Proxy Statement  
for  
Annual Meeting of Stockholders

To Be Held June 15, 2010

---

Unless the context requires otherwise, references in this statement to “Blacksands,” the “Company,” “we,” “us,” or “our” refer to Blacksands Petroleum, Inc.

The Annual Meeting of Stockholders of Blacksands will be held on June 15, 2010, at the offices of Blacksands Petroleum Texas LLC, 800 Bering, Suite 250, Houston, Texas 77057 at 11am Eastern Standard Time. We are providing the enclosed proxy materials and form of proxy in connection with the solicitation by the Company’s Board of Directors (the “Board”) of proxies for this Annual Meeting. The Company anticipates that this Proxy Statement and the form of proxy will first be mailed to holders of the Company’s Stock on or about May 12th, 2010.

You are invited to attend the meeting at the above stated time and location. If you plan to attend and your shares are held in “street name” – in an account with a bank, broker, or other nominee- you must obtain a proxy issued in your name from such broker, bank or other nominee.

You can vote your shares by completing and returning the proxy card or, if you hold shares in “street name,” by completing the voting form provided by the broker, bank or other nominee. A returned signed proxy card without an indication of how shares should be voted will be voted FOR the election of all Directors, FOR the approval of the amended 2008 Company Stock Option Plan, and FOR the ratification of MaloneBailey LLP as Independent Registered Public Accountants.

Our corporate bylaws define a quorum as ten percent of the voting power of the issued and outstanding voting stock present in person or by proxy. The Company’s Articles of Incorporation do not allow cumulative voting for Directors. The nominees who receive the most votes will be elected. The amended 2008 Stock Option Plan and ratification of accountants will be approved if the votes cast by persons present at the Annual Meeting or represented by proxy in favour of the proposal exceed the votes cast against such proposal. Abstentions and broker non-votes will not be counted either in favour or against such proposal.

#### QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND VOTING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you were a stockholder of record at the close of business on April 30, 2010, and are entitled to vote at the Annual Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Annual Meeting to vote your shares.

When you sign the proxy card, you appoint David DeMarco, CEO and President of Blacksands, your representative at the meeting. As your representative, he will vote your shares at the meeting (or any adjournments or postponements) as you have instructed them on the proxy card. With proxy voting, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the meeting, it is a good idea to complete, sign and return your proxy card in advance of the meeting, just in case your plans change.

If an issue comes up for vote at the meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representative will vote your shares, under your proxy, at their discretion, subject to any limitations imposed by law.

When is the record date?

The Board of Directors has fixed April 30, 2010, as the record date for the Annual Meeting. Only holders of Blacksands' voting stock as of the close of business on that date will be entitled to vote at the Annual Meeting.

How many shares are outstanding?

As of April 30, 2010, the Company had 44,854,700 shares of Common Stock issued and outstanding.

What am I voting on?

You are being asked to vote on the following:

The election of five (5) directors for terms expiring at the next Annual Meeting in 2011;

The approval of the amended 2008 Company Stock Option Plan;

Ratification of the appointment of MaloneBailey LLP as Independent Registered Public Accountants; and

Any other business that may properly come before the meeting.

Each share of Common Stock is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

The Board recommends a vote FOR each of the nominees to the Board; OR the approval of the amended 2008 Company Stock Option Plan and FOR ratification of the appointment of MaloneBailey LLP as Independent Public Accountants..

How do I vote?

You have several voting options. You may vote by:

Signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope;

Signing and faxing your proxy card to our transfer agent for proxy voting at the number provided on the proxy card;

Voting over the Internet by following the procedures provided on the proxy card; or

Attending the Annual Meeting and voting in person.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in a "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the

stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as they felt appropriate. Recent changes in regulation were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary

basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of MaloneBailey LLP as the Company's independent registered public accounting firm. They will not have discretion to vote uninstructed shares on the approval and ratification of the adoption of the Amended 2008 Stock Option Plan. If you are a shareholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the proposals at the Annual Meeting.

Can stockholders vote in person at the Annual Meeting?

The Company will pass out written ballots to anyone who wants to vote at the meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it likely means that you have multiple accounts with the transfer agent and/or with stockbrokers. Please vote all of the shares.

What if I share an address with another stockholder and we received only one copy of the proxy materials?

If certain requirements are met under relevant U.S. securities law, including in some circumstances the stockholders' prior written consent, we are permitted to deliver one annual report and one proxy statement to a group of stockholders who share the same address. If you share an address with another stockholder and have received only one copy of the proxy materials, but desire another copy, please send a written request to our offices at the address below or call us at (713) 554-4491 to request another copy of the proxy materials. Please note that each stockholder should receive a separate proxy card to vote the shares they own.

Send requests to:

Blacksands Petroleum, Inc.  
25025 I-45 N., Ste. 410  
The Woodlands, TX 77380

Attention: Corporate Secretary

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

Signing another proxy with a later date and mailing it to the Company's Corporate Secretary at the Company's principal executive offices, so long as it is received prior to 7 p.m., EST, on June 14, 2010;

Voting in person at the Annual Meeting; or

Giving written notice to the Company's Secretary at the address given above, prior to 7 p.m., EST, on June 14, 2010.

How many votes do you need to hold the meeting?

To conduct the Annual Meeting, the Company must have a quorum, which means that 10% of the outstanding voting shares of the Company as of the record date must be present at the meeting. Your shares will be counted as present at the Annual Meeting if you:

Submit a properly executed proxy card (even if you do not provide voting instructions); or

Attend the Annual Meeting and vote in person.

What if I abstain from voting?

Abstentions with respect to a proposal are counted for the purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals and will not affect the outcome of the vote of any proposal contained in this year's Proxy Statement.

How many votes are needed to elect directors?

The nominees for election as directors at the 2010 Annual Meeting will be elected by a plurality of the votes cast at the meeting. A properly executed proxy card marked "Withheld" with respect to the election of directors will not be voted and will not count FOR or AGAINST any of the nominees.

How many votes are needed to approve the amended 2008 Company Stock Option Plan and ratify the engagement of the independent accountants?

The amended 2008 Company Stock Option Plan and ratification of the independent accountants will be approved if the votes cast FOR the proposal exceed the votes cast AGAINST the proposal (a majority of shares voting). A properly executed proxy card marked "Abstain" with respect to this proposal will not be voted and will not count FOR or AGAINST this proposal. Broker non-votes will also not be counted FOR or AGAINST this proposal.

Will my shares be voted if I do not sign and return my Proxy Card?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances, may vote your shares.

If your shares are registered in your name, and you do not sign and return your proxy card, your shares will not be voted at the meeting.

How are votes counted?

Your shares will be voted as you indicate. If you just sign your proxy card with no further instructions, your shares will be voted:

FOR each director nominee for terms expiring in 2011;

FOR the approval of the amended 2008 Company Stock Option Plan; and

FOR the ratification of the appointment of MaloneBailey LLP as Independent Registered Public Accountants.

Voting results will be tabulated and certified by the Inspector of Elections.

Where can I find the voting results of the meeting?

The Company will publish the results in a Report on Form 8-K, which will be filed with the Securities and Exchange Commission (SEC) within four (4) business days of the Annual Meeting.

Who will pay for the costs of soliciting proxies?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Additionally, the Company may hire a proxy solicitor to help reach the quorum requirement. The Company will pay a reasonable fee in relation to these services. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the

Company's Common Stock on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares.

When are stockholder proposals due for the next annual meeting of Stockholders?

In order to be considered for inclusion in next year's proxy statement, stockholder proposals must be submitted in writing to the Company's Secretary at Blacksands Petroleum, Inc., 25025 I-45 N., Ste. 410, The Woodlands, TX 77380 and received no later than January 12, 2011. Similarly, stockholder proposals not submitted for inclusion in the proxy statement and received after March 28, 2011 will be considered untimely pursuant to Rule 14a-5(e)(2) of the Securities and Exchange Act of 1934.

How can I obtain a copy of the 2009 Annual Report on Form 10-K?

The Company's 2009 Annual Report on Form 10-K, including financial statements is available through the SEC's website at <http://www.sec.gov/edgar.shtml>.

At the written request of any stockholder who owns Common Stock on the record date, the Company will provide to such stockholder, without charge, a paper copy of the Company's 2009 Annual Report on Form 10-K as filed with the SEC, including the financial statements and financial statement schedules but not including exhibits. If requested, the Company will provide copies of the exhibits for a reasonable fee. Requests for additional paper copies of the 2009 Annual Report on Form 10-K should be mailed to:

Our Audit Committee is currently comprised of Bruno Mosimann, who is an independent director under the Audit Committee rules of the NYSE AMEX. Bruno Mosimann is the Chairman of the Audit Committee. The external auditors report directly to the Audit Committee and to the board of directors. The Audit Committee and Board of Directors each have the authority to terminate the external auditor's engagement. The Audit Committee will also approve in advance any services to be provided by the external auditors which are not related to the audit.

A copy of the Audit Committee charter can be found within the "Corporate Governance Policies – October 27, 2008" on the Company's website at [www.blacksandspetroleum.com](http://www.blacksandspetroleum.com), and also included in our Form 8-K filing of October 29, 2008.

The Committee has two members, each of whom is "independent" as determined under Rule 10A-3 of the United States Securities Exchange Act of 1934, as amended, and the rules of the NYSE Amex. The Committee operates under a written charter adopted by the Board.

The Committee assists the Board by (1) being satisfied with the credibility and integrity of the Company's financial reporting and internal control, (2) supporting the Board in meeting its oversight responsibilities in respect of the financial reporting, (3) facilitating communication between the Board and the external auditor, and receiving all reports of the external auditor directly, (4) being satisfied with the external auditor's independence and objectivity, and (5) strengthening the role of independent directors by facilitating in-depth discussions between members of the Committee, management and the Company's external auditor.

In the course of providing its oversight responsibilities regarding the 2009 financial statements, the Committee reviewed and discussed with management the 2009 audited financial statements, which appear in the Form 10-K for the year ended October 31, 2009. The Committee reviewed accounting principles, practices, and judgments as well as the adequacy and clarity of the notes to the financial statements.

The Committee reviewed the independence and performance of the independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, and such other matters as required to be discussed with the independent auditors in accordance with statement on Auditing Standards 61, as amended (AICPA, Professional Standards, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Committee meets with the independent auditors to discuss their audit plans, scope and timing on a regular basis, with or without management present. The Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board

regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on the reviews and discussions referred to above, the Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report to the Securities and Exchange Commission on Form 10-K for the year ended October 31, 2009.

Since the formation of the Audit Committee, it has met quarterly with management and the auditors to review the quarterly and annual financial reporting.

During the year ended October 31, 2009, the Board of Directors was responsible for establishing compensation policy and administering the compensation programs of our executive officers.

following a change in control of our Company.

## EQUITY COMPENSATION PLANS

We have one equity compensation plan: the 2006 Stock Option Plan. This plan has been approved by our stockholders. The purpose of the 2006 Plan is to provide an incentive to attract and retain directors, officers, consultants, advisors and employees whose services are considered valuable, to encourage a sense of proprietorship and to stimulate an active interest of such persons into our development and financial success. Under the 2006 Plan, we are authorized to issue incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended, nonqualified stock options and restricted stock. The 2006 Plan is administered by our Board of Directors. As of the date of this report, there were no stock options outstanding under the 2006 Plan.

## Securities Authorized for Issuance

We have no other equity compensation plans in place that have not been approved by our stockholders, but amendments will be presented to stockholders for approval at the annual meeting as the amended 2008 Company Stock Option Plan. The amended 2008 Company Stock Option Plan, to be approved by the stockholders at the 2010 Annual Meeting, is described in further detail below.

## AMENDED 2008 COMPANY STOCK OPTION PLAN

## BENEFIT PLANS

The following summarizes the amended 2008 Company Stock Option Plan (the “2008 Plan”) subject to stockholder action at the 2010 Annual Meeting.

## SUMMARY OF THE 2008 PLAN

The following summary of the Company's 2008 Plan is qualified in its entirety by reference to the full text of the 2008 Plan, a copy of which is attached as Schedule A to this Proxy Statement.

The 2008 Plan provides for the grant of stock options to eligible persons, as determined by the Board in accordance with the 2008 Plan. Stockholders' approval will make available a maximum of 10% of the aggregate number of shares outstanding for purchase upon exercise of options granted under the 2008 Plan.

However, the aggregate number of shares available for “Incentive Stock Options,” which are options that are intended to meet the requirements of Section 422 of the Internal Revenue Code (the “Code”), is 4,485,470. The term of the 2008 Plan is to be determined by the Board, however in no event may an Incentive Stock Option be granted more than ten years from the date the 2008 Plan was adopted. No options may be granted under the 2008 Plan if there are no shares available to issue.

Stock options may be granted to any director, officer or employee of the Company or any subsidiary or any consultant or advisor of the Company or any subsidiary. Incentive Stock options granted to “U.S. Participants” are governed under a separate set of rules, contained in the 2008 Plan. A “U.S. Participant” is an employee, officer, consultant, independent contractor, or director of the Company (or of any parent or subsidiary of the Company) who participates in the 2008 Plan and who is either a citizen of the U.S. or a resident alien of the U.S. for purposes of the Code. A “non-U.S. Participant” is an employee, officer, consultant, independent contractor, or director of the Company (or of any parent or subsidiary of the Company) who participates in the 2008 Plan but who is not a U.S. Participant.

U.S. Participants (as defined above) may receive two types of options: (1) Incentive Stock Options, which are options that are intended to meet the requirements of Section 422 of the Code, and (2) Nonqualified Stock Options. No option may be granted at a price less than the fair market value measured on the date of the grant. However, only employees of the Company or a parent or subsidiary of the Company may receive Incentive Stock Options.

The 2008 Plan will be administered by the Board of Directors. The Committee will have authority to interpret, construe, amend, suspend or terminate the 2008 Plan. A written agreement will evidence each option and, in the case of U.S. Participants, state whether the option is intended to qualify as an Incentive Stock Option or be treated as a Non-Qualified Stock Option.

The Board will have the power to determine expiration date of each option, provided, however, that Incentive Stock Options granted to U.S. Participants will expire no later than ten years from the date of grant, and no Incentive Stock Option granted to a greater-than-ten-percent stockholders will expire later than five years from the date of grant. Generally, vested options will terminate upon the first to occur of: (1) expiration of the option; (2) thirty days following the optionee’s termination of employment, other than as a result of death or disability; or (3) six months following the optionee’s death or cessation of employment by reason of disability. However, Incentive Stock Options granted to U.S. Participants are subject to a special set of rules regarding termination as set forth in the 2008 Plan.

Upon a change in control, the Board shall have the right, upon written notice thereof to each optionee holding options under the plan, to permit the exercise of all such options prior to the earlier of (i) the close of business on that date which is twenty (20) days following the date of such notice or (ii) the close of business on the expiration date of the option. The purchase price of option shares must be paid in full by cash or check to the Company’s principal office.

The 2008 Plan will only be effective upon approval of stockholders. 1,000,000 options were approved for granting by the Board of Directors in March 2010 under the 2008 Plan, subject to stockholder approval of the 2008 Plan. There are no options outstanding under the 2008 Plan.

The Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Code Section 401(a).

#### U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the principal U.S. federal income tax consequences generally applicable to U.S. Participants in the 2008 Plan. This summary does not address the U.S. federal income tax consequences to non-U.S. Participants.

Options. The grant of an option should not result in any taxable income for the recipient. The holder of an Incentive Stock Option generally will have no taxable income upon exercising the Incentive Stock Option (except that an alternative minimum tax liability may result), and the Company will not be entitled to a tax deduction when an Incentive Stock Option is exercised. Upon exercising a Non-Qualified Stock Option, a U.S.

Participant must recognize ordinary income equal to the excess of the fair market value of the shares of Company common stock acquired on the date of exercise over the exercise price, and the Company will be entitled at that time to a tax deduction for the same amount.

The tax consequence to a U.S. Participant upon a disposition of shares of Company common stock acquired through the exercise of an option will depend on how long the shares have been held and whether the shares were acquired by exercising an Incentive Stock Option or by exercising a Non-Qualified Stock Option. Generally, there will be no tax consequences to the Company in connection with the disposition of shares acquired pursuant to an option. However, the Company may be entitled to a tax deduction in the case of a disposition of shares acquired pursuant to an Incentive Stock Option before the applicable Incentive Stock Option holding periods set forth in the Code have been satisfied.

**Special Rules.** Special rules may apply in the case of individuals subject to Section 16(b) of the Exchange Act. In particular, unless a special election is made pursuant to Section 83(b) of the Code, shares of Company common stock received pursuant to the exercise of an option may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of the Company's tax deduction, may be determined as of the end of such period.

**Deductibility of Executive Compensation Under Code Section 162(m).** Section 162(m) of the Code generally limits to \$1,000,000 the amount that a publicly-held corporation is allowed each year to deduct for U.S. federal income tax purposes for the compensation paid to the chief executive officer and certain of the corporation's most highly compensated executive officers ("Covered Employees"). However, "qualified performance-based qualified compensation" is not subject to the \$1,000,000 deduction limit. Options granted pursuant to a plan designed to permit option awards to qualify as performance based compensation are not subject to the \$1,000,000 deduction limitation. The 2008 Plan has not been designed to permit grants of options issued under the 2008 Plan to qualify under the performance-based compensation rules so that if the Company is subject to U.S. federal income tax, the income attributable to the exercise of a Non-Qualified Stock Option by Covered Employees will be subject to the \$1,000,000 deduction limit.

## ACCOUNTING TREATMENT

The applicable accounting treatment for options granted under the 2008 Option Plan is set forth in SFAS 123R which replaced SFAS No. 123, "Accounting for Stock-Based Compensation" and superseded APB Opinion No. 25, "Accounting for Stock Issued to Employees." SFAS 123R requires all share-based payments to employees, including grants of employee stock options, and employee stock purchase plans to be recognized in the financial statements based on their fair values.

Effective January 1, 2006, the Company adopted SFAS 123R. Under this standard, the Company recognizes compensation expense based on an estimate of the fair value of options granted to employees under the Company's employee stock option plan and employee stock purchase plans. This expense is recorded on a straight-line basis over the option vesting periods.

#### INFORMATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On February 10, 2010, Blacksands engaged Malone Bailey LLP (“Malone”) to serve as its independent accountants.

Ernst & Young LLP was the Independent Registered Public Accounting Firm for the Company in the fiscal year ended October 31, 2009, and for the period from October 12, 2004 (inception) to October 31, 2009. On February 10, 2010, Blacksands terminated its relationship with Ernst & Young LLP (“Ernst & Young”), their independent accountants. Blacksands dismissed Ernst & Young as approved by the Board of Directors. Ernst & Young’s auditors’ report for Blacksands’ financial statements for the fiscal years ended October 31, 2009 and October 31, 2008 and for the period October 12, 2004 (inception) through October 31, 2009 did not contain an adverse opinion, or a disclaimer of opinion, nor qualification or modification as to uncertainty, audit scope, or accounting principles.

The change in auditors was recommended by our Board of Directors.

Effective September 17, 2008, we terminated the services of our former independent auditor, Sherb, and engaged Ernst & Young LLP to serve as our independent Accountant.

No adverse opinion or disclaimer of opinion was issued during the past two years by our former accountant, and no opinion of our former accountant was qualified or modified as to uncertainty, audit scope or accounting principles. Sherb & Co., LLP’s report on the Company’s financial statements as of and for the fiscal year ended October 31, 2007 indicated that the financial statements had been prepared assuming that the Company will continue as a going concern and that the Company’s losses from operations and accumulated deficit raised substantial doubt about the Company’s ability to continue as a going concern. The Company does not dispute this conclusion.

The change in auditors was recommended by our Board of Directors.

During the two most recent fiscal years and the interim period preceding such dismissal, we are not aware of any disagreements with our former accountants on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of our former accountant, would have caused it to make references to the subject matter of the disagreement(s) in connection with its report.

We are not aware of any events (reportable under Item 304 (a)(1)(v) of Regulation S-K) that have occurred during the two most recent fiscal years and the interim period preceding the dismissal of Sherb or Ernest & Young LLP.

During the two most recent fiscal years and the interim period preceding the appointment of Ernst & Young and during the two most recent fiscal years and the interim period preceding the appointment of Malone, we have not consulted Ernst & Young or Malone, as applicable regarding either:

- 1) The application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements, and neither a written report nor oral advice was provided to us that we considered an important factor in reaching a decision as to the accounting or financial reporting issue; or

2) Any matter that was either the subject of a disagreement or a reportable event (reportable under Regulation S-K, Item 304(a)(1)(iv)).

23

---

The Company does not expect that a representative from Malone or Ernst & Young will be at the Annual Meeting. If a representative of Malone or Ernst & Young does attend the meeting, they will be given an opportunity to make a statement, should they choose to do so. The Company does not know if the representatives, if one does attend the Annual Meeting, would make him or her available for questions at the Annual Meeting.

#### Policy on Pre-Approval by Audit Committee of Services Performed by Independent Auditors

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, non-audit services, tax services and other services. Pre-approval is detailed as to the particular service or category of service and is subject to a specific engagement authorization.

During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those circumstances, the Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. These additional approvals should be reported at the next scheduled Audit Committee meeting.

For 2008, all services provided by the independent auditors were pre-approved.

5.04 An Option is personal to the Optionee and may not be transferred or assigned, except (i) by will or by the laws of descent and distribution, or (ii) if approved by the Board, acting in its sole discretion, the Optionee may transfer an Option to any Family Member of such Optionee, provided that the transfer is not a "prohibited transfer for value" within the meaning of Form S-8 or any successor Form and provided that the Family Member to which the Option is transferred may not subsequently transfer such Option except by will or by the laws of descent and distribution.

5.05 No Options shall be granted to any Optionee if such grant could result, at any time, in:

- (b) the issuance to Insiders, within a one-year period, of a number of Shares exceeding 10% of the issued and outstanding Shares;

## ARTICLE 6

### TERMINATION OF EMPLOYMENT; DEATH

6.01 If, before the expiry of an Option:

- (a) an Optionee ceases to be a director of the Corporation and any Subsidiary;
- (b) an Optionee voluntarily resigns his office or employment with the Corporation and any Subsidiary;

- (c) an Optionee voluntarily terminates his engagement to provide ongoing consulting or advisory services to the Corporation and any Subsidiary;
- (d) the Optionee's employment or office with the Corporation and any Subsidiary is terminated by the Corporation or Subsidiary without cause;
- (e) the Optionee's engagement to provide ongoing consulting or advisory services to the Corporation and any Subsidiary is terminated by the Corporation or Subsidiary without cause; or
- (f) an Optionee retires from his office or employment with the Corporation and any Subsidiary upon attaining the mandatory retirement age established by the Corporation or Subsidiary from time to time;

the Option granted to such Optionee shall only be exercised during the period of thirty (30) days following the effective date of the event referred to in the preceding paragraphs (a) to (f) inclusive (but in any case, prior to the expiry of the Option in accordance with its terms), but only to the extent that the Optionee was entitled to exercise such Option at the effective date of such event (unless the Board determines otherwise). After such period, the Option and all rights of the Optionee there under shall immediately expire and terminate. For the purposes of paragraph (d), the effective date of the termination of employment or office shall be the date the Optionee ceases to provide services to the Corporation or a Subsidiary on a regular and consistent basis, regardless of any notice or severance period required by law, and in no event does the entitlement to or receipt of pay in lieu of notice or severance pay serve to extend the effective date or the termination.

6.02 If before the expiry of an Option, an Optionee dies or Optionee's relationship with the Corporation and any Subsidiary becoming disabled (within the meaning of section 22(e)(3) of the Code), the Options granted to such Optionee shall be exercisable by the Optionee, the Optionee's guardian or the personal representatives, heirs or legatees of the deceased Optionee during the six (6) month period after the date of death of the Optionee or date of termination of relationship as a result of the Optionee's disability, as applicable (but in any case, prior to the expiry of the Option in accordance with its terms), to the same extent that the Option would have been exercisable by such Optionee on the date of such Optionee's termination of relationship due to death or disability. After such period, the Option and all rights of the Optionee there under shall immediately expire and terminate. If before the expiry of an Option, the Optionee's employment or office with the Corporation and any Subsidiary is terminated for cause or the Optionee's engagement to provide ongoing consulting or advisory services to the Corporation or to an entity controlled by the Corporation is terminated for cause, the Option and all rights of the Optionee there under shall immediately expire and terminate.

6.03 If the exercise period would otherwise expire (i) during a Blackout Period (as defined below) applicable to the relevant Optionee or (ii) within ten (10) trading days after the expiration of the Blackout Period applicable to the relevant Optionee, the Term of the related Option shall expire on the date that is the tenth trading day after the end of such Blackout Period. For purposes of this Plan, "Blackout Period" means any period during which the Optionee is prohibited by the Corporation's trading policy from trading in the Corporation's securities.

## ARTICLE 7

### EXERCISE OF OPTIONS

7.01 Subject to the provisions of the Plan, an Option may be exercised from time to time by delivery to the Corporation at its head office in Toronto, Ontario, or such other location at which the Corporation's head office is located from time to time, a written notice of exercise addressed to the Secretary of the Corporation specifying the number of Shares with respect to which the Option is being exercised and accompanied by payment in full, by

cash or cheque, of the Option Price of the Shares to be purchased. Certificates for such Shares shall be issued and delivered to the Optionee within a reasonable time following the receipt of such notice and payment.

7.02 Notwithstanding any of the provisions contained in the Plan or in any Option, the Corporation's obligation to issue Shares to an Optionee pursuant to the exercise of an Option shall be subject to:

- (a) compliance with all relevant provisions of law, including, without limitation, the Securities Act, the Exchange Act, the rules and regulations promulgated there under, the requirements of the Stock Exchange and any other stock exchange or quotation system on which Shares are then listed or quoted and the corporate laws of the State of Nevada;
- (b) completion of such registration or other qualification of such Shares or obtaining approval of such governmental authority or regulatory authority if any, as the Board shall determine to be necessary or advisable in connection with the authorization, issuance or sale thereof;
- (c) the admission of such Shares to listing or quotation on the Stock Exchange and any other stock exchange or quotation system on which Shares are then listed or quoted;
- (d) the receipt from the Optionee of such representations, warranties, agreements and undertakings, as the Board determines to be necessary or advisable in order to safeguard against the violation of the securities laws of any jurisdiction; and
- (e) the satisfaction of any conditions on exercise prescribed pursuant to section 3.04 hereof.

In this regard the Corporation shall, to the extent necessary, take all commercially reasonable steps to obtain such approvals, registrations and qualifications as may be necessary for the issuance of such Shares in compliance with applicable securities laws and for the listing of such Shares on the Stock Exchange.

## ARTICLE 8

### CERTAIN ADJUSTMENTS

8.01 In the event of any subdivision or redivision of the Shares into a greater number of Shares at any time after the grant of an Option to any Optionee and prior to the expiration of the term of such Option, the Corporation shall deliver to such Optionee at the time of any subsequent exercise of his Option in accordance with the terms hereof, in lieu of the number of Shares to which he was theretofore entitled upon such exercise, but for the same aggregate consideration payable therefore, such number of Shares as such Optionee would have held as a result of such subdivision or redivision if, on the record date thereof, the Optionee had been the registered holder of the number of Shares to which he was theretofore entitled upon such exercise.

8.02 In the event of any consolidation of the Shares into a lesser number of Shares at any time after the grant of an Option to any Optionee and prior to the expiration of the term of such Option, the Corporation shall deliver to such Optionee at the time of any subsequent exercise of his Option in accordance with the terms hereof, in lieu of the number of Shares to which he was theretofore entitled upon such exercise, but for the same aggregate consideration payable therefore, such number of Shares as such Optionee would have held as a result of such consolidation if, on the record date thereof, the Optionee had been registered holder of the number of Shares to which he was theretofore entitled upon such exercise.

8.03 If at any time after the grant of an Option to any Optionee and prior to the expiration of the term of such Option, the Shares shall be reclassified, reorganized or otherwise changed, otherwise than as specified in sections 8.01 and 8.02 hereof or, subject to the provisions of subsection 9.05(a) hereof, the Corporation shall consolidate or merge with or into another corporation (the corporation resulting or continuing from such consolidation or

merger being herein called the "Successor Corporation"), the Optionee shall be entitled to receive upon the subsequent exercise of his Option in accordance with the terms hereof and shall accept in lieu of the number of Shares to which he was theretofore entitled upon such exercise but for the same aggregate consideration payable therefore, the aggregate number of shares of the appropriate class and/or other consideration from the Corporation or the Successor Corporation (as the case may be) that the Optionee would have been entitled to receive as a result of such reclassification, reorganization or other change or, subject to the provisions of subsection 9.05(a) hereof, as a result of such consolidation or merger, if on the record date of such reclassification, reorganization, other change, or the effective date of such consolidation or merger, as the case may be, he had been the registered holder of the number of Shares to which he was theretofore entitled upon such exercise.

- 8.04 In the event the Corporation should declare and pay a special cash dividend or other distribution out of the ordinary course, a special dividend in specie on the Shares, or a stock dividend other than in the ordinary course, the Option Price of all Options outstanding on the record date of such dividend or other distribution shall be reduced by an amount equal to the cash payment or other distribution or the fair market value of the dividend in specie or stock dividend or other distribution, as determined by the Board in its sole discretion and provided, if required by the Stock Exchange or any other stock exchange or quotation system on which Shares are listed, that such reduction of the Option Price shall be subject to prior approval by such stock exchange or quotation system.

## ARTICLE 9

### AMENDMENT OR DISCONTINUANCE OF PLAN

- 9.01 The Board may amend, alter, suspend, discontinue or terminate the Plan at any time; provided, however, that notwithstanding any other provision of the Plan or any Option Agreement, without the approval of the shareholders of the Corporation, no such amendment, alteration, suspension, discontinuation or termination shall be made that, absent such approval:
- (a) violates the rules or regulations of the Stock Exchange or any other stock exchange or quotation system that are applicable to the Corporation;
  - (b) increases the number of Shares authorized under the Plan, except as provided by section 4.02; or
  - (c) permits the award of Options at a price less than the Market Price on the date of grant of the Option.
- 9.02 Any amendment to the Plan shall, if required, be subject to the prior approval of, or acceptance by, the Stock Exchange and any other stock exchange or quotation system that are applicable to the Corporation.
- 9.03 Notwithstanding the foregoing, the Board may not amend the Plan or any Option Agreement in a manner that materially and adversely affects any Option previously granted to an Optionee without the consent of the Optionee, except to the extent required by law or expressly permitted by the Plan or the Option Agreement relating to such Option.
- 9.04 Except as provided in Article VIII hereof, no Option may be repriced or replaced, regranted through cancellation, or otherwise modified, if the effect of such replacement, regrant or modification is to reduce the Option Price of such Option, without in each case the approval of the shareholders of the Corporation.
- 9.05 Notwithstanding anything contained to the contrary in this Plan or in any resolution of the Board in implementation thereof:
- (a) in the event the Corporation proposes to merge or consolidate with any other corporation (other than a wholly-owned Subsidiary) or to liquidate, dissolve or wind-up, or in the event of a Change of Control, or in the event of a take-over bid made in respect of the Corporation, the Corporation shall have the right, upon written notice thereof to each Optionee holding Options under the Plan, to permit the exercise of all such Options prior to the earlier of (i) the close of business on that date which is twenty (20) days following the date of such notice or (ii) the close of business on the expiration date of the Option; and to determine that upon the expiration of the applicable period, all rights of the Optionees to such Options or to exercise same (to the extent not theretofore exercised) shall ipso facto terminate and cease to have further force or effect whatsoever; and

(b) in the event of the sale by the Corporation of all or substantially all of the assets of the Corporation as an entirety or substantially as an entirety so that the Corporation shall cease to operate as an active business, the Corporation shall have the right, upon written notice thereof to each Optionee holding Options under the Plan, to permit the exercise of any outstanding Option as to all or any part of the Shares in respect of which the Optionee would have been entitled to exercise the Option in accordance with the provisions of the Plan at the date of completion of any such sale at any time up to and including, but not after the earlier of: (i) the close of business on that date which is thirty (30) days following the date of completion of such sale; and (ii) the close of business on the expiration date of the Option; but the Optionee shall not be entitled to exercise the Option with respect to any other Shares. Upon the expiration of such period, all rights of the Optionee to such Option or to exercise same (to the extent not theretofore exercised) shall ipso facto terminate and cease to have further force or effect whatsoever.

9.06 Notwithstanding the provisions of this Article IX, should changes be required to the Plan by any securities commission, the Stock Exchange or any other stock exchange, quotation system or the governmental or regulatory body of any jurisdiction to which the Plan or the Corporation now is or hereafter becomes subject, such changes shall be made to the Plan as are necessary to conform with such requirements and, if such changes are approved by the Board, the Plan, as amended, shall be filed with the records of the Corporation and shall remain in full force and effect in its amended form as of and from the date of its adoption by the Board.

9.07 The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Option in the manner and to the extent it shall deem desirable to carry the Plan into effect.

### MISCELLANEOUS PROVISIONS

10.01 No Eligible Person or other person shall have any claim to be granted any Option under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons or holders or beneficiaries of Options under the Plan. The terms and conditions of Options need not be the same with respect to any Optionee or with respect to different Optionee.

10.02 No Optionee will have rights under an Option granted to such Optionee unless and until an Option Agreement shall have been duly executed on behalf of the Corporation and, if requested by the Corporation, signed by the Optionee, or until such Option Agreement is delivered and accepted through any electronic medium in accordance with procedures established by the Corporation.

10.03 In the event that any provision of an Option Agreement conflicts with or is inconsistent in any respect with the terms of the Plan as set forth herein or subsequently amended, the terms of the Plan shall control.

10.04 An Optionee shall not have any rights as a shareholder of the Corporation with respect to any of the Shares covered by such Option until the date of issuance of a certificate for Shares upon the exercise of such Option, in full or in part, and then only with respect to the Shares represented by such certificate or certificates.

10.05 Nothing contained in the Plan shall prevent the Corporation or any Subsidiary from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

- 10.06 Nothing in the Plan or any Option shall confer upon a person any right to continue or be re-elected as a director of the Corporation or any Subsidiary or any right to continue in the employ of the Corporation or any Subsidiary, or affect in any way the right of the Corporation or any Subsidiary to terminate his employment at any time, or any right to continue to provide consulting or advisory services, or affect in any way the right of the Corporation or any Subsidiary to terminate such services at any time; nor shall anything in the Plan or any Option be deemed or construed to constitute an agreement, or an expression of intent, on the part of the Corporation or any Subsidiary to extend the employment of any person beyond the time which he would normally be retired pursuant to the provisions of any present or future retirement plan of the Corporation or any Subsidiary or any present or future retirement policy of the Corporation or any Subsidiary, or beyond the time at which he or she would otherwise be retired pursuant to the provisions of any contract of employment with the Corporation or any Subsidiary.
- 10.07 In order to comply with all applicable United States, Canadian and foreign federal, state, provincial or local income tax laws or regulations, the Corporation may take such action as it deems appropriate to ensure that all applicable federal, state, provincial or local payroll, withholding, income or other taxes, which are the sole and absolute responsibility of an Optionee, are withheld or collected from such Optionee. In order to assist an Optionee in paying all or a portion of the federal, state, provincial and local taxes to be withheld or collected upon exercise or receipt of (or the lapse of restrictions relating to) an Option, the Board, in its discretion and subject to such additional terms and conditions as it may adopt, may permit the Optionee to satisfy such tax obligation by (i) electing to have the Corporation withhold a portion of the Shares otherwise to be delivered upon exercise or receipt of (or the lapse of restrictions relating to) such Option with a Market Value equal to the amount of such taxes or (ii) delivering to the Corporation Shares other than Shares issuable upon exercise or receipt of (or the lapse of restrictions relating to) such Option with a Market Value equal to the amount of such taxes. The election, if any, must be made on or before the date that the amount of tax to be withheld is determined.
- 10.08 References herein to any gender include all genders.
- 10.09 The validity, construction and effect of the Plan or any Option, and any rules and regulations relating to the Plan or any Option, shall be determined in accordance with the internal laws, and not the law of conflicts, of the State of Nevada.
- 10.10 If any provision of the Plan or any Option is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Option under any law deemed applicable by the Board, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Board, materially altering the purpose or intent of the Plan or the Option, such provision shall be stricken as to such jurisdiction or Option, and the remainder of the Plan or any such Option shall remain in full force and effect.
- 10.11 Neither the Plan nor any Option shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Corporation or any Subsidiary and an Eligible Person or any other person. To the extent that any person acquires a right to receive payments from the Corporation or any Subsidiary pursuant to an Option, such right shall be no greater than the right of any unsecured general creditor of the Corporation or any Subsidiary.
- 10.12 No compensation or benefit awarded to or realized by any Optionee under the Plan shall be included for the purpose of computing such Optionee's compensation under any compensation-based retirement, disability, or similar plan of the Corporation unless required by law or otherwise provided by such other plan.

- 10.13 No fractional Shares shall be issued or delivered pursuant to the Plan or any Option, and the Board shall determine whether cash shall be paid in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be cancelled, terminated or otherwise eliminated.
- 10.14 Headings are given to the sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

- 10.15 The Plan is intended to comply in all respects with Rule 16b-3 or any successor provision, as in effect from time to time, and in all events the Plan shall be construed in accordance with the requirements of Rule 16b-3. If any Plan provision does not comply with Rule 16b-3 as hereafter amended or interpreted, the provision shall be deemed inoperative. The Board of Directors, in its absolute discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan with respect to persons who are officers or directors subject to Section 16 of the Exchange Act without so restricting, limiting or conditioning the Plan with respect to other Eligible Persons.
- 10.16 The holder of any Option granted hereunder acknowledges that the grant, exercise, vesting or any payment with respect to such Option, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, may have tax consequences pursuant to United States or Canadian federal, state, provincial or local laws or under foreign or other international tax laws. Such a holder further acknowledges that such holder is relying solely and exclusively on the holder's own professional tax and investment advisors with respect to any and all such matters (and is not relying, in any manner, on the Corporation or any of its employees or representatives). Finally, such a holder understands and agrees that any and all tax consequences resulting from the Option and its grant, exercise, vesting or any payment with respect thereto, and the sale or other taxable disposition of the Shares acquired pursuant to the Plan, is solely and exclusively the responsibility of such holder without any expectation or understanding that the Corporation or any of its employees or representatives will pay or reimburse such holder for such taxes or other items.

  - (b) "Fair Market Value" means, with respect to any property (including, without limitation, any Share), the fair market value, as of a given date, of such property, determined by such methods or procedures as are established in good faith from time to time by the Board. Unless otherwise determined by the Board, the fair market value of a Share as of a given date will be the Market Price;
  - (c) "Grant Date" means, with respect to any Option, the date on which the Board makes the determination to grant such Option and takes all actions required under applicable law for the valid grant of such option or any later date specified by the Board;

With respect to any U.S. Participant, the preceding definition of the term "Majority-Owned Subsidiary" is intended to comply with, and will be interpreted consistently with, the term defined in section 424(f) of the Code;

The preceding definition of the term "Parent" is intended to comply with, and will be interpreted consistently with, section 424(e) of the Code;
- (h) "U.S. Participant" means an Optionee who is a citizen of the United States or a resident of the United States, in each case as defined in section 7701(a)(30)(A) and section 7701(b)(1) of the Code; and

12.02 Notwithstanding any other provision of this Plan to the contrary, the aggregate number of Shares available for Incentive Stock Options is 4,485,470, subject to adjustment pursuant to Article VIII of this Plan and subject to the provisions of sections 422 and 424 of the Code.

12.03 Each Option Agreement with respect to an Option granted to a U.S. Participant shall specify whether the related Option is an Incentive Stock Option or a Nonqualified Stock Option. If no such specification is made in an Option Agreement, the related Option will be (a) an Incentive Stock Option if all of the requirements under the Code that must be satisfied in order for such Option to qualify as a Incentive Stock Option are satisfied or (b) in all other cases, a Nonqualified Stock Option.

12.04 In addition to the other terms and conditions of this Plan (and notwithstanding any other term or condition of this Plan to the contrary), the following limitations and requirements will apply to an Incentive Stock Option:

- (a) An Incentive Stock Option may be granted only to an Employee.
- (b) The aggregate Fair Market Value of the Shares (determined as of the applicable Grant Date) with respect to which Incentive Stock Options are exercisable for the first time by any U.S. Participant during any calendar year (pursuant to this Plan and all other plans of the Corporation and of any Parent or Majority-Owned Subsidiary) will not exceed one hundred thousand dollars (U.S.\$100,000) or any other limitation subsequently set forth in section 422(d) of the Code.
- (c) The exercise price per Share payable upon exercise of an Incentive Stock Option will be not less than one hundred percent (100%) of the Fair Market Value of a Share on the applicable Grant Date; provided, however, that the exercise price per Share payable upon exercise of an Incentive Stock Option granted to a U.S. Participant who is a 10% Shareholder on the applicable Grant Date will be not less than one hundred ten percent (110%) of the Fair Market Value of a Share on the applicable Grant Date.
- (d) No Incentive Stock Option may be granted more than ten (10) years after the earlier of (i) the date on which this Plan is adopted by the Board or (ii) the date on which this Plan is approved by the shareholders of the Corporation.

- (e) An Incentive Stock Option will terminate and no longer be exercisable no later than ten (10) years after the applicable Grant Date; provided, however, that an Incentive Stock Option granted to a U.S. Participant who is a 10% Shareholder on the applicable Grant Date will terminate and no longer be exercisable no later than five (5) years after the applicable Grant Date.
- (f) If a U.S. Participant who has been granted an Incentive Stock Option ceases to be an Employee, such Incentive Stock Option will be exercisable pursuant to Article VI, except that the employment of a U.S. Participant who has been granted an Incentive Stock Option will not be considered interrupted or terminated upon (a) sick leave, military leave or any other leave of absence approved by the Administrator that does not exceed ninety (90) days in the aggregate; provided, however, that if reemployment upon the expiration of any such leave is guaranteed by contract or applicable law, such ninety (90) day limitation will not apply, or (b) a transfer from one office of the Corporation (or of any Parent or Majority-Owned Subsidiary) to another office of the Corporation (or of any Parent or Majority-Owned Subsidiary) or a transfer between the Corporation and any Parent or Majority-Owned Subsidiary.
- (g) An Incentive Stock Option granted to a U.S. Participant may be exercised during such U.S. Participant's lifetime only by such U.S. Participant.
- (h) An Incentive Stock Option granted to a U.S. Participant may not be transferred, assigned, pledged, hypothecated or otherwise disposed of by such U.S. Participant, except by will or by the laws of descent and distribution.

12.05 In the event that this Plan as amended and re-approved by the Board on April 21, 2010 is not approved by the shareholders of the Corporation within twelve (12) months before or after April 21, 2010, any Incentive Stock Option granted under this Plan will automatically be deemed to be a Nonqualified Stock Option.
