## **Fund objective**

The Fund seeks to maximize current income exempt from federal income tax\* as is consistent with preservation of principal.

The Fund seeks to achieve its objective by investing primarily in long-term investment grade municipal debt securities issued by state and local governments, political subdivisions, agencies and public authorities (municipal obligations). Under normal market conditions, the Fund will invest at least 80% of its total assets in municipal obligations rated investment grade at the time of investment.

## **Letter from the chairman**

### **Dear Shareholder,**

We are pleased to provide the annual report of Western Asset Managed Municipals Fund Inc. for the twelve-month reporting period ended May 31, 2017. Please read on for a detailed look at prevailing economic and market conditions during the Fund's reporting period and to learn how those conditions have affected Fund performance.

As always, we remain committed to providing you with excellent service and a full spectrum of investment choices. We also remain committed to supplementing the support you receive from your financial advisor. One way we accomplish this is through our website, [www.lmcef.com](http://www.lmcef.com). Here you can gain immediate access to market and investment information, including:

Fund prices and performance,

## Investment commentary

### Economic review

The pace of U.S. economic activity fluctuated during the twelve months ended May 31, 2017 (the reporting period). Looking back, the U.S. Department of Commerce reported that second quarter 2016 U.S. gross domestic product (GDP) growth was 1.4%. GDP growth for the third quarter of 2016 was 3.5%, the strongest reading in two years. However, fourth quarter 2016 GDP growth then moderated to 2.1%. Finally, the U.S. Department of Commerce's final reading for first quarter 2017 GDP growth released after the reporting period ended was 1.4%. The deceleration in growth reflected downturns in private inventory investment and personal consumption expenditures, along with more modest state and local government spending.

Job growth in the U.S. was solid overall and a tailwind for the economy during the reporting period. When the reporting period ended on May 31, 2017, the unemployment rate was 4.3%, as reported by the U.S. Department of Labor. This was the lowest unemployment rate since May 2001. The percentage of longer-term unemployed also declined over the period. In May 2017, 24.0% of Americans looking for a job had been out of work for more than six months, versus 25.8% when the period began.

Looking back, after an extended period of maintaining the federal funds rate<sup>ii</sup> at a historically low range between zero and 0.25%, the Federal Reserve Board (the Fed<sup>ii</sup>) increased the rate at its meeting on December 16, 2015. This marked the first rate hike since 2006. In particular, the U.S. central bank raised the federal funds rate to a range between 0.25% and 0.50%. The Fed then kept rates on hold at each meeting prior to its meeting in mid-December 2016. On December 14, 2016, the Fed raised rates to a range between 0.50% and 0.75%.

After holding rates steady at its meeting that concluded on February 1, 2017, the Fed raised rates to a range between 0.75% and 1.00% at its meeting that ended on March 15, 2017. Finally, at its meeting that concluded on June 14, 2017 after the reporting period ended the Fed raised rates to a range between 1.00% and 1.25%. The Fed also said that it planned to reduce its balance sheet, saying, "The Committee is maintaining its existing policy of reinvesting principal payments from its holdings of agency debt and agency mortgage-backed securities in agency mortgage-backed securities and of rolling over maturing Treasury securities at auction. The Committee currently expects to begin implementing a balance sheet normalization program this year, provided that the economy evolves broadly as anticipated."

As always, thank you for your confidence in our stewardship of your assets.

Sincerely,

Jane Trust, CFA

Chairman, President and Chief Executive Officer

Investment commentary (cont d)

i Gross domestic product ( GDP ) is the market value of all final goods and services produced within a country in a given period of time.

ii The federal funds rate is the rate charged by one depository institution on an overnight sale of immediately available funds (balances at the Federal Reserve) to another depository institution; the rate may vary from depository institution to depository institution and from day to day.

iii The Federal Reserve Board (the Fed ) is responsible for the formulation of U.S. policies designed to promote economic growth, full employment, stable prices and a sustainable pattern of international trade and payments.

IV Western Asset Managed Municipals Fund Inc.

**Table of Contents**

## Fund overview

### **Q. What is the Fund's investment strategy?**

**A.** The Fund seeks to maximize current income exempt from federal income tax as is consistent with preservation of principal. We select securities primarily by identifying undervalued sectors and individual securities, while also selecting securities that we believe will benefit from changes in market conditions.

Under normal market conditions, the Fund invests primarily in investment grade municipal bonds, but it can also invest up to 20% of its total assets in municipal bonds rated below investment grade by a nationally recognized statistical rating organization or, if unrated, determined to be of equivalent quality. The Fund may also use a variety of derivative instruments for investment purposes, as well as for hedging or risk-management purposes.

At Western Asset Management Company (Western Asset), the Fund's subadviser, we utilize a fixed-income team approach, with decisions derived from interaction among various investment management

sector specialists. The sector teams are comprised of Western Asset's senior portfolio management personnel, research analysts and an in-house economist. Under this team approach, management of client fixed-income portfolios will reflect a consensus of interdisciplinary views within the Western Asset organization. Effective August 1, 2016, the individuals responsible for development of investment strategy, day-to-day portfolio management, oversight and coordination of the Fund are S. Kenneth Leech, Robert E. Amodeo and David T. Fare.

### **Q. What were the overall market conditions during the Fund's reporting period?**

**A.** The overall fixed income market experienced periods of volatility and generated a modest gain over the twelve-month reporting period ended May 31, 2017. The spread sectors (non-Treasuries) generally rallied from June 2016 through September 2016, as concerns over global growth moderated, energy prices stabilized and the Federal Reserve Board's (the Fed) monetary policy remained accommodative. This rally occurred even as the market overcame several headwinds, including questions related to global monetary policy, implications of the U.K.'s referendum to leave the European Union (Brexit) and a number of geopolitical issues. U.S. Treasury yields then moved sharply higher and most segments of the fixed income market posted weak results from October 2016 through the end of December 2016 (yields and prices move in the opposite direction). This turnaround was triggered by expectations for improving economic growth and higher inflation due to potential fiscal stimulus from President Donald Trump's administration. In addition, for the first time in a year the Fed raised rates in December 2016. The U.S. central bank also indicated that it may institute more rate hikes in 2017 than it had previously projected. However, the spread sectors then regained their footing over the last five months of the period, as Treasury yields generally edged lower, even though the Fed again raised rates in March 2017.

Both short- and long-term Treasury yields moved higher during the reporting period as a whole. The yields for the two-year Treasury began the reporting period at 0.87% and

---

**Table of Contents**

## Fund overview (cont d)

ended the period at 1.28%. Their peak of 1.40% occurred on both March 13 and March 14, 2017, and they were as low as 0.56% on July 5, 2016. The yields for the ten-year Treasury were 1.84% at the beginning of the period and ended the period at 2.21%. Their peak of 2.62% was on March 13, 2017, and their low of 1.37% occurred on both July 5 and July 8, 2016.

The municipal bond market modestly underperformed its taxable bond counterpart during the twelve-month reporting period. Over that time, the Bloomberg Barclays Municipal Bond Index<sup>ii</sup> and the Bloomberg Barclays U.S. Aggregate Index<sup>iii</sup> returned 1.46% and 1.58%, respectively. After posting positive returns over the first three months of the reporting period, the municipal market declined from September through November 2016. This turnaround occurred as yields moved higher, municipal supply increased and investor demand weakened. The municipal market then generally rallied over the last six months of the period as long-term yields stabilized and then edged lower, supply moderated and investor demand improved.

### Q. How did we respond to these changing market conditions?

A. A number of adjustments were made to the Fund during the reporting period. Our allocation to the Health Care sector declined during the reporting period, as several securities were pre-refunded<sup>iv</sup>. As a byproduct of this, the Fund's Pre-Refunded securities exposure increased during the period. The Fund's exposure to State General Obligation bonds increased as we identified several individual securities that we felt were attractively valued. Finally, post the U.S. presidential election, we modestly increased the Fund's duration. This adjustment was consistent with our view that relatively safe haven assets (U.S. Treasuries and municipals) were oversold and the prices of risky assets were vulnerable. In our view, the long end of the municipal market continues to be attractive relative to Treasuries.

We employed the use of U.S. Treasury futures during the reporting period to manage duration. This strategy contributed to the Fund's performance.

During the reporting period, we utilized leverage in the Fund. We generally maintained liabilities as a percentage of gross assets of approximately 29% during the period. The use of leverage was additive for results given the positive performance of the municipal bond market over the twelve months ended May 31, 2017.

### Performance review

For the twelve months ended May 31, 2017, Western Asset Managed Municipals Fund Inc. returned 1.16% based on its net asset value ( NAV<sup>i</sup> ) and -1.31% based on its New York Stock Exchange ( NYSE ) market price per share. The Fund's unmanaged benchmark, the Bloomberg Barclays Municipal Bond Index, returned 1.46% for the same period. The Lipper General & Insured Municipal Debt (Leveraged) Closed-End Funds Category Average<sup>vii</sup> returned 0.93% over the same time frame. Please note that Lipper performance returns are based on each fund's NAV.

Certain investors may be subject to the federal alternative minimum tax, and state and local taxes will apply. Capital gains, if any, are fully taxable. Please consult your personal tax or legal adviser.

\*For the tax character of distributions paid during the fiscal year ended May 31, 2017, please refer to page 36 of this report.

**Table of Contents**

During the twelve-month period, the Fund made distributions to shareholders totaling \$0.77 per share.\* The performance table shows the Fund's twelve-month total return based on its NAV and market price as of May 31, 2017. **Past performance is no guarantee of future results.**

**Performance Snapshot as of May 31, 2017**

Price Per Share	12-Month Total Return
\$13.99 (NAV)	1.16%
\$13.84 (Market Price)	-1.31%

**All figures represent past performance and are not a guarantee of future results.**

**Total returns are based on changes in NAV or market price, respectively. Returns reflect the deduction of all Fund expenses, including management fees, operating expenses, and other Fund expenses. Returns do not reflect the deduction of brokerage commissions or taxes that investors may pay on distributions or the sale of shares.**

**Total return assumes the reinvestment of all distributions at NAV.**

**Total return assumes the reinvestment of all distributions in additional shares in accordance with the Fund's Dividend Reinvestment Plan.**

**Q. What were the leading contributors to performance?**

**A.** The largest contributor to the Fund's relative performance during the reporting period was its duration positioning. We tactically adjusted the Fund's duration given the changing market environment.

Our positioning in a number of sectors was beneficial for performance. In particular, security selection within and overweights to the Industrial Revenue and Transportation sectors were additive for results, as was security selection in the Education sector. Elsewhere, our Pre-Refunded securities holdings were positive for performance.

The Fund's quality biases overall also contributed to results. Overweights to municipal securities rated A and BBB, along with underweights to municipal securities rated AAA and AA, were rewarded, as lower-rated, higher yielding securities generally outperformed their higher-rated counterparts over the reporting period.

**Q. What were the leading detractors from performance?**

**A.** The largest detractor from the Fund's relative performance during the reporting period was its security selection of debt issued by the U.S. Virgin Islands. In particular, the Fund was negatively impacted by having a small overweight position relative to the benchmark in the U.S. Virgin Islands' debt backed by U.S. rum sales. These bonds were downgraded due to the U.S. Virgin Islands' weak fiscal condition and structural budget imbalances. The ratings agencies also changed their methodology in rating U.S. territory debt to reflect the risks associated with a Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) type legislation. This change in methodology could provide a legal framework to restructure any territory debt in the event of insolvency. The governor of the U.S. Virgin Islands recently crafted a five-year plan and the senate enacted several tax increases and proposed spending cuts equal to 10% of its budget.

Elsewhere, security selection in the Leasing sectors and our State General Obligation bonds were headwinds for results during the reporting period. Finally, an overweight to municipal securities rated BB was a drag on performance.

### Looking for additional information?

The Fund is traded under the symbol MMU and its closing market price is available in most newspapers under the NYSE listings. The daily NAV is available on-line under the symbol XMMUX on most financial websites. *Barron's* and the *Wall Street Journal's* Monday edition both carry closed-end fund tables that provide additional information. In addition, the Fund issues a quarterly press release that can be found on most major financial websites as well as [www.lmcef.com](http://www.lmcef.com) (click on the name of the Fund.)

In a continuing effort to provide information concerning the Fund, shareholders may call 1-888-777-0102 (toll free), Monday through Friday from 8:00 a.m. to 5:30 p.m. Eastern Time, for the Fund's current NAV, market price and other information.

Thank you for your investment in Western Asset Managed Municipals Fund Inc. As always, we appreciate that you have chosen us to manage your assets and we remain focused on achieving the Fund's investment goals.

Sincerely,

Western Asset Management Company

June 20, 2017

***RISKS:** The Fund is a non-diversified, closed-end management investment company designed primarily as a long-term investment and not as a trading vehicle. The Fund is not intended to be a complete investment program and, due to the uncertainty inherent in all investments, there can be no assurance that the Fund will achieve its investment objective. The Fund's common stock is traded on the New York Stock Exchange. Similar to stocks, the Fund's share price will fluctuate with market conditions and, at the time of sale, may be worth more or less than the original investment. Shares of closed-end funds often trade at a discount to their net asset value. Because the Fund is non-diversified, it may be more susceptible to economic, political or regulatory events than a diversified fund. The Fund's investments are subject to a number of risks such as interest rate risk, credit risk, leveraging risk and management risk. As interest rates rise, the price of fixed-income investments declines. Lower rated, higher-yielding bonds, known as high yield or junk bonds, are subject to greater liquidity and credit risk than higher-rated investment grade securities. Municipal securities purchased by the Fund may be adversely affected by changes in the financial condition of municipal issuers and insurers, regulatory and political developments, uncertainties and public perceptions, and other factors. The Fund may make significant investments in derivative instruments. Derivative instruments can be illiquid, may disproportionately increase losses and could have a potentially large impact on Fund performance. Investing in securities issued by other investment companies, including exchange-traded funds (ETFs) that invest primarily in municipal securities, involves risks similar to those of investing directly in the securities in which those investment companies invest. To the extent the Fund invests in securities of other investment companies, Fund stock holders will indirectly pay a portion of the operating costs of such companies, in addition to the expenses that the Fund bears directly in connection with its own operation. Leverage may result in greater volatility of NAV and market price of common shares and may increase a shareholder's risk of loss.*

The mention of sector breakdowns is for informational purposes only and should not be construed as a recommendation to purchase or sell any securities. The information provided

## **Table of Contents**

regarding such sectors is not a sufficient basis upon which to make an investment decision. Investors seeking financial advice regarding the appropriateness of investing in any securities or investment strategies discussed should consult their financial professional. Portfolio holdings are subject to change at any time and may not be representative of the portfolio managers' current or future investments. The Fund's portfolio composition is subject to change at any time.

All investments are subject to risk including the possible loss of principal. Past performance is no guarantee of future results. All index performance reflects no deduction for fees, expenses or taxes. Please note that an investor cannot invest directly in an index.

The information provided is not intended to be a forecast of future events, a guarantee of future results or investment advice. Views expressed may differ from those of the firm as a whole.

- <sup>i</sup> The Federal Reserve Board (the "Fed") is responsible for the formulation of U.S. policies designed to promote economic growth, full employment, stable prices, and a sustainable pattern of international trade and payments.
- <sup>ii</sup> The Bloomberg Barclays Municipal Bond Index is a market value weighted index of investment grade municipal bonds with maturities of one year or more.
- <sup>iii</sup> The Bloomberg Barclays U.S. Aggregate Index is a broad-based bond index comprised of government, corporate, mortgage- and asset-backed issues, rated investment grade or higher, and having at least one year to maturity.
- <sup>iv</sup> A pre-refunded bond is a bond in which the original security has been replaced by an escrow, usually consisting of treasuries or agencies, which has been structured to pay principal and interest and any call premium, either to a call date (in the case of a pre-refunded bond), or to maturity (in the case of an escrowed to maturity bond).
- <sup>v</sup> Duration is the measure of the price sensitivity of a fixed-income security to an interest rate change of 100 basis points. Calculation is based on the weighted average of the present values for all cash flows.
- <sup>vi</sup> Net asset value ("NAV") is calculated by subtracting total liabilities, including liabilities associated with financial leverage (if any), from the closing value of all securities held by the Fund (plus all other assets) and dividing the result (total net assets) by the total number of the common shares outstanding. The NAV fluctuates with changes in the market prices of securities in which the Fund has invested. However, the price at which an investor may buy or sell shares of the Fund is the Fund's market price as determined by supply of and demand for the Fund's shares.
- <sup>vii</sup> Lipper, Inc., a wholly-owned subsidiary of Reuters, provides independent insight on global collective investments. Returns are based on the twelve-month period ended May 31, 2017, including the reinvestment of all distributions, including returns of capital, if any, calculated among the 64 funds in the Fund's Lipper category.

## Spread duration (unaudited)

Economic exposure May 31, 2017

**Total Spread Duration**

MMU 5.73  
Benchmark 5.96

Spread duration measures the sensitivity to changes in spreads. The spread over Treasuries is the annual risk-premium demanded by investors to hold non-Treasury securities. Spread duration is quantified as the % change in price resulting from a 100 basis points change in spreads. For a security with positive spread duration, an increase in spreads would result in a price decline and a decline in spreads would result in a price increase. This chart highlights the market sector exposure of the Fund's portfolio and the exposure relative to the selected benchmark as of the end of the reporting period.

(a) Variable rate security. Interest rate disclosed is as of the most recent information available.

(b) Security is exempt from registration under Rule 144A of the Securities Act of 1933. This security may be resold in transactions that are exempt from registration, normally to qualified institutional buyers. This security has been deemed liquid pursuant to guidelines approved by the Board of Directors, unless otherwise noted.

(c) Maturity date shown represents the mandatory tender date.

(d) Pre-Refunded bonds are escrowed with U.S. government obligations and/or U.S. government agency securities and are considered by the manager to be triple-A rated even if issuer has not applied for new ratings.

(e) Income from this issue is considered a preference item for purposes of calculating the alternative minimum tax (AMT).

(f) Security is purchased on a when-issued basis.

(g) Bonds are escrowed to maturity by government securities and/or U.S. government agency securities and are considered by the manager to be triple-A rated even if issuer has not applied for new ratings.

(h) All or a portion of this security is held at the broker as collateral for open futures contracts.

(i)

## Edgar Filing: WESTERN ASSET MANAGED MUNICIPALS FUND INC. - Form N-CSR

Variable rate demand obligations have a demand feature under which the Fund can tender them back to the issuer or liquidity provider on no more than 7 days notice.

(i) Maturity date shown is the final maturity date. The security may be sold back to the issuer before final maturity.

# Aggregate cost for federal income tax purposes is \$764,956,845.

\* As a percentage of total investments.

\*\* The ratings shown are based on each portfolio security's rating as determined by Standard & Poor's, Moody's or Fitch, each a Nationally Recognized Statistical Rating Organization (NRSRO). These ratings are the opinions of the NRSRO and are not measures of quality or guarantees of performance. Securities may be rated by other NRSROs, and these ratings may be higher or lower. In the event that a security is rated by multiple NRSROs and receives different ratings, the Fund will treat the security as being rated in the highest rating category received from a NRSRO.

\*\*\*The credit quality of unrated investments is evaluated based upon certain factors including, but not limited to, credit ratings for similar investments and financial analysis of sectors and individual investments.

At May 31, 2017, the Fund had the following open futures contracts:

**Table of Contents**

<sup>1</sup> Per share amounts have been calculated using the average shares method.

<sup>2</sup> Amount represents less than \$0.005 per share.

<sup>3</sup> Performance figures may reflect compensating balance arrangements, fee waivers and/or expense reimbursements. In the absence of compensating balance arrangements, fee waivers and/or expense reimbursements, the total return would have been lower. Past performance is no guarantee of future results.

<sup>4</sup> The total return calculation assumes that distributions are reinvested at NAV. Past performance is no guarantee of future results.

<sup>5</sup> The total return based on NAV reflects the impact of the tender and repurchase by the Fund of a portion of its Auction Rate Cumulative Preferred Shares at 90% of the per share liquidation preference. Absent this transaction, the total return based on NAV would have been 6.36%.

<sup>6</sup> The total return calculation assumes that distributions are reinvested in accordance with the Fund's dividend reinvestment plan. Past performance is no guarantee of future results.

<sup>7</sup> Calculated on the basis of average net assets of common stock shareholders. Ratios do not reflect the effect of dividend payments to auction rate cumulative preferred stockholders.

<sup>8</sup> Represents value of net assets plus the auction rate cumulative preferred stock and variable rate demand preferred stock, if any, at the end of the period divided by the auction rate cumulative preferred stock and variable rate demand preferred stock, if any, outstanding at the end of the period.

<sup>9</sup> Added to conform to current period presentation.

## Notes to financial statements

### 1. Organization and significant accounting policies

Western Asset Managed Municipals Fund Inc. (the Fund) was incorporated in Maryland and is registered as a non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the 1940 Act). The Fund seeks to maximize current income exempt from federal income tax as is consistent with preservation of principal.

The following are significant accounting policies consistently followed by the Fund and are in conformity with U.S. generally accepted accounting principles (GAAP). Estimates and assumptions are required to be made regarding assets, liabilities and changes in net assets resulting from operations when financial statements are prepared. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ. Subsequent events have been evaluated through the date the financial statements were issued.

**(a) Investment valuation.** The valuations for fixed income securities (which may include, but are not limited to, corporate, government, municipal, mortgage-backed, collateralized mortgage obligations and asset-backed securities) and certain derivative instruments are typically the prices supplied by independent third party pricing services, which may use market prices or broker/dealer quotations or a variety of valuation techniques and methodologies. The independent third party pricing services use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar securities. Short-term fixed income securities that will mature in 60 days or less are valued at amortized cost, unless it is determined that using this method would not reflect an investment's fair value. Investments in open-end funds are valued at the closing net asset value per share of each fund on the day of valuation. Futures contracts are valued daily at the settlement price established by the board of trade or exchange on which they are traded. If independent third party pricing services are unable to supply prices for a portfolio investment, or if the prices supplied are deemed by the manager to be unreliable, the market price may be determined by the manager using quotations from one or more broker/dealers or at the transaction price if the security has recently been purchased and no value has yet been obtained from a pricing service or pricing broker. When reliable prices are not readily available, such as when the value of a security has been significantly affected by events after the close of the exchange or market on which the security is principally traded, but before the Fund calculates its net asset value, the Fund values these securities as determined in accordance with procedures approved by the Fund's Board of Directors.

The Board of Directors is responsible for the valuation process and has delegated the supervision of the daily valuation process to the Legg Mason North Atlantic Fund Valuation Committee (the Valuation Committee). The Valuation Committee, pursuant to the policies adopted by the Board of Directors, is responsible for making fair value determinations, evaluating the effectiveness of the Fund's pricing policies, and reporting to the Board of Directors. When determining the reliability of third party pricing information for investments

## **Table of Contents**

owned by the Fund, the Valuation Committee, among other things, conducts due diligence reviews of pricing vendors, monitors the daily change in prices and reviews transactions among market participants.

The Valuation Committee will consider pricing methodologies it deems relevant and appropriate when making fair value determinations. Examples of possible methodologies include, but are not limited to, multiple of earnings; discount from market of a similar freely traded security; discounted cash-flow analysis; book value or a multiple thereof; risk premium/yield analysis; yield to maturity; and/or fundamental investment analysis. The Valuation Committee will also consider factors it deems relevant and appropriate in light of the facts and circumstances. Examples of possible factors include, but are not limited to, the type of security; the issuer's financial statements; the purchase price of the security; the discount from market value of unrestricted securities of the same class at the time of purchase; analysts' research and observations from financial institutions; information regarding any transactions or offers with respect to the security; the existence of merger proposals or tender offers affecting the security; the price and extent of public trading in similar securities of the issuer or comparable companies; and the existence of a shelf registration for restricted securities.

For each portfolio security that has been fair valued pursuant to the policies adopted by the Board of Directors, the fair value price is compared against the last available and next available market quotations. The Valuation Committee reviews the results of such back testing monthly and fair valuation occurrences are reported to the Board of Directors quarterly.

The Fund uses valuation techniques to measure fair value that are consistent with the market approach and/or income approach, depending on the type of security and the particular circumstance. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable securities. The income approach uses valuation techniques to discount estimated future cash flows to present value.

GAAP establishes a disclosure hierarchy that categorizes the inputs to valuation techniques used to value assets and liabilities at measurement date. These inputs are summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used to value securities are not necessarily an indication of the risk associated with investing in those securities.

**Table of Contents****Notes to financial statements (cont d)**

The following is a summary of the inputs used in valuing the Fund's assets carried at fair value:

Description	ASSETS			Total
	Quoted Prices (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Municipal bonds		\$ 845,377,860		\$ 845,377,860
Short-term investments		1,250,000		1,250,000
<b>Total investments</b>		<b>\$ 846,627,860</b>		<b>\$ 846,627,860</b>
Other financial instruments:				
Futures contracts	\$ 232,011			\$ 232,011

See Schedule of Investments for additional detailed categorizations.

**(b) Futures contracts.** The Fund uses futures contracts generally to gain exposure to, or hedge against, changes in interest rates or gain exposure to, or hedge against, changes in certain asset classes. A futures contract represents a commitment for the future purchase or sale of an asset at a specified price on a specified date.

Upon entering into a futures contract, the Fund is required to deposit cash or cash equivalents with a broker in an amount equal to a certain percentage of the contract amount. This is known as the initial margin and subsequent payments (variation margin) are made or received by the Fund each day, depending on the daily fluctuation in the value of the contract. For certain futures, including foreign denominated futures, variation margin is not settled daily, but is recorded as a net variation margin payable or receivable. The daily changes in contract value are recorded as unrealized gains or losses in the Statement of Operations and the Fund recognizes a realized gain or loss when the contract is closed.

Futures contracts involve, to varying degrees, risk of loss in excess of the amounts reflected in the financial statements. In addition, there is the risk that the Fund may not be able to enter into a closing transaction because of an illiquid secondary market.

**(c) Securities traded on a when-issued basis.** The Fund may trade securities on a when-issued basis. In a when-issued transaction, the securities are purchased or sold by the Fund with payment and delivery taking place in the future in order to secure what is considered to be an advantageous price and yield to the Fund at the time of entering into the transaction.

Purchasing such securities involves risk of loss if the value of the securities declines prior to settlement. These securities are subject to market fluctuations and their current value is determined in the same manner as for other securities.

**(d) Security transactions and investment income.** Security transactions are accounted for on a trade date basis. Interest income, adjusted for amortization of premium and accretion of discount, is recorded on the accrual basis. The cost of investments sold is determined by use of the specific identification method. To the extent any issuer defaults or

## **Table of Contents**

a credit event occurs that impacts the issuer, the Fund may halt any additional interest income accruals and consider the realizability of interest accrued up to the date of default or credit event.

**(e) Distributions to shareholders.** Distributions to common shareholders from net investment income of the Fund, if any, are declared quarterly and paid on a monthly basis. The Fund intends to satisfy conditions that will enable interest from municipal securities, which is exempt from federal and certain state income taxes, to retain such tax-exempt status when distributed to the common shareholders of the Fund. Distributions to common shareholders of net realized gains, if any, are taxable and are declared at least annually. Distributions to common shareholders of the Fund are recorded on the ex-dividend date and are determined in accordance with income tax regulations, which may differ from GAAP.

Distributions to holders of Auction Rate Cumulative Preferred Stock ( ARCPS ) are accrued daily and paid on a weekly basis and are determined as described in Note 6. Distributions to holders of Variable Rate Demand Preferred Stock ( VRDPS ) are accrued on a daily basis and paid monthly as described in Note 5 and are treated as an operating expense as required by GAAP. For tax purposes, the payments made to the holders of the Fund's VRDPS are treated as dividends or distributions.

**(f) Compensating balance arrangements.** The Fund has an arrangement with its custodian bank whereby a portion of the custodian's fees is paid indirectly by credits earned on the Fund's cash on deposit with the bank.

**(g) Cash flow information.** The Fund invests in securities and distributes dividends from net investment income and net realized gains, which are paid in cash and may be reinvested at the discretion of shareholders. These activities are reported in the Statement of Changes in Net Assets and additional information on cash receipts and cash payments are presented in the Statement of Cash Flows.

**(h) Net asset value.** The net asset value ( NAV ) of the Fund's common stock is determined no less frequently than the close of business on the Fund's last business day of each week (generally Friday) and on the last business day of the month. It is determined by dividing the value of the net assets available to common stock by the total number of shares of common stock outstanding. For the purpose of determining the NAV per share of the common stock, the value of the Fund's net assets shall be deemed to equal the value of the Fund's assets less (1) the Fund's liabilities including the aggregate liquidation value (i.e., \$25,000 per outstanding share) of the VRDPS, and (2) the aggregate liquidation value (i.e., \$25,000 per outstanding share) of the ARCPS.

**(i) Federal and other taxes.** It is the Fund's policy to comply with the federal income and excise tax requirements of the Internal Revenue Code of 1986 (the Code ), as amended, applicable to regulated investment companies. Accordingly, the Fund intends to distribute its taxable income and net realized gains, if any, to shareholders in accordance with timing requirements imposed by the Code. Therefore, no federal or state income tax provision is required in the Fund's financial statements.

**Table of Contents****Notes to financial statements (cont d)**

Management has analyzed the Fund's tax positions taken on income tax returns for all open tax years and has concluded that as of May 31, 2017, no provision for income tax is required in the Fund's financial statements. The Fund's federal and state income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state departments of revenue.

**(j) Reclassification.** GAAP requires that certain components of net assets be reclassified to reflect permanent differences between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. During the current year, the following reclassifications have been made:

	Undistributed Net Investment Income	Accumulated Net Realized Loss	Paid-in Capital
(a)	\$ 55,290		\$ (55,290)
(b)	(168,631)	\$ 168,631	

(a) Reclassifications are due to a non-deductible offering costs for tax purposes.

(b) Reclassifications are due to differences between book and tax accretion of market discount on fixed income securities.

## **2. Investment management agreement and other transactions with affiliates**

Legg Mason Partners Fund Advisor, LLC ( LMPFA ) is the Fund's investment manager and Western Asset Management Company ( Western Asset ) is the Fund's subadviser. LMPFA and Western Asset are wholly-owned subsidiaries of Legg Mason, Inc. ( Legg Mason ).

LMPFA provides administrative and certain oversight services to the Fund. The Fund pays an investment management fee, calculated daily and paid monthly, at an annual rate of 0.55% of the Fund's average daily net assets. For the purposes of calculating the investment management fee, the aggregate liquidation value of the preferred stock is not deducted in determining the Fund's average daily net assets.

LMPFA delegates to Western Asset the day-to-day portfolio management of the Fund. For its services, LMPFA pays Western Asset monthly 70% of the net management fee it receives from the Fund.

All officers and one Director of the Fund are employees of Legg Mason or its affiliates and do not receive compensation from the Fund.

The Fund is permitted to purchase or sell securities, typically short-term variable rate demand obligations, from or to certain other affiliated funds or portfolios under specified conditions outlined in procedures adopted by the Board of Directors. The procedures have been designed to provide assurance that any purchase or sale of securities by the Fund from or to another fund or portfolio that is, or could be considered, an affiliate by virtue of having a common investment manager or subadviser (or affiliated investment manager or subadviser), common Directors and/or common officers complies with Rule 17a-7 under the 1940 Act. Further, as defined under the procedures, each transaction is effected at the

**Table of Contents**

current market price. For the year ended May 31, 2017, such purchase and sale transactions (excluding accrued interest) were \$62,559,923 and \$80,330,116, respectively, with a realized gain of \$79,406.

**3. Investments**

During the year ended May 31, 2017, the aggregate cost of purchases and proceeds from sales of investments (excluding short-term investments) were as follows:

Purchases	\$ 101,044,736
Sales	99,615,313

At May 31, 2017, the aggregate gross unrealized appreciation and depreciation of investments for federal income tax purposes were as follows:

Gross unrealized appreciation	\$ 84,574,484
Gross unrealized depreciation	(2,903,469)
<b>Net unrealized appreciation</b>	<b>\$ 81,671,015</b>

**4. Derivative instruments and hedging activities**

Below is a table, grouped by derivative type, that provides information about the fair value and the location of derivatives within the Statement of Assets and Liabilities at May 31, 2017.

**ASSET DERIVATIVES<sup>1</sup>**

	Interest Rate Risk
Futures contracts <sup>2</sup>	\$ 232,011

<sup>1</sup> Generally, the balance sheet location for asset derivatives is receivables/net unrealized appreciation (depreciation) and for liability derivatives is payables/net unrealized appreciation (depreciation).

<sup>2</sup> Includes cumulative appreciation (depreciation) of futures contracts as reported in the Schedule of Investments. Only variation margin is reported within the receivables and/or payables on the Statement of Assets and Liabilities.

The following tables provide information about the effect of derivatives and hedging activities on the Fund's Statement of Operations for the year ended May 31, 2017. The first table provides additional detail about the amounts and sources of gains (losses) realized on derivatives during the period. The second table provides additional information about the change in unrealized appreciation (depreciation) resulting from the Fund's derivatives and hedging activities during the period.

**AMOUNT OF REALIZED GAIN (LOSS) ON DERIVATIVES RECOGNIZED**

	Interest Rate Risk
Futures contracts	\$ (151,218)

**CHANGE IN UNREALIZED APPRECIATION (DEPRECIATION) ON DERIVATIVES RECOGNIZED**

	Interest Rate Risk
Futures contracts	\$ 250,656

**Table of Contents****Notes to financial statements (cont d)**

During the year ended May 31, 2017, the volume of derivative activity for the Fund was as follows:

	Average Market Value
Futures contracts (to buy)	\$ 10,784,019
Futures contracts (to sell)	7,180,127

At May 31, 2017, there were no open positions held in this derivative. The following table presents by financial instrument, the Fund's derivative assets net of the related collateral received by the Fund at May 31, 2017:

	Gross Amount of Derivative Assets in the Statement of Assets and Liabilities <sup>1</sup>	Collateral Received	Net Amount
Futures contracts <sup>2</sup>	\$ 66,000		\$ 66,000

<sup>1</sup> Absent an event of default or early termination, derivative assets and liabilities are presented gross and not offset in the Statement of Assets and Liabilities.

<sup>2</sup> Amount represents the current day's variation margin as reported in the Statement of Assets and Liabilities. It differs from the cumulative appreciation (depreciation) presented in the previous table.

**5. Variable rate demand preferred stock**

On March 4, 2015, the Fund completed a private offering of 8,703 shares of Series 1 Variable Rate Demand Preferred Stock (VRDPS). Net proceeds from the offering were used by the Fund to repurchase outstanding shares of Series M, Series T, Series W, Series TH and Series F Auction Rate Cumulative Preferred Stock (ARCPS) that had been accepted for payment pursuant to the tender offer (see Note 6). Offering costs incurred by the Fund in connection with the VRDPS issuance are being amortized to expense over the life of the VRDPS.

The table below summarizes the key terms of Series 1 of the VRDPS at May 31, 2017.

Series	Mandatory Redemption Date	Shares	Liquidation Preference Per Share	Aggregate Liquidation Value
Series 1	3/4/2045	8,703	\$ 25,000	\$ 217,575,000

The VRDPS shares are not listed on any securities exchange or automated quotation system. For financial reporting purposes, the VRDPS shares are considered debt of the Fund; therefore, the liquidation value, which approximates fair value of the VRDPS shares, is recorded as a liability on the Statement of Assets and Liabilities.

Holders of VRDPS have the right to tender their VRDPS shares for remarketing at a price equal to the liquidation preference amount plus all accumulated but unpaid dividends and at a date which is no earlier than the seventh day following delivery of the notice to the tender and paying agent. The VRDPS shares include a liquidity feature that allows VRDPS holders to have their shares purchased by the liquidity provider with whom the Fund has contracted in the event of a failed remarketing where purchase orders are not sufficient in number to be matched with the

sale orders. The Fund is required to redeem the VRDPS shares owned by the liquidity provider after six months of continuous, unsuccessful

**Table of Contents**

remarketing. The Fund pays a monthly remarketing fee at the annual rate of 0.10% of the liquidation value of each VRDPS share outstanding on the first calendar day of the preceding calendar month. These fees are shown as remarketing fees on the Statement of Operations.

Holders of VRDPS are entitled to receive monthly cumulative cash dividends, payable on the first business day of each calendar month, at a variable rate set weekly by the remarketing agent. The dividend rate is generally based upon a spread over a base rate and cannot exceed a maximum rate. In the event of a failed remarketing, the dividend rate will reset to the maximum rate. The maximum rate is determined, in part, based upon the long-term rating assigned to the VRDPS. In the event the Fund fails to make a scheduled dividend payment, all outstanding shares of the VRDPS are subject to mandatory tender.

Subject to certain conditions, the VRDPS shares may be redeemed, in whole or in part, at any time at the option of the Fund. The redemption price per share is equal to the liquidation value per share plus any accumulated but unpaid dividends. The Fund is required to redeem its VRDPS on the mandatory redemption date, March 4, 2045. In addition, the Fund is required to redeem certain of the VRDPS shares if the Fund fails to maintain certain asset coverage and rating agency guidelines.

The Fund has entered into a fee agreement with the liquidity provider that requires monthly payment of an annual liquidity fee. These fees are shown as liquidity fees on the Statement of Operations. The fee agreement between the Fund and the liquidity provider is scheduled to terminate on March 1, 2018. The Fund has the right, which is exercisable 120 to 90 days prior to the scheduled termination date, to request that the liquidity provider extend the term of the agreement for an additional period. The Fund may also terminate the agreement early. In the event the fee agreement is not renewed or is terminated in advance, and the Fund does not enter into a fee agreement with an alternate liquidity provider, the VRDPS will be subject to mandatory purchase by the liquidity provider prior to the termination of the fee agreement. The Fund is required to redeem any VRDPS purchased by the liquidity provider six months after the purchase date.

The VRDPS ranks senior to the Fund's outstanding common stock and on parity with any other preferred stock. The Fund may not declare dividends or make other distributions on shares of its common stock unless the Fund has declared and paid full cumulative dividends on the VRDPS, due on or prior to the date of the common stock dividend or distribution, and meets the VRDPS asset coverage and rating agency requirements.

The holders of the VRDPS have one vote per share and vote together with the holders of common stock of the Fund as a single class except on matters affecting only the holders of preferred stock or the holders of common stock. Pursuant to the 1940 Act, holders of the preferred stock have the right to elect two Directors of the Fund, voting separately as a class.

**Table of Contents**

## Notes to financial statements (cont d)

The annualized dividend rate for the VRDPS shares for the year ended May 31, 2017 was 0.77%. VRDPS shares issued and outstanding remained constant during the year ended May 31, 2017.

### **6. Auction rate cumulative preferred stock**

As of May 31, 2017, the Fund had 129 shares outstanding of Series M, 283 shares outstanding of Series T, 276 shares outstanding of Series W, 534 shares outstanding of Series Th and 61 shares outstanding of Series F, each of Auction Rate Cumulative Preferred Stock ( ARCPS ).

On January 22, 2015, the Fund announced that it had commenced an issuer tender offer for up to 100% of its outstanding ARCPS at a price equal to 90% of the liquidation preference of \$25,000 per share (or \$22,500 per share), plus any unpaid dividends accrued through February 27, 2015, the expiration date of the tender offer.

The Fund's tender offer was conditioned upon the Fund closing on the private offering of VRDPS with an aggregate liquidation preference at least equal to the aggregate liquidation preference of ARCPS accepted for tender.

On March 4, 2015, the Fund announced the final results for its issuer tender offer and all shares that were validly tendered and not withdrawn during the offering period were accepted for payment. The Fund accepted for payment 1,871 Series M ARCPS, 1,717 Series T ARCPS, 1,710 Series W ARCPS, 1,466 Series Th ARCPS and 1,939 Series F ARCPS, which represented 93.55% of outstanding Series M ARCPS, 85.85% of outstanding Series T ARCPS, 85.50% of outstanding Series W ARCPS, 73.30% of outstanding Series Th ARCPS, and 96.95% of outstanding Series F ARCPS. In aggregate, the Fund accepted for payment 8,703 ARCPS, which represented 87.03% of the outstanding ARCPS. The ARCPS that were not tendered will remain outstanding. The difference between the liquidation preference of the ARCPS and the actual purchase price of the tendered ARCPS was recognized by the Fund in the Statement of Changes in Net Assets as an increase in net assets applicable to common shares resulting from the tender and repurchase of the ARCPS by the Fund.

In September 2015, the Fund repurchased 14 Series W ARCPS in a private transaction at a price equal to 90% of the liquidation preference of \$25,000 per share (or \$22,500 per share), plus any unpaid dividends. The difference between the liquidation preference of the ARCPS and the actual purchase price of the tendered ARCPS was recognized by the Fund in the Statement of Changes in Net Assets as an increase in the assets applicable to common shares resulting from the tender and repurchase of the ARCPS by the Fund.

The ARCPS dividends are cumulative at a rate determined at an auction and the dividend period is typically seven days. The dividend rate cannot exceed a certain maximum rate, including in the event of a failed auction, unless the Board of Directors of the Fund authorizes an increased maximum rate. To the extent capital gains and other taxable income are allocated to holders of ARCPS for tax purposes, the Fund will likely have to pay higher dividends to holders of ARCPS to compensate them for the increased tax liability to them

**Table of Contents**

resulting from such allocation. Due to failed auctions experienced by the Fund's ARCPS starting February 14, 2008, the Fund paid the applicable maximum rate, which was calculated as 110% of the prevailing 30-days AA Financial Composite Commercial Paper Rate. The Fund may pay higher maximum rates if the rating of the Fund's ARCPS were to be lowered by the rating agencies.

The dividend rates ranged from 0.426% to 1.558% during the year ended May 31, 2017. At May 31, 2017, the dividend rates in effect were as follows:

	Series M	Series T	Series W	Series Th	Series F
Dividend rates	1.311%	1.311%	1.328%	1.328%	1.311%

The ARCPS are redeemable under certain conditions by the Fund, or subject to mandatory redemption (if the Fund is in default of certain coverage requirements) at a redemption price equal to the liquidation preference, which is the sum of \$25,000 per share plus accumulated and unpaid dividends.

The Fund is required to maintain certain asset coverages with respect to the ARCPS. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the ARCPS in order to meet the applicable requirement. Additionally, failure to meet the foregoing asset requirements would restrict the Fund's ability to pay dividends to common stock shareholders.

The holders of the ARCPS have one vote per share and vote together with the holders of common stock of the Fund as a single class except on matters affecting only the holders of preferred stock or the holders of common stock. Pursuant to the 1940 Act, holders of the preferred stock have the right to elect two Directors of the Fund, voting separately as a class.

Citigroup Global Markets Inc. (CGM), an indirect wholly-owned subsidiary of Citigroup, acts as the broker/dealer in connection with the auction of ARCPS. For all periods since the ARCPS have been outstanding, the participation fee has been paid at the annual rate of 0.25% of the purchase price of the ARCPS that the broker/dealer places at the auction rate, however, on August 3, 2009, CGM reduced the participation fees to annual rate of 0.05% of the purchase price of the ARCPS, in the case of a failed auction. For the year ended May 31, 2017, CGM earned \$16,018 as the participating broker/dealer.

**7. Distributions to common shareholders subsequent to May 31, 2017**

The following distributions to common shareholders have been declared by the Fund's Board of Directors and are payable subsequent to the period end of this report:

Record Date	Payable Date	Amount
5/19/2017	6/01/2017	\$ 0.063
6/23/2017	7/03/2017	\$ 0.063
7/21/2017	8/01/2017	\$ 0.063
8/25/2017	9/01/2017	\$ 0.063

**Table of Contents****Notes to financial statements (cont'd)****8. Stock repurchase program**

On November 16, 2015, the Fund announced that the Fund's Board of Directors (the Board) had authorized the Fund to repurchase in the open market up to approximately 10% of the Fund's outstanding common stock when the Fund's shares are trading at a discount to net asset value. The Board has directed management of the Fund to repurchase shares of common stock at such times and in such amounts as management reasonably believes may enhance stockholder value. The Fund is under no obligation to purchase shares at any specific discount levels or in any specific amounts. During the year ended May 31, 2017, the Fund did not repurchase any shares.

**9. Income tax information and distributions to shareholders**

The tax character of distributions paid during the fiscal years ended May 31, was as follows:

	2017	2016
<b>Distributions paid from:</b>		
<b>Tax-exempt income:</b>	<b>\$ 32,977,360</b>	<b>\$33,445,504</b>
Auction rate cumulative preferred stockholders	347,340	90,619
Variable rate demand preferred stock	1,663,752	402,184
<b>Total tax-exempt distributions</b>	<b>\$ 34,988,452</b>	<b>\$ 33,938,307</b>
<b>Taxable income:</b>		
Common shareholders	\$ 90,404	\$ 462
Auction rate cumulative preferred stockholders	258	1
Variable rate demand preferred stock	1,144	3
<b>Total taxable distributions</b>	<b>\$ 91,806</b>	<b>\$ 466</b>
<b>Total distributions paid</b>	<b>\$ 35,080,258</b>	<b>\$ 33,938,773</b>

As of May 31, 2017, the components of accumulated earnings on a tax basis were as follows:

Undistributed tax-exempt income net	\$ 12,694,277
Deferred capital losses*	(13,901,496)
Capital loss carryforward**	(7,734,187)
Other book/tax temporary differences <sup>(a)</sup>	(315,700)
Unrealized appreciation (depreciation) <sup>(b)</sup>	81,903,026
<b>Total accumulated earnings (losses) net</b>	<b>\$ 72,645,920</b>

\*These capital losses have been deferred in the current year as either short-term or long-term losses. The losses will be deemed to occur on the first day of the next taxable year in the same character as they were originally deferred and will be available to offset future capital gains. These losses must be utilized before any of the Fund's capital loss carryforward may be utilized.

\*\* As of May 31, 2017, the Fund had the following net capital loss carryforward remaining:

Year of Expiration	Amount
5/31/2018	\$ (3,349,357)
5/31/2019	(4,384,830)
	\$ (7,734,187)

## **Table of Contents**

These amounts will be available to offset any future taxable capital gains.

- (a) Other book/tax temporary differences are attributable to the realization for tax purposes of unrealized gains (losses) on certain futures contracts and book/tax differences in the timing of the deductibility of various expenses.
- (b) The difference between book-basis and tax-basis unrealized appreciation (depreciation) is attributable to the tax deferral of losses on wash sales and differences between book & tax accretion methods for market discount on fixed income securities.

### **10. Recent accounting pronouncement**

In October 2016, the U.S. Securities and Exchange Commission adopted new rules and amended existing rules (together, the final rules ) intended to modernize the reporting and disclosure of information by registered investment companies. In part, the final rules amend Regulation S-X and require standardized, enhanced disclosure about derivatives in investment company financial statements, as well as other amendments. The compliance date for the amendments to Regulation S-X is August 1, 2017. Management is currently evaluating the impact that the adoption of the amendments to Regulation S-X will have on the Fund's financial statements and related disclosures.

## Report of independent registered public accounting firm

### **The Board of Directors and Shareholders**

#### **Western Asset Managed Municipals Fund Inc.:**

We have audited the accompanying statement of assets and liabilities of Western Asset Managed Municipals Fund Inc. (the Fund ), including the schedule of investments, as of May 31, 2017, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended. These financial statements and financial highlights are the responsibility of the Fund s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of May 31, 2017, by correspondence with the custodian and brokers or by other appropriate auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Western Asset Managed Municipals Fund Inc. as of May 31, 2017, the results of its operations and cash flows for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

New York, New York

July 20, 2017

**Table of Contents****Additional information** (unaudited)**Information about Directors and Officers**

The business and affairs of Western Asset Managed Municipals Fund Inc. (the Fund) are conducted by management under the supervision and subject to the direction of its Board of Directors. The business address of each Director is c/o Jane Trust, Legg Mason, 100 International Drive, 11th Floor, Baltimore, Maryland 21202. Information pertaining to the Directors and officers of the Fund is set forth below.

The Fund's annual proxy statement includes additional information about Directors and is available, without charge, upon request by calling the Fund at 1-888-777-0102.

**Independent Directors:****Robert D. Agdern**

Year of birth	1950
Position(s) held with Fund <sup>1</sup>	Director and Member of Nominating and Audit Committees, Class III
Term of office <sup>1</sup> and length of time served	Since 2015
Principal occupation(s) during past five years	Member of the Advisory Committee of the Dispute Resolution Research Center at the Kellogg Graduate School of Business, Northwestern University (2002 to 2016); formerly, Deputy General Counsel responsible for western hemisphere matters for BP PLC (1999 to 2001); formerly, Associate General Counsel at Amoco Corporation responsible for corporate, chemical, and refining and marketing matters and special assignments (1993 to 1998) (Amoco merged with British Petroleum in 1998 forming BP PLC).

## Dividend reinvestment plan (unaudited)

Under the Fund's Dividend Reinvestment Plan (Plan), a shareholder whose shares of common stock are registered in his own name will have all distributions from the Fund reinvested automatically by Computershare Inc., as purchasing agent under the Plan, unless the shareholder elects to receive cash. Distributions with respect to shares registered in the name of a broker-dealer or other nominee (that is, in street name) will be reinvested by the broker or nominee in additional shares under the Plan, unless the service is not provided by the broker or nominee or the shareholder elects to receive distributions in cash. Investors who own common stock registered in street name should consult their broker-dealers for details regarding reinvestment. All distributions to shareholders who do not participate in the Plan will be paid by check mailed directly to the record holder by or under the direction of Computershare Inc. as dividend paying agent.

The number of shares of common stock distributed to participants in the Plan in lieu of a cash dividend is determined in the following manner. When the market price of the common stock is equal to or exceeds 98% of the net asset value per share of the common stock on the determination date (generally, the record date for the distribution), Plan participants will be issued shares of common stock by the Fund at a price equal to the greater of 98% of net asset value or 95% of the market price of the common stock.

If the market price of the common stock is less than 98% of the net asset value of the common stock at the time of valuation (which is the close of business on the determination date), Computershare Inc. will buy common stock in the open market, on the NYSE or elsewhere, for the participants' accounts. If following the commencement of the purchases and before Computershare Inc. has completed its purchases, the market price exceeds the net asset value of the common stock as of the valuation time, Computershare Inc. will attempt to terminate purchases in the open market and cause the Fund to issue the remaining portion of the dividend or distribution in shares at a price equal to the greater of (a) 98% of net asset value as of the valuation time or (b) 95% of the then current market price. In this case, the number of shares received by a Plan participant will be based on the weighted average of prices paid for shares purchased in the open market and the price at which the Fund issues the remaining shares. To the extent Computershare Inc. is unable to stop open market purchases and cause the Fund to issue the remaining shares, the average per share purchase price paid by Computershare Inc. may exceed the net asset value of the common stock as of the valuation time, resulting in the acquisition of fewer shares than if the dividend or capital gains distribution had been paid in common stock issued by the Fund at such net asset value. Computershare Inc. will begin to purchase common stock on the open market as soon as practicable after the determination date for the dividend or capital gains distribution, but in no event shall such purchases continue later than 30 days after the payment date for such dividend or distribution, or the record date for a succeeding dividend or distribution, except when necessary to comply with applicable provisions of the federal securities laws.

Computershare Inc. maintains all shareholder accounts in the Plan and furnishes written confirmations of all transactions in each account, including information needed by a

---

**Table of Contents**

## Dividend reinvestment plan (unaudited) (continued)

shareholder for personal and tax records. The automatic reinvestment of dividends and capital gains distributions will not relieve Plan participants of any income tax that may be payable on the dividends or capital gains distributions. Common stock in the account of each Plan participant will be held by Computershare Inc. in uncertificated form in the name of the Plan participant.

Plan participants are subject to no charge for reinvesting dividends and capital gains distributions under the Plan. Computershare Inc.'s fees for handling the reinvestment of dividends and capital gains distributions will be paid by the Fund. No brokerage charges apply with respect to shares of common stock issued directly by the Fund under the Plan. Each Plan participant will, however, bear a proportionate share of any brokerage commissions actually incurred with respect to any open market purchases made under the Plan.

Experience under the Plan may indicate that changes to it are desirable. The Fund reserves the right to amend or terminate the Plan as applied to any dividend or capital gains distribution paid subsequent to written notice of the change sent to participants at least 30 days before the record date for the dividend or capital gains distribution. The Plan also may be amended or terminated by Computershare Inc., with the Fund's prior written consent, on at least 30 days' written notice to Plan participants. All correspondence concerning the plan should be directed by mail to Computershare Inc. 462 South 4th Street, Suite 1600, Louisville, KY 40202 or by telephone at 1-888-888-0151.

\* \* \*

On December 15, 2016, the Fund announced that the Board of Directors has authorized changes to the Fund's Dividend Reinvestment Plan (the Plan) with respect to dividend reinvestment determinations and transaction fees for Plan participants selling their shares. A copy of the revised Plan is included below.

Effective July 1, 2017, the Fund uses the dividend payment date to determine if new shares are issued or shares are purchased in the open market for Plan participants reinvesting their distributions. If on the payment date the closing market price (plus \$0.03 per share commission) is at or above the net asset value (NAV), the Fund will issue new shares of common stock. Newly issued shares of common stock will be issued at a price equal to the greater of (a) the NAV per share on the date prior to issuance or (b) 95% of the closing market price per share. If the closing market price (plus \$0.03 per share commission) is lower than the NAV per share on the payment date, the Plan Agent will receive the distribution in cash and purchase common stock in the open market. In addition, effective July 1, 2017, fees paid by Plan participants to sell Fund shares increased, with Plan participants paying a \$5.00 transaction fee plus a \$0.05 per share commission upon a sale of shares held pursuant to the Plan.

### **Revised Dividend reinvestment plan:**

Unless you elect to receive distributions in cash (i.e., opt-out), all dividends, including any capital gain dividends and return of capital distributions, on your Common Stock will be

## **Table of Contents**

automatically reinvested by Computershare Trust Company, N.A., as agent for the stockholders (the Plan Agent ), in additional shares of Common Stock under the Fund's Dividend Reinvestment Plan (the Plan ). You may elect not to participate in the Plan by contacting the Plan Agent. If you do not participate, you will receive all cash distributions paid by check mailed directly to you by Computershare Trust Company, N.A., as dividend paying agent.

If you participate in the Plan, the number of shares of Common Stock you will receive will be determined as follows:

(1) If the market price of the Common Stock (plus \$0.03 per share commission) on the payment date (or, if the payment date is not a NYSE trading day, the immediately preceding trading day) is equal to or exceeds the net asset value per share of the Common Stock at the close of trading on the NYSE on the payment date, the Fund will issue new Common Stock at a price equal to the greater of (a) the net asset value per share at the close of trading on the NYSE on the payment date or (b) 95% of the market price per share of the Common Stock on the payment date.

(2) If the net asset value per share of the Common Stock exceeds the market price of the Common Stock (plus \$0.03 per share commission) at the close of trading on the NYSE on the payment date, the Plan Agent will receive the dividend or distribution in cash and will buy Common Stock in the open market, on the NYSE or elsewhere, for your account as soon as practicable commencing on the trading day following the payment date and terminating no later than the earlier of (a) 30 days after the dividend or distribution payment date, or (b) the payment date for the next succeeding dividend or distribution to be made to the stockholders; except when necessary to comply with applicable provisions of the federal securities laws. If during this period: (i) the market price (plus \$0.03 per share commission) rises so that it equals or exceeds the net asset value per share of the Common Stock at the close of trading on the NYSE on the payment date before the Plan Agent has completed the open market purchases or (ii) if the Plan Agent is unable to invest the full amount eligible to be reinvested in open market purchases, the Plan Agent will cease purchasing Common Stock in the open market and the Fund shall issue the remaining Common Stock at a price per share equal to the greater of (a) the net asset value per share at the close of trading on the NYSE on the day prior to the issuance of shares for reinvestment or (b) 95% of the then current market price per share.

Common Stock in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all shares of Common Stock you have received under the Plan. You may withdraw from the Plan (i.e., opt-out) by notifying the Plan Agent in writing at 462 South 4th Street, Suite 1600, Louisville, KY 40202 or by calling the Plan Agent at 1-888-888-0151. Such withdrawal will be effective immediately if notice is received by the Plan Agent not less than ten business days prior to any dividend or distribution record date; otherwise such withdrawal will be effective as soon as practicable after the Plan Agent's investment of the most recently declared dividend or distribution on the Common Stock.

**Table of Contents**

## Dividend reinvestment plan (unaudited) (cont d)

Plan participants who sell their shares will be charged a service charge (currently \$5.00 per transaction) and the Plan Agent is authorized to deduct brokerage charges actually incurred from the proceeds (currently \$0.05 per share commission). There is no service charge for reinvestment of your dividends or distributions in Common Stock. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases. Because all dividends and distributions will be automatically reinvested in additional shares of Common Stock, this allows you to add to your investment through dollar cost averaging, which may lower the average cost of your Common Stock over time. Dollar cost averaging is a technique for lowering the average cost per share over time if the Fund's net asset value declines. While dollar cost averaging has definite advantages, it cannot assure profit or protect against loss in declining markets.

Automatically reinvesting dividends and distributions does not mean that you do not have to pay income taxes due upon receiving dividends and distributions. Investors will be subject to income tax on amounts reinvested under the Plan.

The Fund reserves the right to amend or terminate the Plan if, in the judgment of the Board of Directors, the change is warranted. The Plan may be terminated, amended or supplemented by the Fund upon notice in writing mailed to stockholders at least 30 days prior to the record date for the payment of any dividend or distribution by the Fund for which the termination or amendment is to be effective. Upon any termination, you will be sent cash for any fractional share of Common Stock in your account. You may elect to notify the Plan Agent in advance of such termination to have the Plan Agent sell part or all of your Common Stock on your behalf. Additional information about the Plan and your account may be obtained from the Plan Agent at 462 South 4th Street, Suite 1600, Louisville, KY 40202 or by calling the Plan Agent at 1-888-888-0151.

**Table of Contents**

**Important tax information** (unaudited)

The following information is provided with respect to the distributions paid to Common Shareholders during the taxable year ended May 31, 2017:

Record date:	Monthly	Monthly	Monthly
Payable date:	June 2016 - November 2016	December 2016	January 2017 - May 2017
Tax-exempt income	100.00%	96.67%	100.00%
Taxable income*		3.33%	

All of the distributions paid to holders of Variable Rate Demand Preferred Stock and holders of Auction Rate Cumulative Preferred Stock consist of tax-exempt income, except for the distributions listed below, which the Fund designates as taxable ordinary income:

	Record Date	Payable Date	Ex-Dividend Date	Taxable Ordinary Income
Auction Rate Preferred Stock:				
Series M	11/28/2016	11/29/2016	11/22/2016	\$ 0.1992*
Series T	11/29/2016	11/30/2016	11/23/2016	\$ 0.1951*
Series W	11/30/2016	12/01/2016	11/25/2016	\$ 0.1989*

# Legg Mason Funds Privacy and Security Notice

## **Your Privacy and the Security of Your Personal Information is Very Important to the Legg Mason Funds**

This Privacy and Security Notice (the **Privacy Notice**) addresses the Legg Mason Funds' privacy and data protection practices with respect to nonpublic personal information the Funds receive. The Legg Mason Funds include any funds sold by the Funds' distributor, Legg Mason Investor Services, LLC, as well as Legg Mason-sponsored closed-end funds and certain closed-end funds managed or sub-advised by Legg Mason or its affiliates. The provisions of this Privacy Notice apply to your information both while you are a shareholder and after you are no longer invested with the Funds.

## **The Type of Nonpublic Personal Information the Funds Collect About You**

The Funds collect and maintain nonpublic personal information about you in connection with your shareholder account. Such information may include, but is not limited to:

Personal information included on applications or other forms;

Account balances, transactions, and mutual fund holdings and positions;

Online account access user IDs, passwords, security challenge question responses; and

Information received from consumer reporting agencies regarding credit history and creditworthiness (such as the amount of an individual's total debt, payment history, etc.).

## **How the Funds Use Nonpublic Personal Information About You**

The Funds do not sell or share your nonpublic personal information with third parties or with affiliates for their marketing purposes, or with other financial institutions or affiliates for joint marketing purposes, unless you have authorized the Funds to do so. The Funds do not disclose any nonpublic personal information about you except as may be required to perform transactions or services you have authorized or as permitted or required by law. The Funds may disclose information about you to:

Employees, agents, and affiliates on a **need to know** basis to enable the Funds to conduct ordinary business or comply with obligations to government regulators;

Service providers, including the Funds' affiliates, who assist the Funds as part of the ordinary course of business (such as printing, mailing services, or processing or servicing your account with us) or otherwise perform services on the Funds' behalf, including companies that may perform marketing services solely for the Funds;

The Funds' representatives such as legal counsel, accountants and auditors; and

Fiduciaries or representatives acting on your behalf, such as an IRA custodian or trustee of a grantor trust.

NOT PART OF THE ANNUAL REPORT

**Table of Contents**

## Legg Mason Funds Privacy and Security Notice (cont d)

Except as otherwise permitted by applicable law, companies acting on the Funds' behalf are contractually obligated to keep nonpublic personal information the Funds provide to them confidential and to use the information the Funds share only to provide the services the Funds ask them to perform.

The Funds may disclose nonpublic personal information about you when necessary to enforce their rights or protect against fraud, or as permitted or required by applicable law, such as in connection with a law enforcement or regulatory request, subpoena, or similar legal process. In the event of a corporate action or in the event a Fund service provider changes, the Funds may be required to disclose your nonpublic personal information to third parties. While it is the Funds' practice to obtain protections for disclosed information in these types of transactions, the Funds cannot guarantee their privacy policy will remain unchanged.

### **Keeping You Informed of the Funds' Privacy and Security Practices**

The Funds will notify you annually of their privacy policy as required by federal law. While the Funds reserve the right to modify this policy at any time they will notify you promptly if this privacy policy changes.

### **The Funds' Security Practices**

The Funds maintain appropriate physical, electronic and procedural safeguards designed to guard your nonpublic personal information. The Funds' internal data security policies restrict access to your nonpublic personal information to authorized employees, who may use your nonpublic personal information for Fund business purposes only.

Although the Funds strive to protect your nonpublic personal information, they cannot ensure or warrant the security of any information you provide or transmit to them, and you do so at your own risk. In the event of a breach of the confidentiality or security of your nonpublic personal information, the Funds will attempt to notify you as necessary so you can take appropriate protective steps. If you have consented to the Funds using electronic communications or electronic delivery of statements, they may notify you under such circumstances using the most current email address you have on record with them.

In order for the Funds to provide effective service to you, keeping your account information accurate is very important. If you believe that your account information is incomplete, not accurate or not current, or if you have questions about the Funds' privacy practices, write the Funds using the contact information on your account statements, email the Funds by clicking on the Contact Us section of the Funds' website at [www.leggmason.com](http://www.leggmason.com), or contact the Fund at 1-888-777-0102.

**Table of Contents**

**ITEM 2. CODE OF ETHICS.**

The registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller.

**ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.**

The Board of Directors of the registrant has determined that Eileen A. Kamerick, a member of the Board's Audit Committee, possesses the technical attributes identified in Instruction 2(b) of Item 3 to Form N-CSR to qualify as an audit committee financial expert and that she is independent for purposes of this item.

**ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.**

(a) Audit Fees. The aggregate fees billed in the previous fiscal years ending May 31, 2016 and May 31, 2017 (the Reporting Periods) for professional services rendered by the Registrant's principal accountant (the Auditor) for the audit of the Registrant's annual financial statements, or services that are normally provided by the Auditor in connection with the statutory and regulatory filings or engagements for the Reporting Periods, were \$49,300 in May 31, 2016 and \$49,800 in May 31, 2017.

(b) Audit-Related Fees. The aggregate fees billed in the Reporting Periods for assurance and related services by the Auditor that are reasonably related to the performance of the audit of the Registrant's financial statements were \$14,700 in May 31, 2016 and \$14,700 in May 31, 2017.

In addition, there were no Audit-Related Fees billed in the Reporting Period for assurance and related services by the Auditor to the Registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Western Asset Managed Municipals Fund Inc. (service affiliates), that were reasonably related to the performance of the annual audit of the service affiliates. Accordingly, there were no such fees that required pre-approval by the Audit Committee for the Reporting Periods.

(c) Tax Fees. The aggregate fees billed in the Reporting Periods for professional services rendered by the Auditor for tax compliance, tax advice and tax planning (Tax Services) were \$0 in May 31, 2016 and \$7,800 in May 31, 2017. These services consisted of (i) review or preparation of U.S. federal, state, local and excise tax returns; (ii) U.S. federal, state and local tax planning, advice and assistance regarding statutory, regulatory or administrative developments, and (iii) tax advice regarding tax qualification matters and/or treatment of various financial instruments held or proposed to be acquired or held.

There were no fees billed for tax services by the Auditors to service affiliates during the Reporting Periods that required pre-approval by the Audit Committee.

(d) All Other Fees. There were no other fees billed in the Reporting Periods for products and services provided by the Auditor, other than the services reported in paragraphs (a) through (c) of this Item 4 for the Western Asset Managed Municipals Fund Inc.

---

**Table of Contents**

All Other Fees. There were no other non-audit services rendered by the Auditor to Legg Mason Partners Fund Advisors, LLC ( LMPFA ), and any entity controlling, controlled by or under common control with LMPFA that provided ongoing services to Western Asset Managed Municipals Fund Inc. requiring pre-approval by the Audit Committee in the Reporting Period.

(e) Audit Committee's pre-approval policies and procedures described in paragraph (c) (7) of Rule 2-01 of Regulation S-X.

(1) The Charter for the Audit Committee (the Committee) of the Board of each registered investment company (the Fund) advised by LMPFA or one of their affiliates (each, an Adviser) requires that the Committee shall approve (a) all audit and permissible non-audit services to be provided to the Fund and (b) all permissible non-audit services to be provided by the Fund's independent auditors to the Adviser and any Covered Service Providers if the engagement relates directly to the operations and financial reporting of the Fund. The Committee may implement policies and procedures by which such services are approved other than by the full Committee.

The Committee shall not approve non-audit services that the Committee believes may impair the independence of the auditors. As of the date of the approval of this Audit Committee Charter, permissible non-audit services include any professional services (including tax services), that are not prohibited services as described below, provided to the Fund by the independent auditors, other than those provided to the Fund in connection with an audit or a review of the financial statements of the Fund. Permissible non-audit services may not include: (i) bookkeeping or other services related to the accounting records or financial statements of the Fund; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the aggregate amount of all such permissible non-audit services provided to the Fund, the Adviser and any service providers controlling, controlled by or under common control with the Adviser that provide ongoing services to the Fund ( Covered Service Providers ) constitutes not more than 5% of the total amount of revenues paid to the independent auditors during the fiscal year in which the permissible non-audit services are provided to (a) the Fund, (b) the Adviser and (c) any entity controlling, controlled by or under common control with the Adviser that provides ongoing services to the Fund during the fiscal year in which the services are provided that would have to be approved by the Committee; (ii) the permissible non-audit services were not recognized by the Fund at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved by the Committee (or its delegate(s)) prior to the completion of the audit.

(2) For the Western Asset Managed Municipals Fund Inc., the percentage of fees that were approved by the audit committee, with respect to: Audit-Related Fees were 100% and 100% for May 31, 2016 and May 31, 2017; Tax Fees were 100% and 100% for May 31, 2016 and May 31, 2017; and Other Fees were 100% and 100% for May 31, 2016 and May 31, 2017.

---

**Table of Contents**

(f) N/A

(g) Non-audit fees billed by the Auditor for services rendered to Western Asset Managed Municipals Fund Inc., LMPFA and any entity controlling, controlled by, or under common control with LMPFA that provides ongoing services to Western Asset Managed Municipals Fund Inc. during the reporting period were \$0 in 2017.

(h) Yes. Western Asset Managed Municipals Fund Inc.'s Audit Committee has considered whether the provision of non-audit services that were rendered to Service Affiliates, which were not pre-approved (not requiring pre-approval), is compatible with maintaining the Accountant's independence. All services provided by the Auditor to the Western Asset Managed Municipals Fund Inc. or to Service Affiliates, which were required to be pre-approved, were pre-approved as required.

**ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.**

a) Registrant has a separately-designated standing Audit Committee established in accordance with *Section 3(a)58(A) of the Exchange Act*. The Audit Committee consists of the following Board members:

Robert D. Agdern  
Carol L. Colman  
Daniel P. Cronin  
Paolo M. Cucchi  
William R. Hutchinson  
Leslie H. Gelb  
Eileen A. Kamerick  
Dr. Riordan Roett

b) Not applicable

**ITEM 6. SCHEDULE OF INVESTMENTS.**

Included herein under Item 1.

**ITEM 7. PROXY VOTING LMPFA & Western Asset Management Company (and affiliates)  
Legg Mason Partners Fund Advisor, LLC**

**Proxy Voting Policy**

Legg Mason Partners Fund Advisor, LLC ( LMPFA ) delegates to each sub-adviser the responsibility for voting proxies for its funds, as applicable, to each sub-adviser through its contracts with each sub-adviser. Each sub-adviser may use its own proxy voting policies and procedures to vote proxies of the funds if the funds' Board reviews and approves the use of those policies and procedures. Accordingly, LMPFA does not expect to have proxy-voting responsibility for any of the funds.

## **Table of Contents**

Should LMPFA become responsible for voting proxies for any reason, such as the inability of a sub-adviser to provide investment advisory services, LMPFA shall utilize the proxy voting guidelines established by the most recent sub-adviser to vote proxies until a new sub-adviser is retained and the use of its proxy voting policies and procedures is authorized by the Board. In the case of a material conflict between the interests of LMPFA (or its affiliates if such conflict is known to persons responsible for voting at LMPFA) and any fund, the Board of Directors of LMPFA shall consider how to address the conflict and/or how to vote the proxies. LMPFA shall maintain records of all proxy votes in accordance with applicable securities laws and regulations.

LMPFA shall be responsible for gathering relevant documents and records related to proxy voting from each sub-adviser and providing them to the funds as required for the funds to comply with applicable rules under the Investment Company Act of 1940. LMPFA shall also be responsible for coordinating the provision of information to the Board with regard to the proxy voting policies and procedures of each sub-adviser, including the actual proxy voting policies and procedures of each sub-adviser, changes to such policies and procedures, and reports on the administration of such policies and procedures.

Questions regarding this policy should be referred to the Legal and Compliance Department of Legg Mason, Inc.

## **Background**

Western Asset Management Company ( WA or Western Asset or the subadviser ) has adopted and implemented policies and procedures that we believe are reasonably designed to ensure that proxies are voted in the best interest of clients, in accordance with our fiduciary duties and SEC Rule 206(4)-6 under the Investment Advisers Act of 1940 ( Advisers Act ). Our authority to vote the proxies of our clients is established through investment management agreements or comparable documents, and our proxy voting guidelines have been tailored to reflect these specific contractual obligations. In addition to SEC requirements governing advisers, our proxy voting policies reflect the long-standing fiduciary standards and responsibilities for ERISA accounts. Unless a manager of ERISA assets has been expressly precluded from voting proxies, the Department of Labor has determined that the responsibility for these votes lies with the Investment Manager.

In exercising its voting authority, Western Asset will not consult or enter into agreements with officers, directors or employees of Legg Mason Inc. or any of its affiliates (except that WA may so consult and agree with each other) regarding the voting of any securities owned by its clients.

Western Asset s proxy voting procedures are designed and implemented in a way that is reasonably expected to ensure that proxy matters are handled in the best interest of our clients. While the guidelines included in the procedures are intended to provide a benchmark for voting standards, each vote is ultimately cast on a case-by-case basis, taking into consideration Western Asset s contractual obligations to our clients and all other relevant facts and circumstances at the time of the vote (such that these guidelines may be overridden to the extent Western Asset deems appropriate).

## **Procedures**

### **Responsibility and Oversight**

The Western Asset Legal and Compliance Department ( Legal and Compliance Department ) is responsible for administering and overseeing the proxy voting process. The gathering of proxies is coordinated through the Corporate Actions area of Investment Support ( Corporate Actions ). Research analysts and portfolio managers are responsible for determining appropriate voting positions on each proxy utilizing any applicable guidelines contained in these procedures.

## Table of Contents

### Client Authority

The Investment Management Agreement for each client is reviewed at account start-up for proxy voting instructions. If an agreement is silent on proxy voting, but contains an overall delegation of discretionary authority or if the account represents assets of an ERISA plan, Western Asset will assume responsibility for proxy voting. The Legal and Compliance Department maintains a matrix of proxy voting authority.

### Proxy Gathering

Registered owners of record, client custodians, client banks and trustees ( Proxy Recipients ) that receive proxy materials on behalf of clients should forward them to Corporate Actions. Proxy Recipients for new clients (or, if Western Asset becomes aware that the applicable Proxy Recipient for an existing client has changed, the Proxy Recipient for the existing client) are notified at start-up of appropriate routing to Corporate Actions of proxy materials received and reminded of their responsibility to forward all proxy materials on a timely basis. If Western Asset personnel other than Corporate Actions receive proxy materials, they should promptly forward the materials to Corporate Actions.

### Proxy Voting

Once proxy materials are received by Corporate Actions, they are forwarded to the Legal and Compliance Department for coordination and the following actions:

- a. Proxies are reviewed to determine accounts impacted.
- b. Impacted accounts are checked to confirm Western Asset voting authority.
- c. Legal and Compliance Department staff reviews proxy issues to determine any material conflicts of interest. (See conflicts of interest section of these procedures for further information on determining material conflicts of interest.)
- d. If a material conflict of interest exists, (i) to the extent reasonably practicable and permitted by applicable law, the client is promptly notified, the conflict is disclosed and Western Asset obtains the client's proxy voting instructions, and (ii) to the extent that it is not reasonably practicable or permitted by applicable law to notify the client and obtain such instructions (e.g., the client is a mutual fund or other commingled vehicle or is an ERISA plan client), Western Asset seeks voting instructions from an independent third party.
- e. Legal and Compliance Department staff provides proxy material to the appropriate research analyst or portfolio manager to obtain their recommended vote. Research analysts and portfolio managers determine votes on a case-by-case basis taking into account the voting guidelines contained in these procedures. For avoidance of doubt, depending on the best interest of each individual client, Western Asset may vote the same proxy differently for different clients. The analyst's or portfolio manager's basis for their decision is

documented and maintained by the Legal and Compliance Department.

- f. Legal and Compliance Department staff votes the proxy pursuant to the instructions received in (d) or (e) and returns the voted proxy as indicated in the proxy materials.

## Table of Contents

### Timing

Western Asset personnel act in such a manner to ensure that, absent special circumstances, the proxy gathering and proxy voting steps noted above can be completed before the applicable deadline for returning proxy votes.

### Recordkeeping

Western Asset maintains records of proxies voted pursuant to Section 204-2 of the Advisers Act and ERISA DOL Bulletin 94-2. These records include:

- a. A copy of Western Asset's policies and procedures.
- b. Copies of proxy statements received regarding client securities.
- c. A copy of any document created by Western Asset that was material to making a decision how to vote proxies.
- d. Each written client request for proxy voting records and Western Asset's written response to both verbal and written client requests.
- e. A proxy log including:
  1. Issuer name;
  2. Exchange ticker symbol of the issuer's shares to be voted;
  3. Committee on Uniform Securities Identification Procedures (CUSIP) number for the shares to be voted;
  4. A brief identification of the matter voted on;
  5. Whether the matter was proposed by the issuer or by a shareholder of the issuer;
  6. Whether a vote was cast on the matter;

7. A record of how the vote was cast; and

8. Whether the vote was cast for or against the recommendation of the issuer's management team.

Records are maintained in an easily accessible place for five years, the first two in Western Asset's offices.

#### Disclosure

Part II of the WA Form ADV contains a description of Western Asset's proxy policies. Clients will be provided a copy of these policies and procedures upon request. In addition, upon request, clients may receive reports on how their proxies have been voted.

#### Conflicts of Interest

All proxies are reviewed by the Legal and Compliance Department for material conflicts of interest. Issues to be reviewed include, but are not limited to:

1. Whether Western Asset (or, to the extent required to be considered by applicable law, its affiliates) manages assets for the company or an employee group of the company or otherwise has an interest in the company;
2. Whether Western Asset or an officer or director of Western Asset or the applicable portfolio manager or analyst responsible for recommending the proxy vote (together, "Voting Persons") is a close relative of or has a personal or business relationship with an executive, director or person who is a candidate for director of the company or is a participant in a proxy contest; and
3. Whether there is any other business or personal relationship where a Voting Person has a personal interest in the outcome of the matter before shareholders.

**Table of Contents**

**Voting Guidelines**

Western Asset's substantive voting decisions turn on the particular facts and circumstances of each proxy vote and are evaluated by the designated research analyst or portfolio manager. The examples outlined below are meant as guidelines to aid in the decision making process.

Guidelines are grouped according to the types of proposals generally presented to shareholders. Part I deals with proposals which have been approved and are recommended by a company's board of directors; Part II deals with proposals submitted by shareholders for inclusion in proxy statements; Part III addresses issues relating to voting shares of investment companies; and Part IV addresses unique considerations pertaining to foreign issuers.

**I. Board Approved Proposals**

The vast majority of matters presented to shareholders for a vote involve proposals made by a company itself that have been approved and recommended by its board of directors. In view of the enhanced corporate governance practices currently being implemented in public companies, Western Asset generally votes in support of decisions reached by independent boards of directors. More specific guidelines related to certain board-approved proposals are as follows:

**1. Matters relating to the Board of Directors**

Western Asset votes proxies for the election of the company's nominees for directors and for board-approved proposals on other matters relating to the board of directors with the following exceptions:

- a. Votes are withheld for the entire board of directors if the board does not have a majority of independent directors or the board does not have nominating, audit and compensation committees composed solely of independent directors.
- b. Votes are withheld for any nominee for director who is considered an independent director by the company and who has received compensation from the company other than for service as a director.
- c. Votes are withheld for any nominee for director who attends less than 75% of board and committee meetings without valid reasons for absences.
- d. Votes are cast on a case-by-case basis in contested elections of directors.

**2. Matters relating to Executive Compensation**

Western Asset generally favors compensation programs that relate executive compensation to a company's long-term performance. Votes are cast on a case-by-case basis on board-approved proposals relating to executive compensation, except as follows:

**Table of Contents**

- a. Except where the firm is otherwise withholding votes for the entire board of directors, Western Asset votes for stock option plans that will result in a minimal annual dilution.
- b. Western Asset votes against stock option plans or proposals that permit replacing or repricing of underwater options.
- c. Western Asset votes against stock option plans that permit issuance of options with an exercise price below the stock's current market price.
- d. Except where the firm is otherwise withholding votes for the entire board of directors, Western Asset votes for employee stock purchase plans that limit the discount for shares purchased under the plan to no more than 15% of their market value, have an offering period of 27 months or less and result in dilution of 10% or less.

3. Matters relating to Capitalization

The management of a company's capital structure involves a number of important issues, including cash flows, financing needs and market conditions that are unique to the circumstances of each company. As a result, Western Asset votes on a case-by-case basis on board-approved proposals involving changes to a company's capitalization except where Western Asset is otherwise withholding votes for the entire board of directors.

- a. Western Asset votes for proposals relating to the authorization of additional common stock.
- b. Western Asset votes for proposals to effect stock splits (excluding reverse stock splits).
- c. Western Asset votes for proposals authorizing share repurchase programs.

4. Matters relating to Acquisitions, Mergers, Reorganizations and Other Transactions

Western Asset votes these issues on a case-by-case basis on board-approved transactions.

5. Matters relating to Anti-Takeover Measures

Western Asset votes against board-approved proposals to adopt anti-takeover measures except as follows:

- a. Western Asset votes on a case-by-case basis on proposals to ratify or approve shareholder rights plans.
- b. Western Asset votes on a case-by-case basis on proposals to adopt fair price provisions.

6. Other Business Matters

Western Asset votes for board-approved proposals approving such routine business matters such as changing the company's name, ratifying the appointment of auditors and procedural matters relating to the shareholder meeting.

- a. Western Asset votes on a case-by-case basis on proposals to amend a company's charter or bylaws.
- b. Western Asset votes against authorization to transact other unidentified, substantive business at the meeting.

## **Table of Contents**

### II. Shareholder Proposals

SEC regulations permit shareholders to submit proposals for inclusion in a company's proxy statement. These proposals generally seek to change some aspect of a company's corporate governance structure or to change some aspect of its business operations. Western Asset votes in accordance with the recommendation of the company's board of directors on all shareholder proposals, except as follows:

1. Western Asset votes for shareholder proposals to require shareholder approval of shareholder rights plans.
2. Western Asset votes for shareholder proposals that are consistent with Western Asset's proxy voting guidelines for board-approved proposals.
3. Western Asset votes on a case-by-case basis on other shareholder proposals where the firm is otherwise withholding votes for the entire board of directors.

### III. Voting Shares of Investment Companies

Western Asset may utilize shares of open or closed-end investment companies to implement its investment strategies. Shareholder votes for investment companies that fall within the categories listed in Parts I and II above are voted in accordance with those guidelines.

1. Western Asset votes on a case-by-case basis on proposals relating to changes in the investment objectives of an investment company taking into account the original intent of the fund and the role the fund plays in the clients portfolios.
2. Western Asset votes on a case-by-case basis all proposals that would result in increases in expenses (e.g., proposals to adopt 12b-1 plans, alter investment advisory arrangements or approve fund mergers) taking into account comparable expenses for similar funds and the services to be provided.

### IV. Voting Shares of Foreign Issuers

In the event Western Asset is required to vote on securities held in non-U.S. issuers i.e. issuers that are incorporated under the laws of a foreign jurisdiction and that are not listed on a U.S. securities exchange or the NASDAQ stock market, the following guidelines are used, which are premised on the existence of a sound corporate governance and disclosure framework. These guidelines, however, may not be appropriate under some circumstances for foreign issuers and therefore apply only where applicable.

1. Western Asset votes for shareholder proposals calling for a majority of the directors to be independent of management.
2. Western Asset votes for shareholder proposals seeking to increase the independence of board nominating, audit and compensation committees.
3. Western Asset votes for shareholder proposals that implement corporate governance standards similar to those established under U.S. federal law and the listing requirements of U.S. stock exchanges, and that do not otherwise violate the laws of the jurisdiction under which the company is incorporated.

**Table of Contents**

4. Western Asset votes on a case-by-case basis on proposals relating to (1) the issuance of common stock in excess of 20% of a company's outstanding common stock where shareholders do not have preemptive rights, or (2) the issuance of common stock in excess of 100% of a company's outstanding common stock where shareholders have preemptive rights.

**Retirement Accounts**

For accounts subject to ERISA, as well as other Retirement Accounts, Western Asset is presumed to have the responsibility to vote proxies for the client. The Department of Labor ( DOL ) has issued a bulletin that states that investment managers have the responsibility to vote proxies on behalf of Retirement Accounts unless the authority to vote proxies has been specifically reserved to another named fiduciary. Furthermore, unless Western Asset is expressly precluded from voting the proxies, the DOL has determined that the responsibility remains with the investment manager.

In order to comply with the DOL's position, Western Asset will be presumed to have the obligation to vote proxies for its Retirement Accounts unless Western Asset has obtained a specific written instruction indicating that: (a) the right to vote proxies has been reserved to a named fiduciary of the client, and (b) Western Asset is precluded from voting proxies on behalf of the client. If Western Asset does not receive such an instruction, Western Asset will be responsible for voting proxies in the best interests of the Retirement Account client and in accordance with any proxy voting guidelines provided by the client.

**Table of Contents****ITEM 8. INVESTMENT PROFESSIONALS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.****(a)(1):**

<b>NAME AND ADDRESS</b>	<b>LENGTH OF TIME SERVED</b>	<b>PRINCIPAL OCCUPATION(S) DURING PAST 5 YEARS</b>
S. Kenneth Leech Western Asset 385 East Colorado Blvd. Pasadena, CA 91101	Since 2014	Responsible for the day-to-day management with other members of the Fund's portfolio management team; Chief Investment Officer of Western Asset from 1998 to 2008 and since 2014; Senior Advisor/Chief Investment Officer Emeritus of Western Asset from 2008-2013; Co- Chief Investment Officer of Western Asset from 2013-2014.
David Fare Western Asset 385 East Colorado Blvd. Pasadena, CA 91101	Since 2004	Responsible for the day-to-day management with other members of the Fund's portfolio management team; portfolio manager at Western Asset since 2005; prior to that time, Mr. Fare was with Citigroup Asset Management or one of its affiliates since 1989.
Robert Amodeo Western Asset 385 East Colorado Blvd. Pasadena, CA 91101	Since 2007	Responsible for the day-to-day management with other members of the Fund's portfolio management team; portfolio manager at Western Asset since 2005; prior to that time, Mr. Amodeo was a Managing Director and portfolio manager with Salomon Brothers Asset Management Inc from 1992 to 2005.

**Table of Contents****(a)(2): DATA TO BE PROVIDED BY FINANCIAL CONTROL**

The following tables set forth certain additional information with respect to the fund's portfolio managers for the fund. Unless noted otherwise, all information is provided as of May 31, 2017.

**Other Accounts Managed by Portfolio Managers**

The table below identifies the number of accounts (other than the fund) for which the fund's portfolio managers have day-to-day management responsibilities and the total assets in such accounts, within each of the following categories: registered investment companies, other pooled investment vehicles, and other accounts. For each category, the number of accounts and total assets in the accounts where fees are based on performance is also indicated.

Name of PM	Type of Account	Number of Accounts Managed	Total Assets Managed	Number of Accounts Managed for which Advisory Fee is	Assets Managed for which Advisory Fee is
				Performance- Based	Performance- Based
S. Kenneth Leech	Other Registered Investment Companies	103	\$ 146.7 billion	None	None
	Other Pooled Vehicles	270	\$ 83.7 billion	6	\$ 1.7 billion
	Other Accounts	597	\$ 198.6 billion	29	\$ 12.4 billion
Robert E. Amodeo	Other Registered Investment Companies	21	\$ 13.6 billion	None	None
	Other Pooled Vehicles	1	\$ 120 million	None	None
	Other Accounts	12	\$ 3.8 billion	None	None
David T. Fare	Other Registered Investment Companies	17	\$ 12.8 billion	None	None
	Other Pooled Vehicles	None	None	None	None
	Other Accounts	2	\$ 1.6 billion	None	None

## **Table of Contents**

*The numbers above reflect the overall number of portfolios managed by employees of Western Asset Management Company ( Western Asset ). Mr. Leech is involved in the management of all the Firm s portfolios, but they are not solely responsible for particular portfolios. Western Asset s investment discipline emphasizes a team approach that combines the efforts of groups of specialists working in different market sectors. They are responsible for overseeing implementation of Western Asset s overall investment ideas and coordinating the work of the various sector teams. This structure ensures that client portfolios benefit from a consensus that draws on the expertise of all team members.*

### **(a)(3): Investment Professional Compensation**

With respect to the compensation of the investment professionals, Western Asset s compensation system assigns each employee a total compensation range, which is derived from annual market surveys that benchmark each role with its job function and peer universe. This method is designed to reward employees with total compensation reflective of the external market value of their skills, experience, and ability to produce desired results. Standard compensation includes competitive base salaries, generous employee benefits, and a retirement plan.

In addition, the subadviser s employees are eligible for bonuses. These are structured to closely align the interests of employees with those of the subadviser, and are determined by the professional s job function and pre-tax performance as measured by a formal review process. All bonuses are completely discretionary. The principal factor considered is an investment professional s investment performance versus appropriate peer groups and benchmarks (*e.g.*, a securities index and with respect to a fund, the benchmark set forth in the fund s Prospectus to which the fund s average annual total returns are compared or, if none, the benchmark set forth in the fund s annual report). Performance is reviewed on a 1, 3 and 5 year basis for compensation with 3 years having the most emphasis. The subadviser may also measure an investment professional s pre-tax investment performance against other benchmarks, as it determines appropriate. Because investment professionals are generally responsible for multiple accounts (including the funds) with similar investment strategies, they are generally compensated on the performance of the aggregate group of similar accounts, rather than a specific account. Other factors that may be considered when making bonus decisions include client service, business development, length of service to the subadviser, management or supervisory responsibilities, contributions to developing business strategy and overall contributions to the subadviser s business.

Finally, in order to attract and retain top talent, all professionals are eligible for additional incentives in recognition of outstanding performance. These are determined based upon the factors described above and include Legg Mason stock options and long-term incentives that vest over a set period of time past the award date.

### **Potential Conflicts of Interest**

The subadviser has adopted compliance policies and procedures to address a wide range of potential conflicts of interest that could directly impact client portfolios. For example, potential conflicts of interest may arise in connection with the management of multiple portfolios (including portfolios managed in a personal capacity). These could include potential conflicts of interest related to the knowledge and timing of a portfolio s trades, investment opportunities and broker selection. Portfolio managers are privy to the size, timing, and possible market impact of a portfolio s trades.

## **Table of Contents**

It is possible that an investment opportunity may be suitable for both a portfolio and other accounts managed by a portfolio manager, but may not be available in sufficient quantities for both the portfolio and the other accounts to participate fully. Similarly, there may be limited opportunity to sell an investment held by a portfolio and another account. A conflict may arise where the portfolio manager may have an incentive to treat an account preferentially as compared to a portfolio because the account pays a performance-based fee or the portfolio manager, the subadviser or an affiliate has an interest in the account. The subadviser has adopted procedures for allocation of portfolio transactions and investment opportunities across multiple client accounts on a fair and equitable basis over time. Eligible accounts that can participate in a trade generally share the same price on a pro-rata allocation basis, taking into account differences based on factors such as cash availability, investment restrictions and guidelines, and portfolio composition versus strategy.

With respect to securities transactions, the subadviser determines which broker or dealer to use to execute each order, consistent with their duty to seek best execution of the transaction. However, with respect to certain other accounts (such as pooled investment vehicles that are not registered investment companies and other accounts managed for organizations and individuals), the subadviser may be limited by the client with respect to the selection of brokers or dealers or may be instructed to direct trades through a particular broker or dealer. In these cases, trades for a portfolio in a particular security may be placed separately from, rather than aggregated with, such other accounts. Having separate transactions with respect to a security may temporarily affect the market price of the security or the execution of the transaction, or both, to the possible detriment of a portfolio or the other account(s) involved. Additionally, the management of multiple portfolios and/or other accounts may result in a portfolio manager devoting unequal time and attention to the management of each portfolio and/or other account. The subadviser's team approach to portfolio management and block trading approach seeks to limit this potential risk.

The subadviser also maintains a gift and entertainment policy to address the potential for a business contact to give gifts or host entertainment events that may influence the business judgment of an employee. Employees are permitted to retain gifts of only a nominal value and are required to make reimbursement for entertainment events above a certain value. All gifts (except those of a de minimis value) and entertainment events that are given or sponsored by a business contact are required to be reported in a gift and entertainment log which is reviewed on a regular basis for possible issues.

Employees of the subadviser have access to transactions and holdings information regarding client accounts and the subadviser's overall trading activities. This information represents a potential conflict of interest because employees may take advantage of this information as they trade in their personal accounts. Accordingly, the subadviser maintains a Code of Ethics that is compliant with Rule 17j-1 under the Investment Company Act of 1940, as amended, and Rule 204A-1 under the Investment Advisers Act of 1940, to address personal trading. In addition, the Code of Ethics seeks to establish broader principles of good conduct and fiduciary responsibility in all aspects of the subadviser's business. The Code of Ethics is administered by the Legal and Compliance Department and monitored through the subadviser's compliance monitoring program.

The subadviser may also face other potential conflicts of interest with respect to managing client assets, and the description above is not a complete description of every conflict of interest that could be deemed to exist. The subadviser also maintains a compliance monitoring program and engages independent auditors to conduct a SOC1/ISAE 3402 audit on an annual basis. These steps help to ensure that potential conflicts of interest have been addressed.

**Table of Contents***Investment Professional Securities Ownership*

The table below identifies the dollar range of securities beneficially owned by the named investment professional as of May 31, 2017.
