#### PART III NARRATIVE

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

On October 11, 2004, the registrant announced that it became aware of a possible accounting error in the amount of the fiscal 2004 year end charge that was taken with respect to the shutdown of its Middletown, Ohio coil coating facility. Preliminary information suggests that the impairment charge that was taken in the fourth quarter of fiscal 2004 may have been overstated by up to approximately \$1 million. The registrant is currently reviewing this issue. If an adjustment is made it could result in an increase in fiscal 2004 earnings and an increase in the registrant s fiscal 2004 year end and fiscal 2005 property, plant and equipment. No cash flow impact is expected.

The resolution of this issue is relevant to the completion of the financial statements and the disclosures to be included in the registrant s Form 10-Q for the quarterly period ended August 31, 2004 and, accordingly, the registrant is delaying the filing of its Form 10-Q.
