or

— permit any Material Subsidiary to give any Guarantee to secure any of our Debt;

without at the same time or as soon as reasonably practicable thereafter according to the Holders of Debt Securities a ratable and pari passu interest in the same Security Interest or Guarantee, as applicable, but this covenant will not apply to, or operate to prevent:

- (i) any Security Interest for, or any Guarantee by a Material Subsidiary of, any of our Debt, the amount of which, when aggregated with the amount of all of our other Debt then outstanding in respect of which Security Interest or a Guarantee by a Material Subsidiary has been given, excluding any Security Interest or Guarantee given pursuant to the exceptions in subparagraphs (ii) to (iv), would not exceed 10% of Consolidated Shareholders' Equity;
- (ii) any Security Interest on (a) any asset (including shares) acquired or held by us to secure our Debt incurred solely for the purpose of financing the acquisition, construction, research, development or improvement of such asset or (b) shares of a Subsidiary organized solely to acquire any such asset;
- (iii) the assumption by us of any Security Interest in existence on any asset at the time of acquisition thereof, including any such assumption consequent upon any amalgamation, merger, arrangement or other corporate reorganization;
- (iv) our giving a Security Interest (other than on shares or fixed assets) in the ordinary course of our business to any bank or banks or others to secure any of our Debt that is not a Funded Obligation; or
- (v) the extension, renewal or refunding of any Security Interest permitted under subparagraphs (ii) to (iv) to the extent of the principal amount of our Debt secured by and owing under any such Security Interest at the time of such extension, renewal or refunding. (Section 1007)

Modification and Waiver

We and the Trustee may modify and amend the trust indenture with the consent of the Holders of not less than a majority in principal amount of all Outstanding Debt Securities that are affected by such modification or amendment; provided that no such modification or amendment may, without the consent of the Holder of each Outstanding Debt Security affected thereby, among other things:

~~change~~ the Stated Maturity of, the principal of (or premium, if any), or any installment of interest on any such Debt Security;

— reduce the principal amount or the rate of interest on or any premium payable on any Debt Security;

~~change~~ our obligation to pay Additional Amounts provided for pursuant to Section 1005 of the trust indenture, with certain exceptions;

~~reduce~~ the amount of the principal of an Original Issue Discount Security that would be due and payable upon a declaration of acceleration of the Maturity thereof;

— adversely affect any right of repayment at the option of the Holder of any such Debt Security;

~~change~~ the Currency or Place of Payment of principal of, or any premium or interest on, any such Debt Security;

Table of Contents

~~reduce~~ the above-stated percentage of Holders of such Outstanding Debt Securities necessary to modify or amend the trust indenture or to consent to any waiver thereunder (including a waiver of certain defaults); or

— modify the foregoing requirements with certain exceptions. (Section 902)

The Holders of a majority in principal amount of Outstanding Debt Securities affected thereby have the right to waive compliance by us with certain covenants. (Section 1008)

We and the Trustee may modify and amend the trust indenture without the consent of any Holder, for any of the following purposes:

~~to~~ evidence the succession of another Person to Thomson Reuters Corporation as obligor under the trust indenture;

— to add to our covenants for the benefit of the Holders of all or any series of Debt Securities;

— to add additional Events of Default for the benefit of the Holders of all or any series of Debt Securities;

~~to~~ add, change or eliminate any provisions of the trust indenture, provided that any such addition, change or elimination shall become effective only when there are no Debt Securities Outstanding of any series created prior thereto which are entitled to the benefit of such provision or any such addition, change or elimination shall not apply to any Outstanding Debt Security;

~~to~~ secure the Debt Securities pursuant to the provisions described above under “— Negative Pledge” and “— Merger, Consolidation or Amalgamation,” or otherwise;

— to establish the form or terms of Debt Securities of any series;

~~to~~ provide for the acceptance of appointment by a successor Trustee or facilitate the administration of the trusts under the trust indenture by more than one Trustee;

~~to~~ cure any ambiguity, defect or inconsistency in the trust indenture, provided such action does not adversely affect the interests of Holders of Debt Securities of any series in any material respect;

~~to~~ supplement any of the provisions of the trust indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of Debt Securities, provided, however, such action shall not adversely affect the interests of the Holders of any Debt Securities in any material respect; or

~~to~~ comply with Trust Indenture Legislation, provided such action does not adversely affect the interests of Holders of Debt Securities of any series in any material respect. (Section 901)

The trust indenture provides that in determining whether the Holders of the requisite principal amount of Debt Securities of a series then Outstanding have given any request, demand, authorization, direction, notice, consent or waiver thereunder:

~~the~~ principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon acceleration of the maturity thereof;

—

the principal amount of a Debt Security denominated in a Currency or Currencies other than U.S. dollars shall be the U.S. dollar equivalent, determined as of the date such Debt Securities were originally issued, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such Original Issue Discount Security of the amount determined as provided in the first bullet above); and

~~Debt Securities owned by us or any other obligor or affiliate of ours or such other obligor shall be disregarded and not deemed to be Outstanding. (Section 101)~~

Merger, Consolidation or Amalgamation

The trust indenture provides that we may not amalgamate or consolidate with or merge into any other Person and that we may not convey, transfer, sell or lease our properties and assets substantially as an entirety to any Person, unless:

~~the~~ Person formed by such consolidation or amalgamation or into which we are merged or the Person which acquires or leases our properties and assets substantially as an entirety is organized or existing under the laws of any Canadian, United States, United Kingdom or other country that is in the European Community jurisdiction expressly assumes its obligations under the Debt Securities and the trust indenture, and

— certain other conditions are met. (Section 801)

In addition, no such amalgamation, consolidation, merger or transfer may be made if, as a result thereof, any of our property or assets would become subject to any mortgage or other encumbrance securing Debt, unless such mortgage or other encumbrance could be created pursuant to the provisions described under “— Negative Pledge” above without equally and ratably securing the Debt Securities or unless the Debt Securities are secured equally and ratably with, or prior to, the Debt secured by such mortgage or other encumbrance. (Section 803)

Discharge, Defeasance and Covenant Defeasance

We may discharge certain obligations to Holders of any series of Debt Securities issued under the trust indenture which have not already been delivered to the Trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the Trustee trust funds in an amount sufficient to pay the entire indebtedness on such Debt Securities for principal (and premium, if any) and interest to the date of such deposit (if such Debt Securities have become due and payable) or to the Stated Maturity or Redemption Date, as the case may be. (Section 401)

We may, at our option and at any time, elect to have our obligations discharged with respect to the Outstanding Debt Securities of or within any series, which we refer to as defeasance. Defeasance means that we shall be deemed to have paid and discharged the entire indebtedness represented by such Outstanding Debt Securities and to have satisfied our other obligations under the trust indenture with respect to such Debt Securities, except for:

~~the~~ rights of Holders of such Outstanding Debt Securities to receive solely from the trust fund described below payments in respect of the principal of (and premium, if any) and interest on such Debt Securities when such payments are due;

~~our~~ obligations with respect to such Debt Securities relating to the issuance of temporary securities, the registration, transfer and exchange of the Debt Securities, the replacement of mutilated, destroyed, lost or stolen Debt Securities, the maintenance of an office or agency in the applicable Place of Payment, the holding of money for security payments in trust and with respect to the payment of Additional Amounts, if any, pursuant to Section 301 of the trust indenture;

— the rights, powers, trusts, duties and immunities of the Trustee; and

— the defeasance provisions of the trust indenture.

We may, at our option and at any time, elect to be released from our obligations with respect to certain covenants that are described in the trust indenture (including those described under “— Negative Pledge” and “— Merger, Consolidation or Amalgamation” above), and we refer to this as “covenant defeasance,” and any omission to comply with such obligations thereafter shall not constitute a default or an Event of Default with respect to such Debt Securities. (Sections 1401, 1402 and 1403)

In order to exercise either defeasance or covenant defeasance:

~~we~~ must irrevocably deposit with the Trustee (or other qualifying trustee), in trust, for the benefit of the Holders of such Debt Securities, cash, Government Obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of (and premium, if any) and interest on such Outstanding Debt Securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor in the Currency in which such Debt Securities are then

specified as payable at Stated Maturity;

~~in~~ the case of defeasance, we shall have delivered to the Trustee an Opinion of Counsel qualified to practice law in the United States stating that (x) we have received from, or there has been published by, the Internal Revenue Service a ruling or (y) since the date of the trust indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the Holders of such Debt Securities will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

~~in~~ the case of covenant defeasance, we shall have delivered to the Trustee an Opinion of Counsel qualified to practice law in the United States to the effect that the Holders of such Debt Securities will not recognize income, gain or loss for United States federal income tax purposes as a result of such covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

Table of Contents

~~in~~ the case of defeasance or covenant defeasance, we shall have delivered to the Trustee an Opinion of Counsel qualified to practice law in Canada or a ruling from the Canada Revenue Agency to the effect that Holders of such Outstanding Securities will not recognize income, gain or loss for Canadian federal or provincial income tax or other tax purposes as a result of such defeasance or covenant defeasance, as applicable, and will be subject to Canadian federal or provincial income tax and other tax including withholding tax, if any, on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred; and

~~we~~ have delivered to the Trustee an Opinion of Counsel to the effect that the deposit referenced in the first bullet above will not cause the Trustee or the trust so created to be subject to the U.S. Investment Company Act of 1940, as amended, and that we are not an “insolvent person” within the meaning of the Bankruptcy and Insolvency Act, on the date of the deposit referred to in the first bullet above or at any time during the period ending on the 91st day after the date of such deposit. (Section 1404)

If, after we have deposited funds and/or Government Obligations to effect defeasance or covenant defeasance with respect to any Debt Securities:

~~the~~ Holder of any such Debt Security is entitled to, and does, elect pursuant to the terms of such Debt Security to receive payment in a Currency other than that in which such deposit has been made in respect of such Debt Security, or

~~the~~ Currency in which such deposit has been made in respect of any such Debt Security ceases to be used by its government of issuance, the indebtedness represented by such Debt Security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium, if any) and interest, if any, on such Debt Security as they become due out of the proceeds yielded by converting the amount so deposited in respect of such Debt Security into the Currency in which such Debt Security becomes payable as a result of such election or such cessation of usage based on the applicable Market Exchange Rate. (Section 1405)

All payments of principal of (and premium, if any), and interest, if any, on any Debt Security that is payable in a Currency other than U.S. dollars that ceases to be used by its government of issuance shall be made in U.S. dollars. (Section 312)

PLAN OF DISTRIBUTION

We may sell the Debt Securities:

- through underwriters or dealers;
- directly to one or more purchasers; or
- through agents.

We may sell Debt Securities at fixed prices or at non-fixed prices, such as prices determined by reference to the prevailing price of the specified securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the securities. The applicable prospectus supplement will set forth the terms of the offering of the Debt Securities including the name or names of any underwriters, the purchase price of such Debt Securities and the proceeds to us from such sale, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or reallocated or paid to dealers. Only underwriters so named in the prospectus supplement are deemed to be underwriters in connection with the Debt Securities offered thereby.

If underwriters are used in the sale, the Debt Securities may be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase such Debt Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Debt Securities of the series offered through the applicable prospectus supplement if any of such Debt Securities are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may also sell Debt Securities directly at such prices and upon such terms as agreed to by us and the purchaser or through agents designated by us from time to time. Any agent involved in the offering and sale of the Debt Securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent is acting on a best efforts basis for the period of its appointment.

We may agree to pay the underwriters a commission for various services relating to the issue and sale of the Debt Securities offered hereby.

In connection with any offering of the Debt Securities, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Debt Securities offered at a level above that which might otherwise prevail in the open market. These transactions, if commenced, may be discontinued at any time.

Underwriters, dealers and agents who participate in the distribution of the Debt Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. These underwriters, dealers and agents may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Each series of the Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in an applicable prospectus supplement relating to a series of Debt Securities, the Debt Securities will not be listed on any securities or stock exchange or on any automated dealer quotation system. Some broker-dealers may make a market in the Debt Securities, but they will not be obligated to do so and may discontinue any market-making activities at any time without notice. There may not be a trading market for the Debt Securities and no assurances can be given as to the liquidity of the trading market, if any, for the Debt Securities. See "Risk Factors."

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. A purchaser of Debt Securities should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser. PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO
OFFEREES OR PURCHASERS

Indemnification of Directors or Officers.

The directors of Thomson Reuters Corporation (“Thomson Reuters”) are indemnified by Thomson Reuters to the extent permitted by applicable laws and regulations.

Under the Business Corporations Act (Ontario) (the “OBCA”), a corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or another individual who acts or acted at the corporation’s request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with the corporation or other entity, if the individual acted honestly and in good faith with a view to the best interests of the corporation or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at the corporation’s request, and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, such individual had reasonable grounds for believing that his or her conduct was lawful. Any such individual is entitled to indemnification from a corporation as a matter of right in respect of all costs, charges and expenses reasonably incurred by the individual in connection with the defence of any civil, criminal, administrative, investigative or other proceeding to which the individual is subject because of the individual’s association with the corporation or other entity if the individual was not judged by a court or other competent authority to have committed any fault or omitted to do anything that he or she ought to have done and fulfilled the conditions set forth above.

Pursuant to its organizational documents, Thomson Reuters is required to indemnify the individuals referred to above and the heirs and legal representatives of such individuals to the extent permitted by the OBCA.

Thomson Reuters maintains, at its expense, a directors’ and officers’ liability insurance policy that provides protection for its directors and officers against liability incurred by them in their capacities as such. This policy provides for a limit of up to \$100 million for each claim and \$100 million in the aggregate and that there is no deductible for this coverage. The insurance applies in certain circumstances where Thomson Reuters may not indemnify its directors and officers for their acts or omissions.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the “Securities Act”) may be permitted to directors, officers or persons controlling Thomson Reuters pursuant to the applicable provisions, Thomson Reuters has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
