Calculation Agent: The Bank of New York Mellon Trust Company, N.A.

Calculation of U.S. Dollar LIBOR: The Calculation Agent will determine U.S. dollar LIBOR in accordance with the following provisions: With respect to any Interest Determination Date, U.S. dollar LIBOR will be the rate for deposits in U.S. dollars having a maturity of three months commencing on the Interest Reset Date that appears on the designated LIBOR page as of 11:00 a.m., London time, on that Interest Determination Date. If no rate appears, U.S. dollar LIBOR, in respect of that Interest Determination Date, will be determined as follows: the Calculation Agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected and identified by BP Capital U.K., to provide the Calculation Agent with its offered quotation for deposits in U.S. dollars for the period of three months, commencing on the Interest Reset Date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that Interest Determination Date and in a principal amount that is representative for a single transaction in U.S. dollars in that market at that time. If at least two quotations are provided, then U.S. dollar LIBOR on that Interest Determination Date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, then U.S. dollar LIBOR on the Interest Determination Date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m., New York City time, on the Interest Determination Date by three major banks in The City of New York selected and identified by BP Capital U.K. for loans in U.S. dollars to leading European banks, having a three-month maturity and in a principal amount that is representative for a single transaction in U.S. dollars in that market at that time; provided, however, that if the banks selected and identified by BP Capital U.K. are not providing quotations in the manner described by this sentence, U.S. dollar LIBOR determined as of that Interest Determination Date will be U.S. dollar LIBOR in effect on that Interest Determination Date. The designated LIBOR page is the Reuters screen LIBOR01 , or any

successor service for the purpose of displaying the London interbank rates of major banks for U.S. dollars. The Reuters screen LIBOR01 is the display designated as the Reuters screen LIBOR01, or such other page as may replace the Reuters screen LIBOR01 on that service or such other service or services as may be nominated for the purpose of displaying London interbank offered rates for U.S. dollar deposits by ICE Benchmark Administration Limited (IBA) or its successor or such other entity assuming the responsibility of IBA or its successor in calculating the London Interbank Offered Rate in the event IBA or its successor no longer does so. All calculations made by the Calculation Agent for the purposes of calculating the Interest Rate on the 2018 Notes shall be conclusive and binding on the holders of 2018 Notes, BP, BP Capital U.K. and the trustee, absent manifest error.

Supplemental Information on U.S. Taxation: BP Capital U.K. expects that the 2020 notes will be treated as issued in a qualified reopening of the outstanding U.S. \$1,250,000,000 2.315% Guaranteed Notes due 2020 (CUSIP No. 05565QCX4, ISIN US05565QCX43), previously issued by BP Capital U.K. (the original 2020 notes) for U.S. federal income tax purposes. Debt securities issued in a qualified reopening for U.S. federal income tax purposes are deemed to be part of the same issue as the original debt securities. Under such treatment, the 2020 notes would have the same issue date, the same issue price and the same adjusted issue price as the original 2020 notes for U.S. federal income tax purposes. Payments on the 2020 notes that are attributable to pre-issuance accrued interest should not be includible in income. A United States holder acquiring the 2020 notes pursuant to this offering generally will be treated as acquiring the notes with premium, as described in the accompanying prospectus under Tax Considerations United States Taxation Debt Securities Purchased at a Premium. However, because the 2020 notes may be redeemable by BP Capital U.K. prior to maturity at a premium, special rules may apply that could reduce, eliminate or defer the amount of premium that you may amortize with respect to the 2020 notes. Please consult your tax advisor about the effect of BP Capital U.K.'s optional redemption right on your ownership of the 2020 notes.
