PROXY STATEMENT

SOLICITATION AND REVOCABILITY OF PROXIES

The enclosed proxy is solicited by and on behalf of the Board of Directors of Spinnaker Exploration Company ("Spinnaker" or the "Company") for use at the Annual Meeting to be held on Wednesday, May 5, 2004, at 9:00 a.m., local time, at the DoubleTree Hotel at Allen Center, 400 Dallas Street at Bagby, Houston, Texas or at any adjournment(s) thereof. The solicitation of proxies by the Board of Directors will be conducted primarily by mail. In addition, officers, directors and employees of the Company may solicit proxies personally or by telephone, telegram or other forms of wire or facsimile communication. The Company will reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of common stock of the Company ("Common Stock"). This proxy statement and the form of proxy were first mailed to stockholders of the Company on or about March 29, 2004.

The enclosed proxy, even though executed and returned, may be revoked at any time prior to the voting of the proxy by (a) execution and submission of a revised proxy, (b) submitting written notice to the Secretary of the Company before the meeting that you have revoked your proxy or (c) voting in person at the Annual Meeting, provided you have a valid proxy to do so if you are not the record holder of the shares of Common Stock. In the absence of such revocation, shares represented by the proxies will be voted at the Annual Meeting.

At the close of business on March 12, 2004, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 33,659,037 outstanding shares of Common Stock. Each stockholder is entitled to one vote for each share of Common Stock. The Common Stock is the only class of outstanding securities of the Company entitled to notice of and to vote at the Annual Meeting. In order to transact business at the Annual Meeting, a quorum consisting of a majority of all outstanding shares entitled to vote must be present or represented by proxy. Abstentions and proxies returned by brokerage firms for which no voting instructions have been received from their principals will be counted for the purpose of determining whether a quorum is present.

The Company's annual report to stockholders for the year ended December 31, 2003, including financial statements, is being mailed with the enclosed proxy to all stockholders entitled to vote at the Annual Meeting. The annual report does not constitute a part of the proxy soliciting material.

ELECTION OF DIRECTORS**(Proposal One)**

Six directors are to be elected at the Annual Meeting. The nominees for election as directors are Roger L. Jarvis, Howard H. Newman, Jeffrey A. Harris, Michael E. McMahon, Sheldon R. Erikson and Michael E. Wiley. Michael G. Morris, a current director of Spinnaker, will not stand for re-election. If elected, each director will serve until the Company's 2005 Annual Meeting of Stockholders and until his successor shall have been elected and qualified. Each of the nominees for director currently serves as a director of the Company. Stockholder nominations will not be accepted for filling seats on our Board of Directors at the Annual Meeting because Spinnaker's bylaws require advance notice for such a nomination, the time for which has passed. All of the directors are required to stand for election at the Annual Meeting because directors hold annual terms. The affirmative vote of the holders of a majority of the Common Stock present or represented by proxy and entitled to vote at the Annual Meeting is required to elect a director. Accordingly, because broker non-votes are not counted in determining the total number of votes cast on this proposal, broker non-votes will not affect the outcome of the election of directors. A broker non-vote occurs if a broker or other nominee does not have discretionary authority and has not received instructions with respect to a particular item. Stockholders may not cumulate their votes in the election of directors.

Unless otherwise instructed or unless authority to vote is withheld, the enclosed proxy will be voted FOR the election of the nominees listed below. Although the Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person(s) as may be nominated by the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF THE ABOVE NOMINEES.

The following table sets forth information as to each nominee regarding their name, age as of March 12, 2004, principal occupation, other directorships in certain companies held by them and the length of their continuous service as a director of the Company.

Mr. Wiley also served as President of Baker Hughes Incorporated from August 2000 to February 2004.

Directors Meetings and Committees of the Board of Directors

The Board of Directors held four meetings during 2003 and executed three unanimous consents in lieu of meetings. Messrs. Jarvis, Erikson, McMahon, Morris and Wiley attended the 2003 Annual Meeting of Stockholders. During 2003, each of the directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period that such director served as a director and (ii) the total number of meetings held by each committee of the Board of Directors on which such director served during the period that such director so served. In February 2004, the Board of Directors elected Mr. Newman to serve as the presiding director over the meetings of the non-management directors.

The Board of Directors has determined that Messrs. Erikson, Harris, McMahon, Morris, Newman and Wiley are independent as that term is defined by New York Stock Exchange rules. In making this determination, the Board of Directors considered transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported under Transactions with Management and Others. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. As a result of this review, the Board of Directors affirmatively determined based on its understanding of such transactions and relationships that all of the directors nominated for election at the Annual Meeting are independent of the Company under the standards set forth by the New York Stock Exchange, with the exception of Mr. Jarvis.

The Board of Directors has the following standing committees:

Audit Committee. The Audit Committee, which consists of Messrs. McMahon, Morris and Wiley, met 11 times during 2003. Mr. McMahon serves as Chairman of the Audit Committee. The Board of Directors has made the following determinations related to the Audit Committee:

Messrs. McMahon, Morris and Wiley satisfy the independence requirements as defined by the New York Stock Exchange listing standards and as set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Each member of the Audit Committee is financially literate as the Board of Directors, in its business judgment, interprets such qualification.

Mr. McMahon qualifies as an audit committee financial expert based on the definition and additional expertise factors outlined by the Securities and Exchange Commission.

The Audit Committee Charter is available on the Company's website at www.spinnakerexploration.com or in print to any stockholder who requests it. The Audit Committee has performed an annual review and assessment of its charter and determined that no amendments are necessary.

The Audit Committee is primarily responsible for:

selecting and engaging the Company's independent auditors;

overseeing the quality and integrity of the financial statements and other financial information the Company provides to any governmental body or the public;

overseeing the Company's compliance with legal and regulatory requirements;

overseeing the independent auditor's qualifications and independence;

overseeing the performance of the Company's internal audit function and independent auditors;

overseeing the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established;

providing an open avenue of communication among the independent auditors, financial and senior management, the internal auditor and the Board of Directors, always emphasizing that the independent auditors are accountable to the Audit Committee;

overseeing the receipt, retention and treatment of complaints regarding the Company's accounting, internal accounting controls and other accounting matters; and

such other duties as are directed by the Board of Directors.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee (Governance Committee), which consists of Messrs. Erikson and Morris, was established in February 2003. The Governance Committee met once during 2003. Mr. Erikson is the Chairman of the Governance Committee. The Board of Directors has determined that Messrs. Erikson and Morris satisfy the independence requirements as defined by the listing standards of the New York Stock Exchange.

The Governance Committee Charter is available on the Company's website at www.spinakerexploration.com or in print to any stockholder who requests it. The Governance Committee has performed an annual review and assessment of its charter and determined that no amendments are necessary.

The Governance Committee is responsible for:

identifying individuals qualified to become members of the Board of Directors and recommending to the Board of Directors a slate of director nominees for election at the next annual meeting of stockholders or for appointment to fill vacancies on the Board of Directors;

recommending to the Board of Directors director nominees for each committee of the Board of Directors;

advising the Board of Directors about appropriate composition of the Board of Directors and its committees;

advising the Board of Directors about and recommending to the Board of Directors appropriate corporate governance practices and assisting the Board of Directors in implementing those practices;

leading the Board of Directors' annual review of the performance of the Board of Directors and its committees; and

performing such other functions as the Board of Directors may assign to the committee from time to time.

Edgar Filing: SPINNAKER EXPLORATION CO - Form DEF 14A

Qualification and Nomination of Director Candidates. The Governance Committee has the responsibility under its charter to recommend nominees for election as directors to the Board of Directors. In considering candidates for the Board of Directors, the Governance Committee considers the entirety of each candidate's credentials. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of the Board of Directors may vary in light of its composition and the Governance Committee's perceptions about future issues and needs. However, while the Governance Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, it may consider, among other factors, whether prospective nominees have relevant business and financial experience, have industry or other specialized expertise and have high moral character.

The Governance Committee may consider candidates for the Board of Directors from any reasonable source, including from a search firm engaged by the Governance Committee or stockholder recommendations

provided the procedures set forth below are followed. The Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant business experience, the Governance Committee may consider previous experience as a member of a board of directors.

Recommendation of Director Candidates by Stockholders. Stockholders or a group of stockholders may recommend potential candidates for consideration by the Governance Committee by sending a written request to the Company's Corporate Secretary at the Company's principal executive offices at 1200 Smith Street, Suite 800, Houston, Texas 77002 not later than the 120th calendar day before that date which is the first anniversary of the date the Company released the proxy statement to security holders in connection with the preceding year's annual meeting. The written request must include the candidate's name, contact information, biographical information and qualifications. The request must also include the potential candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if nominated and elected. The stockholder or group of stockholders making the recommendation must also disclose, with the written request described above, the number of securities that the stockholder or group beneficially owns and the period of time the stockholder or group has beneficially owned the securities. Additional information may be requested from time to time by the Governance Committee from the nominee or the stockholder.

Nomination of Directors by Stockholders. The stockholder recommendation procedures described above do not preclude a stockholder of record from making nominations of directors or making proposals at any annual stockholder meeting provided they comply with the requirements set out in the Company's bylaws and, for their proposals to be included in the Company's proxy, with the proxy requirements under Regulation 14A of the Securities Exchange Act of 1934, as amended.

Under the Company's current bylaws, stockholder nominations may be made only by a stockholder of record at the time of giving notice who is entitled to vote and delivers to the Company's Corporate Secretary written notice not less than 90 days nor more than 120 days before that date which is the first anniversary of the preceding year's annual meeting at the Company's principal executive offices at 1200 Smith Street, Suite 800, Houston, Texas 77002, Attn: Corporate Secretary. If the annual meeting is advanced by more than 30 days or delayed by more than 90 days from the anniversary date of the preceding year's annual meeting, the nomination must be delivered not earlier than the 120th day prior to the current year's annual meeting and not later than the later of (1) the 90th day prior to the annual meeting or (2) the 10th day following the announcement of the change in the annual meeting date. Any notice of nominations for the election of directors must set forth the information concerning the stockholder giving the notice and each nominee as required by the Company's bylaws.

Compensation Committee. The Compensation Committee, which consists of Messrs. Harris, Erikson and Wiley, met once during 2003 and executed one unanimous consent in lieu of a meeting. Mr. Harris is the Chairman of the Compensation Committee. The Board of Directors has determined that Messrs. Harris, Erikson and Wiley satisfy the independence requirements as defined by the listing standards of the New York Stock Exchange and Rule 16b-3 under the Securities Exchange Act of 1934, as amended.

The Compensation Committee Charter is available on the Company's website at www.spinnakerexploration.com or in print to any stockholder who requests it. The Compensation Committee has performed an annual review and assessment of its charter and determined that no amendments are necessary.

The Compensation Committee is responsible for:

administering and granting awards under all equity incentive plans;

reviewing the compensation of the Company's Chief Executive Officer and recommendations of the Chief Executive Officer as to appropriate compensation for the other executive officers and key personnel;

examining periodically the Company's general compensation structure; and

supervising the Company's welfare and pension plans and compensation plans.

Risk Management Committee. The Risk Management Committee, which consists of Messrs. Jarvis, Harris, McMahon and Morris, met four times during 2003. Mr. Jarvis is the Chairman of the Risk Management Committee. The Risk Management Committee is responsible for monitoring the hedging program and adherence to the hedging policy.

Stockholder Communications with Directors

The Board of Directors desires to provide a method by which security holders of the Company may communicate with the Board of Directors, individual directors and committees of the Board of Directors. Security holders may communicate in writing with members of the Board of Directors at any time by mail addressed to the Company's Corporate Secretary at the Company's principal executive offices, 1200 Smith Street, Suite 800, Houston, Texas 77002. Security holders should clearly indicate on the envelope the intended recipient of the communication and that the communication is a Security Holder Communication.

All communications designated for the Board of Directors will be forwarded to the presiding director of the Board of Directors. All communications designated to a particular committee of the Board of Directors will be forwarded to the chairman of that committee. All communications designated to a director will be forwarded to that director.

To report any issues relating to the Company's accounting, accounting controls, financial reporting or other practices, security holders may also call the confidential hotline at 800-521-0915. All calls will remain anonymous.

These policies and procedures are not intended to alter or amend the requirements a security holder must satisfy in order to (1) present a stockholder proposal at a meeting of stockholders, (2) nominate a candidate for the Board of Directors or (3) recommend a candidate for the Board of Directors for consideration by the Governance Committee as set forth in the Company's bylaws, the criteria and procedures regarding director nominations of the Governance Committee and/or Rule 14a-8 of the Securities Exchange Act of 1934, as amended, to the extent applicable.

Compensation of Directors

Prior to 2001, non-employee directors that are not affiliated with Warburg, Pincus Ventures, L.P. These directors were also awarded a variable number of options to purchase Common Stock at fair market value annually on the date of previously-held annual meetings of stockholders, with 100% vesting on the date of grant.

In May 2001, the Board of Directors adopted and approved the Director Compensation Plan, which includes the following provisions:

Upon appointment or election to the Board of Directors, each non-employee director of the Company shall receive options to purchase 20,000 shares of Common Stock under the terms of one of the Company's equity incentive plans then in effect with an exercise price equal to the fair market value of the Common Stock on the date of the grant.

Such options will be awarded under the terms of one of the Company's equity incentive plans then in effect with an exercise price equal to the fair market value of the Common Stock on the date of the grant. Such options to purchase shares of Common Stock shall vest 100% on the date of the grant.

Warburg requested one allocation of each option grant under the Director Compensation Plan for the ultimate benefit of Warburg.

Each non-employee director of the Company that is not affiliated with Warburg will receive a meeting fee of \$500.00. In addition, each non-employee director of the Company who also serves as a committee chairman will receive an additional \$500.00 for each committee meeting held outside a regular meeting of the Board of Directors. Information Regarding Plans and Other Arrangements Not Subject to Security Holder Action

At December 31, 2003, officers, directors and employees had been granted options to purchase Common Stock under stock plans adopted in 1998, 1999, 2000, 2001 and 2003. The following table provides information related to the Company's current equity compensation plans:

<u>Plan category</u>	<u>Number of securities to be issued upon exercise of outstanding options, warrants and rights</u>	<u>Weighted-average exercise price of outstanding options, warrants and rights</u>	<u>Number of securities remaining available for future issuance under equity compensation plans</u>
Equity compensation plans approved by security holders	4,978,212	\$ 23.55	576,305
Equity compensation plans not approved by security holders	452,691	\$ 31.26	46,899
Total	5,430,903	\$ 24.19	623,204

The Spinnaker Exploration Company 2000 Stock Option Plan (the "2000 Plan") was adopted by the Board of Directors without the approval of the stockholders of the Company in order for Spinnaker to grant options to purchase Common Stock as a material inducement to certain persons who were not previously employed by the Company to commence employment with the Company. The number of shares of Common Stock that may be issued under the 2000 Plan may not exceed 500,000 shares. The purchase price of any Common Stock pursuant to any options granted under the 2000 Plan may not be less than 80% of the fair market value of the Common Stock on the date the option is granted, subject to certain limited exceptions. The options expire after ten years. The Company has not granted nor does it intend to grant any options under the 2000 Plan at a price below the fair market value of the Common Stock on the date of grant.

Transactions with Management and Others

The Company purchases oilfield goods, equipment and services from Baker Hughes Incorporated ("Baker Hughes"), Cooper Cameron Corporation ("Cooper Cameron"), National-Oilwell, Inc. ("National-Oilwell") and other oilfield services companies in the ordinary course of business. Spinnaker incurred charges of approximately \$7.5 million in 2003 from affiliates of Baker Hughes. Mr. Wiley, a director of Spinnaker, serves as Chairman of the Board and Chief Executive Officer of Baker Hughes. Spinnaker incurred charges of approximately \$0.1 million in 2003 from Cooper Cameron. Mr. Erikson, a director of Spinnaker, serves as Chairman of the Board, President and Chief Executive Officer of Cooper Cameron. Spinnaker incurred charges of approximately \$0.1 million in 2003 from National-Oilwell. Mr. Jarvis, Chairman of the Board, President and Chief Executive Officer of Spinnaker, serves as a director of National-Oilwell. These amounts represent less than 1% of Baker Hughes', Cooper Cameron's and National-Oilwell's total revenues.

Spinnaker believes that these transactions are at arm's-length and the charges it pays for such goods, equipment and services are competitive with the charges and fees of other companies providing oilfield goods, equipment and services to the oil and gas exploration and production industry. Each of these companies is a leader in their respective segments of the oilfield services sector. The Company could be at a disadvantage if it were to discontinue using these companies as vendors.

Edgar Filing: SPINNAKER EXPLORATION CO - Form DEF 14A

In the ordinary course of business, Spinnaker partners with other exploration and production companies in oil and gas operations. In 2003, Spinnaker partnered with Gryphon Exploration Company (Gryphon) in connection with certain oil and gas operations in which either Spinnaker or Gryphon was the operator. Spinnaker made payments to Gryphon of approximately \$4.8 million in 2003 for the Company's proportionate share of the costs incurred in connection with joint operations on two wells operated by Gryphon. Spinnaker received payments from Gryphon of approximately \$1.6 million in 2003 for Gryphon's proportionate share of the costs incurred in connection with joint operations on one well operated by Spinnaker. An affiliate of Warburg is a controlling shareholder of Gryphon. Spinnaker believes that all negotiations associated with these operations were conducted at arm's-length and in the ordinary course of business. The Company may, in the ordinary course of business, partner with Gryphon or other companies in which Warburg or an affiliate of Warburg holds an interest in connection with other oil and gas operations in the future.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors in 2003 consisted of Messrs. Harris, Erikson and Wiley. None of the members of the Compensation Committee served as an officer or employee of the Company, and none was formerly an officer of the Company or any of its subsidiaries. None of the Company's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of the Board of Directors or the Compensation Committee.

Spinnaker incurred charges of approximately \$7.5 million in 2003 from affiliates of Baker Hughes. Mr. Wiley, a director of Spinnaker, serves as Chairman of the Board and Chief Executive Officer of Baker Hughes. Spinnaker incurred charges of approximately \$0.1 million in 2003 from Cooper Cameron. Mr. Erikson, a director of Spinnaker, serves as Chairman of the Board, President and Chief Executive Officer of Cooper Cameron. The Company purchases oilfield goods, equipment and services in the ordinary course of business. Spinnaker believes that these transactions are at arm's-length and the charges it pays for such goods, equipment and services are competitive with the charges and fees of other companies providing oilfield goods, equipment and services to the oil and gas exploration and production industry.

Compensation Committee Report on Executive Compensation

The Compensation Committee oversees the administration of compensation programs applicable to all employees of the Company, including its executive officers. Executive compensation is reviewed and approved annually by the Compensation Committee.

The Compensation Committee seeks to encourage growth in the Company's oil and gas reserves and cash flow and to enhance stockholder value through the creation and maintenance of compensation opportunities that attract and retain committed, highly qualified personnel. To achieve those goals, the Compensation Committee believes that the compensation of all employees, including executive officers, should include the following components:

A base salary that is competitive with compensation offered by other oil and gas exploration and production enterprises similar to the Company;

Annual incentive compensation, based on Company performance and profitability, to reward achievement of Company objectives, individual responsibility and productivity, high quality work and impact on Company results; and

Case-specific compensation plans to accommodate individual circumstances or non-recurring situations as required.

Section 162(m) of the Code generally disallows a tax deduction to a public company for compensation paid to its chief executive officer or four other most highly compensated executive officers if the compensation of any such officers exceeds \$1.0 million in a particular year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. A portion of the Company's compensation is performance-based. The Company has structured portions of its performance-based compensation, including certain stock option grants, in a manner that excludes such compensation from the deduction limit.

The Compensation Committee has not intended and does not currently intend to award compensation to any executive officer that would exceed the deduction limit of Section 162(m), but no assurance can be given that such limit will not be exceeded. In connection with its policies relating to executive compensation, the Compensation Committee considered the implications of Section 162(m) along with the various other factors

Edgar Filing: SPINNAKER EXPLORATION CO - Form DEF 14A

described elsewhere in this report in making its executive compensation determinations in 2003.

Company Performance. Spinnaker's performance in 2003 improved over 2002 results. Financial and operating results in 2003 compared to 2002 included:

Revenues of \$226.9 million, up 20%;

Income from operations of \$63.2 million, up 29%;

Net income of \$36.6 million, or \$1.08 per diluted share, up 16%;

Production of 49.0 billion cubic feet of gas equivalent (Bcfe), down 5%;

Proved reserves of 332.6 Bcfe, up 3%; and

Reserve replacement of approximately 118% of 2003 production.

Executive Compensation. Before taking the actions described in this report, the Compensation Committee thoroughly reviewed and discussed the Company's financial and operating results. A summary of the indicators deemed particularly relevant by the Compensation Committee are presented above. Specific actions taken by the Compensation Committee regarding executive compensation are summarized below.

Base salary. The Compensation Committee evaluated peer group information in setting base salary levels. Annual salary adjustments for the Company's executive group are based on general levels of market salary increases, individual performance and the Company's overall financial and operating results, without any specific relative weight assigned to any of these factors.

Incentive Bonus. Awards granted to the named executive officers in February 2004 for the 2003 performance period are presented under Bonus in the Summary Compensation Table. Such awards were based on level of responsibility, the Company's performance and on individual productivity, quality of work and impact on the Company's results. The Compensation Committee established awards for each executive after reviewing the recommendations of the Chief Executive Officer.

Stock Option Awards. In May 2003, the Compensation Committee granted options to purchase 100,000, 250,000, 30,000, 30,000 and 30,000 shares of Common Stock to Messrs. Jarvis, Griffiths, Snell, Broussard and Barnes, respectively, to provide incentive with respect to the Company's future performance. Additionally, these awards have a meaningful retention component since 20% vest on the grant date and on each succeeding anniversary of the grant date.

401(k) Plan. Under the 401(k) Plan, eligible employees may defer the maximum income allowed under current tax law. Salary deferrals are 100% vested, and the Company matches 100% of each participant's contributions, up to 6% of the participant's annual base salary, with Common Stock.

Chief Executive Officer Compensation. As described above, the Company's executive compensation philosophy, including compensation of the Chief Executive Officer, is a competitive base salary and incentive compensation based upon the Company's performance. Specific actions taken by the Compensation Committee regarding Mr. Jarvis' compensation are summarized below.

Base Salary. The Compensation Committee increased Mr. Jarvis' salary from \$425,000 in 2002 to \$437,750 effective February 16, 2003. The Compensation Committee considered financial and operating results for 2002 and the compensation received by chief executive officers of comparable companies in the oil and gas exploration and production industry.

Incentive Bonus. The Compensation Committee approved a bonus of \$300,000 to Mr. Jarvis for 2003, which was paid in February 2004. This award was based upon the Company's performance and his impact on the Company's results in 2003.

Stock Option Awards. In May 2003, the Compensation Committee granted options to purchase 100,000 shares of Common Stock to Mr. Jarvis. The options have a term of five years and vest 20% on the grant date and on each succeeding anniversary of the grant date.

APPOINTMENT OF INDEPENDENT AUDITORS

(Proposal Two)

The Audit Committee, under the authority granted to it by the Board of Directors, appointed KPMG LLP as independent auditors to audit the consolidated financial statements of the Company for the year ending December 31, 2004.

Ratification of this appointment shall be effective upon receiving the affirmative vote of the holders of a majority of the Common Stock present or represented by proxy and entitled to vote at the Annual Meeting. Accordingly, an abstention would have the same effect as a vote against this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR RATIFICATION OF THIS APPOINTMENT.

The Audit Committee annually considers and selects the Company's independent auditors. On April 5, 2002, the Audit Committee, under the authority granted to it by the Board of Directors, decided to dismiss Arthur Andersen LLP as Spinnaker's independent public accountants and engaged KPMG to serve as Spinnaker's independent auditors for 2002.

Andersen's last report, dated February 15, 2002, on the Company's consolidated financial statements as of December 31, 2001 and 2000 and for each of the three years in the period ended December 31, 2001, did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the period from January 1, 2002 through April 5, 2002, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused Andersen to make reference to the subject matter of the disagreements in connection with Andersen's report; and during such period there were no reportable events of the kind listed in Item 304(a)(1)(v) of Regulation S-K.

The Company previously provided Andersen with a copy of the applicable disclosure and requested Andersen to furnish Spinnaker with a letter addressed to the Securities and Exchange Commission stating whether it agreed with the statements by the Company in the applicable disclosure and, if not, stating the respects in which it did not agree. Andersen's letter was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K dated April 5, 2002.

During the period from January 1, 2002 through April 5, 2002, the Company did not consult KPMG with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

In the event the appointment is not ratified, the Audit Committee will consider the appointment of other independent auditors. The Audit Committee may terminate the appointment of KPMG as the Company's independent auditors without the approval of the stockholders of the Company whenever the Audit Committee deems such termination necessary or appropriate. A representative of KPMG is expected to be present

Edgar Filing: SPINNAKER EXPLORATION CO - Form DEF 14A

at the Annual Meeting, will be offered the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions.

OTHER MATTERS

The Board of Directors does not know of any other matters that are to be presented for action at the Annual Meeting. However, if any other matters properly come before the Annual Meeting or any adjournments(s) thereof, it is intended that the enclosed proxy will be voted in accordance with the judgment of the persons voting the proxy.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Any stockholder who wishes to submit a proposal for inclusion in the proxy material for the Company's 2005 Annual Meeting of Stockholders must forward such proposal to the Secretary of the Company at the address indicated on the cover page of this proxy statement, so that the Secretary receives it no later than November 29, 2004.
