#### Director Terms of Office

According to the Company's Bylaws, directors are appointed for a one-year term to hold office until the next annual general meeting of the stockholders or until removed from office in accordance with the Bylaws. Directors hold office for their respective term and until their successors are duly elected and qualified, and vacancies in the existing Board are filled by a majority vote of the remaining directors. Additionally, officers serve at the will of the Board.

#### Board and Committee Meetings

The Board held no formal meetings during the fiscal year ended December 31, 2006. All proceedings of the Board were conducted by resolutions consented to in writing by the sole director and filed with the minutes of the proceedings of the board of directors. Such resolutions consented to in writing by the sole director are, according to the corporate laws of the State of Nevada and our Bylaws, as valid and effective as if they had been passed at a meeting of the directors duly called and held.

The Board has determined that each of the current directors does not qualify as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-B, and is not "independent" as the term is used in Item 407(a) of Regulation S-B under the Securities Exchange Act of 1934, as amended.

The Company believes that the members of the Board are capable of analyzing and evaluating the Company's financial statements and understanding internal controls and procedures for financial reporting. The Company believes that retaining an independent director who would qualify as an "audit committee financial expert" would be overly costly and burdensome and is not warranted in Intercontinental Resources' circumstances and the fact that it has not generated any material revenues to date. In addition, the Company currently does not have nominating, compensation or audit committees or committees performing similar functions nor a written nominating, compensation or audit committee charter. The Board does not believe that it is necessary to have such committees because it believes can adequately perform the functions of such committees.

The Company does not have any defined policy or procedure requirements for stockholders to submit recommendations or nominations for directors. The Board believes that a specific nominating policy would be premature and of little assistance until Intercontinental Resources' business operations develop to a more advanced level. The Company does not currently have any specific or minimum criteria for the election of nominees to the Board, and does not have any specific process or procedure for evaluating such nominees. The Board assesses all candidates, whether submitted by management or stockholders, and makes recommendations for election or appointment.

A stockholder who wishes to communicate with the Board may do so by directing a written request addressed to the Chief Executive Officer at the address appearing on the first page of this Information Statement.

#### LEGAL PROCEEDINGS

The Company was involved in a legal proceeding in Canada against Merrill Lynch whereby Merrill Lynch was alleging damages of \$178,000. Prior to the Closing Date, however, the Company settled the lawsuit for \$30,000.

The Company knows of no other material, existing or pending legal proceedings against it, nor is the Company involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which any of its directors, officers or affiliates, or any registered or beneficial stockholder, is an adverse party or has a material interest adverse to the Company.

#### CERTAIN RELATED TRANSACTIONS AND RELATIONSHIPS

Since the beginning of the last fiscal year ended December 31, 2006, the Company was not a party to any transaction, proposed transaction, or series of transactions in which the amount involved exceeds the lesser of \$120,000 or one percent of the Company's average total assets for the last three fiscal years, and in which, to the Company's knowledge, any of its directors, officers, five percent beneficial security holder, or any member of the immediate family of the foregoing persons has had or will have a direct or indirect material interest.

As at the date of this Information Statement, the Company does not have any policies in place with respect to whether it will enter into agreements with related parties in the future.

Executive officers, directors and greater than 10% stockholders are required by the Securities and Exchange Commission regulations to furnish the Registrant with copies of all Section 16(a) reports they file. Based on review of the copies of such forms received by the Registrant, and to the best of the Registrant's knowledge, all executive officers, directors and greater than 10% stockholders filed the required reports in a timely manner for the fiscal year ended December 31, 2006.

#### CORPORATE GOVERNANCE
