About this prospectus

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission, or the SEC, utilizing a shelf registration process. Under this shelf process, we may offer and sell our debt securities from time to time in one or more offerings.

This prospectus provides you with a general description of the debt securities we may offer. Each time that we sell our debt securities under this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may add, update, or change information contained in this prospectus. You should read both this prospectus and the prospectus supplement related to any offering as well as additional information described under the headings *Where you can find more information* and *Incorporation of certain information by reference*.

We have not authorized anyone to provide you with information different from that contained or incorporated by reference in this prospectus or any accompanying prospectus supplement or any free writing prospectus. The information contained in this prospectus and in any accompanying prospectus supplement is accurate only as of the date thereof as set forth on their covers, regardless of the time of delivery of this prospectus or any prospectus supplement or of any sale of our debt securities. Our business, financial condition, results of operations, and prospects may have changed since those dates. You should rely only on the information contained or incorporated by reference in this prospectus or any accompanying prospectus supplement or any free writing prospectus. To the extent there is a conflict between the information contained in this prospectus and the prospectus supplement, you should rely on the information in the prospectus supplement, provided that if any statement in one of these documents is inconsistent with a statement in another document having a later date—for example, a document incorporated by reference into this prospectus or any prospectus supplement—the statement in the document having the later date modifies or supersedes the earlier statement. We are offering to sell, and seeking offers to buy, our debt securities only in jurisdictions where offers and sales are permitted.

In this prospectus, the terms *SCI*, *the Company*, *we*, *our*, and *us* refer to Service Corporation International and its subsidiaries, unless otherwise specified.

Our company

Service Corporation International is North America's largest provider of deathcare products and services, with a network of funeral service locations and cemeteries unequalled in geographic scale and reach. At September 30, 2017, we operated 1509 funeral service locations and 476 cemeteries (including 287 funeral service/cemetery combination locations), which are geographically diversified across 45 states, eight Canadian provinces, the District of Columbia and Puerto Rico.

We are well known for our Dignity Memorial® brand, North America's first transcontinental brand of deathcare products and services. Our other brands are Dignity Planning®, National Cremation Society®, Advantage® Funeral and Cremation Services, Funeraria del Angel®, Making Everlasting Memories®, Neptune Society® and Trident Society®. Our funeral and cemetery operations consist of funeral service locations, cemeteries, funeral service/cemetery combination locations, crematoria and related businesses, which enables us to serve a wide array of customer needs. We sell cemetery property and funeral and cemetery merchandise and services at the time of need and on a preneed basis.

We were incorporated in Texas in July of 1962. Our principal executive offices are located at 1929 Allen Parkway, Houston, Texas 77019. Our telephone number at that address is (713) 522-5141. Our website is located at www.sci-corp.com. Other than as described in [Where you can find more information](#) and [Incorporation of certain information by reference](#) below, the information on, or that can be accessed through, our website is not incorporated by reference in this prospectus or any prospectus supplement, and you should not consider it to be a part of this prospectus or any prospectus supplement. Our website address is included as an inactive textual reference only.

Risk factors

Investing in our debt securities involves a high degree of risk. Please see the risk factors described under the caption *Risk Factors* in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 on file with the SEC, as updated by our subsequent quarterly reports on Form 10-Q and certain other filings we make with the SEC, which are incorporated by reference in this prospectus and in any accompanying prospectus supplement. Before making an investment decision, you should carefully consider these risks as well as information we include or incorporate by reference in this prospectus and in any accompanying prospectus supplement. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations.

Forward-looking statements

This prospectus and the documents incorporated by reference into this prospectus contain statements that may be deemed forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, made in reliance on the "safe harbor" protections provided under the Private Securities Litigation Reform Act of 1995. These statements may be accompanied by words such as believe, estimate, project, expect, anticipate, or predict that convey the uncertainty of future events or outcomes. These statements are based on assumptions that we believe are reasonable; however, many important factors could cause our actual results in the future to differ materially from the forward-looking statements made herein and in any other documents or oral presentations made by us, or on our behalf. Important factors, which could cause actual results to differ materially from those in forward-looking statements include, among others, the following:

Our affiliated funeral and cemetery trust funds own investments in equity securities, fixed income securities, and mutual funds, which are affected by market conditions that are beyond our control.

We may be required to replenish our affiliated funeral and cemetery trust funds to meet minimum funding requirements, which would have a negative effect on our earnings and cash flow.

Table of Contents

Our ability to execute our strategic plan depends on many factors, some of which are beyond our control.

Our credit agreements contain covenants that may prevent us from engaging in certain transactions.

If we lost the ability to use surety bonding to support our preneed funeral and preneed cemetery activities, we may be required to make material cash payments to fund certain trust funds.

The funeral and cemetery industry is competitive.

Increasing death benefits related to preneed contracts funded through life insurance contracts may not cover future increases in the cost of providing a price-guaranteed service.

The financial condition of third-party insurance companies that fund our preneed funeral contracts may impact our future revenue.

Unfavorable results of litigation could have a material adverse impact on our financial statements.

Unfavorable publicity could affect our reputation and business.

If the number of deaths in our markets declines, our cash flows and revenue may decrease.

If we are not able to respond effectively to changing consumer preferences, our market share, revenue, and profitability could decrease.

The continuing upward trend in the number of cremations performed in North America could result in lower revenue, gross profit, and cash flows.

Our funeral home and cemetery businesses are high fixed-cost businesses.

Regulation and compliance could have a material adverse impact on our financial results.

Cemetery burial practice legal claims could have a material adverse impact on our financial results.

We use a combination of insurance, self-insurance, and large deductibles in managing our exposure to certain inherent risks; as such, we could be exposed to unexpected costs that could negatively affect our financial performance.

A number of years elapse before particular tax matters, for which we have established accruals, are audited and finally resolved.

Declines in overall economic conditions beyond our control could reduce future potential earnings and cash flows and could result in future impairments to goodwill and/or other intangible assets.

Any failure to maintain the security of the information relating to our customers, their loved ones, our associates, and our vendors could damage our reputation, could cause us to incur substantial additional costs and to become subject to litigation, and could adversely affect our operating results.

Our Canadian business exposes us to operational, economic, and currency risks.

Our level of indebtedness could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, and may prevent us from fulfilling our obligations under our indebtedness.

A failure of a key information technology system or process could disrupt and adversely affect our business.

Failure to maintain effective internal control over financial reporting could adversely affect our results of operations, investor confidence, and our stock price.

The application of unclaimed property laws by certain states to our preneed funeral and cemetery backlog could have a material adverse impact on our liquidity, cash flows, and our financial results.

Table of Contents

These and other factors are discussed under the heading **Risk Factors** and elsewhere in our Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q filed with the SEC. We also may include or incorporate by reference in each prospectus supplement additional important factors that we believe could cause actual results or events to differ materially from the forward-looking statements that we make.

Should one or more known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could differ materially from past results and those anticipated, estimated, projected, or implied by these forward-looking statements. You should consider these factors and the other cautionary statements made in this prospectus, any prospectus supplement, or the documents we incorporate by reference in this prospectus as being applicable to all related forward-looking statements wherever they appear in this prospectus, any prospectus supplement or the documents incorporated by reference. While we may elect to update forward-looking statements wherever they appear in this prospectus, any prospectus supplement, or the documents incorporated by reference, we do not assume, and specifically disclaim, any obligation to do so, whether as a result of new information, future events, or otherwise.

Use of proceeds

Except as may be otherwise set forth in any prospectus supplement accompanying this prospectus, we intend to use the net proceeds we receive from sales of our securities offered hereby for general corporate purposes, which may include the repayment of indebtedness outstanding from time to time and for working capital, capital expenditures, acquisitions, and repurchases of our securities. Pending these uses, the net proceeds may also be temporarily invested in short-term securities. Any specific allocations of the proceeds to a particular purpose that has been made at the date of any prospectus supplement will be described therein.

Ratio of earnings to fixed charges

The following table sets forth our ratios of earnings to fixed charges for the periods indicated. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus.

Nine months ended September 30,	Twelve months ended				
	2017	2016	2015	December 31, 2014	2013
3.02	2.91	3.03	3.14	2.63	2.72

For the purposes of the ratio of earnings to fixed charges, earnings consist of pretax income from continuing operations before adjustment for minority interest, plus fixed charges and the amortization of capitalized interest less interest capitalized. Fixed charges consist of interest expense, whether expensed or capitalized, amortization of debt issuance costs, capitalized interest, and one-third of rental expense, which we deem to be a reasonable estimate of the portion of our rental expense that is attributable to interest.

Description of debt securities

The debt securities covered by this prospectus will be issued under our Senior Indenture dated February 1, 1993, as amended and supplemented from time to time, between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee to The Bank of New York, as trustee (the **indenture**), a copy of which has been incorporated into

the registration statement of which this prospectus is a part. The particular terms of the debt securities offered will be outlined in a prospectus supplement. The discussion of such terms in the prospectus supplement is subject to, and qualified in its entirety by, reference to all provisions of the indenture and any applicable supplemental indenture.

Sangalis, Esq., general counsel to the Company. Sangalis is paid a salary by our company and participates in various employee benefit plans offered by us, including equity-based plans.

Experts

Item 15. *Indemnification of directors and officers.*

Service Corporation International is a Texas corporation. Chapter 8 of the Texas Business Organization Code (the TBOC) provides that a corporation may indemnify any director or officer who was, is, or is threatened to be made a respondent in a proceeding because the person was or is a director or officer if it is determined that such person (1) conducted himself in good faith, (2) reasonably believed (a) in the case of conduct in his official capacity as a director or officer of the corporation, that his conduct was in the corporation's best interest, or (b) in other cases, that his conduct was at least not opposed to the corporation's best interests, and (3) in the case of any criminal proceeding, had no reasonable cause to believe that his conduct was unlawful. In addition, the TBOC requires a corporation to indemnify a director or officer for any action that such director or officer is wholly successful in defending on the merits.

Under the Company's Restated Articles of Incorporation, as amended (the Articles of Incorporation), no director of the registrant will be liable to the registrant or any of its shareholders for monetary damages for an act or omission in the director's capacity as a director, except for liability (i) for any breach of the director's duty of loyalty to the registrant or its shareholders, (ii) for acts or omission not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) for any transaction for which the director received an improper benefit, whether or not the benefit resulted from an action taken within the scope of the director's office, (iv) for acts or omissions for which the liability of a director is expressly provided by statute, or (v) for acts related to an unlawful stock repurchase or dividend payment. The Articles of Incorporation further provide that, if the statutes of Texas are amended to further limit the liability of a director, then the liability of the Company's directors will be limited to the fullest extent permitted by any such provision.

The Company's Bylaws provide for indemnification of officers and directors of the registrant and persons serving at the request of the registrant in such capacities for other business organizations against certain losses,

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
