PROXY STATEMENT

We are mailing this Proxy Statement, with the accompanying proxy card, to shareholders on or about April 11, 2005. We are providing this material in connection with the solicitation of proxies by the Board of Directors of Allmerica Financial Corporation ("AFC" or the "Company") for use at the Annual Meeting of Shareholders of AFC to be held on May 17, 2005 (the "Annual Meeting" or "Meeting").

QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the following matters:

- n The election of three directors, and
- n The ratification of the Company's independent registered public accounting firm.

Any other business that properly comes before the Annual Meeting also will be considered. In addition, management will report on the performance of the Company and respond to questions from shareholders.

Who is entitled to vote at the Meeting?

Only shareholders of record at the close of business on March 21, 2005 (the "Record Date") are entitled to vote at the Meeting.

What are the voting rights of the holders of Allmerica Financial Corporation common stock?

Each share of AFC's common stock, par value \$0.01 per share (the "Common Stock") entitles its holder to one vote.

Who is soliciting my vote?

The Company's Board of Directors is soliciting your vote at the Annual Meeting. Proxies may be solicited on the Company's behalf by Directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. The Company will pay the cost of soliciting proxies, including reimbursing banks, brokerage firms and others for the reasonable expenses incurred by them for forwarding proxy material on behalf of the Company to you as a beneficial owner of AFC Common Stock.

How does the Board recommend I vote?

Our Board recommends that you vote your shares **FOR** each nominee to the Board, and **FOR** the ratification of the independent registered public accounting firm for the 2005 fiscal year.

How many shares are entitled to vote at the Meeting?

As of the Record Date, 53,446,694 shares of Common Stock were outstanding and entitled to be voted.

Table of Contents

How many votes must be present to hold the Meeting?

A quorum (a majority of issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting) must be present either in person or by proxy. Votes withheld from a director nominee, abstentions and broker non-votes will be treated as present at the Annual Meeting for the purpose of determining a quorum, but will not be counted as votes cast. A broker non-vote occurs when a broker holding shares for a beneficial owner returns a proxy but does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

What vote is required to approve each item?

A plurality of the votes properly cast is required to elect the director nominees. This means that the director nominee with the most votes for a particular slot is elected for that slot. Only votes FOR or WITHHELD will affect the outcome. Abstentions are not counted for the election of directors. A majority of the votes properly cast is required to ratify the appointment of the Company's independent registered public accounting firm.

How do I vote?

You may either vote in person at the Annual Meeting or by proxy without attending the Meeting.

How do I vote by proxy?

If you are a registered shareholder (that is, if you hold Allmerica Financial Corporation stock certificates directly in your name), you may vote by mail. The shares of Common Stock represented by the enclosed proxy will be voted as directed by you, the shareholder, or, if the proxy card is signed and returned without instructions, in favor of the election of the director nominees designated herein, and in favor of the ratification of PricewaterhouseCoopers LLP as AFC's independent registered public accounting firm for 2005.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with voting instructions. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote.

The enclosed proxy also confers discretionary authority with respect to any other proposals that may properly be brought before the Annual Meeting. As of the date of this notice, management is not aware of any other matters to be presented for action at the Annual Meeting. If any other matters properly come before the Annual Meeting, however, the proxies solicited hereby will be voted in accordance with the recommendation of the Board of Directors.

Can I change my vote after I return my proxy card?

Yes, any shareholder giving a proxy may revoke it at any time before it is exercised by delivering written notice thereof to the Company's Secretary, Allmerica Financial Corporation, 440 Lincoln Street, Worcester, MA 01653. Any shareholder of record attending the Annual Meeting may vote in person whether or not the shareholder has previously filed a proxy. Shares held beneficially in street name may be voted in person only if you obtain and bring to the meeting a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Presence at the Annual Meeting by a shareholder who has signed a proxy, however, does not in itself revoke the proxy.

Table of Contents

How do participants in the Employees 401(k) Retirement Savings Plan or the Agents Retirement Plan vote their shares?

If you are a participant in The Allmerica Financial Retirement Savings Plan (formerly named The Allmerica Financial Employees 401(k) Matched Savings Plan) or The Allmerica Financial Agents Retirement Plan and you have shares of Common Stock allocated to your account, you may provide voting instructions to the trustees under the Plans by completing and returning the enclosed proxy card. The trustee will vote the shares allocated to your account in accordance with your duly executed instructions. If you do not send instructions, the trustee will not vote your shares. Your voting instructions will be kept confidential by the trustee.

Who can attend the Meeting?

The Meeting is open to all shareholders of the Company and to invited guests of the Board of Directors. Individuals who hold shares in street name may be required to provide a brokerage account statement or some other proof of their share ownership.

AFC's Annual Report to Shareholders for the fiscal year ended December 31, 2004, including financial statements for AFC and its subsidiaries and the report of PricewaterhouseCoopers LLP thereon, accompanies this Proxy Statement. The Annual Report to Shareholders is neither a part of this Proxy Statement nor incorporated herein by reference.

Additional grants were made at such times equal to 15% of the deferred and converted incentive compensation award amounts. All such restricted stock units convert into shares of AFC Common Stock upon vesting, which is three years after the date of grant, provided the officer remains continuously employed until such date.

Table of Contents

How does the Board determine which directors are considered independent?

Under NYSE rules, a member of our Board of Directors only qualifies as independent if our Board of Directors affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Company's Corporate Governance Guidelines include standards to assist it in determining whether a director has a material relationship with the Company. The standards conform to the standards established by the NYSE.

Our Board of Directors has determined that every director and director nominee is independent under these standards with the exception of Messrs. Eppinger and Parry, who are senior executives of the Company.

There are no family relationships among any of the directors or executive officers of AFC and its subsidiaries.

Who is the director chosen to preside at executive sessions of the Board?

In accordance with the Company's Corporate Governance Guidelines, each year the Board elects from among its independent members either a non-executive Chairman of the Board or a lead director to serve as the Independent Presiding Director. The duties of the Independent Presiding Director are determined by the Board, and include presiding over executive sessions of non-management directors. Mr. Angelini, as the Chairman of the Board, is the Independent Presiding Director. The Board generally convenes in executive session in connection with regularly scheduled Board meetings (or at other times as deemed appropriate).

How often did the Board meet during fiscal 2004?

The Board of Directors held seven meetings. All of the incumbent directors attended at least 75% of the Board and committee meetings held while they were members during 2004.

What committees has the Board established?

The Board of Directors has standing Audit, Compensation and Nominating and Corporate Governance Committees. The current responsibilities of each of the committees are set forth in their charters, which are available on the Company's web site www.allmerica.com, under Corporate Governance. For a printed copy of any of the committee charters, shareholders should contact the Company's Secretary, Allmerica Financial Corporation, 440 Lincoln Street, Worcester, MA 01653. The Board of Directors approved a revised Audit Committee Charter in March 2005. The revised charter is attached to this Proxy Statement as Exhibit A. The committee held nine meetings during 2004.

Compensation Committee

The Compensation Committee has oversight responsibility with respect to compensation matters involving directors and executive officers of AFC; produces an annual report on executive compensation for inclusion in the Company's proxy statement; provides general oversight of the Company's compensation structure, including compensation plans and benefits programs; and retains and approves the terms of the engagement of any outside compensation consultants retained by the committee, among other responsibilities set forth in the committee's charter. The committee met seven times in 2004.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee advises and makes recommendations to the Board on all matters concerning directorship and corporate governance practices and the selection of candidates as nominees for election as directors. The committee recommended this year's candidates for reelection and recommends Board member committee assignments to the full Board of Directors. The committee met six times in 2004.

What is the process for consideration of Director Nominees?

The Nominating and Corporate Governance Committee may identify candidates for nomination to the Board through several resources, including recommendations of non-management directors, shareholders, the Chief Executive Officer, other executive officers, an outside search firm or other resources. Committee members may, as appropriate under the circumstances, review the backgrounds of candidates in light of the current needs of the Board, interview qualified candidates, conduct inquiries with references and review available information pertaining to the candidate's qualifications.

Director Qualifications

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

The Nominating and Corporate Governance Committee believes that members of the Board and nominees for election to the Board should possess high personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the shareholders. To maintain a majority of independent directors on the Board, as required by the Corporate Governance Guidelines established by the Board, the

Table of Contents

committee has a strong preference that nominees meet the independence standards established by the Board. Board members and nominees should demonstrate initiative, be participatory and contribute a perspective based on practical experience and mature judgment. The Board seeks members who represent a broad array of experiences and expertise in the context of the evolving needs of the Board. When evaluating a candidate for Board membership, the Nominating and Corporate Governance Committee and the Board will consider these factors, as well as diversity, age and availability to serve. In addition, without the approval of the Nominating and Corporate Governance Committee, nominees who are Chief Executive Officers (or others with similar responsibilities) should serve on no more than two other public company boards, and other nominees should serve on no more than three other public company boards.

Shareholder Nominees

The Nominating and Corporate Governance Committee will consider qualified director candidates recommended in writing by shareholders. Shareholders who wish to suggest qualified candidates for consideration by the committee may do so by writing to the Secretary of the Company, Allmerica Financial Corporation, 440 Lincoln Street, Worcester, Massachusetts 01653, giving the candidate's name, biographical data, qualifications and confirmation that the candidate has agreed to serve if nominated and elected. All such submissions will be forwarded to the committee chairman. To allow the committee sufficient time to consider a candidate in advance of an annual meeting, shareholders should submit recommendations to the Secretary of the Company no later than December 31 of the year prior to the annual meeting. Shareholder-proposed candidates who meet the committee's minimum qualification standards, discussed in the preceding paragraph, will be evaluated in the same manner as other candidates considered by the committee for Board nomination.

Pursuant to the Company's by-laws, shareholders seeking to nominate a candidate for election to the Board of Directors without the approval of the Nominating and Corporate Governance Committee must deliver written notice of such nomination to the Company's Secretary not less than 60 days nor more than 90 days prior to the Annual Meeting. The notice must set forth the name, address and AFC stockholdings of the shareholder submitting the nomination, as well as information concerning the nominee that is required to be disclosed pursuant to the Securities Exchange Act of 1934, as amended, in a proxy statement soliciting proxies for the election of such nominee as a director, including a signed consent of the nominee to be named in a proxy statement and to serve as a director, if elected. In addition, the notice must be accompanied by a petition signed by at least 100 record holders of AFC Common Stock representing in the aggregate at least one percent of the outstanding shares entitled to vote on the election of directors.

How can shareholders communicate with the Board?

Shareholders can communicate with the Board of Directors, including the non-management directors and the Independent Presiding Director (the Chairman of the Board), either by writing to the Allmerica Board of Directors, Attn: Corporate Secretary, 440 Lincoln Street, Worcester, Massachusetts, 01653, or by calling 1-866-656-4232. An independent third-party service answers all calls to this toll-free telephone number, and passes the caller's information on to our General Counsel and our Director of Internal Audit, who in turn transmit the information to the appropriate member of the Board. Communications may be anonymous or confidential. Complaints relating to Allmerica's accounting, internal accounting controls or auditing matters will be referred to the Chairman of the Audit Committee. Other concerns will be referred to the Chairman of the Board. All shareholder-related complaints and concerns will be received, processed and acknowledged by the Allmerica Board. Further information regarding communications with the Board of Directors may be found at the Company's web site, www.allmerica.com under Corporate Governance Contact Allmerica Board .

Are directors expected to attend annual meetings?

All directors are expected to attend the Company's annual shareholders' meetings. All directors were present at last year's annual meeting.

How are the directors compensated?

For the period from the 2004 Annual Meeting of Shareholders to this year's Annual Meeting, non-employee directors received an annual retainer consisting of 1,500 shares of AFC Common Stock issued pursuant to the Amended and Restated Non-Employee Director Stock Ownership Plan and a cash payment of \$20,245. The Compensation Committee intended the value of the shares granted to each non-employee director (established as of the close of business on May 5, 2004) and the cash payment to equate to an annual retainer of \$73,000. The Board of Directors voted on March 15, 2005 to maintain the annual retainer at \$73,000 for the period beginning immediately after the Annual Meeting and until the 2006 Annual Meeting, but to pay such retainer 50% in shares of Common Stock based on the stock price on the date of grant (or as close as practicable to 50% without the issuance of fractional shares) and the balance to be paid in cash. Directors who are employees of the Company receive no additional compensation for their services as members of the Board.

In addition to the annual retainer, Mr. Angelini received a fee of \$60,000 as Chairman of the Board, chairpersons of committees received a \$5,000 annual retainer, and non-employee directors of AFC received \$1,500 for each meeting of the Board of Directors that they attended. Committee members received \$1,000 for each meeting of their committee that they attended. For the upcoming period until the 2006 Annual Meeting, the retainer for chairing the Audit Committee was increased to \$10,000 and the retainer for chairing each of the Compensation Committee and the Nominating and Corporate Governance Committee was increased to \$7,500. In addition, Board meeting fees were increased to \$2,200 and committee meeting fees were increased to \$1,500.

Directors who are unable to attend, in person, meetings of the Board or any committee of which they are members, but who fully participate in any substantive meeting telephonically, or directors who participate in substantive telephone meetings, are paid a fee equal to one-half the regular Board or committee fee. All directors are reimbursed for reasonable travel and other expenses of attending meetings of the Board of Directors and its committees. Directors are eligible to purchase certain of the Company's insurance products at rates or with features available to the Company's employees generally. The Company provides Mr. Angelini with appropriate office space and secretarial assistance at the Company's headquarters.

Directors may defer receipt of their cash and stock compensation. Deferred cash amounts are accrued in a memorandum account that is credited with interest based on the so-called General Agreement on Tariffs and Trade (GATT) rate (5.12% in 2004; 4.89% in 2005). At the election of each director, cash deferrals of meeting fees and the retainer may be converted to AFC stock at the time of deferral, with such stock issued pursuant to the Amended and Restated Non-Employee Director Stock Ownership Plan.

Director Retirement Policy

It is the policy of the Board of Directors that a director retires at the Annual Meeting of Shareholders following his or her attainment of age 70. A director who is first elected to the Board after the age of 65, however, may defer retirement until the Annual Meeting of Shareholders following his or her attainment of age 72.

ITEM I

ELECTION OF DIRECTORS

The Board of Directors currently has ten members and consists of three classes as nearly equal in number as possible, whose terms end in successive years. After this year's Annual Meeting, the Board will consist of nine members. Two of the directors whose terms will expire at this year's Annual Meeting, Wendell J. Knox and Robert J. Murray, have been nominated for re-election and Nancy L. Leaming has been nominated for election, each for a three-year term ending after the 2008 Annual Meeting of Shareholders. Ms. Leaming was recommended for consideration of the Nominating and Corporate Governance Committee as a potential director candidate by a non-management member of the Board. The Nominating and Corporate Governance Committee subsequently recommended her nomination to the Board of Directors. M Howard Jacobson will be retiring from the Board after this year's Annual Meeting of Shareholders and John R. Towers has decided not to seek re-nomination.

The Board of Directors recommends a vote **FOR** all nominees. All nominees have indicated their willingness to serve and, unless otherwise directed, it is intended that proxies received in response to this solicitation will be voted in favor of the election of the nominees.

In the event that any of the nominees should be unavailable to serve as a director, it is intended that the proxies will be voted for the election of such substitute nominees, if any, as shall be designated by the Board of Directors. Management has no reason to believe that any of the nominees will be unavailable to serve.

Information as to each nominee and as to directors continuing in office can be found under the section of this Proxy Statement entitled "Corporate Governance".

Table of Contents**ITEM II****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The firm of PricewaterhouseCoopers LLP has been appointed by the Audit Committee of the Board of Directors to be AFC's independent registered public accounting firm for 2005. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from shareholders.

The Board of Directors recommends that you vote **FOR** the proposal to ratify the selection of the firm of PricewaterhouseCoopers LLP as the independent registered public accounting firm for AFC for 2005. If ratification is not obtained, the Audit Committee will reconsider the appointment.

Fees Incurred by AFC from PricewaterhouseCoopers LLP

The following table shows the fees paid or accrued by AFC for the audit and other services provided by PricewaterhouseCoopers LLP for fiscal 2004 and 2003:

	<u>2004</u>	<u>2003</u>

-
- (1) Audit fees represent fees for professional services provided in connection with the audit of our financial statements, the review of our quarterly financial statements, and audit services provided in connection with other statutory or regulatory filings. In 2004, audit fees also include the audit of our internal controls over financial reporting in accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the Public Company Accounting Oversight Board.
 - (2) Audit-related fees consisted primarily of internal control consulting, benefit plan audits, attestation services and accounting consultations in connection with proposed transactions.
 - (3) Tax fees principally included IRS interest calculation reviews, and assistance with a tax examination.
 - (4) Other services included employee benefit plan consulting services.

Pre-Approval Policy

The Audit Committee is required to pre-approve all services performed by the independent auditor. At the beginning of each annual audit cycle, the Audit Committee pre-approves certain categories of audit, audit-related and other services, but such projects with fees equal to or greater than \$250,000 must be specifically approved.

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

The Chairman of the Audit Committee (or, in his absence, any other member of the Audit Committee) has the authority to pre-approve other audit-related and non-audit services to be performed by AFC's independent auditors and associated fees, provided that any decisions to pre-approve such audit-related or non-audit services and fees are reported to the full Audit Committee at its next regular meeting. During 2004, the Audit Committee pre-approved all services performed by the independent auditor, including non-audit services, in accordance with the policy set forth above.

Audit Committee Report

Review of Audited Financial Statements with Management

The Audit Committee reviewed and discussed with management the audited financial statements of the Company for the year ended December 31, 2004.

Review of Financial Statements and Other Matters with Independent Auditors

An integral part of the audit process is to ensure that the Audit Committee receives information regarding the scope and results of the audit. Various communication requirements pertaining to the conduct of an audit exist to enhance the information flow and to assist the Audit Committee in discharging its oversight responsibility. In this regard, the Audit Committee discussed with the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, the matters required to be discussed by SAS 61, *Communication with Audit Committees* (Codification of Statements on Auditing Standards, AU Section 380), as modified. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and has discussed with PricewaterhouseCoopers its independence from the Company. The Audit Committee has considered whether the provision of the non-audit professional services to the Company in 2004 is compatible with maintaining PricewaterhouseCoopers independence from the Company.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above and relying thereon, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission (the Commission).

Other Matters

The Audit Committee satisfied its responsibilities under its Charter for the year 2004.

In accordance with the rules of the Commission, this report is not to be deemed soliciting material, or deemed to be filed with the Commission or subject to the Commission's Regulation 14A, other than as provided in Item 306 of Regulation S-K, or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference in documents otherwise filed.

(1) Amounts represent bonuses earned pursuant to the Company's 2004 Short-Term Incentive Compensation Plan.

(2) The amount shown for Mr. Eppinger includes \$245,598 for relocation expenses.

(3) Amounts reflect the value of certain restricted stock units awarded in 2004 under two programs described below. Such awards were made under the Company's Long-Term Stock Incentive Plan as follows:

Performance-Based Restricted Stock Units

In 2004, the Named Executive Officers and certain other officers were granted a targeted number of performance-based restricted stock units. The performance-based restricted stock units vest after three years from grant date (provided the recipient remains continuously employed by the Company until such date) and if the Company's property and casualty operations achieve a specified return on equity for the year 2006. The actual performance-based restricted stock unit award may be as low as zero, and as high as 150% of the targeted award shown in the table, based on the return on equity actually achieved. The performance-based restricted stock units do not have dividend equivalency or voting rights. Upon

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

vesting (February 27, 2007, except April 19, 2007 for Ms. Zuraitis, subject in each case to achievement of specified performance targets), such units are converted into an equivalent number of shares of Company Common Stock. See [Change in Control Arrangements](#) below for vesting provisions in the event of a change in control of the Company.

Table of Contents

The amounts included in the table above reflect the closing price on the New York Stock Exchange of the Company's Common Stock on the grant date based upon the target number of units awarded (February 27, 2004; \$36.88; Mr. Eppinger, 40,000 shares/\$36.88; Mr. Parry, 13,300 shares/\$36.88; Ms. Zuraitis, 19,452 shares/\$35.98 (Ms. Zuraitis joined the Company on April 19, 2004; the date of grant of such units for Ms. Zuraitis); Mr. Huber 5,300 shares/\$36.88; and Mr. Kavanaugh, 4,700 shares/\$36.88.

Deferral and Conversion Program

Also, in 2004, certain officers of the Company were permitted to defer and convert a portion of their 2003 annual incentive compensation into a number of restricted stock units determined based on the fair market value of the underlying shares at the time such compensation would otherwise have been paid (March 5, 2004; \$37.80 per share). An additional grant was made at such time equal to 15% of the deferred and converted incentive compensation award amounts. Such restricted stock units convert into shares of AFC Common Stock upon vesting, which is three years after the date of grant (March 5, 2007). In the event the officer is not continuously employed by the Company through the vesting date, then all such restricted stock units are forfeited, although the Company will reimburse the officer for the amount of incentive compensation initially deferred and converted, plus interest (5.12% in 2004; 4.89% in 2005). These restricted stock units do not have voting rights, but do carry deferred dividend equivalency rights to the extent dividends are declared on the underlying shares of Common Stock. See "Change in Control Arrangements" below for vesting provisions in the event of a change in control of the Company.

The amounts included in the table above reflect only the value of the 15% additional grant since the cash value of the portion of the 2003 incentive compensation award which was deferred and converted is included in the "Bonus" column above. The following are the bonus amounts deferred by each named executive officer and the number of restricted stock units granted, including the 15% additional grant, based on the Common Stock closing price on the NYSE on the conversion date, March 5, 2004 (\$37.80): Mr. Eppinger, \$50,000/1,503 shares; Mr. Parry, \$50,000/1,503 shares; Mr. Huber, \$50,000/1,503 shares; and Mr. Kavanaugh, \$25,000/711 shares. A similar program permitted such deferral and conversion of a portion of the 2004 annual incentive compensation, which was payable in February 2005.

The amount shown for Ms. Zuraitis also includes 6,452 shares of restricted stock awarded when she began her employment, on April 19, 2004, with a grant date value of \$35.98 per share. The restrictions on these shares lapse three years after the date of grant, provided Ms. Zuraitis is continuously employed by the Company through the vesting date.

The aggregate holdings and market value of restricted stock units (including the targeted number of performance-based restricted stock units granted) as of December 31, 2004 (\$32.83), for each individual are: Mr. Eppinger, 41,503 shares/\$1,362,543; Mr. Parry, 14,803 shares/\$485,982; Ms. Zuraitis, 19,452 shares/\$638,609; Mr. Huber, 6,803 shares/\$223,342; and Mr. Kavanaugh, 5,411 shares/\$177,643.

- (4) Amounts shown reflect payments made to each of the eligible Named Executive Officers (except Ms. Zuraitis) by the Company in the form of employer contributions to each Named Executive Officer's 401(k) account pursuant to the Company's 401(k) Plan. The amount shown for Mr. Eppinger in 2003 consists of a \$300,000 sign-on bonus, the proceeds of which (net of estimated income taxes on such bonus) were used by Mr. Eppinger to purchase AFC Common Stock, and \$200,000 paid to Mr. Eppinger to facilitate his purchase of an additional amount of stock to match that purchase. The amount for Ms. Zuraitis reflects a sign on bonus. The amounts shown for Messrs. Parry and Huber in 2003 include one-time retention payments of \$500,000 and \$350,000, respectively.
- (5) Mr. Eppinger joined the Company effective August 28, 2003.
- (6) Ms. Zuraitis joined the Company effective April 19, 2004.

Table of Contents**Option Grants in Last Fiscal Year**

The following table contains information concerning stock options granted to the Named Executive Officers in 2004. The Company has not granted stock appreciation rights to any of its Named Executive Officers. All of the stock options were granted pursuant to the Company's Long-Term Stock Incentive Plan.

John P. Kavanaugh	35,000	2.1%	\$ 36.88	02/27/2014	\$ 359,210

- (1) The securities underlying the options granted were shares of the Company's Common Stock. The options granted become exercisable in 25% increments on the first and second anniversaries with the remaining 50% becoming exercisable on the third anniversary of the date of grant.
- (2) In accordance with Securities and Exchange Commission rules, the Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in the table. The Company's use of the model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The following assumptions were made for purposes of calculating the Grant Date Present Value for the February 27, 2004 grants: options exercised from 2.5 to 5 years, stock price volatility of 29.91%, dividend yield of 0.0%, risk-free interest rate of 2.61% and no adjustment made for forfeitures or transferability. The following assumptions were made for purposes of calculating the Grant Date Present Value for the April 19, 2004 grant: options exercised from 2.5 to 5 years, stock price volatility of 28.76%, dividend yield of 0.0%, risk-free interest rate of between 2.36-3.42% and no adjustment made for forfeitures or transferability. The real value of the options depends upon the actual performance of the Company's Common Stock during the applicable period.

Table of Contents**Year-End 2004 Option Value Table**

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2004 with respect to compensation plans under which equity securities of the Company are authorized for issuance:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights(1)	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans(2)
Equity compensation plans approved by security holders	6,052,292	\$ 37.83	2,475,034
Equity compensation plans not approved by security holders			
Total	6,052,292		2,475,034

- (1) Includes 190,633 shares of Common Stock which may be issued upon vesting of outstanding restricted stock units or performance-based restricted stock units (assuming the maximum award amount). The weighted-average exercise price does not take these awards into account.
- (2) Includes 2,449,108 shares available for future issuance under the Long-Term Stock Incentive Plan (all of which may be issued pursuant to stock options), and 25,926 shares available for issuance under the Amended and Restated Non-Employee Director Stock Ownership Plan (all of which may be issued as stock awards but not stock options). The Long-Term Stock Incentive Plan provides that no more than 25% of the total number of shares available under the plan may be granted as restricted stock. The number of shares available for future issuance under the Long-Term Stock Incentive Plan was determined based on the formula set forth in that plan, projected forward to the end of the plan's ten-year term. The formula provides that the number of shares available for issuance under the Long-Term Stock Incentive

Edgar Filing: ALLMERICA FINANCIAL CORP - Form DEF 14A

Plan increases annually by an amount equal to 1.25% of the number of shares of AFC Common Stock outstanding at the start of each year.

Severance and Non-Solicitation Agreements

The Company's offer letter to Mr. Eppinger provides that if Mr. Eppinger's employment is terminated by the Company without cause, independent of a change in control, he will receive severance equal to one times the sum of his base salary and target bonus.

All of the Company's Named Executive Officers are subject to various non-solicitation agreements with the Company. These arrangements generally provide that, during employment and for a period of either one or two years after termination, the executive officer will not recruit or solicit, attempt to induce, or assist or encourage others to recruit or solicit, any employee, agent or broker of the Company to terminate employment with the Company. These arrangements also generally prohibit the executive officers from soliciting the business or patronage of any policyholders or existing or prospective clients, customers or accounts of the Company that were contacted, solicited or served while the executive officer was employed by the Company. Finally, in some cases these arrangements also provide that all proprietary information relating to the Company's business and all software, works of authorship and other developments created during employment by the Company are the sole property of the Company.

Change in Control Arrangements

Messrs. Parry, Huber, and Kavanaugh and certain other officers of the Company participate in the Allmerica Financial Corporation Employment Continuity Plan (the "Employment Continuity Plan") (Mr. Eppinger and Ms. Zuraitis do not currently participate in such plan). In the event of a Change in Control (defined below) of the Company and subsequent involuntary or constructive termination of a participant within a two-year period after the Change in Control, or voluntary termination of a participant in the 13th month after a Change in Control, the Employment Continuity Plan authorizes the payment of specified benefits to eligible participants. These include a lump-sum cash payment equal to a Multiplier (defined below) times the sum of a participant's base salary, target bonus for the year in which the Change in Control occurs and the amount that otherwise would have been credited under the Company's pension plan sponsored by the Company or its affiliates. The Multiplier is three (3) for Messrs. Huber and Parry, and two (2) for Mr. Kavanaugh. Additionally, the Employment Continuity Plan provides for continued coverage under the health and welfare benefit plans sponsored by the Company and its affiliates, an amount equal to the participant's target bonus pro-rated for service performed in the year of termination, and outplacement services. Participants are also entitled to a gross-up payment when the Change in Control payment or other benefit under the plan is subject to the excise tax imposed by section 4999 of the Internal Revenue Code.

For purposes of the Employment Continuity Plan, a Change in Control is defined as follows: (i) a change in the composition of the Board of Directors such that the Incumbent Directors (as defined in the Employment Continuity Plan) at the beginning of any consecutive twenty-four month period cease to constitute a majority of the Board; (ii) any person or group is or becomes the beneficial owner of 35% or more of the Company's voting stock outstanding; (iii) a merger or consolidation of the Company or any affiliate that requires shareholder approval, unless the shareholders immediately prior to the merger or consolidation own more than 50% of the total voting stock of the successor corporation or a majority of the board of directors of the successor corporation were Incumbent Directors immediately prior to the merger or consolidation; (iv) the approval by shareholders of a sale of all or substantially all of the Company's assets and such sale is consummated; or (v) the approval by shareholders of a plan of liquidation or dissolution of the Company.

In the event of a Change in Control, for all stock awards and stock options granted to a participant pursuant to the Company's Long-Term Stock Incentive Plan that do not otherwise vest immediately after the Change in

Table of Contents

Control, the participant will be paid a lump sum amount equal to (i) the fair market value of all stock awards as of the date of the Change in Control (excluding stock options) and (ii) with respect to stock options, the excess of the fair market value of the Company's Common Stock as of the date of the Change in Control over the stock option exercise price.

Mr. Eppinger's offer letter provides that he will receive two times the sum of his base salary and target bonus in the event of a change in control, and Ms. Zuraitis's offer letter provides that she will be recommended to participate in the Employment Continuity Plan at such time as the Compensation Committee adopts a new plan applicable to the then current executive officers of the Company.

The Long-Term Stock Incentive Plan provides that, in the event of a change in control and unless the Compensation Committee determines otherwise, (i) stock options will be cashed out based on the excess of the change in control price (or fair market value, depending on the circumstances) of the Company's Common Stock over the stock option exercise price, and (ii) outstanding restricted stock/restricted stock units, including targeted performance-based restricted stock unit awards, become non-forfeitable. The Compensation Committee may determine, however, that in lieu of implementing these change in control provisions, outstanding awards will be honored, assumed or replaced with new equity awards issued by the participant's employer following the change in control. The definition of "change in control" in the Long-Term Stock Incentive Plan is consistent with the definition in the Employment Continuity Plan, except that the Long-Term Stock Incentive Plan definition does not include approval by shareholders of a plan of liquidation or dissolution of the Company.

Pension and Retirement Benefits

Pension Plan

The Company maintains a tax-qualified, noncontributory defined benefit pension plan (the "Pension Plan") for the benefit of eligible employees. Prior to January 1, 1995, the Pension Plan benefit formula (the "Prior Plan Formula") was based upon a percentage of each participant's final average compensation multiplied by his or her years of credited service, to a maximum of 35 years.

Benefits under this formula were generally frozen for all employees as of December 31, 1994 and effective January 1, 1995, the Pension Plan was modified to provide for a cash balance plan formula (the "Cash Balance Formula"). Each year while this formula was in effect, the Company allocated an amount equal to a percentage of a participant's eligible compensation (generally, salary and short-term incentive compensation, up to the Federal limits) to a separate memorandum account established for the participant. At the end of each year, the Company set the allocation percentage based in part on Company performance. However, effective December 31, 2004, benefits under the Cash Balance Formula were also frozen and future annual contributions to participant memorandum accounts were discontinued. The final allocation of 5.5% of 2004 eligible compensation was posted to eligible participant accounts on March 1, 2005. Although future annual contributions have been discontinued, interest based on the so-called General Agreement on Tariffs and Trade ("GATT") rate will continue to be applied to participant memorandum accounts.

The Company also maintains an excess benefit plan, which provides eligible individuals with the difference between the benefits calculated under the Pension Plan (under both the Prior Plan Formula and Cash Balance Formula), without regard to Federal limitations and the maximum amount that may be paid from the Pension Plan under Federal tax laws (the "Excess Benefit Plan"). Benefits under this unfunded, non-qualified plan were also frozen effective December 31, 2004.

Table of Contents

For purposes of reporting projected benefits in this Proxy Statement, benefit amounts for the Named Executive Officers were calculated under both the Prior Plan Formula and Cash Balance Formula, together with benefits under the Excess Benefit Plan. Amounts in the Cash Balance Plan memorandum accounts were projected to age 65 assuming an annual interest rate of 5% for all executives, which is consistent with the actuarial assumptions of the Pension Plan. Because they joined the Company after the Prior Plan Formula was frozen, Messrs. Eppinger and Huber receive no benefits under this formula. Also, Mr. Eppinger has not yet satisfied the vesting requirements under the Cash Balance Formula. Ms. Zuraitis will receive no benefits under the Pension Plan (under either the Prior Plan Formula or the Cash Balance Formula) since all benefits were frozen prior to her eligibility to participate.

Based on the assumptions set forth above, the total estimated annual single life monthly annuity retirement benefits under the Pension Plan (including under both the Prior Plan Formula and the Cash Balance Formula) and the Excess Benefit Plan payable at the normal retirement age of 65 for the Named Executive Officers are as follows: Mr. Eppinger, \$280.03; Ms. Zuraitis, \$0; Mr. Parry, \$6,477.91; Mr. Huber, \$1,523.06, and Mr. Kavanaugh, \$6,846.51.

401(k) and Deferred Compensation Plans

The Company also maintains the Allmerica Financial Retirement Savings Plan (formerly known as the Allmerica Financial Employees 401(k) Matched Savings Plan), which is a 401(k) retirement savings plan (the 401(k) Plan). The 401(k) Plan, which formerly provided a 50% match on the first 6% of eligible compensation, was enhanced effective January 1, 2005 to provide a 100% match on the first 5% of eligible compensation deferred to the 401(k) Plan, and a Company contribution of 3% of eligible compensation, regardless of whether or not a participant defers compensation to the 401(k) Plan. Eligible compensation generally consists of salary and short-term incentive compensation, up to the Federal limits for qualified 401(k) plans.

In connection with the 401(k) Plan, the Company established, effective January 1, 2005, the Non-Qualified Retirement Savings Plan, which provides for eligible officers of the Company, including each of the Named Executive Officers, (i) a 5% additional employer contribution on total eligible compensation in excess of Federal limits (contingent upon satisfaction of maximum contributions to the 401(k) Plan), and (ii) a 3% employer contribution on total eligible compensation in excess of the Federal limits. This plan is unfunded and non-qualified.

Finally, the Company maintains unfunded, non-qualified plans pursuant to which eligible officers of the Company, including the Named Executive Officers, can defer receipt of up to 12.5% of their base salaries and up to 100% of their short-term incentive compensation awards. Amounts deferred are credited with interest based on the GATT rate.

Compensation Committee Report

The Compensation Committee (the Committee) is responsible for reviewing and establishing the Company s compensation practices and policies. The Committee recommends to the independent members of the Board the compensation level (including base and incentive compensation) of the Chief Executive Officer and approves the compensation levels of other senior executive officers (Senior Executives), including the Named Executive Officers. In addition, the Committee reviews the compensation plan structure for other senior officers. The Committee also reviews and recommends for Board approval all Board and committee compensation. In executing its compensation responsibilities, the Committee utilizes the assistance of one or more independent

Table of Contents

compensation consulting firms selected by the Committee. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. The Board has affirmatively determined the independence of each member of the Committee, based on the independence standards adopted by the Board, and the independence requirements of the New York Stock Exchange. In addition, each member of the Committee qualifies as a non-employee director under Securities and Exchange Commission Rule 16(b)-3 and as an outside director under Internal Revenue Code Section 162(m). The independent members of the full Board of Directors have final authority to approve the compensation of the Chief Executive Officer.

Compensation Philosophy.

The objectives of our executive compensation program are:

to attract and retain individuals key to the future success of AFC and its subsidiaries,

to motivate executives to achieve the business objectives of AFC,

to adhere to a pay-for-performance philosophy aligned with the achievement of the Company's key financial and operating goals, and

to align the long-term interests of executives with those of shareholders.

Components of Compensation.

The principal components of the executive compensation program are base salary, performance-based annual incentive compensation and long-term incentive compensation. Annual base salaries of the Named Executive Officers and other key executives are set at levels considered to be competitive with amounts paid to executive officers with comparable qualifications, experience and responsibilities at insurance and financial services companies with whom the Company competes for executive talent, based on published surveys, proxy and other information.

The Company maintains an annual incentive compensation program, which for executive officers is administered pursuant to the Company's Short-Term Incentive Compensation Plan, providing supplementary cash compensation (bonuses) to key employees who contribute materially to the success of the Company and its subsidiaries. Annual incentive compensation is targeted at a percentage of annual salary ranging from 60% to 90% for the Named Executive Officers other than Mr. Eppinger, and 120% for Mr. Eppinger, with the opportunity to increase such awards by up to two times if certain financial stretch goals are obtained. During 2004, annual incentive compensation under this program was tied to the achievement of significant financial performance goals, including property and casualty companies' segment earnings per share, life company segment income excluding certain non-cash items, and business unit operating income, as well as individual performance. The pool out of which bonuses were paid to executive officers for 2004 was determined in accordance with plan terms and the Committee determined that the key Company financial targets were significantly exceeded in 2004. The financial performance goals approved by the Committee for the 2005 short-term incentive compensation program use the same general performance criteria as the 2004 program, with different specific targets.

The Company awards long-term incentive compensation under AFC's Long-Term Stock Incentive Plan (the "Stock Plan"), which provides restricted stock and performance-based restricted stock unit grants, stock options and other stock-based compensation intended to promote

superior performance over a longer period of time. Awards under the Stock Plan are intended to attract and retain executives and to satisfy the objectives of linking

Table of Contents

executives' long-term interests with those of the shareholders and to encourage stock ownership in the Company. Factors considered in determining executives' award grants under the Stock Plan include the contribution of each executive to the long-term performance of AFC and the importance of such executive's responsibilities within the organization.

For 2004, the Committee provided eligibility for executives and key employees of the Company for grants of stock options, restricted stock units and performance-based restricted stock units under the terms of the Stock Plan. Stock options provide executives with the opportunity to acquire an equity interest in the Company and to participate in created shareholder value as reflected in growth in the price of the Common Stock. The option exercise price equals 100% of the fair market value of the Common Stock on the date of option grant, thereby ensuring that plan participants will derive benefits only as shareholders realize corresponding gains. To ensure a long-term perspective and encourage retention, options vest over a three-year period and have a maximum ten-year term. Grants of performance-based restricted stock units in 2004 vest in 2007 only if the Company's property and casualty operations achieve a specified return on equity for the calendar year 2006. The Committee approved the use of each of these long-term incentives again in 2005.

During 2004, executive and certain other senior officers were permitted to defer and convert a portion of their 2003 short-term incentive compensation awards (which were paid in the first quarter of 2004) into restricted stock units vesting in 2007. Those officers who participated in this conversion and deferral program were granted additional restricted stock units with a value as of the grant date equal to 15 percent of the converted amount of short-term incentive compensation. In the event such officers are not continuously employed by the Company through the vesting date, then all such restricted stock units are forfeited; however, the Company will reimburse such officers for the amount of any compensation award deferred and converted, together with interest. This program, which was made available again in 2005 with respect to 2004 bonus awards, is intended to encourage such officers to increase their ownership of Company Common Stock.

Compensation of the Chief Executive Officer.

In establishing Mr. Eppinger's base compensation for 2004 and determining his long and short-term targeted incentive compensation, the Committee and the independent members of the Board compared Mr. Eppinger's compensation against the comparative base salaries, annual and long-term incentives and other compensation of chief executives of a peer group of property and casualty insurance companies that the Company competes with for senior management talent.

The Committee engaged an independent compensation consultant to assist with the peer group comparisons. The Committee seeks to position Mr. Eppinger's total compensation between the 50th and 75th percentile of this peer group (the second quartile), with the total package weighted less heavily on base salary and more heavily on long-term incentives through equity compensation awards. In comparison to the peer group of companies, Mr. Eppinger's total compensation was within this range.

Effective April 2004, the Committee increased Mr. Eppinger's salary to \$800,000, which was just below the median of the comparable peer group. The increase was in recognition of Mr. Eppinger's performance to date, but was consistent with the policy of tying overall compensation to longer term financial operational goals.

To further align Mr. Eppinger's interests with those of the Company's shareholders, and as an incentive for future performance, the Committee approved the grant of stock options for 150,000 shares of stock to Mr. Eppinger in February 2004 pursuant to the Stock Plan. Although Mr. Eppinger had not yet reached his first anniversary, the grant was made at this time to be consistent with the award cycle used generally for other senior

Table of Contents

officers and key employees. However, this award was reduced relative to the targeted annual award to take into account the award Mr. Eppinger was granted when he joined the Company in August 2003. In addition, Mr. Eppinger was granted a target amount of 40,000 performance-based restricted stock units if the property and casualty business achieves a targeted return on equity for 2006 (the number of shares actually granted are subject to adjustment to as little as zero or as much as 60,000 units in the event the actual return on equity is above or below the target).

The Committee has generally sought to establish Mr. Eppinger's long term equity incentive at the upper end of the second quartile of companies determined to be the relevant peer group, consistent with the philosophy of weighting total compensation to encourage long-term planning. The stock option and performance-based restricted stock unit grants described above were consistent with this philosophy. Mr. Eppinger also participated in the bonus deferral and conversion program previously described under which a portion of his prior year's incentive compensation was converted into restricted stock units. This is intended to encourage Mr. Eppinger to increase his total ownership of Company Common Stock.

In evaluating Mr. Eppinger's performance in 2004 and determining his bonus, the Committee and the Board considered several factors, most importantly, the fact that the Company's financial performance significantly exceeded the financial goals established at the beginning of the year and which were applicable to all executive officers in accordance with the requirement of the Company's Short-Term Incentive Plan. In addition, in the Committee's opinion, Mr. Eppinger's performance exceeded other goals which had been established for him, including improving the financial position of the Company, clarifying the Company's long-term strategy, strengthening senior management and improving the Company's operating effectiveness. In light of these factors and in accordance with the formulae established at the beginning of the year under the Short-Term Incentive Plan, Mr. Eppinger was paid an incentive compensation bonus for 2004 of \$1,756,000.

The Committee believes that the executive compensation policies of AFC and its subsidiaries are appropriate both to attract and retain corporate officers and other key employees with outstanding abilities and to motivate them to perform to the full extent of their abilities.

Compliance with Internal Revenue Code Section 162(m).

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for taxable compensation over \$1 million paid to a corporation's chief executive officer and its four other most highly compensated executive officers. Qualifying performance-based compensation, such as stock options and annual bonuses paid under the Company's Short-Term Incentive Compensation Plan previously approved by shareholders, is not subject to the deduction limit if certain requirements are met. The Committee currently intends, where practicable in light of other considerations, including the necessity of maintaining competitive pay practices, to structure performance-based executive compensation with a view toward maximizing the deductibility to the Company of such compensation, but reserves the right, in circumstances it deems appropriate, to pay amounts that are not deductible.
