OPKO HEALTH, INC.

PROXY STATEMENT FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD

THURSDAY, JUNE 12, 2014

This proxy statement is being made available to you by the Board of Directors (**Board**) of OPKO Health, Inc. (the **Company** or **we**, **us** or **our**) in connection with the solicitation of proxies to be voted at the Annual Meeting of Stockholders of the Company that will be held at the Company's headquarters at 4400 Biscayne Blvd., Miami, Florida 33137, on Thursday, June 12, 2014, beginning at 10:00 a.m., local time, and all adjournments thereof (the **Annual Meeting**), for the following purposes:

1. To elect as directors the ten nominees named in this proxy statement for a term of office expiring at the 2015 annual meeting of stockholders and until their respective successors are duly elected and qualified;
2. To take a non-binding advisory vote to approve the compensation paid to the Company's named executive officers (**Say on Pay**); and
3. To transact such other business as may properly come before the Annual Meeting or any adjournments thereof.

Our Board has fixed the close of business on April 14, 2014, as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. As of that date, there were issued and outstanding 413,603,641 shares of our common stock, par value \$0.01 per share. The holders of our common stock are entitled to one vote for each outstanding share on all matters submitted to our stockholders.

A nominee for director will be elected to the Board if the votes cast in favor of a nominee by the holders of shares of our common stock present or represented and entitled to vote at the Annual Meeting at which a quorum is present exceed the votes cast against a nominee. In addition, the **Say on Pay** proposal will be approved if the votes cast in favor of the proposal by the holders of shares of our common stock present or represented and entitled to vote at the Annual Meeting at which a quorum is present exceed the votes cast against the proposal. Because your vote on the **Say on Pay** proposal is advisory, it will not be binding on the Board or the Company. However, the Compensation Committee will take into account the outcome of the **Say on Pay** vote when considering future executive compensation arrangements. Any other matter that may be submitted to a vote of our stockholders at the Annual Meeting will be approved if the number of shares of common stock voted for the proposal exceed the votes cast against the proposal, unless such matter is one for which a greater vote is required by law or our Amended and Restated Certificate of Incorporation or our Amended and Restated Bylaws.

The presence, in person or by proxy, of holders of a majority of our outstanding common stock constitutes a quorum at the Annual Meeting. Shares of our stock represented by proxies that reflect abstentions will be counted for the purpose of determining the existence of a quorum at the Annual Meeting but will have no effect on the election of directors or the **Say on Pay** proposal. Shares of stock represented by proxies that reflect **broker non-votes** (i.e., stock represented at the Annual Meeting by proxies held by brokers or nominees as to which (i) the brokers or nominees have not received instructions from the beneficial owners or persons entitled to vote and (ii) the broker or nominee does not have the discretionary voting power on a particular matter) will not be counted for the purpose of

determining the existence of a quorum at the Annual Meeting and will have no effect on matters for which brokers or banks do not have discretionary authority. A broker does not have the discretion to vote on the election of directors or the non-binding advisory vote on the Say on Pay proposal. Thus, a broker non-vote will have no effect on the election of directors or the non-binding advisory vote on the Say on Pay proposal.

Any stockholder giving a proxy will have the right to revoke it at any time prior to the time it is voted. A proxy may be revoked by: (i) written notice to us at or prior to the Annual Meeting, attention: Secretary; (ii) execution of a subsequent proxy; (iii) attendance and voting in person at the Annual Meeting; or (iv) re-voting by telephone or internet (only your latest telephone or internet vote will be counted). Attendance at the Annual Meeting will not automatically revoke the proxy. All shares of our stock represented by effective proxies will be voted at the Annual Meeting or at any adjournment thereof. **Unless otherwise specified in the proxy, shares of our stock represented by proxies will be voted: (i) FOR the election of the Board's nominees for directors; (ii) FOR the approval of the Say on Pay proposal; and (iii) in the discretion of the proxy holders with respect to such other matters as may properly come before the Annual Meeting.**

The Company has mailed this proxy statement and our Annual Report to Stockholders for our fiscal year ended December 31, 2013 (fiscal 2013) to our record holders. If you hold shares of the Company by brokers or nominees, the Company has made these materials available to you on the internet or, upon your request, by delivery of printed versions of these materials. These materials were first sent or made available to stockholders on or around April 25, 2014.

CORPORATE GOVERNANCE

Our common stock is listed on the New York Stock Exchange (NYSE). Prior to the transfer to the NYSE in September 2011, OPKO's stock was listed for trading on the NYSE Amex. As a result of this transfer, OPKO is now subject to the NYSE's listing standards. In August 2013, our common stock also began trading on the Tel-Aviv Stock Exchange. Pursuant to the Company's Amended and Restated Bylaws and the Delaware General Corporation Law, our

business and affairs are managed under the direction of our Board. Directors are kept informed of the Company's business through discussions with management, including our Chief Executive Officer, Chief Financial Officer, and other senior officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, officers, and directors of the Company. The Code of Business Conduct and Ethics is available on our website: www.opko.com under Investor Relations. If the Company makes any substantive amendments to, or grants a waiver (including an

implicit waiver) from, a provision of our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), we will disclose such amendment or waiver on our website.

The Company has also adopted Corporate Governance Guidelines which include certain director qualifications and responsibilities, responsibilities of key board committees, and director compensation. The Corporate Governance Guidelines are available on its website, www.opko.com, under Investor Relations.

Director Independence

In evaluating the independence of each of our directors and director nominees, the Board considers transactions and relationships between each director or nominee, or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board also examined transactions and relationships between directors and director nominees or their known affiliates and members of the Company's senior management and their known affiliates. The purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that the director is independent under applicable laws and regulations and NYSE listing standards. In 2013, the Board affirmatively determined that a majority of our current directors, including Messrs. Robert A. Baron, Dmitry Kolosov, John A. Paganelli, Richard C. Pfenniger, Jr., and Drs. Richard A. Lerner and Alice Lin-Tsing Yu, are independent directors within the meaning of the listing standards of the NYSE and applicable law. In making the independence determinations, the Board considered a number of factors and relationships, including without limitation (i) Dr. Frost's service on the Board of Directors for Continucare Corporation until October 2011, an entity for which Mr. Pfenniger served as Chairman, Chief Executive Officer, and President until October 2011; (ii) Dr. Frost's membership on the Board of Trustees for the Scripps Research Institute (TSRI), a 501(c)(3) entity for which Dr. Lerner served as President until December 2011; (iii) Dr. Lerner's restricted stock grant for exceptional Board service on September 8, 2009 valued at \$76,500; (iv) Dr. Lerner's stock option award for service as Chairman of the Company's Scientific Advisory Board on June 9, 2011 valued at \$57,250; (v) Dr. Lerner's service as a consultant and scientific advisor to Sorrento Therapeutics, Inc. (Sorrento) at the time of the OPKO transaction with Sorrento; and (vi) Dr. Yu's prior service as a Distinguished Research Fellow and Associate Director at the Genomics Research Center, Academia Sinica, a Taiwanese entity from which the Company licenses technology. As required by the NYSE, the Company's independent directors meet at least annually in executive session without the presence of its non-independent directors or management.

Board Leadership Structure

The Company is led by Dr. Frost, who has served as Chief Executive Officer and Chairman of the Board since March 2007. Six of our directors satisfy NYSE independence requirements. Our Board also includes two management directors other than Dr. Frost. The Company does not have a member of our Board who is formally identified as the lead independent director. However, independent directors head each of our Board's three standing committees—the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, and each of the committees is comprised solely of independent directors.

Although the Board does not have a formal policy on whether the roles of Chief Executive Officer and Chairman of the Board should be separated, we believe that our current Board leadership structure is suitable for us. The Chief Executive Officer is the individual selected by the Board to manage our Company on a day to day basis, and his direct involvement in our business operations makes him best positioned to lead productive Board strategic planning sessions and determine the time allocated to each agenda item in discussions of our Company's short- and long-term objectives.

Board Role in Risk Oversight

The Board's role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. In connection with its reviews of the operations of the Company's business units and corporate functions, the Board considers and addresses the primary risks associated with those units and functions. Our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the Board's Committees, and particularly the Audit Committee, plays a role in overseeing risk management issues that fall within each Committee's areas of responsibility as described below under the heading Standing Committees of the Board of Directors. Senior management reports on at least a quarterly basis to the Audit Committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the Audit Committee last met. The Audit Committee also meets regularly in executive sessions with the Company's independent registered public accounting firm and reports any findings or issues to the full Board. In performing its functions, the Audit Committee and each standing committee of the Board has full access to management, as well as the ability to engage advisors. The Board receives regular reports from each of its standing committees regarding each committee's particularized areas of focus.

Meetings and Committees of the Board of Directors

Our Board met ten times during fiscal 2013 and took action by written consent on one occasion. In fiscal 2013, all incumbent directors attended 75% or more of the Board meetings and meetings of the committees on which they served, with the exception of Dr. Yu.

Although we encourage each member of our Board to attend our annual meetings of stockholders, we do not have a formal policy requiring the members of our Board to attend. Nine members of our Board attended the annual meeting of stockholders during fiscal 2013.

Executive Sessions; Presiding Director

Our non-management directors meet separately from the Board from time to time as needed. Our independent directors meet in executive session from time to time as needed, but not less than annually. Our non-management or independent directors, as applicable, may choose a presiding director by majority vote for each session. The presiding director is responsible for, among other things, presiding at the executive session for which he or she is chosen to serve and apprising the Chairman of the issues considered at such meetings.

Standing Committees of the Board of Directors

Our Board maintains several standing committees, including a Compensation Committee, a Nominating and Governance Committee, and a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, and the rules and regulations promulgated thereunder. These committees and their functions are described below. Our Board may also establish various other committees to assist it in its responsibilities. Our Board has adopted a written charter for each of its standing committees. The full text of each charter is available on our website at <http://www.opko.com>.

The following table shows the current members (indicated by an X or Chair) of each of our standing Board committees:

| | Audit | Compensation | Corporate Governance and Nominating |

Audit Committee

Our Audit Committee oversees our corporate accounting and financial reporting process. Our Audit Committee met twelve times during fiscal 2013. The responsibilities of our Audit Committee are set forth in a written charter adopted by our Board and reviewed and reassessed annually by the Audit Committee. Among other things, our Audit Committee:

appoints, compensates, retains, and oversees the work of our independent registered public accounting firm;

approves the retention of our independent registered public accounting firm to perform any proposed permissible non-audit services;

reviews our systems of internal controls established for finance, accounting, legal compliance, and ethics;

reviews our accounting and financial reporting processes;

provides for effective communication between our Board, our senior and financial management, and our independent auditors;

discusses with management and our independent auditors the results of our annual audit and the review of our quarterly financial statements;

reviews the audits of our financial statements;

implements a pre-approval policy for certain audit and non-audit services performed by our registered independent public accounting firm;

discusses policies with respect to risk assessment and risk management;

establishes procedures for receipt, retention, and treatment of complaints regarding accounting, internal controls, or auditing matters; and

reviews and approves any related party transactions that we are involved in.

Our Audit Committee is composed of Messrs. Pfenniger (Chairman), Baron, and Paganelli. Our Board has determined that Mr. Pfenniger, who is independent (as independence for audit committee members is defined in NYSE listing standards and applicable SEC rules), is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Compensation Committee

Our Compensation Committee reviews and either approves, on behalf of the Board, or recommends to the Board for approval, (i) annual salaries, bonuses, and other compensation for our executive officers, (ii) compensation for the Company's directors, and (iii) individual equity awards for our employees and executive officers. Our Compensation Committee also oversees our compensation policies and practices. Our Compensation Committee met five times during fiscal 2013 and took action by written consent on two occasions. Our Compensation Committee may from time to time establish a subcommittee to perform any action required to be performed by a committee of non-employee directors pursuant to Rule 16b-3 under the Exchange Act and outside directors pursuant to Rule 162(m) under the Internal Revenue Code (the Code).

Our Compensation Committee also performs the following functions related to executive compensation:

reviews and approves the annual salary, bonus, stock options, and other benefits, direct and indirect, of our executive officers, including our Chief Executive Officer;

reviews and recommends new executive compensation programs; reviews the operation and efficacy of our executive compensation programs;

establishes and periodically reviews policies in the area of senior management perquisites;

reviews and approves material changes in our employee benefit plans; and

administers our equity compensation and employee stock purchase plans.

The Compensation Committee relies heavily on the recommendations of our Chief Executive Officer concerning compensation actions for our other executive officers and may engage compensation consultants if the Compensation Committee deems it appropriate. In deciding upon the appropriate level of compensation for our executive officers, the Compensation Committee also reviews our compensation programs relative to our strategic objectives and market practice and other changing business and market conditions. To date, neither the Compensation Committee nor management has engaged a compensation consultant in determining or recommending the amount or form of director or officer compensation.

Our Compensation Committee is composed of Dr. Lerner (Chairman) and Messrs. Baron, and Paganelli. We believe that the composition and functioning of our Compensation Committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, the NYSE, and the SEC's rules and regulations, including those regarding the independence of our Compensation Committee members.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee are Dr. Lerner and Messrs. Baron and Paganelli. None of these individuals was at any time during fiscal 2013 an officer or employee of ours. Mr. Paganelli served as the Company's Interim Chief Executive Officer and Secretary from June 29, 2005 through March 27, 2007, and as Chairman of the Board from December 2003 through March 27, 2007.

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee's responsibilities include the selection of potential candidates for our Board, making recommendations to our Board concerning the structure and membership of the other Board committees, and considering director candidates recommended by others, including our Chief Executive Officer, other Board members, third parties, and stockholders. Our Corporate Governance and Nominating Committee is composed of Mr. Baron (Chairman) and Dr. Lerner. Our Corporate Governance and Nominating Committee met two times during fiscal 2013. We believe that the composition of our Corporate Governance and Nominating Committee complies with applicable requirements of the Sarbanes-Oxley Act of 2002, the NYSE, and the SEC's rules and regulations, including those regarding the independence of our Corporate Governance and Nominating Committee members.

The Corporate Governance and Nominating Committee identifies director nominees through a combination of referrals, including by existing members of the Board, management, third parties, stockholders, and direct solicitations, where warranted. Once a candidate has been identified, the Corporate Governance and Nominating Committee reviews the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation. The Corporate Governance and Nominating Committee usually believes it to be appropriate for committee members to interview the proposed nominee before making a final determination whether to recommend the individual as a nominee to the entire Board to stand for election to the Board. The Committee does

not plan to evaluate candidates identified by the Corporate Governance and Nominating Committee differently from those recommended by a stockholder or otherwise.

The Corporate Governance and Nominating Committee recommended to the Board that it nominate each of the incumbent directors for election at the 2014 Annual Meeting.

Director Selection Criteria

The Corporate Governance and Nominating Committee reviews and makes recommendations to the Board regarding the appropriate qualifications, skills, and experience expected of individual members and of the Board as a whole with the objective of having a Board with sound judgment and diverse backgrounds and experience to represent stockholder interests.

The Corporate Governance and Nominating Committee believes that nominees for election to the Board should possess sufficient business or financial experience and a willingness to devote the time and effort necessary to discharge the responsibilities of a director. This experience can include, but is not limited to, service on other boards of directors or active involvement with other boards of directors, experience in the industries in which the Company conducts its business, audit and financial expertise, clinical experience, operational experience, or a scientific or medical background. The Corporate Governance and Nominating Committee does not believe that nominees for election to the Board should be selected through mechanical application of specified criteria. Rather, the Corporate Governance and Nominating Committee believes that the qualifications and strengths of individuals should be considered in their totality with a view to nominating persons for election to the Board whose backgrounds, integrity, and personal characteristics indicate that they will make a positive contribution to the Board.

While we do not have a formal diversity policy with respect to Board composition, the Board believes it is important for the Board to have diversity of knowledge base, professional experience and skills, and the Corporate Governance and Nominating Committee takes these qualities into account when considering director nominees for recommendation to the Board.

Stockholder Nominations

The Corporate Governance and Nominating Committee does not have a written policy with regard to consideration of director candidates recommended by stockholders. Nevertheless, it is the Corporate Governance and Nominating Committee's policy to consider director candidates recommended by stockholders. Stockholders who wish to recommend candidates for election to the Board must do so in writing. The recommendation should be sent to the Secretary of the Company, OPKO Health, Inc., 4400 Biscayne Boulevard, Miami, Florida 33137, who will forward the recommendation to the Corporate Governance and Nominating Committee. The recommendation must set forth (i) the name and address as they appear on the Company's books of the stockholder making the recommendation, the telephone number of such stockholder, and the name, address and telephone number of any beneficial owner, and the class and number of shares of capital stock of the Company owned of record by such stockholder and beneficially owned by such beneficial owner, (ii) the name of the candidate and all information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors under the SEC's proxy rules, (iii) a description of all relationships between the candidate and the recommending stockholder and any agreements or understandings between the recommending stockholder and the candidate regarding the nomination, and (iv) a description of all relationships between the candidate and any of the Company's competitors, customers, suppliers, labor unions (if any) and any other persons with special interests regarding the Company. The recommendation must be accompanied by the candidate's written consent to being named in the Company's proxy statement as a nominee for election to the Board and to serving as a director, if elected, and by a representation from the stockholder and beneficial owner, if any, that such stockholder and beneficial owner intend to appear in person or by proxy at the Annual Meeting and intend to continue to hold the reported shares through the date of the Company's next annual meeting of stockholders. Stockholders must also comply with all requirements of the Company's Amended and Restated Bylaws with respect to nomination of persons for election to the Board.

Communications with the Board

All interested parties may initiate in writing any communication with our Board, the presiding member of the non-management directors, or any individual director by sending the correspondence to OPKO Health, Inc., 4400 Biscayne Blvd., Miami, Florida 33137, Attention: Secretary. This centralized process assists our Board in reviewing and responding to communications in an appropriate manner. If an interested party would like the letter to be forwarded directly to one of the Chairmen of the three standing committees of the Board, he or she should so indicate. If no specific direction is indicated, the Secretary's office will review the letter and forward it to the appropriate Board member(s).

Employee Communications with the Audit Committee

The Audit Committee has established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting and auditing matters. These procedures are described in our OPKO Health, Inc. Policy for Reporting Questionable Accounting and Auditing Practices and Policy Prohibiting Retaliation Against Reporting Employees.

Effective January 3, 2014, BZNE completed a merger with Cocystal, another entity in which we have an equity investment. In connection with the merger, BZNE issued to Cocystal's security holders 1,000,000 shares of BZNE Series B Convertible Preferred Stock (Series B). The Series B shares: (i) automatically convert into shares of BZNE's common stock at a rate of 205.08308640 shares for each share of Series B at such time that BZNE has sufficient authorized capital, (ii) are entitled to vote on all matters submitted to shareholders of BZNE and vote on an as converted basis and (iii) have a nominal liquidation preference. Effective January 16, 2014, we invested an additional \$0.5 million in BZNE as part of a \$2.75 million private placement and received 1 million shares of common stock and 1 million 10-year warrants exercisable at \$0.50 per share. Drs. Frost and Hsiao and Mr. Rubin currently serve on the Board of Directors for BZNE.

In December 2012, we entered into a five-year lease agreement with AVI Properties, LLC (AVI), an entity affiliated with Dr. Jonathan Oppenheimer, who previously served as Chief Executive Officer of OPKO Lab, LLC (OPKO Lab) and currently serves as Strategic Director. The lease is for approximately 44,000 square feet of laboratory and office space in Nashville, Tennessee, where OPKO Lab is based. The lease provides for payments of approximately \$18

thousand per month in the first year, increasing annually if the consumer price index exceeds 5%, plus applicable sales tax. In addition to the rent, we pay a portion of operating expenses, property taxes and parking.

During the years ended December 31, 2013 and 2012, our FineTech subsidiary recorded revenue of \$0.3 million and \$0.2 million, respectively, for the sale of APIs to Teva. Dr. Frost serves as the Chairman of the Board of Directors of Teva.

In January 2013, we entered into note purchase agreements, dated January 25, 2013, with various purchasers (collectively, the Purchasers) for the sale of \$175.0 million aggregate principal amount of 3.00% convertible senior notes due 2033 (the Notes) to qualified institutional buyers and accredited investors (collectively, the Note Purchase Agreement) in a private placement in reliance on exemptions from registration under the Securities Act of 1933, as amended (the Securities Act). The Purchasers of the Notes include Gamma Trust and Hsu Gamma. The Notes were issued on January 30, 2013.

Effective May 1, 2013, we entered into an agreement with Dr. Hsiao pursuant to which we have the right to utilize approximately 5,000 square feet of laboratory space in Taiwan, inclusive of any and all utility costs, taxes and building maintenance fees. In addition, Dr. Hsiao provides certain other services to us relating to government grant work in Taiwan, as well as the coordination of work flow between our U.S. and Taiwanese operations. The term of the agreement is for five years and obligates us to pay Dr. Hsiao approximately \$60,000 annually.

In August 2013, we acquired PROLOR Biotech, Inc. (PROLOR) pursuant to an Agreement and Plan of Merger dated as of April 23, 2013 in an all-stock transaction valued at approximately \$586.7 million. Until completion of the acquisition, Dr. Frost was PROLOR's Chairman of the Board and a greater than 5% stockholder of PROLOR. Dr. Hsiao and Mr. Rubin were also directors and less than 5% stockholders of PROLOR.

In October 2013, we paid the \$170,000 filing fee to the Federal Trade Commission (the FTC) in connection with filings made by us and Dr. Hsiao, our Vice Chairman of the Board and Chief Technical Officer, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (HSR Act).

In October 2013, we entered into an agreement with ARNO Therapeutics, Inc. (ARNO), a clinical stage company focused on the development of oncology drugs, pursuant to which we invested \$2.0 million as part of an approximate \$30 million financing. In exchange for our investment, we received 833,333 shares of ARNO common stock, one-year warrants to purchase 833,333 shares of ARNO common stock, for \$2.40 a share and five-year warrants to purchase an additional 833,333 shares of ARNO common stock for \$4.00 a share. Other investors participating in the private financing included the Gamma Trust, Hsu Gamma, and other members of our Board and management. In connection with the transaction, ARNO agreed that for so long as we continue to hold at least 3% of the total number of outstanding shares of ARNO's common stock on a fully-diluted basis, we will have the right to appoint a non-voting observer to attend all meetings of ARNO's Board of Directors and we shall have a right of first negotiation that provides us with exclusive rights to negotiate with ARNO for a 45-day period regarding any potential strategic transactions that ARNO's Board of Directors elects to pursue.

In October 2013, we made an investment in Zebra Biologics, Inc. (Zebra) pursuant to which we acquired 840,000 shares of Zebra's Series A-2 Preferred stock for \$2.0 million. Zebra is a privately held biotechnology company focused on the discovery and development of biosuperior antibody therapeutics and complex drugs. Zebra's patented platform is an advanced version of a core technology developed at TSRI by Dr. Lerner (the TSRI Technology). Zebra acquired the license to the TSRI Technology from a third party who had licensed such rights from TSRI. In connection with its acquisition of rights to the TSRI Technology, Zebra agreed to make certain research funding payments to Dr. Lerner's laboratory at TSRI to further support development of the TSRI Technology. Dr. Lerner also participated in the Series A-2 Preferred Stock financing on the same financial terms as the Company. Each of Drs. Frost and Lerner serve as members of the Board of Directors and scientific consultants to Zebra. After the closing, we own 23.5% of the Series A-2 Preferred stock issued and outstanding by Zebra. Each of Drs. Frost and Lerner received 900,000 restricted shares of Zebra common stock in connection with their roles as founders and scientific consultants to Zebra. Dr. Frost gifted his 900,000 shares of Zebra restricted common stock to OPKO.

Our Policies Regarding Related Party Transactions

We have adopted a written statement of policy with respect to related party transactions, which is administered by our Audit Committee. Under our related party transaction policy, a Related Party Transaction is any transaction, arrangement, or relationship (or any series of similar transactions, arrangements, or relationships) in which the Company or any of our subsidiaries was, is or will be a participant and the amount exceeds \$100,000 and

in which any Related Person had, has or will have a direct or indirect material interest. A Related Person is any of our executive officers, directors or director nominees, any stockholder beneficially owning in excess of 5% of our stock or securities exchangeable for our stock, any immediate family member of any of the foregoing persons, and any firm, corporation, or other entity in which any of the foregoing persons is employed, is a partner or principal or in a similar position, or in which such person has a 5% or greater beneficial ownership interest in such entity.

It is the Company's policy to enter into or ratify Related Party Transactions only when the Audit Committee determines that the Related Party Transaction in question is in, or is not inconsistent with, the best interests of the Company. In making this determination, the Audit Committee may take into account, among other factors it deems appropriate, whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. Pursuant to the Company's policy, the Audit Committee has granted standing pre-approval to certain types of Related Party Transactions that are considered to be in, or consistent with, the best interests of the Company.

Pursuant to our related party transaction policy, a Related Party Transaction may only be consummated if:

our Audit Committee approves or ratifies such transaction in accordance with the terms of the Company's policy;

such transaction falls within the category of transactions that have previously been granted standing pre-approval; or

the chair of our Audit Committee pre-approves or ratifies such transaction and the amount involved in the transaction is less than \$100,000, provided that for the Related Party Transaction to continue it must be approved by our Audit Committee at its next regularly scheduled meeting.

If advance approval of a Related Party Transaction is not feasible, then that Related Party Transaction will be considered and, if our Audit Committee determines it to be appropriate, ratified, at its next regularly scheduled meeting. If we decide to proceed with a Related Party Transaction without advance approval, then the terms of such Related Party Transaction must permit termination by us without further material obligation in the event our Audit Committee ratification is not forthcoming at our Audit Committee's next regularly scheduled meeting.

Transactions with Related Persons, though not classified as Related Party Transactions by our related party transaction policy and thus not subject to its review and approval requirements, may still need to be disclosed if required by the applicable securities laws, rules, and regulations.

All transactions listed above were approved in accordance with the Company's related party transaction policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our compensation philosophy is to attract and retain talented and dedicated executives who will work to achieve our desired business direction, strategy, and performance. The primary goals of our compensation program for our Named Executive Officers are (i) to attract, motivate, and retain talented executives with the skill sets and expertise we need to meet our scientific and business objectives; (ii) to be competitive in the marketplace; (iii) to tie annual and long-term cash and equity incentives to the achievement of specified performance objectives that will result in increased stockholder value; and (iv) to be cost-effective. To achieve these goals, we have formed a compensation committee that reviews and approves the executive compensation packages for our executive officers, including the Named Executive Officers. These packages are generally based on a mix of salary, discretionary bonus, and equity awards. Although we have not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, we maintain compensation plans that tie a substantial portion of our executives overall compensation to the achievement of corporate goals and success of the Company.

Benchmarking of Cash and Equity Compensation

Our Compensation Committee typically reviews executive compensation levels on an annual basis to ensure they remain competitive in our industry. Data for this review is prepared and provided to the Compensation Committee by our management and human resources department, with input from our Chief Executive Officer, as well as other members of senior management. This data details relevant market rates for executive base salaries, annual cash incentive, long-term incentive, and total compensation for companies of similar size or stage of development within our industry. In connection with executive compensation changes implemented in 2013 and 2014, among other considerations, the Compensation Committee reviewed an internally generated report prepared by management and human resources surveying compensation practices of approximately eight biotech and pharmaceutical companies ranging in size from less than \$48 million in revenues with less than 40 employees to over \$260 million in revenue with over 380 employees. While the internally generated report did not yield a comprehensive group of peer companies, we believe the report provided the Compensation Committee comparative pay information for similar companies. Utilizing the compiled information, the Compensation Committee in 2013 and 2014 reviewed the various components of our executive compensation to determine the base salary, annual cash incentive, long term incentive, and equity compensation. We may retain the services of third-party executive compensation specialists from time to time in connection with the establishment of cash and equity compensation and related policies, although we have not previously done so.

Elements of Compensation

We evaluate individual executive performance with a goal of setting compensation at levels the Board and the Compensation Committee believe are comparable with executives in other companies of similar size and stage of development. At the same time, our Board and Compensation Committee take into account our relative performance and our own strategic goals. The primary elements of our compensation plans are base salary, equity compensation, and discretionary annual bonus, each of which is described in greater detail below.

Base Salary. We try to establish and maintain competitive annual base salaries for our Named Executive Officers by utilizing available resources, which include surveys as discussed above. While base salaries are not primarily performance-based, we believe it is important to provide adequate, fixed compensation to executives working in a highly volatile and competitive industry such as ours. We provide fixed salary compensation to our Named Executive Officers based on their responsibilities and individual experience, taking into account competitive market compensation paid by other companies for similar positions within the pharmaceutical industry. In general, we have historically targeted Named Executive Officer compensation and base salary to fall within the median range for

equivalent or similar positions of executives at peer group companies after adjusting for size. As a result of the Company's significant growth and expansion into various medical markets and geographical locations since 2010, and taking into consideration the survey noted above, as well as the fact that no salary increases had been given to the Named Executive Officers for 2011 or 2012, the Compensation Committee approved increases in March 2013 for the base salaries for certain Named Executive Officers. The base salaries for each of the Named Executive Officers were positioned within the range of the Company's peer group in the survey referenced above. The Compensation Committee determined not to make any changes to base salaries for Named Executive Officers in 2014. In connection with Adam Logal's appointment as the Company's Senior Vice President, Chief Financial Officer, the Compensation Committee set Mr. Logal's base salary at \$300,000.

Discretionary Annual Bonus. In addition to base salaries, our Compensation Committee has the authority to award discretionary annual bonuses to our Named Executive Officers based on corporate and individual performance. Incentives, as a percent of salary, increase with executive rank so that, as rank increases, a greater portion of total annual cash compensation is based on annual corporate and individual performance. Furthermore, as an executive's rank increases, a greater percentage of that executive's cash bonus is based on corporate performance, rather than individual performance. Because we have generated little revenue, the Compensation Committee has not awarded any cash incentive bonuses to date, and has instead chosen to focus on other forms of compensation, such as stock options.

Equity Compensation. We believe that equity compensation should be a primary component of our executive compensation program because they align the interests of our executive officers with the long term performance of the Company. Stock options are a critical element of our long-term incentive strategy. The primary purpose of stock options is to provide Named Executive Officers and other employees with a personal and financial interest in our success through stock ownership, thereby aligning the interests of such persons with those of our stockholders. This broad-based program is a vital element of our goal to empower and motivate outstanding long-term contributions by our Named Executive Officers and other employees. The Compensation Committee believes that the value of stock options will reflect our performance over the long-term. Under our employee stock option program, options are granted at fair market value at the date of grant, and options granted under the program become exercisable only after a vesting period, which is subject to continued employment. Consequently, employees benefit from stock options only if the market value of our common stock increases over time. With respect to these stock options, we recognize compensation expense based on FASB ASC Topic 718.

The Compensation Committee typically grants stock options to our Named Executive Officers under the OPKO Health, Inc. 2007 Equity Incentive Plan (the "2007 Equity Incentive Plan"). As with base salaries, there is no set formula or performance criteria, which determines the amount of the equity award for our Named Executive Officers or our other employees. Nor does the Compensation Committee assign any relative weight to any specific factors or criteria it considers when granting stock options. Rather, the Committee exercises its judgment and discretion by considering all factors it deems relevant at the time of such grants, including the peer group survey. For the Named Executive Officers, other than the Chief Executive Officer, the decisions by the Compensation Committee regarding grants of stock options are made based almost entirely upon the recommendation of the Company's Chief Executive Officer, and includes his subjective determination based on his assessment of the executive officer's current position with the Company, the executive officer's past and expected future performance and the other factors discussed in the determination of base salaries.

In determining grants of stock options made in March 2013 and April 2014, the Compensation Committee relied primarily on the recommendations of the Chief Executive Officer for the Named Executive Officers other than the Chief Executive Officer. Historically, in making his recommendations to the Compensation Committee regarding the other executive officers, the Chief Executive Officer has tried to position the value of the stock option grants around the competitive median of the peer groups. Nevertheless, in recommending stock option grants to executive officers in 2013, which exceeded the competitive median, the Chief Executive Officer considered a number of factors, including the officers' substantial experience in the pharmaceutical industry and the critical role they played in the significant growth, development, and accomplishments of the Company since 2010, as well as the fact that no equity awards or salary increases had been awarded in the prior two years. In determining the stock option award for the Chief Executive Officer, the Compensation Committee relied heavily on the Company's accomplishments and growth in the preceding two years, including more than doubling its revenues and employee base, its completion of several strategic acquisitions, investments, and capital raising transactions, as well as the fact that no equity awards or salary increases had been granted to the Chief Executive Officer in the two prior years. As discussed above, our Compensation Committee considered compensation practices at the peer group companies, but recognized that the actual positioning of compensation for individual executives may range above or below the median based on job content, experience and responsibilities of the roles compared to similar positions in the market.

We have not granted to any employee any restricted stock or restricted stock awards pursuant to our equity benefit plans. However, our Compensation Committee, in its discretion, may in the future elect to make such grants to our Named Executive Officers if it deems it advisable.

Advisory Vote on Executive Compensation

We conducted our first advisory vote on executive compensation at our 2011 Annual Meeting. While this vote was not binding on the Company, our Board or our Compensation Committee, we believe that it is important for our stockholders to have an opportunity to vote on this proposal every three years as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in our proxy statement. Our Board and our Compensation Committee value the opinions of our stockholders and, to the extent there is any significant vote against the compensation of our Named Executive Officers as disclosed in the proxy statement, we will consider our stockholders concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. In addition to our advisory vote on executive compensation every three years, we are committed to ongoing engagement with our stockholders on executive compensation and corporate governance issues. These engagement efforts take place throughout the year through meetings, telephone calls and correspondence involving our senior management, directors and representatives of our stockholders.

At the 2011 Annual Meeting, more than 99% of the votes cast on the advisory vote on the executive compensation proposal were in favor of our named executive officer compensation as disclosed in the proxy statement, and as a result our named executive officer compensation was approved. The Board and Compensation Committee reviewed these final vote results. Given the significant level of support, no changes to our executive compensation policies and decisions were necessary at that time based on the vote results. We have determined that our stockholders should vote on a Say-on-Pay proposal every three years, consistent with the preference expressed by our stockholders at the 2011 Annual Meeting. Therefore, we are holding a vote on Say on Pay this year. Accordingly, the next Say on Pay vote after the 2014 Annual Meeting will be in 2017.

Employment Agreements. We have not entered into an employment agreement with any of our current executive officers.

Severance and Change-in-Control Benefits. Except as set forth below, none of our current executive officers are entitled to severance or change of control benefits; provided however, that the 2007 Equity Incentive Plan provides for certain accelerated vesting upon change in control events. Adam Logal, our Senior Vice President, Chief Financial Officer, is entitled to receive four months of paid salary and continued benefits if he is terminated without cause or he resigns for good reason.

401(k) Profit Sharing Plan. We have adopted a tax-qualified 401(k) Profit Sharing Plan (the 401(k) Plan) covering all qualified employees. The effective date of the 401(k) Plan is January 2008. Participants may elect a salary reduction of at least 1% as a contribution to the 401(k) Plan, up to the statutorily prescribed annual limit for tax-deferred contributions (\$17,500 for employees under age 50 and an additional \$5,500 for employees 50 and above in 2013). In 2008, the Company adopted the Roth contribution for employee elections. The 401(k) Plan permits employer matching of up to 4% of a participant's salary up to the statutory limits. In 2010, we elected a safe harbor contribution at 4% of annual compensation. All of our safe harbor contributions are immediately vested. *Other Compensation.* All of our Named Executive Officers have standard benefits that are offered to all full-time, exempt employees. These standard benefits include health, dental and life insurance, and short and long term disability. We intend to continue to maintain the current benefits and perquisites for our Named Executive Officers; however, our Compensation Committee, in its discretion, may in the future revise, amend, or add to the benefits and perquisites of any Named Executive Officer if it deems it advisable.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code generally does not allow a deduction for annual compensation in excess of \$1,000,000 paid to our executive officers. This limitation on deductibility does not apply to certain compensation, including performance based compensation under a plan approved by our stockholders. It is expected that equity grants under our 2007 Equity Incentive Plan will qualify for the performance-based exceptions from the Section 162(m) limitations. Our policy is generally to preserve the federal income tax deductibility of compensation and to qualify eligible compensation for the performance-based exception in order for compensation not to be subject to the

limitation on deductibility imposed by Section 162(m) of the Code. We may, however, approve compensation that may not be deductible if we determine that the compensation is in our best interests as well as the best interests of our stockholders.

Fiscal Year-End Equity Compensation Plan Information

The following table sets forth aggregated information concerning OPKO equity compensation plans outstanding at December 31, 2013.

| Equity Compensation Plans Not Approved by Stockholders | | | |
| Total | 21,350,597 | \$ 4.47 | 21,399,502 |

Pension Benefits

None of our Named Executive Officers is covered by a pension plan or other similar benefit plan that provides for payments or other benefits at, following, or in connection with retirement.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plan

None of our Named Executive Officers is covered by a nonqualified defined contribution or other nonqualified deferred compensation plan.

Employment Agreements and Change in Control Arrangements

We have not entered into employment agreements with any of our executive officers, and none of our Named Executive Officers are entitled to severance or change of control benefits; provided however, that the 2007 Equity Incentive Plan provides for accelerated vesting of all awards under the plan upon a Change in Control. Pursuant to the plan, if there is a Change in Control of the Company, the vesting date of each outstanding equity award under the plan shall be accelerated so that each such award shall, immediately prior to the effective date of the Change in Control, become fully vested with respect to the total number of shares of common stock subject to such award. Upon the consummation of any Change in Control, all outstanding awards under the Plan, shall to the extent not previously exercised, either be assumed by any successor corporation or parent thereof or be replaced with a comparable award with respect to shares of common stock of such successor corporation or parent thereof. Under the 2007 Equity Incentive Plan, a Change in Control means the occurrence of any of the following events:

- (a) any Person (other than (i) the Company, (ii) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, (iii) any subsidiaries of the Company, (iv) any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company, or (v) the Frost Group or any of its affiliates) becomes, either alone or together with such Person's affiliates and associates, the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then-outstanding securities;
- (b) during any period of twenty-four months, individuals who at the beginning of such period constitute the Board, and any new directors whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority thereof;
- (c) the effective date or date of consummation of any transaction or series of transactions (other than a transaction to which only the Company and one or more of its subsidiaries are parties) under which the Company is merged or consolidated with any other company, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) 50% or more of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or
- (d) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

If we had experienced a Change of Control on December 31, 2013, the value of the acceleration of stock options held by each of Drs. Frost, Hsiao and Messrs. Rubin and Rodriguez would be approximately \$2.1 million, \$2.0 million, \$1.8 million, and \$.06 million, respectively.

Juan F. Rodriguez, the Company's former Senior Vice President and Chief Financial Officer resigned effective April 1, 2014. Mr. Rodriguez will provide consulting services to the Company for a period of six months in exchange for which he will receive \$100,000 payable over the term of the consulting period. His options will continue to vest during the consulting period and any unvested options shall automatically accelerate at the end of the consulting period. In connection with his resignation, Adam Logal, was appointed Senior Vice President, Chief Financial Officer, effective on April 1, 2014. Mr. Logal will receive an annual base salary of \$300,000, and a stock option to acquire 250,000 shares of the Company's common stock. He will also be eligible to participate in bonus and benefit programs offered by the Company to other executive officers from time to time.

Compensation Policies and Practices as Related to Risk Management

The Compensation Committee and management do not believe that the Company maintains compensation policies or practices that are reasonably likely to have a material adverse effect on the Company. Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. A significant proportion of the compensation provided to our employees is in the form of long-term equity-based incentives that we believe are important to help further align our employees' interests with those of our stockholders. We do not believe that these equity-based incentives encourage unnecessary or excessive risk taking because their ultimate value is tied to our stock price.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP (Ernst & Young) has served as the Company's independent registered public accounting firm since 2007. The Audit Committee plans to engage Ernst & Young as the Company's independent registered public accounting firm to audit our financial statements for fiscal 2014 and to express an opinion on the effectiveness of our internal control over financial reporting as of December 31, 2014. We expect that a representative of Ernst & Young will attend the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services provided by Ernst & Young for the audits of our annual financial statements and internal control over financial reporting for fiscal 2013 and 2012:

| | FY 2013 | FY 2012 |
|--------------------|---------------------|-------------------|
| Audit Fees | \$ 1,512,200 | \$ 817,000 |
| Audit-Related Fees | | 72,000 |
| Tax Fees | | |
| All Other Fees | 2,000 | 2,000 |
| Total | \$ 1,514,200 | \$ 891,000 |

Audit Fees include fees for services rendered for the audit of our annual consolidated financial statements, the audit of internal control over financial reporting, the review of financial statements included in our quarterly reports on Form 10-Q, and consents and other services normally provided in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees would principally include fees incurred for due diligence in connection with potential transactions and accounting consultations. There were no audit-related fees incurred in 2013. During 2012, Ernst & Young performed certain due diligence activities on a transaction.

Tax Fees would include fees for services rendered for tax compliance, tax advice, and tax planning. There were no tax fees incurred with Ernst & Young in 2013 and 2012.

All Other Fees would include fees for all other services rendered to us that do not constitute Audit Fees, Audit-Related Fees, or Tax Fees. For 2013 and 2012, such fees related to a license associated with an accounting research tool.

Audit Committee Policy for Pre-approval of Independent Auditor Services

The Audit Committee of the Board is required to pre-approve all audit and non-audit services provided by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee has established a policy regarding pre-approval of permissible audit, audit-related, and other services provided by the independent auditors, which services are periodically reviewed and revised by the Audit Committee. Unless a type of service has received general pre-approval under the policy, the service will require specific approval by the Audit Committee. The policy also includes pre-approved fee levels for specified services and any proposed service exceeding the established fee level must be specifically approved by the Audit Committee. All audit and permitted non-audit services and all fees associated with such services performed by our independent registered public accounting firm in fiscal 2013 and 2012 were approved by the Audit Committee consistent with the policy described above.

AUDIT COMMITTEE REPORT

The following Audit Committee Report shall not be deemed to be soliciting material or to be filed with the SEC or incorporated by reference in any other filing by us under the Securities Act of 1933 or Securities Exchange Act of 1934.

The members of the Audit Committee of the Board are Messrs. Pfenniger, Baron, and Paganelli. The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's accounting and financial reporting processes. The Audit Committee's functions are more fully described in its charter, which the Board has adopted. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. The Board annually reviews the NYSE listing standards' definition of independence for Audit Committee members and has determined that each member of the Audit Committee is independent under that standard.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations.

The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent annual audit of the Company's consolidated financial statements and expressing an opinion on both the conformity of those financial statements with United States generally accepted accounting principles and on the effectiveness of our internal control over financial reporting. The Audit Committee's policy is that all services rendered by the Company's independent auditor are either specifically approved or pre-approved and are monitored both as to spending level and work content to maintain the appropriate objectivity and independence of the independent auditor. The Audit Committee's policy provides that the Audit Committee has the ultimate authority to approve all audit engagement fees and terms and that the Audit Committee shall review, evaluate, and approve the engagement proposal of the independent auditor.

In conjunction with its activities during fiscal 2013, the Audit Committee reviewed and discussed our interim results, audited financial statements, and the annual integrated audit of our financial statements and internal control over financial reporting with management and the Company's independent registered public accounting firm with and without management present. The members of the Audit Committee discussed the quarterly review procedures and annual audit procedures performed by the independent registered public accounting firm in connection with the quarterly unaudited and annual audited financial statements and discussed and agreed upon procedures related to the audit of internal control over financial reporting with management of the Company and its independent registered public accounting firm. The members of the Audit Committee also discussed with the Company's independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended. In addition, the Audit Committee received from the Company's independent registered public accounting firm the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board that the fiscal 2013 annual audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2013.

PROPOSAL TWO:

**NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED
EXECUTIVE OFFICERS (SAY ON PAY)**

Background of the Proposal

The Dodd-Frank Act requires all public companies, beginning with their stockholder meetings on or after January 21, 2011, to hold a separate non-binding advisory stockholder vote to approve the compensation of executive officers as described in the Compensation Discussion and Analysis, the executive compensation tables and any related information in each such company's proxy statement (commonly known as a "Say on Pay" proposal). Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are holding a separate non-binding advisory vote on Say on Pay at the Annual Meeting.

Say on Pay Proposal

As discussed in the "Compensation Discussion and Analysis" section of this proxy statement, our executive compensation program is primarily structured to (i) attract, motivate, and retain talented executives with the skill sets and expertise we need to meet our scientific and business objectives; (ii) be competitive in the marketplace; (iii) tie annual and long-term cash and equity incentives to the achievement of specified performance objectives that will result in increased stockholder value; and (iv) be cost-effective. The three primary elements of compensation used to support the above goals are base salary, discretionary annual bonus and equity awards. Although we have not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, we maintain compensation plans that tie a substantial portion of our executives' overall compensation to the achievement of corporate goals and success of the Company. The Board believes that our compensation program for our executive officers is appropriately based upon our performance and the individual performance and level of responsibility of the executive officers. We urge you to read the "Executive Compensation" section of this proxy statement for details on the Company's executive compensation programs.

The Say on Pay proposal is set forth in the following resolution:

RESOLVED, that the compensation paid to OPKO Health, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Because your vote on this proposal is advisory, it will not be binding on the Board, the Compensation Committee or the Company. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. As set forth in the Compensation Discussion and Analysis, the Company will conduct a Say on Pay advisory vote every three years.

OUR BOARD RECOMMENDS A VOTE FOR THE SAY ON PAY PROPOSAL.

OTHER INFORMATION

Deadlines for Stockholder Proposals and Nominations for the 2015 Annual Meeting

Pursuant to Rule 14a-8 under the Exchange Act, our stockholders may present proper proposals for inclusion in our proxy statement and form of proxy and for consideration at the next annual meeting by submitting their proposals to us in a timely manner. Any stockholder of the Company who wishes to present a proposal for inclusion in the proxy statement and form of proxy for action at the 2015 annual meeting of stockholders (the 2015 Annual Meeting) must comply with our Amended and Restated Bylaws and the rules and regulations of the SEC, each as then in effect. Such proposals must be mailed to us at our offices at 4400 Biscayne Blvd., Miami, Florida 33137, attention: Secretary. Under the rules of the SEC, any stockholder proposal intended to be presented at the 2015 Annual Meeting must be received no later than December 26, 2014 in order to be considered for inclusion in our proxy statement and form of proxy relating to such meeting. Under our Amended and Restated Bylaws, a stockholder must follow certain procedures to nominate persons for election as directors or to introduce an item of business at an annual meeting of stockholders. In order to be timely, we must receive notice of your intention to introduce a nomination or propose an item of business at our 2015 Annual Meeting between March 14, 2015 and April 13, 2015.

If a stockholder notifies us of an intent to present a proposal at the 2015 Annual Meeting at any time after April 13, 2015 (and for any reason the proposal is voted on at that meeting), it will be considered untimely and our proxy holders will have the right to exercise discretionary voting authority with respect to the proposal, if presented at the meeting, without including information regarding the proposal in our proxy materials.

Expenses of Solicitation

We will bear the cost of this proxy solicitation. In addition to the use of the mails, some of our regular employees, without additional remuneration, may solicit proxies personally or by telephone or facsimile. We will reimburse brokers, dealers, banks, and other custodians, nominees, and fiduciaries for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Other Business

As of the date of this proxy statement, the Board knows of no business to be presented at the Annual Meeting other than as set forth in this proxy statement. If other matters properly come before the Annual Meeting, or any of its adjournments, the persons named as proxies will vote on such matters in their discretion.

Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice of Internet Availability of Proxy Materials (Notice), addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are stockholders of our company will be householding our proxy materials and Notice. A single proxy statement or Notice may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once a stockholder has received notification from its broker that it will be householding communications to such stockholder's address, householding will continue until such stockholder is notified otherwise or until such stockholder notifies its broker or us that it no longer wishes to participate in householding. If, at any time, a stockholder no longer wishes to participate in householding and would prefer to receive a separate copy of the 2014 proxy statement and 2013 annual report, or of

the Notice, and/or wishes to receive separate copies of these documents in the future such stockholder may (1) notify its broker or (2) direct its written or oral request to: OPKO Health, Inc., Corporate Secretary, 4400 Biscayne Blvd., Miami, Florida 33137, (305) 575-4100. Upon written or oral request, we will deliver promptly a separate copy of the 2014 proxy statement and 2013 annual report or Notice to any stockholder at a shared address to which a single copy of any of these documents was delivered.
