PROXY STATEMENT

FOR

2014 ANNUAL MEETING OF SHAREHOLDERS

This proxy statement is being furnished to holders of shares of common stock of AmpliPhi Biosciences Corporation, a Washington corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2014 Annual Meeting of Shareholders, and at any adjournments or postponements thereof. We will hold the Annual Meeting on Friday, June 27, 2014, at 10:00 a.m. local time at 12531 High Bluff Drive, Suite 100, San Diego, California. This proxy statement and the accompanying proxy card are first being mailed to shareholders entitled to vote at the Annual Meeting on or about May 9, 2014.

GENERAL INFORMATION ABOUT THE MEETING, SOLICITATION AND VOTING

What is the purpose of the annual meeting?

There are two proposals scheduled to be voted on at the Annual Meeting of Shareholders:

1. To elect two to each serve a term of three years expiring at the 2017 Annual Meeting of Shareholders; and
2. To ratify the appointment of PBMares, LLP as our independent registered public accounting firm.

Who is entitled to vote?

Edgar Filing: AmpliPhi Biosciences Corp - Form DEF 14A

Shareholders as of the close of business on April 25, 2014 (the “Record Date”) may vote at the Annual Meeting of Shareholders. You have one vote for each share of common stock you held on the Record Date. The holders of the Series B Convertible Preferred Stock are entitled to that number of votes equal to the number of shares of the common stock into which the Series B Convertible Preferred Stock may be converted as of the date such vote is held. Shares entitled to vote include shares held as of the Record Date that are:

- Held directly in your name as “shareholder of record” (also referred to as “registered shareholder”); and

Held for you in an account with a broker, bank or other nominee (shares held in “street name”). Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank or nominee how to vote their shares.

What constitutes a quorum?

A majority of the outstanding shares entitled to vote, present in person or represented by proxy, constitutes a quorum for the Annual Meeting of Shareholders. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. “Broker non-votes” (described below) are also counted as present and entitled to vote for purposes of determining a quorum. As of the Record Date, 182,535,562 shares of AmpliPhi common stock were outstanding and entitled to vote and 8,859,978 shares of Series B Convertible Preferred Stock, each which is convertible into 10 shares of common stock, were outstanding and entitled to vote. The holders of the Series B Convertible Preferred Stock are entitled to the number of votes equal to the number of shares of the common stock into which the Series B Convertible Preferred Stock may be converted as of the date such vote is held.

How many votes are required to approve each proposal?

Proposal No. 1: The two Class II directors who receive the greatest number of affirmative votes cast at the Annual Meeting, in person or by proxy, will be elected to the Board of Directors. You are not entitled to cumulate votes in electing directors.

Proposal No. 2: The affirmative vote of the holders of shares representing a majority of the votes cast at the Annual Meeting, in person or by proxy, is required to ratify the selection of PBMares, LLP as our independent registered public accounting firm.

How are votes counted and who are the proxies?

You may either vote “FOR” or “WITHHOLD” authority to vote for each nominee for the Board of Directors. Shares present or represented and not so marked as to withhold authority to vote for a particular nominee will be voted in favor of a particular nominee and will be counted toward such nominee’s achievement of a plurality. Shares present at the meeting or represented by proxy where the shareholder properly withholds authority to vote for such nominee in accordance with the proxy instructions and “broker non-votes” will not be counted toward such nominee’s achievement of plurality.

You may vote “FOR,” “AGAINST” or “ABSTAIN” on the ratification of PBMares, LLP. If you abstain from voting on the proposal to ratify PBMares, LLP, it will have no effect on the voting of the proposal. Brokers, bankers and other nominees have discretionary voting power on this routine matter and, accordingly, “broker non-votes” will have no effect on the ratification.

Edgar Filing: AmpliPhi Biosciences Corp - Form DEF 14A

The persons named as attorneys-in-fact in the proxies, Philip J. Young and Kelley A. Wendt, were selected by the Board of Directors and are officers of AmpliPhi. All properly executed proxies submitted in time to be counted at the Annual Meeting will be voted by such persons at the Annual Meeting. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a “broker non-vote”). Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers are counted as present for the purpose of determining whether there is a quorum at the Annual Meeting of Shareholders, but are not counted or deemed to be present or represented for the purpose of determining whether shareholders have approved that matter. Pursuant to applicable rules, brokers will have discretionary authority to vote on the proposal to ratify the appointment of PBMares, LLP.

How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote your shares:

“FOR” each of the nominees to the Board of Directors; and

“FOR” the ratification of the appointment of PBMares, LLP as AmpliPhi’s independent registered public accounting firm for fiscal year ending December 31, 2014.

How do I vote my shares without attending the meeting?

If you are a shareholder of record, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In any circumstance, you may vote:

By Mail — You may vote by mail by signing and dating your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and title or capacity.

By Internet or Telephone — You may vote by Internet or telephone by following the voting instructions on the proxy card and on www.proxyvote.com or as directed by your broker or other nominee. In order to vote via the Internet or by telephone, you must have the shareholder identification number which is provided in your Notice.

Internet and telephone voting facilities will close at 11:59 p.m., Eastern Standard Time, on June 26, 2014.

How do I vote my shares in person at the meeting?

If you are a shareholder of record (also referred to as “registered shareholder”) and prefer to vote your shares in person at the meeting, bring proof of identification and request a ballot to vote at the meeting. You may vote shares held in street name only if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the meeting, we encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted even if you are unable to attend the meeting.

What does it mean if I receive more than one proxy card?

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, vote according to the instructions for each proxy card you receive.

May I change my vote?

Yes. Whether you have voted by Internet, telephone or mail you may change your vote and revoke your proxy by:

- Sending a written statement to that effect to the Corporate Secretary of AmpliPhi;
- Voting by Internet or telephone at a later time;
- Submitting a properly signed proxy card with a later date; or
- Voting in person at the Annual Meeting of Shareholders.

Who pays the cost of soliciting votes for the Annual Meeting?

We will bear the cost of soliciting proxies from our shareholders. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, e-mail, in person or otherwise. We will not additionally compensate our directors, officers and employees for this solicitation but will reimburse them for any out-of-pocket expenses that they incur. We will reimburse persons who hold our common stock of record but not beneficially, such as brokerage firms, nominees, fiduciaries and other custodians, for the reasonable expenses they incur in forwarding solicitation materials to, and requesting authority for the exercise of proxies from, the persons for whom they hold the shares.

Vote Required and Board of Directors' Recommendation

The affirmative vote of a plurality of the total shares of common stock represented in person or by proxy and entitled to vote is required for the election of each of the nominees. It is the intention of the persons named as proxies to vote such proxy FOR the election of all nominees, unless otherwise directed by the shareholder. The Board of Directors knows of no reason why any of the nominees would be unable or unwilling to serve, but if any nominee should for any reason be unable or unwilling to serve, the proxies will be voted for the election of such other person for the office of director as the Board of Directors may recommend in the place of such nominee.

Shares present or represented and not so marked as to withhold authority to vote for a particular nominee will be voted in favor of a particular nominee and will be counted toward such nominee's achievement of a plurality. Shares present at the meeting or represented by proxy where the shareholder properly withholds authority to vote for such nominee in accordance with the proxy instructions and "broker non-votes" will not be counted toward such nominee's achievement of plurality.

The Board of Directors recommends that shareholders vote FOR the election of each nominee named in the above table.

Board Meetings and Committees

Director Attendance

During the year ended December 31, 2013, the Board of Directors held twelve meetings. Each director attended at least 75% of the aggregate of the meetings of the Board of Directors and the committees on which such director served. The Company does not have a formal policy regarding director attendance at annual meetings.

Audit Committee

The audit committee, established in September 2008, is comprised of three members, each of whom is a non-employee member of the Board of Directors. The committee's members meet the independence and financial literacy requirements under the Exchange Act, and related SEC rules, and NYSE MKT listing requirements. In addition, at least one member of the committee is qualified as an "audit committee financial expert" as defined in SEC

rules. The audit committee consists of Jeremy Curnock Cook, Louis Drapeau and Michael S. Perry. Louis Drapeau has been designated our “audit committee financial expert” and serves as the chair of the audit committee. The audit committee operates under a charter approved by our board. The audit committee held four meetings during the last fiscal year. A copy of the audit committee’s charter is available on the Internet at our website at www.ampliphio.com, in the “Investor Relations” section.

Among other matters, the audit committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. Our independent registered public accounting firm, PBMares, LLP, provides the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the audit committee concerning independence, and the audit committee discusses with the independent registered public accounting firm and management that firm’s independence.

Compensation Committee

The compensation committee, established in January 2004, is comprised of three members, each of whom is a non-employee member of the Board of Directors. The committee's members meet the independence standards under NYSE MKT listing requirements. The compensation committee consists of Jeremy Curnock Cook, Louis Drapeau and Michael S. Perry. Michael S. Perry serves as the chair of the compensation committee. The compensation committee operates under a charter approved by our board. The compensation committee held two meetings during the last fiscal year. A copy of the compensation committee's charter is available on the Internet at our website at www.ampliphio.com, in the "Investor Relations" section.

The functions of the compensation committee include, among other things:

- reviewing and approving the Company's compensation programs and arrangements applicable to its officers;
- determining the objectives of the Company's executive officer compensation programs;

ensuring appropriate corporate performance measures and goals regarding executive officer compensation are set and determine the extent to which they are achieved and any related compensation earned;

- reviewing and establish the Company's goals and objectives relevant to CEO compensation; and
- monitoring the administration of the Company's incentive-compensation plans and equity-based plans.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee, established in March 2004, is comprised of three members, each of whom is a non-employee member of the Board of Directors. The committee's members meet the independence standards under NYSE MKT listing requirements. The nominating and corporate governance committee consists of Jeremy Curnock Cook, Louis Drapeau and Michael S. Perry. Jeremy Curnock Cook serves as the chair of the nominating and corporate governance committee. The nominating and corporate governance committee operates under a charter approved by our board. The nominating and corporate governance committee held one meeting during the last fiscal year. A copy of the nominating and corporate governance committee's charter is available on the Internet at our website at www.ampliphio.com, in the "Investor Relations" section.

The nominating and corporate governance committee identifies, evaluates and recommends to the Board individuals, including individuals proposed by shareholders, qualified to serve as members of the Board and the nominees for election as directors at the next annual or special meeting of shareholders at which directors are to be elected. The functions of the nominating and corporate governance committee include, among other things, developing and recommending to the Board of Directors criteria for board membership to assist the board in identifying and attracting candidates to become directors and conducting inquiries into the backgrounds, qualifications and skills of potential candidates and selecting and approving potential candidates for nomination as directors.

Director Nominations

As described below, the Company has adopted policies for identifying and evaluating director candidates.

Consideration of Director Candidates Recommended by Shareholders

It is the policy of the Board to consider any director candidates recommended by a shareholder of the Company, provided the information regarding director candidates recommended by a shareholder is submitted to the Board in compliance with this policy and AmpliPhi's Bylaws.

Qualifications of Board Candidates

There are no specific, minimum qualifications that the Board requires to be met by a director nominee recommended for membership on the Board, nor are there any specific qualities or skills that are necessary for one or more of the Company's directors to possess, other than as are necessary to meet any requirements under rules and regulations (including any stock exchange rules) applicable to the Company, including any independence and financial literacy tests (as such terms may be defined under any stock exchange rules then applicable to the Company).

Notwithstanding the foregoing, the Board considers a potential candidate's experience, areas of expertise, and other factors relative to the overall composition of the Board, including those set forth below.

Process for Identification and Evaluation of Director Candidates

The Company believes that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, contributing to the Board's ability to work as a collective body, while giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure. Accordingly, the process for identifying nominees reflects the Company's practice of re-nominating incumbent directors who continue to satisfy the criteria for membership on the Board, whom the independent members of the Board believe continue to make important contributions to the Board and who consent to continue their service on the Board. Consistent with this policy, in considering candidates for election at annual meetings of shareholders, the independent members of the Board will first determine the incumbent directors whose terms expire at the upcoming meeting and who wish to continue their service on the Board.

The independent members of the Board will evaluate the qualifications and performance of the incumbent directors that desire to continue their service. In particular, as to each such incumbent director, the independent members of the Board will (i) consider if the director continues to satisfy the minimum qualifications for director candidates adopted by the independent members of the Board, (ii) review any assessments of the performance of the director during the preceding term made by the Board, and (iii) determine whether there exist any special, countervailing considerations against re-nomination of the director.

If the independent members of the Board determine that an incumbent director consenting to re-nomination continues to be qualified and has satisfactorily performed his or her duties as director during the preceding term, and there exist no reasons, including considerations relating to the composition and functional needs of the Board as a whole, why in the view of the independent members of the Board the incumbent should not be re-nominated, the independent members of the Board will, absent special circumstances, propose the incumbent director for re-election.

The process by the independent members of the Board for identifying and evaluating nominees for director, including nominees recommended by a shareholder, involves (with or without the assistance of a retained search firm):

- compiling names of potentially eligible candidates;

- conducting background and reference checks;

- conducting interviews with candidates and/or others (as schedules permit);

- meeting to consider and approve final candidates; and

as appropriate, preparing and presenting to the full Board an analysis with regard to particular recommended candidates.

During the search process, the independent directors endeavor to identify director nominees who have the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and, together with other director nominees and members, shall effectively serve the long-term interests of the Company's shareholders and contribute to the Company's overall corporate goals.

In considering potential new directors, the independent members of the Board will review individuals from various disciplines and backgrounds. Among the qualifications to be considered in the selection of candidates are:

- personal and professional integrity;
- broad experience in business, finance or administration;
- familiarity with the Company's industry; and
- prominence and reputation.

Since prominence and reputation in a particular profession or field of endeavor are what bring most persons to the Board's attention, there is also further consideration of whether the individual has the time available to devote to the work of the Board and one or more of its committees. Nominees will be screened to ensure each candidate has qualifications which complement the overall core competencies of the Board. A review is also to be made of the activities and associations of each candidate to ensure that there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent service on the Board. The screening process includes a background evaluation and a review of the potential nominee's qualification as an independent director under applicable rules and regulations (including the rules and regulations of the SEC and any applicable stock exchange).

There are no differences in the manner in which the Board considers and evaluates nominees for director based on whether the nominee is recommended by a shareholder.

Board of Directors Leadership Structure

Our Board of Directors has a chairman, Jeremy Curnock Cook, who has authority, among other things, to call and preside over board meetings, to set meeting agendas and to determine materials to be distributed to the Board of Directors. Accordingly, the chairman has substantial ability to shape the work of the Board of Directors. We believe that separation of the positions of chairman and chief executive officer reinforces the independence of the board in its oversight of our business and affairs. In addition, we believe that having a separate board chairman creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board of Directors to monitor whether management's actions are in the best interests of us and our stockholders. As a result, we believe that having a separate board chairman can enhance the effectiveness of the Board of Directors as a whole.

Shareholder Communications with Board of Directors

Interested shareholders can send communications to our Board of Directors, a committee of our Board of Directors and individual directors by writing to them care of: Corporate Secretary, AmpliPhi Biosciences Corp, 4870 Sadler Rd, Suite 300, Glen Allen, Virginia 23060. The outside of the envelope should prominently indicate for whom the correspondence is intended. The Corporate Secretary will forward such communication to our Board of Directors, the appropriate committee of our Board of Directors or individual directors, as the case may be, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or take appropriate legal action regarding the communication.

Code of Business Conduct and Ethics

We adopted a code of business conduct and ethics that applies to all of our employees, officers and directors including those officers responsible for financial reporting. Following our initial public offering, the code of business conduct and ethics will be available on our website at <http://www.ampliphio.com>. We intend to disclose future amendments to the code or any waivers of its requirements on our website to the extent permitted by the applicable rules and exchange requirements.

Board of Directors Member Independence

Under the listing requirements and rules of the NYSE MKT, independent directors must compose a majority of a listed company's Board of Directors within a one-year period following the completion of our initial public offering. In addition, applicable NYSE MKT rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating committees must be independent within the meaning of applicable NYSE rules. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act.

In October 2013, our Board of Directors undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. As a result of this review, our Board of Directors determined that Messrs. Jeremy Curnock Cook, Louis Drapeau and Michael Perry qualify as "independent" directors within the meaning of the NYSE MKT rules. As required under applicable NYSE MKT rules, we anticipate that our independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

Role of the Board in Risk Oversight

Our audit committee is primarily responsible for overseeing our financial risk management processes on behalf of the full Board of Directors. Going forward, we expect that the audit committee will receive reports from management at least quarterly regarding our assessment of risks. In addition, the audit committee reports regularly to the full Board of Directors, which also considers our risk profile. The audit committee and the full Board of Directors focus on the most significant risks we face and our general risk management strategies. While the board oversees our risk management, management is responsible for day-to-day risk management processes. Our Board of Directors expects management to consider risk and risk management in each business decision, to proactively develop and monitor risk management strategies and processes for day-to-day activities and to effectively implement risk management strategies adopted by the audit committee and the Board of Directors. We believe this division of responsibilities is the most effective approach for addressing the risks we face and that our board leadership structure, which also emphasizes the independence of the board in its oversight of its business and affairs, supports this approach.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

Overview

The Audit Committee has selected PBMares, LLP as AmpliPhi's independent registered public accounting firm to audit the consolidated financial statements of AmpliPhi for the fiscal year ending December 31, 2014. PBMares, LLP has acted in such capacity since its appointment in fiscal year 2010.

Shareholder ratification of the selection of PBMares, LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board of Directors is submitting the selection of PBMares, LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accountant at any time during the year if they determine that such a change would be in the best interests of AmpliPhi and its shareholders.

As part of its duties, the Audit Committee considered the provision of services, other than audit services, during the fiscal year ended December 31, 2013 by PBMares, LLP, our independent registered public accounting firm for that period, to ensure they maintain their independence. The following table sets forth the aggregate fees accrued for the fiscal years ended December 31, 2012 and 2013, respectively, by PBMares, LLP:

	Fiscal Year Ended December 31, 2012	Fiscal Year Ended December 31, 2013
Audit Fees	\$ 92,095	\$ 173,125
Audit Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	62,305
Total	\$ 92,095	\$ 235,430

The Audit Committee approves in advance the engagement and fees of the independent registered public accounting firm for all audit services and non-audit services, based upon independence, qualifications and, if applicable, performance. The Audit Committee may form and delegate to subcommittees of one or more members of the Audit Committee the authority to grant pre-approvals for audit and permitted non-audit services, up to specific amounts. All audit services provided by PBMares, LLP for the fiscal years ended December 31, 2012 and 2013, respectively, were pre-approved by the Audit Committee.

Representatives of PBMares, LLP attended all of the meetings of the Audit Committee during each of the fiscal years ended December 31, 2012 and 2013, respectively. We expect that a representative of PBMares, LLP will attend the Annual Meeting, and the representative will have an opportunity to make a statement if he or she so desires. The representative will also be available to respond to appropriate questions from shareholders.

Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the votes cast on the proposal on the ratification of this appointment, at the Annual Meeting of Shareholders at which a quorum representing a majority of all outstanding shares of common stock of AmpliPhi is present, either in person or by proxy, is required for ratification of this proposal. If you abstain from voting on this Proposal, it has no effect on the voting of the proposal. If you submit your proxy without indicating your voting instructions, your shares will be voted "FOR" this proposal. Brokers, bankers and other nominees have discretionary voting power on this routine matter and, accordingly, "broker non-votes" will have no effect on the ratification.

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of PBMares, LLP as AmpliPhi's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2014.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 28, 2014, for:

- each person known by us to beneficially own more than 5% of our outstanding shares of common stock,

- each of our directors,

- each of our named executive officers, and

- all such directors, nominees for director and executive officers as a group.

The percentage of ownership depicted below is based on 271,135,342 shares of common stock outstanding on April 28, 2014, which consists of 182,535,562 shares of common stock outstanding as of April 28, 2014, and 88,599,780 shares of common stock issuable upon conversion of all outstanding shares of Series B Convertible Preferred Stock as of January 10, 2014 (assuming a conversion ratio equal to ten (10) common shares for each share of Series B Convertible Preferred Stock).

We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or share voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options or warrants or pursuant to the conversion of our Series B Convertible Preferred Stock that are either immediately exercisable or convertible or exercisable or convertible within 60 days of April 28, 2014. Shares underlying such options, warrants and Series B Convertible Preferred Stock, however, are only considered outstanding for the purpose of computing the percentage ownership of that person and are not considered outstanding when computing the percentage ownership of any other person.

Equity Compensation Plan Information

The purpose of all of our equity incentive plans is to promote the long-term success of the Company and the creation of shareholder value by offering key service providers an opportunity to share in such long-term success by acquiring a proprietary interest in the Company and to attract and retain the best available personnel for positions of substantial responsibility, and to provide additional incentive to employees, consultants and directors.

Our equity incentive plans seek to achieve these purposes by providing for discretionary long-term incentive awards in the form of options (which may constitute incentive stock options or nonstatutory stock options), stock appreciation rights, stock grants and stock units. Our equity incentive plans are administered by the board or a committee appointed by the board, which we refer to as the plan administrator and have a term of 10 years from the date they were adopted by the Board of Directors.

2009 Targeted Genetics Stock Incentive Plan and 2012 Stock Incentive Plan

Our Board of Directors and shareholders adopted our 2009 Plan in March 2009. Our Board of Directors adopted our 2012 Plan in October 2012. As of April 28, 2014, there are 1,304,760 shares of common stock and 9,937,323 shares of common stock remaining for future awards under the 2009 Plan and the 2012 Plan, respectively. We refer to the 2009 Plan and the 2012 Plan together as the Existing Plans.

The number of shares authorized under each of the Existing Plans is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. The shares we issue under the Existing Plans may be authorized but unissued shares or shares we reacquire. The shares of common stock underlying any equity awards that are forfeited, canceled, repurchased, expired or are otherwise terminated (other than by exercise) under the Existing Plans are currently added back to the shares of common stock available for issuance under the Existing Plans.

The Existing Plans permit us to make grants of incentive stock options to employees and grants of non-qualified stock options and restricted stock to employees, officers, directors and consultants. The Existing Plans are administered by our Board of Directors. Our Board of Directors has the authority to select the individuals to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the Existing Plans.

The Existing Plans permit the grant of (1) options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, and (2) options that do not so qualify. The option exercise price of each option will be determined by our Board of Directors but may not be less than 100% of the fair market value of the common stock on the date of grant. The term of each option will be fixed by our Board of Directors and may not exceed 10 years from the date of grant. All stock option awards that are granted pursuant to the Existing Plans are covered by an option agreement.

The Existing Plans also permit the award of stock grants, stock appreciation rights and stock units to participants, subject to such terms, conditions and restrictions as our Board of Directors may determine. All stock grants, stock appreciation rights and stock units that are granted pursuant to the Existing Plans are covered by a written agreement.

The Existing Plans provide that upon the effectiveness of a “corporate transaction,” as defined in each of the Existing Plans, in the event that all awards are not assumed or continued or substituted by the successor entity, all awards granted under the Existing Plans shall terminate. In addition, in connection with a corporate transaction, the plan administrator may provide the full automatic vesting and exercisability of one or more outstanding unvested awards under the Existing Plans in connection with a corporate transaction, on such terms and conditions as the plan administrator may specify. Furthermore, in connection with a “change in control,” as defined in each of the Existing Plans, the Existing Plans provide for the full automatic vesting and exercisability of any outstanding unvested awards held by certain “key service providers,” which under the terms of the Existing Plans, is defined as any employee, director or consultant who has been designated as a key service provider by the plan administrator, in the event that any such awards are not assumed or continued or substituted by the successor entity, or otherwise fully automatically vested by the plan administrator in connection with such change in control.

Our Board of Directors may amend, alter, suspend or terminate the Existing Plans at any time, subject to stockholder approval where such approval is required by applicable law. Our Board of Directors may also amend, modify or terminate any outstanding award, provided that no amendment to an award may materially impair any of the rights of a participant under any awards previously granted without his or her written consent. No awards may be granted under the 2009 Plan and 2012 Plan after March 3, 2019 and October 19, 2022, respectively.

2013 Stock Incentive Plan

Our 2013 Plan was approved by our Board of Directors in December 2013 and was approved by our shareholders in February 2014. The 2013 Plan replaces the 2009 Plan and the 2012 Plan.

The 2013 Plan allows the plan administrator, to make equity-based incentive awards to our officers, employees, directors and other key persons (including consultants).

We have initially reserved 40,000,000 shares of our common stock for the issuance of awards under the 2013 Plan. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization.

The shares issuable pursuant to awards granted under the 2013 Plan will be authorized but unissued shares or shares that we reacquire. The shares of common stock underlying any awards from the 2013 Plan that are forfeited, cancelled, held back upon exercise or settlement of an award to satisfy the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without any issuance of common stock, expire or are otherwise terminated (other than by exercise) under the 2013 Plan will be added back to the shares of common stock available for issuance under the 2013 Plan.

The 2013 Plan will be administered by the plan administrator. The plan administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the 2013 Plan. Persons eligible to participate in the 2013 Plan will be those full or part-time officers, employees, non-employee directors and other key persons (including consultants) as selected from time to time by our plan administrator in its discretion. The plan administrator may reprice options or stock appreciation rights without stockholder approval.

The 2013 Plan permits the granting of both options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code and options that do not so qualify. The exercise price of each stock option will be determined by our plan administrator but may not be less than 100% of the fair market value of our common stock on the date of grant or, in the case of an incentive stock option granted to a 10% owner, less than 110% of the fair market value of our common stock on the date of grant. The term of each stock option will be fixed by the plan administrator and may not exceed 10 years from the date of grant. The plan administrator will determine at what time or times each option may be exercised.

The plan administrator may also award stock appreciation rights subject to such conditions and restrictions as it may determine. Stock appreciation rights entitle the recipient to shares of common stock, or cash, equal to the value of the appreciation in our stock price over the exercise price. The exercise price may not be less than 100% of the fair market value of the common stock on the date of grant.

The plan administrator may also award restricted stock or restricted stock units to participants subject to such conditions and restrictions as it may determine. These conditions and restrictions may include the achievement of certain performance goals or continued employment with us through a specified vesting period. The plan administrator may also grant shares of common stock that are free from any restrictions under the 2013 Plan.

The plan administrator may grant cash bonuses under the 2013 Plan to participants, subject to the achievement of certain performance goals.

The plan administrator may grant performance-based awards to participants in the form of restricted stock, restricted stock units or cash-based awards upon the achievement of certain performance goals and such other conditions as the plan administrator shall determine. The plan administrator may grant such performance-based awards under the 2013 Plan that are intended to qualify as “performance-based compensation” under Section 162(m) of the Code. Those awards would only vest or become payable upon the attainment of performance goals that are established by our plan administrator and related to one or more performance criteria. The performance criteria that could be used with respect to any such awards include: net earnings or net income (before or after taxes); earnings per share; revenues or sales (including net sales or revenue growth); net operating profit; return measures (including return on assets, net assets, capital, invested capital, equity, sales, or revenue); cash flow (including operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment); earnings before or after taxes, interest, depreciation, and/or amortization; gross or operating margins; productivity ratios; share price (including growth measures and total stockholder return); expense targets; margins; operating efficiency; market share; working capital targets and change in working capital; economic value added or net operating income, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. From and after the time that we become subject to Section 162(m) of the Code, the maximum award that is intended to qualify as “performance-based compensation” under Section 162(m) of the Code that may be made to any one employee during any one calendar year period with respect to options and stock appreciation rights is 18,000,000 shares for existing employees and 5,000,000 shares in the case of new hires. The 12-month limit with respect to restricted stock and restricted stock units is 10,000,000 shares in the case of either existing or new employees. From and after the time that we become subject to Section 162(m) of the Code, the maximum cash-based award that is intended to qualify as “performance-based compensation” is limited to \$10,000,000 in any 12-month period, which is pro-rated in the case of a partial performance period. The share limits are subject to adjustments in the event of a stock split, stock dividend or other change in our capitalization.

The 2013 Plan provides that upon the effectiveness of a “corporate transaction,” as defined in the 2013 Plan, in the event that all awards are not assumed or continued or substituted by the successor entity, all awards granted under the 2013 Plan shall terminate. In addition, in connection with a corporate transaction, the plan administrator may provide the full or partial automatic vesting and exercisability of one or more outstanding unvested awards under the 2013 Plan and the release from restrictions on transfer or forfeiture rights of such awards in connection with a corporate transaction, on such terms and conditions as the plan administrator may specify.

Our Board of Directors may amend or discontinue the 2013 Plan and our plan administrator may amend or cancel outstanding awards for purposes of satisfying changes in law or any other lawful purpose, but no such action may adversely affect rights under an award without the holder’s consent. Certain amendments to the 2013 Plan require the approval of our stockholders.

No awards may be granted under the 2013 Plan after the date that is 10 years from the earlier of the date of adoption by our Board of Directors or the date of stockholder approval of the 2013 Plan. No awards under the 2013 Plan have been made prior to the date of this prospectus.

Executive Employment Agreement

We entered into an employment agreement with Philip J. Young on October 19, 2011. The employment agreement provides for at-will employment, base salary, incentive bonuses, standard employee benefit plan participation and recommendations for initial stock option grants. The employment agreement was subject to execution of a standard proprietary information and invention agreement and proof of identity and work eligibility in the United States.

Mr. Young is entitled to severance and change in control benefits pursuant to his employment, the terms of which are described below under “Potential Payments upon Termination or Change in Control.” We believe that these severance and change in control benefits help us from a retention standpoint and they are particularly necessary in an industry, such as ours, where there has been market consolidation. We believe that they help executive officers maintain continued focus and dedication to their assigned duties to maximize shareholder value if there is a change of control. We believe that these severance and change in control benefits are an essential element of our overall executive compensation package.

Pursuant to the terms of his employment agreement, as amended, Mr. Young was granted options to purchase 8,400,000 shares of our common stock on October 23, 2012 and options to purchase 11,600,000 of our common stock on June 25, 2013.

Potential Payments upon Termination or Change in Control

Regardless of the manner in which a named executive officer’s employment terminates, the named executive officer is entitled to receive amounts earned during his term of employment, including salary and unused vacation pay. In addition, each of our named executive officers that are currently employed by us is entitled to severance and change in control benefits described below.

On October 19, 2011, the Company entered into an employment agreement with Mr. Young, the Company’s President, Chief Executive Officer and member of the Board of Directors, which provides if the Company terminates Mr. Young without cause or he resigns for good reason, he will be entitled to: (i) severance payments on a monthly basis at a rate equal to his base salary then in effect for a period ranging from at least six months up to one year and (ii) accelerated vesting of his stock option shares with respect to the number of shares that would have vested if Mr. Young had remained employed by the Company during the period in which he is to receive severance payments.

If Mr. Young’s employment is terminated by the Company, with or without cause, or by Mr. Young for changed circumstances in connection with or following a change in control, he will be entitled to: (i) severance payments on a monthly basis at a rate equal to his base salary then in effect for a period of one year, (ii) accelerated vesting of his stock option shares with respect to the number of shares that would have vested if Mr. Young had remained employed by the Company during the period in which he is to receive severance payments, and (iii) the pro rata portion of any eligible bonus compensation as of the date of termination.

The following table sets forth potential payments payable to our named executive officers upon a termination of employment without cause or resignation for good reason or termination of employment with or without cause or resignation following a change in control. The table below reflects amounts payable to our executive officers

assuming their employment was terminated on December 31, 2013 and, if applicable, a change in control also occurred on such date.
