PROXY STATEMENT

For the

Annual Meeting of Stockholders

To be Held on May 29, 2008

GENERAL INFORMATION

Nara Bancorp, Inc. (the Company) is a registered bank holding company and Nara Bank (the Bank) is our wholly owned subsidiary. This proxy statement contains information about the Company's annual meeting of stockholders to be held on Thursday, May 29, 2008 at the Oxford Palace Hotel, 745 South Oxford Avenue, Los Angeles, California at 10:30 a.m., Pacific Standard Time, and at any postponements or adjournments thereof. The date of this proxy statement is April 16, 2008 and it will be mailed to stockholders on or about that date.

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because the board of directors is soliciting your votes for use at the 2008 annual meeting of stockholders.

This proxy statement summarizes the information you need to know to cast an informed vote at the meeting. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by internet or telephone.

We will begin sending this proxy statement, notice of annual meeting, and the enclosed proxy card on or about April 16, 2008 to all stockholders entitled to vote. The record date for those entitled to vote is April 1, 2008. On that date, 26,193,560 shares of our common stock were outstanding. The common stock is our only class of stock outstanding. We are also sending our annual report for the fiscal year ended December 31, 2007 along with this proxy statement.

What Vote is Required for Each Proposal?

Election of Directors. The eight nominees for director who receive the most votes will be elected. So, if you do not vote for a particular nominee or you indicate withhold authority to vote for a particular nominee on your proxy card, your abstention will have no effect on the election of directors and all eight nominees will be elected.

Edgar Filing: NARA BANCORP INC - Form DEF 14A

Ratification of Selection of Independent Registered Public Accounting Firm. Stockholder ratification of the board of directors selection of Crowe Chizek and Company LLP (Crowe Chizek) as our independent registered public accounting firm is not required. We are submitting the selection of Crowe Chizek to you for ratification to obtain our stockholders views. To be approved, the ratification must receive a FOR vote from the majority of shares voted on the proposal. If you vote Abstain or if you do not, or a broker holding your shares does not, vote your shares, such abstention or failure to vote will not affect the outcome of the vote. If the stockholders do not ratify the selection by a majority vote of the present and voting shares, we will reconsider whether to retain Crowe Chizek. Even if the selection is ratified, we may, in our discretion, appoint a different independent registered public accounting firm at any time during the year if we determine that such a change would be in the best interest of the Company and our stockholders.

Table of Contents

How Many Votes Do I Have?

Each share of common stock that you own entitles you to one vote. The proxy card indicates the number of shares of common stock that you own. Our Certificate of Incorporation and Bylaws do not provide for cumulative voting.

How Do I Vote by Proxy?

Whether you plan to attend the meeting or not, we urge you to complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. You may also vote by internet or telephone as described on the enclosed proxy card. Returning the proxy card will not affect your right to attend the meeting and vote in person, but will assure that your vote is counted if you become unable to attend the meeting.

If you properly fill in your proxy card and send it to us in time to vote or you timely vote by internet or telephone, your proxies (the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxies will vote your shares as recommended by the board of directors as follows:

FOR the election of each of the eight nominees for director;

FOR the appointment of Crowe Chizek as our independent registered public accounting firm; and

in the discretion of the proxies as to any other matter that may properly come before the meeting.

If you hold your shares of our common stock in street name (that is, through a broker or other nominee) and you fail to instruct your broker or nominee as to how to vote your shares of common stock, your broker or nominee may, in its discretion, vote your shares FOR the election of the nominees for director set forth in this proxy statement, and FOR the ratification of the appointment of Crowe Chizek as our independent registered public accounting firm for the year ending December 31, 2008.

Can I Change My Vote After I Return My Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised if:

you file either a written revocation of your proxy or a duly executed proxy bearing a later date than your previous proxy with our Legal Department prior to the meeting, or

you attend the meeting and vote in person. However, your presence at the meeting will not revoke your proxy unless and until you vote in person.

Moreover, if your shares are held in the name of your broker, bank, or other nominee, and you wish to vote in person, you must bring a properly executed legal proxy from your broker or nominee so that you can vote your shares in person at the meeting.

How Do I Vote in Person?

If you plan to attend the meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares are held in the name of your broker, bank, or other nominee, you must bring a properly executed legal proxy from the nominee authorizing you to vote the shares and indicating that you are the beneficial owner of the shares on April 1, 2008, the record date for voting.

What Constitutes a Quorum?

Edgar Filing: NARA BANCORP INC - Form DEF 14A

To establish a quorum at the annual meeting, a majority of the shares of our common stock outstanding on the record date must be present, either in person or by proxy. We will count abstentions for purposes of establishing the presence of a quorum at the meeting.

Table of Contents

What Are the Recommendations of the Board of Directors?

Our current board of directors unanimously recommends:

the election of each of the named nominees for director; and

the ratification of the selection of Crowe Chizek as our independent registered public accounting firm for the year ending December 31, 2008.

The board of directors recommends that you vote **FOR** each of the eight nominees for director, and **FOR** the ratification of the selection of Crowe Chizek as our independent registered public accounting firm for the year ending December 31, 2008.

Who Will Pay the Costs of Solicitation of Proxies?

The Company will bear the cost of this solicitation, including the expense of preparing, assembling, printing and mailing this proxy statement and the material used in this solicitation of proxies. The proxies will be solicited principally by mail, but our directors, officers and regular employees may solicit proxies personally or by telephone. Although there is no formal agreement to do so, we will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expense in forwarding these proxy materials to their principals. In addition, we may pay for and utilize the services of individuals or companies we do not regularly employ in connection with the solicitation of proxies. We have hired Mellon Investment Services, LLC to seek proxies of custodians such as brokers who hold shares which belong to other people. This service will cost us approximately \$5,000.

Will Any Other Matters Be Considered at the Annual Meeting?

We are not aware of any matter to be presented at the annual meeting other than the proposals discussed in this proxy statement. If other matters are properly presented at the annual meeting, then the persons named as proxies will have the authority to vote all properly executed proxies in accordance with their judgment on any such matter, including any proposal to adjourn or postpone the meeting.

How Do I Propose Actions for Consideration at Next Year's Annual Meeting of Stockholders?

You may submit proposals for consideration at future stockholder meetings. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, our Legal Department must receive the written proposal no later than December 16, 2008. Such proposals will also need to comply with Securities and Exchange Commission (the "SEC") Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in our proxy statement will be a date that is a reasonable time before we begin preparing our proxy materials.

The persons named as proxies for the 2008 annual meeting of stockholders will have discretionary authority to vote on any stockholder proposal which is not included in our proxy materials for the meeting, unless we receive notice of the proposal by March 1, 2009. If we receive proper notice by that date, the proxies will not have discretionary voting authority except as provided in the SEC regulations regarding stockholder proposals.

available on our website at www.narabank.com. DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the board of directors. The Company's compensation and benefit program is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of the size and scope of the Company and the Bank; compensation should align directors' interests with the long-term interests of stockholders; and the structure of the compensation should be transparent and straightforward for stockholders to understand.

Cash Compensation

Regular members of the Bank and Company boards of directors receive a \$42,000 annual board membership retainer. The Chairmen of the Bank and Company boards, Mr. Ki Suh Park and Mr. Chong-Moon Lee, respectively, receive a \$52,000 annual board membership retainer. Each director receives an additional \$12,000 in annual committee membership fees. The committee Chairs, other than the Executive Committee Chair, receive an additional annual retainer in the following amount: \$8,000 for the Chair of the Audit Committee and the Loan & Credit Policy Committee (which is a Bank committee), and \$6,000 for all other committees, with an annual limit of \$12,000 for any one director. Directors who do not receive life insurance coverage, or health insurance coverage paid for by the Company and do not participate in the deferred compensation plan, receive an annual payment of \$12,000 of in-lieu payments. The directors also receive reimbursement for expenses, which include reasonable travel expenses to attend board or committee meetings, reasonable outside seminar expenses, and other special board-related expenses.

Stock Options and Performance Units

Directors may be granted equity awards upon their appointment to the board of directors. Periodically, the Company reevaluates board compensation, including the grant of new stock options and performance units. In setting director compensation, the Company considers the amount of time that directors expend in fulfilling their duties to the Company as well as the skill-level and experience required by the board of directors. The Company also considers similarly situated banks' director compensation practices while keeping in mind the compensation philosophy of the Company and the stockholders' interests.

Options granted under the 2000 Plan typically vest over a three-year period in equal installments on the grant date anniversary. They are granted with a ten-year term and have an exercise price equal to the fair market value of the Company's common stock on the date of the grant.

Options and performance units granted under the 2007 Nara Bank Equity Incentive Plan (the 2007 Plan) typically vest over a three-year period in equal installments on the grant date anniversary, and are granted with a ten-year term. Options have an exercise price equal to the fair market value of the Company's common stock on the date of the grant. Performance unit grants will result in the grant of Company common stock upon vesting and achieving specified performance criteria.

On February 27, 2008, the Company granted 6,600 performance units to our newest directors, Ms. Schwakopf and Mr. Whang. Each director's performance units will vest equally over three years, and be subject to achieving at least 75% attendance of all board of director and committee meetings required as well as completion of their respective training schedules each year.

Table of Contents

On February 27, 2008, the Company granted 6,000 performance units to each of Mr. Ki Suh Park, Mr. John H. Park and Mr. Paik. None of the directors held any unvested equity, and had not received a grant of equity in more than five years. Each director's performance units will vest equally over three years, and be subject to achieving at least 75% attendance of all board of director and committee meetings required as well as completion of their respective training schedules each year.

COMPENSATION DISCUSSION AND ANALYSIS

The Human Resource and Compensation Committee (the HRC Committee) of the board of directors has strategic and oversight responsibility for the overall compensation and benefits programs of the Company. Such responsibilities include establishing, implementing and monitoring the compensation structure, policies, and programs of the Company. The HRC Committee is responsible for assessing and approving the total compensation paid to the Chief Executive Officer (CEO) and all Executive Vice Presidents, who currently are the Chief Financial Officer (CFO) the Chief Credit Officer (CCO), and the Eastern Regional Manager (ERM). The Committee also reviews the CEO's compensation recommendations for NEOs other than herself. The HRC Committee is responsible for determining whether the compensation paid to each of the NEOs is fair, reasonable and competitive, and whether it serves the interest of the Company's stockholders. The HRC Committee is comprised of four independent directors who satisfy the NASDAQ listing requirements and relevant Internal Revenue Service, and SEC regulations. The HRC Committee's Chair regularly reports to the board of directors on HRC Committee actions and recommendations. The HRC Committee has authority to retain (at the Company's expense) outside counsel, compensation consultants, and other advisors to assist as needed.

Compensation Philosophy and Objectives

The HRC Committee believes that the most effective executive compensation programs are those that align the interests of the executive with those of the Company's stockholders. The HRC Committee believes that a properly structured compensation program will attract and retain talented leaders and motivate them to achieve specific short and long-term strategic objectives. Although the HRC Committee believes that a significant percentage of executive pay should be based on the principles of pay for performance, it also recognizes that the Company must have the ability to attract highly talented executives with competitive base pay. A very important objective of the HRC Committee is to ensure the compensation programs of the NEOs are competitive as compared to similar positions within comparable companies. For this reason, the HRC Committee considers pay practices of the companies it competes with in the market for executive talent.

The Company's executive compensation programs are designed to provide:

levels of base compensation that are competitive with comparable companies;

annual incentive compensation that varies in a consistent manner with the financial results of the Company, the achievement of Company's yearly strategic goals and the achievement of individual performance objectives; and

long-term incentive compensation that focuses executive efforts on building stockholder value through meeting longer-term financial and strategic goals.

Table of Contents

In designing and administering the Company's executive compensation programs, the HRC Committee attempts to strike an appropriate balance among these various elements, each of which is discussed in greater detail below. The HRC Committee periodically considers the pay practices of comparable companies to determine the appropriate pay mix and compensation levels. With respect to performance-based pay, the HRC Committee believes that executive compensation should be closely tied to financial and operational performance of the Company, as well as to the individual performance and responsibility level of the NEOs. The HRC Committee also believes there should be an equity-based component because it best aligns the NEOs' interests with those of the Company's stockholders. For purposes of retention, the HRC Committee believes that the equity-based compensation should have meaningful conditions to encourage valued employees to remain in the employ of the Company. A supplemental executive retirement plan was entered into during 2008, to attract, retain and motivate highly qualified executives. Compensation decisions are made with consideration of the HRC Committee's additional guiding principles of fairness to employees, retention of talented executives and fostering improved Company performance which will ultimately benefit the Company's stockholders.

Methodology for Establishing Compensation

The HRC Committee is responsible for approving the compensation of the CEO, CFO, CCO, and ERM. The board of directors however has the discretion to make adjustments as it deems appropriate. No member of management including the CEO, has any involvement in any discussions with the board of directors or the HRC Committee regarding the compensation of the CEO.

Elements of Compensation

Total direct compensation includes base salary, annual cash incentives, performance bonuses, and long-term incentive equity awards. The HRC Committee evaluates the mix among these three elements based on the pay practices of comparable companies, as recommended by John Parry and Alexander's Executive Compensation Analysis.

Market compensation data were derived from the following resources:

California Bankers Association Compensation and Benefits Survey, using banks with assets over \$1 billion in the Los Angeles region.

Financial Institutions Benchmark Compensation Report, using banks with assets between \$2 billion and \$9.9 billion and located in the West Coast Region.

Mercer Benchmark Database -West Coast Metropolitan Areas Survey Report (data compiled from Los Angeles region companies).

The following describes in detail the objectives and policies underlying the various elements of the compensation mix, with respect to the NEOs:

Base Salary

It is the Company's philosophy that employees be paid a base salary that is competitive with the salaries paid by comparable organizations based on each employee's experience, performance, and geographic location. Generally, the Company has chosen to position total cash compensation (which includes base salary and mid-year and year-end bonus, to the extent applicable) above the market median in order to remain competitive in attracting and retaining well qualified executives.

Each fiscal year, the HRC Committee determines the target total annual cash compensation (salary and bonuses) for all NEOs. Based on market surveys and several other factors, the HRC Committee determines the

Table of Contents

appropriate allocation between salary and bonus for each NEO. The HRC Committee considers a wide-variety of factors in determining pay levels. These include a combination of the individual executive's performance, the performance of the Company and the individual business or corporate function for which the executive is responsible, the nature and importance of the position and role within the Company, the scope of the executive's responsibility, internal relationships or comparisons, and the current compensation package in place for that executive, including the executive's current annual base salary (plus mid-year and year-end bonus, if applicable) and potential bonus awards under the Company's performance incentive plan. Under the performance incentive plan, a bonus pool is approved by the board of directors at the beginning of each fiscal year, and monies are accrued quarterly according to a predetermined formula (see *Strongly Linking Rewards with Achieved Performance of Company and Individual Goals* section for further discussion).

The HRC Committee generally evaluates executive salaries annually. The most recent analysis of the executive compensation of the NEOs indicated that base salaries for the NEOs were generally positioned above the market median in 2007 and compensation will continue to be set above market median. The Company reviewed the California Bankers Association 2007 Compensation Survey in an effort to gauge the overall compensation of comparable financial services companies.

Perquisites

The Company believes it is important to give reasonable perquisites to its NEOs which assist them in performing their responsibilities within the Company. Please see the footnotes to the Summary Compensation Table for details.

Strongly Linking Rewards with Achieved Performance of Company and Individual Goals

The Company intends to continue its strategy of compensating the NEOs through programs that emphasize performance-based incentive compensation. In 2007, the Company had a performance-based plan to determine annual bonuses for the NEOs, except for the CEO and CFO who have bonus criteria in their employment agreements tied to Company performance criteria.

The amount included in the 2007 performance bonus plan was calculated based on the Company's profitability during the fiscal year. The determination of how bonus will be allocated and paid to each NEO is recommended by the CEO with the approval by the HRC Committee and final approval by the board of directors. After the completion of each NEO's annual performance evaluation, the CEO makes a recommendation to the HRC Committee as to the appropriate bonus allocation for each person. The allocation of the 2007 bonus accrual, which was paid in March 2008, was determined based on relative performance and contribution to the financial results of the Company by each NEO, and in compliance with performance under each NEO's performance incentive plan. The CEO and CFO are awarded bonuses based on the bonus calculation formula in their respective employment agreements. The CEO's performance bonus was based 65% on the Company's financial performance and 35% on the attainment of the Company's strategic goals, while the CFO's performance bonus was based 100% on the Company's financial performance.

The new 2007 Performance Incentive Plan (PIP) was developed to recognize and reward other executive officers and other employees, including NEOs, who contribute meaningfully to an increase in stockholder value, profitability, and customer satisfaction. The plan defines corporate and individual goals, and establishes bonus award ranges for each level of management, while measuring performance against the agreed upon goals in determining the bonus award. The PIP is administered by the CEO for the NEOs, excluding the CEO. The performance bonus for the CEO is administered by the HRC Committee.

In 2007, the Company focused on performance bonus pay in an effort to reinforce and support the development of a strong performance oriented culture. The Company made an affirmative business decision during 2007 to reduce the bonus accrual for the performance incentive plan by 15%, due to the economic climate. In 2008, the Company will continue to expand the scope of the performance based criteria to deliver enhanced stockholder value and key strategic results at a level pertinent to the particular NEO.

Table of Contents

In 2007, the NEO performance bonuses, other than the CEO and CFO were based on the attainment of individual performance goals, tied to the financial and strategic performance of their respective division, including but not limited to the expansion of product lines and geographic diversity, the increase of non-interest income and the maintenance of strong corporate governance and compliance process and procedures. In 2008, the CEO's performance bonus will be based 80% on the Company's financial performance and 20% on the attainment of the Company's strategic goals, while the other NEO's performance bonuses will be based at least 50% on the Company's financial performance, with the remainder based on the attainment of the Company's strategic goals.

Long-Term Incentive Awards

Long-term incentive equity awards are the third component of the Company's total compensation package to retain and motivate proven executives. The HRC Committee believes that equity-based compensation ensures that the Company's officers have a continuing stake in the long-term success of the Company. During the Company's history, long-term incentive equity awards have been granted every few years to aid in retention and increase officers' ongoing commitment to the Company. The Company will continue to periodically review best practices and re-evaluate whether more frequent grants would be consistent with other similarly situated banking companies and in keeping with the compensation philosophy of the Company and with the stockholders' interests.

The 2000 Plan provided for a variety of equity awards, and there are currently outstanding vested and unvested equity awards under the 2000 Plan. The 2000 Plan has been retired, and no additional grants may be made from the 2000 Plan. During the 2007 Annual Stockholders' meeting the stockholders approved the 2007 Plan which provides for a variety of equity awards. The awards from the 2000 Plan and 2007 Plans directly link NEOs' contribution to the Company and encourage long-term commitment, as well as, align NEOs' interest with those of the stockholders.

As a result of the new accounting rules under Financial Accounting Standard No. 123R, starting in August 2006, the HRC Committee varied from its historical equity compensation practice of awarding stock options exclusively. Performance units were also used on the premise that they are less dilutive and typically result in a lower charge to earnings.

To retain our executive management team the HRC Committee awarded performance units to the NEOs on November 30, 2007 (see *Equity*). Also, in recognition of the significant contributions made by the NEOs and the Company's desire to retain their services in the long term, the Company approved a long term incentive plan in 2008 (see *Deferred Compensation* section).

Performance units typically have a three-year cliff vesting period, which means that all units vest on the third anniversary of the grant date and require fulfillment of performance criteria. The shares of performance units are held in book entry form with our transfer agent until restrictions lapse and the participant pays taxes on the shares. The performance units cannot be sold or transferred until the shares vest. Should a director or NEO leave the Company prior to the completion of the vesting schedule, the unvested portion of the grant is forfeited.

Change in Control and Severance Arrangements

Other than the CEO and the CFO, none of the NEOs have change in control or other severance arrangements, plans, or contracts with the Company.

The Company's employment agreement with Min J. Kim provides for a severance payment in the amount of twelve months base salary if she is terminated during the initial term of the agreement, unless her employment is terminated for cause, by death, by disability, or as part of a change in control. Also, if Ms. Kim's position is eliminated or her duties materially changed as a result of change in control of the Company, she is entitled to

Table of Contents

receive twelve months base salary and a pro-rata share of her bonus as if she reached 100% of her goals, as severance, and all unvested options granted under her employment agreement will automatically vest. If there were a change in control on December 31, 2007 and Ms. Kim's employment was terminated, she would have received a \$568,750 severance payment.

The Company's employment agreement with Mr. Kang specifies that in the event his position is eliminated or his duties are substantially changed as a result of a change in control of the Company, he is entitled to receive twelve months base salary as severance, and all unvested options granted under his employment agreement will automatically vest. If there were a change in control on December 31, 2007 and Mr. Kang's employment were terminated, he would have received a \$230,000 severance payment.

See discussion of Long Term Incentive Plan below for a discussion of the change in control and severance provisions contained in the plan.

Employment Agreements

Ms. Min J. Kim's employment agreement, effective April 11, 2007, has a three year initial term, and provides for a yearly base salary of \$325,000, with a target bonus of between 50% to 125% of annual base salary. Her bonus, to be paid in cash, will be dependent on goal attainment, as set by the Board, with a 75% bonus if she achieves 100% goal attainment. The performance goals for 2007 were based on meeting the following criteria made up of financial and strategic goals. The financial goals include (i) return on equity of 17.87% and (ii) return on assets of 1.67%. The strategic goals include (i) the creation of a core deposit focused business line in 2007, (ii) the implementation of a commercial and industrial business line, (iii) the completion of a merger or acquisition, and (iv) the implementation of an emulator peer group (the regular tracking and reporting of financial performance and structural implementation by peer banks). The Bank achieved a return on equity of 16.41% or 92% of Ms. Kim's goal and a return on assets of 1.52% of 91% of Ms. Kim's goal. The HRC Committee found that Ms. Kim met 100% of the four strategic goals listed above and she was given full credit. Given the bank's performance in relation to the specific goals outlined above the HRC Committee determined that Ms. Kim should be awarded a bonus of 63.75% of her base salary or \$207,188. In addition, Ms. Kim is entitled, under her employment contract, to an automobile allowance of \$1,200 a month, reimbursement for membership in a business club and payment of reasonable business related expenses. It also provides for a severance payment as noted above, in the amount of twelve months base salary if she is terminated during the initial term of the agreement, unless her employment is terminated for cause, by death, by disability, or as part of a change in control. Also, if Ms. Kim's position is eliminated or her duties are materially changed as a result of change in control of the Company, she is entitled to receive twelve months base salary and a pro-rata share of her bonus as if she reached 100% goal attainment, as severance. Pursuant to her employment agreement, Ms. Kim was granted the option to purchase 90,000 shares of the Company's common stock. The terms of these stock options were subject to the terms and conditions set forth in the 2000 Plan. The options will vest in equal amounts over three years, starting one year after the date of the grant.

Alvin D. Kang was appointed Executive Vice President and Chief Financial Officer of the Bank and the Company pursuant to the terms of his employment offer letter dated June 29, 2005. It provides for a base salary of \$230,000 per year, plus bonus equal to 2% of the Company's consolidated pretax earnings in excess of 20% of the Company's consolidated previous year-end's stockholders equity excluding unrealized gain (loss) with the amount of bonus capped at 75% of base salary. For 2007 the bonus amount, based on the cap, was \$172,500, though he voluntarily reduced the bonus amount to \$146,645. His employment offer letter also provides for an automobile allowance, and three weeks of paid vacation per year (Effective as of October 1, 2006, the board approved a new version of the vacation schedule for executive vice presidents which provides for four weeks (20 days) of paid vacation per year for the first ten years of employment, and for every additional year of employment one additional day per year with a cap of 25 days.) Also, if Mr. Kang's position is eliminated or his duties are substantially changed as a result of change in control of the Company, he is entitled to receive twelve months base salary as severance. The board of directors granted Mr. Kang options to purchase 80,000 shares of

Table of Contents

the Company's common stock, which will vest annually in equal parts over five years, starting on the first anniversary of his employment (which is also the grant date). These stock options are subject to the terms and conditions set forth in the 2000 Plan.

Except as described above, neither the Company nor Nara Bank has entered into any employment agreements with any of their respective NEOs.

Deferred Compensation

1996 Plans

In 1996, the Bank established a deferred compensation plan that permitted eligible officers and directors to defer a portion of their compensation in order to retain qualified executives and directors. In July 1996, Ms. Min J. Kim and Mr. John H. Park entered into deferred compensation agreements with the Bank. Currently, Ms. Kim is the only NEO and Mr. Park is the only director who has a right to participate in the Bank's deferred compensation plan. The deferred compensation plan has not been open to officers and directors of the Company since 1996. No withdrawals or distributions were made to Ms. Kim and Mr. Park in 2007. In 2007, the deferred compensation agreements of Ms. Kim and Mr. Park, were amended to conform with the recent amendments in Internal Revenue Code Section 409A.

Ms. Min J. Kim is paid quarterly interest on her deferred compensation balance at an annual rate, compounded quarterly, equal to the average prime rate plus .25%. In 2007, as discussed in the Deferred Compensation Table, Ms. Min J. Kim deferred \$10,000 and accrued \$14,112 in interest on her accumulated deferred compensation amount under her 1996 deferred compensation agreement. According to the deferred compensation agreement, she may change the amount, frequency and duration of any of her deferrals by filing a new election form with the Company which will be effective starting the following year.

Under the deferred compensation agreement, the total account balance will be paid out upon the earliest of the following events: her departure from Company, her death, her disability, a change in control event, or her normal retirement date (defined as 60 years of age). A change in control means the transfer of 51% or more of the Company's outstanding voting common stock followed within twelve months by the executive's termination of employment for reasons other than death, disability or retirement.

Long Term Incentive Plan

On February 27, 2008, the Company approved a Long Term Incentive Plan (LTIP) for the NEOs, to be effective January 1, 2008. The purpose of the LTIPs is to provide a benefit to the NEOs, as they are a select group of management who contribute materially to the continued growth, development and future business success of the Bank. The Plans are meant to encourage and give incentive to the Executives to remain at the Bank for the long term and to provide a vehicle for the NEOs to build a retirement fund beyond the Company's 401K plan. The stability of our executive management team is seen as a key component to the Company's future success and growth.

The CEO and CCO will each have up to \$40,000 per year, for the next ten years, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when they reach 65 years of age. The CFO will have up to \$40,000 per year, for the next five years, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting on January 1, 2013.

Kyu S. Kim, Myung Hee Hyun, and Jasna Penich, will each have up to \$30,000 per year, for the next ten years, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when they reach 65 years of age.

Table of Contents

The LTIP requires the accomplishment of certain performance criteria, by each NEO, each year in order for full crediting of their potential yearly contribution, as described above. The NEOs will each have the same performance criteria, to be determined in advance by the board of directors each year. All the NEOs, except the CFO, will have five-year cliff vesting of up to 50% of their total potential contribution amounts plus accrued interest in their deferred compensation accounts, with an additional 10% vesting of the total potential contributions plus accrued interest in each of years six through ten. Since the CFO's contribution period is shorter, his Plan will be governed by a shorter vesting cycle. The CFO will have three year cliff vesting of up to 50% of the total potential contributions into the deferred compensation account plus accrued interest, with an additional 25% of the total potential contributions plus accrued interest in years four and five.

The LTIP allows for vesting of the contribution portion already placed in an Executive's deferred compensation account, whether vested or not, upon the occurrence of both a change in control and a separation from service for good reason within twelve months.

Equity

During 2007, the Company continued its strategy of granting performance units instead of stock options, as was the practice in prior years. With the change in accounting rules in 2006, the treatment of performance units and stock options are now similar. As such, the Company finds the use of performance units preferable as they are less dilutive to stockholders, allow for the use of a performance criteria, and provide immediate ownership to the holder upon vesting, thus better aligning the incentives of holders with the Company.

On November 30, 2007, the board of directors approved a performance unit grant of 3,000 units each to Ms. Min J. Kim, Mr. Alvin D. Kang and Ms. Bonita Lee, and a performance unit grant of 2,000 units each to Kyu S. Kim, Jasna Penich and Myung Hee Hyun. Each grant was made with three-year cliff vesting, and requires the satisfaction of performance criteria, consisting of yearly satisfactory performance evaluation.

Stock Ownership Guidelines

Stock ownership guidelines for the NEOs have not been implemented by the HRC Committee. The HRC Committee, however, will continue to periodically review best practices and re-evaluate whether stock ownership guidelines are consistent with the compensation philosophy of the Company and with the stockholders' interests.

Tax Deductibility of Executive Officer Compensation

Internal Revenue Code section 162(m) precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless certain specific and detailed criteria are satisfied. However, performance-based compensation that has been approved by stockholders is excluded from the \$1 million limit. The Company plans to comply with the deduction requirements of Section 162(m).

- (1) Amounts include amounts deferred under our 401(k) Plan. Under the 401(k) Plan, a participating employee can elect to have from 1% to 90% of his or her compensation (regular bi-weekly paycheck amounts) reduced on a pre-tax basis and contributed to this plan. 401(k) compensation excludes any amounts not included in the regular bi-weekly paychecks, such as mid-year and year-end bonus, profit sharing bonus, severance payments, company provided vehicle value, stock option exercise income, and prize values. We make a matching contribution equal to 100% of the first 3% of an employee's bi-weekly paycheck amount and 50% of the next 2% of an employee's bi-weekly paycheck amount. As of July 1, the Company changed the payment of payroll from the 15th and the last day of the month to bi-weekly. This change caused the base salary listed to be slightly different than required in the employment contracts of the CEO and CFO as payments are made one week in arrears.

These bonuses are calculated as a percentage of base salary and are determined by the board. The CEO and CFO do not participate in the payment of these bonuses.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**Policies and Procedures for Approving Related Party Transactions**

We conduct an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and all such transactions must be reviewed by the Nomination and Governance Committee and ultimately reviewed and approved by the Company's board of

directors. As required under its charter, the

Table of Contents

Nomination and Governance Committee is responsible for reviewing each director's independence (according to NASDAQ and SEC standards) and for making recommendations to the full board based on its findings. The Nomination and Governance Committee has determined that each of the directors, other than Ms. Kim is independent in accordance with such standards. The Nomination and Governance Committee charter can be found on our website at www.narabank.com.

Our Code of Ethics and Business Conduct for employees requires employees who may have a potential or apparent conflict of interest to notify their supervisor or the Ethics Officer. Our Directors Code of Ethics and Business Conduct requires directors to notify the chair of the Nomination and Governance Committee.

A potential conflict is considered to exist whenever an individual has an outside interest—direct or indirect—which conflicts with the individual's duty to the Company or adversely affects the individual's judgment in the discharge of his or her responsibilities at the Company.

Prior to consideration, our board of directors requires full disclosure of all material facts concerning the relationship and financial interest of the relevant individuals in the transaction. The board then determines whether the terms and conditions of the transaction are more or less favorable to the Company than those offered by unrelated third parties. Once the board determines that the terms and conditions are substantially similar to those offered by unrelated parties, the transaction may be permitted if it is approved by a majority of the independent directors entitled to vote on the matter with the interested director abstaining.

All of the transactions reported below were approved by our board of directors in accordance with these policies and procedures, and we believe that the terms of these transactions were not less favorable to us as those we could have obtained from unrelated third parties. The employee and director Code of Ethics and Business Conduct can be found on our website at www.narabank.com.

To identify related party transactions, each year we require our directors and NEOs to complete director and officer questionnaires identifying any transaction with us or any of our subsidiaries in which the officer or director or their family members have an interest. In addition, director independence is discussed on a regular basis at the Nomination and Governance Committee, and the Bank tracks all deposit and loan accounts on a quarterly basis. Directors and NEOs are expected to notify the Legal Department of any updates to the information supplied in the questionnaire occurring after the date of its completion.

There are no existing or proposed material transactions between the Company or Nara Bank and any of our officers, directors, nominees or principal stockholders or the immediate family or associates of the foregoing persons, except as indicated below.

Transactions Considered

Some of the directors and officers of the Company and/or the Bank and the immediate families and the business organizations with which they are associated, are customers of, and have had banking transactions with, Nara Bank in the ordinary course of our business and we expect to have banking transactions with such persons in the future. All loans made to such persons have been made on substantially the same terms, including interest rate and collateral, as those prevailing for comparable contemporaneous transactions with other persons of similar creditworthiness and do not involve more than a normal risk of collectibility or present other unfavorable features.

On March 13, 2006, Nara Bank agreed to retain Carpenter & Company to provide strategic consulting services to the Bank. Mr. Howard N. Gould, a director of the Company and Nara Bank, is the vice chairman of Carpenter & Company. The retainer was for a period of eighteen months and required a payment of \$20,000 per quarter for the first two quarters in 2006 and \$15,000 per quarter thereafter, plus reimbursement of reasonable out-of-pocket expenses. The Company also provided customary indemnification to Carpenter & Company. The Company did not renew its Agreement with Carpenter & Company when it expired on November 30, 2007. The Company may use Carpenter & Company services in the future on an as needed basis.

PROPOSAL NO. 1

ELECTION OF DIRECTORS OF NARA BANCORP, INC.

Our Certificate of Incorporation and Bylaws provide that the number of directors may be no less than five and no more than twenty-five, with the exact number to be fixed by resolution of the board of directors or stockholders. Currently, the board of directors has eight members.

The board of directors has unanimously nominated the following eight individuals to serve as the Company's directors until the next annual meeting of stockholders and until their successors are elected and qualified:

Howard N. Gould

Min J. Kim

Jesun Paik

Hyon Man Park (John H. Park)

Ki Suh Park

Terry Schwakopf

James P. Staes

Scott Yoon-suk Whang

The proxy holders will vote all proxies for the election of the eight nominees listed above unless authority to vote for the election of any of the directors is withheld. The eight nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Abstentions and votes cast against nominees will have no effect on the election of directors. If any of the nominees should become unable to act as a director, the proxies voted for them may be voted for a substitute nominee to be designated by the board of directors. Each nominee has agreed to serve if elected and the board of directors has no reason to believe that any nominee will become unavailable.

Each of the nominees listed above, except for Ms. Schwakopf and Mr. Whang, is currently a director of the Company who was previously elected by the stockholders. Ms. Schwakopf and Mr. Whang were appointed to the board of directors on October 26, 2007. It is the Company's policy to encourage its directors and the nominees for directors to attend the annual meeting. All of the nominees, except the directors appointed in 2007, Ms. Schwakopf and Mr. Whang, attended our 2007 annual meeting of stockholders.

Mr. Chong-Moon Lee has been a member of the Company Board since 2003. In consultation with the Nomination and Governance Committee, Mr. Lee has decided not to stand for reelection in 2008, due to his confidence in the strength of management and the board of directors, and to give his full attention to humanitarian, philanthropic and artistic matters. The Board greatly appreciates the service of Mr. Lee as a Board member and Chairman of the Company Board. After his term as a Board member is concluded he will act as Chairman Emeritus of the Company.

As required under the NASDAQ Stock Market (NASDAQ) listing standards, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board of directors. The board of directors consults with the Company's counsel to ensure that the board of directors' determinations is consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the NASDAQ, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and Crowe Chizek, the board of directors affirmatively has determined that all of our directors are independent directors within the meaning of the applicable NASDAQ listing standards.

Table of Contents

The next table provides certain information as of April 1, 2008, with respect to all of our current directors and those persons nominated by the board of directors for election as directors. The Company knows of no arrangements, including any pledge by any person of the Company's securities, the operation of which may, at a subsequent date, result in a change in control of the Company. There are no arrangements or understandings by which any of the directors or nominees for director of the Company were selected. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR ALL EIGHT NOMINEES FOR DIRECTOR.

Table of Contents**PROPOSAL NO. 2****RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the board of directors has selected Crowe Chizek and Company LLP (Crowe Chizek) as our independent registered public accounting firm for the year ending December 31, 2008 and has further directed that the selection of Crowe Chizek be submitted for ratification by the stockholders at the annual meeting. Crowe Chizek became our independent registered public accounting firm on September 17, 2004. The Company anticipates that a representative of Crowe Chizek will be present at the annual meeting and will be available to respond to your appropriate questions and make such statements as the representative may desire.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Crowe Chizek as the Company's independent registered public accounting firm. However, we are submitting the selection of Crowe Chizek to the stockholders for ratification to obtain our stockholders' views. If the stockholders fail to ratify the selection of Crowe Chizek, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the board of directors in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee of the board of directors determines that such a change would be in our best interests and the best interests of our stockholders.

The affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Crowe Chizek. Abstentions will be counted toward the tabulation of votes cast on proposals presented to stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for determining whether this matter has been approved.

Audit Fees. The audit fees include only fees that are customary under generally accepted auditing standards and are the aggregate fees that we incurred for professional services rendered for the audit of our annual financial statements for fiscal years 2007 and 2006. Crowe Chizek's audit fees include the fees for the audit of the 2007 and 2006 consolidated financial statements and internal control over financial reporting and review of our quarterly consolidated financial statements included in our quarterly Form 10-Q filings for 2007 and 2006.

Tax Fees	\$ 95,619	\$ 160,465
All Other Fees	\$ 35,047	\$ 9,708

Audit Related Fees. Crowe Chizek's audit related fees for 2007 were for consultations regarding derivatives, potential purchase of charters, potential early adoption of FASB Statement 159, providing consent to a registration statement filed on Form S-8, and responding to an SEC comment letter. Crowe Chizek's audit related fees for 2006 were for consultation regarding implementation of Section 404 of the Sarbanes-Oxley Act.

other fees for 2006 included fees for consultation regarding the implementation of Section 302 of the Sarbanes-Oxley Act, providing data base management software to facilitate communications related to the external audit, consultation on accounting matters and assistance provided for our regulatory examinations. The Audit Committee considered whether the provision of non-audit services is compatible with maintaining the independence of Crowe Chizek. The Audit Committee has determined that the rendering of the services other than audit services by Crowe Chizek is compatible with maintaining the principal accountant's independence.

Pre-Approval Policies and Procedures.

The Audit Committee has adopted a policy and procedures for the approval in advance of audit and non-audit services rendered by our independent auditor. The policy requires advance approval of all services before the independent auditor is engaged to provide such services. The advance approval of services may be delegated to the Chair of the Audit Committee who has authority to approve up to \$25,000, to be ratified at the next scheduled Audit Committee meeting. A copy of the Company's policy regarding the approval of audit and non-audit services provided by the independent auditor is attached as *Appendix A*.

ANNUAL REPORT ON FORM 10-K

The Company's Annual Report for 2007 is included in the mailing with this proxy statement and a copy of our annual report for the year ended December 31, 2007 on Form 10-K as filed with the SEC pursuant to the Securities Exchange Act of 1934, without all the exhibits as filed. If you would also like a copy of the exhibits, please write to: Nara Bancorp, Inc., ATTN: Legal Department, 3731 Wilshire Boulevard, Suite 1000, Los Angeles, CA 90010 or telephone Ms. Helen Kim at (213) 235-3000. You will be required to pay the expenses for copying and mailing of the exhibits. The SEC maintains a website, <http://www.sec.gov>, which contains information we file with them, including the Form 10-K and the exhibits.

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those share/stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Nara Bancorp, Inc., stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker and direct your written request to Nara Bancorp, Inc., Attention: Legal Department, 3731 Wilshire Blvd., Suite 1000, Los Angeles, CA 90010 or telephone Ms. Helen Kim at (213) 235-3000. We will undertake to furnish any stockholder so requesting a separate copy of these proxy materials. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

APPENDIX A

NARA BANCORP, INC.

POLICY REGARDING THE APPROVAL OF AUDIT AND NON-AUDIT SERVICES

PROVIDED BY THE INDEPENDENT AUDITOR

Purpose and Applicability

The Audit Committee of the board of directors of Nara Bancorp, Inc. (the Company) is responsible for the appointment, compensation, retention and oversight of the work of the independent auditor of the Company. As part of this responsibility, the Audit Committee is required to approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence from the Company. The Sarbanes-Oxley Act of 2002 (the Act) and the rules and regulations adopted by the Securities and Exchange Commission (SEC) thereunder contain detailed requirements specifying the types of non-audit services that an independent auditor may not provide to its audit client and the Audit Committee's administration of the engagement of the independent auditor. Accordingly, the Audit Committee has adopted this Policy Regarding the Approval of Audit and Non-audit Services Provided by the Independent Auditor (the Policy).

Policy Statement

It is the policy of the Company that all services provided by the Company's independent auditor, both audit and non-audit in nature must be approved in advance by the Audit Committee. Although the Act permits *de minimis* exceptions and allows for the pre-approval of certain categories of audit and non-audit services, our policy is that all services provided by the independent auditor, both audit and non-audit in nature, must be specifically approved in advance by the Audit Committee. The Audit Committee may delegate to the Chair of the Audit Committee, who is independent as defined under applicable NASDAQ rules, the authority to grant approval of permitted services to be provided by the independent auditor up to \$25,000. The decision of the Chair to approve a permitted service shall be reported to the Audit Committee at each of its regularly scheduled meetings.

All fees paid to the Company's independent auditor will be disclosed in the Company's annual proxy statement in accordance with applicable SEC rules. Subject to SEC rules, the annual proxy statement should include disclosure of the amount of Audit Related Fees and other fees required to be disclosed by the rules.

Prohibited Services Under no circumstances may the Company engage the independent auditors to provide the non-audit services described below to the Company:

1. Bookkeeping or Other Services Related to the Company's Accounting Records or Financial Statements. The independent auditor cannot maintain or prepare the Company's accounting records or prepare the Company's financial statements that are either filed with the SEC or form the basis of financial statements filed with the SEC.
2. Appraisal or Valuation Services or Fairness Opinions. The independent auditor cannot provide appraisal or valuation services when it is reasonably likely that the results of any valuation or appraisal would be material to the Company's financial statements, or where the independent auditor would audit the results.
3. Actuarial Services. The independent auditor cannot provide insurance actuarial-oriented advisory services unless the Company uses its own actuaries or third party actuaries to provide management with the primary actuarial capabilities, and management accepts responsibility for the actuarial methods and assumptions.
