PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS to be Held April 25, 2006

This Proxy Statement is furnished to shareholders of SCBT Financial Corporation, a South Carolina corporation (herein, unless the context otherwise requires, together with its subsidiaries, the "Company"), in connection with the solicitation of proxies by the Company's board of directors for use at the Annual Meeting of Shareholders to be held at the Company's headquarters in the Dorchester-Jasper Room on the second floor, 520 Gervais Street, Columbia, South Carolina at 2:00 p.m., on April 25, 2006 or any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Solicitation of proxies may be made in person or by mail, telephone or other means by directors, officers and regular employees of the Company. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Common Stock of the Company held of record by such persons, and the Company will reimburse the reasonable forwarding expenses. The cost of solicitation of proxies will be paid by the Company. This Proxy Statement was first mailed to shareholders on or about March 24, 2006.

The Company has its principal executive offices at 520 Gervais Street, Columbia, South Carolina 29201. The Company's mailing address is P.O. Box 1030, Columbia, South Carolina 29202, and its telephone number is 803-771-2265.

ANNUAL REPORT

The Annual Report to Shareholders (which includes the Company's Annual Report on Form 10-K containing, among other things, the Company's fiscal year ended December 31, 2005 financial statements) is enclosed herewith. Such Annual Report to Shareholders does not form any part of the material for the solicitation of proxies.

REVOCATION OF PROXY

Any record shareholder returning the accompanying proxy may revoke such proxy at any time prior to its exercise (a) by giving written notice to the Company of such revocation, (b) by voting in person at the meeting, or (c) by executing and delivering to the Company a later dated proxy. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. Any written notice or proxy revoking a proxy should be sent to SCBT Financial Corporation, P.O. Box 1030, Columbia, South Carolina 29202, Attention: James C. Hunter, Jr. Written notice of revocation or delivery of a later dated proxy will be effective upon receipt thereof by the Company.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

QUORUM AND VOTING

The Company's only voting security is its \$2.50 par value Common Stock ("Common Stock"), each share of which entitles the holder thereof to one vote on each matter to come before the Annual Meeting. At the close of business on March 10, 2006 (the "Record Date"), the Company had issued and outstanding 8,671,091 shares of Common Stock, which were held of record by approximately 5,400 persons. Only shareholders of record at the close of business on the Record Date are entitled to notice of and to vote on matters that come before the Annual Meeting. Notwithstanding the Record Date specified above, the Company's stock transfer books will not be closed and shares of the Common Stock may be transferred subsequent to the Record Date. However, all votes must be cast in the names of holders of record on the Record Date.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the Annual Meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for the purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" or as to which no vote is marked, including proxies submitted by brokers who are the record owners of shares but who lack the power to vote such shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the Annual Meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time until a quorum is present or represented. If any such adjournment is for a period of less than 30 days, no notice, other than an announcement at the meeting, will be given of the adjournment. If the adjournment is for 30 days or more, notice of the adjourned meeting will be given in accordance with the Bylaws. Directors, officers and regular employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or other means. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed. Once a quorum has been established, it will not be destroyed by the departure of shares prior to the adjournment of the meeting.

1

Provided a quorum is established at the meeting, directors will be elected by a plurality of the votes cast at the Annual Meeting. Votes that are withheld, broker non-votes and the failure to return a signed proxy will have no effect on the outcome of the election of directors. Shareholders of the Company do not have cumulative voting rights.

All other matters to be considered and acted upon at the Annual Meeting, including the proposals to ratify the appointment of J. W. Hunt and Company, LLP, Certified Public Accountants, as independent auditors, require that the number of shares of Common Stock voted in favor of the matter exceed the number of shares of Common Stock voted against the matter, provided a quorum has been established. Abstentions, broker non-votes and the failure to return a signed proxy will have no effect on the outcome of such matters.

ACTIONS TO BE TAKEN BY THE PROXIES

Each proxy, unless the shareholder otherwise specifies therein, will be voted "FOR" the election of the persons named in this Proxy Statement as the board of directors' nominees for election to the board of directors; and "FOR" the ratification of the appointment of J. W. Hunt and Company, LLP as independent auditors for the fiscal year ending December 31, 2006. In each case

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with his specifications. As to any other matter of business which may be brought before the Annual Meeting, a vote may be cast pursuant to the accompanying proxy in accordance with the best judgment of the persons voting the same. However, the board of directors does not know of any such other business.

SHAREHOLDER PROPOSALS AND COMMUNICATIONS

Any shareholder of the Company desiring to include a proposal in the Company's 2007 proxy materials for action at the 2007 Annual Meeting of Shareholders must deliver the proposal to the executive offices of the Company no later than November 15, 2006 if such proposal is to be considered for inclusion in the 2007 proxy materials. Only proper proposals that are timely received will be included in the Company's 2007 Proxy Statement and Proxy. In addition, a shareholder who desires to nominate a person for election to the board of directors of the Company or to make any other proposal for consideration by shareholders at a shareholders' meeting must deliver notice of such proposed action to the Secretary of the Company no less than 45 days before such meeting. For a nominee for director, such notice should be addressed to the Governance Committee of the Company at P.O. Box 1030, Columbia, South Carolina 29202. The recommendation must set forth the name and address of the shareholder or shareholder group making the nomination; the name of the nominee; his or her address; the number of shares of Company stock owned by the nominee; any arrangements or understandings regarding nomination; the five-year business experience of the recommended candidate; legal proceedings within the last five years involving the candidate; a description of transactions between the candidate and the Company valued in excess of \$60,000 and other types of business relationships with the Company; a description of any relationships or agreements between the recommending shareholder or group and the candidate regarding nomination; a description of known relationships between the candidate and the Company's competitors, customers, business partners or other persons who have a business relationship with the Company; and a statement of the recommended candidate's qualifications for board membership. For any other shareholder proposal, such notice must set forth the name and address of the shareholder making the proposal and the text of the resolution to be voted on.

The Company does not have a formal process by which shareholders may communicate with the board of directors. Historically, however, the Chairman of the Board has undertaken responsibility for responding to questions and concerns expressed by shareholders. In the view of the board of directors, this approach has been sufficient to ensure that questions and concerns raised by shareholders are adequately addressed. Any shareholder desiring to communicate with the board may do so by writing to the secretary of the Company at P.O. Box 1030, Columbia, South Carolina 29202.

COMPENSATION OF DIRECTORS

Directors who are also officers employed by the Company or its subsidiaries do not receive fees or any other separate cash compensation for serving as a director. Non-employee directors of the Company are paid a cash retainer of \$500 per calendar quarter and \$500 per meeting attended of the bank subsidiary board of which they are a member. Members of the executive committee, audit committee, compensation committee, governance committee, and trust asset management committee are paid additional payments of \$400, \$400, \$300, \$300, and \$300 respectively, for each meeting attended. The chairmen of the audit, compensation, and governance committees currently receive \$800, \$800 and \$500, respectively, per committee meeting attended in lieu of the corresponding amounts above. Under the Company's deferred compensation plan, directors may elect to defer all or a portion of their directors' fees and to treat such deferred amounts as though they were invested in one or more investment options designated by the plan. Amounts deferred under the plan remain general obligations of the Company and become payable at the times (or during the periods) designated by participating directors.

In May 2005, the Company awarded to each non-employee director serving at that time options to acquire 500 shares of the Company's common stock at the fair market value at the time of award, and 200 shares of restricted stock. These awards were granted following the Company's annual shareholders' meeting and vested over a period of one year from the date of grant. The Company intends to grant annually to its non-employee directors stock options and restricted stock awards in similar amounts and terms following the shareholders' meeting.

5

Robert R. Horger, who serves as Chairman of the Board of the Company, currently receives \$77,315 annually for serving in that capacity. In addition, in January 2005, the Company granted to Mr. Horger 584 shares of restricted stock valued at \$33.57 per share at that time, and options to purchase 1,750 shares of the Company's common stock at \$33.57 per share. These restricted stock shares vest and the options become exercisable in four equal annual installments over the four-year period following the date of grant.

THE BOARD OF DIRECTORS AND COMMITTEES

During 2005, the board of directors of the Company held ten meetings. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the board of directors held during the period for which he or she served as a director, and (b) the total number of meetings held by all committees of the board of directors of the Company on which he or she served.

There is no formal policy regarding attendance at annual shareholder meetings; however, such attendance has always been strongly encouraged. Last year, 14 of the Company's 15 directors active at that time attended the 2005 Annual Shareholders' Meeting.

6

The board of directors has determined that Colden R. Battey, Jr., Luther J. Battiste, III, Dalton B. Floyd, Jr., M. Oswald Fogle, Dwight W. Frierson, R. Caine Halter, Harry M. Mims, Jr., Ralph W. Norman, James W. Roquemore, Thomas E. Suggs, Susie H. VanHuss, A. Dewall Waters, John W. Williamson, III, and Cathy Cox Yeadon are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the audit committee. Therefore, under these requirements, a majority of the members of the Company's board of directors is independent.

The board of directors has adopted a Code of Ethics for Financial Professionals that is applicable to the Company's chief executive officer, chief financial officer, controller, financial controls and disclosures manager and all managers reporting to these individuals who are responsible for accounting and financial reporting. The Code of Ethics for Financial Professionals was filed as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

The board of directors of the Company maintains executive, audit, compensation, governance, policy and trust asset management committees. The functions, composition and frequency of meetings for these committees during 2005 were as follows:

Executive Committee - The executive committee is composed of Robert R. Horger, Chairman, Colden R. Battey, Jr., Dwight W. Frierson, R. Caine Halter, Robert R. Hill, Jr., Harry M. Mims, Jr., James W. Roquemore, and Thomas E. Suggs. The board of directors of the Company may, by resolution adopted by a majority of its members, delegate to the executive committee the power, with certain exceptions, to exercise the authority of the board of directors in the management of the affairs of the Company. The executive committee met twenty-three times in 2005.

Audit Committee - The audit committee is composed of M. Oswald Fogle, Chairman, Luther J. Battiste, III, Ralph W. Norman, John W. Williamson, III, and Cathy Cox Yeadon. The board of directors has determined that all members of the audit committee are independent directors under the independence requirements of The NASDAQ Stock Market. The board of directors has also determined that M. Oswald Fogle is an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002. The audit committee held eleven meetings in 2005. The primary function of the audit committee is to assist the board of directors of the Company in overseeing (i) the Company's accounting and financial reporting processes generally, (ii) the audits of the Company's

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

financial statements and (iii) the Company's systems of internal controls regarding finance and accounting. In such role, the audit committee reviews the qualifications, performance and independence of the Company's independent accountants and has the authority to appoint, evaluate and, where appropriate, replace the Company's independent auditors. The audit committee also oversees the Company's internal audit department. The board of directors has adopted a charter for the audit committee, and a copy of the charter was filed as Appendix B to the Company's 2004 proxy statement.

Compensation Committee - The compensation committee is composed of A. Dewart Waters, Chairman, Colden R. Battey, Jr., M. Oswald Fogle, Harry M. Mims, Jr. and Susie H. VanHuss. The compensation committee met five times in 2005. The board of directors has determined that all members of the compensation committee are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the audit committee. The compensation committee, among other functions, evaluates the performance of the executive officers of the Company and recommends to the board of directors, through the executive committee, matters concerning compensation, salaries, benefits and other forms of executive compensation to officers of the Company.

Governance Committee - The governance committee is composed of Dwight W. Frierson, Chairman, Colden R. Battey, Jr., Dalton B. Floyd, Jr., Ralph W. Norman and Thomas E. Suggs. The board of directors has determined that all members of the governance committee are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the audit committee. The governance committee met one time in 2005. The governance committee acts as the nominating committee for the purpose of recommending to the board of directors nominees for election to the board of directors. The governance committee also periodically reviews and, where appropriate, recommends changes to the Company's corporate governance practices. The governance committee has not established any specific, minimum qualifications that must be met for a person to be nominated to serve as a director, and the governance committee has not identified any specific qualities or skills that it believes are necessary to be nominated as a director. Nominees for the board are reviewed by the governance committee on a case-by-case basis based on a number of factors, including a proposed nominee's independence, age, skills, occupation, diversity and experience and any other factors beneficial to the Company. The governance committee will consider nominees identified by its members, other directors, officers and employees of the Company and other persons, including shareholders of the Company.

The governance committee will consider nominees for director recommended by a shareholder if the shareholder provides the committee with the information described in paragraph 6 under the caption "Committee Authority and Responsibilities" of the governance committee's charter. The governance committee's charter was included as Appendix A to the Company's 2005 proxy statement. The required information regarding a director nominee is also discussed in general terms within the last paragraph of the "Shareholder Proposals and Communications" section on page 2 of this proxy statement.

7

Policy Committee - The policy committee is composed of Dwight W. Frierson, Chairman, Colden R. Battey, Jr., R. Caine Halter, Robert R. Hill, Jr., Robert R. Horger, Harry M. Mims, Jr., James W. Roquemore, and Thomas E. Suggs. The primary purpose of the policy committee is to recommend and approve new policies and review and approve present policies or policy updates and changes. The policy committee met three times in 2005.

Trust Asset Management Committee - The trust asset management committee is

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

composed of Cathy Cox Yeadon, Chair, Luther J. Battiste, III, Dalton B. Floyd, Jr., Harry M. Mims, Jr. and Susie H. VanHuss. The trust asset management committee met three times in 2005. The primary purpose of the trust asset management committee is to oversee the activities of the trust and asset management department and the investment services activities of the Company's subsidiary banks.

- (3) From time to time, the Company has awarded shares of restricted stock to its executive officers. Shares of restricted stock that were issued during 2005 will vest at 25% per year for a period of four years subject to the continued employment of the officer. The Company did not grant any shares of restricted stock to the executive officers named above during 2004. Shares of restricted stock that were issued to Mr. Burns in 2003 generally vest subject to the continued employment of the officer as follows: (a) 25% of the shares vest free of restrictions on the third anniversary of the date of grant; (b) 25% of the shares vest free of restrictions on the fifth anniversary of the date of grant; and (c) 50% of the shares vest free of restrictions on the seventh anniversary of the date of grant. An officer's interest in any non-vested shares would terminate upon the termination of the officer's employment with the Company, except that all restricted shares will fully vest if there is a change in control of the Company or the officer dies while employed by the Company. Each officer generally has the right to vote restricted shares and to receive dividends paid on the shares prior to vesting. The number and market value of unvested shares of restricted stock held by the officers named above at December 31, 2005, were as follows: Mr. Hill - 5,613 shares (\$187,586); Mr. Pollok - 4,281 shares (\$143,071); Mr. Camp - 4,132 shares (\$138,091); Mr. Mathis - 3,948 shares (\$131,942); and Mr. Burns - 3,799 shares (\$126,962).
- (4) Options granted in 2004 and 2003 reflect the effect of a 5% stock dividend distributed on January 1, 2005.
- (5) Includes contributions by the Company's subsidiaries through matching or discretionary contributions to their employee savings plans allocated to the named executive officers' accounts, and term life insurance premiums paid by the Company's subsidiaries for the benefit of the named executive officers as follows:

EMPLOYMENT AGREEMENTS

Robert R. Hill, Jr.

In September 1999, the Company entered into an employment and noncompetition agreement with Mr. Hill that extends for a rolling three-year period. Under the agreement, Mr. Hill is entitled to receive base salary (currently \$300,000 per year during 2006), certain fringe benefits such as country club dues and an automobile, and reimbursement of his business-related expenses, and to participate in other compensatory and employee benefit plans maintained by the Company from time to time, including the Company's cash incentive and stock compensation plans. If Mr. Hill's employment is terminated by reason of death, disability or without cause, or if he terminates his employment because he is relocated or his responsibilities are reduced without his consent, the Company generally is required to pay him (or his estate) his base salary in effect at the time of termination for 12 months following termination and to continue his health, medical and dental insurance and other benefits during such period. In addition, if Mr. Hill's employment is terminated by either Mr. Hill or the Company following a change in control (other than by reason of death, disability or cause), Mr. Hill will be entitled to continued compensation of an amount equal to the product of 2.99 multiplied by his "base amount" as defined in Section 280G(b)(3) of the Internal Revenue Code (generally the average of the previous five tax years' annual compensation), such amount to be paid over 36 months or in lump sum at Mr. Hill's discretion. The Company must also pay Mr. Hill's medical and life insurance during such 36-month period. During his employment and for 12 months following any termination of his employment, Mr. Hill has agreed not to compete with the Company through accepting traditional banking services employment in any county where the Company is conducting business, solicit customers of the Company, or induce any Company employee to leave the Company for the purpose of competing with the Company.

9

Other Named Executive Officers

The Company has entered into employment agreements with the other named executive officers. Under these agreements, these executive officers are entitled to receive annual base salary (currently during 2006, for Mr. Pollok, \$205,000; for Mr. Camp, \$185,250; for Mr. Mathis, \$178,300; and for Mr. Burns, \$162,750), certain fringe benefits which may vary among officers such as country club dues and an automobile, reimbursement of their business-related expenses, and participation in other compensatory and employee benefit plans maintained by the Company from time to time, including the Company's cash incentive and stock compensation plans. If their employment is terminated by the Company without cause, the Company generally will be required to pay them their base salary in effect at the time of termination for six months following termination. In addition, if their employment is terminated by the Company following a change in control for any reason other than as a result of death, disability or for cause,

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

the Company is required to pay them their base salary then in effect for 24 months following termination. During their employment and for a period of between 6-18 months following their employment (depending on the circumstances resulting in the termination of employment), each executive officer has agreed not to compete with the Company through accepting traditional banking services employment in the counties in South Carolina where his primary office is (or formerly was) located or to solicit customers of the Company, or induce any Company employee to leave the Company for the purpose of competing with the Company in any county where the Company is conducting business.

SUPPLEMENTAL EXECUTIVE RETIREMENT AGREEMENTS

The Company has entered into supplemental executive retirement agreements with its chief executive officer and the other named executive officers. The Company had anticipated that it would amend these agreements (as expressed in the 2005 proxy statement), but it has not yet done so. The Company is currently considering amendments to the existing agreements, and appropriate filings will be made with the Securities and Exchange Commission if such changes are adopted.

Under the agreements currently in place, the named executive officers generally will be entitled to receive retirement benefits over the 20-year period following retirement after age 65, or benefits at a reduced amount if retirement occurs between ages 62 and 65 for Mr. Camp and Mr. Mathis. The annual amount of such benefits may not exceed \$75,000 for Mr. Hill and \$50,000 for the other executives. The exact amount of benefits would be generally determined by reference to the number of calendar years after 2002 in which the Company satisfied a specified performance measure, namely that the Company's diluted earnings per share for the year equaled or exceeded 110% of the Company's diluted earnings per share for the previous year. If the named executive officers were to have retired at normal retirement age as of December 31, 2005, they would have been entitled to approximately 33.3% of their maximum annual retirement benefit based on this performance measure subsequent to December 31, 2002. A smaller annual benefit, payable over the 20-year period after the executive attains his normal retirement age, will become payable if the employment of any of these officers is terminated prior to attaining retirement age for any reason other than death or for cause. If an executive dies, the Company will be required to pay his estate a lump sum amount (which is \$375,000 for Mr. Hill and \$250,000 for the other executives) plus an annual amount (which is \$75,000 for Mr. Hill and \$50,000 for the other executives) in monthly installments over the 10-year period following death. These executives will forfeit their retirement benefits if they compete with the Company. The Company's obligations under the agreements are general unsecured obligations of the Company, although the agreements require the Company to establish a grantor ("rabbi") trust for such benefits following a change in control.

DEFERRED COMPENSATION PLAN

The Company has adopted a deferred compensation plan in which directors, executive officers and certain other officers are entitled to participate. Under the plan, directors and executive officers may defer all or a portion of their compensation from the Company and treat these amounts as though they were invested in one or more deemed investment options designated by the plan. Amounts payable under the plan remain general obligations of the Company and are payable by the Company at the future times (or over the periods) designated by plan participants upon their enrollment in the plan and their annual renewal of enrollment.

The number of shares subject to options that were exercisable and unexercisable at year-end 2005 is displayed. The number of options granted has been adjusted to reflect all stock dividends.
- (3) Dollar amounts shown represent the value of "in-the-money" stock options held by the indicated officers at year-end 2005. Shares subject to an option are considered to be "in-the-money" if the fair market value at December 31, 2005 of shares of stock exceeds the exercise or base price of such shares. The value of the "in-the-money" options is computed based on the difference between the \$33.42 per share market value of the stock at December 31, 2005 and the exercise or base price of the shares subject to underlying options. The value of shares subject to options that are exercisable and unexercisable at December 31, 2005 is displayed.

The following table provides information concerning the grant of stock options during 2005 to the named executives.

- (2) The exercise price equals the closing market price of the Company's common stock for the business day preceding the date of the grant.
- (3) The potential gains are based on the assumed annual rates of stock price appreciation of 5% and 10% over the term of each option. Any actual gains are dependent on the future performance of the Company's common stock and general market conditions. REPORT ON EXECUTIVE OFFICER COMPENSATION

The Company's compensation committee is required to provide the Company's shareholders with a report discussing the compensation committee's policies in establishing compensation for the Company's executive officers. The report is also required to discuss the relationship, if any, between the Company's performance and executive officer compensation. Finally, the report must specifically discuss the factors and criteria upon which the compensation paid to the Company's Chief Executive Officer was based.

This report is provided as a summary of current practice with regard to the annual compensation review and authorization of executive officer compensation, and with respect to specific action taken for the chief executive officer. The \$1,000,000 tax deduction limitation for executive compensation which is not performance based, added by the Omnibus Budget Reconciliation Act of 1993, is not relevant to this year's report and does not affect either the Company's or its subsidiaries' compensation policy. Should such limitations become relevant, steps will be taken to amend the Company's and its subsidiaries' compensation policy to assure compliance.

The fundamental philosophy of the Company's compensation program is to offer competitive compensation opportunities for executive officers that are based both on the individual's contribution and on the Company's performance. The compensation paid is designed to retain and reward executive officers who are capable of leading the Company in achieving its business objectives in an industry characterized by complexity, competitiveness and change. The compensation of the Company's executive officers is reviewed and approved annually by the Compensation Committee. Annual compensation for the chief executive officer (and other executive officers) consists primarily of three elements.

- [X] A base salary that is determined by individual contribution and performance, and which is designed to provide a base level of compensation that is at a median level to that provided to key executives of a selected group of southeastern peer banking companies of similar size and performance.
- [X] A short-term cash incentive program that is directly linked to individual performance and the Company's soundness, financial performance, and growth and which may be supplemented by stock-based bonuses based on similar criteria.
- [X] A long-term incentive program that provides stock options and shares of

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

restricted stock to executive officers. Such awards provide an incentive that focuses the executive's attention on managing the Company from the perspective of a shareholder with an equity stake in the business. The economic value of any such award is directly tied to the future performance of the Company's stock and will provide value to the recipient when the price of the Company's stock increases over time.

Chief Executive Officer's Salary

Robert R. Hill, Jr. earned a salary of \$252,560 in 2005. The compensation committee established this amount in November 2004 when Mr. Hill was elected chief executive officer upon the departure of the prior chief executive officer. The committee considered Mr. Hill's 10-year tenure with the Company and his experience as president and chief operating officer of the Company's lead bank subsidiary for approximately 6 years. The committee, in consultation with a compensation and benefits consultant, also reviewed average salary surveys for persons in similar positions with banking organizations of similar size and performance in the southeastern United States and nationally. The committee determined that, in combination with the incentive and stock-based compensation opportunities (described below), the \$252,560 annual salary was appropriate for 2005.

Executive Officer Cash Incentives

In 2005, the chief executive officer, the other named executive officers, and other senior executives participated in a performance-based executive incentive arrangement that was filed on March 15, 2005 as Exhibit 10.28 to the Company's Form 10-K for the year ended December 31, 2004. The chief executive officer and other executives will likewise participate in this same arrangement for 2006. Essentially, the executive bonus arrangement indicates that, first, the Company's subsidiaries must attain a prescribed level for their composite ratings from their principal banking regulator. Next, the net income for the year must at least equal the net income from the prior year. Then, as the Company and its subsidiaries' net incomes exceed the prior year's levels up to and beyond a planned dollar amount of increase, incentives accrue on a pro-rata basis up to a maximum of 110% of an aggregate cash incentive target level. This incentive target level is determined as the aggregate dollar amount of the executive officers' planned bonuses expressed as a percent of annual salary. This bonus percentage was 36% for the chief executive officer and ranged from 30% to 35% for the other named executive officers. Attaining planned increases in the earnings performance component can contribute up to 40% of each executive's annual cash incentive. Attaining planned increases in balances of total loans can contribute up to 20% of an executive's annual cash incentive. Attaining planned increases in balances of deposits can also contribute up to 20% of an executive's annual cash incentive. Finally, each executive has individual and/or divisional goals, the attainment of which can contribute up to 20% of an executive's annual cash incentive.

12

The Company and its subsidiaries attained and exceeded all these performance targets in 2005, enabling cash incentive payments at the maximum 110% of targeted amounts.

Additionally, because of the executives' performance in guiding the Company to attain a high level of financial performance in 2005 (as evidenced in part by the approximately 18% increase in diluted earnings per share from 2004, the approximately 13.2% return on average equity in 2005, and the successful completions of two bank acquisitions and one mortgage company acquisition in 2005), the compensation committee awarded the chief executive officer 1,500

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

shares of Company stock, the other named executives 1,000 shares each, and all executives as a group 7,500 shares cumulatively (including those shares specified for the named executives).

Cash Incentives for Executives in 2006

The chief executive officer and the other named executives will participate in the same incentive plan during 2006 as that described in the immediately preceding section.

Stock-Based Compensation

The Company, from time to time, also grants stock options and shares of restricted stock to its executive officers. These stock-based incentive awards help align the interests of the Company's executive officers with the interests of the shareholders of the Company by providing economic value directly related to increases in the value of the Company's stock. The number of options and restricted shares granted to executive officers during any given year is based on a number of factors, including job performance, seniority and job responsibilities, company performance as to earnings and growth, the amount of awards made in prior years, and industry information from compensation consultants and published surveys regarding stock-based awards granted to officers employed by comparable companies. Please refer to the Summary Compensation Table on page 8 of this proxy statement for a listing of stock options and restricted shares granted to the listed executives in 2005, 2004, and 2003.

DEFINED BENEFIT PENSION PLAN AND OTHER RETIREMENT BENEFITS

South Carolina Bank and Trust, N.A. maintains for the Company a noncontributory, defined benefit pension plan covering its employees, including the Company's executive officers. The pension plan is a "tax qualified" plan under Section 401(a) of the Internal Revenue Code and must also comply with provisions of the Employee Retirement Income Security Act of 1974.

The pension table below shows estimated annual benefits payable upon retirement to persons in the specified remuneration and years of service categories as if retirement had occurred on December 31, 2005. The benefits shown are computed on a single life only annuity basis.

* FAC: Final Average Compensation is computed as the average amount of a participant's compensation earned over the last 60 months prior to his or her retirement date or early termination of employment.

Upon a participant's retirement at normal retirement date (age 65), a monthly retirement benefit will be paid in accordance with pension plan provisions. For an employee covered under the form of the pension plan in place at the end of 2005, the amount of such monthly retirement benefit will equal 1/12 of the sum of (i) and (ii) as follows: (i) .90% of the pension plan participant's final average compensation multiplied by his years of credited service up to a maximum of 35 years; and (ii) .65% of the pension plan participant's final average compensation in excess of his covered compensation multiplied by his years of credited service up to a maximum of 35 years. For purposes of the above formula, social security covered compensation is currently set at \$48,600 for an employee whose normal retirement date is January 1, 2006. A participant's final average compensation consists of the average amount of a participant's compensation earned over the last 60 months prior to early or normal retirement. A participant is credited with one year of credited service under the pension plan for each year in which 1,000 or more hours are worked. Benefits under the pension plan are not subject to deduction for social security or other offset amounts. For purposes of computing a participant's final average compensation, the pension plan in 2005 used the following definition of participant compensation during the first calendar quarter of 2005: W-2 earnings, overtime pay, 75% of cash bonuses, and 50% of commissions, but excluding employer contributions to employee benefit plans, as limited by Section 401 (a) (17) of the Internal Revenue Code.

Beginning January 1, 2006 and going forward, the Company has implemented some noticeable changes to its defined benefits pension plan in order to estimate and control more effectively its annual costs in regard to providing retirement benefits and to direct more of its current and future employees toward defined contribution retirement benefits. First, the definition of includable pay for the pension plan has been adjusted to include no (0%) incentive and bonus income for all employees. Next, the Company has implemented a three-tiered program to provide benefits to its current and future employees. (i) Current employees over age 45 as of December 31, 2005 and who have 5 or more years of service will continue in the pension plan as described in the paragraph above. These employees also have the opportunity to participate in a defined contribution (401(k)) plan that features a Company match of 50% of the employees' contributions up to 6% of salary. (Note that this is the form of the Company's existing 401(k) plan.) Consequently, this first group of employees has no changes, other than the definition of includable income, to its retirement plans. (ii) Current employees under age 45 as of December 31, 2005 or who have less than 5 years of service will receive a monthly pension plan benefit based on .30% (reduced from .90%) of final average monthly, plus .20% (reduced from .65%) of pay in excess of covered compensation. These employees, however, will have the opportunity to participate in a 401(k) plan that features a Company match of 100% of the employees' contributions up to 6% of salary. (iii) Any employees hired on or after January 1, 2006 will not participate in a defined

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

benefit pension plan. Rather, this group of employees will have the opportunity to participate in a 401(k) plan that features a Company match of 100% of employees' contributions up to 6% of salary. Vesting in the Company's portion of contributions for this group of employees will occur ratably from year two through year 5 of enrollment in the plan.

14

The executive officer compensation used in 2005 for purposes of computing executive officer benefits under the pension plan is approximately the same as that shown in the Summary Compensation Table under Annual Compensation, adjusted for the reduced percentage (75%) of cash bonus income that is included. As of December 31, 2005, the named executive officers had accumulated the following years of credited service toward retirement: Mr. Hill, 10 years credited service; Mr. Pollok, 10 years credited service; Mr. Camp, 7 years credited service; Mr. Mathis, 6 years credited service; and Mr. Burns, 5 years credited service.

SHAREHOLDER PERFORMANCE GRAPH

The following line graph compares the Company's cumulative total shareholder return with a performance indicator of the overall stock market and published industry indices. Shareholder return (measured through increases in stock price and payment of dividends) is often a benchmark used in assessing corporate performance and the reasonableness of compensation paid to executive officers.

Shareholders should recognize that corporations often use a number of other performance benchmarks (in addition to shareholder return) to set various levels of executive officer compensation. The Company's 2005 Annual Report to Shareholders contains a variety of relevant performance indicators concerning the Company. Thus, shareholders may wish to consider other relevant performance indicators in assessing shareholder return and the reasonableness of executive compensation, such as growth in earnings per share, book value per share and cash dividends per share, along with return on equity and return on assets percentages. As described in the Report on Executive Officer Compensation, the Company's compensation committee uses, among other considerations, growth in net income, loans and deposits, performance of individual and divisional goals, and qualitative factors in helping to determine incentive program awards.

The performance graph below compares the Company's cumulative total return over the most recent five year period with the NASDAQ Composite and the SNL Southeast Bank Index, a banking industry performance index for the southeastern United States. Returns are shown on a total return basis, assuming the reinvestment of dividends and a beginning stock index value of 100 per share. The value of the Company's stock as shown in the graph is based on published prices for transactions in the Company's stock.
