Table of Contents

Each director nominee is a current director and attended at least 75% of the aggregate of all meetings of the Board of Directors and each committee on which he or she was a member during fiscal 2011.

Ratification of KPMG (Proposal 2)

See Audit Committee Matters beginning on page 53 for more information.

We ask that our stockholders ratify the selection of KPMG LLP as our independent auditor for fiscal 2012. KPMG's aggregate fees were \$3.6 million for services provided in fiscal 2011 and \$2.7 million for services provided in fiscal 2010. The increase in aggregate fees was primarily due to Primerica's compliance with Section 404 of the Sarbanes-Oxley Act of 2002 regarding internal control over financial reporting, additional statutory audit requirements, fees associated with Primerica's secondary offerings, as well as the timing of actual billings.

Executive Compensation Matters

See Executive Compensation beginning on page 24 for more information.

The Compensation Committee of the Board of Directors structured our executive compensation program to pay for performance and, over the long term, to provide compensation to our executive officers that is market competitive. Executive compensation for fiscal 2011 followed the arrangements established by the Compensation Committee during the year ended December 31, 2010.

The Compensation Committee structured our 2011 executive compensation program so that a meaningful percentage of compensation is tied to the achievement of challenging levels of Company performance and individual objectives. In addition to cash incentives being determined based on Company and individual performance objectives, the size of annual equity grants is also determined based on these performance results. Accordingly, we view both cash and equity awards as performance-based elements of our compensation program, even though the equity awards that are granted have time-based vesting. Each named executive officer has a maximum permissible payout that is equal to a designated percentage of operating income before income taxes. The Compensation Committee then exercises negative discretion to determine the actual award based on certain performance objectives established at the beginning of the year.

Incentive compensation for fiscal 2011 performance reflects Primerica's financial and distribution results. Fiscal 2011 was Primerica's first complete year as an independent public company following our April 2010 initial public offering. Operating results were strong. Sales force numbers were mixed, with licensing down but recruiting up compared to fiscal 2010. Our fiscal 2011 performance was highlighted by the following achievements:

Operating revenues were \$1,087.9 million in fiscal 2011, up 12.9% compared with \$963.5 million in fiscal 2010. Net operating income was \$177.1 million in fiscal 2011, up 9.7% compared with \$161.5 million in fiscal 2010.

The size of our life-licensed sales force decreased 3.9% to 91,176 at December 31, 2011 compared with 94,850 at December 31, 2010. Recruiting was up 5.8% in fiscal 2011 compared with fiscal 2010.

Table of Contents

Approximately 40,000 people joined us in June 2011 at the Georgia Dome for our first convention since 2007, where we introduced new products as well as technological advances to our sales tools.

Based on the Company's fiscal 2011 results described above, the Compensation Committee approved a corporate performance payout equal to 99.5% of the target bonus amount. The Compensation Committee balanced strong performance against individual objectives with weaker performance against the corporate sales force growth objective and determined to pay each named executive officer 100% of the individual portion of his or her target bonus amount.

INFORMATION ABOUT THE ANNUAL MEETING

Primerica, Inc. (Primerica or the Company) is furnishing this Proxy Statement in connection with the solicitation by its Board of Directors (the Board or the Board of Directors) of proxies for the Company's 2012 Annual Meeting of Stockholders and any adjournments or postponements of the meeting (the Annual Meeting) for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held on Wednesday, May 16, 2012 at 10:00 a.m., local time, at the Primerica TV Studio on the campus of Primerica's home office, 3100 Breckinridge Boulevard, Suite 300, Duluth, Georgia 30099.

We anticipate that a Notice of Internet Availability of Proxy Materials containing instructions on how to access the Proxy Statement and the annual report and how to vote over the Internet or how to request and return a proxy card by mail will first be mailed to our stockholders on or before March 30, 2012.

What is the purpose of this Proxy Statement?

This Proxy Statement provides information regarding matters to be voted on at the Annual Meeting. Additionally, it contains certain information that the Securities and Exchange Commission (the SEC) requires the Company to provide annually to its stockholders. The Proxy Statement is also used by the Board of Directors to solicit proxies to be used at the Annual Meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on the matters to be presented at the Annual Meeting, even if they cannot attend the meeting in person. The Board has designated a Proxy Committee, which will vote the shares represented by proxies at the Annual Meeting in the manner indicated by the proxies. The members of the Proxy Committee are John A. Addison, Jr. and D. Richard Williams, our Co-Chief Executive Officers, and Peter W. Schneider, our Executive Vice President and General Counsel.

Why will I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

We are permitted by SEC rules to furnish our proxy materials over the Internet to our stockholders by delivering a Notice of Internet Availability of Proxy Materials in the mail. We believe that this e-proxy process expedites your receipt of proxy materials, while also lowering the costs and reducing the environmental impact of the Annual Meeting. Unless requested, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice of Internet Availability of Proxy Materials instructs you on how to access and review the Proxy Statement and the annual report over the Internet at www.proxyvote.com. The Notice of Internet Availability of Proxy Materials also instructs you how you may submit your proxy over the Internet, or how you can request a full set of proxy materials. If you receive a Notice of Internet Availability of Proxy Materials in the mail and would like to receive a printed copy of the proxy materials, you should follow the instructions for requesting these materials provided in the Notice of Internet Availability of Proxy Materials.

Who is entitled to vote on the matters discussed in the Proxy Statement?

You are entitled to vote if you were a stockholder of record of the Company's common stock as of the close of business on March 19, 2012 (the record date). Your shares can be voted at the Annual Meeting only if you are present in person or represented by a valid proxy.

What constitutes a quorum for the Annual Meeting?

The holders of a majority of the outstanding shares of the Company's common stock as of

Table of Contents

the close of business on the record date must be present, either in person or represented by valid proxy, to constitute a quorum necessary to conduct the Annual Meeting. On the record date, 65,302,416 shares of the Company's common stock were issued and outstanding. Shares represented by valid proxies received but marked as abstentions or as withholding voting authority for any or all director nominees, and shares represented by valid proxies received but reflecting broker non-votes, will be counted as present at the Annual Meeting for purposes of establishing a quorum.

How many votes am I entitled to for each share of the Company's common stock I hold?

Each share of the Company's common stock represented at the Annual Meeting is entitled to one vote.

What proposals will require my vote?

You are being asked to vote on the following proposals:

the election of the three director nominees named in this Proxy Statement (Proposal 1); and

the ratification of the appointment of KPMG LLP (KPMG) as the Company's independent registered public accounting firm for the year ending December 31, 2012 (fiscal 2012) (Proposal 2).

What vote is required to approve each proposal, and how will my vote be counted?

Proposal 1: Election of Directors

The three director nominees who receive the highest number of properly executed votes will be elected as directors for the ensuing three years.

Proposal 2: Ratification of the Appointment of KPMG

This proposal requires approval by the holders of a majority of the shares present in person or represented by valid proxy and entitled to vote at the Annual Meeting. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the vote.

How does the Board of Directors recommend that I vote?

The Board recommends that you vote:

FOR election of the three director nominees named in this Proxy Statement (Proposal 1); and

FOR ratification of the appointment of KPMG as the Company's independent registered public accounting firm for fiscal 2012 (Proposal 2).

How do I vote?

If you are a registered stockholder, meaning that your shares are registered in your name and are not held through a broker, then you have four voting options. You may vote:

Edgar Filing: Primerica, Inc. - Form DEF 14A

over the Internet at the web address noted in the Notice of Internet Availability of Proxy Materials, proxy materials e-mail or proxy card that you received (we encourage you to vote in this manner);

by telephone through the number noted on the proxy card that you received (if you received a proxy card);

by signing and dating your proxy card (if you received a proxy card) and mailing it in the prepaid and addressed envelope enclosed therewith; or

by attending the Annual Meeting and voting in person.

We encourage you to vote your shares as soon as possible by proxy even if you plan to attend the Annual Meeting.

If you are a beneficial holder (meaning that your shares are held through a broker), then please refer to the instructions provided by your broker, bank or other nominee regarding how to vote.

2 Freedom Lives Here

Table of Contents

What is the difference between a registered stockholder and a beneficial holder of shares?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are considered a registered stockholder with respect to those shares. Registered stockholders and holders of shares of stock held in the Primerica, Inc. Stock Purchase Plan (the Stock Purchase Plan) will receive a Notice of Internet Availability of Proxy Materials containing instructions on how to access this Proxy Statement and the annual report and how to vote over the Internet, how to request and return a proxy card by mail and how to vote by telephone.

If your shares are held in street name through a broker, bank or other nominee, then you are considered the beneficial holder of the shares held for you. Beneficial holders of shares should refer to the instructions provided by their broker, bank or other nominee regarding how to vote or to revoke voting instructions. The availability of Internet and telephone voting depends on the voting processes of the broker, bank or other nominee. As the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Beneficial holders may vote in person only if they have a legal proxy to vote their shares as described below.

I am a beneficial holder. How are my shares voted if I do not return voting instructions?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Under the rules of the New York Stock Exchange (the NYSE), brokerage firms have the authority to vote shares on certain routine matters for which their customers do not provide voting instructions by the tenth day before the Annual Meeting. The ratification of the appointment of KPMG as the Company's independent registered public accounting firm for fiscal 2012 is considered a routine matter.

The election of directors is not considered a routine matter. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial holder of the shares with respect to that proposal, the brokerage firm CANNOT vote the shares on that proposal. This is called a broker non-vote. In tabulating the voting result for any particular proposal, shares that are subject to broker non-votes with respect to that proposal will not be considered votes either for or against the proposal. It is very important that you provide voting instructions to your brokerage firm if you want your shares to be voted at the Annual Meeting on a non-routine matter.

Can I change my mind after I vote?

If you vote by proxy, you can revoke that proxy at any time before it is voted at the Annual Meeting. You can do this in one of the following three ways:

vote again using the Internet or by telephone prior to the Annual Meeting; or

sign another proxy card with a later date and return it to us prior to the Annual Meeting; or

attend the Annual Meeting in person and vote in person.

How will a proposal or other matter that was not included in the Proxy Statement be handled for voting purposes if it is raised at the Annual Meeting?

If any matter that is not described in this Proxy Statement should properly come before the Annual Meeting, then the Proxy Committee will vote the shares represented by valid proxy cards in accordance with its best judgment. Notwithstanding the foregoing, shares represented by valid proxy cards that are marked to deny discretionary authority to the Proxy Committee on other matters considered at the Annual Meeting will not be voted on those other matters and will not be counted in determining the number of votes cast with

Table of Contents

respect to those other matters. At the time this Proxy Statement was printed, management was unaware of any other matters that might be presented for stockholder action at the Annual Meeting.

Who will tabulate and certify the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the vote, and Ms. Deborah Baker, a representative of Carl T. Hagberg and Associates, will act as the independent inspector of elections for the Annual Meeting and will certify the final vote.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials, proxy materials e-mail or proxy card?

This means that you have multiple accounts holding shares of the Company's common stock with brokers and/or our transfer agent. You will need to vote separately with respect to each Notice of Internet Availability of Proxy Materials, proxy materials e-mail or proxy card that you receive. Please vote all of the shares you are entitled to vote.

Does the Company participate in householding?

A single set of proxy materials, along with individual proxy cards, or individual Notices of Internet Availability of Proxy Materials will be delivered in one envelope to multiple stockholders of record having the same last name and address, unless contrary instructions have been received from an affected stockholder. This is referred to as householding. We believe this procedure provides greater convenience to our stockholders and saves money by reducing our printing and mailing costs and fees. If you would like to enroll in this service or receive individual copies of all documents, please contact Broadridge by calling toll-free at 1-800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Alternatively, if you participate in householding and would like to revoke your consent and receive separate copies of our proxy materials, please contact Broadridge as described above.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

How do I vote the shares that I purchased through the Stock Purchase Plan?

If you are a registered stockholder and you own shares of the Company's common stock through the Stock Purchase Plan, and the accounts are registered in the same name, then you will receive one Notice of Internet Availability of Proxy Materials representing your combined shares. If your accounts are registered in different names, then you will receive separate Notices of Internet Availability of Proxy Materials. If you own shares only through the Stock Purchase Plan, then you will receive a Notice of Internet Availability of Proxy Materials representing those shares. If you hold shares through the Stock Purchase Plan, then your vote must be received by 11:59 p.m. Eastern daylight time on May 15, 2012, unless you vote in person at the Annual Meeting.

What happens if I abstain from voting?

Abstentions with respect to a proposal are counted for purposes of establishing a quorum. If a quorum is present, then abstentions will have no impact on the outcome of the vote.

What do I need to do if I want to attend the Annual Meeting?

You do not need to make a reservation to attend the Annual Meeting. However, attendance at the Annual Meeting is limited to Primerica stockholders, members of their immediate families or their named

Table of Contents

representatives. The Company reserves the right to limit the number of named representatives who may attend the Annual Meeting.

How can I listen to the live webcast of the Annual Meeting?

You may listen to a live webcast of the Annual Meeting at www.investors.primerica.com. The webcast will allow you to listen to the Annual Meeting, but stockholders accessing the Annual Meeting through the webcast will not be considered present at the Annual Meeting and will not be able to vote their shares through the webcast or ask questions. If you plan to listen to the live webcast, then please submit your vote prior to the Annual Meeting using one of the methods described under "How do I vote?" above. An archived copy of the webcast will be available at www.investors.primerica.com until at least June 15, 2012. Registration to listen to the webcast will be required. We have included our website address for reference only. The information contained on our website is not incorporated by reference into this Proxy Statement.

Who is soliciting proxies?

The Board is soliciting your proxy. The expense of preparing and, when required, printing and mailing this Proxy Statement and the proxies solicited hereby will be paid by the Company. Solicitation will be made primarily by distribution via the Internet pursuant to SEC rules, but will also be sent via mail when requested by a stockholder. In addition to soliciting stockholders via the Internet and mail, the Company will request banks, brokers, and other custodians, nominees, and fiduciaries to forward solicitation materials or send a Notice of Internet Availability of Proxy Materials to the beneficial owners of the Company's common stock held of record by such persons, and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in doing so. The Company may use the services of its officers and other Company employees, who will receive no compensation for their services, other than their regular compensation, to solicit proxies personally, by telephone, by e-mail or by facsimile transmission.

IN ORDER THAT YOUR SHARES OF THE COMPANY'S COMMON STOCK MAY BE REPRESENTED AT THE ANNUAL MEETING IN CASE YOU ARE NOT PERSONALLY PRESENT, YOU ARE REQUESTED TO FOLLOW THE INSTRUCTIONS PROVIDED IN THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on May 16, 2012.

Our Proxy Statement and the 2011 Annual Report to Stockholders are available free of charge at www.proxyvote.com and at www.investors.primerica.com

Table of Contents**MATTERS TO BE VOTED ON****Proposal 1:****ELECTION OF DIRECTORS**

Our Board of Directors has nine members. We divide our Board of Directors into three classes, with each class currently consisting of three members. We elect one class of directors to serve a three-year term at each Annual Meeting of Stockholders. At this year's Annual Meeting, we will elect three directors to hold office until the 2015 Annual Meeting of Stockholders. For additional information about the director nominees and their qualifications, see Board of Directors Members of Our Board Nominees for Director. Each director will be elected by a plurality of the votes cast.

The Board recommends a vote FOR the election to the Board of each of the following director nominees:

Name	Age	Occupation
D. Richard Williams	55	Co-Chief Executive Officer, Primerica
Barbara A. Yastine	52	Chief Administrative Officer, Ally Financial, Inc.
Daniel A. Zilberman	38	Partner, Warburg Pincus & Co.; Managing Director, Warburg Pincus LLC

Proposal 2:**RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board (the Audit Committee) has authority to retain and terminate the Company's independent registered public accounting firm. The Audit Committee has appointed KPMG as the independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for fiscal 2012. Although stockholder ratification of the appointment of KPMG is not required, the Board of Directors believes that submitting the appointment to the stockholders for ratification is a matter of good corporate governance. For a description of the fees paid to KPMG, see Audit Committee Matters Fees and Services of the Independent Registered Public Accounting Firm Fees Paid to the Independent Registered Public Accounting Firm.

One or more representatives of KPMG are expected to be present at the Annual Meeting. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

To ratify the appointment of KPMG as the Company's independent registered public accounting firm for fiscal 2012, the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting must vote in favor of ratification. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote. Unless otherwise instructed, the Proxy Committee will vote proxies held by them FOR the ratification of the appointment of KPMG.

The Board recommends a vote FOR the ratification of the appointment of KPMG.

Table of Contents

CORPORATE GOVERNANCE

The Board has adopted Corporate Governance Guidelines that are posted on the corporate governance page of the Company's investor relations website at www.investors.primerica.com and are available in print to stockholders who request a copy. The Corporate Governance Guidelines set forth the practices that the Board follows with respect to matters such as director responsibilities, compensation, and access to management. In addition, the Corporate Governance Guidelines address the use of outside advisors, management succession and the annual self-assessment of the Board.

Board Structure

The Board currently consists of nine directors. The Company's Certificate of Incorporation gives the Board the right to set the number of directors at no less than three members and no more than 15 members.

The Company's governance documents provide the Board with flexibility to select the appropriate leadership structure for the Company. The Board does not have a policy as to whether the roles of Chairman of the Board and Co-Chief Executive Officer should be separate or whether the Chairman of the Board should be a management or a non-management director. The Nominating and Corporate Governance Committee of the Board (the Nominating Committee) may, from time to time, make recommendations to the Board regarding the leadership structure of the Board, including the position of Chairman of the Board.

The Company's leadership structure has a combined Chairman of the Board and Co-Chief Executive Officer. Under the Company's Bylaws, the Chairman of the Board presides over meetings of the Board and meetings of the stockholders, while the Co-Chief Executive Officers have general and active management of the business affairs and property of the Company, subject to the supervision and oversight of the Board. Mr. Williams has served as Chairman of the Board and Co-Chief Executive Officer since October 2009.

In March 2011, the Nominating Committee recommended, and the Board appointed, Mr. Martin to serve as the Lead Director of the Board (the Lead Director). As the primary interface between management and the Board, the Lead Director provides a valuable counterweight to the combined Chairman and Co-Chief Executive Officer role and serves as a key contact for the independent directors, thereby enhancing the Board's independence from management. The Lead Director's responsibilities include:

consulting with the Chairman of the Board regarding the agenda for meetings of the Board;

scheduling and preparing agendas for meetings of independent directors;

presiding over meetings of independent directors and executive sessions of meetings of the Board from which employee directors are excluded;

acting as principal liaison between independent directors and the Chairman of the Board on sensitive issues; and

raising issues with management on behalf of the independent directors when appropriate.

The Board has adopted a number of corporate governance-related measures to provide what it views as an appropriate balance between the respective needs for dependable strategic leadership by Mr. Williams as the Chairman of the Board and Co-Chief Executive Officer and the oversight and objectivity of independent directors. For example, only two of our directors are members of management and all of the Board's committees—the Audit Committee, the Compensation Committee (the Compensation Committee), and the Nominating Committee—consist entirely of independent directors. All directors play an active role in overseeing the Company's business both at the Board and the committee levels. In addition, directors have full and free access to members of management and the authority to retain independent financial, legal

Table of Contents

or other advisors as they deem necessary without consulting, or obtaining the approval of, any member of management. Also, the Board holds separate executive sessions of its non-management directors and its independent directors at least annually. In 2011, the Lead Director presided over these sessions. Only one director (Mr. Mason) other than our Co-Chief Executive Officers is classified as non-independent by the rules of the NYSE.

The Board believes that having a single leader serving as Chairman of the Board and Co-Chief Executive Officer, together with an experienced and engaged Lead Director, is the most appropriate leadership strategy for the Company at this time and is in the best interests of our stockholders because it provides decisive and effective leadership. Further, the Company's independent directors were all elected to the Board in connection with or following completion of the Company's initial public offering in April 2010 (the "IPO") and, therefore, have a much more limited history with the Company than our Co-Chief Executive Officers. The Board also believes that this leadership structure, when combined with the Company's other governance policies and procedures, provides appropriate opportunities for oversight, discussion and evaluation of decisions and direction of the Board.

Independence of Directors

Mr. Addison, Chairman of Primerica Distribution and Co-Chief Executive Officer, and Mr. Williams, Chairman of the Board and Co-Chief Executive Officer, are not independent because they are members of management and employees of the Company.

Until April 7, 2010, the Company was a wholly owned subsidiary of Citigroup Inc. ("Citi"). Because of his affiliation as an officer of Citi, Mr. Mason will not be considered independent under the rules applicable to companies listed on the NYSE until April 2013.

The Board annually assesses the outside affiliations of each director to determine if any of these affiliations could cause a potential conflict of interest or could interfere with the independence of the director. Based on information furnished by all directors regarding their relationships with Primerica and its subsidiaries and research conducted by management and discussed with the Board with respect to outside affiliations, the Board has determined that none of the directors that served on the Board during fiscal 2011 has or had a material relationship with Primerica other than through his or her role as director, and, except as set forth above, each is independent because he or she satisfies:

the categorical standards set forth below;

the independence standards set forth in Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and

the criteria for independence set forth in Section 303A.02(b) of the NYSE Listed Company Manual.

A determination of independence under these standards does not mean that a director is disinterested under Section 144 of the Delaware General Corporation Law. Each director, relevant committee and the full Board may also consider whether any director is disinterested in any transaction brought before the Board or any of its committees for consideration.

Categorical Standards of Independence

The Company has established categorical standards of independence for the Board, which are outlined in the Corporate Governance Guidelines that are posted on the corporate governance page of the Company's investor relations website at www.investors.primerica.com. To be considered independent for purposes of the director qualification standards, (A) the director must meet bright-line independence standards under the NYSE Listed Company Manual and (B) the Board must affirmatively determine that the director otherwise has no material relationship with the Company, directly or as an officer, shareowner or partner of an organization that has a relationship with the Company.

To assist it in determining each director's independence in accordance with the NYSE's

Table of Contents

rules, the Board has established guidelines, which provide that a director will be deemed independent unless:

- (i) (A) the director is an employee, or an immediate family member of the director is an executive officer, of the Company or any of its affiliates, or (B) the director was an employee, or the director's immediate family member was an executive officer, of the Company or any of its affiliates during the immediately preceding three years;
- (ii) (A) the director presently receives during any consecutive 12-month period more than \$120,000 in direct compensation from the Company or any of its affiliates, or an immediate family member of the director presently receives during any consecutive 12-month period more than \$120,000 in direct compensation for services as an executive officer of the Company or any of its affiliates, excluding director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), or (B) the director or the director's immediate family member had received such compensation during any consecutive 12-month period within the immediately preceding three years;
- (iii) (A) the director is a current partner or employee of a firm that is the Company's internal or independent auditor, (B) an immediate family member of the director is a current partner of such a firm, (C) an immediate family member of the director is a current employee of such a firm and personally works on the Company's audit, or (D) the director or an immediate family member of the director was, within the last three years, a partner or employee of such a firm and personally worked on the Company's audit within that time period;
- (iv) (A) an executive officer of the Company serves on the board of directors of a company that, at the same time, employs the director, or an immediate family member of the director, as an executive officer, or (B) Primerica and the company of which the director or his or her immediate family member is an executive officer had such relationship within the immediately preceding three years;
- (v) (A) the director is a current executive officer or employee, or an immediate family member of the director is a current executive officer, of another company that makes payments to or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or two percent (2%) of such other company's consolidated gross revenues, or (B) Primerica and the company of which the director is an executive officer or employee or his or her immediate family member is an executive officer had such relationship within the immediately preceding three years;
- (vi) the director serves as an executive officer, director or trustee, or his or her immediate family member who shares the director's household serves as an executive officer, director or trustee, of a charitable organization, and within the last three years, discretionary charitable contributions by the Company to such organization, in the aggregate in any one year, exceed the greater of \$1 million or two percent (2%) of that organization's total annual charitable receipts;
- (vii) the director has any interest in an investment that the director jointly acquired in conjunction with the Company;
- (viii) the director has, or his or her immediate family member has, a personal services contract with the Company; or

Table of Contents

(ix) the director is affiliated with, or his or her immediate family member is affiliated with, a paid advisor or consultant to the Company.

Independence of Committee Members

As of December 31, 2011, the Audit, Compensation and Nominating Committees were fully independent in accordance with the NYSE Listed Company Manual and the Board's director independence standards described above. No member of the Audit Committee received any compensation from Primerica other than directors' fees, and no member of the Audit Committee was, or is an affiliated person of, Primerica (other than by virtue of his or her directorship). Members of the Audit Committee meet the additional standards of audit committee members of publicly traded companies required by the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act). Members of the Compensation Committee meet the additional standards applicable to outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and qualify as non-employee directors as defined in Rule 16b-3 under the Exchange Act.

Role of Compensation Consultant

The Compensation Committee retained Pearl Meyer & Partners (Pearl Meyer) as its independent consultant for the year ended December 31, 2011 (fiscal 2011) and determined that the Company would not retain Pearl Meyer for any projects in fiscal 2011 without the prior consideration and consent of the Compensation Committee. Pearl Meyer's responsibilities include:

reviewing drafts of meeting agendas, materials, and minutes, as requested;

reviewing the work of any other consultants;

reviewing drafts of major management proposals;

bringing any concerns or issues to the attention of the Compensation Committee Chair;

annually evaluating the competitiveness of executive pay;

annually evaluating the competitiveness of independent director pay;

preparing materials for the Compensation Committee in advance of meetings;

attending at least one Compensation Committee meeting each year;

annually reviewing and commenting on compensation-related proxy disclosures;

periodically reviewing the Compensation Committee Charter;

periodically reviewing executive compensation tally sheets;

teleconferences with the Compensation Committee Chair and management;

being available for additional consultation to the Compensation Committee Chair; and

undertaking special projects at the request of the Compensation Committee Chair.

Director Nomination Process

In discharging its responsibility, the Nominating Committee receives input from the Chairman of the Board, other directors and, if applicable, the Nominating Committee's independent professional search firm. It also considers and evaluates any candidates recommended by stockholders, as described below.

The Board has determined that its members should bring to the Company a broad range of experience, knowledge and judgment. A successful board candidate must be prepared to represent the interests of the Company and all its stockholders, not the interests of particular constituencies. The Nominating Committee and the Board have not established specific minimum age, education, years of business experience or specific types

Edgar Filing: Primerica, Inc. - Form DEF 14A

of skills for potential candidates. The factors considered by the Nominating Committee and the Board in their review of potential candidates include whether:

the candidate has exhibited behavior that indicates he or she is committed to the highest ethical standards;

the candidate has had business, governmental, non-profit or professional experience at the Chairman, Chief Executive Officer, Chief Operating Officer or equivalent policy-making and operational level of a large organization that indicates that the candidate will be able to make a meaningful and immediate contribution to the Board;

the candidate has special skills, expertise and background that would complement the attributes of the existing directors, taking into consideration the diverse communities and geographies in which the Company operates;

the candidate has financial expertise;

the candidate will effectively, consistently and appropriately take into account and balance the legitimate interests and concerns of all of the Company's stockholders and our other stakeholders in reaching decisions, rather than advancing the interests of a particular constituency;

Table of Contents

the candidate possesses a willingness to challenge management while working constructively as part of a team in an environment of collegiality and trust; and

the candidate will be able to devote sufficient time and energy to the performance of his or her duties as a director.

The Nominating Committee carefully reviews all current directors and director candidates in light of these factors based on the context of the current and anticipated composition of the Board, the current and anticipated operating requirements of the Company and the long-term interests of our stockholders. In reviewing a candidate, the Nominating Committee considers the integrity of the candidate and whether the candidate would be independent as defined in the Corporate Governance Guidelines and the NYSE Listed Company Manual. The Nominating Committee expects a high level of involvement from the directors and reviews, if applicable, a candidate's service on other boards to assess whether the candidate has sufficient time to devote to Board duties.

The Nominating Committee decides whether to further evaluate each candidate and may select an independent professional search firm to assist in the discharge of its duties. The evaluation includes a thorough reference check, interaction and interviews, and discussions about the candidate's qualifications, availability and commitment. After discussion of each candidate's qualifications, the Chair of the Nominating Committee interviews each candidate. The Nominating Committee Chair then selects certain candidates to be interviewed by the Chairman of the Board and other members of the Nominating Committee. The Nominating Committee reviews the results of all interviews and makes a recommendation to the full Board with respect to the election of a potential candidate to the Board. The Board expects that all candidates recommended to the Board will have received the approval of all members of the Nominating Committee.

Any stockholder who wishes to have the Nominating Committee consider a candidate for election to the Board is required to give written notice of his or her intention to make such a nomination. For a description of the procedures required to be followed for a stockholder to nominate a director, see Stockholder Information Procedures for Business Matters and Director Nominations for Consideration at the 2013 Annual Meeting of Stockholders Notice Requirements for Nomination of Directors. A proposed nomination that does not comply with these requirements will not be considered by the Nominating Committee. There are no differences in the manner in which the Nominating Committee considers or evaluates director candidates it identifies and director candidates who are recommended by stockholders.

Board's Role in Risk Oversight

The Board is ultimately responsible for establishment of our risk management framework, and responsibility for significant risk management policies resides with the Audit Committee under powers delegated by the Board. The Board believes that having a combined Chairman of the Board and Co-Chief Executive Officer provides a unique perspective on risk oversight. Our most senior executive officers are responsible for collaborating with the Audit Committee to provide oversight with respect to the risk management process, as well as prioritize and validate key risks. Management is then responsible for implementing the Board-approved risk management strategy and developing policies, controls, processes and procedures to identify and manage risks. Management periodically reports to the Audit Committee on the effectiveness of its management of key business risks.

Each Board committee is responsible for monitoring and reporting on the material risks associated with its respective subject matter areas. The Audit Committee is responsible for oversight of our accounting and financial reporting processes, the integrity of our financial statements, and the review, and approval or ratification of, any related party transactions; the Compensation Committee is responsible for the oversight of risks associated with our compensation practices, including

Table of Contents

limiting instances in which compensation could be tied to excessive risk taken by management; and the Nominating Committee is responsible for corporate governance risks, including director independence and succession planning. In terms of overseeing the broader company-wide risk management program, the Audit Committee is responsible for ensuring all risk areas are being monitored by senior management and that all risk management matters are being reported to the Board or appropriate Board committee and being addressed as needed. Additionally, the Board of Directors collectively reviews, and is responsible for, risks associated with our strategic plans. See Executive Compensation Compensation Discussion and Analysis (CD&A) Risks Related to Compensation Policies and Practices.

In fiscal 2011, management discussed the Company's risk profile with the Board, established an internal audit program, conducted an enterprise-wide review of the major risks facing the Company and presented a status update of these actions to the Board. The enterprise-wide assessment included a comprehensive review of the business and related risks; an assessment and ranking of the identified top risks based on their likelihood and the severity of the consequences, including both financial and non-financial impacts; and evaluation of existing controls to manage and mitigate such risks. Following completion of the enterprise-wide assessment, management established a Risk Committee and determined that the Risk Committee would present to the Audit Committee quarterly and to the Board annually.

The Board and the Audit Committee are briefed regularly by our Chief Auditor and General Counsel. The Audit Committee uses the results of its discussions with our Chief Auditor to set the audit schedule for the internal audit group. Our internal audit group identifies, assesses and assists management in addressing and managing risks by using the Integrated Framework by the Committee of Sponsoring Organizations of the Treadway Commission, also known as the COSO framework.

Board Diversity

Diversity is very important to us. We strive to offer an inclusive business environment that offers and benefits from diversity of people, thought, and experience. This also holds true for the Board. Although we have no formal written policy, pursuant to our Corporate Governance Guidelines the Board annually reviews the appropriate skills and characteristics of its members in light of the current composition of the Board, and diversity is one of the factors used in this assessment. In addition, in identifying a director candidate, the Nominating Committee and the Board consider and discuss diversity, among the other factors discussed under Director Nomination Process, with a view toward the role and needs of the Board as a whole. When identifying director nominees, the Nominating Committee and the Board generally view diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint and perspective, professional experience, education, skill and other qualities or attributes that together contribute to the successful functioning of the Board.

Code of Conduct

Our Code of Conduct applies to all employees, directors, and officers of the Company and its subsidiaries. The Code of Conduct is posted on the Corporate Governance page of the Company's investor relations website at www.investors.primerica.com and is available in print free of charge to stockholders who request a copy. The Company also has made available an Ethics Hotline, which permits employees to anonymously report a violation of the Code of Conduct. Any changes to the Code of Conduct will be posted on the Company's website.

Addison and Fendler and Ms. Rand filed one Form 4 late. Audit Committee

The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. Its primary purpose is to assist the Board in fulfilling its responsibility to the Company's stockholders relating to the financial reporting process and systems of internal control. The Audit Committee is also responsible for determining whether the Company's financial systems and reporting practices were established in accordance with applicable requirements. Further, the Audit Committee retains and terminates the Company's independent registered public accounting firm and approves its services and fees.

The Board has determined that all Audit Committee members are financially literate as required by the NYSE Listed Company Manual. The Board has further determined that the Chairman of the Audit Committee qualifies as an audit committee financial expert within the meaning of the rules and regulations of the SEC, and that all of such members are independent as required by the NYSE Listed Company Manual.

Compensation Committee

The Compensation Committee is responsible for overseeing the Company's overall human resources compensation program, including executive compensation, incentive plans,

benefit plans and equity plans. The Compensation Committee approves and oversees the administration of the Company's material benefit plans, policies and programs, including all of the Company's equity plans and incentive plans. The Compensation Committee also reviews and approves principal elements of total compensation for the Company's executive officers and employment agreements for certain of the Company's executive officers. Further, the Compensation Committee is responsible for reviewing and recommending the compensation of non-management directors to the full Board, as well as reviewing and

recommending directors' and officers' indemnification and insurance matters.

The Compensation Committee may delegate certain powers and functions with respect to employee benefit plans to the plan administration committee or to the respective plan administrators, or other appropriate committees or individuals, if such delegation is consistent with the Company's overall compensation policies, provided that the Compensation Committee may not delegate the power to: (A) create, authorize, approve, amend and/or terminate any new or existing incentive compensation or equity-based plan in which members of senior management or directors participate; or (B) terminate, or substantially reduce or freeze benefits or future accruals under, any plan other than welfare benefit plans.

The Compensation Committee discusses, evaluates and reviews the Company's policies and practices of compensating its employees, including non-executive officers, as they relate to risk management practices and risk-taking incentives and takes such action as the Compensation

Nominating and Corporate Governance Committee

The Nominating Committee takes a leadership role in shaping corporate governance policies and practices, including recommending to the Board the Corporate Governance Guidelines applicable to the Company and monitoring the Company's compliance with such policies, practices and guidelines. The Nominating Committee is also responsible for identifying individuals qualified to become Board members, recommending to the Board the director nominees to be considered for election at the next annual meeting of stockholders, and leading the Board in its annual review of the Board's performance. The Nominating Committee's policy with regard to director candidates submitted by stockholders is to consider such submissions in accordance with the procedures described under Corporate Governance Director Nomination Process. Finally, the Nominating Committee is responsible for oversight of executive succession planning.

Director Compensation

The Compensation Committee, which consists solely of independent directors, is responsible for reviewing and considering any revisions to director compensation. The Board reviews the Compensation Committee's recommendations and determines the amount of director compensation annually. Executive officers have no role in determining or recommending director compensation. The Board determined that compensation for independent directors should be a mix of cash and equity-based compensation. Directors who are employees of Primerica or Citi did not receive any fees or additional compensation for services as members of the Board or any committee in 2011. The interests of our independent directors are aligned with the interests of stockholders by linking a portion of their compensation to stock performance.

Annual Retainer

In fiscal 2011, independent directors received an annual retainer of \$120,000, paid 50% in cash and 50% in restricted stock vesting over a three-year period. In addition, for fiscal 2011, the following cash payments were approved:

Lead Director \$25,000;

Chair of the Audit Committee \$25,000;

Chair of the Compensation Committee \$15,000;

Chair of the Nominating Committee \$10,000;

independent directors an annual fee of \$5,000 for service on any committee for which they do not serve as Chair; and

each member of the Audit Committee additional compensation of up to \$10,000 (\$15,000 for the Chair) for work the Audit Committee was requested to undertake in connection with our repurchase in November 2011 of approximately 8.9 million shares of the Company's common stock from Citi at a price of \$22.42 per share (the Repurchase Transaction).

We pay the cash portion of the annual fee in quarterly installments. We do not pay meeting fees.

During a review of non-employee director compensation at peer group companies in late 2011, the Compensation Committee determined that the Company's independent directors are paid aggregate annual fees that are below the median for the peer group. As a result, the Compensation Committee recommended, and the Board approved, an increase in director compensation for fiscal 2012. For fiscal 2012, non-employee directors will receive an annual retainer of \$150,000, paid 50% in cash and 50% in restricted stock vesting over a three-year period. In addition, the Lead Director and the Chair of the Audit Committee each will receive \$25,000, and the Chairs of the Compensation Committee and the Nominating Committee each will receive \$15,000. Independent directors will also receive an annual fee of \$10,000 for service on any committee for which they do not serve as Chair.

Deferred Compensation

The Board adopted the Primerica, Inc. Nonemployee Directors' Deferred Compensation Plan in November 2010, under which independent directors may elect to defer all or a portion of their directors' fees. At the director's option, the Company will convert all or a portion of his or her cash fees otherwise payable during a calendar quarter to deferred stock units equal in number to the maximum number of shares of the Company's common stock, or fraction thereof (to the nearest one hundredth (1/100) of one share), which could be purchased with the dollar amount of such fees at the closing market price of the Company's common stock on the first trading day of the following calendar quarter. These deferred stock units will be fully vested on such date.

At the director's option, the Company credits the deferral account with deferred stock units equal in number to the number of restricted stock awards to which the director was otherwise entitled. Any deferred stock units that are issued upon deferral of restricted stock awards are subject to the same vesting provisions as the restricted stock awards themselves. The Company also credits the deferral account with deferred stock units equal in number to the maximum number of shares of the Company's common stock, or fraction thereof (to the nearest one hundredth (1/100) of one share), which could have been purchased with the cash dividend, if any, which would have been payable had the participant received restricted stock awards to which he or she was otherwise entitled. The deferred stock units credited in lieu of the payment of dividends on restricted stock awards are fully vested on the dividend payment date.

The Company makes deferred payments, at the director's election, within 60 days of termination of Board service or, in the case of an installment election, within 60 days of termination of Board service and up to five anniversaries of such date.

During fiscal 2011, Messrs. Benson and

McCullough participated in the Nonemployee Directors' Deferred Compensation Plan.

Director Stock Ownership Guidelines

Our independent directors are required to own shares valued at three times their annual cash retainer. In August 2011, the Board increased the stock ownership guideline for independent directors from two times the annual cash retainer to comply with best practices. In determining compliance with these guidelines, stock ownership includes shares beneficially owned by the director (or by immediate family members) and unvested restricted stock and deferred stock units. The participants have five years from the date of their election to achieve the targeted level of stock ownership.

Table of Contents***Fiscal 2011 Highlights***

Fiscal 2011 was Primerica's first complete year as an independent public company following our IPO. Operating results were strong. Sales force numbers were mixed with licensing down but recruiting up compared to fiscal 2010. Our fiscal 2011 performance was highlighted by the following achievements:

Operating revenues were \$1,087.9 million in fiscal 2011, up 12.9% compared with \$963.5 million in fiscal 2010. Net operating income was \$177.1 million in fiscal 2011, up 9.7% compared with \$161.5 million in fiscal 2010.

The size of our life-licensed sales force decreased 3.9% to 91,176 at December 31, 2011 compared with 94,850 at December 31, 2010. Recruiting was up 5.8% in fiscal 2011 compared with fiscal 2010.

Approximately 40,000 people joined us in June 2011 at the Georgia Dome for our first convention since 2007, where we introduced new products as well as technological advances to our sales tools.

Pay-for-Performance

The Compensation Committee structured our 2011 executive compensation program so that a meaningful percentage of compensation is tied to the achievement of challenging levels of Company performance and individual objectives. In addition to cash incentives being determined based on Company and individual performance objectives, the size of annual equity grants is also determined based on these performance results. Accordingly, we view both

cash and equity awards as performance-based elements of our compensation program, even though the equity awards that are granted have time-based vesting. Each named executive officer has a maximum permissible payout that is equal to a designated percentage of operating income before income taxes. The Compensation Committee then exercises negative discretion to determine the actual award based on certain performance objectives established at the beginning of the year. The table below sets forth the relative weighting of the corporate and individual performance components for fiscal 2011:

	Corporate Performance	Individual Performance
Co-Chief Executive Officers	75%	25%
Other Named Executive Officers	60%	40%

Corporate performance for fiscal 2011 was measured based on three separate objectives:

Net operating income comprises 50% of the corporate performance factors, reflecting the overall success of our Company, our ability to manage expenses, our business mix and our achievement of pricing objectives. Our fiscal 2011 operating income of \$177.1 million exceeded our target.

Operating revenues comprises 25% of the corporate performance factors, capturing life and securities sales as well as the performance of our insurance book of business and assets under management. Our fiscal 2011 operating revenues of \$1,087.9 million were approximately equal to our target.

Edgar Filing: Primerica, Inc. - Form DEF 14A

The size of our life-licensed sales force comprises 25% of the corporate performance factors, representing recruiting, licensing efficiency, turnover rates and long-term sustainability. Management viewed the corporate objective as aggressive. Our end of year life-licensed sales force of 91,176 was below our target but exceeded the threshold level required to qualify for incentive compensation. Our fiscal 2011 incentive compensation plan was structured to pay 100% of the corporate portion of the executives' target bonus amounts if the weighted average of the Company's results met the target level of performance. The plan can pay up to a maximum payout of 150% if performance significantly exceeds target or a minimum payout of 50% if performance meets a required threshold level. Based on the Company's fiscal 2011 results described above,

Primerica 2011 Proxy Statement 25

Table of Contents

the Compensation Committee approved a corporate performance payout equal to 99.5% of the target bonus amount. The Compensation Committee balanced strong performance against individual objectives with weaker performance against the corporate sales force growth objective and determined to pay each named executive officer 100% of the individual portion of his or her target bonus amount.

To illustrate our pay-for-performance philosophy, the following charts reflect the mix of fixed vs. variable compensation for the Co-Chief Executive Officers and the other named executive officers (as a group) for fiscal 2011.

Questions and Answers Related to Our 2011 Executive Compensation

Compensation Program Objectives

Q: What are the objectives of the Company's compensation program for its named executive officers?

A: Our executive compensation program was designed to achieve the following primary objectives:

linking pay and performance in the near term through the use of cash incentive opportunities based on Company and individual performance;

aligning executive and stockholder interests over the long-term through the use of equity-based incentive awards tied to performance, retention and stockholder value creation (stock price appreciation and dividends);

avoiding pay programs that may encourage excessive or unreasonable risk-taking, misalign the timing of rewards and performance, or otherwise fail to promote the creation of long-term stockholder value; and

providing a competitive compensation opportunity that will allow the Company to attract and retain the very best executive talent.

Q: How did the May 2011 Say-on-Pay vote affect the subsequent decisions of the Compensation Committee?

A: In approving incentive compensation for fiscal 2011 performance and adopting a compensation program for fiscal 2012, the Compensation Committee considered the results of the advisory vote on executive compensation considered at the 2011 Annual Meeting of Stockholders. Because approximately 92.5% of votes cast approved the executive compensation program as described in the Company's proxy statement for the 2011 Annual Meeting of Stockholders, the Compensation Committee did not make significant changes to the executive compensation program. However, in order to further align executive pay and company performance in 2012 and beyond, the Compensation Committee approved changes to the performance measures and relative weightings used to determine both cash and equity awards in 2012 and also changed the equity grant mix for executive officers from 100% restricted stock to 2/3 restricted stock and 1/3 stock options. See Fiscal 2012 Compensation Have there been any other actions with respect to executive compensation since the end of fiscal 2011? .

Q: How did the Company determine the amount for each element of compensation for its named executive officers?

A: As part of its decision-making process, the Compensation Committee reviewed and considered a variety of factors, including prior year compensation practices, contractual obligations, internal pay equity, historical and projected performance, and competitive practice information. See Did the Committee rely on peer group companies in setting compensation for the Company's named executive officers? . Base salaries for fiscal 2011 were specified in the employment agreements executed in August 2010.

In fiscal 2011, both cash and equity awards, which combined represent the majority of the compensation paid to our named executive officers, was variable as it was subject to corporate and individual performance. Fiscal 2011 incentive opportunities included cash and equity awards and were structured in terms of maximum permissible payouts corresponding with a specified percentage of operating income before income taxes.² For fiscal 2011, operating income before income taxes was \$274.1 million. The table below sets forth the fiscal 2011 target cash and equity award incentive payments for our named executive officers, as well as each executive's total target incentive award as a percentage of salary.

D. Richard Williams	\$ 750,000	\$ 1,500,000	\$ 1,250,000	\$ 2,750,000	366.7%

Peter W. Schneider	\$ 450,000	\$ 600,000	\$ 450,000	\$ 1,050,000	233.3%
Glenn J. Williams	\$ 450,000	\$ 410,000	\$ 450,000	\$ 860,000	191.1%

In determining the total incentive award for each named executive officer, the Compensation Committee considered corporate performance, the contribution of each named executive officer to the Company's successes, the achievement of each named executive officer with respect to his or her individual performance objectives, and the overall performance of each named executive officer.

Corporate performance accounted for 75% of the incentive compensation for our Co-Chief Executive Officers and 60% of the incentive compensation for our other named executive officers. Operating income, operating revenue and the size of our life-licensed sales force comprised 50%, 25% and 25%, respectively, of the corporate performance factors. Individual performance accounted for 25% of the incentive compensation for our Co-Chief Executive Officers and 40% of the incentive compensation for our other named executive officers.

² Operating income before income taxes equals the income before income taxes, adjusted to exclude the impact of realized investment gains and losses, the expense associated with our IPO-related equity awards and the income related to ceded premium recoveries which previously had not been recognized due to the uncertain nature of their recovery.

The Compensation Committee has discretion to determine if any portion of the annual cash incentive award in excess of the target award will be paid in restricted stock. Because the named executive officers received awards near target, the Compensation Committee did not award any portion of the cash incentive award in shares of restricted stock.

Q: What were the individual goals of the Company's named executive officers for fiscal 2011?

A: Each named executive officer had individual performance objectives for fiscal 2011 that were approved by the Compensation Committee. These goals focused on the professional development of each named executive officer as well as certain non-financial objectives tied to the needs of the business.

Q: Did the Compensation Committee rely on peer group companies in setting compensation for the Company's named executive officers?

A: The Compensation Committee reviewed peer analyses as part of its process of evaluating and setting compensation for the Company's named executive officers. However, given the Company's unique business model and recent separation from Citi, the Compensation

Committee did not seek to benchmark or set compensation at any specific level relative to the peer data. Instead, the Compensation Committee used this information primarily to

inform compensation plan design decisions and as a general reference point for pay levels.

Table of Contents

In late fiscal 2011, the Compensation Committee requested an independent review and assessment of the Company's executive compensation program to further inform its

decisions regarding compensation arrangements for fiscal 2012. Pearl Meyer, the Compensation Committee's independent compensation consultant, was directed by the Compensation Committee to:

recommend a peer group against which the Compensation Committee could compare the Company's pay levels, program design, and practices;

assess the competitiveness of pay levels and the alignment of variable pay plan design with peer group practices; and

recommend any changes based on both their assessment and the unique facts and circumstances facing the Company.

In selecting peer companies, the Compensation Committee sought companies operating in similar industries (life insurance, financial services and direct marketing), with a similar business model (target customer, independent sales force and profitability) and similar size (revenue and market capitalization). This approach reflects the uniqueness and complexity of Primerica's product and service mix, as opposed to focusing on a more narrow view of Primerica as a traditional life insurance company. Although not all selected peer companies fit all identified criteria, the Compensation Committee approved the following peer group for purposes of the executive compensation assessment:

Name of Peer Company	Fiscal Year	Fiscal Year 2010	Industry
	2010	2010	
	Revenue	Net Income

The peer group analysis was intentionally limited to aggregate named executive officer pay levels for five of the Company's six named executive officers, as opposed to individual executive comparisons, due to the following considerations:

the Company's Co-Chief Executive Officer leadership structure would be difficult to benchmark on a position-by-position basis;

the Company's disclosed named executive officer positions are different from those disclosed by peer companies;

the Company's named executive officers have certain contractual arrangements for a specified period of time following the IPO; and

the purpose of the benchmark exercise was to obtain a high-level assessment of competitive positioning; not to inform decisions regarding individual executive pay opportunity levels.

Based on the peer group assessment, the Compensation Committee's independent consultant concluded that the Company's target pay opportunities were positioned near the peer group median and that the target pay mix between fixed and variable pay was also comparable to our peers. The analysis also compared the Company's cash and equity incentive plan with those of the peer companies, which revealed that the Company's programs were generally consistent with peer companies except for a lower maximum award

opportunity as a percent of target for the cash incentive program (150% compared to 200% for many peers) and the absence of stock options as a form of equity award (which remains prevalent among peers). The Compensation Committee considered these analyses and findings as part of its overall decision-making process regarding fiscal 2012 compensation.

Q: Does Primerica provide for the clawback of the compensation of its named executive officers?

A: The Primerica, Inc. Amended and Restated 2010 Omnibus Incentive Plan (the Omnibus Incentive Plan) provides that the Compensation Committee may require the reimbursement of cash or forfeiture of equity awards if it determines that an award that was granted, vested or paid based on the achievement of performance criteria would have not been granted, vested or paid absent fraud or misconduct, an event giving rise to a restatement of the Company's financial statements or a significant write-off not in the ordinary course affecting the Company's financial statements. The clawback language will be expanded to the extent required by the SEC in a manner consistent with rules expected to be adopted in connection with The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

Q: What other benefits does Primerica provide to its named executive officers?

A: As with other employees, our named executive officers are eligible to participate in our employee health benefit programs, including health and dental insurance plans, and a life insurance program on the same terms as regular employees. In addition, all employees receive dividends on unvested restricted stock, and regular employees are entitled to a Company match of employee contributions to our 401(k) plan.

Q: Are there any differences in compensation policies and programs with respect to individual named executive officers?

A: Our compensation policies are similar for all of our named executive officers except as described below.

Co-Chief Executive Officer Arrangements

employment agreements have a five-year term expiring on August 19, 2015;

base salary is subject to annual review and may be increased but not decreased;

target cash award set at 200% of base salary;

along with their spouses and dependents, entitled to medical benefits for 18 months if their employment is terminated by us for cause or by them without good reason or as a result of nonrenewal of their employment agreements;

along with their spouses and dependents, entitled to lifetime participation in the Company's medical benefits, at their own expense, depending on the circumstances of termination; and

entitled to additional payments in the event they are obligated to pay taxes under Section 280G of the Code in connection with a change of control of the Company that occurs on or before April 1, 2013.

Other Named Executive Officer Arrangements

employment agreements have a three-year term expiring on August 19, 2013;

base salary will be subject to annual review after three years and may be increased or decreased as a result of such review; and

target cash award to be specified annually by the Compensation Committee with input from the Co-Chief Executive Officers.

Equity Grants

Q: Did the Compensation Committee grant equity awards to the Company's named executive officers in fiscal 2011?

A: In February 2011, the Compensation Committee granted equity awards to our named executive officers based on individual and Company performance in fiscal 2010. In February 2012, the Compensation Committee granted equity awards to our named executive officers based on individual and Company performance in fiscal 2011. Based on fiscal 2011 results, the corporate component of both cash incentives and equity awards were earned at 99.5% of target levels.

Q: How does the Compensation Committee determine grant dates for equity awards?

A: The Compensation Committee approves all stock awards to named executive officers. The grant date is the date the awards are approved by the Compensation Committee. We do not coordinate equity grants with the release of material information. Further, the Compensation Committee does not accelerate or delay equity grants in response to material information, nor does the Company delay the release of material information for any reason related to the granting of equity awards.

Fiscal 2012 Compensation

Q: Have there been any other actions with respect to executive compensation since the end of fiscal 2011?

A: Since the end of fiscal 2011, the Compensation Committee has determined the extent to which the Company achieved the fiscal 2011 performance objectives required to earn cash and equity incentive awards. Based in part on the competitive review process completed in fiscal 2011 and in consideration of the Company's performance in fiscal 2011 and outlook for fiscal 2012, the Compensation Committee approved the following actions for fiscal 2012:

No increase in base salary for any named executive officer;

For fiscal 2012, the following four performance objectives will each constitute 25% of the overall corporate incentive:

operating income before income taxes

operating return on average equity

operating revenues

size of life-licensed sales force

The Committee expects to grant the executive officers, including the named executive officers, approximately one-third of the value of their 2013 equity awards in the form of non-qualified stock options.

Post-Termination Compensation

Q: What retirement benefits does Primerica provide to its named executive officers?

A: All regular employees, including our named executive officers, are eligible to participate in our 401(k) plan. The Company matches employee contributions to our 401(k) plan at a rate of 100% on the first 4% of pay and 50%

Table of Contents

on the next 2% of pay. The Company has no deferred compensation plan or defined pension plan.

Q: Does the Company provide any of its named executive officers with post-termination compensation?

A: Yes, the Company has entered into employment agreements with each named executive officer that provides for severance and change of control benefits under specified circumstances. These agreements generally provide for payments and other benefits if the named executive officer's employment terminates for a qualifying event or circumstance, such as being terminated without cause or leaving employment for good reason, as these terms are defined in the respective officer's employment agreement. Upon a change of control (as defined in the agreements) of the Company, each named executive officer may terminate his or her employment for good reason. Additional information regarding the employment agreements is found under the heading "Executive Compensation - Employment Agreements with Named Executive Officers" below, and a quantification of benefits that would have been received by the named executive officers had termination occurred on December 31, 2011 is found under the heading "Executive Compensation - Potential Payments and Other Benefits Upon Termination or Change of Control".

The Compensation Committee believes that these severance and change of control benefits are an important part of a competitive overall compensation arrangement for the named executive officers, are consistent with the objective of attracting, motivating and retaining highly talented executives and are important as a recruitment and retention device. The Compensation Committee also believes that change of control benefits will help to secure the continued employment and dedication of the named executive officers, mitigate concern that they might have regarding their continued employment prior to or following a change of control, and encourage independence and objectivity when considering possible transactions that may be in the best interests of our stockholders but may possibly result in the termination of their employment. Finally, the Compensation Committee believes that post-termination non-disclosure, non-competition and non-solicitation covenants to which the named executive officers have agreed in consideration for the Company providing these severance and change of control benefits are highly beneficial to the Company.

The Compensation Committee believes that the payment of specified multiples of base salary and target bonus and the accelerated vesting of restricted stock awards are consistent with competitive practices for positions at the level of the named executive officers. The potential amount of severance benefits an executive may receive in the event of a change of control did not influence the Compensation Committee's decisions regarding other compensation elements due to the fact that a change of control may never occur during the named executive officer's term of employment.

Stock Ownership Guidelines

Q: Does Primerica have stock ownership guidelines for its named executive officers?

A: Yes, we currently have the following stock ownership guidelines in place for our named executive officers:

Co-Chief Executive Officers	5 times base salary
Other Named Executive Officers	2.5 times base salary

In determining compliance with these guidelines, stock ownership includes shares beneficially owned by the participant (or by immediate family members) and unvested restricted stock. The participants have five years from the later of the date of the IPO or the date of their appointment or election to achieve the targeted level of stock ownership. Until the ownership guidelines are satisfied, the named executive officers are required to hold 75% of the net shares (after satisfying withholding for taxes) of awards from the Company's equity-based incentive compensation program. To monitor compliance with these guidelines, the Compensation

Table of Contents

Committee annually reviews the stock ownership of the named executive officers. As of December 31, 2011, all named executive officers satisfied the stock ownership guidelines and, therefore, were not subject to additional holding periods.

Q: Do any named executive officers have pre-set trading plans?

A: As of December 31, 2011, each of our named executive officers was a party to a Rule 10b5-1 trading plan that provides for the sale by an independent broker-dealer of shares in order to fund taxes due upon the vesting of restricted shares. In addition, Ms. Rand and Messrs. Pitts and Schneider are each a party to a Rule 10b5-1 trading plan that provides for the sale of shares at certain designated prices or on certain designated dates. The purpose of such plans is to enable (i) shares to be sold by the named executive officers to fund taxes due upon the vesting of restricted shares and (ii) named executive officers to recognize the value of their compensation and diversify their holdings of the Company's common stock during periods in which they would otherwise be unable to buy or sell such stock because important information about Primerica had not been publicly released.

Q: Does Primerica permit directors and named executive officers to purchase financial instruments that are designed to hedge or offset any decrease in the market value of the Company's common stock?

A: Primerica's insider trading policy provides that employees, officers and members of the Board and its subsidiaries, and their related persons, are prohibited from purchasing, selling or trading in options, warrants, puts and calls or similar instruments on the Company's common stock or selling the Company's common stock short. In addition, employees, officers and members of the Board, and their related persons, may not hold the Company's securities in margin accounts.

Tax and Accounting Implications

Q: What are the tax implications of the Company's compensation programs for its named executive officers?

A: While reserving our right to offer such compensation arrangements as may from time to time be necessary to attract and retain top-quality management, we intend generally to structure such arrangements, where feasible, to minimize or eliminate the impact of the limitations of Section 162(m) of the Code. Section 162(m) limits the federal income tax deductibility of compensation paid to our Co-Chief Executive Officers and to each of our four other most highly compensated executive officers (excluding our Chief Financial Officer). Under Section 162(m), we may deduct such compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1,000,000 or meets certain other conditions (such as qualification of the compensation as performance-based compensation under Section 162(m)).

In designing our compensation programs, we also take into consideration the impact of Section 409A of the Code. Section 409A imposes additional significant taxes in the event that an executive officer, director or service provider receives deferred compensation that does not satisfy the requirements of Section 409A. Consequently, we structured our employment agreements and our equity awards in a manner intended either to avoid the application of Section 409A or to comply with its requirements.

We also consider Section 280G of the Code and related sections, which provide that our named executive officers could be subject to significant additional taxes if the total amount of payments to such officer that is contingent upon a change of control of Primerica (within the meaning of Section 280G), equals or exceeds three times the executive's base

Table of Contents

amount (generally, the individual's average annual compensation for the five calendar years immediately preceding the change of control). Subject to certain exceptions, the portion of such payments in excess of the base amount may be treated as parachute payments under Section 280G. A portion of such payments would not be deductible by the Company, and the executive would be subject to a 20% excise tax on such portion of the payments. The employment agreements between the Company and our named executive officers attempt to minimize the likelihood of lost deductions and the imposition of excise taxes should a change of control transaction occur. However, there is no assurance that payments actually received by each of the executives in connection with a change of control transaction, if one were to occur, will be deductible by the Company or will not be subject to an excise tax. The ultimate determination would depend on various factors at the time a change of control transaction occurs, including transaction price, the actual base amount and other variables that cannot presently be predicted.

Q: How does the Company account for its compensation programs for its named executive officers?

A: Base salaries and cash incentive awards are expensed over the period in which they are earned. As such, the cash incentive award that was earned during 2011 and paid in March 2012, was recorded during fiscal 2011. Equity incentive awards to our named executive officers consist of restricted stock awards. The financial effects of granting restricted stock are recognized in accordance with U.S. generally accepted accounting principles (GAAP). As such, the restricted stock is measured at fair value on the date of grant and expensed during the requisite service period for those shares of restricted stock that are expected to vest. The requisite service period for this restricted stock matches the vesting period and is three years from the date of grant. At each reporting date, the Company evaluates the total number of shares of restricted stock that it expects to vest, including those awarded to named executive officers, taking into account estimated forfeitures. Compensation expense is recorded for those restricted stock awards expected to vest over the vesting period. If the number of restricted stock awards expected to vest changes, a cumulative adjustment is recorded at that time, taking into account the service period already elapsed. Compensation expense is based upon the grant date market price for most awards. The expense is recorded over the vesting period. The classification of the expense associated with the restricted stock in our Consolidated Statement of Income follows the same classification as salary and cash incentive awards for our executives. The expense associated with these awards is not capitalized and is classified within Other Operating Expenses on our Consolidated Statement of Income.

Q: What tools does the Compensation Committee use to set compensation of the Company's named executive officers?

A: The Compensation Committee reviews executive officer tally sheets at least annually to better understand the level of each named executive officer's compensation. These tally sheets set forth all components of compensation, a summary of the outstanding equity holdings of each named executive officer and the value of such holdings under various assumed share prices, the value of benefit plans and programs and perquisites. The tally sheets also set forth the estimated value that each of our named executive officers would realize upon separation under various scenarios, including voluntary termination of employment with and without good reason, involuntary termination of employment with and without cause, termination of employment in connection with a change of control, and death or disability. The Compensation Committee uses these tally sheets when considering adjustments to base salaries and awards of equity-based or other incentive compensation and in establishing incentive plan opportunity levels.

Compensation Consultant Role

Q: What is the role of the consultants retained by the Compensation Committee?

A: The Compensation Committee retained Pearl Meyer as its independent compensation consultant for fiscal 2011. During fiscal 2011, Pearl Meyer reviewed management recommendations regarding compensation programs, provided competitive market data and information regarding peer companies, assessed proposed plan designs, provided periodic updates on trends and developments in executive compensation and made recommendations with respect to executive and non-employee director compensation. Pearl Meyer does not provide services to management or the Company, but management works closely with Pearl Meyer as requested by and on behalf of the Compensation Committee.

Executive Officer Role

Q: What is the role of executive officers in setting compensation of our named executive officers?

A: Other than our Co-Chief Executive Officers, who participate in setting the compensation of the other executive officers through their recommendations to the Compensation Committee, our named executive officers do not directly participate in determining their compensation.

Q: How was compensation for the named executive officers set?

A: For the named executive officers other than the Co-Chief Executive Officers, as well as for the Company's other executive officers, our Co-Chief Executive Officers made recommendations for each individual's compensation package to the Compensation Committee. In making these recommendations, the Co-Chief Executive Officers considered the individual's performance and past contributions to the Company, the potential future contribution of the individual to the Company and achievement of the Company's business and financial goals, including the potential for the individual to make even greater contributions to the Company in the future than he or she has in the past, the risk that the individual may be lured away by a competitor and market compensation data. The Compensation Committee then discussed these recommendations with the Co-Chief Executive Officers. The Compensation Committee further reviewed and discussed these recommendations in executive sessions, and as part of these discussions, the Compensation Committee discussed the proposed compensation and retention programs with its independent compensation consultant.

For the Co-Chief Executive Officers, the Compensation Committee directly determined the compensation and retention package, considering the employment agreements and receiving input, recommendations and market data as it deemed appropriate from the Compensation Committee's independent compensation consultant and management. In addition to being reviewed and approved by the Compensation Committee, the compensation package for the Co-Chief Executive Officers was reviewed and ratified by the Board in executive session.

Risks Related to Compensation Policies and Practices

The Company has in place a risk management discipline that is designed to capture, monitor and control the risks created by its business activities, and the Compensation Committee considers risk in developing the compensation policies and practices for all employees, including our named executive officers. Although our compensation programs are generally designed to pay for performance and provide incentive-based compensation, the programs contain various mitigating factors to ensure our employees, including our named executive officers, are not encouraged to take unnecessary risks in managing our business.

These factors include:

oversight of programs (or components of programs) by committees of the Board, including the Compensation Committee;

internal controls that are designed to keep our financial and operating results from

Table of Contents

being susceptible to manipulation by any employee, including our named executive officers;

discretion provided to the Board and the Compensation Committee (including negative discretion) to set targets, monitor performance and determine final payouts;

oversight of Company activities by a broad-based group of functions within the organization, including Human Resources, Finance, and Legal and at multiple levels within the organization (both corporate and business unit/region);

a mixture of programs that provide focus on both short- and long-term goals and that provide a mixture of cash and stock-based compensation;

caps on the maximum incentive payouts available to named executive officers;

incentives focused primarily on the use of reportable and broad-based financial metrics (such as operating income before taxes), including a mixture of consolidated and business-specific goals, with no one factor receiving an excessive weighting;

service-based vesting conditions with respect to equity awards;

clawback provisions in the Omnibus Incentive Plan; and

the significant long-term ownership interests in the Company held by certain of our key executive officers.

Salary (Column C)

These amounts reflect base salary earned by our named executive officers. Base salary for named executive officers in fiscal 2011 was unchanged from fiscal 2010. For each named executive officer, salary for fiscal 2010 reflects approximately three months compensation at the salary level established by Citi and nine months compensation at the salary level established by the Committee as of April 1, 2010. See Compensation Discussion and Analysis (CD&A) Questions and Answers Related to Our 2011 Executive Compensation Compensation Elements.

Bonus (Column D)

Other than amounts included in the Salary column, Primerica did not award any non-incentive cash compensation to our named executive officers in fiscal 2011 or fiscal 2010.

Citi paid bonuses to our named executive officers in January 2010 in respect of fiscal 2009 performance according to the following guidelines:

Edgar Filing: Primerica, Inc. - Form DEF 14A

employees who received an incentive compensation award in excess of \$100,000 participated in the Citi Capital Accumulation Program (CAP);

Table of Contents

employees participating in CAP who did not meet the Rule of 60 or the Rule of 75 received the remainder of their incentive compensation award in a combination of fully vested cash (\$75,000) and fully vested common stock equivalents (CSEs) paid in April 2010 following the Citi 2010 annual meeting of stockholders; and

employees participating in CAP who did not meet the Rule of 60 or the Rule of 75 received at least 25% of their incentive compensation award in the form of long-term incentive compensation (with the relative percentage of long-term incentive compensation increasing as the total incentive compensation award increased) payable 25% in the form of deferred cash awards and 75% in the form of either restricted stock awards or deferred stock awards, each vesting over four years subject to continued employment (or, in the case of employees satisfying the Rule of 60 or the Rule of 75 on or prior to the date of grant, in fully vested CSEs, payable over four years). Each CSE represented the right to receive one share of Citi common stock. Deferred cash awards were paid under the Deferred Cash Award Plan.

These awards were accelerated at the time of the IPO.

The Rule of 75 was met if an employee's age plus number of full years of service with Citi, when added together, was equal to at least 75. For awards granted in 2007 or later, the Rule of 60 was met if either (i) the employee was at least age 50 and had completed a minimum of five years of service with Citi or (ii) the employee had a minimum of 20 years of service with Citi, provided that, in either event, the employee's age plus number of full years of service equaled at least 60. As of December 31, 2010, Messrs. R. Williams, Addison and G. Williams met the Rule of 75, Mr. Pitts met the Rule of 60, Mr. Schneider met the Rule of 60 for awards granted in 2007 or later only, and Ms. Rand met neither the Rule of 75 nor the Rule of 60.

Stock Awards (Column E)

The dollar amounts for the awards represent the grant date fair value computed in accordance with GAAP and will vary from the actual amount ultimately realized by the named executive officers. The ultimate value of the award will depend on the price of the Company's or Citi's common stock on the date that the award vests. Details about fiscal 2011 awards are included in the Grant of Plan-Based Awards Table. Fiscal 2010 amounts reflected grants of both Primerica restricted stock and Citi stock equivalent awards.

Option Awards (Column F)

In October 2009, our named executive officers received nonqualified stock option grants under the Citi Employee Option Program (the CEOG Options). The exercise price of the CEOG Options is \$40.80 (the adjusted closing price of Citi's common stock on the trading day immediately preceding the grant date after giving effect to the 10-for-1 reverse stock split effected on May 9, 2011). CEOG Options have an option term of six years from the grant date and expire in October 2015. CEOG Options were scheduled to vest in three equal annual installments beginning on the first anniversary of the grant date but vesting was accelerated to April 15, 2010 in connection with the IPO.

Non-Equity Incentive Plan Compensation (Column G)

These amounts reflect non-equity incentive plan compensation awards, which were earned by our named executive officers under the Omnibus Incentive Plan based on Company and individual performance during fiscal 2011 and fiscal 2010. Amounts were approved by the Compensation Committee in February 2012 and February 2011, respectively.

Change in Pension Value and Nonqualified Deferred Compensation Earnings (Column H)

These amounts are the positive changes in the present value of the pension benefits for each named executive officer under the Citigroup Pension Plan and the Travelers Nonqualified Plan. These benefits are all provided under Citi plans; Primerica does not have a pension plan or a deferred compensation plan.

Fiscal 2011 Grants of Plan-Based Awards Table

The following table provides information about each grant of plan-based awards made to our named executive officers during fiscal 2011.

Each of the incentive awards granted by Primerica during fiscal 2011 and reported in the below table was granted under, and is subject to the terms of, the Omnibus Incentive Plan. The Omnibus Incentive Plan is administered by the Compensation Committee. The Compensation Committee has authority to interpret the Omnibus Incentive Plan and make all required determinations under the Omnibus Incentive Plan. Awards granted under the Omnibus Incentive Plan are transferable to trusts established solely for the benefit of the grantee's family members or to a beneficiary of a named executive officer upon his or her death.

Table of Contents

Estimated Future Payouts Under Non-Equity Incentive Plan Awards (Columns C, D and E)

These amounts reflect the annual incentive compensation amounts that could have been earned during fiscal 2011 based upon the achievement of performance goals under the Omnibus Incentive Plan. The target incentive award is based on a pre-determined percentage of each named executive officer's salary. The maximum incentive award, which is equal to a specified percentage of operating income before income taxes, reflects an aggregate maximum for cash incentive and stock-based incentive awards.

The annual cash incentive compensation earned in fiscal 2011 by our named executive officers was approved by the Compensation Committee in February 2012 and paid in March 2012. These amounts are reflected in column (G) of the Summary Compensation Table. The terms of these awards are described under the heading "Compensation Discussion and Analysis (CD&A) - Questions and Answers Related to Our 2011 Executive Compensation - Compensation Elements."

Estimated Future Payouts Under Equity Incentive Plan Awards (Columns F, G and H)

The target equity incentive award represents an amount designated by the Compensation Committee at the beginning of fiscal 2011. As described above, the maximum incentive award, which is equal to a specified percentage of operating income before taxes, reflects the maximum permissible payment of the aggregate amount of cash incentive and equity incentive awards and is set forth under column (E).

All Other Stock Awards (Column I)

This column represents awards granted in 2011 for fiscal 2010 performance. The restrictions on all restricted stock awards lapse in equal installments on the first, second and third anniversary of the date of grant. Further, the restrictions on these restricted stock awards lapse automatically upon the death of the grantee. Upon disability of the grantee, the restricted stock continues to vest for 12 months and, if the grantee remains on approved disability leave, then the unvested portion vests as of the first anniversary of the commencement of such disability leave. Holders of restricted stock have the right to vote and dividend rights, but do not have the right to dispose of their restricted stock awards.

Grant Date Fair Value of Restricted Stock (Column J)

These amounts reflect \$25.80 per share, which was the closing price of the Company's common stock on the trading day immediately preceding the grant date.

Edgar Filing: Primerica, Inc. - Form DEF 14A

The Citigroup Pension Plan. The purpose of this broad-based, tax-qualified retirement plan is to provide retirement income on a tax-deferred basis to all U.S. employees of Citi, including Primerica's employees through April 7, 2010, the closing date of the IPO. Effective January 1, 2002, this plan adopted a single cash balance benefit formula for most of the covered population, including our named executive officers. This benefit is expressed in the form of a hypothetical account balance. Benefit credits accrued annually at a rate between 1.5% and 6% of eligible compensation; the rate increased with age and service. Interest credits are applied annually to the prior year's balance, and are based on the yield on 30-year Treasury bonds (as published by the Internal Revenue Service). Employees became

44 Freedom Lives Here

Table of Contents

eligible to participate in the Citigroup Pension Plan (the Citi Pension Plan) after one year of service, and benefits generally vested after three years of service. Effective December 31, 2006, the Citi Pension Plan was closed to new members, and effective December 31, 2007, future cash balance plan accruals ceased. All named executive officers were eligible for benefit accruals under this plan and continue to earn interest credits, like other participants.

Eligible compensation generally includes base salary and wages, plus shift differential and overtime (including any before-tax contributions to a 401(k) plan or other benefit plans), incentive awards paid in cash during such year, including any amount payable for such year, but deferred under a deferred compensation agreement, commissions paid during such year, any incentive bonus or commission granted during such year in the form of restricted stock or stock options under CAP, but excluding compensation payable after termination of employment, sign-on and retention bonuses, severance pay, cash and non-cash fringe benefits, reimbursements, tuition benefits, payment for unused vacation, any amount attributable to the exercise of a stock option, or attributable to the vesting of, or an 83(b) election with respect to, an award of restricted stock, moving expenses, welfare benefits, and payouts of deferred compensation. Annual eligible compensation was limited by Internal Revenue Service rules to \$225,000 for 2007 (the final year of cash balance benefit accrual).

The normal form of benefit under the Citi Pension Plan is a joint and survivor annuity for married participants (payable over the life of the participant and spouse) and a single life annuity for unmarried participants (payable for the participant's life only). Although the normal form of the benefit is an annuity, the hypothetical account balance is also payable as a single lump sum, at the election of the participant. The Citi Pension Plan's normal retirement age is 65 years old. All optional forms of benefit under this formula available to our named executive officers are actuarially equivalent to the normal form of benefit. Benefits are eligible for commencement under the plan upon termination of employment at any age, so there is no separate eligibility for early retirement.

The Travelers Retirement Benefits Equalization Plan. The Travelers Retirement Benefits Equalization Plan (the Travelers Nonqualified Plan), a nonqualified retirement plan, provides retirement benefits using the applicable Citi Pension Plan formula, but based on the Citi Pension Plan's definition of (i) compensation, in excess of the Code's qualified plan compensation limit (\$170,000 for 2001), or (ii) benefits, in excess of the Code's qualified plan benefit limit (\$140,000 for 2001). In 1994, the Travelers Nonqualified Plan was amended to limit qualifying compensation under the plan to \$300,000 and was further amended in 2001 to cease benefit accruals after 2001 for most participants (including the named executive officers).

All other terms of the Travelers Nonqualified Plan are the same as under the Citi Pension Plan, including definitions of eligible compensation and normal retirement age. The optional forms of benefit available under the Travelers Nonqualified Plan and their equivalent values are the same as those under the Citi Pension Plan.

Employment Agreements with Named Executive Officers

We entered into an employment agreements with each of our named executive officers as of August 19, 2010. Except as otherwise indicated, each of the employment agreements contains the same material terms and conditions, which are set forth below. The terms cause, good reason and change of control are defined in the applicable employment agreement and are summarized under Executive Compensation Potential Payments and Other Benefits Upon Termination or Change of Control.

Positions and Employment Period

Pursuant to their respective employment agreements, Mr. R. Williams has been appointed Chairman of the Board and Mr. Addison has been appointed Chairman of Primerica Distribution, and both Messrs. R. Williams and Addison shall continue to serve as Co-Chief Executive Officers and shall continue to be nominated to serve on the Board.

Pursuant to their respective employment agreements: (i) Mr. Pitts shall continue to serve as the Company's Executive Vice President and Chief Operating Officer; (ii) Ms. Rand shall continue to serve as the Company's Executive Vice President and Chief Financial Officer; (iii) Mr. Schneider shall continue to serve as the Company's Executive Vice President, General Counsel and Chief Administrative Officer; and (iv) Mr. G. Williams shall continue to serve as the Company's President.

The initial term of each employment agreement ends: (i) with respect to each Co-Chief

Executive Officer, on August 19, 2015 and (ii) with respect to each named executive officer, other than a Co-Chief Executive Officer, on August 19, 2013. Each employment agreement will automatically renew for

successive one-year periods, unless the Company or the executive provides 90 days prior written notice that the employment agreement will not be renewed.

Base Salary

Each Co-Chief Executive Officer's annual base salary during the period of his employment shall be no less than \$750,000, subject to annual review by the Compensation Committee for increase but not decrease pursuant to its normal performance review policies for senior executives. The annual base salary for each named executive officer, other than the Co-Chief Executive Officers, shall be \$450,000, subject to annual review after the third anniversary of the employment agreement by the Compensation Committee pursuant to its normal performance review policies for senior executives and subject to increase or decrease as a result of such review.

Table of Contents

Annual Cash Bonus

Each Co-Chief Executive Officer will be eligible to receive an annual cash bonus upon achieving certain performance targets that shall be established in good faith by the Compensation Committee, with the threshold and target annual cash bonus amounts being equal to 100% and 200%, respectively, of the Co-Chief Executive Officer's annual base salary. Each named executive officer, other than our Co-Chief Executive Officers, will be eligible to receive an annual cash bonus upon achieving certain performance targets that shall be established by the Compensation Committee, with such named executive officer's target annual cash bonus opportunity to be determined by the Compensation Committee based upon the recommendations of the Co-Chief Executive Officers. At the Compensation Committee's discretion, the Company may pay a portion of each annual bonus for any named executive officer in the form of restricted stock or RSUs, subject to certain restrictions.

Long-Term Incentive Awards

Beginning in 2011, each named executive officer is eligible to receive, in the good faith discretion of the Compensation Committee, annual equity compensation awards granted pursuant to the Company's long-term incentive compensation arrangements, which awards will be granted based on the performance of both the named executive officer and the Company and, in the case of the Co-Chief Executive Officers, will have time-based vesting. Upon the termination of a Co-Chief Executive Officer's employment (i) by the Company without cause or due to the Co-Chief Executive Officer's disability or the Company's nonrenewal of his employment agreement or (ii) by the Co-Chief Executive Officer for good reason or as a result of the Co-Chief Executive Officer's death, any long-term incentive award granted to the Co-Chief Executive Officer under his employment agreement will either vest immediately or continue to vest in accordance with the award's original vesting schedule, as determined by the Compensation Committee.

Post-Termination Payments

The material terms and conditions of the severance provisions of the employment agreements are set forth below.

For Cause or By the Named Executive Officer Without Good Reason. If a named executive officer terminates his or her employment without good reason, then the Company shall pay the named executive officer any accrued but unpaid annual base salary, any accrued but unused vacation pay, any accrued but unpaid annual bonus for the fiscal year prior to the year of termination and any amounts or benefits due to the named executive officer as of the date of his or her termination under the Company's plans or programs (together, "Accrued Compensation"). If a named executive officer is terminated by the Company for cause, then the named executive officer shall also be entitled to receive from the Company the Accrued Compensation, except that he or she will not be entitled to his or her annual bonus for the previous fiscal year of the Company.

In addition, if a Co-Chief Executive Officer's employment is terminated for cause or without good reason (other than as a result of the Co-Chief Executive Officer's nonrenewal of his employment agreement), then the Company shall provide (unless the Co-Chief Executive Officer is terminated for gross misconduct) the Co-Chief Executive Officer, his spouse and his dependents with medical (including vision and dental) benefits under a Company-sponsored plan for a period of 18 months following the date of termination so long as the Co-Chief Executive Officer pays any applicable premiums and is not employed with another employer and covered by an employer-sponsored plan providing substantially equivalent medical benefits. During this 18-month period, the Company will pay to the Co-Chief Executive Officer a monthly amount equal to the premium required to be paid by the Co-Chief Executive Officer for such benefits (the "Co-CEO Extended Benefits"). Furthermore, if a Co-Chief Executive Officer terminates his employment without good reason after the fifth anniversary of his employment agreement, or upon written agreement between the Co-Chief Executive Officer and the Company prior to the fifth

anniversary of his employment agreement, then the Co-Chief Executive Officer, his spouse at the time his employment agreement is executed (the Covered Spouse) and his dependents from his marriage to the Covered Spouse (collectively, the Covered Persons) shall be entitled to participate in the Company's medical (including vision and dental) plans until the later of the Co-Chief Executive Officer's death or the death of his Covered Spouse (such coverage, which in all cases is (i) subject to the Co-Chief Executive Officer or his Covered Spouse paying to the Company an amount equal to the fair market value thereof and (ii) secondary to any Medicare benefit for which the Covered Persons are eligible, is hereinafter referred to as the Ongoing Health Coverage).

Death or Disability. If a named executive officer's employment is terminated as a result of his or her death or disability, then the Company shall pay to the named executive officer or his or her estate (if termination results from the named executive officer's death) the Accrued Compensation and a pro-rated annual bonus (based on actual performance) for the fiscal year of the termination (the Pro-Rated Bonus). In the case of termination of a Co-Chief Executive Officer as a result of death or disability, the Company also (i) shall provide to the Co-Chief Executive Officer the Co-CEO Extended Benefits and (ii) under certain circumstances and subject to certain restrictions, shall provide to the Co-Chief Executive Officer (if termination resulted from his disability) and the other Covered Persons the Ongoing Health Coverage. In the case of termination of any named executive officer, other than a Co-Chief Executive Officer, as a result of death or disability, the Company also shall provide to the named executive officer and his or her dependents for a period of 18 months following the date of such termination medical (including vision and dental) benefits and life insurance coverage equal to those that would have been provided to the named executive officer and to such dependents under a Company-sponsored plan if the named executive officer's employment had not been terminated (so long as the named executive officer pays any applicable premiums and is not employed with another employer and covered by an employer-sponsored plan providing substantially equivalent medical or life insurance benefits). During this 18-month period, the Company will pay to the named executive officer a monthly amount equal to the premium required to be paid by the named executive officer for such benefits (the NEO Extended Benefits).

By Executive For Good Reason or by the Company Without Cause. If a Co-Chief Executive Officer's employment is terminated (i) by the Co-Chief Executive Officer for good reason or (ii) by the Company for any reason other than cause, death or disability, or as a result of the Company's nonrenewal of the employment agreement, then, subject to the Co-Chief Executive Officer's timely execution and delivery of a release of claims against the Company, the Company shall (a) pay to the Co-Chief Executive Officer the Accrued Compensation and Pro-Rated Bonus; (b) pay to the Co-Chief Executive Officer in a lump sum in cash, no later than the 60th day following his termination, an amount equal to two times the sum of the Co-Chief Executive Officer's annual base salary and target bonus as of the date of his termination, provided that such amount shall be three times the sum of his annual base salary and target bonus as of the date of his termination in the event that his termination occurs in anticipation of or during the two-year period following a change of control; (c) provide to the Co-Chief Executive Officer the Co-CEO Extended Benefits; and (d) provide to the Co-Chief Executive Officer the Ongoing Health Coverage.

If a named executive officer's, other than the Co-Chief Executive Officer's, employment is terminated (i) by such named executive officer for good reason or (ii) by the Company for any reason other than cause, death or disability, or as a result of the Company's nonrenewal of his or her employment agreement, then, subject to the named executive officer's timely execution and delivery of a release of claims against the Company, the Company shall (A) pay to such named executive officer Accrued Compensation and the Pro-Rated Bonus; (B) pay to such named executive officer in a lump sum in cash, no later than the 60th day following the named executive officer's termination, an amount

equal to one times the sum of the named executive officer's annual base salary and target bonus as of the date of the named executive officer's termination, provided that such amount shall be one-point-five times the sum of his or her annual base salary and target bonus as of the date of termination in the event that his or her termination occurs in anticipation of or during the two-year period following a change of control; and (C) provide to such named executive officer the NEO Extended Benefits.

Nonrenewal. If a named executive officer is terminated as a result of nonrenewal of his or her employment agreement, then the Company shall pay to the named executive officer the Accrued Compensation and Pro-Rated Bonus and, if a Co-Chief Executive Officer is so terminated, the Co-CEO Extended Benefits and the Ongoing Health Coverage.

Restrictive Covenants

Each named executive officer is prohibited from disclosing any confidential information or trade secrets of the Company during the period of his or her employment and for a two-year period following his or her termination, and the Company retains ownership of any work product and inventions developed by the named executive officer during the period of his or her employment (but each Co-Chief Executive Officer retains the right to use speeches, addresses and presentations made during such period). Additionally, during the period of the named executive officer's employment and for an 18-month period following his or her termination, each named executive officer is prohibited from recruiting, except during the period of his or her employment in connection with satisfying his or her duties to the Company, any person who is or was at any time during the previous six months an employee or representative of the Company or any of its affiliates. Finally, each named executive officer is prohibited from competing with, or soliciting the business of any of the clients or customers (with whom the executive had material contact during the 12 months prior to termination) of, the Company during the period of his or her employment and for an 18-month period following such termination; provided, however, the 18-month non-competition period shall be reduced to nine months for a named executive officer whose employment agreement is not renewed by the Company. This restriction on competition extends to any business or entity that engages in, or is working to engage in, the network marketing of life, auto or property insurance products, mutual funds, variable annuities or securities similar to those offered by the Company, to the extent operating in the United States, Canada or any other territory in which the Company operates prior to, or on the date of, termination of the named executive officer's employment. Notwithstanding the foregoing, being employed by, or providing services to, or holding compensatory equity of, an employer with a business that competes with the Company's business, standing alone, does not constitute competition by a named executive officer for purposes of his or her employment agreement so long as: (i) the employer has more than one discrete and readily distinguishable part of its business and (ii) the named executive officer's duties are not in a material manner at or involving the part of the business of the employer that competes with the Company's business.

Table of Contents**Potential Payments and Other Benefits Upon Termination or Change of Control**

The following table sets forth the potential benefits that each named executive officer would be entitled to receive upon termination of employment in the situations outlined below. These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the named executive officers, which would only be known at the time that they become eligible for payment. The amounts shown in the table are the amounts that could be payable under existing plans and arrangements if the named executive officer's employment had terminated on December 31, 2011. The table below does not include amounts to which the named executive officers would be entitled that are already described in the compensation tables appearing earlier in this Proxy Statement, including the value of equity awards that have already vested. The definitions of "cause," "good reason" and "change of control" follow the table.

A = Severance arrangement for termination without cause or for good reason

B = Termination for cause

C = Termination without good reason

D = Termination without cause after a change of control

E = Death or disability
