Enclosure:

1. ACAM2000 deliveries completed announcement made on 8 January 2007

Acambis successfully delivers on ACAM2000 smallpox vaccine order to US
Government - expects to meet 2006 revenue guidance

Cambridge, UK and Cambridge, Massachusetts - 8 January 2007 - Acambis plc
(Acambis) (LSE: ACM) announces that it successfully delivered 10 million doses
of ACAM2000 smallpox vaccine to the US Centers for Disease Control and
Prevention (CDC) in December 2006, generating revenue of approximately GBP16m,
which will be recognised in the last quarter of 2006. Acambis will receive
payment in early 2007 and expects to meet its 2006 revenue guidance of around
GBP30m.

Edgar Filing: ACAMBIS PLC - Form 6-K

Gordon Cameron, Chief Executive Officer of Acambis, commented:

"I am delighted that we have met our year-end goal of delivering 10 million doses of ACAM2000 to the US Government, which was a major part of our 2006 revenue guidance target. Our team worked hard to deliver the vaccine in the form required by the government, so it is satisfying to have completed the process on time."

About Acambis

Acambis is a leading biotechnology company targeting infectious diseases with novel vaccines. Acambis' development-stage pipeline includes vaccines that could either offer improvements over existing products or target unmet medical needs. As well as ChimeriVax-JE, Acambis' proprietary ChimeriVax technology, developed in association with St Louis University, has also been used to develop ChimeriVax-West Nile, which is undergoing Phase 2 clinical testing, making it the most advanced investigational vaccine against the West Nile virus. Acambis also has the only vaccine in development against Clostridium difficile bacteria, a leading cause of hospital-acquired infections. Recognised internationally as the leading producer of smallpox vaccines, Acambis is developing an investigational smallpox vaccine, ACAM2000, and is manufacturing emergency-use stockpiles of this investigational vaccine for the US Government and other governments around the world.

Acambis is based in Cambridge, UK and Cambridge, Massachusetts, US, and is listed on the London Stock Exchange (ACM). More information is available at www.acambis.com.

"Safe Harbor" statement under the Private Securities Litigation Reform Act of 1995:

The statements in this news release that are not historical facts are

Edgar Filing: ACAMBIS PLC - Form 6-K

forward-looking statements that involve risks and uncertainties, including the timing and results of clinical trials, product development, manufacturing and commercialisation risks, the risks of satisfying the regulatory approval process in a timely manner, the need for and the availability of additional capital. For a discussion of these and other risks and uncertainties see "Risk management" in the Company's 2005 Annual Report and "Risk factors" in its Form 20-F, in addition to those detailed on the Company's website and in the Company's filings made with the Securities and Exchange Commission from time to time. These forward-looking statements are based on estimates and assumptions made by the management of Acambis and are believed to be reasonable, though are inherently uncertain and difficult to predict. Actual results or experience could differ materially from the forward-looking statements.
